As Filed Pursuant to Rule 424(b)(3)  
Registration No. 333-178098  
Registration No. 333-178098-01  
Offer To Exchange up to  
1,321,431 Class B common shares of  
Whitestone REIT

for

Up to 867,789 Class A common shares of Whitestone REIT  
and

Up to 453,642 Units of Limited Partnership of Whitestone REIT Operating Partnership, L.P.  
Subject to the terms and conditions described in this prospectus

---

Whitestone REIT, a Maryland real estate investment trust, or the Company, and Whitestone REIT Operating Partnership, L.P., a Delaware limited partnership, or the Operating Partnership, hereby offer, upon the terms and subject to the conditions described in this prospectus and the accompanying letters of transmittal, to exchange the Company's Class B common shares of beneficial interest, \$0.001 par value per share, or Class B common shares, on a one-for-one basis for (i) up to 867,789 outstanding Class A common shares of beneficial interest, \$0.001 par value per share, of the Company, or Class A common shares; and (ii) up to 453,642 outstanding units of limited partnership in the Operating Partnership, or the OP units. As of November 18, 2011, there were 2,603,294 Class A common shares and 1,360,927 OP units, not held by the Company, outstanding. Holders who validly tender and do not validly withdraw their Class A common shares and OP units prior to 5:00 p.m., New York City time, on January 11, 2012 will receive, for each Class A common share or OP unit, one Class B common share.

The exchange offer expires at 5:00 p.m., New York City time, on January 11, 2012, or the expiration date, unless the exchange offer is extended or earlier terminated by us.

You may withdraw tenders of outstanding Class A common shares or OP units at any time before the exchange offer expires.

We will not receive any proceeds from the exchange offer.

Our Class B common shares are listed on the NYSE Amex under the symbol "WSR." The last reported sale price of our Class B common shares on the NYSE Amex on December 5, 2011 was \$11.88 per share.

Consummation of the exchange offer is subject to the conditions described in "The Exchange Offer-Conditions of the Exchange Offer." The exchange offer is not conditioned on any minimum number of Class A common shares or OP units being tendered.

Our declaration of trust contains certain restrictions relating to the ownership and transfer of our Class B common shares, including, subject to certain exceptions, a limit on ownership of more than 9.8% in value or number of shares, whichever is more restrictive, of our outstanding Class B common shares. See "Description of Securities-Restrictions on Ownership and Transfer."

See "Risk Factors" beginning on page 7 for a discussion of factors you should consider in evaluating this exchange offer.

Edgar Filing: Whitestone REIT - Form 424B3

None of the Company, the Operating Partnership, the exchange agent or any other person is making any recommendation as to whether you should choose to tender your Class A common shares or OP units in the exchange offer. Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

We are not making this exchange offer in any state or other jurisdiction where it is not permitted.

The date of this prospectus is December 9, 2011.

This prospectus includes combined disclosure for the Company and the Operating Partnership, of which the Company is the sole general partner. Unless otherwise indicated or unless the context requires otherwise, all references in this prospectus to “we,” “us,” “our” or “our Company” refer to the Company together with its consolidated subsidiaries, including the Operating Partnership. Unless otherwise indicated or unless the context requires otherwise, all references in this prospectus to “our Operating Partnership” or “the Operating Partnership” refer to the Operating Partnership together with its consolidated subsidiaries.

You should rely only on the information contained or incorporated by reference in this prospectus. Neither the Company nor the Operating Partnership has authorized any other person to provide you with different or additional information. If anyone provides you with different or additional information, you should not rely on it. Neither the Company nor the Operating Partnership is making an offer to sell these securities in any jurisdiction where the offer or sale is not permitted. You should assume that the information in this prospectus is accurate as of the date appearing on the front cover of this prospectus only. Our business, financial condition, results of operations and prospects may have changed since that date.

WHERE YOU CAN FIND ADDITIONAL INFORMATION

We have filed with the Securities and Exchange Commission, or the SEC, a registration statement on Form S-4 under the Securities Act of 1933, as amended, or the Securities Act, to register the Class B common shares offered by this prospectus. This prospectus does not contain all of the information included in the registration statement and the exhibits to the registration statement. We strongly encourage you to read carefully the registration statement and the exhibits to the registration statement.

