PROXY STATEMENT
FOR
2012 ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD ON MAY 1, 2012

GENERAL

This proxy statement is provided to the shareholders of Lincoln Educational Services Corporation, a New Jersey corporation (the "Company"), to solicit proxies, in the form enclosed, for use at the Annual Meeting of Shareholders of the Company to be held on May 1, 2012, at the Wilshire Grand Hotel, 350 Pleasant Valley Way, West Orange, New Jersey 07052, at 10:00 a.m. local time, and any and all adjournments or postponements thereof. The board of directors knows of no matters to come before the annual meeting other than those described in this proxy statement. This proxy statement and the enclosed form of proxy are first being mailed to shareholders on or about March 30, 2012.

Solicitation

This solicitation is made by mail on behalf of the board of directors of the Company. The Company will pay for the costs of the solicitation. Further solicitation of proxies may be made, including by mail, telephone, fax, in person or other means, by the directors, officers or employees of the Company or its affiliates, none of whom will receive additional compensation for such solicitation. The Company will reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy materials to their customers or principals who are the beneficial owners of shares of the Company's common stock, no par value per share.

Voting Procedures

Only those holders of our common stock of record as of the close of business on March 15, 2012, the record date, will be entitled to notice of and to vote at the annual meeting. A total of 22,703,074 shares of the common stock were issued and outstanding as of the record date. Each share of common stock entitles its holder to one vote. Cumulative voting of shares of common stock is not permitted.

Shareholders of record can vote either in person at the annual meeting or by proxy whether or not they attend the meeting. To vote by proxy, a shareholder must either: (a) fill out the enclosed proxy card, date and sign it, and return it in the enclosed postage-paid envelope, or (b) vote by Internet (instructions on Internet voting accompany the proxy card).

The presence in person or by proxy of holders of a majority of the outstanding shares of the common stock entitled to vote will be necessary to constitute a quorum to transact business at the annual meeting. Abstentions and broker non-votes will be treated as present for purposes of determining the existence of a quorum. At the annual meeting, directors will be elected by a plurality of the votes cast and a majority of the votes cast will be required to approve any of the other proposals, except that proposal 2 is advisory and non-binding. Abstentions, however, will not be counted as votes "for" or "against" the election of directors or "for" or "against" any of the other proposals. It is expected that brokers will not have discretionary power to vote on any of the proposals other than the ratification of the appointment of Deloitte and Touche, LLP.

Proposals 1 and 2 are not considered to be routine matters, and your broker will not have discretion to vote with respect to these matters unless you specifically instruct your broker to do so by returning your signed voting instruction card. If you do not provide voting instructions to your broker, your shares will not be voted for any proposal on which your broker does not have discretionary authority (resulting in a broker non-vote).

Shares of the common stock represented by properly executed proxies in the form enclosed that are timely received by the Secretary of the Company and not validly revoked will be voted as specified on the proxy. If no specification is made on a properly executed and returned proxy, the shares represented thereby will be voted FOR the election of each of the nine nominees for director named in this proxy statement, FOR the approval of compensation of our named executive officers and FOR the ratification of the appointment of Deloitte & Touche LLP as the independent registered public accounting firm of the Company. If any other matters properly come before the annual meeting, it is the intention of the persons named in the accompanying proxy to vote such proxies in their discretion. In order to be voted, each proxy must be filed with the Secretary of the Company prior to exercise.

Table of Contents

Revocability of Proxies

Shareholders may revoke a proxy at any time before the proxy is exercised. This may be done by filing a notice of revocation of the proxy with the Secretary of the Company, by filing a later-dated proxy with the Secretary of the Company or by voting in person at the annual meeting.

PROPOSAL 1: ELECTION OF DIRECTORS

Shareholders will be asked at the annual meeting to elect nine directors. Our bylaws allow for a minimum of three directors and a maximum of 11 directors. Each elected director will hold office until the next annual meeting of shareholders and until the director's successor is duly elected and qualified. The board of directors knows of no reason why any of the nominees would be unable or unwilling to serve, if elected, but if any nominee should for any reason be unable or unwilling to serve, if so elected, the proxies received by the Company will be voted for the election of such other person for the office of director as the board of directors may recommend in the place of such nominee.

Shareholders may withhold authority to vote their proxies for either (i) the entire slate of nominated directors by checking the box marked WITHHOLD AUTHORITY on the proxy card, or (ii) any one or more of the individual nominees, by following the instructions on the proxy card. Instructions on the accompanying proxy card that withhold authority to vote for one or more of the nominees will cause any such nominee to receive fewer votes.

Upon recommendation of the Nominating and Corporate Governance Committee, the following nine persons have been selected by the board of directors as nominees for election to the board of directors: Alexis P. Michas, Shaun E. McAlmont, James J. Burke, Jr., Paul E. Glaske, Peter S. Burgess, J. Barry Morrow, Celia H. Currin, Charles F. Kalmbach and Alvin O. Austin. All of the nominees are incumbent directors. Additional information about these nominees is provided in the table and biographical information that follow.

Required Vote

A plurality of the votes cast at the annual meeting is required for the election of directors.

The board of directors unanimously recommends a vote FOR each of the named nominees.

Director nomination materials submitted in accordance with the Company's bylaws will be forwarded to the Chairman of the Nominating and Corporate Governance Committee for review and consideration. Director nominees suggested by shareholders will be evaluated in the same manner, and subject to the same criteria, as other nominees evaluated by the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee also considers candidates for director suggested by its members, other directors and management and may from time to time retain a third-party executive search firm to identify director candidates for the Nominating and Corporate Governance Committee.

Generally, once the Nominating and Corporate Governance Committee has identified a prospective nominee, it will make an initial determination as to whether to conduct a full evaluation of the candidate based on information provided to it with the recommendation of the candidate, as well as the Nominating and Corporate Governance Committee's own knowledge of the candidate, which may be supplemented by inquiries to the person making the recommendation or others. The initial determination is based primarily on the need for additional directors to fill vacancies or expand the size of the board of directors and the likelihood that the candidate can satisfy the evaluation factors described below. If the Nominating and Corporate Governance Committee determines, in consultation with the Chairman of the board and other directors, as appropriate, that additional consideration is warranted, it may request a third-party search firm to gather additional information about the candidate's background and experience and to report its findings to the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee then evaluates the candidate against the standards and qualifications set out in guidelines for director candidates adopted by the board of directors, including, without limitation, the nominee's management, leadership and business experience, skill and diversity, such as financial literacy and knowledge of directorial duties, and integrity and professionalism.

