STAFFING 360 SOLUTIONS, INC. AND SUBSIDIARIES

NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

AUGUST 31, 2013

NOTE 1 – ORGANIZATION, GOING CONCERN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and nature of business

Staffing 360 Solutions, Inc. (“we”, “us”, “our”, the “Company”) was incorporated in the State of Nevada on December 22, 2009, as Golden Fork Corporation (“Golden Fork”).

On February 17, 2012, Alida Heyer (the “Seller”), the holder of 78.7% of the voting rights, of the Company, entered into a stock purchase agreement (the “Stock Purchase Agreement”) with TRIG Special Purpose 1, LLC, a Nevada Corporation, (“TRIG”) to sell to TRIG 2,000,000 shares (the “Shares”) of common stock of the Company, par value \$0.0001 per share (the “Common Stock”). The Shares represented all of the outstanding shares held by the Seller. Pursuant to the Stock Purchase Agreement, TRIG paid the Seller \$240,000 for the Shares in a private transaction. As a result of the transaction, the Company became a 78.7% owned subsidiary of TRIG (the “Change of Control”).

On March 16, 2012, Golden Fork filed a Certificate of Amendment to its Articles of Incorporation (the “Amendment”) to change its name from Golden Fork to Staffing 360 Solutions, Inc. (“Staffing 360” or the “Company”). Upon filing of the Amendment, the Company began its operations in the international staffing sector.

On April 13, 2012, the Company received approval from the Financial Industry Regulatory Authority (“FINRA”) to effect its name change (as contemplated by the Amendment) and to change its trading symbol from “GDNF” to “STAF”. Simultaneously therewith, the Company received approval to conduct a forward split of its issued and outstanding shares of Common Stock at a ratio of one for three (the “Forward Split”). Following the Forward Split, the Company’s issued and outstanding shares of Common Stock increased from 2,540,000 to 7,620,000.

On July 31, 2012, the Company formed Staffing 360 Alliance, Inc. (“Staffing Alliance”), a wholly-owned subsidiary, incorporated in the State of Nevada for the purpose of exploring business prospects in the staffing sector. In September 2012, Staffing Alliance began operations and provides trained employees to companies who work in word

processing, data entry, administrative support staff and other areas.

On April 26, 2013, the Company consummated the acquisition of 100% of the issued and outstanding stock of The Revolution Group, Ltd. (“TRG”), pursuant to a Stock Purchase Agreement dated March 21, 2013, entered into by and among the Company, TRG and the shareholders of TRG. Prior to the completion of the Company’s audit, the aggregate consideration paid by the Company to the TRG Shareholders for the Acquisition was \$1,665,849, payable as follows: (i) at the closing of the TRG Acquisition (the “Closing”) the Company made cash payments to the TRG Shareholders in an aggregate of \$896,996 and (ii) at the Closing, the Company paid the remaining \$768,853 of the Purchase Price by issuing to the TRG Shareholders of 512,569 restricted shares of the Common Stock at a price of \$1.50 per share. In addition to the Purchase Price, the Company will pay to the Shareholders performance based compensation in an amount in cash equal to the following percentages of TRG’s Gross Profit from the date of Closing through the end of the sixteenth (16th) quarter following the Closing Date (the “Earn Out Period”) not to exceed a total of (\$1,500,000): (i) 20% of the amount of TRG’s gross profit up to and including an aggregate of \$5,000,000 during the Earn Out Period; plus (ii) 7% of the amount of TRG’s gross profit, if any, in excess of an aggregate of \$5,000,000 during the Earn Out Period.

Upon completion of the Company’s audit and the valuation of the earn-out liability, the aggregate consideration paid by the Company to the TRG Shareholders for the acquisition was \$2,509,342 (the “Purchase Price”), paid as follows: (i) at the closing the Company made cash payments to the TRG Shareholders in an aggregate of \$907,287; and (ii) the Company paid \$410,055 of the Purchase Price by issuing to the TRG shareholders 512,569 restricted shares of the Company’s Common Stock valued at a price of \$0.80 per share. In addition, the Company will pay to the TRG shareholders performance based compensation in cash equal to the following percentages of TRG’s gross profit from the date of closing through the end of the sixteenth (16th) quarter (the “Earn Out Period”) not to exceed a total of \$1,500,000: (i) 20% of the amount of TRG’s gross profit up to and including an aggregate of \$5,000,000 during the Earn Out Period; plus (ii) 7% of the amount of TRG’s gross profit, if any, in excess of an aggregate of \$5,000,000 during the Earn Out Period. At August 31, 2013, the Company estimated the performance based compensation was \$1,126,960. As a result of the Acquisition, TRG became a wholly-owned subsidiary of the Company and now operates under the name “Cyber 360 Solutions” (“Cyber Solutions”) (see Note 8).

Staffing 360 is an emerging company in the international staffing sector that intends to acquire high-growth domestic and international staffing agencies. As part of its targeted consolidation model, Staffing 360 is pursuing broad spectrum staffing companies in the IT, financial, accounting, healthcare and cyber security industries.

Going concern

Through August 2012, the Company was presented as a development stage company. Activities during the development stage included organizing the business and raising capital. In September 2012, Staffing Alliance commenced operations and the Company began to generate revenues. In April 2013, Cyber 360 Solutions commenced operations and began generating revenues. Since the Company has incurred losses and currently has negative working capital, these unaudited condensed consolidated financial statements have been prepared on a going concern basis, which implies the Company will continue to meet its obligations and continue its operations for the next fiscal

year. Realization value may be substantially different from carrying values as shown and these unaudited condensed consolidated financial statements do not include any adjustments to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary if the Company is unable to continue as a going concern. As of August 31, 2013, the Company had a working capital deficiency of \$952,822, and had an accumulated deficit of \$4,097,233 and for the quarter ended August 31, 2013 has a net loss and net cash used in operations of \$427,491 and \$409,474, respectively. The continuation of the Company as a going concern is dependent upon the continued financial support from its major shareholders, the ability of the Company to obtain necessary equity financing to continue operations, and through profitable operations from existing subsidiaries and the acquisition of additional entities. These factors raise substantial doubt regarding the Company's ability to continue as a going concern and the outcome of these uncertainties cannot be predicted.

In order to continue as a going concern and achieve a profitable level of operations, the Company will need, among other things, additional capital resources. Management's plan to continue as a going concern includes raising capital through increased sales and conducting additional financings through debt and equity transactions. However, management cannot provide any assurances that the Company will be successful in accomplishing any of its plans. The ability of the Company to continue as a going concern is dependent upon the management's ability to successfully implement the plans described above, including securing additional sources of financing and attain profitable operations. Management also cannot provide any assurance that unforeseen circumstances that could occur at anytime within the next twelve months or thereafter will not increase the need for the Company to raise additional capital on an immediate basis. These matters raise substantial doubt about the Company's ability to continue as a going concern. The accompanying unaudited condensed consolidated financial statements do not include any adjustments that might be necessary should the Company be unable to continue as a going concern.

Interim Financial Statements

These unaudited condensed consolidated financial statements as of and for the three months ended August 31, 2013 and 2012, respectively, reflect all adjustments which, in the opinion of management, are necessary to present fairly the financial position, results of operations and cash flows for the periods presented in accordance with the accounting principles generally accepted in the United States of America. All adjustments are of a normal recurring nature.

These interim unaudited condensed consolidated financial statements should be read in conjunction with the Company's consolidated financial statements and notes thereto for the years ended May 31, 2013 and 2012, respectively, included in the Company's Form 10-K filed with the United States Securities and Exchange Commission on September 13, 2013. The Company assumes that the users of the interim financial information herein have read, or have access to, the audited consolidated financial statements for the preceding period, and that the adequacy of additional disclosure needed for a fair presentation may be determined in that context. The results of operations for the three month periods ended August 31, 2013 are not necessarily indicative of results for the entire year ending May 31, 2014.

Basis of Presentation and Consolidation

These unaudited condensed consolidated financial statements and related notes are presented in accordance with accounting principles generally accepted in the United States, and are expressed in U.S. dollars. The Company's fiscal year-end is May 31.

The unaudited condensed consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries. All significant inter-company transactions are eliminated.

Basis of Accounting

These consolidated financial statements have been prepared using the basis of accounting generally accepted in the United States of America for annual financial statements and with Form 10-K and article 8 of the Regulation S-X of the United States Securities and Exchange Commission (“SEC”). Under this basis of accounting, revenues are recorded as earned and expenses are recorded at the time liabilities are incurred.

Use of estimates

The preparation of consolidated financial statements in accordance with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of net revenue and expenses in the reporting period. We regularly evaluate our estimates and assumptions related to stock-based compensation and deferred income tax assets valuation allowances. We base our estimates and assumptions on current facts, historical experience and various other factors that we believe to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities and the accrual of costs and expenses that are not readily apparent from other sources. The actual results experienced by us may differ materially and adversely from our estimates. To the extent there are material differences between our estimates and the actual results, our future results of operations will be affected. Significant estimates for the quarters ended August 31, 2013 and 2012, respectively, include the valuation of deferred tax assets.

Cash and cash equivalents

The Company considers all highly liquid instruments with original maturities of three months or less when acquired, to be cash equivalents. The Company had no cash equivalents at August 31, 2013 or May 31, 2013.

