MEMBERWORKS INCORPORATED NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

NOTE 1 - BASIS OF PRESENTATION

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information. Accordingly, such statements do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. The preparation of these consolidated financial statements in conformity with generally accepted accounting principles requires management of MemberWorks Incorporated ("the Company" or "MemberWorks") to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. Operating results for the three and nine months ended March 31, 2003 are not necessarily indicative of the results that may be expected for the fiscal year ending June 30, 2003. For further information, refer to the financial statements and footnotes thereto included in the Company's Annual Report on Form 10-K with respect to the fiscal year ended June 30, 2002.

NOTE 2 - STOCK-BASED COMPENSATION

In accordance with Accounting Principles Board Opinion No. 25 ("APB 25"), "Accounting for Stock Issued to Employees," the Company applies the intrinsic value method in accounting for employee stock options. Accordingly, the Company generally does not recognize compensation expense with respect to stock-based awards to employees. Had compensation cost for the Company's stock-based compensation plans been determined based on the fair value at the grant dates for awards under those plans consistent with the method of SFAS No. 123, "Accounting for Stock-Based Compensation," ("SFAS 123"), and SFAS No. 148, "Accounting for Stock-Based Compensation Transition and Disclosure," ("SFAS 148"), the Company's pro forma net income and earnings per share would have been as follows:

Edgar Filing: MEMBERWORKS INC - Form 10-Q

	Three months ended March 31,		Ni
	2003	2002	20
Net income reported	\$ 3,332	\$ 10,495	\$ 1

Deduct: Stock-based employee compensation expense determined under the fair value based method for all awards, net of related tax effects	1,456	2,783	
Pro forma net income	\$ 1,876	\$ 7,776	\$ 1
Earnings per share:

Diluted	\$ 0.14	\$ 0.53	\$

Under the stock option plans, the fair value of each option grant calculated under the provisions of SFAS 123 is estimated on the date of grant using the Black-Scholes option-pricing model with the following weighted average assumptions for the periods ended:

The weighted average fair value per share of options granted at market value for the three months ended March 31, 2003 and 2002 was \$6.53 and \$6.92, respectively. The weighted average fair value per share of options granted at market value for the nine months ended March 31, 2003 and 2002 was \$6.34 and \$9.57, respectively. For unaudited pro forma purposes, the estimated fair value of the Company's stock-based awards to employees is amortized over the options'

vesting period, four years, and the ESPP's look-back period, six-months.

NOTE 3 - GAIN ON SALE OF SUBSIDIARY/LOSS ON INVESTMENT

During the quarter ended September 30, 2001, the Company sold its investment in iPlace, Inc. for \$50,111,000 in cash and 1,601,000 shares of Homestore.com, Inc. stock. The Company reported a gain of \$65,608,000 on the sale. During the quarter ended September 30, 2002, the Company settled with Homestore.com, Inc. all issues pending related to amounts held in escrow in connection with the sale. The Company recorded a net loss of \$959,000 related to this purchase price adjustment in the quarter ended September 30, 2002.

In addition, the Company sold all of its Homestore.com, Inc. common stock during the quarter ended September 30, 2002. The Company recognized a loss of \$206,000 in connection with this sale.

NOTE 4 - SETTLEMENT OF INVESTMENT RELATED LITIGATION

During the quarter ended September 30, 2002, MemberWorks, along with certain of the other former shareholders of iPlace, Inc., settled their lawsuit against Homestore.com, Inc. The total settlement amount in favor of the plaintiffs was \$23,000,000 of which MemberWorks received \$19,148,000.

NOTE 5 - INCOME TAX EXPENSE

Income tax expense as a percentage of pre-tax income was approximately 40% for the three and nine months ended March 31, 2003. The effective tax rate was higher than the U.S. statutory rate for the three and nine months ended March 31, 2003 primarily due to state taxes and other non-deductible items. During the quarter ended September 30, 2001, the Company recorded a provision for alternative minimum taxes of approximately \$743,000 in connection with the gain on the sale of iPlace, Inc. This provision for alternative minimum taxes was later reversed in the June 2002 quarter due to a change in the tax laws.

NOTE 6 - EARNINGS PER SHARE

Basic and diluted earnings per share amounts are determined in accordance with the provisions of Financial Accounting Standard Board Statement ("SFAS") No. 128, "Earnings Per Share." The following table sets forth the reconciliation of the numerators and denominators in the computation of basic and diluted earnings per share (in thousands, except per share data):

	Three Months Ended March 31,		Ni
	2003	2002	20
Numerator for basic and diluted earnings per share:			
Net income before cumulative effect of accounting change	\$ 3,332	\$ 10,495	\$ 1

Basic earnings per share	\$ 0.27	\$ 0.74	\$
	=====	=====	=====
Diluted earnings per share	\$ 0.25	\$ 0.72	\$
	=====	=====	=====

The diluted earnings per share calculation excludes the effect of potentially dilutive shares when their effect is antidilutive. For the three months ended March 31, 2003 and 2002, the Company had 2,812,000 and 3,311,000 shares, respectively, of stock options outstanding that are not included in the calculation as they are antidilutive. For the nine months ended March 31, 2003 and 2002, the Company had 3,108,000 and 3,077,000 shares, respectively, of stock options that are not included in the calculations as they are antidilutive.

NOTE 7 - COMPREHENSIVE INCOME

The components of comprehensive income are as follows (in thousands):

2003	\$ 1,393
2004	1,045
2005	840
2006	695
2007	554

Goodwill was tested for impairment during the quarter ended September 30, 2002 as required by SFAS 142. The Company concluded that none of its goodwill was impaired. Fair value was estimated using discounted cash flow methodologies. In addition, the Company reassessed the estimated useful lives of its indefinite-lived intangible assets and determined that the lives were appropriate. The Company will test the goodwill of each of its reporting units annually or more frequently if impairment indicators exist.