Any statement made in this prospectus concerning the contents of any contract, agreement or other document is only a summary of the actual contract, agreement or other document. If we have filed any contract, agreement or other document as an exhibit to the registration statement, you should read the exhibit for a more complete understanding of the document or matter involved. Each statement regarding a contract, agreement or other document is qualified in its entirety by reference to the actual document.

Each of the Company and the Operating Partnership files annual, quarterly and current reports, proxy statements and other information with the SEC. You may read and copy any document the Company or the Operating Partnership files with the SEC at its Public Reference Room at 100 F Street, N.E., Washington, D.C. 20549. Please call the SEC at 1-800-SEC-0330 for further information on the Public Reference Room. You may also obtain these materials from us at no cost by directing a written or oral request to us at Whitestone REIT, 2600 South Gessner, Suite 500, Houston, Texas 77063, Attn: Corporate Secretary, or by calling our Investor Relations Department at (713) 827-9595, or at our website at [www.whitstonereit.com](http://www.whitstonereit.com). Information on our website is not incorporated by reference into this prospectus. In addition, the SEC maintains a web site, <http://www.sec.gov>, which contains reports, proxy and information statements and other information regarding registrants, including the Company and the Operating Partnership, that file electronically with the SEC.

Each of the Operating Partnership's Annual Report on Form 10-K for year ended December 31, 2010 and Quarterly Report on Form 10-Q for the quarter ended September 30, 2011 was previously filed with the SEC. The Operating Partnership's Annual Report on Form 10-K for year ended December 31, 2010 and Quarterly Report on Form 10-Q for the quarter ended September 30, 2011 are annexed to, and included in, this prospectus as Annexes A and B, respectively. These documents contain important information about the Operating Partnership and the Operating Partnership's financial condition.

DOCUMENTS INCORPORATED BY REFERENCE

This prospectus incorporates important business and financial information about the Company from documents filed with the SEC that are not included in or delivered with this prospectus. The SEC permits the Company to "incorporate by reference" important information by referring you to another document filed separately with the SEC. This means that the information incorporated by reference is deemed to be part of this prospectus, unless superseded by information included in this prospectus or by information in subsequently filed documents that the Company incorporates by reference in this prospectus.

Specifically, we incorporate herein by reference the Company's documents set forth below:

- Annual Report on Form 10-K for the year ended December 31, 2010, filed on March 1, 2011;
- Quarterly Report on Form 10-Q for the quarter ended March 31, 2011, filed on May 16, 2011;
- Quarterly Report on Form 10-Q for the quarter ended June 30, 2011, filed on August 8, 2011;
- Quarterly Report on Form 10-Q for the quarter ended September 30, 2011, filed on November 7, 2011;

Edgar Filing: Whitestone REIT - Form 424B3

Current Reports on Form 8-K, filed on January 11, 2011, January 25, 2011, April 5, 2011, April 18, 2011, May 5, 2011, May 16, 2011, and June 17, 2011; and

Definitive proxy statement on Schedule 14A filed on April 1, 2011 (solely to the extent specifically incorporated by reference into the Company's Annual Report on Form 10-K for the year ended December 31, 2010).

In addition, we also incorporate by reference into this prospectus all documents that the Company files with the SEC under Sections 13(a), 13(c), 14 or 15(d) of the Securities Exchange Act of 1934, as amended, or the Exchange Act, from the date of this prospectus to the date that the exchange offer is completed (or the date that the exchange offer is terminated). These documents include Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q and Current Reports on Form 8-K, as well as proxy statements.

Table of Contents

Notwithstanding the foregoing, unless specifically stated to the contrary, none of the information that we disclose under Items 2.02, 7.01 or 9.01 of any Current Report on Form 8-K that we may from time to time furnish to the SEC will be incorporated by reference into, or otherwise included in, this prospectus. You may request any of the documents incorporated by reference herein (excluding exhibits) as described above under “Where You Can Find Additional Information.”

