TABLE OF CONTENTS

PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS

The accompanying proxy is solicited by the Board of Directors of Jamba, Inc., a Delaware corporation (Jamba, Company, we, us, and our), for use at its 2014 Annual Meeting of Stockholders to be held on May 9, 2014, or an adjournment or postponement thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. This proxy statement and the enclosed proxy are being made available to stockholders on or about March 28, 2014.

SOLICITATION AND VOTING

Voting Securities. Only stockholders of record as of the close of business on March 21, 2014 (the Record Date) will be entitled to vote at the meeting and any postponement or adjournment thereof. As of the Record Date, there were 17,190,983 shares of common stock of the Company (the Common Stock) outstanding, all of which are entitled to vote with respect to all matters to be acted upon at the 2014 Annual Meeting.

Each stockholder of record as of the Record Date is entitled to one vote for each share of Common Stock held by him or her. Our Bylaws provide that the holders of a majority of the capital stock issued and outstanding and entitled to vote thereat, present in person or represented by proxy, shall constitute a quorum at all meetings of the stockholders for the transaction of business except as otherwise provided by statute or by the Amended and Restated Certificate of Incorporation of the Company, as amended to date (the Restated Certificate). Our current Restated Certificate does not have any other requirements for a quorum of the stockholders. Votes for and against, abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum.

Broker Non-Votes. A broker non-vote occurs when a broker submits a proxy card with respect to shares held in a fiduciary capacity (typically referred to as being held in street name) but declines to vote on a particular matter because the broker has not received voting instructions from the beneficial owner. Under the rules that govern brokers who are voting with respect to shares held in street name, brokers have the discretion to vote such shares on routine matters, but not on non-routine matters. Routine matters include the ratification of selection of auditors. Non-routine matters include the election of directors.

Solicitation of Proxies. We will bear the cost of soliciting proxies. In addition to soliciting stockholders by mail through our employees, we will request banks, brokers and other custodians, nominees and fiduciaries to solicit customers for whom they hold our stock and will reimburse them for their reasonable, out-of-pocket costs. We may use the services of our employees, officers, directors and others to solicit proxies, personally or by telephone, without additional compensation.

Voting of Proxies. Stockholders whose shares are registered in their own names may vote (1) by returning a proxy card, (2) via the Internet at www.proxyvote.com, or (3) by telephone at 1-800-690-6903. Specific instructions to be followed by any registered stockholder interested in voting via the Internet or by telephone are set forth in the notice by mail described below or, if you receive a paper copy of the proxy materials, on the proxy card provided.

Notice and Access Model. The SEC's proxy rules set forth how companies must provide proxy materials. These rules are often referred to as notice and access. Under the notice and access model, a company may select either of the following options for making proxy materials available to stockholders: (i) the full set delivery option; or (ii) the

notice only option. A company may use a single method for all its stockholders, or use full set delivery for some while adopting the notice only option for others. We must comply with these rules in connection with our 2014 Annual Meeting.

Under the full set delivery option a company delivers all proxy materials to its stockholders by mail or, if a stockholder has previously agreed, electronically. In addition to delivering proxy materials to stockholders, the Company must post all proxy materials on a publicly-accessible web site (other than the SEC's web site) and provide information to stockholders about how to access that web site and the hosted materials. Under the notice only option, instead of delivering its proxy materials to stockholders, the Company instead delivers a Notice of Internet Availability of Proxy Materials which outlines (i) information regarding the date and time of the meeting of stockholders as well as the items to be considered at the meeting; (ii) information regarding

1

TABLE OF CONTENTS

the web site where the proxy materials are posted; and (iii) various means by which a stockholder can request paper or email copies of the proxy materials.

In connection with our 2014 Annual Meeting, we have elected to use the notice only option. Accordingly, you should have received a notice by mail instructing you how to access proxy materials at <http://www.proxyvote.com> and providing you with a control number you can use to vote your shares. You may request that the Company deliver paper copies of the proxy materials as well.

All valid proxies received before the meeting will be exercised. All shares represented by a proxy will be voted, and where a proxy specifies a stockholder's choice with respect to any matter to be acted upon, the shares will be voted in accordance with that specification. If no choice is indicated on the proxy, the shares will be voted in favor of the proposal. A stockholder whose shares are registered in their own name has the power to revoke his or her proxy at any time before it is exercised by delivering to the Secretary of the Company a written instrument revoking the proxy or a duly executed proxy with a later date, or by attending the meeting and voting in person. If you hold shares in street name, through a bank, broker or other nominee, please contact the bank, broker or other nominee to revoke your proxy.

Annual Meeting Attendance

You are entitled to attend the 2014 Annual Meeting only if you were a Company stockholder as of the Record Date or you hold a valid proxy for the 2014 Annual Meeting. Since seating is limited, admission to the meeting will be on a first-come first-served basis. You should be prepared to present photo identification for admittance. If you are not a stockholder of record but hold shares as a beneficial owner through a broker, bank, trustee or nominee (i.e., in street name), you should provide proof of beneficial ownership as of the Record Date, such as your most recent account statement prior to the Record Date, a copy of the voting instruction card provided by your broker, bank, trustee or nominee, or other similar evidence of ownership. In addition, the Notice will serve as proof of stock ownership as of the Record Date.

TABLE OF CONTENTS

PROPOSAL NO. 1 ELECTION OF DIRECTORS

In accordance with the Company's bylaws (the Bylaws), the Board of Directors of the Company (hereinafter referred to as the Board or the Board of Directors) has currently set the size of the Board at nine members and there are currently nine members serving. The terms of the current directors expire upon the election and qualification of the directors to be elected at the 2014 Annual Meeting. The Board has nominated eight persons for election at the 2014 Annual Meeting to serve until the 2015 Annual Meeting of Stockholders and until their successors are duly elected and qualified. All nominees for election to the Board are presently directors of Jamba. Brian Swette has not been nominated for re-election but will continue to serve through the end of his current term. Because the Board of Directors remains in the process of seeking candidates for the vacant position on the Board of Directors, we have fewer nominees named than the number fixed by a resolution adopted by the Board of Directors. Stockholders may not vote for a greater number of persons than the number of nominees named. Set forth below is information regarding the nominees to the Board for election as a director.

Each nominee has agreed to be named in this proxy statement and to serve if elected. If any of the nominees declines to serve or becomes unavailable for any reason, or if a vacancy occurs before the election (although we know of no reason to anticipate such an occurrence), the proxies may be voted for such substitute nominee(s) as we may designate.

If a quorum is present and voting, each of the eight nominees receiving a higher number of votes cast for such nominee than against such nominee will be elected. Proxies cannot be voted for more than eight nominees. Abstentions, broker non-votes and withheld votes will not count towards election of any director nominee. Under our Bylaws, if an incumbent director standing for re-election is not re-elected, the director shall tender his or her resignation to the Board. The Nominating and Corporate Governance Committee will make a recommendation to the Board on whether to accept or reject such director's resignation. The Board will act on the Nominating and Corporate Governance Committee's recommendation and publicly disclose its decision and the rationale behind it within 90 days from the date of the certification of the election results. The Nominating and Corporate Governance Committee in making its recommendation, and the Board in making its ultimate decision, may each consider any factors or other information that they consider appropriate and relevant. The director who tenders his or her resignation will not participate in the recommendation of the Nominating and Corporate Governance Committee or the Board's decision with respect to his or her resignation.

If a director's resignation is accepted by the Board, then the Board may fill the resulting vacancy or may decrease the size of the Board as permitted by our Bylaws.

The eight Company nominees to the Board to serve until the next 2015 Annual Meeting and until their successors have been duly elected and qualified are as follows:

Recommendations of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR OUR NOMINEES NAMED ABOVE.

5

TABLE OF CONTENTS

CORPORATE GOVERNANCE

Director Independence

The Board of Directors has determined that, except for James D. White, each of the Company director nominees standing for election has no relationship which, in the opinion of the Board of Directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and is an independent director as defined by the applicable NASDAQ rules and the rules and regulations of the Securities and Exchange Commission (the SEC). In determining the independence of our directors, the Board of Directors has adopted the independence standards that mirror the criteria specified by applicable law and regulations of the SEC and the NASDAQ. In making the determination of independence of our non-management directors, the Board of Directors evaluated the independence of Mr. Heyer in connection with past equity transactions with the Company between and the payment of monitoring fees by the Company to Mistral Capital Management, LLC and its affiliates.

Board Leadership Structure

Our Board leadership structure currently consists of a Chairman, a Chief Executive Officer and a Lead Director. In the current structure, the roles of Chief Executive Officer and Chairman of our Board are combined, and the Lead Director is elected annually by all independent directors. James D. White has served as our Chief Executive Officer since 2008 and as Chairman since the 2010 Annual Meeting of Stockholders. Lesley H. Howe has served as our Lead Director since the 2010 Annual Meeting of Stockholders.

The Board believes that Mr. White is best situated to serve as Chairman because he is the director most familiar with the Company's business and industry, possesses detailed and in-depth knowledge of the issues, opportunities and challenges facing the Company and is thus best positioned to develop agendas that ensure that the Board's time and attention are focused on the most critical matters. The Company's independent directors bring experience, oversight and expertise from outside the Company, while the CEO brings Company-specific experience and expertise. The Board believes that the combined role of Chairman and Chief Executive Officer facilitates information flow between management and the Board, which are essential to effective corporate governance.

Additionally, one of the responsibilities of the Board is to work with management to develop strategic direction and hold management accountable for the execution of strategy once it is developed. The Board believes the combined role of Chairman and Chief Executive Officer, together with an independent Lead Director having the duties described below, is in the best interest of our stockholders because it provides the appropriate balance between strategy development and independent oversight of management.

Mr. Howe was appointed in 2010 by the independent members of our Board as our Lead Director. Mr. Howe has been re-appointed Lead Director contingent upon his re-election to the Board at the 2014 Annual Meeting. Mr. Howe's duties as Lead Director include:

- setting the agenda and serving as chairman for the executive sessions of the independent directors;
- servicing as liaison between the Chairman and the independent directors, including communicating to the Chairman, as appropriate, the results of executive sessions of the independent directors;
- ensuring that independent directors have adequate opportunities to meet without management present, including authority to call meetings of the independent directors;

approving the agenda and information sent in connection with Board meetings and ensuring that the other independent directors also have an opportunity to provide input on the agenda;

approving meeting schedules to assure that there is sufficient time for discussion of all agenda items; and
chairing Board meetings if the Chairman is unable to attend.