NOTE 9 - ALLOWANCE FOR MEMBERSHIP CANCELLATIONS

Accrued liabilities set forth in the accompanying condensed consolidated balance sheets as of March 31, 2003 and June 30, 2002 include an allowance for membership cancellations of \$22,502,000 and \$23,753,000, respectively.

NOTE 11 - LEGAL PROCEEDINGS

Except as set forth below, in management's opinion, there are no significant legal proceedings to which the Company or any of its subsidiaries is a party or to which any of their properties are subject. The Company is involved in other lawsuits and claims generally incidental to its business including, but not limited to, various suits, including previously disclosed suits in the 2002 Annual Report filed on Form 10-K, brought against the Company by individual consumers seeking monetary and/or injunctive relief relating to the marketing of the Company's programs. In addition, from time to time, and in the regular course of its business, the Company receives inquiries from various federal and/or state regulatory authorities. Management does not believe that there will be any material effect on the results of operations as a result of its outstanding litigation proceedings.

In March 2002, the Company and other plaintiffs filed suit against Homestore.com, Inc. in United States District Court for the District of Connecticut. The action was transferred to the United States District Court for the Central District of California. The suit, which sought injunctive and other relief, alleged securities fraud, negligent misrepresentation, breach of contract and other grounds in connection with the Company's sale of its interest in iPlace, Inc. In response to plaintiffs' preliminary motions, the court ordered Homestore.com, Inc. to place \$58,000,000 in a constructive trust pending resolution of the lawsuit or further order of the court. During the quarter ended September 30, 2002, MemberWorks, along with certain of the other former shareholders of iPlace, Inc., settled their lawsuit against Homestore.com, Inc. The total settlement amount in favor of the plaintiffs was \$23,000,000, of which MemberWorks received \$19,148,000.

On January 24, 2003, the Company filed a motion with the Superior Court for the Judicial District of Hartford, Connecticut to vacate and oppose the confirmation of an arbitration award issued in December 2002. The arbitration, filed against the Company by MedValUSA Health Programs, Inc. ("MedVal") in September 2000, involved claims of breach of contract, breach of the duty of good faith and fair dealing, and violation of the Connecticut Unfair Trade Practices Act ("CUTPA"). Even though the arbitrators found that MemberWorks was not liable to MedVal for any compensatory damages, they awarded \$5,495,000 in punitive damages and costs against MemberWorks solely under CUTPA. MemberWorks believes that this arbitration award is unjustified and not based on any existing legal precedent. Specifically, the Company is challenging the award on a number of grounds, including that it violates a well defined public policy against excessive punitive damage awards, raises constitutional issues and disregards certain legal requirements for a valid award under CUTPA. The hearing on the Company's motion was held on February 10, 2003. However, the date that the judge will rule on the motion is unknown. While the Company intends to vigorously seek to vacate this award, as well as to take action to prevent the enforcement of the award by, among other things, seeking to prevent the confirmation of the award, there can be no assurance that MemberWorks will be successful in its efforts. The Company has made no provision in its financial statements for this contingency because it believes that a loss is not probable.

MEMBERWORKS INCORPORATED
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

NOTE 12 - NEW ACCOUNTING PRONOUNCEMENTS

In June 2002, the Financial Accounting Standards Board ("FASB") issued SFAS No. 146, "Accounting for Costs Associated with Exit or Disposal Activities" ("SFAS 146"), which is effective for exit or disposal activities that are initiated after December 31, 2002. SFAS 146 requires companies to recognize costs associated with exit or disposal activities when they are incurred rather than at the date of a commitment to an exit or disposal plan and nullifies Emerging Issues Task Force Issue No. 94-3, "Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity (Including Certain Costs in a Restructuring)." The adoption of SFAS 146 did not have a material impact on the Company's financial statements.

In November 2002, the FASB issued Interpretation No. 45, "Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others" ("FIN 45"). FIN 45 requires a guarantor to include disclosure of certain obligations, and if applicable, at the inception of the guarantee, recognize a liability for the fair value of other certain obligations undertaken in issuing a guarantee. The recognition requirement is effective for guarantees issued or modified after December 31, 2002. The adoption of FIN 45 did not have a material impact on the Company's financial statements.

In December 2002, the FASB issued SFAS No. 148, "Accounting for Stock-Based Compensation - Transition and Disclosure - an Amendment of FASB Statement No. 123." This Statement amends FASB Statement No. 123, "Accounting for Stock-Based Compensation," to provide alternative methods of transition for an entity that voluntarily changes to the fair value based method of accounting for stock-based employee compensation. It also amends the disclosure provisions of that Statement to require prominent disclosure about the effects on reported net income of an entity's accounting policy decisions with respect to stock-based employee compensation. Finally, this Statement amends APB Opinion No. 28, "Interim Financial Reporting," to require disclosure about those effects in interim financial information. The transition provisions of this statement are effective for financial statements with fiscal years ending after December 15, 2002. The disclosure provisions of this statement are effective for financial reports containing condensed financial statements for interim periods beginning after December 15, 2002. The Company will continue to account for its stock based compensation according to the provisions of APB Opinion No. 25.

