Globalstar Holdings, LLC, Thermo Funding Company, LLC (“Thermo Funding”), Globalstar Satellite, L.P. and James Monroe III (including a trust controlled by him) are sometimes collectively referred to as the “Reporting Persons.” Any disclosures herein with respect to persons other than the Reporting Persons are made on information and belief after making inquiry to the appropriate party.

This filing amends the Schedule 13D Amendment #1 filed May 18, 2009 to amend Items 3 through 7 as follows:

Item 3. Source and Amount of Funds or Other Considerations.

The shares of Common Stock referred to in Item 5(a) hereof as being beneficially owned by the Reporting Parties were acquired by the Reporting Parties in transactions which have been previously described in filings pursuant to Rule 13d-1 and Rule 13d-2 under the Act on Schedule 13D.

In addition, the Reporting Persons engaged in the transactions listed in Item 5(c) and described in Item 6 with Globalstar, Inc. (the “Issuer”) with general working capital as the source of funds for the purchases and forgiveness of debt for the conversion.

Item 4. Purpose of Transaction.

The Reporting Persons acquired the shares of Common Stock described in Item 3 for the purpose of increasing the equity position of the Reporting Persons, providing additional working capital to, and reducing the debt of, the Issuer. The Reporting Persons considered the Common Stock to be an attractive investment at the price levels at which they acquired the shares of Common Stock. The Reporting Persons may acquire additional shares of Common Stock in the future.

Except as set forth in this Item 4, the Reporting Persons do not have any plans or proposals which related to or would result in:

- (a) The acquisition by any person of additional securities of the issuer, or the disposition of securities of the issuer;
- (b) An extraordinary corporation transaction, such as a merger, reorganization or liquidation, involving the issuer or any of its subsidiaries;
- (c) A sale or transfer of a material amount of assets of the issuer or of any of its subsidiaries;
- (d) Any change in the present board of directors or management of the issuer, including any plans or proposals to change the number or term of directors or to fill any existing vacancies on the board;
- (e) Any material change in the present capitalization or dividend policy of the issuer;
- (f) Any other material change in the issuer’s business or corporate structure;
- (g) Changes in the issuer’s charter, bylaws or instruments corresponding thereto or other actions which may impede the acquisition of control of the issuer by any person;
- (h)

Causing a class of securities of the issuer to be delisted from a national securities exchange or to cease to be authorized to be quoted in an inter-dealer quotation system of a registered national securities association;

- (i) Causing a class of equity securities of the issuer becoming eligible for termination of registration pursuant to Section 12(g)(4) of the Act; or
- (j) Any action similar to any of those enumerated above.

In the ordinary course of strategic planning for the Issuer, the Board of Directors has discussed, and in the future may discuss, some or all of the items listed in (a) through (j) above. Mr. Monroe participates in those discussions as Chairman of the Board.

Item 5. Interest in Securities of Issuer.

The calculations of percentage in this Schedule 13D, Amendment #2 are based on the number of shares of Common Stock (145,309,799 shares) outstanding on August 6, 2009, plus the shares that may be issued to the Reporting Persons within 60 days upon the exercise of stock options or warrants and the conversion of 8.00% Notes into Common Stock.

Item 6. Contracts, Arrangements, Understandings or Relationships with Respect to Securities of the Issuer.

The Reporting Persons amend Item 6 to add additional agreements. No common stock was issuable to the Reporting Persons until stockholder approval of the agreements was obtained in accordance with the Nasdaq Stock Market Listing Rules. This approval became effective on August 6, 2009.

8.00% Convertible Senior Unsecured Note and Warrant Offering

On June 19, 2009, the Issuer sold \$55 million in aggregate principal amount of 8.00% Convertible Senior Unsecured Notes ("8.00% Notes") and warrants ("Warrants") to purchase 15,277,771 shares of the Issuer's Common Stock at an initial exercise price of \$1.80 per share to selected institutional investors in a direct offering registered under the Securities Act of 1933. Mr. Monroe's trust purchased \$11.4 million principal aggregate amount of the 8.00% Notes, which included the right to convert the notes into 6,333,333 shares of Common Stock (based on the initial conversion price prior to interest payments) and 3,166,666 Warrants. The 8.00% Notes are convertible into shares of Common Stock at an initial conversion price of \$1.80 per share of Common Stock, subject to adjustment in the manner set forth in the supplemental indenture governing the 8.00% Notes.

The Warrants have full ratchet anti-dilution protection, and the exercise price of the Warrants is subject to adjustment under certain other circumstances. In addition, if the closing price of the common stock on September 19, 2010 is less than the exercise price of the Warrants then in effect, the exercise price of the Warrants will be reset to equal the volume-weighted average closing price of the common stock for the previous 15 trading days. In the event of certain transactions that involve a change of control ("Fundamental Transactions"), the holders of the Warrants have the right to make the Issuer purchase the Warrants for cash, subject to certain conditions. The exercise period for the Warrants will begin on December 19, 2009 and end on June 19, 2014.