Accounts receivable

Accounts receivable are presented net of an allowance for doubtful accounts. The Company maintains allowances for doubtful accounts for estimated losses. The Company reviews the accounts receivable on a periodic basis and makes general and specific allowances when there is doubt as to the collectability of individual balances. In evaluating the collectability of individual receivable balances, the Company considers many factors, including the age of the balance, a customer's historical payment history, its current credit-worthiness and current economic trends. Accounts are written off after exhaustive efforts at collection. At August 31, 2013, the Company did not have any allowance for doubtful accounts.

Income taxes

The Company is governed by the Income Tax Law of the United States. The Company utilizes ASC Topic 740, "Accounting for Income Taxes," which requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of events that have been included in the financial statements or tax returns. Under this method, deferred income taxes are recognized for the tax consequences in future years of differences between the tax bases of assets and liabilities and their financial reporting amounts at each period end based on enacted tax laws and statutory tax rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amount expected to be realized.

The Company applied the provisions of ASC 740-10-50, "Accounting for Uncertainty in Income Taxes", which provides clarification related to the process associated with accounting for uncertain tax positions recognized in the financial statements. Audit periods remain open for review until the statute of limitations has passed. The completion of review or the expiration of the statute of limitations for a given audit period could result in an adjustment to the Company's liability for income taxes. Any such adjustment could be material to the Company's results of operations for any given quarterly or annual period based, in part, upon the results of operations for the given period. As of August 31, 2013 and May 31, 2013, management believes the Company had no material uncertain tax positions, and will continue to evaluate for uncertain positions in the future.

Fair Value of financial instruments

Effective January 1, 2008, the Company adopted FASB ASC 820-Fair Value Measurements and Disclosures, or ASC 820, for assets and liabilities measured at fair value on a recurring basis. ASC 820 establishes a common definition for fair value to be applied to existing generally accepted accounting principles that require the use of fair value measurements establishes a framework for measuring fair value and expands disclosure about such fair value measurements. The adoption of ASC 820 did not have an impact on the Company's financial position or operating

results, but did expand certain disclosures.

ASC 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Additionally, ASC 820 requires the use of valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. These inputs are prioritized below:

Level 1: Observable inputs such as quoted market prices in active markets for identical assets or liabilities

Level 2: Observable market-based inputs or unobservable inputs that are corroborated by market data

Level 3: Unobservable inputs for which there is little or no market data, which require the use of the reporting entity's own assumptions.

The Company did not have any Level 2 or Level 3 assets or liabilities as of August 31, 2013 or May 31, 2013, with the exception of its convertible notes payable (see note 3) and its earn out liability (see note 8).

Cash is considered to be highly liquid and easily tradable as of August 31, 2013 and May 31, 2013 and therefore classified as Level 1 within our fair value hierarchy.

In addition, FASB ASC 825-10-25 Fair Value Option, or ASC 825-10-25, was effective for January 1, 2008. ASC 825-10-25 expands opportunities to use fair value measurements in financial reporting and permits entities to choose to measure many financial instruments and certain other items at fair value. The Company did not elect the fair value options for any of its qualifying financial instruments.

Convertible Instruments

The Company evaluates and accounts for conversion options embedded in its convertible instruments in accordance with professional standards for "Accounting for Derivative Instruments and Hedging Activities".

Professional standards generally provides three criteria that, if met, require companies to bifurcate conversion options from their host instruments and account for them as free standing derivative financial instruments. These three criteria include circumstances in which (a) the economic characteristics and risks of the embedded derivative instrument are not clearly and closely related to the economic characteristics and risks of the host contract, (b) the hybrid instrument that embodies both the embedded derivative instrument and the host contract is not re-measured at fair value under otherwise applicable generally accepted accounting principles with changes in fair value reported in earnings as they occur and (c) a separate instrument with the same terms as the embedded derivative instrument would be considered a derivative instrument. Professional standards also provide an exception to this rule when the host instrument is deemed to be conventional as defined under professional standards as “The Meaning of “Conventional Convertible Debt Instrument”.

The Company accounts for convertible instruments (when it has determined that the embedded conversion options should not be bifurcated from their host instruments) in accordance with professional standards when “Accounting for Convertible Securities with Beneficial Conversion Features,” as those professional standards pertain to “Certain Convertible Instruments.” Accordingly, the Company records, when necessary, discounts to convertible notes for the intrinsic value of conversion options embedded in debt instruments based upon the differences between the fair value of the underlying common stock at the commitment date of the note transaction and the effective conversion price embedded in the note. Debt discounts under these arrangements are amortized over the term of the related debt to their earliest date of redemption. The Company also records when necessary deemed dividends for the intrinsic value of conversion options embedded in preferred shares based upon the differences between the fair value of the underlying common stock at the commitment date of the note transaction and the effective conversion price embedded in the note.

ASC 815-40 provides that, among other things, generally, if an event is not within the entity’s control could or require net cash settlement, then the contract shall be classified as an asset or a liability.

Revenue recognition

Staffing 360, Alliance, Inc – The Company accounts for its revenues in accordance with Accounting Standards Codification (“ASC”) 605-45, *Revenue Recognition, Principal Agent Considerations*. The Company’s revenues are derived from our gross billings, which are based on (i) the payroll cost of its worksite employees; and (ii) a markup computed as a percentage of the payroll cost. The gross billings are invoiced concurrently with each periodic payroll of its worksite employees. Revenues, which exclude the payroll cost component of gross billings, and therefore, consist solely of markup, are recognized ratably over the payroll period as worksite employees perform their service at the client worksite. Revenues that have been recognized but not invoiced are included in unbilled accounts receivable on the Consolidated Balance Sheets.

In determining the pricing of the markup component of the gross billings, the Company takes into consideration its estimates of the costs directly associated with our worksite employees, including payroll taxes, benefits and workers' compensation costs, plus an acceptable gross profit margin. As a result, the operating results are significantly impacted by its ability to accurately estimate, control and manage its direct costs relative to the revenues derived from the markup component of its gross billings.

Consistent with its revenue recognition policy, the direct costs do not include the payroll cost of worksite employees. The Company's direct costs associated with revenue generating activities are primarily comprised of all other costs related to worksite employees, such as the employer portion of payroll-related taxes, employee benefit plan premiums and workers' compensation insurance costs.

Cyber 360 Solutions - The Company derives its revenues from three segments: contingent staffing, permanent placement staffing, and consulting. The Company recognizes revenue in accordance with ASC Topic 605-45 "Revenue Recognition – Principal Agent Considerations." The Company records revenue on a gross basis as a principal versus on a net basis as an agent in the presentation of revenues and expenses. The Company has concluded that the gross reporting is appropriate because the Company (i) has the duty of identifying and hiring qualified employees, (ii) uses its judgment to select the employees and establish their price, and (iii) bears the risk for services that are not fully paid by the customers. Pursuant to the guidance of ASC 605, the Company recognizes revenue when an arrangement exists, services have been rendered, the purchase price is fixed or determinable and collectability is reasonable assured.

Contingent staffing and consulting – Contingent staffing and consulting revenues are recognized when the services are rendered by the Company's contingent employees and consultants. The Company pays all related costs of employment, including workers' compensation insurance, state and federal unemployment taxes, social security and certain fringe benefits.

Permanent placement staffing revenues – Permanent placement staffing revenues are recognized when employment candidates typically start their first day of work. The Company offers a 30/60/90 day guarantee. If the employee is terminated or leaves voluntarily during this period, a pro-rated refund is provided. The Company has a substantial history of estimating the effect of permanent placement candidates who do not remain with its client through the guarantee period. Fees to clients are generally calculated as a percentage of the new employee's annual compensation.

Stock-based compensation

The Company accounts for stock-based instruments issued to employees in accordance with ASC Topic 718. ASC Topic 718 requires companies to recognize in the statement of operations the grant-date fair value of stock options and other equity based compensation issued to employees. The Company accounts for non-employee share-based awards in accordance with ASC Topic 505-50.

Earnings (loss) per common share

The Company utilizes the guidance per FASB Codification "ASC 260 "Earnings per Share". Basic earnings per share are calculated by dividing income available to stockholders by the weighted-average number of common shares outstanding during each period. Diluted earnings per share are computed using the weighted average number of common shares and dilutive common share equivalents outstanding during the period. Dilutive common share equivalents consist of shares issuable upon the conversion of convertible notes and the exercise of stock options and warrants (calculated using the modified-treasury stock method). Such securities, shown below, presented on a common share equivalent basis and outstanding as of August 31, 2013 and 2012 have been excluded from the per share computations, since its inclusion would be anti-dilutive:

	For the Quarter Ended August 31,	
	2013	2012
Convertible notes issued	123,969	777,778
Warrants	897,230	-
Total	1,021,199	777,778

Property and Equipment

Property and equipment are stated at cost. Depreciation is computed on the straight-line method. The depreciation and amortization methods are designed to amortize the cost of the assets over their estimated useful lives, in years, of the respective assets as follows:

Computers	4 Years
Office Equipment	7 Years
Furniture and Fixtures	7 Years

Leasehold Improvements 7 Years

Amortization of leasehold improvements is computed using the straight-line method over the shorter of the life of the lease or the estimated useful life of the assets. Maintenance and repairs are charged to expense as incurred. Improvements of a major nature are capitalized. At the time of retirement or other disposition of property and equipment, the cost and accumulated depreciation are removed from the accounts and any gains or losses are reflected in income.