Our Board elects our President, Chief Financial Officer, Secretary and all executive officers. All executive officers serve at the discretion of our Board. Each of our officers devotes his or her full time to our affairs. Our directors devote time to our affairs as is necessary to discharge their duties. In addition, our Board has the

TABLE OF CONTENTS

authority to retain its own advisers to assist it in the discharge of its duties. There are no family relationships among any of our directors, officers or key employees.

Board's Role in Risk Oversight

Our Board has an active role, as a whole and also at the committee level, in overseeing management of the risks we face. This role is one of informed oversight rather than direct management of risk. Our Board regularly reviews and consults with management on strategic direction, challenges and risks we face. Our Board also reviews and discusses with management quarterly financial results and forecasts. The Audit Committee of our Board oversees management of financial risks, and its charter tasks the committee to provide oversight of and review at least annually our risk management policies. The Compensation and Executive Development Committee of our Board is responsible for overseeing the management of risks relating to and arising from our executive compensation plans and arrangements. These committees provide regular reports to the full Board.

Management is tasked with the direct management and oversight of legal, financial, and commercial compliance matters, which includes identification and mitigation of associated areas of risk. The Chief Financial Officer provides regular reports of legal risks to our Board and committees. The Chief Financial Officer and the Controller provide regular reports to the Audit Committee concerning financial, tax and audit related risks. In addition, the Audit Committee receives periodic reports from management on our compliance programs and efforts, investment policy and practices and the results of various internal audit projects. Management and the Compensation and Executive Development Committee's compensation consultant provide analysis of risks related to our compensation programs and practices to the Compensation and Executive Development Committee.

Certain Relationships and Related Transactions

The Company has entered into indemnity agreements with certain officers and directors which provide, among other things, that Jamba will indemnify such officer or director, under the circumstances and to the extent provided for therein, for expenses, damages, judgments, fines and settlements he or she may be required to pay in actions or proceedings which he or she is or may be made a party by reason of his or her position as a director, officer or other agent of Jamba, and otherwise to the fullest extent permitted under Delaware law and our Bylaws.

Other than the foregoing, there were no relationships or related party transactions in the fiscal year ended December 31, 2013 requiring disclosure in this Proxy Statement.

Procedures for Approval of Related Person Transactions

Any request for us to enter into a transaction with an executive officer, director or employee, or any of such persons immediate family members or affiliates, must first be presented to our Audit Committee for review, consideration and approval. In approving or rejecting the proposed agreement, our Audit Committee will review each such transaction for potential conflicts of interest or improprieties in a manner consistent with our internal Policy Statement on Related Party Transactions.

Executive Sessions

Non-management directors regularly meet in executive session without management present each time our Board of Directors holds its regularly scheduled meetings.

Committees and Board Meeting Attendance

The Board of Directors has a standing Audit Committee, a Compensation and Executive Development Committee and a Nominating and Corporate Governance Committee. Each of these committees operates under a written charter adopted by the Board of Directors. Copies of these charters can be obtained on our website by going to <http://ir.jambajuice.com> and following the Corporate Governance link. The Board of Directors holds at least four regular meetings each year, with additional meetings as required. The Board of Directors held twelve (12) meetings during Fiscal 2013, either in person or by teleconference. Each of the standing committees of the Board of Directors held the number of meetings indicated in the table below. During Fiscal 2013, each of our incumbent directors attended at least 75% of the total number of meetings of the Board of

7

TABLE OF CONTENTS

Directors and all of the committees of the Board of Directors held during the period in which such director served. Our Corporate Governance Principles and Practices provide that our directors are expected to attend the Annual Meeting of Stockholders. Except Messrs. Heyer and Igelman, all of the directors then serving attended the Company's last Annual Meeting of Stockholders held on May 14, 2013.

Audit Committee

The current members of the Audit Committee are Lesley H. Howe (Chair), Michael A. Depatie and Lorna Donatone. Each of the members of the Audit Committee is independent for purposes of the applicable NASDAQ rules and the rules and regulations of the SEC as they apply to Audit Committee members.

With the assistance of the Company's legal counsel, the Nominating and Corporate Governance Committee reviewed the applicable legal standards and criteria to determine audit committee financial expert status, as well as the answers to annual questionnaires completed by the Board members. On the basis of this review, the Nominating and Corporate Governance Committee delivered a report to the full Board. The Board made a determination that all current members of the Audit Committee are audit committee financial experts based upon the Nominating and Corporate Governance Committee's report and each Board member's review of the information made available to the committee.

The Audit Committee operates under a written charter approved by the Board of Directors, a copy of which can be obtained on our website by going to <http://ir.jambajuice.com> and following the Corporate Governance link. As more fully defined in the committee's charter, the functions of the Audit Committee include retaining our independent registered public accounting firm, reviewing their independence, reviewing and approving the planned scope of our annual audit, reviewing and approving any fee arrangements with our independent registered public accounting firm, overseeing their audit work, reviewing and pre-approving any non-audit services that may be performed by them,

reviewing the adequacy of accounting and financial controls, reviewing our critical accounting policies and reviewing and approving any related party transactions.

Additional information regarding the Audit Committee is set forth in the Report of the Audit Committee immediately preceding Proposal No. 2.

Compensation and Executive Development Committee

The current members of the Compensation and Executive Development Committee are David A. Pace (Chair), Richard L. Federico, Andrew R. Heyer and Brian Swette. Each of the members of the Compensation

and Executive Development Committee is independent for purposes of the applicable NASDAQ rules. The Compensation and Executive Development Committee operates under a written charter approved by the Board of Directors, a copy of which can be obtained on our website by going to <http://ir.jambajuice.com> and following the Corporate Governance link.

As more fully described in the committee's charter, the primary function of the Compensation and Executive Development Committee is to assist the Board of Directors in managing compensation and development for directors and executives. The Compensation and Executive Development Committee's primary duties and responsibilities are to (i) set compensation philosophy and determine executive compensation; (ii) ensure that all components of executive compensation are consistent with the Company's compensation philosophy as in effect from time to time; (iii) evaluate and make recommendations to the Board of Directors on an annual basis concerning compensation of the members of the Board of Directors; and (iv) work with management to devise and execute on an executive development plan and succession planning and practices for the Company. The Compensation and Executive Development Committee's charter does not provide for any delegation of these duties. In addition, the Compensation and Executive Development Committee has the authority under its charter to hire outside consultants and conduct such compensation reviews, investigations and/or surveys as the Compensation and Executive Development Committee may reasonably deem will provide such information as could reasonably and properly be required by the Compensation and Executive Development Committee in the exercise of its duties and responsibilities.

In setting compensation for our members of the Board of Directors, our executive officers provide suggestions on the administration of compensation for our directors to the Compensation and Executive Development Committee. For a description of the role our executive officers play in determining or recommending the amount or form of executive compensation, please see the section below entitled EXECUTIVE COMPENSATION Compensation Discussion and Analysis.

Executive Compensation Processes

The Compensation and Executive Development Committee has implemented an annual performance review program for our executives under which annual performance goals are determined early in each calendar year for each of our executive officers. These goals may include both corporate goals and individual department specific goals that facilitate the achievement of corporate performance. Semi-annual bonuses are tied to the achievement of these performance goals. The payment of an incentive bonus to our President, Chief Executive Officer and our Chairman is determined by our Board of Directors on recommendation from the Compensation and Executive Development Committee, and the payment of an incentive bonus to our other executive officers is determined by the Compensation and Executive Development Committee on recommendation from the President, Chief Executive Officer, in each case following a review of the achievement of semi-annual performance goals.

For all executives, annual base salary increases and Management Incentive Plan bonuses (second half performance period), to the extent awarded, are implemented during the first calendar quarter of the year. In addition, during the third quarter of each year, the Compensation and Executive Development Committee and Board of Directors grant long-term equity and performance awards Management Incentive Plan bonuses (first half performance period). Newly hired and promoted executives may be granted supplemental awards at a committee meeting following their hiring or promotion dates. The Compensation and Executive Development Committee has the authority to retain compensation consultants and other outside advisors to assist in the evaluation of executive officer compensation. During 2013, the Compensation and Executive Development Committee retained an independent compensation consultant, Frederic W. Cook and Co., Inc., to assist the Compensation and Executive Development Committee with the Company's executive and non-employee director compensation programs.

Risk Considerations in Executive Compensation

Our Compensation and Executive Development Committee has discussed the concept of risk as it relates to our compensation programs, including our executive compensation program, and our Compensation and Executive Development Committee does not believe that our compensation programs encourage excessive or inappropriate risk taking. As described more fully in the section below entitled EXECUTIVE COMPENSATION COMPENSATION Compensation Discussion and Analysis, we structure our pay to consist of both fixed and

9

TABLE OF CONTENTS

variable compensation. The fixed (or salary) portion of compensation is designed to provide a steady income regardless of our stock price performance so that executives do not feel pressured to focus exclusively on stock price performance to the detriment of other important business metrics. The variable (cash bonus and equity) portions of compensation are designed to reward both intermediate and long-term corporate performance and generally are tied to the achievement of company-wide and individual department-specific goals. Goals are both financial and non-financial, and while largely formula-based, there is also an appropriate level of discretion in determining incentive payouts. We believe that applying company-wide metrics encourages decision-making by our executives that is in the best long-term interest of our company and stockholders. Further, we believe that these variable elements of compensation constitute a sufficient percentage of overall compensation to motivate our executives to produce superior short, intermediate and long-term corporate results, while the fixed element is also substantial enough that our executives are not encouraged to take unnecessary or excessive risks in doing so. Finally, there are additional risk mitigating policies in place such as insider trading prohibitions and independent Compensation and Executive Development Committee oversight.

Compensation Committee Interlocks and Insider Participation

No member of the Compensation and Executive Development Committee is or has been an officer or employee of the Company during Fiscal 2013. During Fiscal 2013, no member of the Compensation and Executive Development Committee had any relationship with the Company requiring disclosure under Item 404 of Regulation S-K. During Fiscal 2013, none of the Company's executive officers served on the Compensation and Executive Development Committee or Board of Directors of another entity any of whose executive officers served on the Company's Compensation and Executive Development Committee or Board of Directors.

Nominating and Corporate Governance Committee

The current members of the Nominating and Corporate Governance Committee are Richard L. Federico (Chair), Marvin Igelman and David A. Pace. Each of the members of the Nominating and Corporate Governance Committee is independent for purposes of the applicable NASDAQ rules. The Nominating and Corporate Governance Committee operates under a written charter approved by the Board of Directors, a copy of which can be obtained on our website by going to <http://ir.jambajuice.com> and following the Corporate Governance link.

