**Item 1.01 Entry into a Material Definitive Agreement**

On November 17, 2005, the Company entered into a one-year, \$10 million Credit Agreement with JPMorgan Chase Bank, N.A. Under the Credit Agreement, the lender may make loans and issue letters of credit to the Company for the Company's working capital needs and general corporate purposes. Letters of credit, if issued, expire one year from their date of issuance, but no later than November 17, 2007. As of November 21, 2005, no amounts have been drawn down under the Credit Agreement. Borrowings are secured by the Company's receivables, inventory and all proceeds therefrom. Borrowings may be prepaid at any time by the Company. Interest is payable based on a LIBO Rate or an alternate base rate (determined by reference to the prime rate or the federal funds effective rate), as selected by the Company.

The Credit Agreement contains customary affirmative and negative covenants. Financial covenants include a minimum EBITDA and a fixed charge coverage ratio. The Company may make dividend payments in additional shares of its common stock, or in cash so long as no default exists or would be caused thereby. Liens on the secured collateral, mergers and sales of assets, investments and acquisitions are all either limited or require prior approval of the lender. The Credit Agreement also contains customary events of default such as non-payment, bankruptcy and change of control (excluding stock acquisitions by Sun Pharmaceutical Industries Limited and any of its affiliates).
