come of the vote on those proposals, assuming a quorum is present.

Q: Who is eligible to vote?

A: Holders of record of NetSol Technologies, Inc. common stock at the close of business on May 1, 2014 are eligible to vote at NetSol's annual meeting of shareholders. As of that date, there were 9,150,889 shares of NetSol common stock outstanding held by 209 holders of record, a number that does not include beneficial owners who hold shares in "street name".

Q: How many shares are owned by NetSol's directors and executive officers?

A: On May 1, 2014, NetSol's directors and executive officers beneficially owned 878,869 shares entitled to vote at the annual meeting, constituting approximately 9.6% of the total shares outstanding and entitled to vote at the meeting.

Q: Can I change my vote after I have mailed my signed proxy card or voted by telephone or electronically?

A: Yes. If you have not voted through your broker, you can do this by:

- calling the toll-free number on the proxy card at least 24 hours before the meeting and following the directions provided;
- going to the website listed on the proxy card at least 24 hours before the meeting and following the instructions provided; or,
- submitting a properly executed proxy prior to the meeting bearing a later date than your previous proxy; or
- voting in person at the meeting, but simply attending the meeting will not, in and of itself, revoke a proxy.

If you voted through your broker, please contact your broker to change or revoke your vote.

Q: If my shares are held in "street name" by my broker, will my broker vote my shares for me?

A: Yes, but only if you give your broker instructions. If your shares are held by your broker (or other nominee), you should receive this document and an instruction card from your broker. Your broker will vote your shares if you provide instructions on how to vote. If you do not tell your broker how to vote, your broker may vote your shares in favor of ratification of the auditor appointment but may not vote your shares on the election of directors or any other item of business. However, your broker is not required to vote your shares if you do not provide instructions.

Q: Can I attend the shareholder meeting even if I vote by proxy?

A: Yes. All shareholders are welcome to attend and we encourage you to do so.

Q: Why did I receive more than one proxy card?

A: You may receive multiple cards if you hold your shares in different ways (e.g. joint tenancy, in trust or in custodial accounts). You should vote on every proxy card that you receive.

Q: Are there any rules regarding admission to the annual meeting?

A: Yes. You are entitled to attend the annual meeting only if you were, or you hold a valid legal proxy naming you to act for, one of our shareholders on the record date. Before we will admit you to the meeting, we must be able to

Edgar Filing: FOOTSTAR INC - Form 8-K

confirm:

- Your identity by reviewing a valid form of photo identification, such as a driver's license; and
 - You were, or are validly acting for, a shareholder of record on the record date by:
 - verifying your name and stock ownership against our list of registered shareholders, if you are the record holder of your shares;
 - reviewing other evidence of your stock ownership, such as your most recent brokerage or bank statement, if you hold your shares in street name; or your most recent plan statement; or
 - reviewing a written proxy that shows your name and is signed by the shareholder you are representing, in which case either the shareholder must be a registered shareholder or you must have a brokerage or bank statement for that shareholder as described above.
-

Edgar Filing: FOOTSTAR INC - Form 8-K

If you do not have proof that you owned, or are legally authorized to act for someone who owned, shares of our common stock on the record date, you will not be admitted to the meeting.

At the entrance to the meeting, we will verify that your name appears in our stock records or will inspect your brokerage or bank statement, or proof of ownership and any written proxy you present as the representative of a shareholder. We will decide whether the documentation you present for admission to the meeting meets the requirements described above. The annual meeting will begin at 10:00 a.m., local time. Please allow ample time for the admission procedures described above.

Q: Where do I get more information?

A: If you have questions about the meeting or submitting your proxy, or if you need additional copies of this document or the proxy card, you should contact the following:

ANNUAL MEETING BUSINESS

PROPOSAL 1

ELECTION OF DIRECTORS

NetSol's articles of incorporation and bylaws provide that directors are elected to serve a one-year term of office, expiring at the next annual meeting of shareholders. Our articles of incorporation establish up to nine directors, with the exact number to be fixed from time to time by resolution of the board of directors.