Table of Contents

SUMMARY

The following summary is qualified in its entirety by, and should be read in conjunction with, the more detailed information included elsewhere in this prospectus. Because this is a summary, it may not contain all the information you should consider before deciding whether to participate in the exchange offer. You should read this entire prospectus carefully, including the section entitled “Risk Factors,” before making an investment decision.

The Company and the Operating Partnership

Our Business

We are a fully integrated real estate company that owns and operates commercial properties in culturally diverse markets in major metropolitan areas. Founded in 1998, we are internally managed with a portfolio of commercial properties in Texas, Arizona and Illinois. In October 2006, our current management team joined the Company and adopted a strategic plan to acquire, redevelop, own and operate “Community Centered Properties.” We define Community Centered Properties as visibly located properties in established or developing culturally diverse neighborhoods in our target markets. We market, lease, and manage our centers to match tenants with the shared needs of the surrounding neighborhood. Those needs may include specialty retail, grocery, restaurants and medical, educational and financial services. Our current portfolio is concentrated in Houston, with additional properties in the Phoenix, Chicago, Dallas and San Antonio metropolitan areas.

The Company operates as a real estate investment trust, or REIT, and the general partner of the Operating Partnership. As of September 30, 2011, the Company owned an approximate 89% partnership interest in the Operating Partnership and other limited partners, including some of our directors, executive officers and their affiliates, owned the remaining 11% partnership interest. As the sole general partner of the Operating Partnership, the Company has the full, exclusive and complete responsibility for the Operating Partnership's day-to-day management and control. Our properties are held by, and all of our operations are conducted by, the Operating Partnership. Accordingly, the descriptions of our business, properties and investment policies are also descriptions of the business, properties and investment policies of the Operating Partnership.

In August 2010, the Company completed an initial public offering of our Class B common shares, which are listed on the NYSE Amex under the symbol “WSR.” In connection with the offering, we (i) changed the name of all of our then outstanding “common shares” to “Class A common shares” and (ii) effected a 1-for-3 reverse split of our Class A common shares and OP units. Class A common shares and Class B common shares have equal voting, dividend and liquidation rights. We do not intend to list our Class A common shares or our OP units on a national securities exchange. In this prospectus, we refer to Class A and Class B common shares collectively as our “common shares.”

The Company is a Maryland REIT that was formed in December 1998, and the Operating Partnership is a Delaware limited partnership that was formed in December 1998. Our executive offices are currently located at 2600 South Gessner, Suite 500, Houston, Texas 77063, and our telephone number is (713) 827-9595. Our website can be accessed at [www.whitstonereit.com](http://www.whitstonereit.com). The content of our website is not incorporated into, and does not form a part of, this prospectus.

Table of Contents

The Exchange Offer

We have summarized the terms of this exchange offer in this section. Before you decide whether to tender your Class A common shares or OP units in this exchange offer, you should read the detailed description of the exchange offer in the section entitled “The Exchange Offer.”

The Exchange Offer

We are offering, upon the terms and subject to the conditions described in this prospectus and the accompanying letters of transmittal, to issue Class B common shares in exchange, on a one-for-one basis, for (i) up to 867,789 Class A common shares of the Company and (ii) up to 453,642 OP units of the Operating Partnership. Holders who validly tender and do not validly withdraw their Class A common shares or OP units prior to 5:00 p.m., New York City time, on the expiration date (as defined below) will receive one Class B common share for each Class A common share or OP unit. You may tender all, some or none of your Class A common shares or OP units for Class B common shares.

As of November 18, 2011, there were 2,603,294 Class A common shares and 1,360,927 OP units, not held by the Company, outstanding. See “The Exchange Offer-Terms of the Exchange Offer.”

Conditions of the Exchange Offer

This exchange offer is not conditioned on any minimum number of Class A common shares or OP units being tendered. Consummation of the exchange offer is subject to certain conditions, including that the registration statement, of which this prospectus is a part, shall have been declared effective by the SEC and other customary conditions. We may waive any or all of the conditions to the exchange offer in our sole and absolute discretion, except for the registration statement effectiveness condition. See “The Exchange Offer-Conditions of the Exchange Offer.”

