This year we are again using the Securities and Exchange Commission rule that allows us to furnish our proxy statement, 2018 Annual Report and proxy card to stockholders over the internet. If you receive this notice but would still like to request paper copies of the proxy materials, please follow the instructions on the notice or on the website referred to on the notice. By delivering proxy materials electronically to our stockholders, we can reduce the costs of printing and mailing our proxy materials. Please visit <http://www.proxyvote.com> for more information about the electronic delivery of proxy materials.

There are a number of proposals to be considered at this meeting. Our stockholders will be asked to: (i) elect three persons to serve as Class II directors; (ii) approve, in a non-binding, advisory vote, the compensation of certain executive officers, which is referred to as a “say-on-pay” proposal; and (iii) ratify the appointment of RSM US LLP as our independent registered public accounting firm for the year ending December 31, 2019.

We recommend that you vote your shares for each of the director nominees and for all of the other proposals presented at the annual meeting.

We encourage you to attend the meeting in person. Regardless of whether you plan to attend the meeting, you should vote by following the instructions provided on the notice as soon as possible. This will assure that your shares are represented at the meeting.

At the meeting, we will also report on our operations and the outlook for the year ahead.

We look forward to seeing you and visiting with you at the meeting.

Very truly yours,

Patrick S. Baird Douglas M. Hultquist
Chair of the Board President and Chief Executive Officer

PROXY STATEMENT

QCR Holdings, Inc., a Delaware corporation (“QCR Holdings”), is the holding company for Quad City Bank and Trust Company, Cedar Rapids Bank and Trust Company, Rockford Bank and Trust Company, Community State Bank and Springfield First Community Bank. Quad City Bank and Trust is an Iowa state bank located in Bettendorf and Davenport, Iowa and in Moline, Illinois. Quad City Bank and Trust owns m2 Lease Funds, LLC, a Wisconsin limited liability company based in Milwaukee, Wisconsin, that is engaged in the business of leasing machinery and equipment to businesses under direct financing lease contracts. Cedar Rapids Bank and Trust is an Iowa state bank located in Cedar Rapids, Cedar Falls and Waterloo, Iowa. Rockford Bank and Trust is an Illinois state bank located in Rockford, Illinois. Community State Bank is an Iowa state bank located in Ankeny, Iowa and five other cities throughout the greater Des Moines area. Springfield First Community Bank is a Missouri state bank located in Springfield, Missouri. When we refer to our “subsidiary banks” in this proxy statement, we are collectively referring to Quad City Bank and Trust, Cedar Rapids Bank and Trust, Rockford Bank and Trust, Community State Bank, and Springfield First Community Bank. When we refer to our “subsidiaries” in this proxy statement, we are collectively referring to our subsidiary banks, as well as our other subsidiaries.

This proxy statement is being furnished in connection with the solicitation by the board of directors of QCR Holdings of proxies to be voted at the annual meeting of stockholders to be held within the lobby of Quad City Bank and Trust Company, at our corporate office, located at 3551 Seventh Street, Moline, Illinois 61265, on Thursday, May 23, 2019, at 8:00 a.m., local time, and at any adjournments or postponements of the meeting. This proxy statement and the accompanying form of proxy are first being transmitted or delivered to stockholders of QCR Holdings on or about April 11, 2019, together with our 2018 Annual Report to stockholders.

About the Annual Meeting

The following is information regarding the meeting and the voting process, and is presented in a question and answer format.

Why did I receive access to the proxy materials?

attend the meeting, you should vote by proxy in advance of the meeting in case your plans change.

We have made the proxy materials available to you over the internet because on March 29, 2019, the record date for the annual meeting, you owned shares of QCR Holdings common stock. This proxy statement describes the matters that will be presented for consideration by the stockholders at the annual meeting. It also gives you information concerning those matters to assist you in

If you sign and return your proxy card or vote over the internet or by telephone and an issue comes up for a vote at the meeting that is not identified in the proxy materials, the proxy holder will vote your shares, pursuant to your proxy, in accordance with his or her judgment.

making an informed decision.

The board is asking you to give us your proxy. Giving us your proxy means that you authorize another person or persons to vote your shares of our common stock at the annual meeting in the manner you direct. If you vote using one of the methods described herein, you appoint the proxy holder as your representative at the meeting, who will vote your shares as you instruct, thereby assuring that your shares will be voted whether or not you attend the meeting. Even if you plan to

Why did I receive a notice regarding the internet availability of proxy materials instead of paper copies of the proxy materials?

We are using the Securities and Exchange Commission notice and access rule that allows us to furnish our proxy materials over the internet to our stockholders instead of mailing paper copies of those materials to each stockholder. As a result, beginning on or about April 11, 2019, we sent our stockholders by mail a notice containing instructions on how to access our proxy materials over the internet and vote online. **This notice is not a proxy card and cannot be used to vote your shares.** If you received a notice this year,

you will not receive paper copies of the proxy materials unless you request the materials by following the instructions on the notice or on the website referred to on the notice.

or entity in order to vote in person at the meeting. Even if you plan to attend the meeting, you should complete, sign and return your proxy card, or vote by telephone or internet, in advance of the meeting just in case your plans change.

What matters will be voted on at the meeting?

You are being asked to vote on:

1. the election of three Class II directors for a term expiring in 2022;
2. a non-binding, advisory proposal to approve the compensation of certain executive officers, which is referred to as a “say-on-pay” proposal; and
3. the ratification of the selection of our independent registered public accountants.

If I hold shares in the name of a broker or fiduciary, who votes my shares?

If you received access to these proxy materials from your broker or other fiduciary, your broker or fiduciary should have given you instructions for directing how that person or entity should vote your shares. It will then be your broker or fiduciary’s responsibility to vote your shares for you in the manner you direct.

If I am the record holder of my shares, how do I vote?

You may vote by telephone, by internet, by mail by completing, signing, dating and mailing the proxy card you received in the mail, if you received paper copies of the proxy materials, or in person at the meeting. If you vote using one of the methods described above, your shares will be voted as you instruct.

Under the rules of various national and regional securities exchanges, brokers and fiduciaries generally may vote on routine matters, such as the ratification of the engagement of an independent public accounting firm, but may not vote on non-routine matters unless they have received voting instructions from the person for whom they are holding shares. The election of directors and the non-binding advisory proposal on executive compensation are non-routine matters, and consequently, your broker or fiduciary will not have discretionary authority to vote your shares on these matters. If your broker or fiduciary does not receive instructions from you on how to vote on these matters, your broker or fiduciary will return the proxy card to us, indicating that he or she does not have the authority to vote on these matters. This is generally referred to as a “broker non-vote” and may affect the outcome of the voting on those matters.

If you sign and return your proxy card or vote over the internet or by telephone without giving specific voting instructions, the shares represented by your proxy card will be voted “for” all nominees named in this proxy statement and “for” each of the other proposals described

We therefore encourage you to provide directions to your broker or fiduciary as to how you want your shares voted on all matters to be brought before the 2019 annual meeting. You should do this by carefully following the instructions your broker gives you concerning its procedures. This ensures that your shares will be voted at the meeting.

in this proxy statement.

Although you may vote by mail, we ask that you vote instead by internet or telephone, which saves us postage and processing costs.

A number of banks and brokerage firms participate in a program that also permits stockholders to direct their vote by telephone or internet. If your shares are held in an account at such a bank or brokerage firm, you may vote your shares by telephone or internet by following the instructions on their enclosed voting form. If you submit your vote by internet, you may incur costs, such as cable, telephone and internet access charges. Voting your shares in this manner will not affect

You may vote by telephone by calling the toll-free number specified on your notice or by accessing the internet website referred to on your notice, each by following the preprinted instructions on your notice. If you submit your vote by internet, you may incur costs, such as cable, telephone and internet access charges. Votes submitted by telephone or internet must be received by 11:59 p.m. EDT on May 22, 2019. The giving of a proxy by either of these means will not affect your right to vote in person if you decide to attend the meeting.

If you want to vote in person, please come to the meeting. We will distribute written ballots to anyone who wants to vote at the meeting. Please note, however, that if your shares are held in the name of a broker or other fiduciary (or in what is usually referred to as “street name”), you will need to arrange to obtain a legal proxy from that person

your right to vote in person if you decide to attend the meeting, however, you must first request a legal proxy from your broker or other fiduciary. Requesting a legal proxy prior to 11:59 pm EDT on May 22, 2019, will automatically cancel any voting directions you have previously given by internet or by telephone with respect to your shares.

What does it mean if I receive more than one notice card?

It means that you have multiple holdings reflected in our stock transfer records or in accounts with brokers. To vote all of your shares by proxy, please follow the separate voting instructions that you received for the shares of common stock held in each of your different accounts.

What if I change my mind after I vote?

