**PFEIFFER VACUUM TECHNOLOGY AG
NOTES TO THE
CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)**

September 30, 2002

1. Basis of presentation

The accompanying unaudited consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States (U.S. GAAP) for interim financial information. Accordingly, they do not include all of the information and footnotes required by U.S. GAAP for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation of financial position and results of operations have been included. Operating results for the three and nine month periods ended September 30, 2002 are not necessarily indicative of the results that may be expected for the year ended December 31, 2002. All amounts in the accompanying unaudited consolidated financial statements are presented in EURO (). For further information, refer to the consolidated financial statements and footnotes thereto included in the Pfeiffer Vacuum Technology AG annual report on Form 20-F for the year ended December 31, 2001.

Since July 16, 1996 the Company s American Depositary Receipts, each representing one Ordinary Share, are listed on the New York Stock Exchange and trade under the symbol PV. The depository for the ADRs was until March 12, 2002 the Bank of New York, since March 13, 2002 it is the Deutsche Bank Trust Company Americas in New York. The ADRs also trade on the Berliner Freiverkehr, the Stuttgart Freiverkehr, the Frankfurt Freiverkehr, the Düsseldorf Freiverkehr and the Hamburg Freiverkehr in Germany.

The Company s Ordinary Shares have been listed and principally traded on the Neuer Markt of the Frankfurt Stock Exchange since April 15, 1998. The Neuer Markt is a segment of Deutsche Börse AG. Effective September 30, 2001, the Deutsche Börse (Neuer Markt) published new rules and regulations, primarily to meet international standards of transparency and publicity. Reports prepared in accordance with U.S. GAAP are still accepted, only some additional information is required. The Company adopted these requirements, and prior information has been adjusted, to ensure the comparability with the current report.

Adoption of new accounting pronouncements

In June 2001, the Financial Accounting Standards Board issued Statements of Financial Accounting Standards No. 141, Business Combinations and No. 142, Goodwill and Other Intangible Assets effective for fiscal years beginning after December 15, 2001. Under the new rules, goodwill is no longer amortized but is subject to annual impairment tests in accordance with the Statements. Other intangible assets are generally amortized over their useful lives.

The Company adopted the new rules on accounting for goodwill and other intangible assets beginning in the first quarter of 2002. During the end of the second quarter 2002, the Company performed the first of the required impairment tests of goodwill using the fair value based test, no impairment of goodwill resulted from this test.

On January 1, 2002, the Company adopted FAS no. 144, Accounting for the Impairment or Disposal of Long-Lived Assets. There was no impact to the Company s operating results or financial position related to the adoption of this standard.

2. Inventories

	September 30, 2002	December 31, 2001
	(in thousands)	
Raw materials	9,374	6,726
Work-in-process	8,059	7,449
Finished products	12,060	10,999
Reserves	(5,403)	(4,726)
	24,090	20,448
Total inventories, net	24,090	20,448

Inventories increased by approximately 3.7 million. The acquisition of a new production facility in Aschaffenburg (Pfeiffer Vacuum Systems GmbH) influenced this amount by 5.4 million, whereas the production company in Asslar and the foreign sales companies reduced the stock (1.7 million).

3. Convertible Bonds**Current management/staff participation program**

On July 10, 2000, the Company issued 0.6 million in convertible bonds to members of management and key employees of the Company and its subsidiaries at a purchase price equal to 100% of their principal amount. Each convertible bond with a par value of 128 is convertible into 50 non-par value Ordinary Shares upon payment of a conversion price. Each holder of convertible bonds may convert up to 30% two years after issuance beginning July 2002, up to 60% three years after issuance beginning July 2003 and up to 100% four years after issuance beginning July 2004, subject to certain closed periods. The last date of conversion is December 9, 2005.

The convertible bonds bear interest at 6% per annum and will be redeemed at 100% of their principal amount on December 10, 2005 unless previously converted. The bonds must be repurchased in the case of termination of employment.

The Company financed the employees' purchase of such convertible bonds with an interest bearing loan. The loans must be repaid at the execution of conversion rights and are classified as other long-term assets on the balance sheet.

