NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

SEPTEMBER 30, 2002

(UNAUDITED)

NOTE 1 - PRINCIPLES OF CONSOLIDATION AND BASIS OF PRESENTATION

The accompanying unaudited consolidated financial statements include the accounts of the Global Yacht Services, Inc. and its majority owned subsidiary, Global Yacht Services, Ltd. All significant intercompany transactions have been eliminated, if any. The unaudited consolidated financial statements included herein have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-QSB and Item 301(b) of Regulation S-B. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three and nine months ended September 30, 2002 and 2001 are not necessarily indicative of the results that may be expected for the years ended December 31, 2002 and 2001. These statements should be read in conjunction with the consolidated financial statements and notes thereto included in the Company's annual report on Form 10-KSB.

NOTE 2 - COMMON STOCK

Edgar Filing: GLOBAL YACHT SERVICES INC - Form 10QSB

On February 22, 2001, the Company issued 1,000,000 shares of its common stock to its president and founder for \$10,000 cash to initially capitalize the Company. Since there was no readily available market value at the time the shares were issued, the value of \$0.01 per share was considered as a reasonable estimate of fair value between the officer and the Company.

On May 4, 2001, the Company issued 5,000 shares of its common stock to an officer for \$500 cash. Since there was no readily available market value at the time the shares were issued, the value of \$0.10 per share was considered as a reasonable estimate of fair value between the office and the Company.

On May 31, 2001, the Company completed a "best efforts" offering of its common stock pursuant to the provisions of Section 5 of the Securities Act of 1933 and Regulation S promulgated by the Securities and Exchange Commission. In accordance with the Private Placement Memorandum Offering, the Company issued 277,777 shares of its common stock at \$0.18 per share for a total of \$50,000.

On May 10, 2002, the Company issued 634,500 shares of its common stock at a selling price of \$0.20 per share pursuant to its prospectus as filed with its registration statement on Form SB-2.

NOTE 3 - RELATED PARTY TRANSACTIONS

On February 22, 2001 and May 4, 2001, the Company issued 1,000,000 and 5,000 shares of its common stock, respectively to its current officers for cash as described in Note 2.

The Company occupies office space provided by its officer. Accordingly, occupancy costs have been allocated to the Company based on the square foot percentage assumed multiplied by the officer's total monthly costs. These amounts are shown in the accompanying consolidated statement of operations for the three-month period ended September 30, 2002 and from February 21, 2001 (inception) through March 31, 2001 and are considered additional contributions of capital by the officer and the Company.

We provide a broad range of yacht services in the global marketplace. Our services include yacht rental and charter, yacht sales and yacht services, such as the provision of captain, crew, supplies, maintenance, delivery as well as full-scale contracted care of yachts. Our president, Mitch Keeler, is an experienced captain and possesses a captain certification from the U.S. Coast Guard. Mr. Keeler provides professional advice and consultation for all aspects of yacht lease, purchase and ownership and is available for on site assistance anywhere in the world.

We currently generate revenues from our charter services, which range from day charters to full week charters. We currently offer private yacht charters in San Diego, usually of up to one week in duration as well as corporate charters, which are typically 3 to 5 hours and short range. We have very few charters that are longer than one week, however, they do occur. Our officers act as captain and crew for our charter services, but we often utilize outside businesses for services such as catering and bartending.

We have also generated revenues from our yacht management services and our delivery services. Yacht management services include managing the yacht for the owners including routine maintenance, repairs and electronics installation. Regular maintenance includes services such as exterior and interior cleaning, bottom cleaning, waxing and zinc replacement. Delivery services include delivering newly purchased yachts to various locations around the world.

For the three months ended September 30, 2002.

Our cost of revenues were \$3,623 for the three months ended September 30, 2002, compared to \$8,265 for the three months ended September 30, 2001. Therefore, our gross margin for the three months ended September 30, 2002 was \$13,118, compared to a loss of \$904 for the three months ended September 30, 2001. We anticipate that we will continue to incur significant general and administrative expenses, but hope to continue generating income as we expand our operations.

Liquidity and Capital Resources. Our total assets were approximately \$136,796 as of September 30, 2002. Of those assets, cash was \$111,796 as of September 30, 2002. Therefore, our total current assets were \$111,796 as of September 30, 2002. We believe that our available cash is sufficient to pay our day-to-day expenditures. We also had \$25,000 as an investment in a yacht as of September 30, 2002.

7

In February 2002, our registration statement on Form SB-2 to register 750,000 shares of common stock we are offering for sale at \$0.20 per share, and 50,000 shares of common stock held by our shareholders was declared effective by the Securities and Exchange Commission. As of June 30, 2002, we had accepted subscriptions for 634,500 shares of our common stock, raising a total of \$126,900 from the offering. We hope to sell additional shares in the near future, although we cannot guaranty that we will be able to sell those shares.

Our current liabilities were \$4,625 as of September 30, 2002, and were represented solely by accounts payable and accrued expenses. We had no other liabilities and no long term commitments or contingencies as of September 30, 2002.

Our Plan of Operation for the Next Twelve Months. In our management's opinion, to effectuate our business plan in the next twelve months, the following events should occur or we should reach the following milestones in order for us to become profitable:

Edgar Filing: GLOBAL YACHT SERVICES INC - Form 10QSB

1. We must conduct marketing activities to promote our services and obtain additional customers to increase our customer base. We currently market our business primarily through referrals and our website. Our president, Mitch Keeler, had a large foundation of business and a strong reputation in the industry, which we believe has been transferred to us. We believe that referrals comprise approximately 70% of our business and business generated from our website is approximately 30% of our business. Future marketing will include articles and advertisements in industry publications, such as: Yachting, Motor Boating, and Sea. Within six months, we should have increased our customer base.
 2. We must develop relationships with various parties including yacht owners, sellers, brokers, lessors, charter agents, maintenance suppliers, industry professionals and specialists, captains, crew, engineers, designers, insurance agents, legal advisors, and government agents. We believe that these parties will help supply some of our services and they may become sources of referrals. Within six to twelve months, we should have developed relationships with several of those parties who provide some of the services that we offer as well as be sources of referrals.
- 8
3. We must develop our website so that it will function as a means for global clients to access our range of services and communicate with us for support services as well as for use as a marketing tool to inform and persuade customers to engage our services. We intend to develop our website so that we utilize a database set up on the backend, which will capture customer information and allow us to process information concerning our clients and potential clients. One objective for our website is to interact with clients in "real time" so that they feel that their needs are being taken care of professionally and on a personal level. Within six to twelve months, we should have developed our website to provide those services.

We have cash of \$111,796 as of September 30, 2002, in part due to our recent sale of shares of our common stock, which provided us with significant additional funds. In the opinion of management, available funds will satisfy our working capital requirements for the next twelve months. Our forecast for the period for which our financial resources will be adequate to support our operations involves risks and uncertainties and actual results could fail as a result of a number of factors. In order to expand our operations, we do not currently anticipate that we will need to raise additional capital in addition to the funds raised in this offering. If we do not raise adequate funds from this offering, then we may not be able to conduct marketing activities and expand our operations.

We are not currently conducting any research and development activities, other than the development of our website. We do not anticipate conducting such activities in the near future. In the event that we expand our customer base, then we may need to hire additional employees or independent contractors as well as purchase or lease additional equipment.

Item 3. Controls and Procedures

Edgar Filing: GLOBAL YACHT SERVICES INC - Form 10QSB

Based upon their evaluation of those controls and procedures performed within 90 days of the filing date of this report, our chief executive officer and the principal financial officer concluded that our disclosure controls and procedures were adequate.