Impairment of Long-Lived Assets

In accordance with ASC 360 “Property, Plant, and Equipment”, we periodically review our long-lived assets, including goodwill and other intangible assets, for impairment whenever events or changes in circumstances indicate that the carrying amount of the assets may not be fully recoverable. We recognize an impairment loss when the sum of expected undiscounted future cash flows is less than the carrying amount of the asset. The amount of impairment is measured as the difference between the estimated fair value and the book value of the underlying asset. An impairment was not necessary as of August 31, 2013.

Goodwill

Goodwill represents the excess of the purchase price over the fair value of net assets acquired in business combinations. ASC 350-30-35-4 requires that goodwill be tested for impairment at the reporting unit level (operating segment or one level below an operating segment) on an annual basis and between annual tests when circumstances indicate that the recoverability of the carrying amount of goodwill may be in doubt. Application of the goodwill impairment test requires judgment, including the identification of reporting units, assigning assets and liabilities to reporting units, assigning goodwill to reporting units, and determining the fair value. Significant judgments required to estimate the fair value of reporting units include estimating future cash flows, determining appropriate discount rates and other assumptions. Changes in these estimates and assumptions could materially affect the determination of fair value and/or goodwill impairment for each reporting unit.

Intangible Asset

In connection with the acquisition of TRG (see Note 8), the Company identified and recognized an intangible asset of \$999,729 representing contractual and non contractual customer relationships. The asset is being amortized over the estimated life of four years. TRG customer relationships were valued using the replacement cost approach. This method is based on acquisition costs invested to attract each customer and relied on actual selling costs incurred and allocated to new customer generation over the preceding four years. The valuation provided for the Contractual and Non Contractual Customer Relationships is based on management's calculations. The Intangible Asset balance, net of accumulated amortization, at August 31, 2013 is \$916,418.

Reclassifications

Certain reclassifications have been made to conform the prior period data to the current presentations. These reclassifications had no effect on the reported results.

Forward stock split

The Company effected a one-for-three forward stock split on April 13, 2012. All share and per share information has been retroactively adjusted to reflect this forward stock split.

Recent accounting pronouncements

Accounting standards that have been issued or proposed by FASB that do not require adoption until a future date are not expected to have a material impact on the financial statements upon adoption.

NOTE 2 - PROPERTY AND EQUIPMENT

Property and equipment consists of the following:

Edgar Filing: Staffing 360 Solutions, Inc. - Form 10-Q

	August 31, 2013 (Unaudited)	May 31, 2013
Computer software	\$ 5,075	\$5,075
Office equipment	9,146	9,146
Furniture and fixtures	11,937	11,937
Leasehold improvements	5,446	5,446
Total Cost	31,604	31,604
Accumulated depreciation	(4,674)	(1,924)
Total	\$ 26,930	\$29,680

Depreciation expense for the three months ended August 31, 2013 and 2012 was \$2,750 and \$0, respectively.

NOTE 3 – CONVERTIBLE NOTES PAYABLE

Convertible debentures consisted of the following:

	August 31, 2013 (Unaudited)	May 31, 2013
Convertible notes payable	\$ 50,000	\$50,000

Pursuant to the Note Agreements, on March 5, 2012, May 4, 2012, August 13, 2012, August 20, 2012, September 14, 2012 and October 4, 2012, the Company issued Notes in the principal amount of \$50,000, \$200,000 and \$70,000, \$30,000, \$50,000 and \$25,000 (the “Notes”), respectively. The Notes bear interest at the rate of 12% per annum and were due on February 20, 2013. Note holders totaling \$375,000 extended their maturity dates to July 20, 2013 and one note holder totaling \$50,000 extended the maturity date to June 15, 2013. Interest accrued and was payable on the last day of every fiscal quarter commencing on the first calendar quarter subsequent to the respective Note date and ending on the Maturity Date. The Company did not have the right to prepay these notes. On May 31, 2013, the Company converted a total of \$375,000 of principal and \$39,054 of accrued interest by delivering to the holders shares of common stock of the Company at a price equal to 50% of the securities sold in the private offering (“the PIPE financing”) which closed on April 19, 2013. The unit price of the securities sold in the PIPE totaled \$0.90. In total the Company issued 920,120 shares (833,333 relating to principal and 86,787 relating to accrued interest).

On January 17, 2013, the Company closed a financing, by entering into a Note Purchase Agreement with an investor whereby the Company sold to the Holder a certain Promissory Note for the principal amount of \$750,000.

The Promissory Note accrued interest at a rate of 12% per annum on the aggregate principal amount, payable on July 20, 2013 (the "Maturity Date"). If the Payment Date occurred prior to the Maturity Date, the Promissory Note was subject to a mandatory conversion into shares of the Company's common stock, on the later of the date on which the Company: (i) acquired an operating company in the Staffing industry, or (ii) closed the issuance and sale of equity securities in connection with the Target Acquisition. The shares of common stock issuable upon conversion of the Promissory Note equaled: (i) the principal amount of the Promissory Note and the accrued interest thereon divided by (ii) 50% of the per share price at which shares were sold in the PIPE Financing. On May 31, 2013, the Company converted a total of \$750,000 of principal and \$33,288 of accrued interest by delivering to the holders shares of common stock of the Company at a price equal to 50% of the securities sold in the private offering ("the PIPE financing") which closed on April 19, 2013. The unit price of the securities sold in the PIPE totaled \$0.90. In total the Company issued 1,740,639 shares (1,666,667 relating to principal and 73,972 relating to accrued interest).

Since the convertible notes included an embedded conversion feature, management evaluated this feature to determine whether it met the definition of a beneficial conversion feature ("BCF") within the scope of ASC 470-20, "Debt with Conversion and Other Options". The Note holders shall have the option to exchange all or a portion of the face amount of the Notes, plus any accrued and unpaid interest thereon, into the applicable dollar amount of any other securities issued by the Company in connection with the subsequent financing, at a conversion price equal to 50% of the subsequent financing offering price. In accordance with ASC 470-20, which deals with instruments containing a fixed percentage conversion feature dependent on a future event, the Company recorded interest relating to the debt conversion totaling \$931,266, which was fully expensed at May 31, 2013.

For the three months ended August 31, 2013 and 2012, interest expense related to the convertible notes amounted to \$5,786 and \$8,117, respectively, and the Company made payments on interest due of \$0 and \$1,433 during the three months ended August 31, 2013 and 2012, respectively. At August 31, 2013 and May 31, 2013, aggregate principal due pursuant to the Note Agreements amounted to \$50,000. The carrying amounts of these liabilities at August 31, 2013 and May 31, 2013 approximate their respective fair value based on the Company's incremental borrowing rate. This note is currently in default. Additionally, as of August 31, 2013 and May 31, 2013, accrued and unpaid interest under the convertible notes amounted to \$5,786 and \$9,176, respectively, and is included in accrued expenses on the accompanying unaudited condensed consolidated balance sheets.

NOTE 4 - RELATED PARTY TRANSACTIONS

Consulting fees – related parties

Edgar Filing: Staffing 360 Solutions, Inc. - Form 10-Q

For the three months ended August 31, 2013, the Company incurred \$15,000, in consulting fees to Trilogy Capital, which has been included in consulting fees - related parties on the accompanying unaudited condensed consolidated statements of operations. The Company's President, Alfonso J. Cervantes is the majority owner of Trilogy. The Company incurred \$3,395 in corresponding fees during the three months ended August 31, 2012. In addition the Company recorded \$55,000 as an accounts payable – related parties balance as of August 31, 2013. Of the \$67,000 recorded as accounts payable – related parties, \$45,000 is owed to Alfonso J. Cervantes as president of the Company and \$10,000 is owed to Trilogy Capital.

For the three months ended August 31, 2013, the Company incurred \$45,000 in consulting fees to Robert Y. Lee, which has been included in consulting fees - related parties on the accompanying unaudited condensed consolidated statements of operations. The Company incurred \$0 in corresponding fees during the three months ended August 31, 2012. David Horin, the former Chief Financial Officer of Staffing 360 Solutions, Inc., is the President of Chord Advisors, LLC. In addition the Company recorded \$27,500 as an accounts payable – related parties balance as of August 31, 2013. Mr. Horin resigned as chief financial officer on April 15, 2013.

For the three months ended August 31, 2013, the Company incurred \$0 in consulting fees to Richard M. Cohen. Mr. Cohen is the Chairman of Chord Advisors, LLC. The Company incurred \$0 in corresponding fees during the three months ended August 31, 2012. In addition the Company recorded \$60,000 as an accounts payable – related parties balance as of August 31, 2013.

For the three months ended August 31, 2013, the Company incurred \$11,250 in consulting fees to Dimitri Villard. Mr. Villard is a director of the Company. The Company incurred \$0 in corresponding fees during the three months ended August 31, 2012. These fees have been included in consulting fees – related parties on the accompanying unaudited condensed consolidated statements of operations. In addition the Company recorded \$26,250 as an accounts payable – related parties balance as of August 31, 2013.

