Item 7.01 Regulation FD Disclosure.

The following information is furnished pursuant to both Item 2.02 and Item 7.01:

On March 20, 2008, Worthington Industries, Inc. (the "Registrant") issued a news release reporting results for the three- and nine-month periods ended February 29, 2008. A copy of the news release (the "Release") is furnished herewith as Exhibit 99.1 and is incorporated herein by reference.

The Release includes information relating to earnings before interest, taxes, depreciation and amortization ("EBITDA") for the quarterly (three-month) periods ended February 28, 2007, November 30, 2007 and February 29, 2008 and for the nine-month periods ended February 28, 2007 and February 29, 2008, as well as a reconciliation of EBITDA to net earnings. EBITDA is a non-GAAP financial measure as defined in Regulation G. The Registrant's management believes that the disclosure of this non-GAAP financial measure provides useful information to investors, equity analysts and other users of the Registrant's financial information. The presentation of EBITDA is provided as a convenience to the investment community because EBITDA is a component of key valuation metrics such as enterprise value to EBITDA. EBITDA does not represent and should not be considered as an alternative to net earnings or cash flows from operating activities as determined by accounting principles generally accepted in the United States of America. The Registrant makes no representation or assertion that EBITDA is indicative of its cash flows from operations or results of operations. The Registrant has provided a reconciliation of EBITDA to net earnings solely for the purpose of complying with Regulation G and not as an indication that EBITDA is a substitute measure for net earnings. We use EBITDA as a measure of our normal operating performance which is factored into evaluations.
