**Item 1.01. Entry into a Material Definitive Agreement.**

On February 28, 2011, MGE Power Elm Road, LLC (MGE Power Elm Road), a wholly-owned subsidiary of MGE Energy, Inc., issued \$30 million in principal amount of its 4.74% senior secured notes, Series B, due February 25, 2041 (Series B Notes). The Series B Notes were issued pursuant to a First Supplement to Note Purchase Agreement dated as of February 28, 2011 (First Supplement) between MGE Power Elm Road and the purchaser named therein. See Item 2.03 below for a description of the Series B Notes and the related First Supplement.

**Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.**

On February 28, 2011, MGE Power Elm Road issued \$30 million of its 4.74% senior secured notes, Series B, due February 25, 2041. The Series B Notes were issued pursuant to the First Supplement. The original Note Purchase Agreement dated as of February 3, 2010 (Note Purchase Agreement) was entered in connection with the issuance by MGE Power Elm Road of \$50 million principal amount of its 5.04% senior secured notes, Series A, due February 3, 2040 (Series A Notes). The Series A Notes and the Series B Notes are secured pursuant to the provisions of a Collateral Trust Indenture, Security and Assignment Agreement dated as of February 3, 2010 (Collateral Trust Indenture) among MGE Power Elm Road, the note purchasers, as secured parties, and U.S. Bank National Association, as collateral trustee. The purchaser of the Series B Notes executed a joinder agreement to become a party to the Collateral Trust Indenture.

MGE Power Elm Road and two other owners own undivided interests in two coal-fired generating units in Oak Creek, Wisconsin. Unit 1 entered commercial operation on February 2, 2010, and Unit 2 entered commercial operation on January 12, 2011. Each unit has the capacity to produce 615 MW of electricity. Wisconsin Electric Power Company owns approximately 83% of the generating units and is the operator for those units. MGE Power Elm Road owns an 8.33% ownership interest in both units. MGE Power Elm Road leases its ownership interest in the two units to Madison Gas and Electric Company (MGE) pursuant to two separate facility lease agreements (the Facility Lease Agreements).

The Series A Notes and the Series B Notes are secured by a collateral assignment of the Facility Lease Agreements and the lease payments to be made thereunder. The net proceeds from the sale of the Series B Notes were used to repay existing short-term indebtedness at MGE Energy, consisting of bank loans, which were used to finance a portion of the construction of the generating units.

The Series B Notes provide for monthly principal and interest payments, which commence on March 25, 2011, and continue until maturity. The principal payments are level over the life of the Series B Notes, for an effective average life of 15 years. Events of default under the Note Purchase Agreement include failures to pay principal, make-whole premium, or interest on the Series A Notes or the Series B Notes; defaults in the performance of various covenants; cross-defaults to specified other indebtedness of MGE Power Elm Road and MGE; failure to pay specified judgments;

certain bankruptcy-related events; and defaults under the Facility Lease Agreements; subject to any applicable cure periods. The Note Purchase Agreement requires MGE Power Elm Road to maintain a projected debt service coverage ratio at the end of any calendar quarter of not less than 1.25 to 1.00 for the trailing 12-month period.

Copies of the First Supplement and the Joinder to Collateral Trust Indenture, Security and Assignment Agreement are filed as Exhibit 4.1 and Exhibit 4.2 to this report. Copies of the Note Purchase Agreement and the Collateral Trust Indenture were filed as exhibits to MGE Energy's and MGE's current report on Form 8-K dated February 4, 2010, which were filed with the Securities and Exchange Commission (SEC) on February 9, 2010. Reference is made to the First Supplement and the Note Purchase Agreement for the definitive provisions governing the Series B Notes, including the form of the Series B Notes, and the Collateral Trust Indenture for the definitive provisions regarding the security for the Series A Notes and the Series B Notes.