Other

TRIG Special Purpose 1, LLC, from time to time, provided advances to the Company for working capital purposes. Trig Special Purpose 1, LLC is beneficially owned by the Company's president Alfonso J. Cervantes, the Company's principal financial officer, Peter Goldstein, and Robert Y. Lee, a shareholder of the Company. During the three months ended August 31, 2013, Trig Special Purpose 1, LLC advanced the Company \$10,000. During the year ended May 31, 2013, Trig Special Purpose 1, LLC advanced the Company \$33,000 for working capital purposes. To date, the Company has repaid \$17,721 to Trig Special Purpose 1, LLC. At August 31, 2013, the Company had a payable to Trig Special Purpose 1 LLC of \$27,279, which has been included in accounts payable - related parties on the accompanying unaudited condensed consolidated balance sheets. These advances were short-term in nature and non-interest bearing.

On February 15, 2013, the Company entered into an employment agreement with Darren Minton to serve as a Senior Vice President of the Company. Pursuant to the terms of the Minton Employment Agreement (as defined below), the Company will pay Mr. Minton \$48,000 annually. The Company recorded \$13,000 as an accounts payable – related parties balance as of August 31, 2013.

NOTE 5 – ACCOUNTS RECEIVABLE FINANCING

In 2013, the Company entered into an agreement under which it borrows money against open accounts receivable.

Under this arrangement, the Company receives an advance of 90% of the face value of an eligible receivable. Upon collection of the receivable, the advance is repaid and the remaining funds are remitted to the Company.

The Company insures the accounts receivable that are assigned to the Financing Company in the event of the failure of the creditor to make payment.

The borrowings carry interest at a rate of .025% per day (9% per annum). At August 31, 2013, \$331,875 was recorded as a liability (including interest) relating to Accounts Receivable Financing.

NOTE 6 – STOCKHOLDERS' EQUITY

On April 19, 2013, the Company completed a closing of a private offering of units with certain accredited investors for total gross proceeds of \$1,050,000. Pursuant to a subscription agreement with the Purchasers, the Company issued to the Purchasers units consisting of (i) 27,778 shares of common stock and (ii) a three year warrant to purchase 13,889 shares of Common Stock at an exercise price of \$1.80 per Share, for a purchase price of \$25,000 per Unit. In total, the Company sold 42 units totaling 1,166,676 common shares and 583,338 warrants.

On April 26, 2013, the Company consummated the acquisition of 100% of the issued and outstanding stock of The Revolution Group, Ltd., pursuant to a Stock Purchase Agreement dated March 21, 2013, entered into by and among the Company, The Revolution Group, Ltd. and the shareholders of The Revolution Group, Ltd. At the closing, the Company paid \$410,055 of the purchase price by issuing to the TRG Shareholders of 512,569 restricted shares of the Company's common stock, at a price of \$0.80 per share.

On April 26, 2013, the Company issued 175,734 shares of its common stock, with a fair value of \$140,587, to a consultant, based on the terms of his agreement, which states the consultant shall receive 2% of the Company's outstanding common share upon the closing of the Company's first acquisition.

On April 26, 2013, the Company issued 152,400 shares of its common stock, with a fair value of \$140,587, to an officer of the Company, based on the terms of his agreement, which states the officer shall receive 2% of the Company's outstanding common stock on February 19, 2012 (7,620,000 shares) upon the closing of the Company's first acquisition.

On May 7, 2013, the Company increased the authorized number of shares of Common Stock from 75,000,000 shares to 200,000,000 shares and authorized the creation of 20,000,000 shares of blank check preferred stock, par value \$0.00001 per share with such designations, rights and preferences as may be determined from time to time by the Board.

On May 31, 2013, the Company converted a total of \$1,125,000 of principal and \$72,342 of accrued interest related to convertible notes outstanding by delivering to the holders shares of common stock of the Company at a price equal to 50% of the securities sold in the private offering. The unit price of the securities sold in the PIPE totaled \$0.90. In total the Company issued 2,660,759 shares (2,500,000 relating to principal and 160,759 relating to accrued interest).

On July 2, 2013, the Company completed a second closing of a private offering of units with certain accredited investors for gross proceeds of \$565,000. Pursuant to a subscription agreement with the Purchasers, the Company issued to the Purchasers units consisting of (i) 27,778 shares of common stock and (ii) a three year warrant to purchase 13,889 shares of common stock at an exercise price of \$1.80 per share, for a purchase price of \$25,000 per Unit. In total, the Company sold 22.6 units totaling 627,783 common shares and 313,892 warrants.

On July 2, 2013, the Company issued 254,667 common shares to four consultants and one employee pursuant to the terms of their agreements valued at \$180,456.

As of August 31, 2013 and May 31, 2013, the Company has issued 13,170,588 and 12,288,138, common shares, respectively.

Warrants

The following table summarizes the changes in warrants outstanding and related prices for the shares of the Company's common stock issued to shareholders at August 31, 2013:

Exercise Price	Number Outstanding	Warrants Outstanding Weighted Average Remaining Contractual Life (years)	Weighted Average Exercise price	Number Exercisable	Warrants Exercisable Weighted Average Exercise Price
\$ 1.80	897,230	2.72	\$ 1.80	897,230	\$ 1.80

Transactions involving the Company's warrant issuance are summarized as follows:

Number of Shares	Weighted Average Price Per Share
---------------------	--

Outstanding at May 31, 2013	583,338	\$ -
Issued	313,892	1.80
Exercised	—	—
Expired	-	-
Outstanding at August 31, 2013	897,230	\$ 1.80

Warrants issued:

On April 26, 2013, the Company issued warrants to purchase 583,338 shares of common stock at an exercise price of \$1.80 per share. The warrants expire three years from the date of grant.

On July 2, 2013, the Company issued warrants to purchase 313,892 shares of common stock at an exercise price of \$1.80 per share. The warrants expire three years from the date of grant.

NOTE 7 – COMMITMENTS AND CONTINGENCIES**Employment Agreements**

On December 15, 2011, TRIG entered into an employment agreement (the “Hartley Employment Agreement”) with Allan Hartley to become its Chief Executive Officer and a Director. On February 21, 2012 the (“Grant Date”), TRIG assigned the Employment Agreement to the Company and Mr. Hartley became the Company’s chief executive officer (the “CEO”). Pursuant to the Employment Agreement, the CEO shall be paid \$7,500 per month on part time basis. Upon completion of the initial acquisition of a target company, Mr. Hartley will receive an annual salary of \$180,000 on a full time basis. Additionally, the Company shall transfer (or cause to be transferred) to CEO a number of shares (the “CEO Shares”) of the Company’s common stock that represents 5% of the outstanding common stock of the Company as of the date of the share acquisition agreement dated February 19, 2012. The CEO Shares shall vest at the following milestones: of the Five Percent (5%) total shares transferred to the CEO, two Percent (2%) will vest simultaneous with the completion of the Company’s first acquisition and one percent (1%) will vest as the completion of the Company’s second, third and fourth acquisitions, respectively. On April 26, 2013, the first milestone was triggered when the Company acquired TRG. Mr. Hartley was issued 152,400 shares, valued at \$140,587, based on the terms of his agreement (see Note 6).

On February 15, 2013, the Company approved an employment agreement (the “Cervantes Employment Agreement”) with Alfonso J. Cervantes, the President of the Company. In addition, the parties agreed that Mr. Cervantes shall not engage or participate in any business that is in competition in any manner whatsoever with the business of the Company, or any business which the Company contemplates conducting or intends to conduct. Pursuant to the terms of the Cervantes Employment Agreement, the Company will pay Mr. Cervantes \$120,000 annually. In addition, Mr. Cervantes will receive reimbursement for all reasonable expenses which Mr. Cervantes incurs during the course of performance under the Cervantes Employment Agreement. Mr. Cervantes can terminate the Employment Agreement after four months with 30 days notice. The Company can terminate the Cervantes Employment Agreement upon notice to Mr. Cervantes.

On February 15, 2013, the Company entered into an employment agreement (the “Minton Employment Agreement”) with Darren Minton to serve as a Senior Vice President of the Company. In addition, the parties agreed that Mr. Minton shall not engage or participate in any business that is in competition in any manner whatsoever with the business of the Company, or any business which the Company contemplates conducting or intends to conduct. Pursuant to the terms of the Minton Employment Agreement, the Company will pay Mr. Minton \$48,000 annually. Mr. Minton is also entitled to receive as additional compensation 20,000 shares of the Company’s common stock. In addition, Mr. Minton will receive reimbursement for all reasonable expenses which Mr. Minton incurs during the course of performance under the Minton Employment Agreement. Mr. Minton can terminate the Employment Agreement after four months with 30 days notice. The Company can terminate the Minton Employment Agreement upon notice to Mr. Minton.

On March 21, 2013, the Company entered into a four year employment agreement (the “Aiello Employment Agreement”) with Mark P. Aiello, to serve as a senior vice president of the Company and as president of Cyber 360 Solutions, the Company’s cyber security division. In addition, the parties agreed that Mr. Aiello shall not engage or participate in any business that is in competition in any manner whatsoever with the business of the Company, or any business which the Company contemplates conducting or intends to conduct. Pursuant to the terms of the Aiello Employment Agreement, the Company will pay Mr. Aiello \$150,000 annually. Mr. Aiello is also entitled to an annual base commission equal to 3% of the gross profit of Cyber 360 Solutions. In addition, Mr. Aiello will receive reimbursement for all reasonable expenses which Mr. Aiello incurs during the course of performance under the Aiello Employment Agreement. Mr. Aiello or the Company can terminate the Employment Agreement one hundred eighty days prior to the end of the term of the agreement otherwise the agreement will automatically extend for one additional year.