Debt Conversion

On June 19, 2009, Thermo Funding exchanged all of the outstanding secured debt (including accrued interest) owed to it by us under an existing credit agreement with the Issuer, which totaled approximately \$180.2 million, for one share of Series A Convertible Preferred Stock (the "Series A Preferred"), and the credit agreement was terminated. The Series A Preferred includes the following terms:

Liquidation Preference. The Series A Preferred has a \$0.01 liquidation preference upon any voluntary or involuntary liquidation, dissolution or winding up of the company.

Dividend Preference. The Series A Preferred has no dividend preference to the Common Stock.

Voting Rights. Subject to the conversion limitation set forth below, Thermo Funding may vote its share of Series A Preferred with holders of our Common Stock, voting as a single class, on an as-converted basis.

Conversion Rights and Limitations. The Series A Preferred is convertible into 126,174,034 shares of Common Stock or any class of nonvoting common stock which the Issuer may be authorized to issue in the future. In addition, no Common Stock is issuable upon such conversion if such issuance would cause Thermo Funding and its affiliates to own more than 70% of the Issuer's outstanding voting stock. If the Board of Directors and stockholders approve the creation of a class of nonvoting common stock in the future, the Issuer may issue nonvoting common stock in lieu of Common Stock to the extent issuing Common Stock would cause Thermo Funding and its affiliates to exceed this 70% ownership level.

Additional Issuances. We may not issue additional shares of Series A Preferred or create any other class or series of capital stock that ranks senior to or on parity with the Series A Preferred without the consent of Thermo Funding.

Contingent Equity Agreement

On June 19, 2009, the Issuer entered into a Contingent Equity Agreement with Thermo Funding whereby Thermo Funding agreed to deposit \$60 million into a contingent equity account to fulfill a condition precedent for borrowing under Issuer's senior secured facility agreement with a syndicate of French banks dated as of June 5, 2009 (the "Facility Agreement"). Under the terms of the Facility Agreement, the Issuer will be required to make drawings from this account if and to the extent it has an actual or projected deficiency in its ability to meet indebtedness obligations due within a forward-looking 90 day period. Thermo Funding has pledged the contingent equity account to secure the Issuer's obligations under the Facility Agreement. If the Issuer makes any drawings from the contingent equity account, it will issue Thermo Funding shares of Common Stock calculated using a price per share equal to 80% of the volume-weighted average closing price of the Common Stock for the 15 trading days immediately preceding the draw. Thermo Funding may withdraw undrawn amounts in the account after the Issuer has made the second scheduled repayment under the Facility Agreement, which it currently expects to be no later than June 15, 2012.

The Contingent Equity Agreement also provides that the Issuer will pay Thermo Funding an availability fee of 10% per year for maintaining funds in the contingent equity account. This fee is payable solely in warrants to purchase Common Stock at \$0.01 per share with a five-year exercise period from issuance, with respect to a number of shares equal to the available balance in the contingent equity account divided by \$1.37, subject to certain adjustments. The Issuer issued Thermo Funding a warrant to purchase 4,379,562 shares of Common Stock for this fee at origination of the loan. No Common Stock is issuable if it would cause Thermo Funding and its affiliates to own more than 70% of the Issuer's outstanding voting stock. If the Issuer's Board of Directors and stockholders approve the creation of a class of nonvoting common stock in the future, the Issuer may issue nonvoting common stock in lieu of Common Stock to the extent issuing Common Stock would cause Thermo Funding and its affiliates to exceed this 70% ownership level.

Subordinated Loan Agreement

On June 25, 2009, the Issuer entered into a Loan Agreement with Thermo Funding whereby Thermo Funding agreed to lend the Issuer \$25 million for the purpose of funding the debt service reserve account required under the Facility Agreement. This loan is subordinated to, and the debt service reserve account is pledged to secure, all of the Issuer's obligations under the Facility Agreement. The loan accrues interest at 12% per annum, which will be capitalized and added to the outstanding principal in lieu of cash payments. The Issuer will make payments to Thermo Funding only when permitted under the Facility Agreement. The loan becomes due and payable six months after the obligations under the Facility Agreement have been paid in full, the Issuer has a change in control or any acceleration of the maturity of the loans under the Facility Agreement occurs. As additional consideration for the loan, the Issuer issued Thermo Funding a warrant to purchase 4,205,608 shares of Common Stock at \$0.01 per share with a five-year exercise period. No Common Stock is issuable upon such exercise if such issuance would cause Thermo Funding and its affiliates to own more than 70% of the Issuer's outstanding voting stock.
