and Independent Auditors' Report Review

Report on review of interim financial information

To

The Board members and Officers

Braskem S.A.

Camaçari - Bahia

Introduction

We have reviewed the accompanying interim financial information, individual and consolidated, of Braskem S.A. (“the Company”), included in the Quarterly Financial Information – ITR for the quarter ended March 31, 2015, comprising the balance sheet as of March 31, 2015 and the related statements of income and comprehensive income, changes in equity and cash flows for the three-month period then ended, including the explanatory notes.

Management is responsible for the preparation and fair presentation of this individual interim financial information in accordance with Technical Pronouncement CPC 21(R1) – *Demonstração Intermediária* (Interim Financial Statement) and the consolidated interim financial information in accordance with CPC 21(R1) and IAS 34 – Interim Financial Reporting, issued by the International Accounting Standards Board – IASB, and presentation of this interim financial information in accordance with the rules issued by the Brazilian Securities and Exchange Commission (CVM) applicable to the preparation of Quarterly Financial Information – ITR. Our responsibility is to express a conclusion on this interim financial information based on our review.

Scope of the review

We have conducted our review in accordance with Brazilian and international standards on review of interim financial information (NBC TR 2410 and ISRE 2410 - Review of Interim Financial Information Performed by the Independent Auditor of the Entity, respectively). A review of interim financial information consists of making inquiries, primarily of the managers responsible for financial and accounting matters, and use of analytic procedures and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and, thus, we were unable to obtain reasonable assurance that we became aware of all significant matters that might have been identified in an audit. Accordingly, we do not express an audit opinion on this interim financial information.

Conclusion on the individual interim financial information

Edgar Filing: BRASKEM SA - Form 6-K

Based on our review, nothing has come to our attention that causes us to believe that the individual interim financial information included in the aforementioned quarterly information has not been prepared, in all material respects, in accordance with CPC 21(R1) applicable to the preparation of Quarterly Financial Information – ITR and presented in a consistent manner with the rules issued by the Brazilian Securities and Exchange Commission (CVM).

Conclusion on the consolidated interim financial information

Based on our review, nothing has come to our attention that causes us to believe that the consolidated interim financial information included in the aforementioned quarterly information has not been prepared, in all material respects, in accordance with CPC 21(R1) and IAS 34, issued by IASB, applicable to the preparation of Quarterly Financial Information – ITR and presented in a consistent manner with the rules issued by the Brazilian Securities and Exchange Commission.

Others matters

Statement of value added

We have also reviewed the individual and consolidated statements of value added (DVA) for the three-month period ended March 31, 2015, preparation of which is the Company's Management's responsibility, whose presentation in the interim financial information is required in accordance with the rules issued by the Brazilian Securities and Exchange Commission (CVM) applicable to the preparation of the Quarterly Financial Information, and considered as supplemental information by IFRS, which do not require the presentation of the statement of value added. The aforementioned statements have been submitted to the same review procedures as the ones described earlier herein and, based on our review, we are not aware of any fact that would lead us to believe that they have not been fairly prepared, in all material respects, in relation to the individual and consolidated interim financial information taken as a whole.

Corresponding figures

The corresponding figures related to the balance sheets, individual and consolidated, as of December 31, 2014 have been previously audited by other independent auditors who issued auditors' report dated February 12, 2015, without modification, and the individual and consolidated statements of income and comprehensive income, changes in equity and cash flows for the three-month period of the quarter ended March 31, 2014 have been previously reviewed by other independent auditors who issued a review report dated May 7, 2014, without modification.

Braskem S.A.

Notes to the financial statements

at March 31, 2015

All amounts in thousands of reais, unless otherwise stated

1. Operations

Braskem S.A. (hereinafter “Parent Company”) is a public corporation headquartered in Camaçari, Bahia (“BA”), which jointly with its subsidiaries (hereinafter “Braskem” or “Company”) is controlled by Odebrecht S.A. (“Odebrecht”), which directly and indirectly holds interests of 50.11% and 38.32% in its voting and total capital, respectively.

(a) Significant corporate and operating events impacting these financial statements

On December 31, 2013, the parent company entered into a share sales agreement with Odebrecht Ambiental (“OA”), through which it sold its interest in the subsidiary Distribuidora de Águas Triunfo S.A. (“DAT”) for R\$315,000. On February 3, 2014, the Extraordinary Shareholders’ Meeting of DAT approved the change in its management and consequently the transfer of the management of the operations from Braskem to OA, upon the recognition of a gain of R\$277,338 (“Other operating income (expenses), net”).

Other corporate events of 2014 and which did not produce significant impact on these financial statements were presented in the 2014 annual financial statements of the Company in Note 1(a).

(b) Naphtha agreement with Petrobras

On August 29, 2014, Braskem and Petrobras entered into a new amendment to the naphtha supply contract of 2009, which extended the original contract duration by 6 months (from September 1, 2014 to February 28, 2015). The naphtha pricing formula of the original contract was temporarily maintained until the execution of a new long-term contract. It was also established that, if a new long-term contract was to be executed, the pricing formula in the new contract would be applied retroactively to any purchases made during the duration of the amendment. On the other hand, if a new long-term contract was not executed, the average price base negotiated between the parties would be

valid throughout the duration of the amendment. After applying the average price scenario, it was determined that Braskem was entitled to a refund of R\$242,900 related to amounts paid over the duration of the amendment. This amount was recorded under “Cost of goods sold” in the statement of operations for the current period.

On February 27, 2015, Braskem and Petrobras executed a new amendment to the naphtha supply contract of 2009. The amendment is valid through August 31, 2015, and maintained the naphtha pricing formula provided for in the original contract. The amendment also established that if a new price formula is adopted in a new contract, it will be applied retroactively to any purchases made during the duration of said amendment. As of the date on which the issue of these financial statements was authorized, Braskem and Petrobras had not concluded their negotiations of a new contract.

(c) Net working capital

On March 31, 2015, Consolidated net working capital was negative R\$1,000,424 (positive R\$677,907 on December 31, 2014), while the Parent Company posted a negative R\$2,448,557 (negative R\$726,012 on December 31, 2014). The negative result on March 31, 2015 was caused chiefly by the increase in “Trade payables”, driven by the depreciation of the Brazilian real against the U.S. dollar (20.77% in the first quarter of 2015).