Consulting Agreements

On May 1, 2012, the Company entered into a one-year advisory agreement for business advisory services with Mr. Richard M. Cohen. In connection with the agreement, the Company shall pay this consultant \$120,000 during the term of the contract payable in a combination of cash and stock of the Company on the following basis:

In consideration of the services to be rendered by Mr. Cohen pursuant to this Agreement, Mr. Cohen shall be entitled to receive as compensation \$60,000 in the form of the Company's common stock. The number of shares of common stock of the Company shall be based on a value equal to the per share price that shares to be sold in the PIPE financing for the Company's initial acquisition concurrent with the Alternative Public Offering.

In addition Mr. Cohen shall receive \$60,000 per annum at the rate of \$5,000 per month with payments made on the first of each month. Commencing May 1, 2012, the date of this Agreement, the \$5,000 monthly shall be accrued and whatever balance has accrued will be paid in full from the proceeds of the financing at the closing of the Company's initial acquisition and Alternative Public Offering. Subsequent payments following the closing will be due on the first of each month. This agreement expired on April 30, 2013 and was not renewed.

At August 31, 2013 and May 31, 2013, the Company owed this advisor \$60,000, which has been included in accounts payable – related party on the accompanying consolidated balance sheets.

On July 15, 2012, the Company entered into an advisory agreement with Dimitri Villard. The parties agreed that from July 1, 2012 until June 30, 2013, the Mr. Villard would perform advisory services for the Company, as well as serving as member of our board of directors. Mr. Villard will devote, on a non-exclusive basis, the necessary time, energy and efforts to our business and to use his best efforts and abilities to faithfully and diligently promote our business interests. The Company will pay Mr. Villard \$45,000, consisting of: (i) \$22,500 of shares of our common stock to be issued equally on a monthly basis pursuant to the terms of the agreement (based on the value equal to 50% of the per share price of the common stock sold in the PIPE financing), and (ii) \$22,500 of cash to be paid in monthly payments of \$1,875 pursuant to the terms of the agreement. This agreement expired on June 30, 2013 and Mr. Villard continued receiving compensation on a month to month basis. On September 26, 2013, Mr. Villard signed a new agreement with the Company.

On July 19, 2012, the Company entered into a one-year consulting agreement for business development services with River Star Professional Group. In connection with the agreement, the Company shall pay this consultant 1) a flat rate of \$25,000 plus expenses per acquisition target for due diligence; 2) effective August 1, 2012, \$5,000 per month during the term of the contract, and 3) the Company will pay the Consultant performance fee (the "Performance Fee") at the time of closing of a transaction in the event that Consultant or the designee of the Consultant originates a merger, acquisition or other similar transaction to which the Company is party. Performance Fee will be based on purchase price and will be paid at 5% of the first million dollars, 4% of the second million dollars, 3% of the third million dollars, 2% of the fourth million dollars, 1% of the fifth million dollars and each million over the fifth million. The Performance Fee for any merger or acquisition that the Consultant or designee of the Consultant originates shall include fee sharing with any qualified sell side broker fees. If, at any time within two years after the date of termination of this Agreement, the Company enters into any transaction that has been identified to the Company by Consultant during the term of this Agreement, then the Company shall pay the Performance Fee to Consultant; 4) for assisting the Company in its bridge financing activities, the Company shall provide the consultant 100,000 shares of its common stock; and 5) a bonus fee of 3.0% of the amount of any debt, mezzanine or equity capital invested via any transaction introduced by the consultant. As of August 31, 2013 and May 31, 2013, no merger, acquisition or other similar transaction to which the Company is party was originated by the consultant or the designee of the consultant; thus, no performance fee has been recognized.

On February 15, 2013, the Company entered into an advisory agreement (the "Chord Agreement") with Chord Advisors, LLC ("Chord"). Pursuant to the Chord Agreement, Chord will provide the Company with comprehensive outsourced accounting solutions. The Company will pay Chord \$6,250 for CFO services per month and \$5,000 for Controller/back office services per month for a period of 12 months. The Company's former Chief Financial Officer, David Horin, is the President of Chord. On April 15, 2013, David Horin resigned as Chief Financial Officer.

On February 15, 2013, the Company entered into an advisory agreement (the "Grandview Advisory Agreement") with Grandview Capital Partners, Inc. ("Grandview"). Pursuant to the Grandview Advisory Agreement, Grandview will provide the Company primarily with assistance and advice in seeking out a potential merger or acquisition partner or target. The Company will pay Grandview \$10,000 per month for a period of 18 months and will increase to \$15,000 per month on the completion of the first acquisition of a temporary staffing company by the Company and contemporaneous financing. The Company will further compensate Grandview as its exclusive buy side advisor to locate and facilitate qualified businesses or companies that may desire to have the Company provide financing, (debt or equity) or fund the acquisition of certain of the stock or assets of such business transactions. Grandview will receive a fee between one (1%) and ten (10%) percent of the total transaction, depending on the transaction value, as defined in the Grandview Advisory Agreement. The Company's Chairman of the Board, Principal Financial Officer, and Treasurer, Peter Goldstein is the majority shareholder of Grandview Capital Partners, Inc.

On February 15, 2013, the Company entered into an agreement (the "Trilogy Agreement") with Trilogy Capital Partners, Inc. ("Trilogy"). Pursuant to the Trilogy Agreement, Trilogy will provide the Company primarily with the development and implementation of an investor awareness program designed to create financial market and investor awareness for the Company. The Company will pay Trilogy \$5,000 per month for a period of 18 months. The Company's President, Alfonso J. Cervantes is the majority owner of Trilogy.

On February 14, 2013, the Company entered into a corporate services agreement (the “Pylon Agreement”) with Pylon Management, Inc. (“Pylon”). Pursuant to the Pylon Agreement, Pylon will provide the Company primarily with assistance and advice in identifying out a potential merger or acquisition targets and integrating such acquired business into the Company for a period of eighteen (18) months. Pursuant to the Pylon Agreement, for any M&A Transaction, as defined in the Pylon Agreement, Pylon will receive a fee between three (3%) and five (5%) percent of the Transaction Value, as defined in the Pylon Agreement. Pylon shall also receive equity compensation in the amount of two percent (2%) of the outstanding shares of the Company’s common stock on the date of the first M&A Transaction, and one percent (1%) of the outstanding shares of the Company’s common stock on the date of the second M&A Transaction. All shares of the Company common stock issued under the Pylon Agreement shall have “piggyback” registration rights at the Company’s election and shall be included in any registration statement filed by the Company with the Securities and Exchange Commission. Upon the closing of the first M&A Transaction, the Company will pay a monthly retainer of \$5,000 per month. The Company will also pay Pylon 2% of the net sales of the Company for administrative services rendered, which may be reduced pursuant to the Pylon Agreement. The Agreement may be terminated by either party upon ninety (90) days written notice. On April 26, 2013, the Company acquired TRG. As such, Pylon was issued 175,734 shares based on the terms of his agreement.

On February 15, 2013, Staffing 360 Solutions, Inc. (the “Company”) entered into an advisory agreement (the “Joshua Capital Agreement”) with Joshua Capital, LLC (“Joshua Capital”). Pursuant to the Joshua Capital Agreement, Joshua Capital will provide the Company primarily with advisory and consulting services in connection with the Company’s business operations. The Company will pay Joshua Capital \$10,000 per month for a period of 18 months and will increase to \$15,000 per month on the completion of the first acquisition of a temporary staffing company by the Company and contemporaneous financing. The agreement may be terminated by the Company for cause, as defined in the agreement. Robbie Lee, a shareholder of the Company is the majority shareholder of Joshua Capital, LLC.

Material Agreements

IDC Agreement

On February 11, 2013, the Company entered into a binding Acquisition Agreement (the “IDC Agreement”), by and among IDC Technologies, Inc. (“IDC”) and Prateek Gattani, the sole shareholder of IDC (the “IDC Shareholder”), and upon satisfaction of all the closing conditions, the Company will acquire all the issued and outstanding stock of IDC and IDC will become a wholly owned subsidiary of the Company for an aggregate purchase price of approximately \$13,400,000 (the “Purchase Price”). As of the date hereof, the Company has been unable to finalize a definitive stock purchase agreement with IDC and there is no assurance that we will be able to close this transaction.

CSI Agreement

On August 14, 2013, the Company executed a definitive Stock Purchase Agreement by and among the Company, NewCSI, Inc., a Delaware corporation (“NCSI”), and the shareholders of NCSI (the “NCSI Shareholders”). Pursuant to the Purchase Agreement, the Company will acquire from NCSI (the “Acquisition”) 100% of the issued and outstanding stock of Control Solutions International, Inc., a Florida corporation (“CSI”). Closing will be held within forty five (45) days from the date on which the auditor completes its audit of certain financial statements of NCSI and CCSI, or such other date as the parties may agree in accordance with the Purchase Agreement (see Form 8-K filed with SEC on August 19, 2013).