If you hold your shares in your own name, you may revoke your proxy and change your vote at any time before the polls close at the meeting. You may do this by:

- signing another proxy with a later date and returning that proxy to us;
- timely submitting another proxy via the telephone or internet by the deadline stated above;
- sending notice to us that you are revoking your proxy, to Shellee R. Showalter, SVP, Director of Investor Services, QCR Holdings, Inc., 3551 Seventh Street, Moline, Illinois 61265; or

present in person or by proxy at the annual meeting in order to hold the meeting and conduct business.

What happens if a nominee is unable to stand for election?

The board may, by resolution, provide for a lesser number of directors or designate a substitute nominee. In the latter case, shares represented by proxies may be voted for a substitute nominee. Proxies cannot be voted for more than the number of nominees presented for election at the meeting. The board has no reason to believe any nominee will be unable to stand for election.

What options do I have in voting on each of the proposals?

You may vote “for” or “withhold authority to vote for” each nominee for director. You may vote “for,” “against” or “abstain” on each of the other proposals described in this proxy statement and on any other proposal that may properly be brought before the meeting.

How many votes may I cast?

Generally, you are entitled to cast one vote for each share of stock you owned on the record date.

How many votes are needed for each proposal?

Our directors are elected by a plurality of the votes of the shares present in person or by proxy and entitled to vote and the three individuals receiving the highest number of votes cast “for” their election will be elected as Class II directors of QCR Holdings. A “withhold authority to vote for” and broker non-votes will have no effect on the election of any director at the annual meeting.

- voting in person at the meeting.

If you hold your shares in the name of your broker or through a fiduciary and desire to revoke your proxy, you will need to contact that person or entity to revoke your proxy.

Approval of the say-on-pay proposal, the ratification of the appointment of RSM US LLP as our independent registered public accounting firm, and, in general, any other proposals, must receive the affirmative vote of a majority of the shares present in person or by proxy at the meeting and entitled to vote. Abstentions will have the effect of voting against these proposals. On all matters, broker non-votes will not be counted as entitled to vote, but will count for purposes of determining whether or not a quorum is present.

How many votes do we need to hold the annual meeting?

Because the ratification of the say-on-pay is advisory, the outcome of such vote will not be binding on the board of directors.

A majority of the shares that are outstanding and entitled to vote as of the record date must be present in person or by proxy at the meeting in order to hold the meeting and conduct business.

Please remember that the election of directors and the non-binding, advisory proposal on executive compensation are each considered to be non-routine

Shares are counted as present at the meeting if the stockholder either is present in person at the meeting or has properly submitted a signed proxy card or other proxy.

On March 29, 2019, the record date, there were 15,743,103 shares of common stock outstanding. Therefore, at least 7,871,552 shares need to be

matters. As a result, if your shares are held by a broker or other fiduciary, it cannot vote your shares on these matters unless it has received voting instructions from you.

Where do I find the voting results of the meeting?

If available, we will announce voting results at the meeting. The voting results will also be disclosed on a Form 8-K that we will file within four business days of the annual meeting.

copy of these materials per household in the future; or (ii) a single copy of our proxy materials or notice and wish to receive separate copies of these materials in the future. If at any time you would like to receive a paper copy of our Annual Report or proxy statement, please write to Shellee R. Showalter, SVP, Director of Investor Services at QCR Holdings, Inc., 3551 Seventh Street, Moline, Illinois 61265, or call us at (309) 736-3584.

Who bears the cost of soliciting proxies?

We will bear the cost of soliciting proxies. In addition to solicitations by mail, officers, directors or employees of QCR Holdings or of our subsidiaries may solicit proxies in person or by telephone. These persons will not receive any special or additional compensation for soliciting proxies. We may reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to stockholders.

What is householding?

The Securities and Exchange Commission has issued rules regarding the delivery of proxy statements and information statements to households. These rules spell out the conditions under which annual reports, information statements, proxy statements, prospectuses and other disclosure documents of a particular company that would otherwise be mailed in separate envelopes to more than one person at a shared address may be mailed as one copy in one envelope addressed to all holders at that address (i.e., “householding”). To conserve resources and reduce expenses, we consolidate materials under these rules when possible.

However, because we are using the Securities and Exchange Commission notice and access rule for the annual meeting, we will not household our proxy materials or notices to stockholders of record sharing an address. This means that stockholders of record who share an address will each be mailed a separate notice of the proxy materials. However, certain brokerage firms, banks, or similar entities holding our common stock for their customers may household proxy materials or notices. Stockholders sharing an address whose shares of our common stock are held in street name should contact their broker if they now receive: (i) multiple copies of our proxy materials or notices and wish to receive only one

PROPOSAL 1:**ELECTION OF DIRECTORS****Nominees and Continuing Directors**

Our directors are divided into three classes having staggered terms of three years. At the annual meeting, stockholders will be asked to elect three Class II directors for a term expiring in 2022. The board has considered and nominated three incumbent directors to serve as Class II directors of QCR Holdings. Douglas M. Hultquist, a Class II director since the inception of QCR Holdings in 1993, and Linda K. Neuman, a Class II director since 2013, informed the board that they would not seek re-election as directors of QCR Holdings at the meeting and, accordingly, the board did not re-nominate them for election. As a result, their directorships will end at the 2019 annual meeting of stockholders, and the size of the board will be reduced from 13 to 11 directors as of the date of the annual meeting. The board expresses its thanks to Mr. Hultquist and Ms. Neuman for their many years of dedicated service. We have no knowledge that any of the nominees will refuse or be unable to serve, but if any of the nominees becomes unavailable for election, the holders of the proxies reserve the right to substitute another person of their choice as a nominee when voting at the meeting. Set forth below is information concerning the nominees for election and for each of the other persons whose terms of office will continue after the meeting, including age, year first elected as a director and all positions and offices held by the director with QCR Holdings. Directors are elected by a plurality and the three individuals receiving the highest number of votes cast for their election will be elected as Class II directors. **Our board of directors unanimously recommends that you vote your shares “FOR” all of the nominees for directors.**

CORPORATE GOVERNANCE AND THE BOARD OF DIRECTORS

General

Generally, the board oversees our business and monitors the performance of our management. In accordance with our corporate governance procedures, the board does not involve itself in the day-to-day operations of QCR Holdings, which is monitored by our executive officers and management. Our directors fulfill their duties and responsibilities by attending regular meetings of the full board, which are held no less frequently than quarterly. Our directors also discuss business and other matters with Mr. Hultquist, our Chief Executive Officer, other key executives and our principal external advisors (legal counsel, auditors and other consultants). The board is currently comprised of 13 directors.

Directors Baird, Bates, Besong, Kilmer, Neuman, O'Reilly, Peterson, Ralph, Sorensen, and Ziegler are deemed to be "independent" according to the Nasdaq listing requirements, and the board has determined that the independent directors do not have other relationships with us that prevent them from making objective, independent decisions. Directors Gipple, Helling, and Hultquist are not considered to be "independent" because they also serve as executive officers of either QCR Holdings or one of our subsidiaries.

During 2018, the board of directors had an Audit Committee, a Risk Oversight Committee, a Nomination and Governance Committee, a Compensation Committee and an Executive Committee. The current charters of these committees are available on our website at <http://www.qcrh.com>. Also posted on the website is general information regarding QCR Holdings and our common stock, many of our corporate policies (including our Corporate Governance Guidelines), and links to our filings with the Securities and Exchange Commission.

In 2018, a total of eight meetings were held by the board of directors of QCR Holdings. All incumbent directors attended at least 75 percent of the meetings of the board and the committees on which they served during 2018. Although we do not have a formal policy regarding director attendance at the annual meeting, we encourage our directors to attend. Last year, all of our directors were present at the annual meeting.

Committees of the Board of Directors

The composition of the board committees at December 31, 2018 is shown in the following table:

Audit Committee. In 2018, the Audit Committee consisted of directors Bates (who joined in May 2018), Kilmer, Peterson (until May 2018), Ralph, and Ziegler. Each of the members is considered “independent” according to the Nasdaq listing requirements and the regulations of the Securities and Exchange Commission. The board of directors has determined that both Mr. Ralph and Ms. Ziegler qualify as an “Audit Committee Financial Expert” as that term is defined by the regulations of the Securities and Exchange Commission. The board based this decision on each of their professional experience, including Mr. Ralph’s former role as Chief Financial Officer of Erickson Associates, Inc. and service as President of GTR Mortgage Services, Inc. and Ms. Ziegler’s service as Vice President and Treasurer of Deere & Company, and their educational experience, including each having received a Certified Public Accountant designation.

The functions performed by the Audit Committee include, but are not limited to, the following:

- selecting our independent auditors and pre-approving all engagements and fee arrangements;
- reviewing the independence of the independent auditors;
- reviewing actions by management on recommendations of the independent auditors and internal auditors;
- meeting with management, the internal auditors and the independent auditors to review the effectiveness of our system of internal control and internal audit procedures;
- reviewing our earnings releases and reports filed with the Securities and Exchange Commission; and
- reviewing reports of bank regulatory agencies and monitoring management’s compliance with recommendations contained in those reports.

