Overview

We are focused on the development and commercialization of treatments based on our human neuronal stem cells and our small molecule compounds. We are headquartered in Rockville, Maryland and have a wholly-owned subsidiary in China.

We have developed and maintain a portfolio of patents and patent applications that form the proprietary base for our research and development efforts. We own or exclusively license forty-nine (49) U.S. and foreign issued patents and sixty (60) U.S. and foreign patent applications in the field of regenerative medicine, related to our stem cell technologies as well as our small molecule compounds. At times we have licensed the use of our intellectual property to third parties.

We believe our technology base, in combination with our know-how, and collaborative projects with major research institutions, will facilitate the development and commercialization of products for use in the treatment of a wide array of neurodegenerative conditions and in regenerative repair of acute disease.

Regenerative medicine is a young and emerging field. Regenerative medicine is the process of creating living, functional tissues to repair or replace tissue or organ function lost due to age, disease, damage, or congenital defects. There can be no assurances that our intellectual property portfolio will ultimately produce viable commercialized products and processes. Even if we are able to produce a commercially viable product, there are strong competitors in this field and our products may not be able to successfully compete against them.

All of our research efforts to date are at the pre-clinical or clinical stage of development. We are focused on leveraging our key assets, including our intellectual property, our scientific team and our facilities, to advance our technologies. In addition, we pursue strategic collaborations with members of academia and industry.

Clinical Programs

We have devoted substantially all our efforts to the development of our stem cell and small molecule compounds and their pre-clinical and clinical development. Below is a description of our four most advanced clinical programs, their intended indication, current stage of development and our expected future development plans:

Program	Indication	Development Status	Future Development Plan
NSI – 566	Amyotrophic Lateral Sclerosis (ALS)	Commenced Phase II clinical trials.	Anticipated to complete dosing of the Phase II clinical trials during the second quarter of 2014.
NSI – 566	Chronic Spinal Cord Injury	Approved to commence Phase I clinical trials.	Phase I Trial expected to commence during the second quarter of 2014.
NSI – 566	Motor deficits due to ischemic stroke	Commenced combined Phase I/II clinical trials in China.	Dosing commenced during the fourth quarter of 2013.
NSI – 189	Major Depressive Disorder	Completed Phase Ia, Phase Ib dosing complete.	Actively looking to partner development after Phase Ib trial. Final Phase I data is being reviewed.

Employees

As of February 28, 2014, we had 15 full-time employees and one (1) full-time independent contractor. Of these full-time employees and contractor, 11 work on research and development and five (5) in administration. We also use the services of numerous outside consultants in business and scientific matters.

Our Corporate Information

We were incorporated in Delaware in 2001. Our principal executive offices are located at 20271 Goldenrod Lane, 2nd Floor Germantown, MD 20876, and our telephone number is 301.366.4960. Our website is located at www.neuralstem.com.

Additional Information

Since inception in 1996 and through December 31, 2013, we have accumulated losses totaling approximately \$128,426,000. On December 31, 2013, we had a working capital surplus of approximately \$11,683,000 and stockholders' equity of approximately \$8,418,000. Our net losses for the three most recent fiscal years have been approximately \$19,832,000, \$10,122,000 and \$12,519,000 for 2013, 2012 and 2011, respectively. Since our inception, we have funded our operations through the sale of our securities, the exercise of investor warrants, and to a lesser degree, from grants and research contracts and other revenue generating activities such as licensing.

Our ability to generate substantial revenues and achieve profitability will depend upon our ability to complete the development of our proposed products, obtain the required regulatory approvals, manufacture, and market and sell our proposed products. To date, we have not generated any revenue from the commercial sale of our proposed products and do not anticipate recognizing any revenues from such source for the foreseeable future. No assurances can be given as to exactly when, if at all, we will be able to fully develop, commercialize, market, sell and/or derive any, let alone material, revenues from our proposed products. Given the uncertainty of our technologies and business, we cannot predict when, or if ever, we will be able to realize revenues related to our products. As a result, we will be primarily dependent on our ability to raise capital through the sale of our securities for the foreseeable future.

Investing in our securities involves a high degree of risk.

Although we discuss key risks in those risk factor descriptions, additional risks not currently known to us or that we currently deem immaterial also may impair our business. In the event the selling stockholders exercise their awards with cash, we will receive cash proceeds from such exercise. The amount of such proceeds will be dependent on a number of factors which we cannot calculate at this time including the exercise price of the awards. All proceeds received from the exercise of awards, if any, will be used for working capital.

SELLING STOCKHOLDERS

This reoffer prospectus relates to the offering and sale, from time to time, of up to 16,981,015 shares of our common stock that are being registered for reoffers and resales by selling stockholders who have acquired or may acquire shares pursuant to our Plans. The selling stockholders may, from time to time, resell all, a portion or none of the shares of our common stock covered by this reoffer prospectus. There is no assurance that any of the selling stockholders will sell any or all of the shares offered by them under this reoffer prospectus.