NOTE 8 - ACQUISITION

On April 26, 2013, the Company consummated the acquisition of 100% of the issued and outstanding stock of TRG, pursuant to a Stock Purchase Agreement (the “TRG Purchase Agreement”) dated March 21, 2013, entered into by and among the Company, TRG and the shareholders of TRG (the “TRG Shareholders”). Prior to the completion of the Company’s audit, the aggregate consideration paid by the Company to the TRG Shareholders for the Acquisition was \$1,665,849, payable as follows: (i) at the closing of the TRG Acquisition (the “Closing”) the Company made cash payments to the TRG Shareholders in an aggregate of \$896,996 and (ii) at the Closing, the Company paid the remaining \$768,853 of the Purchase Price by issuing to the TRG Shareholders of 512,569 restricted shares of the Common Stock at a price of \$1.50 per share. In addition to the Purchase Price, the Company will pay to the Shareholders performance based compensation in an amount in cash equal to the following percentages of TRG’s Gross Profit from the date of Closing through the end of the sixteenth (16th) quarter following the Closing Date (the “Earn Out Period”) not to exceed a total of (\$1,500,000): (i) 20% of the amount of TRG’s gross profit up to and including an aggregate of \$5,000,000 during the Earn Out Period; plus (ii) 7% of the amount of TRG’s gross profit, if any, in excess of an aggregate of \$5,000,000 during the Earn Out Period.

Upon completion of the Company's audit and the valuation of the earn-out liability, the aggregate consideration paid by the Company to the TRG Shareholders for the Acquisition was \$2,509,342 (the "Purchase Price"), payable as follows: (i) at the closing of the TRG Acquisition (the "Closing") the Company made cash payments to the TRG Shareholders in an aggregate of \$907,287 at the Closing, the Company paid the remaining \$410,055 of the Purchase Price by issuing to the TRG Shareholders of 512,569 restricted shares of the Common Stock at a price of \$0.80 per share. In addition to the Purchase Price, the Company will pay to the Shareholders performance based compensation in an amount in cash equal to the following percentages of TRG's Gross Profit from the date of Closing through the end of the sixteenth (16th) quarter following the Closing Date (the "Earn Out Period") not to exceed a total of (\$1,500,000): (i) 20% of the amount of TRG's gross profit up to and including an aggregate of \$5,000,000 during the Earn Out Period; plus (ii) 7% of the amount of TRG's gross profit, if any, in excess of an aggregate of \$5,000,000 during the Earn Out Period. The Company estimates the performance based compensation to total \$1,192,000. The earn-out liability is calculated in accordance with the terms of the TRG Purchase Agreement. The liability was valued by a third party financial advisory firm based on management's best estimates of the projected financial results of TRG over the next four years. The Company adjusts the earn-out liability on a quarterly basis based on actual results. Adjustments are recorded on the statement of operations. During the quarter ended August 31, 2013, the Company paid \$65,040 towards the earn-out liability. At August 31, 2013 the balance of the earn-out liability was \$1,126,960. As a result of the Acquisition, TRG became a wholly-owned subsidiary of the Company and now operates under the name "Cyber 360 Solutions". This transaction was accounted for under the purchase method in accordance with ASC 805.

In connection with the acquisition of TRG, the Company identified and recognized an intangible asset of \$999,729 representing contractual and non contractual customer relationships. The asset is being amortized over the estimated life of the asset of four years. During the three months ended August 31, 2013 and 2012 the Company recognized amortization expense of \$62,483 and \$0, respectively. The Company will recognize amortization expense of \$249,932 in the fiscal year ended 2014, \$249,932 in the fiscal year ended 2015, \$249,932 in the fiscal year ended 2016 and \$229,105 in the fiscal year ended 2017. The Intangible Asset balance at August 31, 2013 is \$916,418.

The following table summarizes the estimated fair values of the assets acquired and liabilities assumed at the date of acquisition:

ASSETS:

Current assets	\$47,881
Intangible assets	999,729
Goodwill	1,467,718

LIABILITIES

Current liabilities	\$5,986
Net purchase price	\$2,509,342

The following unaudited pro forma consolidated results of operations have been prepared as if the acquisition of TRG had occurred as of June 1, 2011:

	Three months ended August 31,	
	2013 (Unaudited)	2012 (Unaudited)
Net revenues	\$1,343,375	\$1,161,191
Net loss from continuing operations	\$(427,491)	\$(242,461)
Net loss per share from continuing operations	\$(0.03)	\$(0.03)
Weighted average number of shares – Basic and diluted	12,869,973	8,132,569

NOTE 9 – CONCENTRATION OF CREDIT RISK

The following table sets forth information as to each customer that accounted for 10% or more of the Company's revenues for the three months ended August 31, 2013. The Company had two customers who contributed approximately \$958,000 or 71% of the Company's net revenues for the three months ended August 31, 2013. These two customers accounted for 73% of the Company's total outstanding accounts receivable. The Company did not generate any revenues for the three months ended August 31, 2012. At August 31, 2012, the Company did not have any outstanding accounts receivable.

Customer	Three Months Ended August 31, 2013	
A	30	%
B	41	%

NOTE 10 – SUBSEQUENT EVENTS

On September 26, 2013, the Board, by unanimous written consent approved remuneration for each of Dimitri Villard and Robert Mayer for their services as directors of the Company. The Company will pay Mr. Villard and Mr. Mayer \$60,000 each over the course of their one year terms, payable in a combination of cash and stock of the Company on the following basis:

annual payments of \$60,000, payable \$5,000 per month as follows (i) 50% in cash, or \$2,500, and (ii) 50% in -restricted common stock of the Company which shall be valued at the lower of \$1.00 or the average bid price of the common stock for the preceding 20 days.

On October 15, 2013, Peter Goldstein submitted his resignation as the Company's Principal Financial Officer, Treasurer and Secretary, effective immediately following the filing of this Report. Mr. Goldstein will continue as Chairman of the Board and as an advisor for the Company. The resignation of Mr. Goldstein was not in connection with any disagreement with the Company on any matter. The Company is currently evaluating potential candidates to fill each of the vacancies left by Mr. Goldstein's resignation.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis of our results of operations and financial condition should be read in conjunction with our financial statements and related notes appearing elsewhere in this Quarterly Report. The discussion should be read along with our financial statements and notes thereto. This section includes a number of forward-looking statements that reflect our current views with respect to future events and financial performance. Forward-looking statements are often identified by words like believe, expect, estimate, anticipate, intend, project and similar expressions, or words which, by their nature, refer to future events. You should not place undue certainty on these forward-looking statements. These forward-looking statements are subject to certain risks and uncertainties that could cause actual results to differ materially from our predictions.

Overview

Staffing 360 was incorporated in the State of Nevada on December 22, 2009, with the name "Golden Fork Corporation". On March 16, 2012, the Company filed the Amendment to change its name from "Golden Fork Corporation" to "Staffing 360 Solutions, Inc."

On February 15, 2012, TRIG Capital Group, an affiliate of the Company, executed an LOI to acquire IDC. On February 21, 2012, TRIG Capital Group assigned the IDC LOI to the Company.

In March 2012, the Company commenced its operations in the international staffing sector pursuant to a consolidation business model.

On July 31, 2012, the Company formed Staffing Alliance. In September 2012, Staffing Alliance commenced operations and in October 2012, we began generating revenues. Staffing Alliance is a wholly-owned subsidiary of the Company. Currently, Staffing Alliance provides temporary staffing solutions to 4 customers and payroll processing services to one customer.

On February 11, 2013, the Company negotiated and entered into the New IDC LOI with IDC. As of the date hereof, we have been unable to finalize a definitive stock purchase agreement with IDC and there is no assurance that we will be able to close this transaction.

On April 26, 2013, the Company consummated the TRG Acquisition, pursuant to the TRG Purchase Agreement dated March 21, 2013, entered into by and among the Company, TRG and the shareholders of TRG. As a result of the Acquisition, TRG became a wholly-owned subsidiary of the Company and now operates under the name "Cyber 360 Solutions" (see Note 8).

Limited Operating History

We intend to acquire domestic and international staffing companies. To date, we operate two entities, Staffing Alliance and Cyber 360 and have been negotiating for other potential acquisitions. We began generating revenues in October 2012. We have generated only minimal revenue to date from these entities and have not demonstrated that we will be able to expand our business. Our business plan is subject to risks inherent in growing an enterprise, including limited capital resources and possible rejection of our business model and/or sales methods and cost overruns.

From inception to August 31, 2013, we raised \$3,218,576 in the form of convertible notes payable, related party notes, accounts receivable financing and through the sale of common stock and warrants. We will be seeking additional financing in the future in order to obtain the capital required to implement our business plan and purchase and operate staffing companies. We have no assurance that future financing will be available to us on acceptable terms. If financing is not available to us on satisfactory terms, we will be unable to continue, develop or expand our operations. Equity financing will result in additional dilution to our existing shareholders.