The Nominating and Corporate Governance Committee also considers such other relevant factors as it deems appropriate, including the current composition of the board of directors, the balance of management and independent directors, the need for particular expertise (such as audit committee expertise) and the evaluations of other prospective nominees. In connection with this evaluation, the Nominating and Corporate Governance Committee determines whether to interview the prospective nominee, and, if warranted, one or more members of the Nominating and Corporate Governance Committee, and others as appropriate, interview prospective nominees in person or by telephone. After completing this evaluation and interview, the Nominating and Corporate Governance Committee makes a recommendation to the full board of directors as to the persons who should be nominated by the board of directors and the board of directors determines the nominees after considering the recommendation of the Nominating and Corporate Governance Committee.

Compensation Committee

The Compensation Committee consists of directors Morrow (Chairman), Glaske and Kalmbach. The Compensation Committee held five meetings in 2011. The Compensation Committee has the authority to develop and maintain a compensation policy and strategy that creates a direct relationship between pay levels and corporate performance and returns to shareholders; recommend compensation, special benefits, perquisites, and incidental benefits to our board for approval; review and approve annual corporate and personal goals and objectives to serve as the basis for the chief executive officer's compensation, evaluate the chief executive officer's performance in light of the goals and, based on such evaluation, determine the chief executive officer's compensation; determine the annual total compensation for our named executive officers; with respect to our equity-based compensation plans, approve the grants of stock options and other equity-based incentives as permitted under our compensation plans; review and recommend compensation for non-employee directors to our board; and review and recommend employment agreements, severance arrangements and change in control plans that provide for benefits upon a change in control, or other provisions for our executive officers and directors, to our board. The Compensation Committee may retain compensation consultants having special competence to assist it in evaluating director and executive compensation and may also retain counsel, accountants or other advisors, in its sole discretion. The Compensation Committee also has the power to delegate its authority and duties to subcommittees or individual members of the committee, as it deems appropriate in accordance with applicable laws and regulations. The charter for the Compensation Committee is published on our website at www.lincolnedu.com.

Director Independence

Our board of directors has a majority of independent directors as is required by the NASDAQ Marketplace Rules. Our board of directors has determined that each of the following director nominees is an “independent director” as such term is defined under the NASDAQ Marketplace Rules: Messrs. Austin, Burgess, Glaske, Kalmbach, Morrow and Ms. Currin. All of the members of the Audit Committee, the Nominating and Corporate Governance Committee and the Compensation Committee are independent directors.

Board Leadership Structure

Currently, the role of Chief Executive Officer and Chairman of the board of directors is separate. In the past, the position of Chief Executive Officer and Chairman were combined when deemed appropriate by the board of directors.

Our board of directors has adopted a flexible policy regarding the issue of whether the positions of Chairman and Chief Executive Officer should be separate or combined. Our board of directors regularly evaluates whether the interest of the company and its shareholders are best served at any particular time by having the Company’s Chief Executive Officer or another director hold the position of Chairman. Our board of directors believes that no single, one-size fits all, board-leadership model is universally or permanently appropriate. This structure has proven especially useful to facilitate executive leadership training, succession, and orderly transitions. At present, the board of directors believes that its current structure effectively maintains independent oversight of management.

As Non-Executive Chairman of the board of directors, Alexis P. Michas ensures that the board of directors fulfills its oversight and governance responsibilities and directs the activities and meetings of the board of directors. In addition, the board of directors has a “Lead Director” who is responsible for coordinating the activities of the non-employee directors and leading executive sessions of the non-employee directors, which are generally held in conjunction with each regularly scheduled board of directors meeting. The Chairman of the Nominating and Corporate Governance Committee, Paul E. Glaske, serves as our Lead Director.

Board of Directors’ Role in Risk Oversight

Our board of directors has an active role, as a whole and also at the committee level, in overseeing the risk management of the Company. This is designed to support the achievement of organizational objectives, including

strategic objectives, to improve long-term organizational value. A fundamental part of risk management is not only understanding the risks a company faces and what steps management is taking to manage those risks, but also understanding what level of risk is appropriate for the company. The involvement of the full board of directors in setting the Company's business strategy is a key part of its assessment of management's appetite for risk and also a determination of what constitutes an appropriate level of risk for the Company.

Fundamental aspects of the board of directors' risk management oversight activities include:

- understanding the key drivers of success for our business and the associated major risks inherent in our operations and corporate strategy;
- overseeing that appropriate risk management and control procedures are implemented by management and developing and maintaining an effective risk dialogue with management; and
- crafting the right board of directors for our company, including ensuring that the board of directors has the right mix of background, skills and experience and an appropriate committee structure to carry out its oversight responsibilities effectively;

Table of Contents

While the board of directors has the ultimate oversight responsibility for the risk management process, various committees of the board of directors also have responsibility for risk management. In particular, the Audit Committee focuses on financial risk, including internal controls, and receives an annual risk assessment report from the Company's internal auditors. The Audit Committee also assists the board of directors in fulfilling its oversight responsibility with respect to legal and compliance issues. The Nominating and Corporate Governance Committee, in addition to making recommendations with respect to corporate governance matters and nominations of directors, manages risks associated with the independence of the board of directors and potential conflicts of interest. The Compensation Committee strives to create incentives that encourage a level of risk-taking behavior consistent with the Company's business which are appropriately balanced and do not motivate employees to take imprudent risks. All committees report to the full board as appropriate, including when a matter rises to the level of a material or enterprise level risk.

In 2011, the Company reviewed its compensation programs and considered the extent to which its compensation policies and practices influence the behaviors of our executives and other employees with respect to taking business risks that could affect the Company. We believe that our compensation policies and practices are not reasonably likely to have a material adverse effect on the Company, either individually or in the aggregate.

Board Diversity

The Nominating and Corporate Governance Committee, in accordance with the board's governance principles, seeks to create a board that as a whole is strong in its collective knowledge and has a diversity of skills and experience with respect to vision and strategy, management and leadership, business operations, business judgment, crisis management, risk assessment, industry knowledge, accounting and finance, corporate governance and markets in general. The Nominating and Corporate Governance Committee does not have a formal policy with respect to diversity; however, the board of directors and the Nominating and Corporate Governance Committee believe that it is essential that the members of our board of directors represent diverse viewpoints. The Nominating and Corporate Governance Committee focuses on diversity of gender, race and national origin, education, professional experience and differences in viewpoints and skills. In considering candidates for the board of directors, the Nominating and Corporate Governance Committee considers the entirety of each candidate's credentials in the context of these standards.

Compensation Committee Interlocks and Insider Participation

Messrs. Burke, Glaske and Kalmbach served on the Compensation Committee during the entire 2011 fiscal year. There were no Compensation Committee interlocks or insider (employee) participation during 2011.

COMPENSATION DISCUSSION AND ANALYSIS

This section provides an overview and analysis of our executive officer compensation program and policies, the material compensation decisions we have made under those programs and policies, and the material factors that we considered in making those decisions. Later in this proxy statement under the heading “Additional Information Regarding Executive Compensation,” you will find a series of tables containing specific information about the compensation earned or paid in 2011 to the following individuals, whom we refer to as “our named executive officers.”