Through September 30, 2002, 300 convertible bonds totaling par value approximately 38,400 were repurchased from employees voluntarily exiting the plan.

New management/staff participation program

On July 7, 2002, the Company issued 0.6 million in convertible bonds to members of management and key employees of the Company and its subsidiaries at a purchase price equal to 100% of their principal amount. Each convertible bond with a par value of 128 is convertible into 50 non-par value Ordinary Shares upon payment of a conversion price. Each holder of convertible bonds may convert up to 30% after the annual general meeting of the shareholders in 2004, up to 60% after the annual general meeting of the shareholders in 2005 and up to 100% after the annual general meeting of the shareholders in 2006, subject to certain closed periods. The last date of conversion is December 9, 2007.

The convertible bonds bear interest at 6% per annum and will be redeemed at 100% of their principal amount on December 10, 2007 unless previously converted. The bonds must be repurchased in the case of termination of employment. The Company financed the employees' purchase of such convertible bonds with an interest bearing loan. The loans must be repaid at the execution of conversion rights and are classified as other long-term assets on the balance sheet.

CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)

7. Income tax expense

Under German corporate tax law, taxes on income are composed of corporate taxes, trade taxes and an additional surtax. The Company estimates its combined German corporate statutory tax rate within the year 2002 at 39%. The Company's effective tax rate in both, the three and nine months ended September 30, 2002, was 39%.

8. Share Ownership

The following table shows (known to the Company) the number of Ordinary Shares, ADR and Convertible Bonds of the Company as of September 30, 2002 by all members of the Supervisory Board and the Management Board:

Members of the Supervisory Board	Ordinary Shares	ADR	Convertible Bonds
Dr. Michael Oltmanns	100	0	0
Michael J. Anderson	0	0	0
Prof. Dr. Klaus Jürgen Kügler	0	0	0
Götz Timmerbeil	0	0	0
Edgar Keller	0	0	0
Günter Schneider	80	0	0
Members of the Management Board	Ordinary Shares	ADR	Convertible Bonds
Wolfgang Dondorf	56,000	200	0
Wilfried Glaum	34,185	200	0

9. Formation of new company

In January 2002, the Company formed a new corporation named Pfeiffer Vacuum Systems GmbH, registered in Aschaffenburg, Germany, for the purpose of designing, manufacturing, selling and the service of vacuum systems. The Company in-turn purchased selected assets, including inventory, fixed assets, and intangibles from an existing business in the amount of 2.4 million. These assets were then contributed to the new company at their purchased value. Due to the nature of the acquisition, the proforma effect of this formation and acquisition is not significant to the Company's operations.

Furthermore the Company set up a cooperation between Pfeiffer Vacuum Systems International AG in Zuzwil/Switzerland, previously named Memex Optical Media Solutions AG, acquired in 2000, and Pfeiffer Vacuum Systems GmbH, Aschaffenburg/Germany, to coordinate their business activities. The Company expects an improvement in productivity, an increase in sales efficiencies in the systems market, and cost-reductions.

Table of Contents**MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION
AND RESULTS OF OPERATIONS****Results of Operations***Three Months Ended September 30, 2002 Compared to Three Months Ended September 30, 2001**Net Sales*

Net sales decreased by 2.7 million, or 6.7%, from 40.1 million in the three months ended September 30, 2001 to 37.4 million in the three months ended September 30, 2002. The major part of this decrease amounting to 2.0 million was recorded in Europe, excluding Germany, from 13.8 million in the third quarter of 2001 to 11.8 million in the third quarter of 2002. The sales in the United States decreased by 1.4 million or 13.9%, from 10.1 million to 8.7 million. Decreases in these markets were partially offset by sales increases in Germany by 1.9 million or 17.8% from 10.7 million to 12.6 million.