To promote independence of the audit function, the Audit Committee consults separately and jointly with the independent auditors, the internal auditors and management. The Audit Committee has adopted a written charter, which sets forth its duties and responsibilities. The current charter of the Audit Committee is available on our website at <http://www.qcrh.com>. Ms. Ziegler serves as Chair and Mr. Ralph serves as Vice Chair. The Audit Committee met four times during 2018.

Compensation Committee. In 2018, the Compensation Committee consisted of directors Baird, Kilmer, Neuman, Peterson (since May 2018) and Ralph. Each of these directors is considered to be “independent” according to the Nasdaq listing requirements and a “non-employee” as defined in Section 16 of the Exchange Act. The purpose of the Compensation Committee is to determine the compensation to be paid to Mr. Hultquist, our Chief Executive Officer, and our other executive officers. The Compensation Committee reviews Mr. Hultquist’s performance, and relies on Mr. Hultquist’s assessment of the performance of each of our other executive officers. Other members of senior management also provide the committee with evaluations as to employee performance, guidance on establishing performance targets and objectives, and recommendations with respect to other compensation programs. The Compensation Committee also reviews and recommends to the board for approval other incentive compensation and equity compensation plans for QCR Holdings. The Compensation Committee’s responsibilities and functions are further described in its charter, which is available on our website at <http://www.qcrh.com>. Ms. Neuman serves as Chair and Mr. Kilmer serves as Vice Chair. The Compensation Committee met five times during 2018.

Nomination and Governance Committee. In 2018, the Nomination and Governance Committee consisted of directors Baird, Besong, Neuman, Peterson (until May 2018), Sorensen, and Ziegler. Each of these directors is considered to be “independent” according to the Nasdaq listing requirements. The primary purposes of the Nomination and Governance Committee are to identify and recommend individuals to be presented to our stockholders for election or re-election to the board of directors and to review and monitor our policies, procedures and structure as they relate to corporate governance. We have adopted Corporate Governance Guidelines to assist our board in the exercise of its responsibilities. The responsibilities and functions of the committee are further described in its charter, which along with the Corporate Governance Guidelines is available on our website at <http://www.qcrh.com>. Ms. Sorensen serves as Chair and Mr. Besong serves as Vice Chair. The Nomination and Governance Committee met four times during 2018.

Risk Oversight Committee. In 2018, the Risk Oversight Committee consisted of directors Besong, Kilmer, Peterson (since May 2018), Ralph, Sorensen and Ziegler. Each of these directors is considered to be “independent” according to the Nasdaq listing requirements. The Risk Oversight Committee is charged with being the primary board committee to actively monitor and oversee the risk management process. Additional information regarding risk oversight and the Risk Oversight Committee’s role is found on page 15. The responsibilities and functions are further described in its charter, which is available on our website at <http://www.qcrh.com>. Mr. Ralph serves as Chair and Ms. Ziegler serves as Vice Chair. The Risk Oversight Committee met four times during 2018.

Executive Committee. The Executive Committee consisted of directors Baird, Hultquist, Neuman, Ralph, Sorensen and Ziegler. The Executive Committee is authorized to act with the same authority as the board of directors between meetings of the board, subject to certain limitations set forth in its charter. Although this authority allows the board to

act quickly on matters requiring urgency when the full board is not available to meet, it is not intended to supplant the authority of the full board. The responsibilities and functions are further described in its charter, which is available on our website at <http://www.qcrh.com>. Mr. Baird serves as Chair and Ms. Ziegler serves as Vice Chair. The Executive Committee met six times during 2018.

Consideration of Director Candidates

Director Nominations and Qualifications. For the 2019 annual meeting, the Nomination and Governance Committee recommended for re-election to the board three of the five incumbent Class II directors, whose terms are scheduled to expire in 2019. As previously announced, director O'Reilly was appointed to the board on July 1, 2018, pursuant to the terms of the agreement and plan of merger by and between QCR Holdings and Springfield Bancshares, Inc. The board is currently comprised of 13 directors, but as a result of the decision of Mr. Hultquist and Ms. Neuman to not stand for re-election at the annual meeting, the size of the board will be reduced to 11 members as of the date of the annual meeting. These nominations were approved by the full board. We did not receive any stockholder nominations for director for the 2019 annual meeting.

In carrying out its nominating function, the Nomination and Governance Committee has developed qualification criteria for board membership. All potential nominees for election, including incumbent directors, board nominees and those stockholder nominees included in the proxy statement are reviewed for the following attributes:

- demonstrated integrity, ethics, reputation and character;

- education, professional background and/or board experience, relevant to the operation of QCR Holdings and service on the board;

- evidenced leadership and sound business judgment in his or her professional life;

- well recognized and demonstrated leadership of service to his or her community; and

- willingness and ability to devote sufficient time to carrying out the duties and responsibilities required of a board member.

The Nomination and Governance Committee also evaluates potential nominees to determine if they have any conflicts of interest that may interfere with their ability to serve as effective board members, to determine if they meet QCR Holdings's age eligibility requirements (a person who has reached age 72 before the date of the annual meeting is not eligible for election to the board) and to determine whether they are "independent" in accordance with the Nasdaq listing requirements (to ensure that at least a majority of the directors will, at all times, be independent). The Nomination and Governance Committee considers the diversity of its directors and nominees in terms of knowledge, experience, skills, expertise, and other demographics which may contribute to the board. It has not, in the past, retained any third party to assist it in identifying candidates, but it has the authority to retain a third party firm or professional for the purpose of identifying candidates.

The Nomination and Governance Committee identifies nominees by first evaluating the current members of the board willing to continue in service whose term is scheduled to expire at the upcoming annual stockholder meeting to determine if those individuals satisfy the qualification criteria for continued membership on the board of directors. Prior to nominating an existing director for re-election to the board, it considers and reviews the following attributes with respect to each existing director:

- board and committee attendance and performance;

- length of board service;

- experience, skills and contributions that the existing director brings to the board;

- independence and any conflicts of interest; and

any significant change in the existing director's status, including the attributes considered for initial board membership.

Current members of the board who satisfy the qualification criteria described above and who are willing to continue in service are considered for re-nomination. If any member of the board does not wish to continue in service or if the Nomination and Governance Committee or the board decides not to re-nominate a member for re-election, it would determine whether or not the position would be filled and, if so, would identify the desired skills and experience of a new nominee.

Code of Business Conduct and Ethics

We have a Code of Business Conduct and Ethics in place that applies to all of our directors and employees. The code sets forth the standard of ethics that we expect all of our directors and employees to follow, including our Chief Executive Officer and Chief Financial Officer. The code is posted on our website at <http://www.qcrh.com>. We have satisfied and intend to continue to satisfy the disclosure requirements under Item 5.05 of Form 8-K regarding any amendment to or waiver of the code with respect to our Chief Executive Officer and Chief Financial Officer, and persons performing similar functions, by posting such information on our website.

Board Leadership Structure

Since January 1, 2007, we have kept the positions of Chair of the board of directors and Chief Executive Officer separate. While our bylaws do not require our Chair and Chief Executive Officer positions to be separate, the board believes that having separate positions and having an independent outside director serve as Chair is the appropriate leadership structure for QCR Holdings at this time and demonstrates our commitment to good corporate governance. Separating these positions allows our Chief Executive Officer to focus on our day-to-day business, while allowing the Chair to lead the board in its fundamental role of providing advice to and independent oversight of management. We believe that having an independent Chair eliminates any conflicts of interest that could arise if the positions were held by one person. In addition, this leadership structure allows the board to more effectively monitor and evaluate the performance of our Chief Executive Officer.

Currently, Mr. Baird holds the position of Chair of the board of directors and Mr. Hultquist holds the position of Chief Executive Officer. Mr. Baird is considered to be “independent” according to the Nasdaq listing requirements. As previously noted, Mr. Hultquist will retire from the board of directors and from his roles as Chief Executive Officer and President. The role of Chief Executive Officer will transition to Mr. Helling following the annual meeting.

To further enhance the role of the independent directors on our board and consistent with the Nasdaq listing requirements, the board’s independent directors regularly meet without Messrs. Gipple, Helling or Hultquist in attendance.

The Board's Role in Risk Oversight

While management is responsible for the day-to-day management of risks QCR Holdings faces, oversight of our risk management is central to the role of the board. The Risk Oversight Committee is charged with the primary responsibility for overseeing the risk management functions including those relating to operational (including information technology and cyber security aspects), legal/regulatory, capital, liquidity, interest rate, reputational and strategic risks, on behalf of the board. The members of the Risk Oversight Committee discuss our risk assessment and risk management policies, provide oversight, and inquire about significant risks and exposures, if any, and the steps taken to monitor and minimize such risks. As noted on page 13, the composition of the Risk Oversight Committee is composed of independent directors. The Risk Oversight Committee makes regular reports to the full board.