In January 2003, the FASB issued Interpretation No. 46, "Consolidation of Variable Interest Entities" ("FIN 46"). FIN 46 clarifies the application of Accounting Research Bulletin No. 51 and applies immediately to any variable interest entities created after January 31, 2003 and to variable interest entities in which an interest is obtained after that date. For variable interest entities created or acquired prior to February 1, 2003, the provisions of FIN 46 must be applied for the first interim or annual period beginning after June 15, 2003. While it will continue to evaluate the requirements of FIN 46, MemberWorks does not believe that the adoption of FIN 46 will have a material impact on the Company's financial statements.

MEMBERWORKS INCORPORATED
MANAGEMENT'S DISCUSSION AND ANALYSIS
OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

OVERVIEW

MemberWorks addresses the needs of organizations seeking to leverage the expertise of an outside provider in offering membership service programs. Membership service programs offer selected products and services from a variety of vendors for an annual fee or a monthly fee. Membership service programs intend to enhance existing relationships between businesses and consumers. MemberWorks derives its revenues principally from annually renewable membership fees. The Company generally receives full payment of annual fees at or near the beginning of the membership period, but recognizes revenue as the member's refund privilege expires. Similarly, the costs associated with soliciting each new member, as well as the cost of royalties paid to clients, are generally recognized as the related revenue is recognized. Profitability and cash flow generated from annual renewal memberships exceed that of annual new memberships due to the absence of solicitation costs associated with new member procurement. The Company recognizes revenue from members that are billed on a monthly payment plan in the month the billing occurs.

CRITICAL ACCOUNTING POLICIES

Critical accounting policies are those policies that are important to the Company's financial condition and results and involve subjective or complex judgments on the part of management, often as a result of the need to make estimates. The following areas all require the use of judgments and estimates: membership cancellation rates, deferred marketing costs, valuation of intangible assets, estimation of remaining useful lives of intangible assets, estimation of the effective tax rate and valuation of deferred tax assets. Estimates in each of these areas are based on historical experience and various assumptions that MemberWorks believes are appropriate. Actual results may differ from these estimates. MemberWorks believes the following represent the critical accounting policies of the Company as contemplated by Financial Reporting Release No. 60, "Cautionary Advice Regarding Disclosure about Critical Accounting Policies." For a summary of all of the Company's significant accounting policies, see Note 2 of the Notes to the consolidated financial statements of the Company's 2002 Annual Report filed on Form 10-K.

Revenue recognition

Membership fees are billed through clients of the Company primarily through credit cards. During an initial annual membership term or renewal term, a member may cancel his or her membership in the program, either for a complete refund of the membership fee for that period or a prorata refund based on the remaining portion of the membership period depending upon the terms of the membership program. Deferred membership fees are recorded, net of estimated cancellations, after the trial period has expired, and are amortized as revenues from membership fees upon the expiration of membership refund privileges. Revenue from members who are charged on a monthly payment program is recognized, net of estimated cancellations, as the membership fees are billed. An allowance for cancellations is established based on management's estimates and is updated regularly. In determining the estimate of allowance for cancellations, management analyzes historical cancellation experience, current economic trends and changes in customer demand for the Company's products. Actual membership cancellations are charged against the allowance for cancellations on a current basis. If actual cancellations differ from the estimate, the results of

Edgar Filing: MEMBERWORKS INC - Form 10-Q

operations would be impacted.

11

MEMBERWORKS INCORPORATED MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS (CONTINUED)

Membership solicitation and other deferred costs

Membership solicitation costs include marketing and direct mail costs related directly to membership solicitation (i.e., direct response advertising costs). In accordance with the American Institute of Certified Public Accountants Statement of Position 93-7, "Reporting on Advertising Costs," direct response advertising costs are deferred and charged to operations over the membership period. Other deferred costs consist of royalties paid to clients, which relate to the same revenue streams as the direct response advertising costs and are also charged to income over the membership period. Total membership solicitation costs incurred to obtain a new member generally are less than the estimated total membership fees. However, if total membership solicitation costs were to exceed total estimated membership fees, an adjustment would be made to the extent of any impairment.

Valuation of goodwill and other intangibles

MemberWorks reviews the carrying value of its goodwill and other intangible assets, and assesses the remaining estimated useful lives of its intangible assets, in accordance with Financial Accounting Standards Board ("FASB") Statement No. 142, "Goodwill and Other Intangible Assets" ("SFAS 142"). The Company reviews the carrying value of its goodwill and other intangible assets by comparing such amounts to their fair values. MemberWorks is required to perform this comparison at least annually or more frequently if circumstances indicate possible impairment. When determining fair value, the Company utilizes various assumptions, including projections of future cash flows. A change in these underlying assumptions will cause a change in the results of the tests and, as such, could cause fair value to be less than the carrying amounts. In such an event, MemberWorks would then be required to record a corresponding charge, which would negatively impact earnings. Goodwill at July 1, 2002 and 2001, was tested for impairment during the quarters ended September 30, 2002 and 2001, respectively. The Company concluded that none of its goodwill was impaired as of July 1, 2002. As of July 1, 2001, the Company determined that there was an impairment of goodwill of \$5.9 million at one of its reporting units due to the change in methodology of calculating impairment under SFAS 142 concurrent with downward trends in the operations of the reporting unit. This amount was recorded as a cumulative effect of accounting change in the statement of operations in the fiscal quarter ended September 30, 2001.

Income tax provision

MemberWorks estimates current tax provisions or benefits based on a projected effective tax rate for the fiscal year ended June 30, 2003 using the most currently available information and forecasts. The projected effective tax rate is updated for actual results and estimates when they become known. In addition, MemberWorks assesses the realization of deferred tax assets considering various assumptions, including estimates of future taxable income and ongoing tax strategies. A change in these underlying assumptions would impact the results of operations.