As more fully defined in the committee's charter, the Nominating and Corporate Governance Committee considers qualified candidates for appointment and nomination for election to the Board of Directors and makes recommendations concerning such candidates, develops corporate governance principles for recommendation to the Board of Directors and oversees the regular evaluation of our directors and management.

Director Nominations Criteria and Diversity

The Board of Directors has adopted a Director Qualifications and Nominations Policy, the purpose of which is to describe the process by which candidates for possible inclusion in the Company's slate of director nominees are selected. The Director Qualifications and Nominations Policy is administered by the Nominating and Corporate Governance Committee.

The Nominating and Corporate Governance Committee annually evaluates the current members of the Board of Directors whose terms are expiring and who are willing to continue in service against the criteria set forth below in determining whether to recommend these directors for election. The Nominating and Corporate Governance

Edgar Filing: JAMBA, INC. - Form DEF 14A

Committee regularly assesses the optimum size of the Board of Directors and its committees and the needs of the Board of Directors for various skills, background and business experience in determining if the Board of Directors requires additional candidates for nomination.

In fulfilling its responsibilities, the Nominating and Corporate Governance Committee considers, among other things, the following factors in reviewing possible candidates for nomination as director:

the appropriate size of the Company's Board of Directors and its Committees;
the perceived needs of the Board of Directors for particular skills, background and business experience;

10

TABLE OF CONTENTS

the skills, background, reputation, and business experience of nominees compared to the skills, background, reputation, and business experience already possessed by other members of the Board of Directors;

nominees' independence from management;

applicable regulatory and listing requirements, including independence requirements and legal considerations, such as antitrust compliance;

the benefits of a constructive working relationship among directors; and

the desire to balance the considerable benefit of continuity with the periodic injection of the fresh perspective provided by new members.

The Nominating and Corporate Governance Committee does not assign specific weights to particular criteria and no particular criterion is a prerequisite for any prospective nominee.

While the Nominating and Corporate Governance Committee does not have a formal policy on diversity with regard to consideration of director nominees, the Nominating and Corporate Governance Committee considers diversity in its selection of nominees and seeks to have a Board of Directors that brings to the Company a variety of perspectives and skills derived from high quality business and professional experience. Our Board of Directors recognizes its responsibility to ensure that nominees for our Board of Directors possess appropriate qualifications and reflect a reasonable diversity of personal and professional experience, skills, backgrounds and perspectives, including those backgrounds and perspectives with respect to age, gender, culture, race and national origin. We believe that the backgrounds and qualifications of our directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow the Board of Directors to promote our strategic objectives and to fulfill its responsibilities to our stockholders.

Candidates for nomination as director come to the attention of the Nominating and Corporate Governance Committee from time to time through incumbent directors, management, stockholders or third parties. These candidates may be considered at meetings of the Nominating and Corporate Governance Committee at any point during the year. Such candidates are evaluated against the criteria set forth above. If the Nominating and Corporate Governance Committee believes at any time that it is desirable that the Board of Directors consider additional candidates for nomination, the Nominating and Corporate Governance Committee may poll directors and management for suggestions or conduct research to identify possible candidates and may engage, if the Nominating and Corporate Governance Committee believes it is appropriate, a third party search firm to assist in identifying qualified candidates.

The Nominating and Corporate Governance Committee will evaluate any recommendation for director nominee proposed by a stockholder. In order to be so evaluated, any recommendation for director nominee submitted by a stockholder must be sent in writing to the Corporate Secretary, Jamba, Inc., 6475 Christie Avenue, Suite 150, Emeryville, CA 94608, 120 days prior to the anniversary of the date proxy statements were released to stockholders in connection with the prior year's annual meeting of stockholders and must contain the following information:

the candidate's name, age, contact information and present principal occupation or employment; and a description of the candidate's qualifications, skills, background, and business experience during, at a minimum, the last five years, including his/her principal occupation and employment and the name and principal business of any corporation or other organization in which the candidate was employed or served as a director.

All directors and director nominees must submit a completed form of directors' and officers' questionnaire as part of the nominating process. The evaluation process may also include interviews and additional background and reference checks for non-incumbent nominees, at the discretion of the Nominating and Corporate Governance Committee.

The Nominating and Corporate Governance Committee will evaluate incumbent directors, as well as candidates for director nominee submitted by directors, management and stockholders consistently using the

TABLE OF CONTENTS

criteria stated in its policy and will select the nominees that in the Nominating and Corporate Governance Committee's judgment best suit the needs of the Board of Directors at that time.

Our Bylaws permit stockholders to nominate directors for consideration at annual meetings, provided the advance notice requirements set forth in our Bylaws have been properly met.

Communications with Directors

Stockholders may communicate with any and all members of our Board of Directors by transmitting correspondence by mail or facsimile addressed to one or more directors by name (or to the Chairman, for a communication addressed to the entire Board of Directors) at the following address and fax number:

If multiple communications are received on a similar topic, the Corporate Secretary may, in his or her discretion, forward only representative correspondence.

The Chairman of the Board of Directors will determine whether any communication addressed to the entire Board of Directors should be properly addressed by the entire Board of Directors or a committee thereof. If a communication is sent to the Board of Directors or a Committee, the Chairman of the Board, or the Chairman of that committee, as the case may be, will determine whether a response to the communication is warranted. If a response to the communication is warranted, the content and method of the response will be coordinated with our Vice President of Legal Affairs.

Stock Ownership Guidelines

Each member of our Board of Directors is required to acquire and maintain, individually or through their affiliates, a minimum of \$100,000 of shares of the Company's common stock during the term of his or her service on the Board, with the value measured by the greater of the aggregate purchase price paid for such shares or the current market price. New members of the Board shall have two years from the date on which their service begins in which to attain the required ownership level. Any director who falls short of the guideline will be deemed in compliance as long as such director retains all stock compensation until the required level of ownership is met.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Company's Board of Directors is composed of three members and acts under a written charter adopted and approved by the Board of Directors in 2006. The members of the Audit Committee are independent as defined by its charter, the NASDAQ Global Market listing standards and the Securities Exchange Act.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the system of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed the audited financial statements in the Annual Report on Form 10-K for the fiscal year ended December 31, 2013 with management, which review included a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee reviewed and discussed with KPMG LLP, the Company's independent registered public accounting firm, who is responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States of America, its judgment as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards, including Statement on Auditing Standards No. 114 (Communication with Audit Committees), as amended. The independent registered public accounting firm also provided the Audit Committee with the written disclosures required by applicable professional and regulatory standards relating to KPMG's independence from the Company, including the Public Company Accounting Oversight Board pertaining to the independent accountant's communications with the Audit Committee concerning independence. The Audit Committee also reviewed and pre-approved all fees paid to the independent registered public accountants and considered whether KPMG's provision of non-audit services to the Company was compatible with the independence of the independent registered public accountants. The Audit Committee concluded that the independent registered public accountants are independent from the Company and its management.

The Audit Committee discussed with the Company's independent registered public accounting firm the overall scope and plans for their audit. The Audit Committee met with the independent registered public accounting firm, with and without management present, to discuss the results of their examination, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Company's Board of Directors, and the Board approved, that the Company's audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2013 for filing with the SEC.

PROPOSAL NO. 2

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors requests that stockholders ratify the selection of KPMG LLP as its independent registered public accounting firm to audit the consolidated financial statements of the Company for the fiscal year ending December 30, 2014 (Fiscal 2014). KPMG LLP has acted in such capacity since its appointment in fiscal year 2008.

A representative of KPMG LLP is expected to be present at the 2014 Annual Meeting with the opportunity to make a statement if the representative desires to do so, and is expected to be available to respond to appropriate questions. At the 2014 Annual Meeting, the stockholders are being asked to ratify the selection of KPMG LLP as the Company's independent registered public accounting firm for Fiscal 2013. If the selection of KPMG LLP as auditors for Fiscal 2014 is not approved by stockholders, the adverse vote will be considered by the Audit Committee in its decision to retain KPMG as auditors for 2014. Even if this selection is ratified, the Audit Committee, in its discretion, may direct the engagement of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of the Company and its stockholders.

Fees for Professional Services

The following table sets forth the aggregate fees billed to the Company for the fiscal year ended December 31, 2013 (Fiscal 2013) and fiscal year ended January 1, 2013 (Fiscal 2012) by its independent registered public accounting firm, KPMG LLP:

	Fiscal 2013 (52 weeks)	Fiscal 2012 (52 weeks)
Audit Fees ⁽¹⁾	\$ 747,700	\$ 731,300
Audit-Related Fees ⁽²⁾	22,000	22,000
Tax Fees	101,495	57,400
All Other Fees		
Total Fees	\$ 871,195	\$ 810,700

(1) Audit Fees consist of fees billed for professional services rendered for the audit of the Company's consolidated annual financial statements and review of the interim consolidated financial statements included in quarterly reports and services that are normally provided by our independent registered public accountants in connection with statutory and regulatory filings or engagements.

(2) Audit-Related Fees consist of fees billed for assurance and related services that are reasonably related to the performance of the audit or review of the Company's consolidated financial statements and are not reported under Audit Fees.

The Audit Committee has considered whether the provisions of services described in the table above are compatible with maintaining auditor independence. Unless a type of service has received general pre-approval, it will require

separate pre-approval by the Audit Committee. The Audit Committee has delegated its pre-approval authority to its Chairman, provided the Chairman reports any pre-approval decisions to the full Audit Committee at its next regularly scheduled meeting. The independent registered public accounting firm and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval process. During Fiscal 2013 and Fiscal 2012, all fees paid to our independent auditors were pre-approved in accordance with this policy without exception.

