QUESTIONS AND ANSWERS ABOUT HYDROMER'S ANNUAL MEETING AND VOTING

What is the purpose of the Annual Meeting?

At the annual meeting, the stockholders will elect 8 directors; ratify the Company's choice of independent public accountants and act upon anything else that properly comes before the meeting. In addition, the management will give a report on the Company's performance during the fiscal year beginning July 1, 2005 and ending June 30, 2006.

Edgar Filing: HYDROMER INC - Form DEF 14A

Why Did I Receive This Proxy Statement?

We sent you this proxy statement and the enclosed proxy card because Hydromer's Board of Directors is soliciting your proxy to be used at the Annual Meeting of Stockholders on November 15, 2006, at 10:00 a.m. (EST), at 35 Industrial Parkway, Branchburg, NJ 08876, or at any adjournment of the meeting. This proxy statement discloses the information you need to know to vote on an informed basis. We are first mailing this proxy statement and the enclosed proxy card to stockholders on or about September 15, 2006.

Who Can Vote?

You are entitled to vote if you owned Hydromer common stock on the record date, which is the close of business on September 1, 2006. Each share of Hydromer common stock that you own, entitles you to one vote.

Who can attend the meeting?

Only stockholders of record on the close of business on the record date, or their duly appointed proxies, may attend the meeting. Registration begins at 9:30 a.m.

How Many Shares Of Voting Stock Are Outstanding?

On the record date, there were 4,644,164 shares of Hydromer common stock outstanding entitled to vote. Hydromer common stock is our only class of voting stock.

What Constitutes A Quorum?

A quorum is a majority of the outstanding shares entitled to vote which are present or represented by proxy at the meeting i.e. 2,322,083 shares. There must be a quorum for the transaction of business at the annual meeting. If you submit a properly executed proxy card, even if you abstain from voting, your shares will be considered part of the quorum. Broker non-votes (shares held by a broker or nominee that are represented at the meeting, but with respect to which the broker or nominee is not empowered to vote on a proposal) are also included in determining the presence of a quorum.

What Am I Voting On?

1. The election of eight individuals to serve on our Board of Directors: Manfred F. Dyck, Ursula M. Dyck, Dieter Heinemann, Robert Bea, Dr. Maxwell Borow, Dr. Klaus J.H. Meckeler, Dr. Frederick Perl and Michael F. Ryan, Ph.D.
2. The ratification of the selection of Rosenberg Rich Baker Berman & Company as our independent public accountants for the fiscal year beginning July 1, 2006.

1

How Does The Board Of Directors Recommend I Vote On the Proposals?

The Board of Directors recommends a vote FOR each of the Board's nominees and FOR the appointment of Rosenberg Rich Baker Berman & Company as our independent public accountants for fiscal 2006/2007.

How Do I Vote?

To vote by proxy you should complete, sign and date the enclosed proxy card and return it promptly in the prepaid envelope provided with this proxy statement.

To vote in person, you may attend the meeting and cast your vote in person.

May I Revoke My Proxy?

Edgar Filing: HYDROMER INC - Form DEF 14A

You may revoke your proxy at any time before it is voted in either of the following ways:

1. You may submit another proxy card with a later date.
2. You may notify Hydromer's Secretary in writing before your proxy is voted that you have revoked your proxy.

If I Plan To Attend The Meeting, Should I Still Vote By Proxy?

Whether you plan to attend the meeting or not, we urge you to vote by proxy. Returning the proxy card will not affect your right to attend the meeting, and your proxy will not be used if you are personally present at the meeting and inform the Secretary in writing prior to the voting that you wish to vote your shares in person. The Secretary will have proxy revocation forms at the meeting in case you want to revoke your proxy and vote in person.

How Will My Proxy be voted?