Purpose of the Exchange Offer

The purpose of the exchange offer is to exchange Class A common shares and OP units, neither of which are listed on a national securities exchange, on a one-for-one basis for Class B common shares, which are listed on the NYSE Amex, thereby providing liquidity to holders of Class A common shares and OP units.

Expiration Date

The exchange offer expires at 5:00 p.m., New York City time, on January 11, 2012, or the expiration date, unless extended or earlier terminated by us. We may extend the expiration date for any reason in our sole and absolute discretion. If we decide to extend the expiration date, we will announce any extensions by press release or other public announcement no later than 9:30 a.m., New York City time, on the business day after the scheduled expiration of the exchange offer. See “The Exchange Offer-Expiration Date; Extensions; Amendments.”

Termination of the Exchange Offer

We reserve the right to terminate the exchange offer at any time prior to the completion of the exchange offer if any of the conditions under “The Exchange Offer-Conditions of the Exchange Offer” have not been satisfied, in our sole and absolute discretion. See “The Exchange Offer-Termination of the Exchange Offer.”

Procedures for Tendering Class A common shares and OP

Holders of Class A common shares and/or OP units desiring to accept the exchange offer must tender their Class A common shares and/or OP units by signing and returning the appropriate letter of transmittal, including all other documents required by the letter

units

of transmittal. See “The Exchange Offer-Procedures for Tendering.”

Table of Contents

<p>Acceptance of Class A common shares and OP units and Delivery of Class B common shares</p>	<p>If the registration statement of which this prospectus is a part is declared effective by the SEC and the exchange offer is completed, we will, subject to the terms and conditions described in this prospectus, accept up to 867,789 Class A common shares and up to 453,642 OP units that are validly tendered and not validly withdrawn prior to the expiration date. If more than 867,789 Class A common shares are tendered, then we will accept such tendered Class A common shares on a pro rata basis in proportion to the number of Class A common shares tendered. If more than 453,642 OP units are tendered, then we will accept such tendered OP units on a pro rata basis in proportion to the number of OP units tendered. We refer to this as “proration.” Holders of Class A common shares and/or OP units who own “odd-lots” (less than 100 Class A common shares and/or less than 100 OP units) and who validly tender all of their Class A common shares and/or all of their OP units will not be subject to proration if they so request. For instance, if you own less than 100 Class A common shares and/or less than 100 OP units and tender all of your Class A common shares and/or OP units, your odd-lot will not be subject to proration if you so request. If, however, the exchange offer is oversubscribed with respect to either Class A common shares or OP units and you hold less than 100 Class A common shares or OP units, but do not tender all of your shares or OP units, you will be subject to proration to the same extent as holders of more than 100 shares or OP units (and holders of odd-lots that do not request preferential treatment). If you own more than 100 Class A common shares or OP units, but own less than 100 OP units or Class A common shares, respectively, you may request to not be subject to proration with respect to either Class A common shares or OP units, whichever you own less than 100 shares or units. Similarly, if you own less than 100 Class A common shares and less than 100 OP units, you may request to not be subject to proration with respect to both your Class A common shares and OP units.</p> <p>The Class B common shares issued as part of the exchange offer will be delivered promptly after we accept the Class A common shares or OP units. See “The Exchange Offer-Acceptance of Class A Common Shares and OP Units for Exchange; Delivery of Class B Common Shares.”</p>
<p>Withdrawal Rights</p>	<p>Holders may withdraw the Class A common shares or OP units they have tendered at any time prior to 5:00 p.m., New York City time, on January 11, 2012. See “The Exchange Offer-Withdrawal Rights.”</p>
<p>Use of Proceeds</p>	<p>Neither the Company nor the Operating Partnership will receive any proceeds from the exchange offer.</p>
<p>Federal Income Tax Consequences</p>	<p>The exchange of OP units for Class B common shares will be a taxable transaction for U.S. federal income tax purposes. The exchange of Class A common shares for Class B common shares pursuant to the exchange offer generally will constitute a tax-deferred transaction for U.S. federal income tax purposes. In addition, Class B common shares are subject to special and complex U.S. federal income tax rules. Holders are urged to consult their own tax advisors with respect to the application of the U.S. federal income tax laws to their own particular situation as well as any tax consequences of the exchange of OP units or Class A common shares pursuant to the exchange offer and the ownership and disposition of Class B common shares arising under the federal estate or gift tax rules or under the laws of any state, local, foreign or other taxing jurisdiction or under any applicable treaty. See “Material U.S. Federal Income Tax Considerations.”</p>