Vote Required and Board of Directors Recommendation

Approval of this proposal requires the affirmative vote of a majority of the shares present or represented by proxy and entitled to vote on this proposal. If you hold your shares in your own name and abstain from voting on this matter, your abstention will have the same effect as a negative vote. If you hold your shares through a broker and you do not instruct the broker on how to vote on this proposal, your broker will have authority to vote your shares on a discretionary basis in favor of the proposal.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Introduction

This Compensation Discussion and Analysis is intended to provide an explanation of our compensation program relating to Fiscal 2013, with particular focus on our Chief Executive Officer (CEO) and the other listed executives as presented in the 2013 Summary Compensation Table that follows this discussion (herein referred to as the Named Executive Officers). For 2013, our Named Executive Officers were:

James D. White, Chief Executive Officer and President

Karen L. Luey, Executive Vice President, Chief Financial Officer, Chief Administrative Officer and Secretary

Chris Beeson, Senior Vice President, Operations

Bruce Schroder, Executive Vice President and Chief Operating Officer (departed Jamba effective October 8, 2013)

Julie S. Washington, Senior Vice President and Chief Brand Officer

Executive Summary

2013 Performance

During 2013, we focused on establishing consistent organic growth in revenue and profitability by transforming Jamba into a globally recognized healthy, active lifestyle brand and strengthening our total brand value through product innovations, including consumer loyalty and engaging national and local marketing programs and national scale partnerships. Fiscal 2013 was a successful but challenging year. Our financial results for Fiscal 2013 reflect a modest improvement over Fiscal 2012 as we operated in an environment of reduced consumer spending, adverse weather in key markets and heightened competition. However, we made significant progress on several key strategic and operational priorities as we executed upon our BLEND Plan 3.0 (our BLEND Plan), which provides continuity of our previous BLEND Plans and a blueprint for building total brand value, with strategic priorities focused on innovation and developing new products, becoming a lifestyle brand, expanding growth initiatives, partners, channels and markets, and driving business efficiencies. Highlights of our Fiscal 2013 financial performance include:

Jamba's total stockholder return increased by 11% in Fiscal 2013;

Net income for Fiscal 2013 was \$2.1 million, compared to net income of \$0.3 million for Fiscal 2012;

EBITDA¹ was \$13.3 million, compared to \$11.7 million for Fiscal 2012;

Company-owned comparable store sales increased by 0.5% compared to the prior year, reflecting the third consecutive fiscal year of comparable store sales growth; and

General and administrative expenses decreased 7.4% to \$37.8 million for the year compared to \$40.8 million for the prior year.

Highlights of our strategic achievements include our progress on several key priorities to strengthen our brand with successful juice and smoothie innovations, initiating marketing programs with strategic partners such as Disney and ISIS, and our expanded global retail store growth where we added new channel strength

¹EBITDA is calculated as earnings before interest, taxes, depreciation and amortization and as specifically identified

in the non-GAAP reconciliation schedules set forth in Appendix A. Management uses this non-GAAP measure to further understand the Company's core business operating performance. The Company believes its core business operating performance represents the Company's on-going performance in the ordinary course of its core operations. Accordingly, the Company excludes from its core operating performance those items whose impact are not reflective of its core operations such as (a) interest income, (b) interest expense, (c) income taxes and (d) depreciation and amortization.

and continued to explore new ways to reduce costs and improve productivity. We opened 69 stores globally, including 25 Smoothie Stations, and added over 1,000 JambaGO units to retail store cafes at Target Stores across the United States. Overall, we believe these actions have positioned Jamba for accelerated growth in 2014.

2013 Compensation Decisions

In Fiscal 2013, we implemented incentive compensation programs to reward employees, including our Named Executive Officers, for the attainment of business and financial measures that enhance stockholder value and achievements which support our BLEND Plan. The following lists key compensation actions for 2013 with respect to our Named Executive Officers:

Base Salary. Based on an assessment of individual performance, responsibility levels, and competitive pay practices, we increased the base salary for Mr. White by 4.3%, Ms. Luey by 7.3%, Mr. Schroder by 8.0% and Ms. Washington by 5.3%. Mr. Beeson had one increase at the beginning of the year by 2.5% and in recognition of additional responsibilities, received an additional increase of 18.4%.

Cash Incentive Compensation. Based upon our 2013 financial and operational performance described above, we awarded cash bonuses under our Management Incentive Plan ranging from 21% to 23% of our annual performance bonus targets, reflecting achievement of all financial performance targets but not all strategic performance targets in the first performance period. We awarded no bonus for the second half of the year due to falling short of the EBITDA financial performance target, though we had achieved other financial and strategic performance targets in the second performance period.

Equity Compensation. As part of our focus on competitive pay practices, retention and long-term goals, our equity compensation program in 2013 continued as a mix between 50% performance-based restricted stock units (performance-based RSUs) and 50% time-vested restricted stock units (time-vested RSUs). We believe this mix aligns the interests of our executives with those of our stockholders, as the awards only have value if certain performance goals are met or the Company's stock price increases. The performance-based RSUs are based on relative total stockholder return (TSR) versus a peer group restaurant index, measured over a one-year, two-year, and three-year performance period.

Share Ownership Guidelines. In 2013, we adopted Management Stock Ownership Guidelines to further align the interests of members of senior management with the interests of our stockholders and to encourage management ownership of our common stock.

Summary of Other Major Program Elements

Other significant elements of the Company's compensation program that continue to reinforce stockholder alignment, its long-term retention strategy and what the Compensation and Executive Development Committee considers best practices are the following:

Compensation decisions are made by an independent compensation committee and an independent compensation consultant engaged by the Compensation and Executive Development Committee.

The Company maintains share ownership guidelines, which as mentioned above, were adopted in 2013.

The Company maintains an insider trading policy and a prohibition on hedging Company securities.

The Compensation and Executive Development Committee conducts an annual risk assessment.

Any equity acceleration requires a double trigger (a qualifying termination in connection with a change in control).

In addition, the Company does not maintain or grant any of the following with respect to our executive officers:

- Tax reimbursements or gross-ups;
- Any special perquisites or benefits, except in limited circumstances; or
- Supplemental retirement plans.

TABLE OF CONTENTS

Say-on-Pay

The Company is required to permit a separate non-binding stockholder vote to approve the compensation of its executives, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission.

This proposal, commonly known as a Say-On-Pay proposal, permits stockholders to endorse or not endorse the Company's executive compensation program. Because the stockholders' vote is advisory, it will not be binding on the Company. However, when setting compensation and in determining compensation policies, our Compensation and Executive Development Committee takes into account the results of the vote.

The last stockholder advisory vote on executive compensation was in May 2011 when stockholders voted in favor of the compensation of our Named Executive Officers as disclosed in the proxy statement for the 2011 Annual Meeting. Approximately 99% of votes cast were voted in favor of the Company's executive compensation. Stockholders also supported the Board's recommendation to hold advisory votes on a tri-annual basis. As a result of the overwhelming support for the program, the Compensation and Executive Development Committee did not make any significant changes to the program at that time. The Compensation and Executive Development Committee believes that the result of these votes is evidence that the Company's compensation policies and decisions are in the best interests of its stockholders. However, the Compensation and Executive Development Committee has continued to be mindful of stockholder preferences since that time, and as a result, has made enhancements to the program since 2011 in support of Jamba's pay-for-performance philosophy. Stockholders will vote on the compensation program again at the 2014 annual stockholders meeting as discussed on page 43 of this proxy statement.

Compensation Process and Oversight

Compensation and Executive Development Committee

Our Compensation and Executive Development Committee has the responsibility for establishing, implementing and monitoring our compensation philosophy and programs. The Compensation and Executive Development Committee determines compensation for our executives, including annual base salary, non-equity incentive plan payments, equity awards and all other compensation and compensation procedures applicable to our Named Executive Officers. Our Compensation and Executive Development Committee is composed of members who are not, and never have been, employees of the Company.

Role of Senior Management and Consultant in Compensation Decisions

While the Compensation and Executive Development Committee does not delegate any of its functions to others in setting compensation, several members of senior management participate in the Compensation and Executive Development Committee's executive compensation process. For example, the Compensation and Executive Development Committee takes into consideration recommendations of our CEO on compensation decisions for executive officers other than himself, based on performance reviews he conducts with each of the executive officers, including the Named Executive Officers. Our CEO does not participate in discussions regarding his own compensation.

Historically, the Compensation and Executive Development Committee has retained compensation consultants to assist it in its review of Named Executive Officer compensation. The Compensation and Executive Development Committee has used the findings and recommendations of compensation consultants to help ensure that management's compensation recommendations are in line with the Company's priorities, properly incentivize actions that improve Company performance, and are reasonable when compared to the market for executive talent. In addition, the

Compensation and Executive Development Committee believes that the engagement of an independent consultant from time to time helps enhance the overall independence of the Compensation and Executive Development Committee's decision-making. As will be discussed below, in Fiscal 2013, the Compensation and Executive Development Committee engaged Frederic W. Cook & Co., Inc. (Frederic W. Cook) as a consultant. As part of its services, Frederic W. Cook:

- Participates in the design of executive compensation programs to help the committee evaluate the linkage between pay and performance;
- Reviews market data and advises the committee on recommending the Chief Executive Officer's compensation levels to the Board;
- Reviews and advises the committee regarding the compensation of the other executive officers;

Reviews and advises the committee regarding director compensation; and Assists with an annual risk assessment of the Company's compensation programs.

Frederic W. Cook does not perform any other work on behalf of management or the Company. The Compensation and Executive Development has assessed the independence of Frederic W. Cook and concluded that no conflict of interest exists that would prevent Frederic W. Cook from independently representing the Compensation and Executive Development Committee. The Compensation and Executive Development Committee intends to continue retaining the services of third party executive compensation specialists from time to time, as the Compensation and Executive Development Committee deems necessary or helpful, in connection with the establishment and development of our compensation philosophy and programs.

Competitive Compensation Data

To assist with the determination of the compensation made to our executive officers for Fiscal 2013, the Compensation and Executive Development Committee asked Frederic W. Cook to benchmark executive compensation and to provide a comparison of total and individual elements of executive compensation provided to our executive team, relative to compensation paid to individuals holding similar positions at companies in our executive compensation peer group (described below). Frederic W. Cook worked with our human resources department and management to access our data and review our compensation practices and philosophy and provided the Compensation and Executive Development Committee with benchmarking information including competitive data on pay levels and pay practices.

To support our objective of developing an executive compensation program that is sufficiently competitive to attract and retain key executives who can support and execute our BLEND Plan, the Compensation and Executive Development Committee evaluated executive compensation information from a specific group of comparable companies. This process allowed the Compensation and Executive Development Committee to set total compensation at levels for Fiscal 2013 that it believes are appropriate to retain and motivate our Named Executive Officers, and to develop a compensation program that supports our financial and strategic revitalization.

The Compensation and Executive Development Committee, with the assistance of Frederic W. Cook, identified our executive compensation peer group, selecting companies that are similar to us in industry, revenue, net income, number of employees and market capitalization. In determining our Fiscal 2013 peer group, the Compensation and Executive Development Committee selected companies in the quick service restaurant and fast casual dining spaces with revenues ranging from \$71 million to \$751 million and market capitalization ranging from \$70 million to \$1.273 billion, with the goal of assembling the group to position Jamba at the median in both size categories.