In 2011, the Company had four executive officers:

- Shaun E. McAlmont, President and Chief Executive Officer
- Scott M. Shaw, Executive Vice President and Chief Operating Officer
- Cesar Ribeiro, Executive Vice President, Chief Financial Officer and Treasurer
- Piper P. Jameson, Executive Vice President and Chief Marketing Officer

The discussion below is intended to help you understand the detailed information provided in the tables that follow and put that information into context within our overall compensation program.

Compensation Committee

The Compensation Committee of the board of directors has responsibility for establishing, implementing and monitoring adherence with our compensation program. The role of the Compensation Committee is to oversee, on behalf of the board and for the benefit of the Company and its shareholders, our compensation and benefits and policies, administer our stock plans (including reviewing and approving equity grants to directors and executive officers) and review and approve annually all compensation decisions relating to our named executive officers. The Compensation Committee met five times in 2011.

Compensation Philosophy and Objectives

The Company and the Compensation Committee believe that compensation paid to executive officers should be closely aligned with our performance on both a short-term and long-term basis, and that such compensation should assist us in attracting and retaining key executives critical to our long-term success.

Our compensation program is designed to offer executive officers competitive compensation based on our performance, our unique niche, strategy, business model and execution and on the individual’s contribution, performance and leadership. Our compensation policies are intended to motivate, reward and retain highly qualified executives for long-term strategic management and the enhancement of shareholder value, to support a performance-oriented environment that rewards achievement of specific internal Company goals, and to attract and retain executives whose abilities are critical to our long-term success and competitiveness. Our compensation goals are further intended to mitigate incentives for our executives to take excessive risks that may be adverse to the Company and our shareholders in the long-term.

The Compensation Committee has reviewed all components of the compensation for the named executive officers, including salary, annual incentives, equity and long-term incentive compensation, accumulated realized and unrealized stock options, the dollar value to the executive and cost to the Company of all perquisites, and the actual projected payout obligations under potential severance and change-in-control scenarios.

Key Changes to 2011 Performance Compensation Program

In consultation with its independent compensation consultant the Compensation Committee approved several key changes to our 2011 annual cash and long-term stock incentive compensation program to enhance our pay-for performance philosophy and better align the interests of our executives and shareholders. These changes include:

Management Incentive Compensation Plan

- Annual bonuses are based solely upon attainment of company performance metrics:
 - Financial Performance: Net income and revenues weighted at 60%.
- Company-Wide Quality Focused Outcomes: Placement rates, graduation rates and cash collections weighed at 40%. These are metrics that directly impact the Company's overall health and viability.
 - The individual performance component was eliminated.
- Discretionary increases to the amounts payable under the plan are no longer permitted, the Compensation Committee retains the ability to reduce payments notwithstanding the level of attainment of the performance metrics to the extent it deems appropriate.
 - The aggregate maximum bonus that can be earned is capped at 200% of the executive's target.

Table of Contents

Long-Term Stock Incentives

- 40% of the 2011 restricted stock grants are performance-based and vest upon the attainment of EBITDA targets during each year of the four-year vesting period. The remaining 60% are subject to time-based vesting over four years with 20% vesting on the date of grant and on each of the first through fourth anniversaries of the grant date.
- The Compensation Committee retains the discretion to reduce the portion of the performance-based restricted stock that will vest notwithstanding the attainment of the performance criteria to the extent it deems appropriate.

Setting Executive Compensation

We intend to continue our strategy of compensating our executives through programs that emphasize performance-based incentive compensation. We have structured annual cash and long-term equity incentive compensation to both motivate executives to achieve the business goals set by the Company and reward the executives for achieving such goals. Our executive compensation program is further designed to discourage excessive risk taking by assessing performance across multi dimensions and metrics.

For the named executive officers, the main components of our compensation program are base salary, annual performance-based cash incentives and long-term equity awards, comprised of both time-vested restricted stock and performance-based restricted stock. In allocating compensation among these components, the Compensation Committee believes that the compensation of our senior levels of management, the levels of management having the greatest ability to influence our performance, should be predominately performance-based. Base salary is intended to provide a certain level of income commensurate with an executive's position, responsibilities, and contributions to the Company. The annual performance-based cash incentive compensation focuses on short-term performance while the time-vested restricted stock and performance-based restricted stock are tied to achievement of performance over a longer period of time. This mix of short- and long-term incentives provides sufficient rewards to motivate near-term performance, while at the same time providing significant incentives to keep our executives focused on longer-term corporate goals that drive shareholder value. In addition, we believe this balance of short-term and long-term incentive compensation and the mix of varied performance metrics helps mitigate the incentive for executives to take excessive risk that may have the potential to harm the Company in the long-term.

In 2011, the Compensation Committee approved the total compensation package for each of the named executive officers. Compensation for the President and Chief Executive Officer is based on the Compensation Committee's independent assessment of his performance during the year. The President and Chief Executive Officer plays a significant role in setting the compensation for the other named executive officers by presenting an evaluation of each executive's performance and his recommendation for levels of their compensation. The Compensation Committee makes all final decisions with respect to the total compensation package for each of the named executive officers and has the authority to accept, reject, or modify these recommendations in connection with its determination.

Base Salary

Base salaries for our named executive officers are based on job responsibilities and individual contribution with reference to base salary levels of executives at comparable publicly held companies. The Compensation Committee also considers several other factors in setting base salaries, including the executive's experience and tenure, our overall annual budget for merit increases and pre-tax profit, the executive's individual performance, changes in the executive's responsibility and the executive's overall contribution to our success. We review salary levels annually to recognize these factors. We do not target base salary at any particular percent of total compensation.

In 2011, we increased the base salaries of our named executive officers by between 7% and 19% compared to 2010. The specific percentage increase for each named executive officer is as follows:

Named Executive Officer	Percentage Increase	2011 Base Salary
S h a u n E . McAlmont	19%	\$500,000
S c o t t M . Shaw	7%	\$375,000
Cesar Ribeiro	7%	\$364,500
P i p e r P . Jameson	19%	\$310,000

Mr. McAlmont's base salary increase reflects his increased responsibilities upon the retirement of the Company's Executive Chairman on December 31, 2010. Ms. Jameson's base salary was \$276,000 from January 1, 2011 through October 31, 2011. Her base salary increased to \$310,000 on November 1, 2011 in connection with her promotion to Executive Vice President.

None of our named executive officers received an increase in their base salaries for 2012.

2011 Annual Incentive Bonus

Our named executive officers are eligible to participate in the Management Incentive Compensation Plan (the “MIC Plan”). Under the MIC Plan, the Compensation Committee approves an annual incentive cash bonus calculation for our named executive officers taking into account certain financial performance targets and as well as company-wide quality focused outcomes. Such bonuses, if any, are intended to reflect the Compensation Committee’s belief that a significant portion of the annual compensation of each executive officer should be contingent upon the overall financial performance of the Company as well as the attainment corporate initiatives relating to student outcomes and shareholder value.