Directors are elected by a majority of votes, which means that the nominees receiving the most votes will be elected. Shareholders are not entitled to cumulate votes in the election of directors. In determining the votes cast for the election of a director, abstentions and broker non-votes are excluded. The Nominating and Corporate Governance Committee considers the offer of resignation and recommends to the board whether to accept it. The policy requires the board to act on the Nominating and Corporate Governance Committee's recommendation within 90 days following the shareholder meeting. Board action on the matter requires the approval of a majority of the independent directors.

The board of directors has nominated the following directors for election to one-year terms that will expire at earlier of their removal or replacement or at the 2014 annual meeting:

Najeeb Ghauri
Naeem Ghauri
Asad Ghauri
Shahid J. Burki
Eugen Beckert
Mark Caton
Jeffery Bilbrey

The individuals appointed as proxies intend to vote "FOR" the election of the nominees listed above. If any nominee is not available for election, the individuals named in the proxy intend to vote for such substitute nominee as the board of directors may designate. Each nominee has agreed to serve on the board and we have no reason to believe any nominee will be unavailable.

For the biography of each nominee, please refer to page 10 of this Proxy and for Director Compensation.

Board Recommendation

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE ELECTION OF ALL NOMINEES.

PROPOSAL 2
RATIFICATION OF APPOINTMENT OF KABANI & COMPANY, INC.
AS THE COMPANY'S INDEPENDENT AUDITORS FOR FISCAL YEAR 2013

The Audit and Compliance Committee has selected the firm of Kabani & Company ("Kabani"), the Company's independent auditors for the year ended June 30, 2013, to act in such capacity for the fiscal year ending June 30, 2014, and recommends that shareholders vote in favor of ratification of such appointment. There are no affiliations between the Company and Kabani, its partners, associates or employees, other than those which pertain to the engagement of Kabani in the previous year (i) as independent auditors for the Company and (ii) for certain consulting services. Kabani has served as the Company's independent auditor since 2002.

Audit Fees

Kabani & Co. audited the Company's financial statements for the fiscal years ended June 30, 2013 and June 30, 2012. The aggregate fees billed by Kabani & Co. for the annual audit and review of financial statements included in the Company's Form 10-K, services related to providing an opinion in connection with our public offering of shares of common stock and/or services that are normally provided by Kabani & Company that are normally provided by the accountant in connection with statutory and regulatory filings or engagements for the year ended June 30, 2013 was \$240,000 and for the year ended June 30, 2012 was \$191,000.

Tax Fees

Tax fees for fiscal year 2013 were \$15,000 and consisted of the preparation of the Company's federal and state tax returns for the fiscal years 2012. Tax fees for fiscal year 2012 were \$15,000 and consisted of the preparation of the Company's federal and state tax returns for the fiscal year 2011.

All Other Fees

During the fiscal year 2013 there were no other fees paid to Kabani & Co. In 2012 a fee of \$100,000 was paid to Kabani and Company for an S-3 related due diligence for the investors.

Pre-Approval Procedures

The Audit Committee and the Board of Directors are responsible for the engagement of the independent auditors and for approving, in advance, all auditing services and permitted non-audit services to be provided by the independent auditors. The Audit Committee maintains a policy for the engagement of the independent auditors that is intended to maintain the independent auditor's independence from NetSol. In adopting the policy, the Audit Committee considered the various services that the independent auditors have historically performed or may be needed to perform in the future. The policy, which is to be reviewed and re-adopted at least annually by the Audit Committee:

- (i) Approves the performance by the independent auditors of certain types of service (principally audit-related and tax), subject to restrictions in some cases, based on the Committee's determination that this would not be likely to impair the independent auditors' independence from NetSol;
- (ii) Requires that management obtain the specific prior approval of the Audit Committee for each engagement of the independent auditors to perform other types of permitted services; and,
- (iii) Prohibits the performance by the independent auditors of certain types of services due to the likelihood that their independence would be impaired.

Any approval required under the policy must be given by the Audit Committee, by the Chairman of the Committee in office at the time, or by any other Committee member to whom the Committee has delegated that authority. The Audit Committee does not delegate its responsibilities to approve services performed by the independent auditors to any member of management.