Accounting Treatment

The Class A common shares acquired by the Company in the exchange offer will be retired and cancelled. The value of the Class A shares received by the Company will be deemed equal to the value of the Class B common shares issued by the Company; therefore no gain or loss will be recognized in the Company's consolidated net income or comprehensive income. The OP units acquired by the Company will be recorded as an acquisition of ownership interest in the Operating Partnership by the Company, resulting in an increase in the general partner capital balance and a decrease in the limited partner capital balance. The Company has a controlling interest in the Operating Partnership both before and after the completion of the exchange; therefore the exchange will be accounted for as an equity transaction, with no gain or loss recognized in the Company's consolidated net income or comprehensive income. The carrying amount of the noncontrolling interest will be adjusted to reflect the change in the ownership interest in the subsidiary. Any difference between the fair value of the Class B common shares paid and the amount by which the noncontrolling interest is adjusted will be recognized in equity attributable to the Company.

Table of Contents

Exchange Agent	American Stock Transfer and Trust Company, LLC is the exchange agent for the exchange offer.
Fees and Expenses	The Company will pay all fees and expenses it incurs in connection with the exchange offer. See “The Exchange Offer-Fees and Expenses.”
Regulatory Approvals	We are not aware of any material regulatory approvals necessary to complete this offer. However we may not complete this exchange offer until the registration statement, of which this prospectus is a part, is declared effective by the SEC.
Rights of Non-Tendering Holders	If you do not exchange your Class A common shares or OP units for Class B common shares, you will continue to be subject to restrictions on transfer applicable to the Class A common shares or OP units. In general, the Class A common shares or OP units may not be offered or sold, unless registered under the Securities Act, as amended, except pursuant to an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws. We do not currently plan to register the resale of the Class A common shares or OP units under the Securities Act. Holders who do not tender their Class A common shares or OP units pursuant to this offer will continue to have the same rights as they are entitled to today under the Articles of Amendment and Restatement, or the declaration of trust of the Company, or the partnership agreement of the Operating Partnership, as applicable.
Questions	If you have any questions regarding the terms of the exchange offer, please contact our Investor Relations Department at (713) 827-9595. If you have questions regarding the procedures for tendering Class A common shares or OP units in the exchange offer, please contact the exchange agent at 1-877-248-6417.
Risk Factors	For certain risks you should consider in evaluating this exchange offer, including the share ownership limit imposed by the Company's declaration of trust or declaration of trust, each as amended, see “Risk Factors” beginning on page 7.

Table of Contents

RISK FACTORS

In addition to other information contained in this prospectus, you should carefully consider the risks described below and described in the Company's Annual Report on Form 10-K for the year ended December 31, 2010 incorporated herein by reference, the Operating Partnership's Annual Report on Form 10-K for the year ended December 31, 2010 included as Annex A to this prospectus, and other subsequent filings of the Company and the Operating Partnership under the Exchange Act, in evaluating our company, our properties and our business before making a decision to exchange your Class A common shares or OP units for Class B common shares in the exchange offer. The occurrence of any such risks might cause you to lose all or a part of your investment. Some statements in this prospectus, including statements in the following risk factors, constitute forward-looking statements, as described in the section entitled "Forward-Looking Statements."

Risks Related to the Exchange Offer

If the procedures for tendering your Class A common shares or OP units in this exchange offer are not followed, you may not receive Class B common shares.

We will issue the Class B common shares in exchange for your Class A common shares or OP units only if you tender the Class A common shares or OP units and deliver a properly completed and duly executed letter of transmittal and other required documents before expiration, or earlier termination, of the exchange offer. You should allow sufficient time to ensure timely delivery of the necessary documents. Neither the exchange agent nor we are under any duty to give notification of defects or irregularities with respect to the tenders of Class A common shares or OP units for exchange.

The exchange offer may be cancelled or delayed.