As described above, the Compensation Committee, based on recommendations by management and its independent compensation consultant, approved several key changes to our MIC Plan for 2011. The changes more closely tied the MIC Plan payments with company performance over a variety of metrics. In particular:

- The key non-financial performance objectives component which was based on individual performance was eliminated.
- Company-wide quality focused outcomes including placement rates, graduation rates and cash collections were added.
- Discretionary increases to the amounts payable under the plan are no longer permitted, the Compensation Committee retains the ability to reduce payments notwithstanding the level of attainment of the performance metrics to the extent it deems appropriate.
- The aggregate maximum bonus that can be earned by each of our named executive officers under the 2011 MIC is capped at 200% of the executive’s target.

Bonus Component	Percentage of Total Bonus	
	2010	2011
Net Income	60%	35%
Revenue	20%	25%
Key Non-Financial Performance Objectives Component	20%	0%
Company-Wide Quality Focused Outcomes	0%	40%

At the beginning of 2011, the Compensation Committee set target goals for each of the above performance measures. In general the Compensation Committee sets the net income and revenue performance targets that are above the performance targets publicly announced for the Company to align with the Compensation Committee’s philosophy that a performance-based annual bonus should incent our named executive officers to attain better than average performance.

For 2011, the Compensation Committee and our board of directors set the target bonus levels equal to 100% of base salary for Mr. McAlmont, 75% of base salary for Messrs. Shaw and Ribeiro and 50% of base salary for Ms. Jameson.

Net Income Component

For 2011, 35% of each named executive officer's target bonus is based on the achievement of net income goals. The named executive officers can earn a portion of their target bonus if our net income is within 10% of our target goal. The percentage of the net income component paid decreases by 10% for each percentage point that actual performance is below our target net income goal. No bonus will be paid with respect to the net income component if actual performance is at or below 90% of our target net income goal. Our named executive officers can earn more than their target net income component bonus if our net income is greater than the target goal. The percentage would increase by 8% for each percentage point that actual performance is above the target net income goal. The maximum amount that can be earned by each named executive officer is 200% of the target net income bonus component.

For 2011, the Compensation Committee set a net income goal of \$47.9 million. As we did not achieve our net income goal in 2011, none of the named executive officers received a bonus payment with respect to the to net income component.

Revenue Component

For 2011, 25% of each named executive officer's target bonus was based on the achievement of revenue goals. The named executive officers can earn a portion of their target bonus if our revenues are within 5% of our target goal. The percentage of the revenue component paid decreases by 20% for each percentage point that actual performance is below our target revenue goal. No bonus will be paid with respect to the revenue component if actual performance is at or below 95% of our target revenue goal. Our named executive officers can earn more than their target revenue component bonus if our revenue is greater than the target goal. The percentage would increase by 8% for each percentage point that actual performance is above the target revenue goal. The maximum amount that can be earned by each named executive officer is 200% of the target bonus component for revenue.

Table of Contents

For 2011, the Compensation Committee set a revenue goal of \$649 million. As we did not achieve our revenue goal in 2011, none of our named executive officers received a bonus payment with respect to the revenue component.

Company-Wide Quality Focused Outcomes Component

Each of our named executive officers can earn 40% of their target bonus for the achievement of company-wide quality focused outcomes. The Compensation Committee established these objectives at the beginning of the year. The performance goals relate to the achievement of specific aspects of the Company's business strategy and corporate initiatives relating to student outcomes and to shareholder value. These initiatives include graduation rates, placement rates and cash collections and are weighted equally.

No bonus will be paid with respect to each initiative of the company-wide quality focused outcomes component if the specified target for such initiative is not attained. Our named executive officers can earn more than their target bonus for this component if performance with respect to one or more of the initiatives is greater than the target goal. The percentage would increase by 8% for each percentage point that actual performance is above the target goal for the initiative. The maximum amount that can be earned by each named executive officer is 200% of the target bonus component for company-wide quality focused outcomes.

For 2011 we targeted (i) graduation rates of 54%, (ii) placement rates of 77%, and (iii) cash collections of 10%. Actual results for these metrics were 54%, 72% and 14%, respectively. As a result, the Company achieved 31.4% of the 40% of their target bonus attributable to Company-wide quality focused outcomes in 2011 and each of our named executive officers received a corresponding percentage of the company-wide quality focused outcomes bonus component.

Aggregate Incentive Bonus

Based on the above, for 2011, each of our named executive officers received an aggregate incentive bonus of 31.4% of their respective target bonus opportunities as set forth below:

Named Executive Officer	Total 2011 MIC Plan Bonus Paid
Shaun E. McAlmont	\$ 156,803
Scott M. Shaw	\$ 88,202
Cesar Ribeiro	\$ 85,850
Piper P. Jameson	\$ 43,278

Long-Term Stock Incentives

Stock incentives focus executives' attention on the Company from the perspective of an owner with an equity stake in the business. The Compensation Committee believes that the Company's long-term performance is achieved through an ownership culture that encourages long-term performance by our named executive officers through grants of stock-based awards. Our shareholder-approved 2005 Long-Term Stock Plan provides for the grant of stock options, restricted stock, performance stock and other equity-based awards. Equity awards are generally made at the discretion of the Compensation Committee based on a multiplicity of factors, including total compensation at peer companies, the level of equity ownership of the executives, and judgments of individual performance during the year. In 2010, the Compensation Committee did not grant any equity awards to our named executive officers.

In 2011, the Compensation Committee implemented a new restricted stock program pursuant to which each of the named executive officers received awards of both time-based restricted stock and performance-based restricted stock. The Compensation Committee believes that moving to a combination of time-based and performance-based restricted stock grants will better align the interests of our named executive officers with those of our shareholders. Each of our named executive officers received the following grants in 2011:

Named Executive Officer	Time-Based Restricted Stock		Performance-Based Restricted Stock	
	Number of Shares	Value	Number of Shares	Value
Shaun E. McAlmont	58,747	\$ 900,000	35,928	\$ 600,000
Scott M. Shaw	39,165	\$ 600,000	23,952	\$ 400,000
Cesar Ribeiro	31,332	\$ 480,000	19,162	\$ 320,000
Piper P. Jameson	30,818	\$ 400,000	11,976	\$ 200,000

Table of Contents

The time-based restricted stock awards vest over four years with 20% vesting on the date of grant and on each of the first through fourth anniversaries of the grant date.