Results of Operations

For the three months ended August 31, 2013 as compared to the three months ended August 31, 2012

Edgar Filing: Staffing 360 Solutions, Inc. - Form 10-Q

The following table sets forth the results of our operations for the three months ended August 31, 2013 and 2012 indicated as a percentage of net revenues:

	Quarter Ended August 31,		2012	
	2013			
	Dollars	Percentage	Dollars	Percentage
Service revenues	\$ 1,343,375	100 %	\$-	*
Direct cost of services	950,609	71 %	-	*
Gross profit	392,766	29 %	-	*
Operating expenses	806,467	60 %	197,668	*
Loss from operations	(413,701)	(31)%	(197,668)	*
Other expenses	(13,790)	(1)%	(8,413)	*

Provision for income taxes	-	- %	-	*
Net loss	\$(427,491)	(32)%	(206,081)	*

* The Company did not generate any revenues for the three months ended August 31, 2012

Service revenues

We began to generate revenues in October 2012. As of August 31, 2013, the Company had two entities – Staffing Alliance and Cyber 360. Staffing Alliance provides temporary staffing and payroll processing services. Payroll services are performed for which the Company handles basic human resources functions, weekly payroll, direct deposit, W-2's and workers' compensation insurance. Temp staff services include assistance in sourcing and recruitment strategy. Staffing Alliance revenues are derived from gross billings, which are based on (i) the payroll cost of its worksite employees; and (ii) a markup computed as a percentage of the payroll cost. The gross billings are invoiced concurrently with each periodic payroll of its worksite employees. Revenues, which exclude the payroll cost component of gross billings, and therefore, consist solely of markup, are recognized ratably over the payroll period as worksite employees perform their service at the client worksite. Gross billings for the quarter ended August 31, 2013 totaled \$434,968. Staffing Alliance reduced its the gross billings by \$347,781 for employee payroll costs representing wages and associated payroll expenses (taxes, unemployment, workers compensation) paid to employees and tax authorities on behalf of clients for which the Company provides payroll processing services. For the three months ended August 31, 2013, Staffing Alliance had net revenues of \$87,187. Cyber 360 primarily provides IT and information security temporary staffing services for an array of large institutions. They also provide permanent placement, consulting to permanent placement and consulting. Contingent staffing and consulting revenues are recognized when the services are rendered by the Company's contingent employees and consultants. The Company pays all related costs of employment, including workers' compensation insurance, state and federal unemployment taxes, social security and certain fringe benefits.

Permanent placement staffing revenues are recognized when employment candidates typically start their first day of work. The Company offers a 30/60/90 day guarantee. If the employee is terminated or leaves voluntarily during this period, a pro-rated refund is provided. The Company has a substantial history of estimating the effect of permanent placement candidates who do not remain with its client through the guarantee period. Fees to clients are generally calculated as a percentage of the new employee's annual compensation.

Cyber 360 was acquired on April 26, 2013. For the three months ended August 31, 2013, Cyber 360 had revenues of \$1,256,188. For the three months ended August 31, 2012, the company, on a consolidated basis, had revenues of \$1,343,375 compared to \$0 for the three months ended August 31, 2012.

Direct cost of services

Cost of revenues includes the cost of labor and other overhead costs (payroll wages, taxes and related insurance) as they relate to employees (temporary and permanent) as well as sub-contractors and consultants. For the three months ended August 31, 2013 and 2012, cost of revenues was \$950,609 and \$0, respectively.

Gross profit and gross margin

Our gross profit for the three months ended August 31, 2013 and 2012 was \$392,766 and \$0, respectively, representing gross margin of 29% and 0% respectively.

Operating expenses

For the three months ended August 31, 2013, operating expenses amounted to \$806,467 as compared to \$197,668 for the three months ended August 31, 2012, an increase of \$608,799 or 308%. For the three months ended August 31, 2013 and 2012, operating expenses consisted of the following:

	Three Months Ended August 31,	
	2013	2012
General and administrative	\$ 150,226	\$ 26,572
Compensation	278,214	31,465

Edgar Filing: Staffing 360 Solutions, Inc. - Form 10-Q

Consulting fees – related parties	116,250	16,183
Rent – related parties	-	4,500
Amortization of intangible	62,483	-
Depreciation	2,750	-
Professional fees	196,544	118,948
Total operating expenses	\$ 806,467	\$ 197,668

For the three months ended August 31, 2013, the increase in our operating expenses as compared to the three months ended August 31, 2012 was primarily attributable to:

An increase of \$123,654 in general and administrative expenses for the three months ended August 31, 2013 as compared to the three months ended August 31, 2012. The increase is primarily attributable to the implementation of the Company's business plan as well as office expenses related to the Company's subsidiaries which did not exist in 2012.

An increase in compensation of \$246,749. In February 2012, the Company hired its chief executive officer pursuant to an employment agreement. In 2013, the Company hired the president of the Company as well as two senior vice presidents. In addition the increase in compensation also relates to the compensation of the 11 employees working for the Company's subsidiaries.

An increase in consulting fees to related parties incurred for administrative overhead services and business development services of \$100,067. The increase is primarily attributable to the implementation of the Company's business plan specifically researching and adding potential target acquisitions as well as implementing the Company's plan relating to its existing subsidiaries.

The Company's intangible asset which has been deemed Contractual and Non Contractual Customer Relationships is being amortized over the estimated life of the asset of four years. The intangible asset is related to the acquisition of Cyber 360 on April 26, 2013. The amortization of the intangible was calculated for the three months ended August 31, 2013. During the quarter ended August 31, 2013 and 2012 the Company recognized amortization expense of \$62,483 and \$0, respectively.

An increase of \$2,750 in depreciation expense. The increase relates to the fixed assets of the Company's subsidiary, Cyber 360. The Company acquired Cyber 360 in late April 2013.

An increase of \$77,596 in professional fees in the three months ended August 31, 2013 as compared to the three months ended August 31, 2012. The increase primarily relates to increases in accounting, consulting and legal fees relating to the implementation of the Company's business plan specifically due diligence (legal and accounting) of potential acquisition targets. The increase also relates to the professional fees relating to public companies (accounting, auditing, legal, transfer agent, filing fees).

Other Expenses

For the three months ended August 31, 2013, we incurred interest expense of \$13,790 relating to interest from convertible notes payables and accounts receivable financing. Interest expense for the three months ended August 31, 2012 related to interest from convertible notes payables and totaled \$8,117.

Net Loss

As a result of the factors described above, our net losses for the three months ended August 31, 2013 and 2012 were \$427,491 and \$206,081, respectively, or a net loss per common share of \$0.03 and \$0.03 (basic and diluted), respectively.

Liquidity and Capital Resources

Liquidity is the ability of a company to generate funds to support its current and future operations, satisfy its obligations, and otherwise operate on an ongoing basis. We have been funding our operations through the sale of our promissory notes, the sale of the Company's common stock through private offerings and from advances from our majority shareholders/officers/directors.

Through August 2012, the Company was presented as a development stage company. Activities during the development stage included organizing the business and raising capital. In September 2012, Staffing Alliance commenced operations and the Company began to generate revenues. In April 2013, Cyber 360 commenced operations and began generating revenues. Since the Company has incurred losses and currently has negative working capital these unaudited condensed consolidated financial statements have been prepared on a going concern basis, which implies the Company will continue to meet its obligations and continue its operations for the next fiscal year. Realization value may be substantially different from carrying values as shown and these unaudited condensed consolidated financial statements do not include any adjustments to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary if the Company is unable to continue as a going concern. As of August 31, 2013, the Company has a working capital deficiency of \$952,822, and has an accumulated deficit of \$4,097,233, and for the three months ended August 31, 2013 has a net loss and net cash used in operations of \$427,491 and \$409,474, respectively. The continuation of the Company as a going concern is dependent upon the continued financial support from its major shareholders, the ability of the Company to obtain necessary equity financing to continue operations, and through profitable operations from existing subsidiaries and the acquisition of additional entities. These factors raise substantial doubt regarding the Company's ability to continue as a going concern and the outcome of these uncertainties cannot be predicted.

Our primary uses of cash have been for professional fees related to our operations and financial reporting requirement and for the payment of compensation and benefits and consulting fees to related parties. All funds received have been expended in the furtherance of growing the business and implementing our business plan. The following trends are reasonably likely to result in a material decrease in our liquidity over the near to long term:

- An increase in working capital requirements to finance targeted acquisitions,
- Addition of administrative and sales personnel as the business grows,
- Increases in advertising, public relations and sales promotions for existing and new brands as we expand within existing markets or enters new markets,
- The cost of being a public company, and
- Capital expenditures to add technologies.

In October 2012, we began to generate revenues. At August 31, 2013, we had cash of \$230,857. We have funded our operations as follows:

During the period from March 2012 through November 2012, we entered into Note Purchase Agreements with various investors in the aggregate principal amount of \$425,000. The Notes bear interest at the rate of 12% per annum. On January 17, 2013, the Company closed a financing, by entering into a Note Purchase Agreement with an investor whereby the Company sold to the Holder a certain Promissory Note for the principal amount of \$750,000. The Promissory Note accrues interest at a rate of 12% per annum.

During the year ended May 31, 2013, we entered into note agreements with various shareholders/directors/officers of the Company in the aggregate amount of \$56,500. These notes are unsecured, bear interest at 5.0% and are due one year from the respective note date.

During the year ended May 31, 2013, we entered into an agreement under which we borrow money against open accounts receivable. Under this accounts receivable financing arrangement, the Company receives an advance of 90% of the face value of an eligible receivable. Upon collection of the receivable, the advance is repaid and the remaining funds are remitted to the Company. The borrowings carry interest at a rate of .025% per day (9% per annum). At August 31, 2013, \$331,875 was recorded (including interest) to the accounts receivable financing liability.

During the year ended May 31, 2013, the Company completed a closing of a private offering of Units with certain accredited investors for total gross proceeds of \$1,050,000. Pursuant to a subscription agreement with the Purchasers, the Company issued to the Purchasers units consisting of (i) 27,778 shares of common stock and (ii) a three year warrant to purchase 13,889 shares of Common Stock at an exercise price of \$1.80 per Share, for a purchase price of \$25,000 per Unit. In total, the Company sold 42 units totaling 1,166,676 common shares and 583,338 warrants.