If you properly fill in your proxy card and send it to us, your proxy holder (one of the individuals named on your proxy card) will vote your shares as you have directed. Under the rules of the various exchanges, if your broker is a member of the exchange and holds your shares in its name, the broker may vote your shares on Proposals I and II if it does not receive instructions from you. If you sign the proxy card but do not make specific choices, the proxy holder will vote your shares as recommended by the Board of Directors as follows:

- o "FOR" the election of all nominees for director,
- o "FOR" ratification of the selection of independent accountants for 2006/2007

What Vote Is Required To Approve Proposals?

Directors are elected by a plurality of the shares voting at the meeting. If you do not vote for a particular nominee, or you indicate, "withhold authority to vote" for a particular nominee on your proxy, your vote will not count either "for" or "against" the nominee. A "broker non-vote" will also have no effect on the outcome.

How Will Voting On Any Other Business Be Conducted?

Although we do not know of any business to be considered at the meeting other than the proposals described in this proxy statement, if any other business is presented at the meeting, your returned proxy gives authority to proxy holders to vote on these matters in their discretion.

PROXY STATEMENT

This Proxy Statement, which will be mailed commencing on or about September 15, 2006 to the persons entitled to receive the accompanying Notice of Annual Meeting of Shareholders, is provided in connection with the solicitation of Proxies on behalf of the Board of Directors of HYDROMER, INC., for use at the Annual Meeting of Shareholders to be held at 35 Industrial Parkway, Branchburg, New Jersey 08876-3424 at 10 a.m., on November 15, 2006 and at any adjournment thereof, for the purposes set forth in this Notice. The Company's executive office is also located at 35 Industrial Parkway, Branchburg, New Jersey 08876-3424.

At the close of business on September 1, 2006, the record date stated in the accompanying Notice, the Company had 4,644,164 outstanding shares of Common Stock without par value ("Common Stock"), each of which is entitled to one vote with respect to each matter to come before the Meeting plus the Company has 10,917 shares of Common Stock, which are Treasury Stock and not entitled to

vote. The Company has no class or series of stock outstanding other than the Common Stock.

As of September 1, 2006, Manfred F. Dyck, Chairman of the Board and a Director of the Company, beneficially owned approximately 34% of the outstanding Common Stock of the Company, and his wife Ursula M. Dyck, a Director of the Company, beneficially owned 5% of the Common Stock. In addition, Mr. Dieter Heinemann, a Director of the Company, owned 17% of the outstanding Common Stock of the Company. Such ownership totaling 56% enables these three shareholders to control the outcome of any election regarding the Company's affairs.

I. ELECTION OF DIRECTORS (Proposal I)

Eight directors will be elected at the Annual Meeting of Shareholders, each to serve for one year and until a successor shall have been duly chosen and qualified. Each director is elected by a plurality of votes cast. It is the intention of each of the persons named in the accompanying form of Proxy to vote the shares represented thereby in favor of the eight nominees listed in the following table, unless otherwise instructed in the Proxy. In case any of the nominees is unable or declines to serve, the proxy holders reserve the right to vote the shares represented by such Proxy for another person duly nominated by the Board of Directors in his or her stead or, if no other person is so nominated, to vote such shares only for the remaining nominees. Nominating Committee

The Company does not have a Nominating Committee as the Company's Board of Directors is of the opinion that its current practice of networking to seek out potential candidates results in Board of Director candidates who have a scientific or business background and can adequately represent the interests of the stockholders. All Directors have been re-nominated to stand for election. All candidates have accepted the nomination.

Compensation Discussion and Analysis Narrative/Board Report on Executive Compensation.

The Company does not have a Compensation Committee. Since the majority of the Board is composed of independent directors, the Company is of the opinion that the full Board can perform this function. The salary of the President and C.E.O. is reviewed each year and the President approves the salary of each officer. (see Compensation of Executive Officers). The Company maintains a 401K Retirement Plan, which is open to all full time employees. It has been the Company's practice to match 25% of each employee's contribution on up to 6% of the employee's salary. No stock of the Company is maintained in this plan. The Company is of the opinion that the salaries and other compensation accurately reflect the market requirements to attract talented employees.