THREE MONTHS ENDED MARCH 31, 2003 VS. THREE MONTHS ENDED MARCH 31, 2002

Edgar Filing: MEMBERWORKS INC - Form 10-Q

REVENUES. Revenues increased 18% to \$118.6 million for the quarter ended March 31, 2003 from \$100.8 million for the quarter ended March 31, 2002. The increase in revenues is primarily due to an increase in the average program price point. In addition, as of December 31, 2002, virtually all of the Company's membership base was enrolled in a prorata refund policy program. As a result of the Company's strategic initiative to move its members to a prorata refund policy program, revenues which would have been recognized at the end of a membership year are now recognized ratably during the membership year as the refund privileges expire in accordance with Staff Accounting Bulletin 101, "Revenue Recognition in the Financial Statements" ("SAB 101"). As a percentage of total annual revenues, annual renewal revenues were 58% in 2003 and 55% in 2002. Revenue from members who are charged on a monthly payment program increased to \$20.1 million for the quarter ended March 31, 2003 from \$10.7 million for the quarter ended March 31, 2002 primarily due to an increase in members enrolled in a monthly payment plan.

REVENUES BEFORE DEFERRAL. Revenues before deferral, which are revenues before the application of SAB 101, are an important measure of the Company's performance during the reporting period because they represent the actual membership fees billed during the current reporting period less an allowance for cancellations. Revenue, as recognized under SAB 101, includes membership fees billed in prior periods less an allowance for cancellations that have been amortized and recognized during the current period as the refund privileges expire. Revenues before deferral increased 5% to \$109.2 million for the quarter ended March 31, 2003 from \$103.5 million for the quarter ended March 31, 2002. Revenues before deferral increased compared to the prior year primarily due to an increase in the average annual program price point. The average first year annual price point increased 17% to \$111 as of March 31, 2003 from \$95 as of March 31, 2002. Revenue from members who are charged on a monthly payment program also increased to \$20.1 million for the quarter ended March 31, 2003 from \$10.7 million for the quarter ended March 31, 2002. These increases were partially offset by a decrease in annual renewal revenue which represented 50% of total annual revenue before deferral in 2003 versus 60% in 2002. The Company's membership base also decreased to approximately 6.3 million members at March 31, 2003 from 6.6 million members at March 31, 2002. The decrease in annual renewal revenue and the decreased membership base are due to the controlled marketing slow down implemented in the beginning of fiscal 2002.

The following information provides a reconciliation of revenues before deferral to revenues reported for the quarter ended March 31:

	2003
Revenues before deferral	\$ 109,180
Deferred membership fees at beginning of period	196,290
Deferred membership fees at end of period	(187,011)
Effect of changes in foreign exchange rates	188

OPERATING EXPENSES. Operating expenses consist of member service call center costs, membership benefit costs and membership program fulfillment costs. Operating expenses increased 8% to \$20.7 million for the quarter ended March 31, 2003 from \$19.1 million for the quarter ended March 31, 2002. As a percentage of revenues, operating expenses decreased to 17.4% for the quarter ended March 31, 2003 from 18.9% for the quarter ended March 31, 2002 due to operating expense leverage gained from increased revenues.

MARKETING EXPENSES. Marketing expenses consist of costs incurred to obtain new members and royalties paid to clients. Those costs that are considered direct response advertising costs and royalties paid to clients are generally amortized in the same manner as the related revenue as required by Statement of Position 93-7, "Reporting on Advertising Costs," ("SOP 93-7") and SAB 101. Marketing expenses increased 40% to \$73.0 million for the quarter ended March 31, 2003 from \$52.1 million for the quarter ended March 31, 2002 and, as a percentage of revenue, marketing expenses increased to 61.5% in 2003 from 51.7% in 2002. These increases are due to the 18% increase in revenue and an increased mix of non-deferred marketing costs expensed in 2003.

MARKETING COSTS BEFORE DEFERRAL. Marketing costs before deferral, which are marketing costs before the application of SAB 101 and SOP 93-7, are an important measure of the Company's performance during the reporting period because they represent the actual marketing costs incurred during the current reporting period. Marketing expenses, as recognized under SAB 101 and SOP 93-7, include marketing costs incurred in prior periods that have been amortized and recognized in the same manner as the related revenues. Marketing costs before deferral increased 11% to \$63.5 million for the quarter ended March 31, 2003 from \$57.0 million for the quarter ended March 31, 2002 due to increased levels of new member marketing. The Company increased its marketing for both new annual members and new monthly members. As a percentage of revenues before deferral, marketing costs before deferral increased to 58.1% in 2003 from 55.1% in 2002 due to the increased levels of monthly member marketing.

GENERAL AND ADMINISTRATIVE EXPENSES. General and administrative expenses primarily include personnel-related costs, occupancy costs and other overhead costs. General and administrative expenses increased 4% to \$19.1 million for the quarter ended March 31, 2003 from \$18.4 million for the quarter ended March 31, 2002. As a percentage of revenues, general and administrative expenses decreased to 16.1% in 2003 from 18.2% in 2002 primarily due to leverage gained from increased revenues.

AMORTIZATION OF OTHER INTANGIBLES. Intangible amortization decreased to \$0.3 million during the quarter ended March 31, 2003 from \$0.4 million for the quarter ended March 31, 2002.

OTHER INCOME, NET. Other income, net is primarily composed of interest income from cash and cash equivalents and interest expense on the Company's borrowings under its line of credit during the period. Other income increased to \$37,000 for the quarter ended March 31, 2003 from other expense of \$0.3 million for the quarter ended March 31, 2002. The increase in other income is due to an increased cash balance during the March 31, 2003 quarter.