15

In addition, other board committees have been assigned oversight responsibility for specific areas of risk and risk management, and each committee considers risks within their areas of responsibility. The Audit Committee is responsible for monitoring our financial reporting process and system of internal controls, including controls related to risk management. The Compensation Committee is chiefly responsible for compensation-related risks. The members of the Compensation Committee discuss and review the key business and other risks we face and the relationship of those risks to certain compensation arrangements. This review is intended to comply with the Securities and Exchange Commission requirement to assess risks related to compensation plans and requirements of financial institution regulatory agencies (each as more fully described in the “Executive Compensation” section of this proxy statement). The subsidiary banks’ Loan Committees have primary responsibility for credit risk. For those subsidiary banks that have fiduciary powers, the banks’ Wealth Management Committees have primary responsibility for fiduciary risk. Each of these committees receives regular reports from management regarding our risks and reports regularly to the Risk Oversight Committee or the full board concerning risk.

Share Ownership and Retention Guidelines

In order to better align the interests of our board members and management with the interests of our stockholders, our board of directors adopted share ownership guidelines in 2008. These share ownership guidelines were amended in February 2016 to clarify the ownership holding requirements for our executives.

Under these guidelines, non-employee directors of QCR Holdings are expected to achieve a share ownership level with a value equal to ten times the amount of each non-employee director’s annual cash retainer (excluding compensation for committee service) within five years of initial election as a director, and maintain such ownership level so long as they serve in the position of director. For 2019, based on the one-year trailing average monthly closing stock price, the amount is 5,451 shares.

We also have share ownership guidelines for our executive officers. The stock ownership guidelines vary by position and for Messrs. Hultquist, Gipple and Helling, in light of their service as board members of QCR Holdings, the amount is 30,000 shares. For all other named executive officers, based on the one-year trailing average monthly closing stock price, the amount is 5,599 shares within three years of date of hire and must be maintained so long as they are employed in their position with QCR Holdings.

Currently, each QCR Holdings director and each named executive officer holds the requisite number of shares, and accordingly is compliant with the share ownership guidelines.

Stockholder Communications with the Board, Nomination and Proposal Procedures

General Communications with the Board. Stockholders may contact our board of directors by contacting Christopher J. Lindell, Corporate Secretary, at QCR Holdings, Inc., 3551 Seventh Street, Moline, Illinois 61265 or (309) 736-3584. Mr. Lindell will not generally forward communications that are primarily commercial in nature or related to an improper or irrelevant topic.

In accordance with our bylaws, a stockholder may nominate a director for election at an annual meeting of stockholders by delivering or mailing written notice of the nomination to our Corporate Secretary, at the above address, not less than 30 days nor more than 75 days prior to the date of the annual meeting, provided, however, that if we provide less than 40 days' notice of the meeting, notice by the stockholder, to be timely, must be delivered no later than the close of business on the 10th day following the day on which notice of the meeting was mailed. We may request additional information after receiving the notification for the purpose of determining the proposed nominee's eligibility to serve as a director. Persons nominated for election to the board pursuant to this paragraph will not be included in our proxy statement.

Other Stockholder Proposals. For proposals to be brought by a stockholder at an annual meeting, the stockholder must file a written notice of the proposal to our Corporate Secretary not less than 30 days nor more than 75 days prior to the date of the annual meeting, provided, however, that if we provide less than 40 days' notice of the meeting, notice by the stockholder, to be timely, must be delivered no later than the close of business on the 10th day following the day on which notice of the date on which the notice of the meeting was first mailed to stockholders. The notice must set forth: (i) a brief description of the proposal and the reasons for conducting such business at the meeting; (ii) the name and address of the proposing stockholder; (iii) the number of shares of the corporation's common stock beneficially owned by the stockholder on the date of the notice; and (iv) any financial or other interest of the stockholder in the proposal. Say-on-Pay

We received over 97% of votes cast in support of our executive compensation program during the 2018 annual stockholders' meeting, the same as in 2017. QCR Holdings, the board and the Compensation Committee pay careful attention to the say-on-pay vote and communications received from stockholders regarding executive compensation, and we believe the vote reflects stockholders' support of our compensation philosophy and the manner in which we compensate our named executive officers. The Compensation Committee considered the results of the advisory vote as one of many factors in making 2018 compensation decisions, and will continue to do so as it continually reviews our compensation programs and practices to ensure they continue to support our business strategy and align with stockholders' interests.

Objectives of Our Compensation Program

The goal of our compensation program is to attract, motivate and retain outstanding employees who provide excellent service to our clients while balancing short- and long-term performance to create sustained long-term value for our investors. Our compensation program for executives is based in large part on our business needs and challenges in creating stockholder value. To support the achievement of our business strategies and goals, we strive to:

- Pay for performance;
- Tie equity compensation to long-term value creation for our stockholders;
- Align executives' financial interests with those of our stockholders;
- Support QCR Holdings's values, strategy and development of employees;
- Foster a team approach among top executives;
- Attract, retain and align leaders capable of delivering superior business results;
- Provide competitive cash compensation and benefit opportunities; and
- Adhere to the highest legal and ethical standards.

Elements of Compensation

Our executive compensation program consists of several elements, each with an objective that fits into our overall compensation program. The following overview explains the structure and rationale of the elements of compensation used for 2018.

Base Salary

Cash salaries are intended to be competitive with the market, and reflect the individual's experience, performance, responsibilities, and contribution to QCR Holdings. The salaries are intended to offer each executive security and to allow QCR Holdings to maintain a stable management team and environment. The Compensation Committee reviews the salaries of the named executive officers annually. The Compensation Committee uses its own judgment, as well as its independent compensation consultant's expertise, when determining the positioning of each executive's salary compared to the competitive marketplace and also considers internal equity with other employees.

Annual Cash Incentive Bonus

Annual cash incentive bonuses are an important piece of total compensation for our named executive officers as they support and encourage the achievement of our business goals and strategies by tying a meaningful portion of cash compensation to financial results for the year as compared to internal and external standards. The Committee believes the named executive officers should have a significant portion of their total compensation package at risk and available through an annual cash incentive program. Maximum bonus opportunities are capped to avoid encouraging excessive risk-taking and to avoid any focus on maximizing short-term results at the expense of long-term soundness.

Each executive has measurable goals that were determined by the Compensation Committee at the beginning of 2018, and focus primarily on net income and other financial performance. Annual bonuses for named executive officers for 2018 were determined based on the goals agreed to in early 2018 and the quantitative and qualitative analyses and calculations were reviewed by the Compensation Committee at the beginning of 2019. Net income in excess of 25% of budgeted net income is required for any bonuses to be paid to our named executive officers.

Long-Term Stock Incentives

Equity compensation is the other key element of compensation for our named executive officers. We use various types of long-term incentive awards to drive the creation of long-term value for our stockholders, attract and retain executives capable of effectively executing our business strategies and structure compensation to account for the time horizons of risks. Equity compensation supports the achievement of many of our key compensation objectives:

- Tie pay to performance by linking compensation to stockholder value creation;
- Align executives' interests with those of our stockholders;

• Attract executives, particularly those interested in building long-term value for our stockholders (as equity compensation is an element of competitive pay packages for executives); and

• Retain executives and reward continued service by providing for forfeiture of awards prior to satisfaction of multi-year vesting periods.

Equity Incentive Plans. Currently all new equity awards are made under our 2016 Equity Incentive Plan (the "2016 Equity Plan"), as approved by our stockholders in 2016. Initially 400,000 shares were authorized for issuance under the plan. In addition, any shares remaining for issuance under our prior plans also were available for issuance under the 2016 Equity Plan, and as of the effective date of the 2016 Equity Plan, no further awards may be granted under those prior plans. The 2016 Equity Plan provides for the issuance of nonqualified stock options, restricted stock, stock appreciation rights and other stock and cash-based awards. As of December 31, 2018, there were 278,075 remaining shares available for grant under the 2016 Equity Plan.

Employee Stock Purchase Plan. Stockholders approved the QCR Holdings Employee Stock Purchase Plan (the "Employee Stock Purchase Plan") to be effective in 2003 and approved an amended and restated plan in 2012. The plan is intended to qualify as an employee stock purchase plan under Section 423 of the Internal Revenue Code of 1986, as amended (the "Code"). The plan allows employees of QCR Holdings and its subsidiaries to purchase shares of common stock. Effective January 1, 2019, the purchase price changed from 90% to 85% of the fair market value, as defined in the plan. Currently, the maximum percentage that any one participant can elect to contribute is 10% of compensation,

up to a maximum of \$10,000. During 2018, 15,528 shares were purchased under the Employee Stock Purchase Plan.

