**Section 1 - Registrant's Business and Operations****Item 1.01 Entry into a Material Definitive Agreement.**

On February 13, 2008, Macquarie Infrastructure Company LLC (the "Company") and Macquarie Infrastructure Inc. ("MIC Inc." and, together with the Company, "we or "our") entered into an amended and restated credit agreement providing for the renewal and extension of our acquisition-related revolving credit facility. The amended and restated agreement extends the maturity of the facility through March, 2010. The key terms of the agreement are as follows:

| <b>Term</b>       | <b>Facility</b>   |
|-------------------|---|
| Facility Size     | \$300 million<br>\$50 million uncommitted accordion feature                   |
| Term              | March 31, 2010  |
| Security          | Pledge of equity in all direct subsidiaries of the Company and MIC Inc.       |
| Borrower          | MIC Inc.  |
| Guarantor         | The Company   |
| Interest Rate     | LIBOR + margin of 2.75%   |
| Commitment Fees   | 0.50% per annum on undrawn balance  |
| Upfront Fees      | 0.50% of facility size  |
| Leverage Ratio    | Holdco Debt: Adjusted Cash from Operations - maximum of 5.6x                  |
| Interest Coverage | Adjusted Cash from Operations: Holdco Debt Interest Expense - minimum of 2.0x |
| Minimum EBITDA    | \$100 million   |

Lenders in the acquisition facility are Citicorp North America, Inc. ("Citi"), Credit Suisse, Cayman Islands Branch, Macquarie Finance Americas Inc., Wachovia Bank, National Association and WestLB AG, New York Branch. The lenders have committed funding for the base amount of \$300 million while the accordion feature provides us with the flexibility to increase the facility by \$50 million subject to our having met certain terms and conditions. No commitments have been received for the additional \$50 million.

Citi will continue to serve as administrative agent for the acquisition facility. The acquisition facility includes events of default, representation, warranties and other covenants that are generally typical for facilities of this type. The facility also includes a restriction on cross guarantees and an event of default should our Manager or another member or affiliate of the Macquarie Group fail to manage our business and operations.

At current rates, our cost of funding using the revolving credit facility would be slightly below 6%.