PROVISION FOR INCOME TAXES. During the quarter ended March 31, 2003, the Company recorded a tax provision of \$2.2 million based on an effective tax rate of approximately 40%. The effective tax rate was higher than the U.S. federal statutory rate for the quarter ended March 31, 2003 primarily due to state taxes and other non-deductible items. The Company was not required to record a provision for income taxes for the quarter ended March 31, 2002 due to the utilization of net operating losses during the period.

NINE MONTHS ENDED MARCH 31, 2003 VS. NINE MONTHS ENDED MARCH 31, 2002

REVENUES. Revenues increased 5% to \$337.7 million for the nine months ended March 31, 2003 from \$322.4 million for the nine months ended March 31, 2002. Excluding \$9.4 million of revenue generated from iPlace, Inc., which was sold in the first quarter of fiscal 2002, revenues would have increased 8% over the prior year. The increase in revenues is due to the effects of the Company's strategic initiative to migrate its members that participate in a full-money-back refund policy program to a prorata refund policy program, in addition to increased levels of monthly member marketing and an increase in the average program price point. As of December 31, 2002, virtually all of the Company's membership base was enrolled in a prorata refund policy program. As a result of the Company's strategic initiative to move its members to a prorata refund policy program, revenues which would have been recognized at the end of a membership year are now recognized ratably during the membership year as the refund privileges expire in accordance with SAB 101. Revenue from members who are charged on a monthly payment program increased to \$53.9 million during the nine months ended March 31, 2003 from \$26.2 million during the nine months ended March 31, 2002 due to an increase in members enrolled in a monthly payment plan. As a percentage of total annual revenues, annual renewal revenues were 57% in 2003 and 53% in 2002.

REVENUES BEFORE DEFERRAL. Revenues before deferral increased 3% to \$318.3

million for the nine months ended March 31, 2003 from \$310.2 million for the nine months ended March 31, 2002. Excluding revenue from iPlace, Inc. of \$11.0 million and the United Kingdom of \$1.7 million from the prior year, revenue before deferral increased 7%. Revenues before deferral increased compared to the prior year due to increased revenue from members who are charged on a monthly payment program. Revenue from monthly members increased to \$53.9 million during the nine months ended March 31, 2003 from \$26.2 million during the nine months ended March 31, 2002. This increase was partially offset by a decrease in annual renewal revenues. As a percentage of total annual revenues before deferral, annual renewal revenues were 55% in 2003 and 57% in 2002. The decrease in annual renewal revenue is due to the controlled marketing slow down implemented in the beginning of fiscal 2002.

OPERATING EXPENSES. Operating expenses decreased 3% to \$57.9 million for the nine months ended March 31, 2003 from \$59.6 million for the nine months ended March 31, 2002 primarily due to the sale of iPlace, Inc. As a percentage of revenues, operating expenses decreased to 17.1% for the nine months ended March 31, 2003 from 18.5% for the nine months ended March 31, 2002 primarily due to the cost savings initiatives implemented in the beginning of the December 2001 quarter and operating expense leverage gained from increased revenues.

MARKETING EXPENSES. Marketing expenses increased 12% to \$208.5 million for the nine months ended March 31, 2003 from \$186.3 million for the nine months ended March 31, 2002 resulting in the increase in revenue reported for the nine months ended March 31, 2003. As a percentage of revenue, marketing expenses increased to 61.7% in 2003 from 57.8% in 2002 primarily due to a higher level of non-deferrable marketing expenses incurred in the nine months ended March 31, 2003.

MARKETING COSTS BEFORE DEFERRAL. Marketing costs before deferral decreased 2% to \$178.1 million for the nine months ended March 31, 2003 from \$182.5 million for the nine months ended March 31, 2002. As a percentage of revenues before deferral, marketing costs before deferral decreased to 56.0% in 2003 from 58.8% in 2002. These decreases were primarily due to an improvement in new member marketing efficiencies.

GENERAL AND ADMINISTRATIVE EXPENSES. General and administrative expenses decreased 5% to \$56.8 million for the nine months ended March 31, 2003 from \$60.0 million for the nine months ended March 31, 2002. As a percentage of revenues, general and administrative expenses decreased to 16.8% in 2003 and 18.6% in 2002. These decreases were primarily due to the sale of iPlace, Inc. and the closing of the United Kingdom operations.

AMORTIZATION OF OTHER INTANGIBLES. Intangible amortization decreased to \$1.1 million during the nine months ended March 31, 2003 from \$1.5 million for the nine months ended March 31, 2002 due to the effect of the sale of iPlace, Inc.

Settlement of investment related litigation. During the quarter ended September 30, 2002, MemberWorks, along with certain of the other former shareholders of iPlace, Inc., settled their lawsuit against Homestore.com, Inc. The total settlement amount in favor of the plaintiffs was \$23.0 million of which MemberWorks received \$19.1 million.

GAIN ON SALE OF SUBSIDIARY. During the quarter ended September 30, 2001, the Company sold its investment in iPlace, Inc. for \$50.1 million in cash and 1.6 million shares of Homestore.com, Inc. stock. The Company reported a gain of \$65.6 million on the sale. During the quarter ended September 30, 2002, the Company settled with Homestore.com, Inc. all issues pending related to amounts held in escrow in connection with the sale. The Company recorded a net loss of \$1.0 million related to this purchase price adjustment in the quarter ended September 30, 2002.

NET LOSS ON INVESTMENT. During the quarter ended September 30, 2001, the Company reported a loss of \$22.3 million reflecting the write-down of the Company's investment in Homestore.com, Inc. common stock to its fair market value. During the quarter ended September 30, 2002, the Company sold all of its Homestore.com, Inc. common stock and recognized a loss of \$0.2 million.