The performance-based restricted stock (“Performance Shares”) vest in equal installments over four years based upon the attainment of both (i) an operating income margin of at least eight percent during any one or more of the fiscal years in the period beginning January 1, 2011 and ending December 31, 2014 and (ii) annual earnings before interest, taxes, depreciation and amortization (“EBITDA”) targets during each of the four years during the performance period. The EBITDA targets will be set at the beginning of each applicable year. Twenty-five percent of the Performance Shares will vest if the EBITDA target for the applicable year is attained. If the applicable EBITDA target is not attained, the Compensation Committee has the discretion to determine that the Performance Shares that would have vested had the target been attained will not be forfeited but, instead, will be subject to a catch-up EBITDA target to be set in the subsequent year. In addition, notwithstanding the attainment of the applicable performance targets, the Compensation Committee has the discretion to determine that all or a portion of the Performance Shares will not vest based on facts and circumstances occurring after the date of grant that the Compensation Committee deems relevant.

The Company had an operating margin, as adjusted, of 8.8% in 2011 thereby attaining the threshold performance metric. For the 2011 performance period the Compensation Committee set an EBITDA target of \$105 million. The Company did not attain this target and as a result no Performance Shares vested in 2011. In February, 2012, the Compensation Committee set both an EBITDA target for the Performance Shares subject to vesting in 2012 and a catch-up EBITDA performance target for the Performance Shares that did not vest in 2011. The catch-up target is a “stretch” goal that requires a greater level of performance than the 2012 EBITDA target. If the catch-up EBITDA target is attained in 2012, the 2011 Performance Shares will vest in March 2013.

The Company does not currently require our named executive officers to hold shares acquired in connection with equity awards beyond the applicable vesting period.

No Backdating or Spring Loading

The Company does not backdate options or grant options retroactively. In addition, we do not plan to coordinate grants of options, restricted stock or other equity awards so that they are made before announcement of favorable information or after announcement of unfavorable information. Stock options are granted at fair market value on the date the option grants are approved by our Compensation Committee. Fair market value has been consistently determined as the closing price on the NASDAQ Global Select Market on the grant date. All option grants and restricted stock awards require the approval of the Compensation Committee. The Company’s general practice is to grant options and restricted stock only on the dates of a regularly scheduled Compensation Committee meeting, although there are occasions when grants have been made on other dates.

Independent Compensation Consultant

The Compensation Committee retained Pay Governance, LLC as its independent consultant in July 2010. The Compensation Committee relied on Pay Governance for guidance in determining the levels and structure of director and executive compensation for 2011. Pay Governance reported directly to the Compensation Committee and did not perform any services for the Company other than advice on executive and director compensation pursuant to their engagement by the Compensation Committee. Pay Governance’s role was to provide an independent review of competitive market data and to advise the Compensation Committee on all compensation matters for all top executives, including the named executive officers. This included: reviewing the Company’s total compensation philosophy, suggesting alternative incentive plan designs and attending Compensation Committee meetings if requested. Pay Governance did not have authority to approve compensation actions by the Company. The

Compensation Committee and the independent directors of the board retain the authority to make final approval on compensation actions for the named executive officers.

Pay Governance did not provide additional guidance with respect to 2012 compensation which remained at the same levels and in the same forms as 2011 compensation.

Comparative Data

The Company has not implemented a formal benchmarking process and does not target named executive officer compensation at a specified level of a peer group. In 2011, the Compensation Committee, in consultation with its independent compensation consultant, informally reviewed compensation information set forth in public filings with the SEC (including base salaries, annual incentive bonuses and equity-based compensation) for the following companies: American Public Education, Inc., Bridgepoint Education, Inc., Capella Education Co., Career Education Corporation, Corinthian Colleges, Inc., DeVry, Inc., Education Management Corporation, Grand Canyon Education Inc., ITT Educational Services, Inc., Strayer Education, Inc. and Universal Technical Institute, Inc.

The purpose of this review was to determine whether the level of compensation proposed to be paid to the Company's named executive officers during 2011 was outside the range of the compensation paid to the named executive officers at our peer companies, with the understanding that adjustments would be considered if such proposed compensation proved to be significantly outside the range of our peer groups. The Compensation Committee determined that the compensation proposed to be paid to the Company's named executive officers was within the peer group range and consequently that no adjustments were required.

Table of Contents

The Compensation Committee also reviewed general survey data across a broad cross-section of industries for companies with revenues similar to ours.

Employment Agreements

The Company is party to employment agreements with each of our named executive officers. The employment agreements with Messrs. McAlmont, Shaw and Ribeiro were effective January 1, 2011 upon the expiration of their prior employment agreements. The employment agreement with Ms. Jameson was entered into on November 1, 2011. Each of these agreements will expire on December 31, 2012.

These agreements are described below under “Employment Agreements.”

Payments upon a Termination or Change in Control

As described in more detail below under “Potential Payments upon a Termination or Change in Control,” the employment agreements with Messrs. McAlmont, Shaw and Ribeiro provide for severance benefits upon an involuntary termination or a resignation for any reason within 30 days following the first anniversary of a change in control. The employment agreement with Ms. Jameson provides for severance benefits only upon an involuntary termination following a change in control. This is referred to as a “double trigger.” The Compensation Committee has determined that any new or amended employment agreements with our executive officers will contain only “double trigger” change in control severance benefits. In addition, all of our stock option and restricted stock awards immediately vest upon an involuntary termination, an executive’s death or disability or a change in control.

We do not provide our executive officers with tax gross-ups pursuant to Section 280G of the Internal Revenue Code upon a change in control. In the event that any payment or distribution by us to or for the benefit of our named executive officers would be considered a “parachute payment” for purposes of Section 280G, the amount of such payments may be reduced to the largest amount permissible without triggering excise taxes under Section 4999 of the Code.

Retirement Plans

The Company maintains a plan qualified under Section 401(k) of the Internal Revenue Code for the benefit of all employees. Our named executive officers are eligible to participate in this plan on the same terms and conditions as all other employees. At the discretion of our board of directors, we may make discretionary matching and/or profit-sharing contributions into our 401(k) plan for eligible employees, which may be subject to vesting requirements. We believe that a 401(k) plan encourages our employees to save for future retirement needs and we encouraged this in 2011 by matching 30% of our employee’s annual contributions, up to 6% of total compensation, subject to a compensation limitation and/or a contributions limitation pursuant to the Internal Revenue Code. With respect to each of the named executive officers, the following matching contributions were made on their behalf under our 401(k) plan for 2011: \$3,000 for Mr. McAlmont; \$4,950 for Mr. Shaw; \$4,950 for Mr. Ribeiro and \$4,950 for Ms. Jameson.

We do not provide any additional retirement benefits for our named executive officers. None of our named executive officers participate in a non-qualified deferred compensation program or pension arrangement.

Welfare Benefits and Perquisites

Our named executive officers are eligible to participate in our medical and dental health insurance plans, our life insurance plan and our long-term disability insurance plan on the same terms and conditions as all other

employees. We also provide our named executive officers with supplemental life insurance. We believe that the insurance plans we offer are important components of our comprehensive benefit package, which encourages employees to remain with us.

We also provide each of the named executive officers with use of a vehicle for business and personal use and pay for associated costs, including automobile insurance, parking and fuel, as part of their employment agreements described below. The executives are responsible for all taxes related to this benefit and we do not pay any tax gross-ups with respect to perquisites or other compensation.