We are not obligated to complete the exchange offer under certain circumstances. See "The Exchange Offer-Conditions of the Exchange Offer." If you validly tender Class A common shares or OP units by properly executing the appropriate letter of transmittal and any other necessary documents prior to the expiration date, you may validly withdraw your tendered Class A common shares or OP units. If any of the conditions of the exchange offer are not met as of the expiration date, in our sole and absolute discretion, we have the right to terminate the exchange offer. Even if the exchange offer is completed, it may not be completed exactly on the schedule described in this prospectus. Accordingly, holders participating in the exchange offer may have to wait longer than expected to receive their Class B common shares.

An exchange of OP units for Class B common shares generally will constitute a taxable exchange.

In general, an exchange of OP units for Class B common shares pursuant to the exchange offer will constitute a fully taxable exchange. We urge you to consult your own tax advisor regarding the federal, state, local and foreign tax consequences of an exchange of OP units for Class B common shares pursuant to the exchange offer.

Following this exchange offer and additional exchange offers that we intend to conduct in the future, large numbers of holders of our Class A common shares and OP units receiving Class B common shares may create an increased demand to sell our Class B common shares. Significant sales of our Class B common shares, or the perception that significant sales of such shares could occur, may cause the price of our Class B common shares to decline significantly.

Neither our Class A common shares nor our OP units are listed on any national securities exchange and the ability of holders to liquidate their investments in Class A common shares and OP units is limited. On September 2, 2011, we

commenced an offer to exchange Class B common shares on a one-for-one basis for (i) up to 867,789 outstanding Class A common shares; and (ii) up to 453,642 outstanding OP units, which expired at 5:00 p.m., New York City time, on Monday, October 3, 2011. As a result, 867,789 Class A common shares and 453,642 OP units were accepted for exchange. Following the completion of this exchange offer, we intend to conduct additional exchange offers to provide the opportunity to exchange the remainder of our Class A common shares and our OP units for Class B common shares. Following each such exchange offer, if our former Class A shareholders and OP unitholders sell, or the market perceives that such holders intend to sell, substantial numbers of our Class B common shares in the public market, the market price of our Class B common shares could decline significantly. As of November 18, 2011, we had 2,603,294 Class A common shares and 1,360,927 OP units, not held by the Company, outstanding.

Table of Contents

In addition, because our Class A common shares are not subject to transfer restrictions (other than the restrictions on ownership and transfer of shares set forth in the Company's declaration of trust), such shares are freely tradable. As a result, notwithstanding that such shares are not to be listed on a national securities exchange, it is possible that a market may develop for shares of our Class A common shares, and sales of such shares, or the perception that such sales could occur, could have a material adverse effect on the trading price of our Class B common shares.

The market price and trading volume of our Class B common shares may be volatile following this exchange offer.

The market price of our Class B common shares may fluctuate widely and be highly volatile. In addition, the trading volume in our Class B common shares may fluctuate and cause significant price variations to occur. Some of the factors that could negatively affect the share price or result in fluctuations in the market price or trading volume of our Class B common shares include:

- actual or anticipated variations in our operating results, funds from operations, cash flow, liquidity, or distributions;
- publications of research reports about us or the real estate industry;
- increases in market interest rates; changes in market valuations of similar companies;
- adverse market reaction to any securities we may issue or increased indebtedness we incur in the future;
- the failure to comply with our debt covenants;
- additions or departures of key management personnel;
- actions by institutional shareholders;
- speculation in the press or investment community;
- actual or anticipated changes in our future financial performance;
- strategic actions by us or our competitors, such as acquisitions, restructurings, or innovations;
- operations and performance of our competitors;
- developments in the real property investment industry generally;
- the realization of any of the other risk factors presented in this prospectus; and
- general market and economic conditions.

In addition, many of the factors listed above are beyond our control. These factors may cause the market price of the Class B common shares to decline, regardless of our financial condition, results of operations, business, or prospects. We cannot assure you that the market price of the Class B common shares will not fluctuate or decline significantly in the future, and it may be difficult for investors to resell the Class B common shares at prices they find attractive or at all.

Increases in market interest rates may result in a decrease in the value of our Class B common shares.