OTHER INCOME/EXPENSE, NET. Other income increased to \$0.4 million in 2003 from expense of \$0.4 million in 2002 due to the increase in the Company's cash balance.

PROVISION FOR INCOME TAXES. During the nine months ended March 31, 2003, the Company recorded a tax provision of \$12.7 million based on an effective tax rate of approximately 40%. The effective tax rate was higher than the U.S. federal statutory rate for the nine months ended March 31, 2003 primarily due to state taxes and other non-deductible items. During the nine months ended September 30, 2002, the Company recorded a provision for alternative minimum taxes of

Edgar Filing: MEMBERWORKS INC - Form 10-Q

approximately \$0.7 million in connection with the gain on the sale of iPlace, Inc. This provision for alternative minimum taxes was later reversed in the June 2002 quarter due to a change in the tax laws.

LIQUIDITY AND CAPITAL RESOURCES

Net cash provided by operating activities was \$28.8 million for the nine months ended March 31, 2003 versus cash provided by operating activities of \$9.1 million for the nine months ended March 31, 2002. The increase in operating cash flow was due to a decrease in marketing costs before deferral as a percentage of revenue before deferral, cost savings as a result of the restructuring plan and the actual costs incurred in December 2001 related to the restructuring plan, offset by the negative impact of changes in assets and liabilities. Revenues before deferral were \$318.3 million for the nine months ended March 31, 2003 versus \$310.2 million for the nine months ended March 31, 2002. Marketing expenses before deferral were \$178.1 million for the nine months ended March 31, 2003 versus \$182.5 million for the nine months ended March 31, 2002. As a percent of revenues before deferral, marketing expenses before deferral were 56.0% in 2003 and 58.8% in 2002. These decreases were primarily due to an improvement in new member marketing efficiencies achieved in fiscal 2003. Changes in assets and liabilities decreased cash from operating activities by \$6.4 million in 2003 versus a decrease of \$2.9 million in 2002. The negative effect of changes in assets and liabilities during the nine months ended March 31, 2003 was primarily due to the timing of the collection of certain receivables which the Company expects will reverse in the June 2003 quarter.

MEMBERWORKS INCORPORATED MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS (CONTINUED)

Net cash provided by investing activities was \$13.8 million in 2003 versus \$41.6 million in 2002. During the nine months ended March 31, 2003, MemberWorks, along with certain of the other former shareholders of iPlace, Inc., settled their lawsuit against Homestore.com, Inc. The total settlement amount in favor of the plaintiffs was \$23.0 million of which MemberWorks received \$19.1 million. In addition, during the nine months ended March 31, 2003, the Company settled with Homestore.com, Inc. all issues pending related to amounts held in escrow in connection with the sale. The Company paid \$0.8 million from the escrow account related to the settlement. In March 2003, the Company made a \$0.5 million investment in Small Business Worldwide, a small business outsource marketing company. The net cash provided by investing activities during the nine months ended March 31, 2002 includes the receipt of \$46.0 million in net proceeds from the sale of iPlace, Inc. in August 2001. Capital expenditures were \$4.1 million during the nine months ended March 31, 2003 and \$4.4 million during the nine months ended March 31, 2002.

Net cash used in financing activities was \$23.1 million for the nine months ended March 31, 2003 versus \$25.2 million for the nine months ended March 31, 2002 primarily due to the repurchase of treasury stock. The Company purchased 1,432,000 shares of treasury stock in 2003 for \$25.3 million, an average price of \$17.69, and 1,752,000 shares in 2002 for \$26.0 million, an average price of \$14.82. During the quarter ended September 30, 2002, the Board of Directors authorized an additional 2.5 million shares to be repurchased under the buyback program. As of March 31, 2003, the Company had 1,540,000 shares available for repurchase under its buyback program.

Edgar Filing: MEMBERWORKS INC - Form 10-Q

As of March 31, 2003, the Company had cash and cash equivalents of \$70.7 million and a \$28 million bank credit facility which bears interest at the higher of the base commercial lending rate for the bank or the Federal Funds Rate plus 0.5% per annum. As of March 31, 2003, availability under the bank credit facility was reduced by an outstanding letter of credit of \$5.5 million. As of March 31, 2003, the effective interest rate for borrowings was 4.25%. The bank credit facility has certain financial covenants, including a maximum debt coverage ratio, a minimum fixed charges coverage ratio, potential restrictions on additional borrowings and potential restrictions on additional stock repurchases. The Company believes that existing cash balances, cash generated from its operations and its available bank credit facility, will be sufficient to meet its funding requirements for at least the next twelve months.

The Company did not have any material commitments for capital expenditures as of March 31, 2003. The Company intends to utilize cash generated from operations to fulfill any capital expenditure requirements for the remainder of fiscal 2003.

COMMITMENTS

The Company is not aware of any factors that are reasonably likely to adversely affect liquidity trends, other than the risk factors presented in the Forward Looking Statements in this Form 10-Q filing. The Company does not have off-balance sheet arrangements, non-exchange traded contracts or material related party transactions.

Future minimum payments of contractual obligations as of March 31, 2003 are as follows (amounts in thousands):

	Payments Due by Period			
	Total	Less than 1 year	1-3 years	4-5 years
Operating leases	\$ 26,430	\$ 6,378	\$ 13,598	\$ 4,040

Other long-term obligations	340	235	105	-
Total payments due	\$ 29,788	\$ 9,931	\$ 13,703	\$ 4,040

The Company operates in leased facilities. Management expects that leases currently in effect will be renewed or replaced by other leases of a similar nature and term.