The information in the table below sets forth, for each selling stockholder, based upon information available to us as of March 21, 2014, the number of shares of our common stock beneficially owned before and after the sale of the shares (assuming the sales of all shares) and the percentage of the outstanding shares of our common stock beneficially owned after the sale of the shares.

The table below also sets forth “Shares being Registered”, which represents the number of Shares that could be sold under this prospectus by the holder assuming the vesting of all awards, achievement of all performance criteria and exercise of all options. The amounts listed under “Shares being Registered” do not constitute commitments to sell any or all of the stated number of Shares. The actual number of Shares to be sold, if any, shall be determined from time to time by each selling stockholder in his or her discretion. We have not been informed whether any selling stockholders intend to sell any Shares.

Any changed information will be set forth in an amendment to the registration statement or supplement to this reoffer prospectus, to the extent required by law.

PLAN OF DISTRIBUTION

For purposes of this reoffer prospectus, the term “selling stockholder” means and includes:

· the persons identified in the table above as the selling stockholders; and

· any of the donees, pledgees, distributees, transferees or other successors in interest of those persons referenced above who may: (a) receive any of the shares after the date of this reoffer prospectus and (b) offer or sell those shares hereunder.

The shares offered by this reoffer prospectus may be sold from time to time directly by the selling stockholders. Alternatively, the selling stockholders may from time to time offer such shares through underwriters, brokers, dealers, agents or other intermediaries. The selling stockholders as of the date of this reoffer prospectus have advised us that there were no underwriting or distribution arrangements entered into with respect to the shares offered hereby. The distribution of the shares by the selling stockholders may be effected: in one or more transactions that may take place on any stock exchange, market or trading facility (including one or more block transaction) through customary brokerage channels, either through brokers acting as agents for the selling stockholders, or through market makers, dealers or underwriters acting as principals who may resell the shares on any stock exchange, market or trading facility; in privately-negotiated sales; by a combination of such methods; or by other means. These transactions may be effected at market prices prevailing at the time of sale, at prices related to such prevailing market prices or at other negotiated prices. Usual and customary or specifically negotiated brokerage fees or commissions may be paid by the selling stockholders in connection with sales of the shares. Notwithstanding the forgoing, the selling stockholders are not required to sell any shares of the shares.

The selling stockholders may enter into hedging transactions with broker-dealers in connection with distributions of the shares or otherwise. In such transactions, broker-dealers may engage in short sales of the shares of our common stock in the course of hedging the positions they assume with the selling stockholders. The selling stockholders also may sell shares short and redeliver the shares to close out such short positions. The selling stockholders may enter into option or other transactions with broker-dealers which require the delivery to the broker-dealer of shares of our common stock. The broker-dealer may then resell or otherwise transfer such shares pursuant to this reoffer prospectus.

The selling stockholders also may lend or pledge the shares to a broker-dealer. The broker-dealer may sell the shares so lent, or upon a default the broker-dealer may sell the pledged shares stock pursuant to this reoffer prospectus. Any securities covered by this reoffer prospectus which qualify for sale pursuant to Rule 144 may be sold under Rule 144 rather than pursuant to this reoffer prospectus.

The selling stockholders have advised us that they have not entered into any agreements, understandings or arrangements with any underwriters or broker-dealers regarding the sale of their securities. To the best of our knowledge, there is no underwriter or coordinating broker acting in connection with the proposed sale of the shares.

Although the shares are not currently being underwritten, the selling stockholders or their underwriters, brokers, dealers or other agents or other intermediaries, if any, that may participate with the selling security holders in any offering or distribution of the shares may be deemed “underwriters” within the meaning of the Act and any profits realized or commissions received by them may be deemed underwriting compensation thereunder.

DISCLOSURE OF COMMISSION POSITION

ON INDEMNIFICATION

Our directors and officers are indemnified as provided by the Delaware General Corporation Law, our Certificate of Incorporation, our Bylaws and pursuant to agreements. To the extent that indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or persons controlling our company pursuant to the foregoing provisions, we have been informed that, in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable. If a claim for indemnification against such liabilities (other than the payment by us of expenses incurred or paid by a director, officer or controlling person of our company in the successful defense of any action, suit or proceeding) is asserted by any of our directors, officers or controlling persons in connection with the securities being registered, we will, unless in the opinion of our counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by us is against public policy as expressed in the Securities Act and will be governed by the final adjudication of that issue.

PART II

INFORMATION REQUIRED IN THE REGISTRATION STATEMENT

Item 3. Incorporation of Documents By Reference.

The following documents filed by the Company with the SEC are incorporated by reference in this Registration Statement:

Our Annual Report on Form 10-K filed with the Commission on March 10, 2014, for the year ended December 31, 2013;

Our Current Reports on Form 8-K filed on January 6, 9, 13, 14, 17 and 31, February 11, March 10 and 17, of 2014 (excluding any information furnished in such reports under Item 2.02, Item 7.01 or Item 9.01);

The description of our common stock contained in our registration statement on Form 8-A (Registration No. 001-33672), as amended, filed with the Commission on August 23, 2007.