The companies that comprised our Fiscal 2013 executive compensation peer group were:

Diversified Restaurant	Kona Grill	Nathan's Famous
Carrol's Restaurant	Fiesta Restaurant Grp	Denny's
BJ's Restaurants	Krispy Kreme	Ignite Restaurant
Bravo Brio	Ruth's Hospitality	Noodles & Company
Biglari Holdings	Frisch's Restaurants	AFC Enterprises
Luby's	Sonic	Famous Dave's
Chuy's	Einstein Noah	Ark Restaurant

In making its executive compensation decisions, the Compensation and Executive Development Committee considered the competitive data provided by Frederic W. Cook. The Compensation and Executive Development

Committee does not target a specific percentile for pay, but uses the median-to-75th percentile range as a guide for making its pay decisions with respect to all pay elements. In selecting this range, the Compensation and Executive Development Committee acknowledged the extremely competitive market in the San Francisco bay area, which also has an above-average cost of living. While the Compensation and Executive Development Committee considers relevant market pay practices when setting executive compensation, it does not believe that it is appropriate to establish compensation levels based only on market

practices. The factors that influence the amount of compensation awarded include market competition for a particular position, an individual's experience and past performance inside or outside the Company, compensation history, role and responsibilities within the Company, past and future performance objectives, value of the position within the Company, and the Company's financial performance.

Objectives and Components of Our Executive Compensation Program

The primary objectives of our executive compensation program are as follows:

Deliver pay for performance;
Drive strong business results;
Support teamwork; and
Attract and retain strong talent.

We believe that pursuing these objectives will help us attract and retain qualified executives who are results oriented, engaged and passionate about our brand and are able to help us execute our BLEND Plan. The ability to embrace our mission and culture are also important components in driving these objectives.

Our compensation programs provide a mix of fixed compensation and short-term and long-term incentive awards tied to the achievement of specific business objectives, corporate financial goals, and individual performance. We strive to be competitive in a challenging economic environment, with the ultimate objective of improving stockholder value. In addition, we work to ensure that our compensation program is perceived as fundamentally fair to all stockholders.

Program Elements

The compensation program for our executive officers consists of the following elements:

Base Salary;
Non-Equity Incentive Compensation;
Equity Based Incentive Compensation; and
General Team Member Benefits.

The exact base pay, cash incentive bonus targets and equity grant amounts are set at a level designed to attract and retain the best people available that possess the skills necessary to help us execute our BLEND Plan.

Base Salary

Base salary is the fixed portion of executive pay and is set to reward an individual's current contributions to the Company and to compensate them for their expected day-to-day performance. The Compensation and Executive Development Committee determines base salary levels for executives on an annual basis. Increases in salaries are generally based on both individual performance and our merit increase budget for the year. Other factors that may influence setting of or changes in base salary levels include total company performance, the executive's experience, responsibilities, management abilities and job performance, current market conditions and analysis of competitive salaries payable for similar positions at other comparable companies. Salary increases may also be awarded in connection with an individual's promotion to a new role. After consideration of peer group compensation data for the industry and the relative responsibilities and contributions of the executive officers, the Compensation and Executive Development Committee increased the annual salaries of certain of the Company's executive officers, including the Company's Named Executive Officers listed below.

Annual Non-Equity Incentive Compensation

We believe that non-equity incentive compensation in the form of a short-term cash incentive bonus is an important factor in motivating our management team as a whole, and individual executives in particular, to perform at their highest level toward achievement of the objectives set forth in our BLEND Plan. Under our Management Incentive Plan, the Compensation and Executive Development Committee was provided the authority to establish performance periods, to set performance goals and to determine the relative weight to be given to each performance goal. The Compensation and Executive Development Committee selected two performance periods for 2013, with the initial performance period consisting of the first and second fiscal quarters and the second performance period consisting of the third and fourth fiscal quarters. Payouts under our Management Incentive Plan are made at the conclusion of each performance period after determination of metrics achieved.

Each participant was eligible for a target award, based on the participant's base salary and position, as follows:

Title	Target Award as a % of Base Salary During Performance Periods	
President and Chief Executive Officer	100	%
President Stores/Chief Operating Officer	65	%
Chief Financial Officer, Chief Administrative Officer & Secretary	65	%
Senior Vice President	50	%

The components of each target metric are weighted differently based on each participant's position with the Company, and the award is based on achievement of one or more of the performance goals to the extent of the weighting, as follows:

Position	Weighting			Personal Objectives	
	Co. Objective	Dept. Strategic Objectives			
President and Chief Executive Officer	75 %	25 %	0 %	0 %	
President Stores	70 %	30 %	0 %	0 %	
Chief Financial Officer, Chief Administrative Officer & Secretary	70 %	30 %	0 %	0 %	
Senior Vice President	60 %	30 %	10 %	0 %	

First Performance Period

The criteria approved by the Compensation and Executive Development Committee for the first performance period consisted of a financial component, a strategic component and, with respect to Named Executive Officers at the Senior Vice President level, a personal component, as set forth in the table below. If the EBITDA for the performance period did not reach the threshold amount determined, no amounts would be payable with respect to the plan. If the EBITDA for the performance period exceeded the threshold amount, and the other financial metrics were met, an amount would be payable based upon a sliding scale between 85% and 140% of participant's targeted amounts with respect to the

financial metrics. The strategic goals are achieved on an all-or-nothing basis, with such achievement determined at the discretion of the Compensation and Executive Development Committee. The target amounts are divided evenly between the two performance periods such that 50% of each targeted amount is attributable to each performance period.

TABLE OF CONTENTS

First Half 2013

Components	Performance Goals	Actual Performance
Financial	EBITDA of \$10.3 million (threshold)	Achieved at threshold level
	EBITDA of \$13.8 million (maximum)	
Strategic	G&A expense target (excluding bonus and other one-time expenses) of \$18.3 million or less	Achieved
	Positive Comparable Company Same Store Sales	Achieved
	Store of the Future Expanded number of units and platforms	Achieved
	Operational Improvements at the store level to drive profit margin	Not Achieved
Personal	Retail Growth Platform increase number of units	Not Achieved
	Organization Redesign	Achieved
	Ms. Washington and Mr. Beeson	Achieved

In the first performance period, the EBITDA goal exceeded the threshold amount and the other financial components were met, providing for payment with respect to the financial objectives. However, with respect to the Company strategic objectives, some but not all of the strategic goals were achieved, so no amounts were payable with respect to the strategic goals. Based upon the Company's payment with respect to financial objectives but no payment with respect to strategic objectives (and achievement of personal objectives for executives where applicable), bonus payouts for the period ranged from 45% to 46% of overall target for executives, with the Compensation and Executive Development Committee approving a \$1.1M payout to be distributed to the participants of the Management Incentive Plan. From this amount, Mr. White was paid an amount based upon achievement of 45% of the target bonus and the other Named Executive Officers were paid amounts based upon achievements of 45-46% of their target bonus. The achievement percentages based upon the amount of bonus paid to the participant divided by the product of the target award percentage, the base salary of the participant attributable to the performance period and the applicable weighing of the objectives with respect to such participant. See the 2013 Summary Compensation Table for payouts under our Management Incentive Plan to all Named Executive Officers.

Second Performance Period

The guidelines approved by the Compensation and Executive Development Committee for the second performance period consisted of a financial component, a strategic component and, with respect to Named Executive Officers at the Senior Vice President level, a personal component, as set forth in the table below. As with the first performance period, if the EBITDA for the performance period did not reach the threshold amount determined, no amounts would be payable with respect to the plan. If the EBITDA for the performance period exceeded the threshold amount, and the other financial metrics were met, an amount would be payable based upon a sliding scale between 85% and 140% of participant's targeted amounts with respect to the financial metrics. The strategic goals are achieved on an all-or-nothing basis, with such achievement determined at the discretion of the Compensation and Executive Development Committee. The target amounts are divided evenly between the two performance periods such that 50% of each targeted amount is attributable to each performance period.

Second Half 2013

Components	Performance Goals	Actual Performance
Financial	EBITDA of \$6.7 million (threshold)	Not Achieved

TABLE OF CONTENTS

In the second performance period, no bonus was deemed payable under the plan regardless of achievement of some of the financial and personal (where applicable) objectives, since the EBITDA threshold was not achieved at the threshold level with respect to the period. See the 2013 Summary Compensation Table for payouts under our Management Incentive Plan to all Named Executive Officers.

First and Second Half Combined

For Fiscal 2013, the total bonus payments to Named Executive Officers in the aggregate (combining the first and second performance periods) ranged from 21% to 23% of their respective annual performance bonus targets. See the 2013 Summary Compensation Table for payouts under our Management Incentive Plan to all Named Executive Officers.

Equity Based Incentive Compensation

The Compensation and Executive Development Committee generally considers a range of factors in setting the size of equity grants to Named Executive Officers, including assessments of individual performance, the potential contribution that each Named Executive Officer could be expected to make in the future, the Named Executive Officer's targeted total direct compensation, previous grants to such Named Executive Officer, and the size of awards and total compensation provided to others holding similar positions at companies included in our executive compensation peer group.

The Compensation and Executive Development Committee individually approves all equity awards to our officers at or above the vice president level. The Equity Award Committee, comprised of members of our management team, has been delegated the authority by the Board of Directors to approve equity grants below the vice president level. The Board of Directors or the Compensation and Executive Development Committee has the right to suspend the ability of the Equity Award Committee to award equity grants for any reason at any time.

Fiscal 2013 Equity Grants

As a part of our focus on competitive pay practices, retention and long-term goals, our 2013 equity compensation program for executive officers consisted of 50% performance-based RSUs and 50% time-vested RSUs. The Compensation and Executive Development Committee believes that this combination strikes an appropriate balance between creating a long-term retention incentive for our executives and establishing performance goals that further align the executives' interests with the Company's business objectives for that year and with increasing stockholder value. This has been the mix since 2012. Prior to 2012, we granted a mix between stock options and time-vested RSUs.