In addition, on July 2, 2013 the Company completed a closing of a second private offering for total gross proceeds of \$565,000. The terms of the second offering mirror the first offering. In total, the Company sold 22.6 units totaling 627,783 common shares and 313,892 warrants.

On August 28, 2013, a related party loaned the Company \$155,000 for short term obligations. This loan was non-interest bearing and was repaid on September 3, 2013.

We must raise approximately \$2,500,000 to implement our business plan in order to pursue the acquisition of a broad spectrum of staffing agencies in the IT, financial, accounting, healthcare and banking industries and for working capital. This does not include payments for closing certain acquisitions that we have entered into agreements and/or term sheets with, none of which may ultimately close. Currently, we are unable to generate significant cash flow as a result of our operations. We estimate that based on current plans and assumptions, that our available cash will not be sufficient to satisfy our cash requirements under our present operating expectations, without further financing, for up to 12 months. Currently, we do not have sufficient working capital to fund the expansion of our operations and to provide working capital necessary for our ongoing operations and obligations. We will need to raise significant additional capital to fund our operating expenses, pay our obligations, and grow our company. Therefore our future operations will be dependent on our ability to secure additional financing. Financing transactions may include the issuance of equity or debt securities, obtaining credit facilities, or other financing mechanisms. However, the trading

price of our common stock and a downturn in the U.S. equity and debt markets could make it more difficult to obtain financing through the issuance of equity or debt securities. Even if we are able to raise the funds required, it is possible that we could incur unexpected costs and expenses, fail to collect amounts owed to us, or experience unexpected cash requirements that would force us to seek alternative financing. Furthermore, if we issue additional equity or debt securities, stockholders may experience additional dilution or the new equity securities may have rights, preferences or privileges senior to those of existing holders of our common stock. The inability to obtain additional capital will restrict our ability to grow and may reduce our ability to continue to conduct business operations. If we are unable to obtain additional financing, we will likely be required to curtail our marketing and development plans and possibly cease our operations.

We anticipate that depending on market conditions and our current state of operations, we will incur additional operating losses in the foreseeable future. Therefore, our auditors have raised substantial doubt about our ability to continue as a going concern.

Our liquidity may be negatively impacted by the significant costs associated with our public company reporting requirements, costs associated with newly applicable corporate governance requirements, including requirements under the Sarbanes-Oxley Act of 2002 and other rules implemented by the Securities and Exchange Commission. We expect all of these applicable rules and regulations to significantly increase our legal and financial compliance costs and to make some activities more time consuming and costly.

Operating activities

For the quarter ended August 31, 2013, net cash used in operations of \$409,474 was primarily attributable to the net loss of \$427,491 offset by adjustments totaling \$18,017, which primarily relates to increase in accounts receivable of \$76,322, increase in prepaid expenses of \$4,508, net increase in accounts payable – related parties, accounts payable and accrued expenses of \$30,947, non-cash adjustments of \$65,233 of depreciation and amortization and share based compensation totaling \$2,667. Cash used in operations of \$94,582 in 2012 was primarily attributable to the net loss of \$206,081 offset by adjustments totaling \$111,499, which primarily relates to an increase in accounts payable – related parties, accounts payable and accrued expenses of \$95,374, a decrease in prepaid expenses of \$16,125.

Investing activities

For the quarter ended August 31, 2013, net cash flows used in investing activities was \$65,040 and was attributable to the payment made for the earn-out agreement relating to the acquisition of Cyber 360 on April 26, 2013. For the year ended May 31, 2012, the Company did not record any investing activities.

Financing activities

For the quarter ended August 31, 2013, net cash flows provided by financing activities totaled \$442,549 and was attributable to proceeds relating to accounts receivable financing of \$72,549, proceeds of \$155,000 from a shareholder and \$215,000 relating to proceeds from the sale of common stock. For the quarter ended August 31, 2012, net cash flows provided by financing activities totaled \$121,500 and was attributable to proceeds from convertible notes payable of \$100,000, cash received from related parties notes of \$29,000 offset by the repayment of related parties notes of \$7,500.

Off-Balance Sheet Arrangements

We have no off-balance sheet arrangements.

Critical Accounting Policies and Estimates

Our significant accounting policies are fully described in Note 1 to our unaudited condensed consolidated financial statements for the quarter ended August 31, 2013 contained herein. We believe that the following accounting policies are the most critical to aid you in fully understanding and evaluating this management discussion and analysis.

Our consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America. The preparation of these consolidated financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities. We continually evaluate our estimates, including those related to income taxes, and the valuation of equity transactions. We base our estimates on historical experience and on various other assumptions that we believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Any future changes to these estimates and assumptions could cause a material change to our reported amounts of revenues, expenses, assets and liabilities. Actual results may differ from these estimates under different assumptions or conditions. We believe the following critical accounting policies affect our more significant judgments and estimates used in the preparation of our consolidated financial statements.

Recent Accounting Pronouncements

Accounting standards that have been issued or proposed by FASB that do not require adoption until a future date are not expected to have a material impact on us upon adoption.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

Smaller reporting companies are not required to provide the information required by this item.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures.

We carried out an evaluation, under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, of the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) of the Exchange Act (defined below)). Based upon that evaluation, our principal executive officer and principal financial officer concluded that, as of the end of the period covered in this report, our disclosure controls and procedures were not effective to ensure that information required to be disclosed in reports filed under the Securities Exchange Act of 1934, as amended (the "Exchange Act") is recorded, processed, summarized and reported within the required time periods and is accumulated and communicated to our management, including our principal executive officer and principal financial officer, as appropriate to allow timely decisions regarding required disclosure.

Our management, including our principal executive officer and principal financial officer, does not expect that our disclosure controls and procedures or our internal controls will prevent all error or fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints and the benefits of controls must be considered relative to their costs. Due to the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, have been detected. Accordingly, management believes that the financial statements included in this report fairly present in all material respects our financial condition, results of operations and cash flows for the periods presented.

Change in Internal Control over Financial Reporting.

In addition, our management with the participation of our Principal Executive Officer and Principal Financial Officer have determined that no change in our internal control over financial reporting occurred during or subsequent to the year ended May 31, 2013 that has materially affected, or is (as that term is defined in Rules 13(a)-15(f) and 15(d)-15(f) of the Securities Exchange Act of 1934) reasonably likely to materially affect, our internal control over financial reporting.

A material weakness is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those responsible for oversight of the registrant's financial reporting.

In its assessment of the effectiveness of internal control over financial reporting as of August 31, 2013, the Company determined that there were control deficiencies that constituted material weaknesses, as described below:

- 1) Lack of segregation of duties
- 2) Lack of internal accounting staff

As of the date of this Report, the Company does not intend to remedy the foregoing and therefore such material weaknesses in our control environment and financial reporting process will continue. A system of controls, no matter how well designed and operated, cannot provide absolute assurance that the objectives of the system of controls are met, and no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within a company have been detected.

Continuing Remediation Efforts to address deficiencies in Company's Internal Control over Financial Reporting.

Once the Company is engaged in a business of merit and has sufficient personnel available, then our Board of Directors, in particular and in connection with the deficiencies, will establish the following remediation measures:

- 1) Our Board of Directors intends to nominate an audit committee or a financial expert on our Board of Directors in fiscal 2014; and
- 2) We will appoint personnel to assist with the preparation of the Company's monthly financial reporting including preparation of the monthly bank reconciliations.

PART II-OTHER INFORMATION

Item 1. Legal Proceedings

From time to time, we may become involved in litigation relating to claims arising out of its operations in the normal course of business. We are not involved in any pending legal proceeding or litigation and, to the best of our knowledge, no governmental authority is contemplating any proceeding to which we are a party or to which any of our properties is subject, which would reasonably be likely to have a material adverse effect on our Company.

Item 1A. Risk Factors.

Smaller reporting companies are not required to provide the information required by this item.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

During the period of this Quarterly Report and for the two years prior to this report, all unregistered sales of our securities were previously disclosed in a Current Report on Form 8-K.

Item 3. Defaults Upon Senior Securities.

None.

Item 4. Mine Safety Disclosures.

Not applicable.

Item 5. Other Information.

On September 26, 2013, the Board, by unanimous written consent approved remuneration for each of Dimitri Villard and Robert Mayer for their services as directors of the Company. The Company will pay Mr. Villard and Mr. Mayer \$60,000 each over the course of their one year terms, payable in a combination of cash and stock of the Company on the following basis:

annual payments of \$60,000, payable \$5,000 per month as follows (i) 50% in cash, or \$2,500, and (ii) 50% in -restricted common stock of the Company which shall be valued at the lower of \$1.00 or the average bid price of the common stock for the preceding 20 days.

On October 15, 2013, Peter Goldstein submitted his resignation as the Company's Principal Financial Officer, Treasurer and Secretary, effective immediately following the filing of this Report. Mr. Goldstein will continue as Chairman of the Board and as an advisor for the Company. The resignation of Mr. Goldstein was not in connection with any disagreement with the Company on any matter. The Company is currently evaluating potential candidates to fill each of the vacancies left by Mr. Goldstein's resignation.

Item 6. Exhibits

Exhibit No. Description