We do not provide any other perquisites or benefits to our named executive officers and we do not pay any tax gross-ups with respect to perquisites.

2011 Advisory Vote on Executive Compensation

At the 2011 Annual Meeting, as required by Section 14A(a)(1) of the Securities Exchange Act, we provided shareholders with an advisory “say-on-pay” vote to approve the compensation of our named executive officers as disclosed in the Compensation Discussion and Analysis and the accompanying tabular and narrative disclosures contained in the proxy statement issued with respect to that meeting. Shareholder votes with respect to this resolution were: 9,861,091 for and 6,092,702 against, with 69,924 abstaining. There were also 2,910,326 broker non-votes with respect to the proposal.

Table of Contents

The Compensation Committee reviewed these results in considering our compensation programs. As described above, in 2011 we made key changes to our annual cash and long-term stock incentive compensation program to enhance our pay-for performance philosophy and better align the interests of our executives and shareholders. These include (i) eliminating the individual performance component of our MIC Plan and adding a component linked to company-wide quality focused outcomes that directly impact the Company's overall health and viability (placement rates, graduation rates and cash collections), (ii) eliminating discretionary increases to MIC Plan payments, (iii) capping the maximum bonus amount payable under the MIC Plan at 200% of target and (iv) implementing a performance-based restricted stock grant that vests upon the attainment of EBITDA targets during each year of the four-year vesting period.

In addition, the Compensation Committee has determined that any new or amended employment agreements with our executive officers will only provide for "double-trigger" change in control severance benefits that require both the occurrence of a change in control and a subsequent involuntary termination. Ms. Jameson's employment agreement contains a "double-trigger" change in control severance provision. The agreements with Messrs. McAlmont, Shaw and Ribeiro currently provide for the payment of severance benefits upon a termination or resignation for any reason during a 30-day period commencing on the first anniversary of the date of change in control. Each of these agreements will expire on December 31, 2012.

Tax Deductibility of Compensation

Section 162(m) of the Internal Revenue Code precludes a public corporation from taking a deduction for compensation in excess of \$1 million with respect to each of the named executive officers (excluding the Chief Financial Officer), unless certain specific performance criteria are satisfied. The Compensation Committee strives to provide our named executive officers with compensation programs that will preserve the tax deductibility of compensation paid by the Company, to the extent reasonably practicable and to the extent consistent with the Company's other compensation objectives. However, the Compensation Committee believes that shareholder interests are best served if it retains the flexibility to compensate named executive officers in a manner intended to promote varying corporate goals, even if certain amounts that may be payable in excess of \$1 million may not be deductible under Section 162(m).

The Compensation Committee also takes accounting considerations, including the impact of Financial Accounting Standards Board Accounting Standards Codification 718 Compensation – Stock Compensation (FASB Statement 123(R), Share Based Payments) into account in structuring compensation programs and determining the form and amount of compensation awarded.

Compensation Committee Report

The Compensation Committee has reviewed and discussed with the Company's management the Compensation Discussion and Analysis included in this proxy statement. Based on that review and discussion, the Compensation Committee has recommended to the board of directors that the Compensation Discussion and Analysis be included in this proxy statement.

Potential Payments upon a Termination or Change in Control

The following table summarizes the value of the termination payments and benefits that our named executive officers would receive upon:

the executive's Involuntary Termination (as defined in their respective employment agreements);

a Change in Control (as defined in their respective employment agreements);

the executive's voluntary resignation (other than pursuant to an Involuntary Termination) during the 30-day period commencing on the first anniversary of the date of the Change in Control; or

the executive's death or disability.

In each case, the amounts are determined as if the trigger event occurred on December 31, 2011. The terms of these benefits are described below. This table excludes vested account balances under our 401(k) plan which is generally available to all of our employees. The terms of the employment agreements with each of the named executive officers is set forth below.

Upon a Change in Control (as defined in his employment agreement), we (or our successor) will continue the employment of Mr. McAlmont, and Mr. McAlmont will continue performing services for us for a period of two years commencing on the date of the Change in Control and ending on the second anniversary thereof. In addition, all outstanding stock options granted and restricted stock awarded by us or any of our affiliates to Mr. McAlmont will become fully vested and immediately exercisable on the date of the Change in Control.

Table of Contents

During a 30-day period commencing on the first anniversary of the date of the Change in Control, Mr. McAlmont will have the right to resign from his employment with us (or our successor) for any reason and receive an amount equal to (i) one times the amount of his base salary, as is then in effect, and (ii) one times the average of his annual bonus paid to him for the two years immediately prior to the year in which such resignation occurs. If, however, such resignation constitutes an Involuntary Termination (as defined above), he will receive payments in accordance with the Involuntary Termination provisions described above. All of the aforementioned payments would be paid by us in a lump-sum amount no later than 30 days after the date of his termination.

Reduction in Payments. In the event that any payment or distribution by us to or for the benefit of Mr. McAlmont pursuant to the terms of the employment agreement or otherwise would be considered a “parachute payment” and the amount of the parachute payment, after deduction of all relevant taxes, including excise taxes imposed by Section 4999 of the Internal Revenue Code, is less than the amount Mr. McAlmont would receive if he was paid three times his average “base amount” less \$1.00, then the aggregate amounts constituting the parachute payment will be reduced (or returned by Mr. McAlmont if already paid to him) to an amount that will equal three times his average “base amount” less \$1.00.

Noncompetition. Mr. McAlmont is subject to a noncompetition restrictive covenant during the term of his employment and for two years thereafter, although the covenant will not apply if his employment is terminated due to an Involuntary Termination or he resigns during the 30-day period commencing on the first anniversary of a Change in Control.

Nonsolicitation. Mr. McAlmont is subject to a nonsolicitation restrictive covenant of clients, employees and key consultants during the term of this employment and for one year thereafter.

Confidentiality. Mr. McAlmont is subject to a confidentiality restrictive covenant of unlimited duration.

Waiver and Release. Our obligations upon a termination of employment under Mr. McAlmont’s employment agreement are subject to Mr. McAlmont executing and delivering a waiver and release (relating to his release of claims against us) in a form reasonably and mutually agreed upon.

Employment Agreements with Messrs. Shaw and Ribeiro and Ms. Jameson

The terms of the Company’s employment agreements for Messrs. Shaw and Ribeiro are identical to those set forth in Mr. McAlmont’s employment agreement described above, except that (a) Mr. Shaw will serve as Executive Vice President and Chief Operating Officer and will receive a minimum annual base salary of \$375,000; (b) Mr. Ribeiro will serve as Executive Vice President, Chief Financial Officer and Treasurer, and will receive a minimum annual base salary of \$364,500; (c) Ms. Jameson will serve as Executive Vice President and Chief Marketing Officer and will receive a minimum salary of \$310,000; (d) in the event of an Involuntary Termination of either of Messrs. Shaw’s or Ribeiro’s or Ms. Jameson’s employment term, each shall be entitled to receive a payment of one and one half times his base salary and average annual bonus (as opposed to two times); and (e) Ms. Jameson’s employment agreement contains a “double-trigger” change in control severance which provides for the payment of severance benefits only upon the occurrence of both a change in control and a subsequent involuntary termination.