Meetings and Director's Compensation

During the past fiscal year, the Board of Directors of the Company met four times. All Directors attended at least 75% of the meetings except for Mrs. Dyck who attended 25% of the meetings.

Since May of 1990, Directors have been compensated at the rate of \$750 per meeting for Directors meetings attended in person, and \$200 per meeting for telephone conference meetings. In addition, Directors may attend operational meetings with Company management, and will be compensated at the rate of \$500 per meeting for attendance at such meetings. In February of 2005 the compensation for attendance at a regular meeting either in person or on a video link was raised from \$750 to \$1,000. Telephone attendance and operational meetings remained at \$200 and \$500 respectively. The highest Director Compensation in fiscal 2005/2006 was \$4,000. (see also Stock Options)

Audit Committee

On November 16, 2005 the Board ratified the then existing membership of the audit committee consisting of only outside directors, Robert Bea (Chairman), Dr. Klaus Meckeler, Dr. Frederick Perl and Dr. Michael F. Ryan. None of these members are "financial experts" as the Company is of the opinion that the financial aspects of the Company are not complex and are within the scope of the collective experience of the Audit Committee. In the event any financially complex issues arise, the Audit Committee is empowered by its charter to retain or hire such independent expertise, as it deems necessary. The Audit Committee Charter is posted on the Company's Web site at <http://www.hydromer.com>. The Audit committee met twice. It issued the following report:

The aggregate value of restricted shares of the Company held by Manfred F. Dyck individually and in trust, as of June 30, 2006 was approximately \$1,356,950 (based on a market price of \$0.85/share [the 5 day average price on 6/30/06] and includes only shares held directly, does not include options or shares held as custodian.)

Notes: (1) Amount of Automobile Allowance, which was paid in the year shown
(2) As part of a stock option plan covering active Directors

Stock Options:

It has been the practice and opinion of the Board of Directors that stock option awards are needed to attract and retain talented executive management/scientific employees. There are no employee stock option plans in effect. All past plans/practices which award employee's stock options provide that the options are lost when employment ends. In the specific case the employment relationship is terminated by the Company, the stock options that are vested must be exercised in 30 days after the employment relationship ends. In the case of awards to Directors, the options vest on the date of grant and may be exercised at anytime within the option period, which is generally five years.

On January 22, 1998 the Board of Directors approved an option plan for active directors (an active director attends all the meetings of the Board) that would give each active director of the Company 5,000 options with a strike price on September 1, and each subsequent year on the record date. On February 22, 2000

7

the option plan was amended to grant each director 2,000 options for each meeting attended with a strike price at market rate set just prior to the annual meeting date. (The price shall be the prior 5 day-weighted high/low averages per share price.)

From time to time the Board awards options to employees for outstanding accomplishments or as part of an employment agreement. These awards are based on factors, which the Board considers important, and of benefit to the Company. The option price has traditionally been set at the 5 day weighted average of the market price prior to the date of the award, hence in the opinion of the Company the option have no value on the award date. None of these existing plans or discretionary awards has been submitted or were subject to the approval of stockholders.

The Board of Directors of the Company does not know of any other matters, which may be brought before the meeting. However, if any such other matters are properly presented for action, it is the intention of the persons named in the accompanying form of Proxy to vote the shares represented thereby in accordance with their judgment on such matters.

IV. MISCELLANEOUS

If the accompanying form of Proxy is executed and returned, the shares represented thereby will be voted in accordance with the terms of the Proxy, unless the proxy is revoked by written notice addressed to and received by the Secretary of the Corporation. If no directions are indicated in such Proxy, the

Withheld votes will be excluded in determining whether a nominee for director or the ratification of independent certified public accountants, has received a plurality of the votes cast. All costs relating to the solicitation of Proxies will be borne by the Company. Proxies may be solicited by mail and the Company may pay brokers and other persons holding shares of stock in their names or those of their nominees for their reasonable expenses in sending soliciting materials to their principals.