Retirement Benefits

QCR Holdings 401(k)/Profit Sharing Plan (the “401(k) Plan”). QCR Holdings sponsors a tax-qualified profit sharing plan qualifying under Section 401(k) of the Code. All employees are eligible to participate in the 401(k) Plan. Pursuant to the 401(k) Plan, QCR Holdings matches 100% of the first 3% of employee contributions and 50% of the next 3% of employee contributions, up to a maximum of 4.5% of an employee’s compensation. At its discretion, QCR Holdings may make additional contributions to the 401(k) Plan, which are allocated to the accounts of participants based on relative compensation. Contributions under the 401(k) Plan for the benefit of our named executive officers are reflected in the Summary Compensation Table of this proxy statement.

Deferred Compensation

Non-qualified Supplemental Executive Retirement Program. QCR Holdings provides a Non-qualified Supplemental Executive Retirement Plan (“SERP”) to certain of its key executives. The Compensation Committee believes the SERPs are an important component of compensation that help maintain a stable, committed, and qualified team of key executives as each SERP includes retention and non-competition provisions intended to protect QCR Holdings.

Under their agreements, Messrs. Gipple and Helling will receive a supplemental retirement benefit in an annual pre-tax amount equal to 2.5% for each year of full-time service until the executive reaches age 65 (not to exceed 40 years), multiplied by the executive’s average annual base salary plus cash bonus for the three most recently completed plan years, subject to a maximum of 70%. The retirement benefit will be reduced by any contributions plus earnings under the 401(k) Plan and other deferred compensation plans. The executive is eligible for the retirement benefit if he retires after reaching age 55 and has at least 10 years of service. Assuming the participating executives retire on or after reaching age 55 and based on the participants’ salary and cash bonus paid for 2018, we will owe the following projected annual amounts at retirement: Mr. Gipple - \$134,271; and Mr. Helling - \$55,474.

Under their agreements, Messrs. Hultquist and Anderson will receive a supplemental retirement benefit that varies depending upon the executive’s age at retirement. For Mr. Hultquist, the annual benefits range from \$188,775 per year following a retirement before he attains 64 years of age to \$220,650 per year following a retirement on or after he attains 65 years of age. For Mr. Anderson, the annual benefits range from \$20,000 per year following a retirement after attaining age 55 but before attaining age 56 to \$84,000 per year following a retirement on or after he attains 65 years of age.

SERP benefits will generally be paid in 180 monthly installments. The SERP arrangements also provide for the payment of a survivor’s benefit payable to a participating executive’s beneficiary upon the executive’s death.

Non-Qualified Deferred Compensation Plan Agreements. QCR Holdings has previously entered into deferred compensation plan agreements with certain of the named executive officers to allow them to defer a portion of their salary and annual bonus. These plans are voluntary, non-tax qualified, deferred compensation plans that enable executives to save for retirement by deferring a portion of current cash compensation. QCR Holdings matches these deferrals up to certain maximums and interest is earned at the prime rate subject to certain floor and cap rates, as follows:

Executive	Deferred Compensation Plan Agreements 2018 Contribution 2018 Match Interest Rate
------------------	---

			Floor and Cap
Douglas M. Hultquist	\$20,000	\$20,000	4.0% - 8.0%
Todd A. Gipple	\$20,000	\$17,500	6.0% - 12.0%
Larry J. Helling	\$17,500	\$17,500	8.0% - 10.0%
John H. Anderson	\$15,000	\$10,000	4.0% - 8.0%
Ronald M. Nagel	\$45,527	\$15,000	4.0% - 8.0%

If Messrs. Gipple or Helling are terminated in connection with a change in control, they would receive the greater of their existing account balance or a guaranteed minimum amount.

The SERP and the non-qualified deferred compensation plan agreements are “unfunded” general contractual obligations of QCR Holdings subject to the claims of our creditors. If QCR Holdings were to become insolvent, the participants would be unsecured general creditors of QCR Holdings.

The Compensation Committee believes this form of “at risk” compensation helps align the interests of plan participants with the long-term interests of QCR Holdings, its debt holders, and its stockholders.

Deferred Income Plans. Stockholders approved the 1997 Deferred Income Plan and 2005 Deferred Income Plan to enable directors and selected key officers of QCR Holdings and its related companies, to elect to defer all or a portion of the fees and cash compensation payable to them for their service as directors or employees. The plan then purchases shares of QCR Holdings common stock at market value which are held in a rabbi trust associated with the plans.

Perquisites and Other Benefits

The named executive officers participate in QCR Holdings's broad-based employee benefit plans, such as medical, dental, disability and life insurance coverage programs, under the same terms as other eligible employees. Each also receives an automobile allowance. Mr. Anderson receives payments for a country club membership. In addition, QCR Holdings pays for tax planning and preparation services for Messrs. Hultquist, Gipple and Helling. The value of the perquisites provided by or paid for by QCR Holdings is reflected in the Summary Compensation Table in this proxy statement, and is similar to other bank holding companies within the industry.

Employment Agreements

Employment agreements are in place with each of our named executive officers. We believe employment agreements help us recruit and retain executives with the experience, skills, knowledge and background needed to achieve our business goals and strategy.

Compensation Process

The Compensation Committee has broad discretion in overseeing our compensation programs. It reviews each element of compensation for each of our named executive officers at least once each year and makes a final determination regarding any adjustments to their current compensation structure and levels after considering a number of factors. The Compensation Committee takes into account the scope of each named executive officer's responsibilities, performance and experience, as well as competitive compensation levels in reviewing compensation. During the annual review process, the Compensation Committee also reviews our full-year financial results against other banking organizations and reviews the structure of our compensation programs relative to sound risk management.

The primary considerations in making executive compensation decisions are:

- Key financial measurements which reflect our ultimate goal of value creation for our stockholders;
 - Strategic initiatives related to our business;
- Achievement of specific operational goals relating to the executive's area of oversight;
 - Compensation of other QCR Holdings executives; and
 - Compensation of peer group executives.

Consulting Assistance

Under its charter, the Compensation Committee has the authority to retain its own compensation consultants. Since June 2015, the Compensation Committee has retained Frederic W. Cook & Co., Inc. ("FWC") as its compensation consultant to provide it with independent analysis and advice on executive compensation-related matters including a review of the compensation program actions recommended by management, reviewing the chosen peer group and survey data for competitive comparisons and advising it on best practices and ideas for board governance of executive compensation. FWC reports directly to the Compensation Committee, and management has not retained its own compensation consultant. The Compensation Committee has conducted an inquiry and assessment with respect to FWC, including the factors relating to independence specified in Nasdaq listing requirements, and determined that it is independent of management and has no conflicts of interest in acting as a compensation consultant to the Compensation Committee.

Role of Executive Officers

As requested by the Compensation Committee, various members of management facilitate the Committee's consideration of compensation for our named executive officers by providing information for the Committee's review. In particular, Mr. Hultquist provides background and recommendations with respect to each of the other named executive officers. Mr. Hultquist is not present for the discussion or determination of his compensation. Information considered includes, among other items, financial results and analysis, performance evaluations, compensation provided to our named executive officers, technical and regulatory considerations, and input on program design and possible modifications.

Peer Group

Market pay practices are one of many factors we consider in setting executive pay levels and designing compensation programs. Information on pay levels and practices is gathered for a group of publicly traded companies selected based on their business focus, scope and location of operations, size and other considerations. The companies in the group are reviewed and evaluated annually. QCR Holdings's peer group of 17 financial institutions, as listed below, was jointly presented by FWC and our management and approved by the Compensation Committee. QCR Holdings is in the middle of the group in terms of size.

Community Trust Bancorp	Great Southern Bancorp	MidWest One Financial
Enterprise Financial Services Hills Bancorp		National Bank Holdings Corporation
First Busey Corporation	Horizon Bancorp	Stock Yards Bancorp

Analysis of 2018 Compensation

Consistent with our philosophy of linking compensation to performance, the compensation for our named executive officers in 2018 was based, in part, on our business results in 2018. This section discusses the compensation actions that were taken in 2018 for our named executive officers, as detailed below. In reviewing 2018 compensation decisions, it should be noted that Messrs. Fulp and Nagel, unlike our other named executive officers, were in their roles only for part of 2018. Mr. Fulp became an executive officer on July 1, 2018 as part of the Springfield First

Community Bank transaction. Mr. Nagel and QCR Holdings agreed that effective August 31, 2018, Mr. Nagel would begin to transition to a part-time advisory role with Community State Bank.

Base Salary

Salaries for our named executive officers for 2018 and 2019 are as follows:

Executive	2018 Salary	2019 Salary
Douglas M. Hultquist	\$300,000	\$300,000
Todd A. Gipple	\$270,000	\$325,000
Larry J. Helling	\$270,000	\$350,000
John H. Anderson	\$212,500	\$250,000
Robert C. Fulp	\$401,639*	\$401,639
Ronald M. Nagel	\$275,000	\$175,000

*Mr. Fulp became an executive officer on July 1, 2018, following our completion of the merger with Springfield Bancshares.