“Involuntary Termination” generally means the termination of the executive’s employment by the executive for Good Reason (as defined below) or by the Company without Cause.

Prior to a Change in Control (as defined below), “Cause” generally means any of the following: (i) the executive’s willful failure to perform his duties in any material respect, (ii) malfeasance or gross negligence in the performance of his duties, (iii) the executive’s conviction of a felony, (iv) the executive’s intentional or reckless disclosure of confidential

information, (v) the executive's commission of an act of sexual harassment that would normally constitute grounds for termination, or (vi) any other act or omission by the executive which is materially injurious to the financial condition or business reputation of the Company or any of its affiliates. The definition also requires that the Executive be given 30 days' notice to cure a breach of (i) and (ii) above. After a Change in Control, Cause would not include (iii), (iv) and (v) above.

"Good Reason" generally means the occurrence of any of the following without the executive's written consent: (i) a reduction in the executive's base salary or minimum guaranteed annual bonus; (ii) an adverse change in the executive's title, authority, duties or responsibilities; (iii) the relocation of the executive's principal place of employment; (iv) a failure by the Company to pay material compensation when due; or (v) a material breach of the Employment Agreement by the Company. The definition also requires that the Executive be given 10 days' notice to cure any Good Reason that is susceptible to cure.

"Change in Control" generally means any of the following: (i) when a person directly or indirectly becomes the beneficial owner of 25% or more of either (1) the then outstanding common stock, or (2) the combined voting power of the then outstanding voting securities of the Company entitled to vote generally in the election of directors (other than any acquisition directly from the Company, by the Company, or by an employee benefit plan sponsored by the Company); (ii) when, during any period of 24 consecutive months, the individuals who constitute the board of directors cease to constitute at least a majority thereof; (iii) when the shareholders approve a reorganization, merger or consolidation of the Company without the consent or approval of a majority of the board of directors; (iv) when there is a consummation of a merger, amalgamation or consolidation of the Company with any other corporation, the issuance of voting securities of the Company in connection with such a transaction or the sale or other disposition of all or substantially all of the assets of the Company or the acquisition of assets of another corporation (unless there is no significant change in the beneficial ownership of the common stock); or (v) a complete liquidation or dissolution of the Company or the sale or other disposition of all or substantially all of the assets of the Company.

The Audit Committee Chairman received an additional \$15,000 annual retainer, the Nominating and Corporate Governance Committee Chairman received an additional \$10,000 annual retainer and the Compensation Committee Chairman received an additional \$10,000 annual retainer.

The Non-Executive Chairman received an additional annual retainer of \$80,000. Fifty percent of this retainer was paid in cash and the remaining 50% was paid in 2,396 shares restricted stock on April 29, 2011. The restricted stock vests in full on the first anniversary of the grant date.

Table of Contents

Non-employee directors are also eligible to receive awards of restricted stock under the 2005 Non-Employee Directors Restricted Stock Plan (the “Restricted Stock Plan”) as compensation for their services as directors.

Initial Grant of Restricted Stock. Pursuant to the Restricted Stock Plan, each non-employee director receives an initial award of shares of restricted stock equal to \$60,000 (based on the fair market value of a share of common stock on the date of grant) for service as a director of the Company on the first day of the calendar month following the month in which such non-employee director first becomes a non-employee director.

Annual Grants of Restricted Stock. The Restricted Stock Plan also provides that, as of the date of each annual meeting, each non-employee director shall automatically receive an award of shares of restricted stock equal to \$55,000 (based on the fair market value of a share of common stock on the date of grant) for service as a director of the Company, provided that such non-employee director continues to serve as a director of the Company immediately after such annual meeting. On April 29, 2011, 3,293 shares of common stock were awarded to each of our eight non-employee directors. The per share fair market value of the common stock on April 29, 2011, was \$16.70.

All awards of common stock under the Restricted Stock Plan granted since 2010 vest on the first anniversary of the grant date. There is no vesting period on the right to vote or the right to receive dividends on these shares. As of December 31, 2011, there were a total of 150,606 shares outstanding under the Restricted Stock Plan of which 116,238 shares are vested.

Audit Committee Report

The Audit Committee assists the board of directors in fulfilling its oversight responsibilities with respect to the Company’s financial reporting process, by monitoring, among other matters, the quality and integrity of the Company’s financial statements, the independence and performance of Deloitte & Touche LLP (“D&T”), the Company’s independent registered public accounting firm, and the performance of the Company’s internal auditors. Management has primary responsibility for preparing the financial statements and for the reporting processes, including the design and maintenance of the Company’s system of internal controls. The independent registered public accounting firm is responsible for auditing the Company’s consolidated financial statements and opining upon the effectiveness of internal control over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board (PCAOB). The Audit Committee is solely responsible for the compensation, appointment and oversight of the Company’s independent registered public accounting firm.

In this context, the Audit Committee has met and held discussions with management, the independent registered public accounting firm and the internal auditors, separately and together, with and without management present, regarding the Company’s audited financial statements as of December 31, 2011, and for the year then ended and regarding the Company’s internal controls. Management represented to the Audit Committee that the Company’s consolidated financial statements were prepared in accordance with generally accepted accounting principles in the U.S. The Audit Committee also discussed with the independent registered public accounting firm the matters required to be discussed by PCAOB Interim Auditing Standard AU Section 380 (Communications with Audit Committees). Further, the Audit Committee discussed with the internal auditors the Company’s plans for and scope of internal audits, identification of audit risks and results of audit activities.

The Audit Committee reviewed and discussed with the independent registered public accounting firm the auditor’s independence from the Company and its management. As part of that review, the Company’s independent registered public accounting firm submitted to the Audit Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1, as amended (Independence Discussions with Audit Committees) in which D&T affirmed its independence from the Company. Further, the Audit Committee discussed with D&T the firm’s independence and considered whether D&T’s provision of non-audit services to the Company was compatible

with maintaining D&T's independence. The Audit Committee concluded that D&T is independent from the Company and its management.

Based upon the considerations described above and subject to the limitations upon the role and responsibilities of the Audit Committee as set forth in the Audit Committee's charter, the Audit Committee recommended to the board of directors that the audited financial statements for the year ended December 31, 2011, be included in the Company's 2011 Annual Report on Form 10-K.

PROPOSAL 2: ADVISORY VOTE ON THE COMPANY'S COMPENSATION
OF NAMED EXECUTIVE OFFICERS

Pursuant to the rules of the Securities and Exchange Commission adopted under the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, we are providing shareholders with an advisory "say-on-pay" vote to approve the compensation of our named executive officers as disclosed in the Compensation Discussion and Analysis and tabular and narrative disclosures of this proxy statement.

