*We are filing this amendment to furnish a Descriptive Memorandum concerning bioMetrx Technologies, Inc., our recently acquired subsidiary, as an exhibit.*

## Item 2.01 Completion of Acquisition or Disposition of Assets

### Introduction

On May 27, 2005, we completed the merger (“Merger”) of MarketShare Merger Sub, Inc., a wholly owned subsidiary of the Company (“Merger Sub”) with bioMetrx, Technologies, Inc., a Delaware corporation (“bioMetrx”) pursuant to the Agreement and Plan of Merger dated April 27, 2005, by and among the Company Merger Sub and bioMetrx (“Merger Agreement”).

### The Transactions

On June 1, 2005 (the “Effective Date”), Merger Sub, our wholly owned subsidiary, filed a Merger Certificate completing the acquisition of bioMetrx, a previously unaffiliated Delaware corporation. The consideration for the Merger was 14,000,000 restricted shares of our common stock and the issuance of approximately 402,500 stock options to the holders of corresponding instruments in bioMetrx. The Merger was completed according to the terms of the Merger Agreement. Simultaneously with the Merger, certain of our stockholders surrendered 2,208,521 shares of our common stock which was cancelled and returned to the status of authorized and unissued. In addition, 300,000 shares of our common stock were deposited by these stockholders into escrow to cover contingent liability, if any. Our shares of common sock were issued in reliance upon Section 4(2) and 4(6) of the Securities Act of 1933, as amended (the “Act”). As a result of the Merger, bioMetrx was merged into Merger Sub and became our wholly owned subsidiary.

Since we had no meaningful operations immediately prior to the Merge, the Merger will be treated as a reorganization of bioMetrx via a reverse merger with the MarketShare Recovery, Inc. for accounting purposes.

The 14,000,000 shares and the shares issuable upon the exercise of 402,500 stock options issued as part of the Merger to the former bioMetrx stockholders represent approximately 90% of total outstanding post-merger stock.

Founded in 2001, bioMetrx, Technologies, Inc. is developing a line of home security products under the trade name SmartTouch™ which includes biometrically enabled thermostats, garage/gate openers, central station keypads, and residential door locks. More detailed information is furnished pursuant to Item 7.01 below.