Annual Incentive Bonus

On an annual basis, the Compensation Committee approves targets applicable to annual incentive bonus awards for our named executive officers. At the beginning of 2018, the Compensation Committee set threshold, target, and maximum award opportunities as a percentage of salary for each of our named executive officers based on that individual's position and competitive market data for similar positions other than Mr. Fulp. Mr. Fulp did not become one of our executive officers until we completed the transaction with Springfield First Community Bank on July 1, 2018. Given that Mr. Fulp became an executive officer midyear and had entered into an employment agreement with us, the Compensation Committee determined his 2018 annual bonus consistent with his employment agreement and the factors and evaluation process applicable to our other named executive officers, as described in the narratives and tables below but without setting pre-established performance measures and objectives. The 2018 awards for our named executive officers were contingent primarily on performance relative to goals for net income and other financial performance measures and objectives aligned with those of QCR Holdings's stockholders. The performance criteria were weighted to reflect QCR Holdings's strategic objectives. Named executives also have individual performance goals, including entity level goals for subsidiaries within their oversight, consistent with QCR Holdings's 2018 strategic objectives and their specific role. As noted above, our named executive officers would not have been eligible to receive an annual incentive bonus if QCR Holdings's net income did not exceed 25% of budgeted net income.

For 2018, threshold, target and maximum annual incentive bonus levels were set as follows (as a percentage of base salary):

Edgar Filing: QCR HOLDINGS INC - Form DEF 14A

For 2018 the Compensation Committee targeted equity award values between 20% and 40% of salary for each executive. The actual 2018 equity grants were awarded in March 2019 based upon the executive's performance in 2018, as shown in the table below along with the target awards (all amounts are based on grant date fair value as used for determining expense in the financial statements). Earned awards were granted as restricted stock units subject to a four-year vesting schedule with equal portions vesting on each anniversary of the grant date. Based on Mr. Fulp's partial service during 2018, he received a restricted stock award with a value of \$100,022.

2016 Equity Plan - Acceleration of Awards

The 2016 Equity Plan provides for possible accelerated vesting of awards granted to all participants, including our named executive officers, in certain circumstances. Unless provided otherwise in the agreements setting forth the terms of the award, vesting will be accelerated for outstanding awards upon a “change in control” of QCR Holdings (as defined in the 2016 Equity Plan) if the awards are not assumed or otherwise equitably converted into comparable awards by the acquiring company. If the awards are assumed by the acquirer and a participant’s employment is terminated without “cause” or a participant resigns for “good reason,” the participant’s awards will become vested (this is what is known as a “double trigger” approach). We adopted this approach, rather than providing for vesting solely upon a change in control (a “single trigger” approach), because we believe the double trigger provides adequate employment protection and reduces, for the stockholders’ benefit, potential transaction costs associated with the awards. Further, the award agreements generally provide that vesting will be accelerated upon the participant’s disability or death.

Regulatory Considerations

As a publicly-traded financial institution, QCR Holdings must contend with several often overlapping layers of regulations when considering and implementing compensation-related decisions. These regulations do not set specific parameters within which compensation decisions must be made, but do require QCR Holdings and the Committee to be mindful of the risks that often go hand-in-hand with compensation programs designed to incentivize the achievement of better than average performance. While the regulatory focus on risk assessment has been heightened over the last several years, the incorporation of general concepts of risk assessment into compensation decisions is not a recent development.

The Committee continues to believe in and practice a sensible approach to balancing risk-taking and rewarding reasonable, but not necessarily easily attainable, goals and this has always been a component of its overall assessment of the compensation plans, programs and arrangements it has put in place for our named executive officers. The Committee believes we have adequate policies and procedures in place to balance and control any risk-taking that may be incentivized by the employee compensation plans. The Committee further believes that such policies and procedures will work to limit the risk that any employee would manipulate reported earnings in an effort to enhance his or her compensation.

In making decisions about executive compensation, in addition to the above, we also consider the impact of other regulatory provisions, including: the provisions of Code Section 162(m) as in effect for 2018 that may limit the tax deductibility of certain compensation; Code Section 409A regarding nonqualified deferred compensation; and Code Section 280G regarding excise taxes and deduction limitations on golden parachute payments made in connection with a change in control. In making decisions about executive compensation, we also consider how various elements of compensation will impact our financial results. For example, we consider the impact of FASB ASC Topic 718, which requires us to recognize the compensation cost of grants of equity awards based upon the grant date fair value of those awards.

Anti-Hedging Policy

QCR Holdings's insider trading policy includes provisions that prohibit all employees and directors from entering into hedging transactions involving QCR Holdings securities. To our knowledge, none of our officers or directors has entered into a hedging transaction involving QCR Holdings stock in violation of this prohibition.

Anti-Pledging Policy

QCR Holdings's insider trading policy includes provisions that prohibit our directors and executive officers from pledging QCR Holdings securities without the prior approval of the Nomination and Governance Committee. To our knowledge, none of our officers or directors has pledged his or her stock in violation of this policy.

Clawback Policy

In the event of a material restatement of QCR Holdings's financial results, other than a restatement due to changes in accounting principles or applicable law or interpretations thereof, the board of directors will review the facts and circumstance that led to the requirement for the restatement and will take such actions, including clawback, as it deems necessary or appropriate. The board of directors will consider whether any named executive officer received cash or equity compensation based on the original financial statements because it appeared he or she achieved financial performance targets which in fact were not achieved based on the restatement. The board of directors will also consider the accountability of any named executive officer whose acts or omissions were responsible in whole or in part for the events that led to the restatement and whether such acts or omissions constituted misconduct. In addition, the clawback provision of the Sarbanes-Oxley Act of 2002 also applies to Messrs. Hultquist and Gipple.

This provision provides that if QCR Holdings is required to restate its financials as a result of misconduct, Messrs. Hultquist and Gipple are required to reimburse QCR Holdings for bonuses or other incentive-based or equity-based compensation and profits realized in the 12 months after the financial information was first publicly issued or filed with the Securities and Exchange Commission.

Insider Trading Policy

QCR Holdings has an insider trading policy that permits open market transactions in QCR Holdings stock beginning two trading days following the date of public disclosure of the financial results each fiscal quarter until two weeks before the end of the next fiscal quarter. In addition, our named executive officers may purchase QCR Holdings common stock through payroll deductions under our 401(k) Plan and Employee Stock Purchase Plan. Changes to certain elections under the 401(k) Plan and Employee Stock Purchase Plan may only be made during the period when open market transactions are permitted. All of our named executive officers are currently in compliance with this policy.

Share Ownership and Retention Guidelines

We believe our named executive officers and nonemployee directors should have a significant equity interest in QCR Holdings. To promote such equity ownership and further align the interests of our executives and directors with our stockholders, we maintain share retention and ownership guidelines that require our named executive officers and our directors to hold shares of common stock of QCR Holdings that are described on page 16. Until an individual's stock ownership guideline is met, an executive's annual incentive and the director's fees will be paid solely in shares of QCR Holdings common stock (net of required withholding). The guidelines are subject to periodic review by the Compensation Committee and compliance is monitored on an annual basis.

Upon a change in control of QCR Holdings, the named executive officer may be subject to certain excise taxes pursuant to Section 4999 of the Code. We have agreed to reimburse for all excise taxes that are imposed under (8) Section 4999 and any income and excise taxes that are payable as a result of any reimbursements for Section 4999 excise taxes. Based on the amounts shown in the "Change-in-Control" column, none of the named executive officers would have an excise tax liability. For terminations occurring on or after January 1, 2019, or May 23, 2019 with respect to Mr. Hultquist, none of the named executive officers will be entitled to a tax gross up payment.

As is more fully described below, during 2018 and early 2019, we entered into new employment agreements with each of Messrs. Hultquist, Gipple, Helling and Anderson. In each case, the agreement in effect as of the beginning of 2018 was still in effect as of December 31, 2018. As such, notwithstanding the execution of the new agreements, the table above reflects the consequences of a termination under the agreements in effect as of December 31, 2018.

Mr. Douglas M. Hultquist's Employment Agreements

In 2004, we entered into an employment agreement with Mr. Hultquist. The agreement was amended in 2008 to bring it into compliance with Code Section 409A. The agreement has a three-year term and in the absence of notice from either party to the contrary, the employment term extends for one additional year on each anniversary of the agreement. Mr. Hultquist's agreement provides term life insurance coverage of two times his base salary and average annual bonus as of the date of the agreement. The agreement provides a disability benefit of up to 66-2/3% of Mr. Hultquist's base salary and average annual bonus for a period of one year following a termination of employment due to disability. The agreement further provides for severance compensation equal to one year of salary plus average annual bonus and three months of outplacement services in the event Mr. Hultquist is terminated without cause; and three times the sum of his annual salary and average annual bonus and three years of continued health insurance if he is terminated within one year following a change in control or if he voluntarily terminates employment within six months of a change in control. If payments made in connection with a change in control are deemed to be excess parachute payments under the Code, Mr. Hultquist is entitled to receive a "gross up" payment from QCR Holdings intended to compensate him for any applicable federal or state taxes due with respect to such payments. Under the agreement, Mr. Hultquist is subject to a two-year non-compete provision following the termination of his employment.