In August 2013, we granted our Named Executive Officers performance-based RSUs based on our relative TSR compared against the Yahoo Finance Restaurant Group Index plus Starbucks and Panera. There are 59 companies in this peer group. The shares are earned based on relative TSR performance over a one-year, two-year, and three-year performance period, with payouts in shares, if any, made at the end of each performance period. As shown in the payout schedule below, target payouts are earned for achieving 55th percentile performance of the peer group, and the payout will be capped at target in the event that TSR is negative during any one performance period:

	Relative TSR	Payout as a
	Performance	Percent of Target
Maximum	≥ 75 th Percentile	150%

Target	55 th Percentile	100%
Threshold	35 th Percentile	50%
Below Threshold	< 35 th Percentile	0%

Fiscal 2012 Equity Grants

In 2012, we granted performance shares that had two performance periods. The first performance period covered the 2nd half of 2012 and the other performance period covered the 1st half 2013. Performance goals related to each period were based on consolidated adjusted EBITDA. The consolidated adjusted EBITDA goal for the second half of 2012 was \$5.0 million; actual performance was \$5.8 million. The consolidated adjusted EBITDA goal for the first half of 2013 was \$12.5 million; actual performance was \$13.1 million. Since the

TABLE OF CONTENTS

Company achieved the consolidated adjusted EBITDA goals for each performance period, the 2012 performance-based RSUs were earned and will vest in equal amounts over three years starting on August 22, 2012.

Equity Grant Policy

Pursuant to our equity grant policy, all equity grants are generally made effective three trading days after each of our quarterly public earnings releases. This applies to all of our employees, including our executive officers. The exercise price of stock options is the closing or last quoted price on the date of actual stock option grant, which we believe reflects fair market value after all public disclosures.

All grants issued after June 2013 were made under the 2013 Equity Incentive Plan (the 2013 Equity Plan), which authorizes both equity and cash-based grants to all employees, including the Name Executive Officers, consultants and non-employee directors. All grants prior to June 2013 were made under our 2006 Employee, Director and Consultant Stock Plan (the 2006 Stock Plan), which authorized grants to all employees, including the Name Executive Officers, consultants and non-employee directors.

Prior to 2012, annual grants to the Named Executive Officers were made in November of each year. The Compensation and Executive Development Committee decided to move the annual equity grants for executives to the third quarter of each fiscal year because it was more aligned with mid-year performance evaluations. Interim or off cycle equity awards are made to newly hired team members as initial grants , promotional grants for those taking on significant additional responsibilities or other team members when circumstances warrant it, and are made effective on a fixed quarterly schedule.

In addition to our annual equity program, stock options may be granted in new hire situations. These grants typically vest in 25% annual increments over four years and have a ten-year term. None of the Named Executives Officers received stock options in 2013.

Other General Team Member Benefits

Our executive officers are eligible to participate in all of our employee benefit plans, such as our medical, dental, vision, group life, disability, accidental death and dismemberment insurance and our 401(k) plan, in each case on the same terms as other employees, except that the executive officers did not participate in the employer match under our 401(k) plan in Fiscal 2013. We do not provide tax gross-ups of any perquisites.

Severance and Change in Control Arrangements

In 2013 we adopted an Executive Retention and Severance Plan (the Severance Plan) for persons holding the title of Executive Vice President or Senior Vice President and for certain other key employees of the Company who may be designated by the Compensation and Executive Development Committee from time to time as eligible to participate in the Severance Plan (each a Participant, and collectively, the Participants). The Severance Plan superseded all prior arrangements with such Participants relating to severance. The Severance Plan and, with respect to our Chief Executive Officer, his employment agreement, provide for severance payments to the Participant upon such Participant s (of Chief Executive Officer s) termination of employment without cause or resignation for good reason, as well as upon a qualifying termination following a change in control of the Company, each as more fully described below in the section entitled Potential Payments upon Termination or Change in Control. The Compensation and Executive Development Committee believes that providing our executives with specified benefits in the event of a termination of employment by the Company without cause or in the event of a constructive termination is consistent

with competitive practices, helps us retain executives and maintain leadership stability. In addition, the Compensation and Executive Development Committee believes that adopting uniform terms, as reflected in the Severance Plan, helps to ensure that our executives are treated fairly and consistently.

The Compensation and Executive Development Committee further believes that the occurrence, or potential occurrence, of a change in control may create uncertainty for our executives and other key employees. The double trigger provisions in the Severance Plan are designed to help retain our employees and maintain a stable work environment leading up to and during changes in control by providing employees certain economic benefits in the event their employment is actually or constructively terminated in connection with such a change.

TABLE OF CONTENTS

Furthermore, the Severance Plan does not provide tax gross-ups for potential excise or other taxes on any benefits that are paid.

In October 2013, Bruce Schroder, our Executive Vice President and Chief Operating Officer, was terminated from the Company, triggering payments payable to him by the Company under the Severance Plan. See the section entitled Potential Payments upon Termination or Change in Control.

Management Stock Ownership Guidelines

In 2013, we adopted Management Stock Ownership Guidelines to further align the interests of members of senior management with the interests of our stockholders and to encourage management ownership of our common stock. These guidelines require our senior executives to acquire and maintain a minimum number of shares of our common stock, with such minimum number based upon a multiple of such senior executive's annual base salary (with share value based upon the greater of the current stock price or the price at which the shares were acquired). Stock options are not counted for purposes of calculating the number of shares held. The minimum number of shares is based upon the executive's position as follows:

3x salary for our Chief Executive Officer;

2x salary for our Executive Vice Presidents, Chief Financial Officer/Chief Administrative Officer and Chief Operating Officer; and

1x salary for Senior Vice Presidents.

There is no time limitation towards achieving the minimum number of shares required. However, until such minimum number of shares is held, 50% of all future equity grants (calculated on the basis of net after tax shares) are to be retained.

Restrictions on Transactions in our Securities

Under our Insider Trading Policy, our officers, directors and employees are not permitted to purchase or sell our securities short or buy or sell puts, calls or other derivative instruments relating to our Common Stock.

Analysis of Risk Relating to Our Compensation Programs

Appropriately incentivizing behaviors which support the best interests of the Company and its stockholders is an essential part of the compensation-setting process. The Company believes that risk-taking is necessary for continued innovation and growth, but that risks should be encouraged within parameters that are appropriate for the long-term health and sustainability of the business. At the direction of the Compensation and Executive Development Committee, our benefits committee (comprised of Company management), evaluates the merits of its compensation programs through a comprehensive review of its compensation policies and programs to determine whether they encourage unnecessary or inappropriate risk-taking by the Company's executives and employees below the executive level, including the following:

Annual cash incentive awards and long-term incentive awards granted to executives are tied primarily to corporate performance goals and strategic performance objectives. These metrics encourage performance that supports the business as a whole.

The executive annual cash incentive awards include a maximum payout opportunity.

Our executives are expected to meet stock ownership guidelines in order to align the executives' interests with those of our stockholders.

Our annual equity awards to executives are comprised of 50% performance-based awards, to further align pay with Company performance.

The Company's pay philosophy provides an effective balance in the mix of cash and equity, short- and longer-term performance periods, financial and non-financial performance, and allows for the committee's discretion.

We maintain policies to mitigate compensation-related risk such as an insider trading policy, prohibition against hedging Company securities, an independent compensation committee, and engagement of an outside compensation consultant.

26

TABLE OF CONTENTS

The benefits committee discussed its risk review with Frederic W. Cook and reported to the Compensation and Executive Development Committee. Based on this review, both for our executive officers and all other employees, the benefits committee concluded that the risks arising from the Company's compensation policies and practices are not reasonably likely to have a material adverse effect on the Company, and the Compensation and Executive Development Committee reviewed and approved this conclusion.

Tax Considerations

Our Compensation and Executive Development Committee considers the impact of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), in determining the mix of elements of executive compensation. Under Section 162(m) of the Code, named executive officer (other than the Chief Financial Officer) compensation over \$1 million for any year is generally not deductible for United States income tax purposes. Performance-based compensation is exempt from the deduction limit, however, if certain requirements are met. We believe that the gains realized at the time of exercise of nonqualified stock options granted under the terms of our stockholder-approved stock plan are fully deductible in accordance with Section 162(m). In addition, the Compensation and Executive Development Committee generally structures performance-based grants of RSUs and annual bonuses payable under our non-equity incentive plan with the intent that they qualify for deductibility in accordance with Section 162(m). Salaries and time-based vesting RSUs do not qualify as performance-based compensation for purposes of Section 162(m). The Compensation and Executive Development Committee intends to consider the impact of Section 162(m) on the deductibility of future executive compensation but reserves the right to provide for compensation to executive officers that may not be fully deductible when it believes that other considerations outweigh the tax deductibility of the compensation.

Compensation and Executive Development Committee Report

We, the Compensation and Executive Development Committee of the Board of Directors of the Company, have reviewed and discussed the Compensation Discussion and Analysis contained in this proxy statement with management. Based on such review and discussion, we have recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2013.

(1) Reflects salaries paid for the respective fiscal year.

(2) Reflects discretionary bonuses paid in cash for the respective fiscal year.

(3) Represents the aggregate fair market value of stock options and restricted stock units calculated in accordance with the fair value method. The grant date fair value of options granted was estimated at the date of grant using a Black-Scholes option-pricing model. Option valuation models, including Black-Scholes, require the input of highly subjective assumptions, and changes in the assumptions used can materially affect the grant date fair value of an award. These assumptions include the risk-free rate of interest, expected dividend yield, expected volatility, and the expected life of the award. The risk-free rate of interest is based on the zero coupon U.S. Treasury rates appropriate for the expected term of the award. We apply the guidance provided by the SEC Staff Accounting Bulletin No. 110 to determine expected life. Expected dividends are zero based on our history of not paying cash dividends on the Company's common stock. For Fiscal Years 2013 and 2012, expected volatility is based on historic daily stock

price observations of the Company's common stock since its inception. For Fiscal Year 2011, expected volatility is based on a 75/25 blend of historic daily stock price observations of the Company's common stock since its inception and historic daily stock price observations of the Company's peers during the period immediately preceding the share-based award grant that is equal in length to the award's expected term. There is currently no market-based mechanism or other practical application to verify the reliability and accuracy of the estimates stemming from these valuation models or assumptions. The fair value of restricted stock units is based on the Company's closing stock price on the date of grant. See the grant date fair value table below for the assumptions used to calculate the grant date fair value of option grants reported for fiscal years 2013, 2012, and 2011 on a grant by grant basis.