The following table summarizes the Company's net sales by geographical area:

	Three months ended			
	September 30, 2002 (in thousands)	%	September 30, 2001 (in thousands)	%
<i>Net Sales</i>				
Germany	12,607	33.7	10,664	26.6
Europe	11,782	31.5	13,831	34.5
United States	8,745	23.4	10,091	25.1
Rest of World	4,222	11.4	5,539	13.8
Total	37,356	100.0	40,125	100.0

Turbo pump sales decreased by 1.3 million or 9.0% from 14.4 million in the third quarter 2001 to 13.1 million in the third quarter 2002, Fore vacuum pump sales decreased by 0.9 million or 17.0% from 5.3 million to 4.4 million in the respective periods. Decreases in the sales of these products were partially offset by an increase in the sales of vacuum instruments by 0.7 million or 10.0% from 7.0 million to 7.7 million.

The global down-turn of the economy, and especially the weakness of the semiconductor industry led to worldwide decreased sales of the Company. To improve its market position, the Company increased its sales force in the US; the German sales force was reorganized and key-account managers were appointed for the most important market segments. Consequently, the Company's sales in the third quarter of 2002 show a positive trend compared to the first and the second quarter of 2002, primarily in the German and US market. In consequence of the weakness of the US Dollar against the Euro the Company's net sales were adversely impacted by the effect of changes in these exchange rates. The exchange rate accounted for approximately 0.9 million, or 33.3% of the total sales decrease in the three months ended September 30, 2002.

Order intake and Order backlog

Orders received amounted to 34.4 million in the three months ended September 30, 2002 and decreased by 2.1 million, from 36.5 million in the three months ended September 30, 2001. The Company's backlog decreased from 31.3 million by 6.1 million to 25.2 million. Contracts are included in backlog only if they represent firm orders and include firm shipping schedules. The backlog position at any particular time should not be construed to represent future levels of sales and orders generally.

Table of Contents

**MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION
AND RESULTS OF OPERATIONS**

Three Months Ended September 30, 2002 Compared to Three Months Ended September 30, 2001

Gross Profit

Gross profit decreased by 1.0 million or 5.6% from 17.9 million in the three month period ended September 30, 2001 to 16.9 million in the comparable period in 2002. Although the Company's sales decreased, it was able to record a small increase in the gross margin from 44.5% in 2001 to 45.2% in 2002. This improvement resulted from a reduction in factory production costs and continued resistance to the pricing pressure in its primary markets.

Selling and Marketing Expenses

Selling and marketing expenses increased slightly from 5.9 million in the third quarter 2001 to 6.0 million in the third quarter 2002. As a percentage of sales, selling and marketing expenses increased from 14.6% to 16.0%. The increase of the sales force in the US and the reorganization of the German sales force led to higher selling and marketing expenses. Additional sales cost were recorded in the newly acquired company Pfeiffer Vacuum Systems GmbH. The increase in the percentage of sales from 14.6% to 16.0% is primarily due to lower net sales revenues.

General and Administrative Expenses

General and administrative expenses increased from 2.5 million in the three months ended September 30, 2001 to 2.9 million for the comparable period in 2002. This increase is primarily due to start-up costs of the newly formed company Pfeiffer Vacuum Systems GmbH amounting to 0.2 million. As a percentage of sales, general and administrative expenses increased from 6.3% in the third quarter 2001 to 7.9% in the third quarter 2002. The decrease in net sales revenues and increase in general and administrative expenses resulted in the higher percentage.

Research and Development

Research and development expenses increased from 2.1 million in the three months ended September 30, 2001 to 2.5 million in the three month period ended September 30, 2002. As a percentage of sales, the research and development expenses increased from 5.1% to 6.7% in the comparative quarters. The Company depends to a significant extent on continuing technological advances in vacuum pump design and manufacturing and has invested in the needs of future markets, improving its market position and entering new markets. The Company has also been investing in products to be used in the manufacturing of pre-recorded and re-writable DVDs (coating under vacuum), especially metalizers and complete DVD lines for production. The Company expects research and development expenses in future will correspond to the current level, approximately. The Company expenses all research and development costs as they are incurred.

Operating Profit

Operating profit decreased from 6.4 million in the third quarter 2001 to 4.2 million in the third quarter 2002. As a percentage of sales the operating profit decreased from 15.9% to 11.4% as the result of the lower sales, higher sales costs and the additional start-up costs of the newly formed Pfeiffer Vacuum Systems GmbH as well as increased research and development expenses.