On November 19, 2018, we entered into a transitional employment agreement with Mr. Hultquist in order to provide for the systematic succession and transition of his duties as President and Chief Executive Officer leading up to and following his anticipated retirement from those positions. The agreement with him provides for a three-year employment period beginning on May 23, 2019. Mr. Hultquist will serve as QCR Holdings Co-Founder and will serve as a member of the board of directors of Springfield First Community Bank. He will be compensated, inclusive of fees for board service, at a rate of \$100,000 per year for the term of the agreement. The restrictive covenants set forth in Mr. Hultquist's existing employment agreement, including non-competition and non-solicitation provisions, are incorporated into his transitional employment agreement and will apply as described in his existing employment agreement for two years following any termination of his employment.

Mr. Todd A. Gipple's Employment Agreements

In 2004, we entered into an employment agreement with Mr. Gipple. The agreement was amended in 2008 to bring it into compliance with Code Section 409A. The agreement has a three-year term and in the absence of notice from either party to the contrary, the employment term extends for one additional year on each anniversary of the agreement. Mr. Gipple's agreement provides term life insurance coverage of two times his base salary and average annual bonus as of the date of the agreement. The agreement provides a disability benefit of up to 66-2/3% of Mr. Gipple's base salary and average annual bonus for a period of one year following a termination of employment due to disability. The agreement further provides for severance compensation equal to one-half of his then-current annual salary plus one-half of his average annual bonus and three months of outplacement services in the event Mr. Gipple is terminated without cause; and two times the sum of his annual salary and average annual bonus and three years of continued health insurance if he is terminated within one year following a change in control or if he voluntarily terminates employment within six months of a change in control (the "walk away" right). If payments made in

connection with a change in control are deemed to be excess parachute payments under the Code, Mr. Gipple is entitled to receive a “gross up” payment from QCR Holdings intended to compensate him for any applicable federal or state taxes due with respect to such payments. Under the agreement, Mr. Gipple is subject to a two-year non-compete provision following the termination of his employment.

On November 19, 2018, we entered into a new employment agreement with Mr. Gipple, generally effective at the time of the annual stockholders meeting on May 23, 2019. The agreement has an initial term through December 31, 2021 and automatically extends for an additional year on January 1, 2022 and each January 1st thereafter, unless either party gives at least 90 days’ prior notice that the employment period will not be extended. The employment agreement provides for annual base salary of \$325,000, subject to annual review and increase at the discretion of the board of directors. The agreement provides that Mr. Gipple is eligible to receive a performance-based annual incentive bonus, with a target opportunity of 115% of his annual base salary. The agreement also provides Mr. Gipple with a one-time grant of restricted stock units with a grant date fair market value of \$500,000, and vests 20% on January 1 in each of years 2020 through 2022 and an additional 10% on January 1 in each of 2023 through 2026. Fifty percent of the award is subject to a performance threshold determined by the board of directors. In addition, Mr. Gipple is entitled to participate in any other incentive or employee benefit plans. The base salary, annual incentive bonus and one-time equity grant provisions described above became effective January 1, 2019. As of that time, Mr. Gipple agreed to the elimination of the “walk away” and “gross up” provisions of his prior agreement.

The new agreement also provides for severance benefits in the event the executive's employment is terminated other than for cause and other than as a result of the executive's death or disability, or if the employment is terminated by the executive for good reason ("Termination"). For a Termination during the term of the employment agreement that is not in connection with a change in control, Mr. Gipple would be entitled to receive an amount equal to 100% of his base salary. For a Termination in connection with a change in control, Mr. Gipple would be entitled to receive a lump sum equal to 200% of his base salary plus his cash incentive for the most recently completed fiscal year. In the event of a Termination, Mr. Gipple and his eligible dependents would also be entitled to continued coverage under the medical and dental plans for up to 18 months. All severance benefits are contingent upon the executive's execution and nonrevocation of a general release and waiver of claims against QCR Holdings. The agreement is subject to certain banking regulatory provisions and provides for an automatic reduction of severance payments if the reduction would result in a better net-after-tax result for the respective executive after taking into account the impact of the golden parachute payment restrictions of Sections 280G and 4999 of the Code. The employment agreement contains restrictive covenants prohibiting the unauthorized disclosure of confidential information of QCR Holdings by him during and after his employment with us, and he is subject to non-compete and non-solicitation provisions for two years following the termination of his employment.

Mr. Larry J. Helling's Employment Agreements

In 2004, we entered into an employment agreement with Mr. Helling. The agreement was amended in 2008 to bring it into compliance with Code Section 409A. The agreement has a two-year term and in the absence of notice from either party to the contrary, the employment term extends for one additional year on each anniversary of the agreement. Mr. Helling's agreement provides term life insurance coverage of two times his base salary and average annual bonus as of the date of the agreement. The agreement provides a disability benefit of up to 66-2/3% of Mr. Helling's base salary and average annual bonus for a period of one year following a termination of employment due to disability. The agreement further provides for severance compensation equal to six months of his salary in the event Mr. Helling is terminated without cause and two times his annual salary if he is terminated within one year following a change in control or if he voluntarily terminates employment within six months of a change in control (the "walk away" right). If payments made in connection with a change in control are deemed to be excess parachute payments under the Code, Mr. Helling is entitled to receive a "gross up" payment from QCR Holdings intended to compensate him for any applicable federal or state taxes due with respect to such payments. Under the agreement, Mr. Helling is subject to a two-year non-compete provision following the termination of his employment.

On November 19, 2018, we entered into a new employment agreement with Mr. Helling, generally effective at the time of the annual stockholders meeting on May 23, 2019. The agreement has an initial term through December 31, 2021 and automatically extends for an additional year on January 1, 2022 and each January 1st thereafter, unless either party gives at least 90 days' prior notice that the employment period will not be extended. The employment agreement provides for annual base salary of \$350,000, subject to annual review and increase at the discretion of the board of directors. The agreement provides that Mr. Helling is eligible to receive a performance-based annual incentive bonus, with a target opportunity of 130% of his annual base salary. The agreement also provides Mr. Helling with a one-time grant of restricted stock units with a grant date fair market value of \$500,000, and vests in approximately equal installments on January 1 in each of years 2020 through 2023. Fifty percent of the award is subject to a performance threshold determined by the board of directors. In addition, Mr. Helling is entitled to participate in any other incentive or employee benefit plans. The base salary, annual incentive bonus and one-time equity grant provisions described

above became effective January 1, 2019. As of that time, Mr. Helling agreed to the elimination of the “walk away” and “gross up” provisions of his prior agreement.

The new agreement also provides for severance benefits in the event the executive's employment is terminated other than for cause and other than as a result of the executive's death or disability, or if the employment is terminated by the executive for good reason ("Termination"). For a Termination during the term of the employment agreement that is not in connection with a change in control, Mr. Helling would be entitled to receive an amount equal to 100% of his base salary. For a Termination in connection with a change in control, Mr. Helling would be entitled to receive a lump sum equal to 200% of his base salary plus his cash incentive for the most recently completed fiscal year. In the event of a Termination, Mr. Helling and his eligible dependents would also be entitled to continued coverage under the medical and dental plans for up to 18 months. All severance benefits are contingent upon the executive's execution and nonrevocation of a general release and waiver of claims against QCR Holdings. The agreement is subject to certain banking regulatory provisions and provides for an automatic reduction of severance payments if the reduction would result in a better net-after-tax result for the respective executive after taking into account the impact of the golden parachute payment restrictions of Sections 280G and 4999 of the Code. The employment agreement contains restrictive covenants prohibiting the unauthorized disclosure of confidential information of QCR Holdings by him during and after his employment with us, and he is subject to non-compete and non-solicitation provisions for two years following the termination of his employment.

Mr. John H. Anderson's Employment Agreements

In 2009, we entered into an employment agreement with Mr. Anderson. The agreement was subsequently amended in 2012. The agreement has a one-year term and in the absence of notice from either party to the contrary, the employment term extends for an additional year on each anniversary of the agreement. Mr. Anderson's agreement provides term life insurance coverage of two times his base salary and average annual bonus as of the date of the agreement. The agreement provides a disability benefit of up to 60% of Mr. Anderson's base salary and average annual bonus for a period of one year following a termination of employment due to disability. The agreement further provides for severance compensation equal to twelve months of base salary and average annual bonus if he is terminated without cause; and two years base salary and average annual bonus and eighteen months of continued health insurance if he is terminated within one year following a change in control. Under the agreement, Mr. Anderson is subject to an eighteen-month non-solicitation covenant following the termination of his employment.