All reports and other documents subsequently filed by the Registrant pursuant to Sections 13(a), 13(c), 14 and 15(d) of the Exchange Act prior to the filing of a post-effective amendment that indicates that all securities offered have been sold or that deregisters all securities then remaining unsold, shall be deemed to be incorporated by reference in this Registration Statement and to be a part hereof from the date of the filing of such reports and documents. Unless expressly incorporated into this Registration Statement, a report furnished but not filed on Form 8-K shall not be incorporated by reference into this Registration Statement.

Item 4. Description of Securities.

Not Applicable

Item 5. Interest of Named Experts and Counsel

The validity of the issuance of the securities offered hereby will be passed upon for us by The Silvestre Law Group, P.C. Westlake Village, California. The Silvestre Law Group, P.C. or its affiliates or principals own 54,000 shares of common stock and 150,000 common stock purchase warrants.

Item 6. Indemnification of Directors and Officers

Section 102 of the Delaware General Corporation Law, as amended, or DGCL, allows a corporation to eliminate the personal liability of directors to a corporation or its stockholders for monetary damages for a breach of a fiduciary duty as a director, except where the director breached his duty of loyalty, failed to act in good faith, engaged in intentional misconduct or knowingly violated a law, authorized the payment of a dividend or approved a stock repurchase or redemption in violation of Delaware corporate law or obtained an improper personal benefit.

Section 145 of the DGCL provides, among other things, that a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding (other than an action by or in the right of the corporation) by reason of the fact that the person is or was a director, officer, employee or agent of the corporation, or is or was serving at the corporation's request as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses, including attorneys' fees, judgments, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with the action, suit or proceeding. The power to indemnify applies if (i) such person is successful on the merits or otherwise in defense of any action, suit or proceeding or (ii) such person acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the corporation, and with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. The power to indemnify applies to actions brought by or in the right of the corporation as well, but only to the extent of defense expenses (including attorneys' fees but excluding amounts paid in settlement) actually and reasonably incurred and not to any satisfaction of judgment or settlement of the claim itself, and with the further limitation that in such actions no indemnification shall be made in the event of any adjudication of negligence or misconduct in the performance of his duties to the corporation, unless a court believes that in light of all the circumstances indemnification should apply.

Section 174 of the DGCL provides, among other things, that a director who willfully and negligently approves of an unlawful payment of dividends or an unlawful stock purchase or redemption may be held liable for such actions. A director who was either absent when the unlawful actions were approved or dissented at the time, may avoid liability by causing his or her dissent to such actions to be entered in the books containing the minutes of the meetings of the board of directors at the time the action occurred or immediately after the absent director receives notice of the unlawful acts.

Our certificate of incorporation states that, to the fullest extent permitted by the DGCL, no director shall be personally liable to us or our stockholders for monetary damages for breach of fiduciary duty as director.

Our bylaws provide that we shall, to the fullest extent authorized by the DGCL, indemnify any person who was or is made a party or threatened to be made a party to or is involved in any action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that he or she or a person of whom he or she is the legal representative, is or was our director or officer or is or was serving at our request as a director or officer of another corporation, or as a controlling person of a partnership, joint venture, trust or other enterprise, including service with respect to employee benefit plans, whether the basis of such proceeding is alleged action in an official capacity as a director or officer, or in any other capacity while serving as a director or officer, against all expenses, liability or loss reasonably incurred or suffered by such person in connection with such action, suit or proceeding. Our bylaws also provide that we may enter into one or more agreements with any director, officer, employee or agent of ours, or any person serving at our request as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, including employee benefit plans, that provides for indemnification rights equivalent to or, if our board of directors so determines, greater than, those provided for in such bylaws.

Item 7. Exemption from Registration Claimed.

The issuance of the shares of restricted stock being registered for resale in this registration statement was exempt from registration under the Securities Act by reason of Section 4(2) thereof, since the issuances were made to a small number of directors, officers and employees of the Company and were not public offerings.

Item 8. Exhibits

See Exhibit Index beginning on page 13 of this registration statement.

Item 9. Undertakings.

(a) The undersigned Registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) to include any prospectus required by Section 10(a)(3) of the Securities Act;

(ii) to reflect in the prospectus any facts or events arising after the effective date of this registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in this registration statement; and

(iii) to include any material information with respect to the plan of distribution not previously disclosed in this registration statement or any material change to such information in this registration statement;

provided, however, that paragraphs (a)(1)(i) and (a)(1)(ii) do not apply if the registration statement is on Form S-8, and the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the Registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in this registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time will be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(b) The undersigned Registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the Registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in this registration statement will be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time will be deemed to be the initial *bona fide* offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