Table of Contents

**MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION
AND RESULTS OF OPERATIONS**

Three Months Ended September 30, 2002 Compared to Three Months Ended September 30, 2001

Income Tax Expense

The Company's effective tax rate was 39.0% for both, the three months ended September 30, 2002 and the three months ended September 30, 2001.

Net Income

Net income decreased from 3.8 million in the third quarter 2001 to 3.1 million in the third quarter 2002. Net income per Ordinary Share and ADR was 0.35 (basic and diluted) in 2002 as compared to 0.44 (basic and diluted) in 2001.

Table of Contents**MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION
AND RESULTS OF OPERATIONS*****Nine Months Ended September 30, 2002 Compared to Nine Months Ended September 30, 2001****Net Sales*

Net sales decreased by 19.1 million or 14.7% from 130.0 million in the nine months ended September 30, 2001 to 110.9 million for the comparable period in 2002. The Company's sales in the United States decreased by 8.6 million or 24.0% from 35.9 million in 2001 to 27.3 million in 2002. The sales in Europe, excluding Germany, decreased by 6.9 million or 16.0%, from 43.2 million in 2001 to 36.3 million in 2002; the sales in Germany decreased by 2.6 million or 7.4% from 34.9 million in 2001 to 32.3 million in 2002.

The following table summarizes the Company's net sales by geographical area:

	Nine months ended			
	September 30, 2002 (in thousands)	%	September 30, 2001 (in thousands)	%
<i>Net Sales</i>				
Germany	32,293	29.1	34,925	26.9
Europe	36,309	32.8	43,192	33.2
United States	27,281	24.6	35,850	27.6
Rest of World	14,970	13.5	16,009	12.3
Total	<u>110,853</u>	<u>100.0</u>	<u>129,976</u>	<u>100.0</u>

Turbo pump sales decreased by 7.5 million or 15.5% from 48.5 million in the first nine months of 2001 to 41.0 million in the first nine months 2002. The sales in Fore vacuum pumps decreased by 3.5 million or 20.8% from 16.8 million to 13.3 million.

The global down-turn of the economy, and especially the weakness of the semiconductor industry led to worldwide decreased sales of the Company. To improve its market position the Company increased its sales force in the US; the German sales force was reorganized and key-account managers were appointed for the most important market segments. Consequently, the Company's sales in the third quarter of 2002 show a positive trend compared to the first and the second quarter of 2002, primarily in the German and US market. In consequence of the weakness of the US Dollar against the Euro the Company's net sales were adversely impacted by the effect of changes in these exchange rates. The exchange rate accounted for approximately 0.9 million, or 4.7% of the total sales decrease in the nine months ended September 30, 2002.

Order intake and Order backlog

Orders received decreased by 13.7 million or 11.1%, from 122.9 million in the nine months ended September 30, 2001 to 109.2 million for the comparable period in 2002. The Company's backlog shows a decrease in the comparative periods by 6.1 million or 19.5%, from 31.3 million in 2001 to 25.2 million in 2002. Contracts are included in backlog only if they represent firm orders and include firm shipping schedules. The backlog position at any particular time should not be construed to represent future levels of sales and orders generally.

**MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION
AND RESULTS OF OPERATIONS**

Nine Months Ended September 30, 2002 Compared to Nine Months Ended September 30, 2001

Gross Profit

Gross profit decreased by 8.3 million or 14.2% from 58.3 million for the nine months ended September 30, 2001 to 50.0 million for the comparable period in 2002. Gross profit as a percentage of net sales (gross margin) increased from 44.8% for 2001 to 45.1% for 2002. Although the Company's sales decreased, it was able to record a small increase in the gross margin percentage. This improvement resulted from a reduction in factory production costs and continued resistance to pricing pressure in its primary markets.