On January 9, 2019, we entered into a new employment agreement with Mr. Anderson, generally effective at the time of the annual stockholders meeting on May 23, 2019. The agreement has an initial term through December 31, 2021 and automatically extends for an additional year on January 1, 2022 and each January 1st thereafter, unless either party gives at least 90 days' prior notice that the employment period will not be extended. The employment agreement provides for annual base salary of \$250,000, subject to annual review and increase at the discretion of the board of directors. The agreement provides that Mr. Anderson is eligible to receive a performance-based annual incentive bonus, with a target opportunity of 80% of his annual base salary. The agreement also provides Mr. Anderson with a one-time grant of restricted stock units with a grant date fair market value of \$200,000, and vests in approximately equal installments on January 1 in each of years 2020 through 2025. Fifty percent of the award will further be subject to a performance threshold as will be determined by the board of directors. In addition, Mr. Anderson is entitled to participate in any other incentive or employee benefit plans. The base salary, annual incentive bonus and one-time equity grant provisions described above became effective January 1, 2019.

The new agreement also provides for severance benefits in the event the executive's employment is terminated other than for cause and other than as a result of the executive's death or disability, or if the employment is terminated by the executive for good reason ("Termination"). For a Termination during the term of the employment agreement that is not in connection with a change in control, Mr. Anderson would be entitled to receive an amount equal to 100% of his base salary. For a Termination in connection with a change in control, Mr. Anderson would be entitled to receive a lump sum equal to 200% of his base salary plus his cash incentive for the most recently completed fiscal year. In the event of a Termination, Mr. Anderson and his eligible dependents would also be entitled to continued coverage under the medical and dental plans for up to 18 months. All severance benefits are contingent upon the executive's execution and nonrevocation of a general release and waiver of claims against QCR Holdings. The agreement is subject to certain banking regulatory provisions and provides for an automatic reduction of severance payments if the reduction would result in a better net-after-tax result for the respective executive after taking into account the impact of the golden parachute payment restrictions of Sections 280G and 4999 of the Code. The employment agreement contains restrictive covenants prohibiting the unauthorized disclosure of confidential information of QCR Holdings by him during and after his employment with us, and he is subject to non-compete and non-solicitation provisions for two years following the termination of his employment.

Mr. Robert C. Fulp's Employment Agreement

On April 17, 2018, we entered into an employment agreement with Mr. Fulp. Mr. Fulp's severance benefit is an amount equal to 200% of his base salary if he is terminated without cause or terminates the agreement for good reason, plus eighteen months of continued health insurance, and he is entitled to the same amount in lump sum if he is terminated within two years following a change in control. Under the agreement, Mr. Fulp is subject to non-compete and non-solicitation provisions for two years following the termination of his employment.

The agreement has a term ending in December 31, 2021, unless sooner terminated. The agreement further provides for severance compensation equal to six months base salary if he is terminated without cause; and six months base salary and six months of continued health insurance if he is terminated within one year following a change in control or if he voluntarily terminates his employment for good reason within six months of a change in control. Under the agreement, Mr. Nagel is subject to a one-year non-compete provision following the termination of his employment.

Compensation Committee Interlocks and Insider Participation

During 2018, the Compensation Committee, which sets the salaries and compensation for our executive officers, was comprised solely of independent directors Baird, Kilmer, Neuman, Peterson, and Ralph. None of these individuals was an officer or employee of QCR Holdings in 2018, and none of these individuals is a former officer or employee of QCR Holdings. In addition, during 2018, no executive officer of QCR Holdings served on the board of directors or compensation committee of any other corporation with respect to which any member of the Compensation Committee was engaged as an executive officer.

Pay Ratio

As required by the Securities and Exchange Commission rule, we are providing information about the relationship of the annual total compensation of Douglas M. Hultquist, our chief executive officer and the median annual total compensation of our employees.

The median employee was identified from all full-time and part-time employees, excluding Mr. Hultquist, who were employed by QCR Holdings and its subsidiaries on December 31, 2018. All of our employees are located in the United States. A total of 899 employees were included. Compensation was measured over the 12 month period beginning on January 1, 2018 and ending on December 31, 2018.

The median employee compensation was determined using 2018 W-2 compensation. Wages were annualized for our employees who did not work the entire calendar year. Mr. Hultquist had 2018 annual total compensation of \$985,534 as reflected in the Summary Compensation Table included in this Proxy Statement. The median employee's annual total compensation for 2018 that would be reportable in the Summary Compensation Table was \$55,976. As a result, the CEO pay ratio is 18:1.

DIRECTOR COMPENSATION

QCR Holdings uses a combination of cash and stock-based compensation to attract and retain qualified candidates to serve on the board. In setting director compensation, we consider the significant amount of time that directors expend in fulfilling their duties as well as the skill level required of members of the board.

Cash Compensation Paid to Board Members

In 2018, members of the board who were not employees of QCR Holdings were entitled to receive an annual cash retainer. Pursuant to the QCR Holdings, Inc. 1997 Deferred Income Plan and the 2005 Deferred Income Plan, a director may elect to defer the fees and cash compensation payable by us for the director's service until either the termination of such director's service on the board or the age specified in the director's deferral election. During 2018, eight of the ten QCR Holdings directors and 22 of the 34 subsidiary directors deferred 100% of their director fees pursuant to the plan, and the total expense for the deferred fees with respect to all participating directors was \$525,383 for 2018. The director fees approved for 2019 and the fees paid for 2018 for QCR Holdings and our other affiliated boards did not change, as shown in the following table.

PROPOSAL 2:

Advisory (Non-Binding) Vote TO APPROVE Executive OFFICER Compensation

Section 14A of the Exchange Act, as created by Section 951 of the Dodd–Frank Wall Street Reform and Consumer Protection Act, and the rules and regulations promulgated thereunder, require publicly traded companies, such as QCR Holdings, to conduct a separate stockholder advisory vote to approve the compensation of certain executive officers, as disclosed pursuant to the Securities and Exchange Commission compensation disclosure rules, commonly referred to as a “say-on-pay” vote.

In accordance with these requirements, we are providing stockholders with an advisory vote on the compensation of our named executive officers. We currently hold a say-on-pay vote annually.

The overall objectives of QCR Holdings’s compensation programs have been to align executive officer compensation with the success of meeting long-term strategic operating and financial goals. Stockholders are urged to read the “Executive Compensation” section of this proxy statement, including the Summary Compensation Table and other related compensation tables and narrative disclosures that describe the compensation of our named executive officers in 2018. The Compensation Committee and the board of directors believe that the policies and procedures articulated in the “Executive Compensation” section are effective in implementing our compensation philosophy and achieving its goals, and that the compensation of our named executive officers in 2018 reflects and supports these compensation policies and procedures.

The following resolution is submitted for stockholder approval:

“RESOLVED, that QCR Holdings’s stockholders approve, on an advisory basis, its executive compensation as described in the section captioned ‘Executive Compensation’ contained in the QCR Holdings proxy statement dated April 11, 2019.”

Approval of this resolution requires the affirmative vote of a majority of the shares present in person or by proxy and entitled to vote at the meeting. While this say-on-pay vote is required, as provided in Section 14A of the Exchange Act, it is not binding on our board of directors and may not be construed as overruling any decision by the board. However, the Compensation Committee will take into account the outcome of the vote when considering future compensation arrangements.

The board of directors unanimously recommends that you vote to approve the overall compensation of our named executive officers by voting “FOR” this proposal.

**PROPOSAL 3:
RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC
ACCOUNTING FIRM**

RSM US LLP has served as our independent registered public accounting firm since 1993, and our Audit Committee has selected RSM US LLP to be our independent registered public accounting firm for the fiscal year ending December 31, 2019.

Although we are not required to do so, our board of directors recommends that the stockholders ratify this appointment. A representative of RSM US LLP is expected to attend the meeting and will be available to respond to appropriate questions and to make a statement if he or she so desires. If the appointment of our independent registered public accounting firm is not ratified, the Audit Committee of the board of directors will reconsider the matter of the appointment. **Our board of directors unanimously recommends that you vote to approve the ratification of this appointment by voting “FOR” this proposal.**

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires that the directors, executive officers and persons who own more than 10% of our common stock file reports of ownership and changes in ownership with the Securities and Exchange Commission and with the exchange on which the shares of common stock are traded. These persons are also required to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of the copies of such forms furnished to us, and, if appropriate, representations made to us by any reporting person concerning whether a Form 5 was required to be filed for 2018, we are not aware of any failures to comply with the filing requirements of Section 16(a) during 2018.

TRANSACTIONS WITH MANAGEMENT AND DIRECTORS

Our directors and officers and their associates were clients of and had transactions with QCR Holdings and our subsidiaries during 2018. Additional transactions are expected to take place in the future. All outstanding loans, commitments to loan, and certificates of deposit and depository relationships, in the opinion of management, were made in the ordinary course of business, on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with persons not related to the lenders and did not involve more than the normal risk of collectability or present other unfavorable features. All such loans are approved by the subsidiary banks' board of directors in accordance with applicable bank regulatory requirements. Additionally, the Audit Committee considers any other non-lending transactions between us and a director to ensure that such transactions do not affect a director's independence.
