Section 8 Other Events

Item 8.01 Other Events.

On February 2, 2005 we mandated Standard Bank London Limited (Standard Bank) as the exclusive arranger of a project finance facility of up to US\$10 million for our El Chanate gold mining project in Sonora State, Mexico and associated hedging. We anticipate that Standard Bank will administer the loan and the hedging throughout the construction and operational phases of the project.

Although the specific terms of the proposed financing are subject to alteration, we anticipate, among other things, that the loan would mature in five years after the initial draw and bear interest at a rate linked to the 1,2,3 or 6 month Libor rate. The loan would be secured by our assets and supported by our guarantee. In addition, we will be required to deposit all cash proceeds we receive from operations and other sources in an off-shore account. Absent default by us under the finance documents, we may use funds from this account for specific purposes such as approved operating costs, budgeted capital expenditures, hedging costs and funds payable to Standard Bank under the finance documents. We would be required to meet and maintain certain financial covenants and we would be required to conform to certain negative covenants such as restrictions on sale of assets. We also would be required to enter into a gold price protection program that mitigates the gold price risk by purchasing price protection in a manner satisfactory to the lender.

To begin the process, we are required to issue to Standard Bank 1,000,000 common stock purchase warrants and pay certain upfront fees within 10 business days. If Standard Bank determines to proceed with the funding, we will be required to pay certain additional fees and issue to Standard Bank an additional 14,600,000 common stock purchase warrants. We will be required to register the shares issuable upon exercise of the warrants.

This mandate is not a commitment to provide the funding. Funding is subject to satisfactory completion of due diligence, approvals from Standard Bank s credit committee and execution of definitive documentation.