Selling and Marketing Expenses

Selling and marketing expenses decreased by 1.2 million or 6.5% from 18.5 million in the nine month period ended September 30, 2001 to 17.3 million for the comparable period in 2002. As a percentage of sales, selling and marketing expenses increased from 14.2% to 15.6% in the respective periods. The increase of the sales force in the US and the reorganization of the German sales force led to higher selling and marketing expenses. Additional sales cost were recorded in the newly acquired company Pfeiffer Vacuum Systems GmbH. Although the Company initiated a worldwide permanent cost management system it was not able to withstand the global negative economic trends. However, Pfeiffer did manage to realize a decrease in the selling and marketing expenses. The increase in the percentage of sales from 14.2% to 15.6% is primarily due to lower net sales revenues.

General and Administrative Expenses

General and administrative expenses increased by 0.9 million from 7.7 million in the nine months ended September 30, 2001 to 8.6 million for the comparable period in 2002. As a percentage of sales, general and administrative expenses increased from 5.9% to 7.8% in the respective periods. The increase in the general and administrative expenses results primarily from start-up costs of the newly formed company Pfeiffer Vacuum Systems GmbH. Additionally the decrease in net sales revenues led to an increase of the percentage of sales.

Research and Development

Research and development expenses increased 1.3 million, or 21.0%, from 6.2 million in the nine months ended September 30, 2001 to 7.5 million in the nine months ended September 30, 2002. The Company depends to a significant extent on continuing technological advances in vacuum pump design and manufacturing and has invested in the needs of future markets, improving its market position and entering new markets. The Company has also been investing in products to be used in the manufacturing of pre-recorded and re-writable DVDs (coating under vacuum), especially metalizers and complete DVD lines for production. In scope of the newly formed Pfeiffer Vacuum System GmbH the Company spent approximately 2.0 million for developing and manufacturing of DVD-systems within the nine months of the year 2002.

The Company expenses all research and development costs as they are incurred and anticipates that future spending on research and development will be comparable to current levels, approximately.

**MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION
AND RESULTS OF OPERATIONS**

Nine Months Ended September 30, 2002 Compared to Nine Months Ended September 30, 2001

Operating Profit

Operating profit decreased by 9.9 million or 43.4% from 22.8 million in the nine months ended September 30, 2001 to 12.9 million for the comparable period in 2002. As a percentage of sales, the operating profit decreased from 17.5% to 11.7% for the respective periods. The Company's operating profit was impacted by an operating loss of the newly formed company amounting to approximately 3.2 million, partly due to its extensive research and development expenses. Although the Company initiated a worldwide permanent cost management system it was not able, to withstand the global negative economic trends, as decreasing sales are in contrast to stable or slightly decreasing costs.

Income Tax Expense

The Company's effective tax rate was 39.0% for both, the nine month periods ended September 30, 2002 and 2001.

Net Income

Net income decreased by 5.7 million, or 39.6% from 14.4 million in the nine months ended September 30, 2001 to 8.7 million in the nine months ended September 30, 2002, as a result of the factors discussed above. Net income per Ordinary Share and ADR was 0.99 (basic and diluted) in 2002 compared to 1.63 (basic and diluted) in 2001.

Liquidity and Capital Resources

The Company's business continues to generate sufficient cash to fund its operations, including its working capital and capital expenditure requirements. In the nine months ended September 30, 2002 net cash provided by operating activities totaled 10.7 million as compared to 12.9 million for the comparable period in 2001.

The decrease in net cash provided by operating activities is primarily due to the decreased net income of the Company and the payment of income tax liabilities, offset by a decrease in trade accounts receivable in consequence of a better accounts receivable management.

The Company's use of cash in investing activities decreased by 1.7 million, primarily due to the purchase of selected assets (2.4 million), and lower capital expenditures (2.1 million) due to the completion of the new facility within the year 2001. The investments have been financed by the Company's cash reserves.

The increase in cash flow used by financing activities, amounting to approximately 2.2 million, is primarily a result of the dividend-payment to the shareholders and a repayment of the long-term debt.

The Company has a long-term position of long-term debt totaling 7.7 million due to the Kreditanstalt für Wiederaufbau as per September 30, 2002. The current portion of this loan amounts to 1.3 million. In the first nine months of the year 2002 the Company made principal payments on long-term debt of 1.3 million.