NEW ACCOUNTING PRONOUNCEMENTS

Edgar Filing: MEMBERWORKS INC - Form 10-Q

In June 2002, the FASB issued Statement No. 146, "Accounting for Costs Associated with Exit or Disposal Activities" ("SFAS 146"), which is effective for exit or disposal activities that are initiated after December 31, 2002. SFAS 146 requires companies to recognize costs associated with exit or disposal activities when they are incurred rather than at the date of a commitment to an exit or disposal plan and nullifies Emerging Issues Task Force Issue No. 94-3, "Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity (Including Certain Costs in a Restructuring)." The adoption of SFAS 146 did not have a material impact on the Company's financial statements.

In November 2002, the FASB issued Interpretation No. 45, "Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others" ("FIN 45"). FIN 45 requires a guarantor to include disclosure of certain obligations, and if applicable, at the inception of the guarantee, recognize a liability for the fair value of other certain obligations undertaken in issuing a guarantee. The recognition requirement is effective for guarantees issued or modified after December 31, 2002. The adoption of FIN 45 did not have a material impact on the Company's financial statements.

18

MEMBERWORKS INCORPORATED MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS (CONTINUED)

In December 2002, the FASB issued SFAS No. 148, "Accounting for Stock-Based Compensation - Transition and Disclosure - an Amendment of FASB Statement No. 123." This Statement amends FASB Statement No. 123, "Accounting for Stock-Based Compensation," to provide alternative methods of transition for an entity that voluntarily changes to the fair value based method of accounting for stock-based employee compensation. It also amends the disclosure provisions of that Statement to require prominent disclosure about the effects on reported net income of an entity's accounting policy decisions with respect to stock-based employee compensation. Finally, this Statement amends APB Opinion No. 28, "Interim Financial Reporting," to require disclosure about those effects in interim financial information. The transition provisions of this statement shall be effective for financial statements with fiscal years ending after December 15, 2002. The disclosure provisions of this statement shall be effective for financial reports containing condensed financial statements for interim periods beginning after December 15, 2002. The Company will continue to account for its stock based compensation according to the provisions of APB Opinion No. 25.

In January 2003, the FASB issued Interpretation No. 46, "Consolidation of Variable Interest Entities" ("FIN 46"). FIN 46 clarifies the application of Accounting Research Bulletin No. 51 and applies immediately to any variable interest entities created after January 31, 2003 and to variable interest entities in which an interest is obtained after that date. For variable interest entities created or acquired prior to February 1, 2003, the provisions of FIN 46 must be applied for the first interim or annual period beginning after June 15, 2003. While it will continue to evaluate the requirements of FIN 46, MemberWorks does not believe that the adoption of FIN 46 will have a material impact on the Company's financial statements.

FORWARD LOOKING STATEMENTS

This Quarterly Report on Form 10-Q contains forward-looking statements that are based on current expectations, estimates, forecasts and projections about the industry in which MemberWorks operates and the Company's management's beliefs and assumptions. These forward-looking statements include statements that do not relate solely to historical or current facts and can be identified by the use of words such as "believe," "expect," "estimate," "project," "continue" or "anticipate." These forward-looking statements are made pursuant to safe harbor provisions of the Private Securities Litigation Reform Act of 1995.

Forward-looking statements are not guarantees of future performance and are based on a number of assumptions and estimates that are inherently subject to significant risks and uncertainties, many of which are beyond our control, cannot be foreseen and reflect future business decisions that are subject to change. Therefore, actual outcomes and results may differ materially from what is expressed or forecasted in such forward-looking statements. Among the many factors that could cause actual results to differ materially from the forward-looking statements are:

- Higher than expected membership cancellations;
- Lower than expected membership renewal rates;
- Changes in the marketing techniques of credit card issuers;
- Increases in the level of commission rates and other compensation required by marketing partners to actively market with MemberWorks;
- Potential reserve requirements by business partners such as the Company's payment processors;
- Unanticipated cancellation or termination of marketing agreements and the extent to which MemberWorks can continue successful development and marketing of new products and services;
- Unanticipated changes in or termination of the Company's ability to process membership fees through third parties, including clients, payment processors and bank card associations;
- The Company's ability to introduce new programs on a timely basis;
- The Company's ability to develop and implement operational and financial systems to manage growing operations;
- The Company's ability to recover from a complete or partial system failure or impairment, other hardware or software related malfunctions or programming errors;
- The Company's ability to obtain financing on acceptable terms to finance the Company's growth strategy and to operate within the limitations imposed by financing arrangements;
- The Company's ability to integrate acquired businesses into the Company's management and operations and operate successfully;
- Further changes in the already competitive environment for the Company's products or competitors' responses to the Company's strategies;
- Changes in the growth rate of the overall U.S. economy, or the international economy where MemberWorks does business, such that credit availability, interest rates, consumer spending and related consumer debt are impacted;
- Additional government regulations and changes to existing government regulations of the Company's industry; and
- New accounting pronouncements.

MEMBERWORKS INCORPORATED
MANAGEMENT'S DISCUSSION AND ANALYSIS
OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS (CONTINUED)

Many of these factors are beyond MemberWorks' control, and, therefore, its ability to generate predictable revenue and income growth may be adversely affected by these factors.

MemberWorks cautions that such factors are not exclusive. All of the forward-looking statements made in this Quarterly Report on Form 10-Q are qualified by these cautionary statements and readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this Quarterly Report on Form 10-Q. Except as required by law, MemberWorks does not have any intention or obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

Interest Rate

As of March 31, 2003, the Company has a \$28 million bank credit facility which bears interest at the higher of the base commercial lending rate for the bank or the Federal Funds Rate plus 0.5% per annum. There were no borrowings outstanding under this bank credit facility as of March 31, 2003. As of March 31, 2003, availability under the bank credit facility was reduced by an outstanding letter of credit of \$5.5 million. Management believes that an increase in the commercial lending rate or the Federal Funds rate would not be material to the Company's financial position or its results of operations. If the Company is not able to renew its existing credit facility agreement, which matures on March 29, 2004, it is possible that any replacement lending facility obtained by the Company may be more sensitive to interest rate changes. The Company does not currently hedge interest rates.