TABLE OF CONTENTS

(4) The fair value of the restricted stock units is based upon a Monte Carlo calculation assuming the Company achieves TSR measurement and will vest and become exercisable in equal installments in fiscal years 2014, 2015 and 2016. The value of the awards at the grant date assuming that the highest level of performance conditions will be achieved is as follows:

Name and Principal Position	Year	Stock Awards (performance based) (#)	Grant Date Fair Value per share (\$)	Total Grant Value (\$)
James D. White	2013	21,000	13.49	283,290

Potential Payments upon Termination or Change in Control

In 2013 we adopted the Severance Plan for the benefit of employees of the Company holding the title of Executive Vice President or Senior Vice President and for certain other key employees of the Company who may be designated by the Compensation and Executive Development Committee from time to time as eligible to participate in the Severance Plan (each a Participant, and collectively, the Participants). The Compensation and Executive Development Committee decided to adopt the Severance Plan to provide Participants with specified compensation and benefits in a uniform and consistent manner as between Executive Vice Presidents and as between Senior Vice Presidents and other Participants in the event of a termination of employment under circumstances specified therein. Each of the current Executive Vice Presidents and Senior Vice Presidents has entered into a Severance Plan participation agreement which supersedes all prior arrangements and understandings regarding the subject matter of the Severance Plan (including, but not limited to any severance provisions under any employment agreement entered into prior to the effective date of the Severance Plan and/or the date of the participation agreement), and shall be the exclusive agreement for the determination of any payments and benefits due to such employee.

Pursuant to the Severance Plan, in the event that a Participant is terminated without cause or resigns for good reason in the absence of a change of control, such participant will be entitled to receive certain compensation and benefits from the Company, including the following:

a severance payment equal to 125% (Executive Vice Presidents) or 100% (in the case of Senior Vice Presidents and other Participants) of such Participant's annual base salary rate in effect as of the date of termination;
all incentive bonuses earned by participant during the period immediately preceding the performance period in which the Participant's employment terminates;
the Participant's pro rata bonus amount as of the date of termination for incentive bonuses earned during the current performance period; and

continuation of health coverage for twelve (12) months.

35

TABLE OF CONTENTS

Pursuant to the Severance Plan, in the event that the Participant is terminated without cause or resigns for good reason within eighteen (18) months following a change in control (as such term is defined in the Severance Plan), such Participant will be entitled to receive certain compensation and benefits from the Company, including the following:

a severance payment equal to 125% (Executive Vice Presidents) or 100% (in the case of Senior Vice Presidents and other Participants) of such Participant's annual base salary rate in effect as of the date of termination;
all incentive bonuses earned by Participant during the period immediately preceding the performance period in which the Participant's employment terminates;

a bonus payment equal to 100% of the Participant's target bonus for the performance period;
continuation of health coverage for twelve (12) months; and

100% accelerated vesting of all unvested equity awards granted on or after the effective date of the Severance Plan.

Other than as set forth in the Severance Plan, all payments under the Severance Plan are designed to be paid in accordance with the Company's standard procedures, including applicable tax withholding, and are subject to compliance with Section 409A of the Code. Among other conditions, the Participant must sign and not revoke a general release of all claims against the Company as a condition to receiving any of the benefits prescribed by the Severance Plan.

In connection with Mr. White's appointment as President and Chief Executive Officer, the Company, through its wholly-owned subsidiary, Jamba Juice Company, entered into a three year employment agreement with Mr. White dated November 17, 2008, which automatically renews for subsequent two-year terms upon expiration of the then current term. The current term of the agreement is through December 1, 2015. In the event Mr. White is terminated without cause or resigns for good reason independent of a change of control (as such term is defined in Mr. White's employment agreement), he will be entitled to receive certain compensation and benefits from the Company, including the following:

one year of his base salary then in effect on the date of termination;
the average annual cash bonus paid to him for the most recent three years of employment;
continuation of health coverage for twelve (12) months; and
one year of accelerated vesting of any unvested stock options.

In the event Mr. White is terminated without cause or resigns for good reason within twelve (12) months of a change in control, he will be entitled to receive certain compensation and benefits from the Company, including the following:

eighteen months (18) of his base salary then in effect on the date of termination;
a payment equal to one and one-half times the annual target bonus based on the most recent target bonus paid to him;
continuation of health coverage for eighteen (18) months; and
one year of accelerated vesting of any unvested stock options.

TABLE OF CONTENTS

On October 7, 2013, Bruce Schroder resigned as our Executive Vice President and Chief Operating Officer. In connection with his resignation, on October 22, 2013, we entered into our standard form of Separation Agreement and Release with Mr. Schroder under which Mr. Schroder was entitled to severance benefits under the Severance Plan. Subsequently, on January 20, 2014, as a result of Mr. Schroder agreeing to employment with another company, we entered into a Supplement to the Separation Agreement and Release (the Supplement) with Mr. Schroder pursuant to which we agreed to pay Mr. Schroder a lump sum payment of \$81,000, equal to the amount of severance which otherwise would have been due to Mr. Schroder under the Severance Plan, and to reimburse Mr. Schroder for continued COBRA coverage through no later than March 1, 2014, in consideration of Mr. Schroder's agreement he was no longer entitled to any additional severance benefits under the Severance Plan and his granting of a release of all claims in favor of the Company.

Change in Control Arrangements in our Equity Compensation Plans

The Compensation and Executive Development Committee may, in its discretion, provide in the grant of any award under the 2013 Equity Plan for the acceleration of exercisability, vesting and/or settlement in connection with a change in control (as defined in the 2013 Equity Plan).

Pursuant to the terms of the 2013 Equity Plan, if a change in control occurs, the surviving, continuing, successor or purchasing entity or its parent may, without the consent of any participant in the 2013 Equity Plan, either assume or continue the Company's rights and obligations under outstanding awards or substitute substantially equivalent awards for its stock. If so determined by the Compensation and Executive Development Committee, stock-based awards will be deemed assumed if, for each share subject to the award prior to the change in control, its holder is given the right to receive the same consideration that a stockholder would receive as a result of the change in control. In general, any awards which are not assumed, substituted for or otherwise continued in connection with a change in control or exercised or settled prior to the Change in Control will terminate effective as of the time of the change in control. Subject to the restrictions of Section 409A of the Code, the Compensation and Executive Development Committee may provide for the acceleration of vesting or settlement of any or all outstanding awards upon such terms and to such extent as it determines. The 2013 Equity Plan also authorizes the Compensation and Executive Development Committee, in its discretion and without the consent of any participant, to cancel each or any award denominated in shares of stock upon a change in control in exchange for a payment to the participant with respect each vested share (and each unvested share if so determined by the Compensation and Executive Development Committee) subject to the cancelled award of an amount equal to the excess of the consideration to be paid per share of common stock in the change in control transaction over the exercise price per share, if any, under the award.

Pursuant to the 2006 Stock Plan, holders of stock rights granted thereunder may be entitled to accelerated vesting upon the occurrence of a corporate transaction (as defined therein). Should a corporate transaction occur, the Board of Directors, or the board of directors of any entity assuming the obligations of the Company thereunder, may generally:

make appropriate provision for the continuation of such stock rights by substituting, on an equitable basis, either the consideration payable with respect to the number of outstanding shares of Common Stock in connection with the Corporate Transaction or securities of any successor or acquiring entity;

upon written notice to the holders, provide that all stock rights must be exercised (either (a) to the extent then exercisable or (b) at the discretion of the Board of Directors, all options or stock rights being made fully exercisable for purposes of the 2006 Stock Plan), within a specified number of days of the date of such notice, at the end of which period the options or stock rights shall be terminated; or

terminate all options or stock rights in exchange for a cash payment equal to the excess of the fair market value, less the relevant exercise price, if any, of the shares subject to such stock rights (either (a) to the extent then exercisable or (b) at the discretion of the Board of Directors, all options or stock rights being made fully exercisable for purposes of

the 2006 Stock Plan).

In addition, options or stock awards granted under the 1994 Plan and the 2001 Plan which were assumed by the Company pursuant to and in accordance with its merger with Jamba Juice Company may also be entitled to accelerated vesting in certain circumstances.

38

TABLE OF CONTENTS

Pursuant to the 1994 Plan, the Board of Directors has the full authority, but not the obligation, to specify any rules, procedures, adjustments or matters with respect to the 1994 Plan or any options issued under the 1994 Plan in connection with any reorganization, merger, reverse merger, recapitalization, reclassification, stock split, reverse split, combination of shares, sale of all or substantially all of the assets of the Company, sale of the Company or other corporate event or transaction, including, without limitation, modifying any applicable vesting provisions, adjusting the amount of outstanding options, and/or terminating the 1994 Plan.

Pursuant to the 2001 Plan, the Board of Directors, in the event of a Change in Control, shall have the right, but not the obligation, to accelerate the vesting or termination of restriction, limitation or repurchase rights applicable to such stock awards. As defined in the 2001 Plan, Change in Control means:

a sale of substantially all of the assets of the Company;
a merger or consolidation in which the Company is not the surviving corporation;
a reverse merger in which the Company is the surviving corporation but the shares of Common Stock outstanding immediately preceding the merger are converted by virtue of the merger into other property; or
the acquisition by any person, entity or group of securities of the Company representing at least 50% of the combined voting power entitled to vote in the election of Directors.

Effective following the 2013 Annual Meeting Date, the annual grant of restricted stock units increased to 4,000 restricted stock units (equivalent to 20,000 restricted stock units prior to the Company's 1:5 reverse stock split). The restricted stock units are granted pursuant to the 2013 Equity Plan and vest over a period of one year, at a rate of 25% per three-month period, subject to continued service on the Board of Directors.

Other than as provided above, there were no other arrangements pursuant to which any director was compensated during the fiscal year ended December 31, 2013 for service as a director.

TABLE OF CONTENTS**EQUITY COMPENSATION PLAN INFORMATION**

On May 14, 2013, at its 2013 Annual Meeting of Stockholders, the Company's stockholders, upon the recommendation of the Board of Directors, approved the Jamba, Inc. 2013 Equity Incentive Plan. The 2013 Equity Plan authorizes the Company to provide incentive compensation in the form of stock options, stock appreciation rights, restricted stock and stock units, performance shares and units, other stock-based awards, cash-based awards and deferred compensation awards. The 2013 Equity Plan authorizes up to 3,145,122 shares (adjusted for the Reverse Stock Split). As of December 31, 2013, 1,755,306 shares remained available for grant under the 2013 Equity Plan and 31,369 shares remained available for grant under its 2006 Stock Plan. Options granted under the 2006 Stock Plan have an exercise price equal to the closing price of the Company's common stock on the grant date. Options under the 2001 Plan and 1994 Plan were granted at an exercise price equal to or greater than the fair market value of the common stock at the date of the grant, are exercisable for up to 10 years, and vest annually over a four year period. Options outstanding under the 1994 Plan and the 2001 Plan became fully vested in 2010. In connection with our merger with Jamba Juice Company, the Company assumed the outstanding options under the 1994 Plan and the 2001 Plan which provided for granting nonqualified and incentive stock options to employees, non-employee directors and consultants. No additional grants are available under the 1994 Plan and the 2001 Plan. The following table sets forth information regarding outstanding options and shares reserved for future issuance under the foregoing plans as of December 31, 2013:

Plan Category ⁽¹⁾	Number of shares to be issued upon exercise of outstanding options (a)	Weighted-average exercise price of outstanding options, (b)(\$)	Number of shares remaining available for future issuance under equity compensation plans (excluding shares reflected in column (a)(c) ⁽³⁾
Equity compensation plans approved by stockholders	810,767	10.72	2,368,361
Equity compensation plans not approved by stockholders ⁽²⁾	298,000	3.00	
Total	1,108,767		2,368,361

The information presented in this table excludes options assumed by the Company in connection with the merger (1) with Jamba Juice Company. As of December 31, 2013, 17,044 shares of the Company's Common Stock were issuable upon exercise of these assumed options, at a weighted average exercise price of \$43.01 per share.