The standard applied by the Audit Committee in determining whether to grant approval of an engagement of the independent auditors is whether the services to be performed, the compensation to be paid therefore and other related factors are consistent with the independent auditors' independence under guidelines of the Securities and Exchange Commission and applicable professional standards. Relevant considerations include, but are not limited to, whether the work product is likely to be subject to, or implicated in, audit procedures during the audit of NetSol's financial statements; whether the independent auditors would be functioning in the role of management or in an advocacy role; whether performance of the service by the independent auditors would enhance NetSol's ability to manage or control risk or improve audit quality; whether performance of the service by the independent auditors would increase efficiency because of their familiarity with NetSol's business, personnel, culture, systems, risk profile and other factors; and whether the amount of fees involved, or the proportion of the total fees payable to the independent auditors in the period that is for tax and other non-audit services, would tend to reduce the independent auditors' ability to exercise independent judgment in performing the audit.

Shareholder approval of the selection of Kabani as our independent auditors is not required by law, by our bylaws or otherwise. The Sarbanes-Oxley Act of 2002 requires the Audit and Compliance Committee to be directly responsible for the appointment, compensation and oversight of the audit work and the independent auditors. The Committee will consider the results of the shareholder vote on this proposal and, in the event of a negative vote, will reconsider its selection of Kabani. However, the Audit and Compliance Committee is not bound by the shareholder vote.

Even if Kabani's appointment is ratified by the shareholders, the Audit and Compliance Committee may, in its discretion, appoint a new independent registered public accounting firm at any time if it determines that such a change would be in the best interests of the Company and its shareholders. A representative of Kabani is expected to be available via telephonic conference in the event of any appropriate questions arise at the meeting.

Board Recommendation

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE RATIFICATION OF KABANI AS INDEPENDENT AUDITOR.

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis will describe the Compensation Committee's compensation objectives and policies for our Named Executive Officers, including executive pay decisions and processes and all elements of NetSol Technologies' executive compensation program.

NetSol Technologies' Named Executive Officers, a group comprised of the Chief Executive Officer, the Chief Financial Officer, and Corporate Secretary/General Counsel for fiscal year 2013, are the following three individuals:

Najeeb Ghauri	Chief Executive Officer
Boo-Ali Siddiqui/Roger Almond	Chief Financial Officer
Patti L. W. McGlasson	Secretary and General Counsel

Roger Almond joined the company following the conclusion of the 2013 fiscal year.

Compensation Philosophy and Objectives

The Compensation Committee believes that the most effective executive compensation program is one that is designed to reward the achievement of specific annual, long-term and strategic goals by the Company, and which aligns executives' interests with those of the shareholders by rewarding performance at or above established goals, with the ultimate objective of increasing stockholder value. The philosophy of the Compensation Committee is to evaluate both performance and compensation to ensure that we maintain our ability to attract and retain superior employees in key positions and that compensation provided to key employees remains competitive relative to the compensation paid to similarly situated executives of our peer companies. To that end, the Compensation Committee believes executive compensation packages should include both cash and equity-based compensation that reward performance as measured against established goals.

Setting Executive Compensation

Management develops our compensation plans by utilizing publicly available compensation data in the media services and technology industries. We believe that the practices of these groups of companies provide us with appropriate compensation benchmarks, because these groups of companies are in similar businesses and tend to compete with us for executives and other employees. For benchmarking executive compensation, we typically review the compensation data we have collected from these groups of companies, as well as a subset of the data from those companies that have a similar number of employees as the Company. For purposes of determining executive compensation, we have not engaged consultants to help us analyze this data or to compare our compensation programs with the practices of the companies represented in the compensation data we review.

Based on management's analyses and recommendations, the Compensation Committee has approved a pay-for-performance compensation philosophy, which is intended to establish base salaries and total executive compensation (taking into consideration the executive's experience and abilities) that are competitive with those companies with a similar number of employees represented in the compensation data we review.

We work within the framework of this pay-for-performance compensation philosophy to determine each component of an executive's initial compensation package based on numerous factors, including:

- The individual's particular background, track record and circumstances, including training and prior relevant work experience;

- The individual's role with us and the compensation paid to similar persons in the companies represented in the compensation data that we review;
- The demand for individuals with the individual's specific expertise and experience;
- Performance goals and other expectations for the position; and,
- Uniqueness of industry skills.