Foreign Currency

The Company has international sales and facilities in Canada and therefore, is subject to foreign currency rate exposure. Canadian sales have been denominated in the Canadian dollar and its functional currency is the local currency. Assets and liabilities of the Canadian subsidiary are translated into U.S. dollars at the exchange rate in effect as of the balance sheet date. Income and expense items are translated at the average exchange rate for the period. Accumulated net translation adjustments are recorded in shareholders' equity. Foreign exchange transaction gains and losses are included in the results of operations, and were not material for all periods presented. As a result, the Company's financial results could be affected by factors such as changes in foreign

Edgar Filing: MEMBERWORKS INC - Form 10-Q

currency exchange rates or weak economic condition. To the extent the Company incurs expenses that are based on locally denominated sales volume paid in local currency, the exposure to foreign exchange risk is reduced. The Company has determined that the impact of a near-term 10% appreciation or depreciation of the U.S. dollar would have an insignificant effect on its financial position, results of operations and cash flows. The Company does not maintain any derivative instruments to mitigate the exposure to translation and transaction risk. However, this does not preclude the Company's adoption of specific hedging strategies in the future. MemberWorks will assess the need to utilize financial instruments to hedge currency exposures on an ongoing basis.

Fair Value

The Company does not have material exposure to market risk with respect to investments, as the Company does not hold any marketable securities as of March 31, 2003. MemberWorks does not use derivative financial instruments for speculative or trading purposes. However, this does not preclude the Company's adoption of specific hedging strategies in the future.

Item 4. Controls and Procedures

Evaluation of disclosure controls and procedures.

The chief executive officer and chief financial officer have evaluated the effectiveness of the Company's disclosure controls and procedures (as defined in the Securities Exchange Act of 1934 Rules 13a-14(c) and 15-d-14(c)) as of a date within 90 days of the filing of this quarterly report (the "Evaluation Date") and have concluded that as of the Evaluation Date, the Company's disclosure controls and procedures were effective. The Company's disclosure controls and procedures are designed to ensure that material information relating to MemberWorks and its consolidated subsidiaries that are required to be disclosed in its reports under the Exchange Act is accumulated and communicated to the chief executive officer and chief financial officer.

Changes in internal controls.

There were no significant changes in the Company's internal controls or in other factors that could significantly affect our controls subsequent to the Evaluation Date.

MEMBERWORKS INCORPORATED PART II. OTHER INFORMATION

Item 1. Legal Proceedings

Except as set forth below, in management's opinion, there are no significant legal proceedings to which the Company or any of its subsidiaries is a party or to which any of their properties are subject. The Company is involved in other lawsuits and claims generally incidental to its business including, but not limited to, various suits, including suits previously disclosed in the 2002 Annual Report filed on Form 10-K, brought against the Company by individual consumers seeking monetary and/or injunctive relief relating to the marketing of the Company's programs. In addition, from time to time, and in the regular course of its business, the Company receives inquiries from various federal and/or state regulatory authorities. Management does not believe that there will be any material effect on the results of operations as a result of its

Edgar Filing: MEMBERWORKS INC - Form 10-Q

outstanding litigation proceedings.

In March 2002, the Company and other plaintiffs filed suit against Homestore.com, Inc. in United States District Court for the District of Connecticut. The action was transferred to the United States District Court for the Central District of California. The suit, which sought injunctive and other relief, alleged securities fraud, negligent misrepresentation, breach of contract and other grounds in connection with the Company's sale of its interest in iPlace, Inc. In response to plaintiffs' preliminary motions, the court ordered Homestore.com, Inc. to place \$58.0 million in a constructive trust pending resolution of the lawsuit or further order of the court. During the quarter ended September 30, 2002, MemberWorks, along with certain of the other former shareholders of iPlace, Inc., settled their lawsuit against Homestore.com, Inc. The total settlement amount in favor of the plaintiffs was \$23.0 million, of which MemberWorks received \$19.1 million.

On January 24, 2003, the Company filed a motion with the Superior Court for the Judicial District of Hartford, Connecticut to vacate and oppose the confirmation of an arbitration award issued in December 2002. The arbitration, filed against the Company by MedValUSA Health Programs, Inc. ("MedVal") in September 2000, involved claims of breach of contract, breach of the duty of good faith and fair dealing, and violation of the Connecticut Unfair Trade Practices Act ("CUTPA"). Even though the arbitrators found that MemberWorks was not liable to MedVal for any compensatory damages, they awarded \$5.5 million in punitive damages and costs against MemberWorks solely under CUTPA. MemberWorks believes that this arbitration award is unjustified and not based on any existing legal precedent. Specifically, the Company is challenging the award on a number of grounds, including that it violates a well defined public policy against excessive punitive damage awards, raises constitutional issues and disregards certain legal requirements for a valid award under CUTPA. The hearing on the Company's motion was held on February 10, 2003. However, the date that the judge will rule on the motion is unknown. While the Company intends to vigorously seek to vacate this award, as well as to take action to prevent the enforcement of the award by, among other things, seeking to prevent the confirmation of the award, there can be no assurance that MemberWorks will be successful in its efforts. The Company has made no provision in its financial statements for this contingency because it believes that a loss is not probable.