We encourage shareholders to read the Compensation Discussion and Analysis beginning on page 11 of this proxy statement, which describes how our executive compensation policies and procedures operate and are designed to achieve our compensation objectives, as well as the Summary Compensation Table and other related compensation tables and narrative which provide detailed information on the compensation of our named executive officers. The Compensation Committee and the board of directors believe that the policies and procedures articulated in this proxy statement are effective in achieving our goals and that the compensation of our named executive officers reported in this proxy statement has contributed to the Company's recent and long-term success.

The board unanimously recommends a vote for the following resolution:

"RESOLVED, that the shareholders hereby approve the compensation of the named executive officers as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the accompanying compensation disclosure tables and any related narrative disclosure in this proxy statement."

Although the vote on this Proposal 2 is advisory and non-binding, the Compensation Committee and the board will review the voting results on the proposal and will consider shareholder views in connection with our executive compensation program.

Our board of directors unanimously recommends a vote FOR the proposal to approve the compensation of named executive officers described in this proxy statement. Proxies that are executed and returned will be voted FOR that proposal, except to the extent that particular proxies contain instructions to vote against, or to abstain from voting with regard to, that proposal.

PROPOSAL 3: RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has appointed Deloitte & Touche LLP, which has served as the Company's independent registered public accounting firm since 1999, to be the Company's independent registered public accounting firm for the year ending December 31, 2012. Deloitte & Touche LLP has advised the Company that it does not have any direct or indirect financial interest in the Company. Representatives of Deloitte & Touche LLP are expected to attend the annual meeting and will be given the opportunity to make a statement if they choose to do so. They will also be available to respond to appropriate questions.

Before appointing Deloitte & Touche LLP, the Audit Committee carefully considered Deloitte & Touche LLP's qualifications, including the firm's performance as independent registered public accounting firm for the Company in prior years and its reputation for integrity and competence in the fields of accounting and auditing. The Audit Committee also considered whether Deloitte & Touche LLP's provision of non-audit services to the Company is compatible with its independence from the Company.

Shareholders will be asked at the annual meeting to ratify the appointment of Deloitte & Touche LLP. If the shareholders ratify the appointment, the Audit Committee may still, in its discretion, appoint a different independent

registered public accounting firm at any time during the year 2012 if it concludes that such a change would be in the best interests of the Company. If the shareholders fail to ratify the appointment, the Audit Committee will reconsider, but not necessarily rescind, the appointment of Deloitte & Touche LLP.

Table of Contents

Fees Billed by Independent Registered Public Accounting Firm

As more fully described below, all services to be provided by Deloitte & Touche LLP are pre-approved by the Audit Committee, including audit services, tax services and certain other services.

The SEC requires disclosure of fees billed by the Company's independent registered public accounting firm for certain services. The following table sets forth the aggregate fees billed to Deloitte & Touche LLP during the years ended December 31, 2011 and 2010:

Fee Category	2011	2010
Audit and Audit Related Fees	\$ 852,800	\$ 930,500
Tax Fees	218,497	313,250
All Other Fees	3,600	3,600
Total Fees	\$ 1,074,897	\$ 1,247,350

Audit and Audit Related Fees consisted principally of audit services of our consolidated financial statements, review of our quarterly financial statements, services that are normally provided by the independent auditors in connection with statutory and regulatory filings and the audit of the effectiveness of our internal control over financial reporting, as required by Section 404 of the Sarbanes-Oxley Act of 2002.

Tax Fees consisted principally of professional services rendered by Deloitte & Touche LLP in connection with the Company's tax compliance activities, including technical and tax advice related to the preparation of tax returns.

All Other Fees consisted of professional services rendered in connection with the Company's 401(k) and pension plan.

Audit Committee Pre-Approval Policy

The Audit Committee approves, prior to engagement, all audit and non-audit services provided by Deloitte & Touche LLP and all fees to be paid for such services. All services are considered and approved on an individual basis. In its pre-approval and review of non-audit service fees, the Audit Committee considers, among other factors, the possible effect of the performance of such services on the auditors' independence.

Required Vote

A majority of the votes cast at the annual meeting will be required to ratify the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for 2012.

The board of directors recommends a vote FOR the ratification of the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for 2012.

Transactions with Related Persons

The Company recognizes that related person transactions present a heightened risk of conflicts of interest. As a general matter, it is the preference of the Company to avoid related person transactions. The term “related person transaction” refers to a transaction required to be disclosed pursuant to Item 404 of Regulation S-K, under the Securities Act of 1933, as amended.

Nevertheless, the Company recognizes that there are situations where related person transactions may be in, or may not be inconsistent with, the best interests of the Company and its shareholders. As a result, pursuant to the Company’s Audit Committee written charter, the Audit Committee is charged with the responsibility to review and approve all related person transactions on an ongoing basis. All such transactions must be approved in advance by the Audit Committee.

In addition, the Company’s Code of Business Ethics and Conduct (the “Code of Conduct”) contains policies and procedures with respect to conflicts of interest and related person transactions. The Code of Conduct requires that all directors, officers, employees and certain other persons subject to the Code of Conduct, adhere to it and prohibits certain arrangements that may be relevant to related person transactions including, but not limited to, prohibitions against: obtaining a substantial interest in any entity which does or seeks to do business with, or is a competitor of, the Company; entering into various arrangements (including family or other relationships) which might dissuade such director, officer, employee or other person from acting in the best interest of the Company; entering into a financial transaction or relationship with a student, prospect, vendor, agent or competitor of the Company; benefiting, or seeking to benefit, (directly or indirectly) from such person’s position with the Company from any sale, purchase or other activity of the Company; using Company property or information for personal gain; obtaining loans or guarantees for personal obligation from the Company; and competing with the Company.

SHAREHOLDER PROPOSALS FOR THE 2013 ANNUAL MEETING OF SHAREHOLDERS

Shareholder proposals that are intended to be presented at the 2013 Annual Meeting of Shareholders pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, as amended, must be received by the Secretary of the Company, in writing, no later than November 30 2012, in order to be considered for inclusion in the Company’s proxy materials for that annual meeting. Shareholder proposals and shareholder nominations for election to the board of directors must also comply with the current advance notice and other requirements set forth in the Company’s bylaws to be eligible to be presented at an annual meeting. These requirements include, in part, the requirement that any such proposal or nomination must, with certain exceptions if the date of the annual meeting is advanced or delayed more than 30 days from that of the first anniversary of this year’s annual meeting, be submitted to the Secretary of the Company at least 120 and not more than 150 days prior to the first anniversary of the date of mailing of the notice for this year’s annual meeting (or between October 31, 2012, and November 30, 2012, based on this year’s notice mailing date of March 30, 2012).