The terms of each executive officer's compensation are derived from employment agreements negotiated between the Company and the executive. Each executive's employment agreement is generally negotiated to cover a one to three-year period, and prescribes the base salary and other annual payments, if any, to the executive. Employment agreements for all executive officers are approved by the Board of Directors and the Compensation Committee. Employment agreements for other executives are approved by the Company's Chief Executive Officer.

2013 Executive Compensation Components

For the fiscal year ended June 30, 2013, the principal components of compensation that our named executive officers were eligible to receive were:

- Base salary;
- Long Term Equity Incentive Compensation;
- Performance-based incentive compensation (discretionary bonus); and,
- Perquisites and other personal benefits.

Base Salary

An executive's base salary is evaluated together with components of the executive's other compensation to ensure that the executive's total compensation is consistent with our overall compensation philosophy.

The base salaries were established in arms-length negotiations between the executive and the Company, taking into account their extensive experience, knowledge of the industry, track record, and achievements on behalf of the Company.

Base salaries are adjusted annually by the Compensation Committee.

Annual Bonus

Our compensation program includes eligibility for bonuses as rewarded by the Compensation Committee. All executives are eligible for annual performance-based cash bonuses in accordance with Company policies.

Long Term Equity Award Incentives

We believe that long-term performance is achieved through an ownership culture that encourages long-term participation by our executives in equity-based awards. Our various Employee Stock Option Plans allow us to grant stock options to employees. We currently make initial equity awards of stock options to new executives and certain non-executive employees in connection with their employment with the Company. Annual grants of options, if any, are approved by the Compensation Committee.

Equity Incentives. Executives, certain non-executive employees, and directors who join us may be awarded stock awards and/or stock option grants after they join the Company. These grants have an exercise price equal to the fair market value of our common stock on the grant date. Such awards are intended to provide the executive with incentive to build value in the organization over an extended period of time. The size of the stock option award is also reviewed in light of the executive's track record, base salary, other compensation and other factors to ensure that the executive's total compensation is in line with our overall compensation philosophy. A review of all components of compensation is conducted when determining equity awards to ensure that total compensation conforms to our overall philosophy and objectives.

Perquisites and Other Personal Benefits

We provide named executive officers with perquisites and other personal benefits that we believe are reasonable and consistent with our overall compensation program to better enable the Company to attract and retain superior employees for key positions. The Compensation Committee periodically reviews the levels of perquisites and other personal benefits provided to executive officers.

We maintain benefits and perquisites that are offered to all employees, including health insurance and dental insurance. Benefits and perquisites may vary in different country locations and are consistent with local practices and regulations.

Termination Based Compensation

Upon termination of employment, all executive officers with a written employment agreement are entitled to receive severance payments under their employment agreements. In determining whether to approve, and as part of the process of setting the terms of, such severance arrangements, the Compensation Committee recognizes that executives and officers often face challenges securing new employment following termination. Further, the Committee recognizes that many of the named executives and officers have participated in the Company since its founding and that this participation has not resulted in a return on their investments. Termination and Change in Control Payments considered both the risk and the dedication of these executives' service to the Company.

Tax and Accounting Implications

Deductibility of Executive Compensation

As part of its role, the Compensation Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code, which provides that we may not deduct compensation of more than \$1,000,000 that is paid to certain individuals. We believe that compensation paid under the management incentive plans is generally fully deductible for federal income tax purposes.

Accounting for Stock-Based Compensation

Commencing on July 1, 2006, we began accounting for stock-based payments, including awards under our Employee Stock Option Plans, in accordance with the requirements of Statement of Financial Accounting Standards No. 123 (revised 2004), Share-Based Payment, or SFAS 123(R).

Compensation and Risk

We believe that our compensation programs create appropriate incentives to increase long-term shareholder value. These programs have been designed and administered in a manner that discourages undue risk taking by employees. Relevant features of these programs include:

Compensation Committee- approved limits on annual incentive and long term performance awards;

The use of economic profit as our performance metric, which incents employees to increase earnings and manage net assets efficiently;

Compensation Committee discretion to adjust economic profit to reflect the core operating performance of the Company and its businesses, but not the authorize payouts above stated maximum awards; and

Formal recoupment policies applicable to both cash and equity compensation of senior executives along with restrictions on trading by senior executives to reduce insider trading compliance risk, as well as a prohibition on hedging and restrictions on pledging Company equities.