Represents an option to purchase 300,000 shares of our Common Stock granted to Mr. White outside of the 2006 (2) Stock Plan. The grant of this option did not require approval by our stockholders due to its qualification under the inducement grant exception provided by Nasdaq Listing Rule 5635(c)(4).

(3) Includes 1,755,306 available for future issuance under the 2013 Equity Plan, 31,369 shares available for future issuance under 2006 Stock Plan, and 581,686 shares available for future issuance under the 2010 Employee Stock

Purchase Plan.

PROPOSAL NO. 3

**TO VOTE ON A NON-BINDING ADVISORY
RESOLUTION REGARDING
EXECUTIVE COMPENSATION.**

Background

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 enables our stockholders to vote to approve, on an advisory basis, the compensation of the Company's Named Executive Officers, as disclosed in this proxy statement pursuant to the SEC's compensation disclosure rules. The Board recognizes the importance of our stockholders' opportunity for an advisory say-on-pay vote as a means of expressing views regarding the compensation practices and programs for our Named Executive Officers. Based upon the outcome of our 2011 say-on-pay frequency vote, the Company will hold an advisory say-on-pay vote every three years until the next say-on-pay frequency vote, which, in accordance with applicable law, will occur no later than the Company's annual meeting of stockholders in 2017.

The advisory vote on executive compensation is a non-binding vote on the compensation of our Named Executive Officers, as described in the Compensation Discussion and Analysis section, the tabular disclosure regarding such compensation, and the accompanying narrative disclosure, set forth in this proxy statement. Please read the Compensation Discussion and Analysis section of this proxy statement for a detailed discussion about our executive compensation programs, including information about the Fiscal 2013 compensation of our Named Executive Officers.

The Compensation and Executive Development Committee believes that the 2013 executive compensation program has been appropriately designed to advance stockholder interests through effective performance-based incentives with multi-year retention features. The last stockholder advisory vote on executive compensation was in May 2011 when approximately 99% of votes cast were voted in favor of the Company's executive compensation.

As described in detail under the heading EXECUTIVE COMPENSATION Compensation Discussion and Analysis, our executive compensation programs are designed to deliver pay for performance, drive strong business results, support teamwork and to attract and retain strong talent. In addition, our Compensation and Executive Development Committee seeks to provide a compensation program for executives that delivers the majority of compensation through performance-based or at-risk annual and long-term incentives, and aligns the interests of the Company's executives with those of our stockholders.

Highlights of our financial performance in Fiscal 2013 include:

Net income for Fiscal 2013 was \$2.1 million, compared to net income of \$0.3 million for Fiscal 2012;

EBITDA² was \$13.3 million, compared to \$11.7 for Fiscal 2012;

Company-owned comparable store sales increased by 0.5% compared to the prior year, reflecting a third consecutive fiscal year comparable store sales growth; and

General and administrative expenses decreased 7.4% to \$37.8 million for the year compared to \$40.8 million for the prior year.

The Company's compensation actions relating to Fiscal 2013 were consistent with its philosophy of attracting, motivating, and retaining highly qualified executives and maintaining a pay for performance culture in which incentives are tied to the Company's short- and long-term performance. We believe that our executive compensation programs are structured in the best manner possible to support our Company and our business objectives, and our stockholders should consider the following when voting on this proposal:

EBITDA is calculated as earnings before interest, taxes, depreciation and amortization and as specifically identified in the non-GAAP reconciliation schedules set forth in Appendix A. Management uses this non-GAAP measure to further understand the Company's core business operating performance. The Company believes its core business operating performance represents the Company's on-going performance in the ordinary course of its core operations. Accordingly, the Company excludes from its core operating performance those items whose impact are not reflective of its core operations such as (a) interest income, (b) interest expense, (c) income taxes and (d) depreciation and amortization.

TABLE OF CONTENTS

Base Salaries. Based on an assessment of individual performance, responsibility levels, and competitive pay practices, we increased the base salary for Mr. White by 4.3%, Ms. Luey by 7.3%, Mr. Schroder by 8.0%, Ms. Washington by 5.3% and Mr. Beeson had two increases one at the beginning of the year by 2.5% and in recognition of additional responsibilities an additional increase of 18.4%.

Non-Equity Incentive Compensation. Based upon our 2013 financial and operational performance, we awarded cash bonuses under our Management Incentive Plan ranging from 21% to 23% of our annual performance bonus targets, reflecting achievement of all financial performance targets but not all strategic performance targets in the first performance period. We awarded no bonus for the second half of the year due to falling short of the EBITDA financial performance target, though we had achieved other financial and strategic performance targets during the period.

Equity Incentive Compensation. As part of our focus on competitive pay practices, retention and long-term goals, our equity compensation program in 2013 consisted of a mix between 50% performance-based restricted stock units and 50% time-vested restricted stock units. We believe this mix aligns the interests of our executives with those of our stockholders, as the awards only have value if certain performance goals are met or the Company's stock price increases. The performance-based RSUs we granted used criteria for vesting based on total stockholder return relative to a broad group of the Company's peers over a one-, two-, and three-year period. Both the performance-based and time-based restricted stock units vest in equal annual installments over three years.

Other significant elements of the Company's compensation program that continue to reinforce stockholder alignment, its long-term retention strategy and what the Compensation and Executive Development Committee considers best practices are the following:

Compensation decisions are made by an independent compensation committee and an independent compensation consultant engaged by the Compensation and Executive Development Committee.

The Company maintains share ownership guidelines, which were adopted in 2013.

The Company maintains a hedging and insider trading policy.

The Company maintains stock ownership guidelines.

The Compensation and Executive Development Committee conducts an annual risk assessment.

Any equity acceleration requires a double trigger (a qualifying termination in connection with a change in control).

In addition, the Company does not maintain or grant any of the following with respect to our executive officers:

- Tax reimbursements or gross-ups;
- Any special perquisites or benefits, except in limited circumstances; or
- Supplemental retirement plans.

The vote solicited by this Proposal No. 3 is advisory, and therefore is not binding on the Company, our Board of Directors or our Compensation and Executive Development Committee, nor will its outcome require the Company, our Board of Directors or our Compensation and Executive Development Committee to take any action. Moreover, the outcome of the vote will not be construed as overruling any decision by the Company or the Board of Directors.

Furthermore, because this non-binding, advisory resolution primarily relates to the compensation of our Named Executive Officers that has already been paid or contractually committed, there is generally no opportunity for us to revisit these decisions. However, our Board of Directors, including our Compensation and Executive Development

Committee, values the opinions of our stockholders and will consider the outcome of the vote in establishing compensation philosophy and in making future compensation decisions.

TABLE OF CONTENTS

Stockholders will be asked at the 2014 Annual Meeting to approve the following resolution pursuant to this Proposal No. 3:

RESOLVED, that the stockholders of Jamba, Inc. approve, on an advisory basis, the compensation of the Company's Named Executive Officers, disclosed pursuant to Item 402 of Regulation S-K in the Company's definitive proxy statement for the 2014 Annual Meeting of Stockholders.

Vote Required and Board of Directors Recommendation

Approval of this resolution requires the affirmative vote of a majority of the shares present or represented by proxy and entitled to vote on this proposal. If you hold your shares in your own name and abstain from voting on this matter, your abstention will have the same effect as a negative vote. If you hold your shares through a broker and you do not instruct the broker on how to vote on this proposal, your broker will not have authority to vote your shares. Broker non-votes will have no effect on the outcome of this vote.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE NON-BINDING ADVISORY RESOLUTION REGARDING EXECUTIVE COMPENSATION.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our executive officers and directors and persons who beneficially own more than 10% of our Common Stock to file initial reports of beneficial ownership and reports of changes in beneficial ownership with the SEC. Such persons are required by SEC regulations to furnish us with copies of all Section 16(a) forms filed by such person.

Based solely on our review of such forms furnished to us and written representations from certain reporting persons, we believe that all filing requirements applicable to our executive officers, directors and greater-than-10% stockholders were complied with for Fiscal 2013, except that James D. White, Karen L. Luey, Julie S. Washington and Bruce Schroeder each filed one late report with respect to one transaction.

STOCKHOLDER PROPOSALS TO BE PRESENTED AT NEXT ANNUAL MEETING

Stockholder proposals may be included in our proxy materials for an annual meeting so long as they are provided to us on a timely basis and satisfy the other conditions set forth in applicable SEC rules. For a stockholder proposal to be included in our proxy materials for the next annual meeting of stockholders, the proposal must be received at our principal executive offices, addressed to the Secretary, not later than 120 days prior to the anniversary of the date this year's proxy materials were released to stockholders, which date shall be November 28, 2014. Stockholder business that is not intended for inclusion in our proxy materials may be brought before the 2014 Annual Meeting so long as we receive notice of the proposal as specified by our Bylaws, addressed to the Secretary at our principal executive offices, not later than the above date.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for our Notice of Internet Availability of Proxy Materials, and for those stockholders that received a paper copy of proxy materials in the mail, our proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single Notice, or for stockholders receiving a paper copy of proxy materials, a proxy statement addressed to those stockholders. This process, which is commonly referred to as householding, potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are Jamba stockholders will be householding our proxy materials. A single Notice, or for stockholders receiving a paper copy of proxy materials, a proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate Notice, or for stockholders receiving a paper copy of proxy materials, a proxy statement and annual report, please notify your broker, direct your written request to Investor Relations Department, Jamba, Inc., 6475 Christie Avenue, Suite 150, Emeryville, CA 94608 or contact our Corporate Secretary by telephone at (510) 596-0100. Stockholders who currently receive multiple copies of the Notice, or for stockholders receiving a paper copy of proxy materials, a
