RESERVES AND RESOURCES

The terms “mineral resource,” “measured mineral resource,” “indicated mineral resource” and “inferred mineral resource,” as used in the Company’s disclosure are Canadian mining terms that are defined in accordance with National Instrument 43-101 – Standards of Disclosure for Mineral Projects (“NI 43-101”) under the guidelines set out in the Canadian Institute of Mining, Metallurgy and Petroleum (“CIM”) Best Practice Guidelines for the Estimation of Mineral Resource and Mineral Reserves (“CIM Standards”), adopted by the CIM Council on November 23, 2003, as amended. These Canadian terms are not defined terms under United States Securities and Exchange Commission (“SEC”) Industry Guide 7 and are normally not permitted to be used in reports and registration statements filed with the SEC by U.S. registered companies. The SEC permits U.S. companies, in their filings with the SEC, to disclose only those mineral deposits that a company can economically and legally extract or produce. Accordingly, note that information contained in this disclosure describing the Company’s “mineral resources” is not directly comparable to information made public by U.S. companies subject to reporting requirements under U.S. securities laws (wherein “reserves,” and not “resources,” may be disclosed and discussed). Investors are cautioned not to assume that any part or all of mineral deposits in these categories will ever be converted into reserves. “Inferred mineral resources” have a great amount of uncertainty as to their existence, and great uncertainty as to their economic feasibility. It cannot be assumed that all or any part of an inferred mineral resource will ever be upgraded to a higher category. Under Canadian rules, estimates of inferred mineral resources may not form the basis of feasibility or pre-feasibility studies, except in rare cases. **Investors are cautioned not to assume that all or any part of an inferred mineral resource exists or is economically minable.** U.S. investors are urged to consider closely the disclosure in our disclosure documents which may be secured from us, or online at <http://www.sec.gov/edgar.shtml> or www.sedar.com.

CORPORATE GOVERNANCE

The Company's common shares are listed on the NYSE MKT. Section 110 of the NYSE Company Guide permits companies with countries of origin or incorporation other than the United States to follow home country practices in lieu of complying with certain provisions of the NYSE MKT Company Guide. A foreign private issuer that follows home country practices in lieu of certain provisions of the NYSE MKT Company Guide must disclose any significant ways in which its corporate governance practices differ from those followed by domestic companies pursuant to the standards of the Canadian Securities Administrators and the TSX either on its website or in the management proxy circular that it distributes to shareholders in the United States. A description of the significant ways in which the Company's governance practices differ from those followed by domestic companies pursuant to NYSE MKT standards is as follows:

Majority of Directors Independent: Section 802(a) of the NYSE Company Guide requires the board of directors of a listed company to be composed of a majority of independent directors, as defined in Section 803A, unless otherwise exempt. The Canadian standard permits less than a majority of independent directors. The Company currently has two executive directors (its Chairman and President/CEO), three independent directors, and one non-executive director (former President/CEO) who is therefore not considered independent.

Shareholder Vote Requirement: Section 713 of the NYSE Company Guide requires a listed company to obtain the approval of its shareholders for certain types of securities issuances, including private placements that may result in the issuance of common shares (or securities convertible into common shares) equal to 20% or more of the presently outstanding shares for less than the greater of book or market value of the shares. Under the rules of the TSX unless the transaction results in the issuance of common shares (or securities convertible or exercisable into common shares) equal to 25% or more of the currently issued and outstanding shares of the listed company for less than market value of the shares, approval of the listed company's shareholders is not required. Under certain circumstances, the TSX may, pursuant to Section 604(e) of the TSX company guide, grant waivers to its shareholder approval requirements where the listed company would suffer financial hardship in complying with such requirements. The conditions under which the TSX grants such waivers from its shareholder approval requirements may depart from similar NYSE MKT waivers or exemptions, if any. The Company will seek a waiver from the NYSE MKT's shareholder approval requirements in circumstances where the securities issuance does not trigger such a requirement under Canadian law or under the rules of the TSX.

Shareholder Meeting Quorum Requirement: The NYSE MKT recommends that a quorum of at least 33 1/3% of shares issued and outstanding and entitled to vote be required for shareholder action and be provided for in a listed company's by-laws. The Company's quorum requirement is set forth in its Articles and By-laws. A quorum for a meeting of members of the Company is two persons who are, or who represent by proxy, shareholders who, in the aggregate, hold at least 10% of the shares entitled to be voted at the meeting.

Proxy Delivery Requirement: The NYSE MKT requires the solicitation of proxies and distribution of proxy statements for all shareholder meetings, and requires that proxies be solicited pursuant to a proxy statement that conforms to SEC proxy rules. The Company is a “foreign private issuer” as defined in Rule 3b-4 under the Exchange Act, and the Company is accordingly exempt from the proxy rules set forth in Sections 14(a), 14(b), 14(c) and 14(f) of the Exchange Act. The Company solicits proxies in accordance with applicable rules and regulations in Canada.

The foregoing are consistent with the laws, customs and practices in Canada.

DIRECTOR INDEPENDENCE

The Company’s Board of Directors consists of the following individuals: W. William Boberg, James M. Franklin, Wayne W. Heili, Jeffrey T. Klenda, Paul Macdonell and Thomas Parker. The Company’s Board of Directors has determined that Messrs. Franklin, Macdonell and Parker are “independent” under the criteria established by NYSE MKT.

AUDIT COMMITTEE IDENTIFICATION AND FINANCIAL EXPERT

The Company’s Board of Directors has a separately designated standing Audit Committee of the Board of Directors. The members of the Company’s Audit Committee are identified in the AIF which is incorporated by reference herein. The Company’s Board of Directors has determined that Thomas Parker, a member of the Audit Committee, is an “audit committee financial expert” within the meaning of the SEC’s rules. Mr. Parker is “independent” under the criteria established by NYSE MKT.

CODE OF ETHICS

The Company has adopted a Code of Business Conduct and Ethics that applies to its principal executive officer, principal financial officer, principal accounting officer or controller and persons performing similar functions. A copy of the Company’s Code of Business Conduct and Ethics has been posted on the Company’s Internet website at <http://www.ur-energy.com/corporate-governance/>. No substantive amendments were made to the Company’s Code of Business Conduct and Ethics during the fiscal year ended December 31, 2012, and no waivers of the Company’s Code of Business Conduct and Ethics were granted to any principal officer of the Company or any person performing similar functions during the fiscal year ended December 31, 2012.

PRINCIPAL ACCOUNTANT FEES AND SERVICES

The information provided under the heading “Audit Committee – External Auditors and Service Fees” (page 40) contained in the AIF is incorporated by reference herein.

PRE-APPROVAL OF AUDIT AND NON-AUDIT SERVICES PROVIDED BY INDEPENDENT AUDITOR

The Audit Committee has instituted a policy to pre-approve audit and non-audit services. The Chair of the Audit Committee is given limited delegated authority from time to time by the Audit Committee to pre-approve permitted non-audit services. All of the services described above under the heading “Principal Accountant Fees and Services” were approved in conformity with the Audit Committee’s pre-approval process.