One of the factors that may influence the price of our Class B common shares will be the dividend distribution rate on the Class B common shares (as a percentage of the price of our Class B common shares) relative to market interest rates. If market interest rates rise, prospective purchasers of shares of our Class B common shares may expect a higher distribution rate. Higher interest rates would not, however, result in more funds being available for distribution and, in fact, would likely increase our borrowing costs and might decrease our funds available for distribution. We, therefore, may not be able, or we may not choose, to provide a higher distribution rate. As a result, prospective purchasers may decide to purchase other securities rather than our Class B common shares, which would reduce the demand for, and subsequently result in a decline in the market price of, our Class B common shares.

Broad market fluctuations could negatively impact the market price of our Class B common shares.

The stock market has experienced extreme price and volume fluctuations that have affected the market price of many companies in industries similar or related to ours and that have been unrelated to these companies' operating

performances. These broad market fluctuations could reduce the market price of our Class B common shares.

Table of Contents

If our operating results or prospects are below expectations, the market price of our Class B common shares could decline.

Our operating results and prospects may be below the expectations of public market analysts and investors or may be lower than those of companies with comparable market capitalizations. Either of these factors could lead to a material decline in the market price of our Class B common shares.

The Class B common shares issued in this exchange offer and any common shares eligible for future sale may adversely affect the prevailing market prices for our common shares.

Our Class B common shares have traded on the NYSE Amex since August 26, 2010. If the maximum number of Class A common shares and OP units are tendered in this exchange offer, we will issue 1,321,431 of our Class B common shares upon completion of this exchange offer, an amount equal to 15.0% of our Class B common shares outstanding prior to this exchange offer, and the Class B common shares being issued will represent approximately 13% of the Class B common shares available to trade after this exchange offer. Also, the three month average trading volume in our Class B common shares as reported by the NYSE Amex as of December 5, 2011 was 35,164 shares per day. In addition, we intend to conduct additional exchange offers in the future to exchange additional Class A common shares and OP units for Class B common shares. We also may issue from time to time additional Class B common shares or OP units in connection with the acquisition of properties and we may grant demand or piggyback registration rights in connection with these issuances. We cannot predict the effect, if any, of this exchange offer, future issuances of Class B common shares or OP units, or the availability of Class B common shares for future sale, on the market price of our Class B common shares. Sales of substantial numbers of Class B common shares (including shares issued to our trustees and officers), or the perception that these sales could occur, may adversely affect the liquidity of the market for our Class B common shares or prevailing market prices for our Class B common shares. Large price changes or low volume may preclude you from selling your Class B common shares at all, at any particular price or during a time frame that meets your investment objectives. In addition, the prior performance of the Class B common shares since August 26, 2010 may not be indicative of the performance of the Class B common shares after the exchange offer.

Future offerings of debt, which would be senior to our common shares upon liquidation, and/or preferred equity securities that may be senior to our common shares for purposes of dividends or other distributions or upon liquidation, may adversely affect the market price of our Class B common shares.

In the future, we may attempt to increase our capital resources by making additional offerings of debt or preferred equity securities, including medium-term notes, trust preferred securities, senior or subordinated notes and preferred shares. Upon liquidation, holders of our debt securities and preferred shares and lenders with respect to other borrowings will receive distributions of our available assets prior to the holders of our common shares. Additional equity offerings may dilute the holdings of our existing shareholders or reduce the market price of our Class B common shares, or both. Holders of our common shares are not entitled to preemptive rights or other protections against dilution. Our preferred shares, if issued, could have a preference on liquidating distributions or a preference on dividend payments that could limit our ability to pay a dividend or make another distribution to the holders of our common shares. Because our decision to issue securities in any future offering will depend on market conditions and other factors beyond our control, we cannot predict or estimate the amount, timing or nature of our future offerings. Thus, the holders of our Class B common shares bear the risk of our future offerings reducing the market price of our Class B common shares and diluting their share holdings in us.

None of the board of trustees of the Company, acting as the board of trustees or as the general partner of the Operating Partnership, or the exchange agent has made a recommendation as to whether the holders of Class A common shares or OP units should exchange their shares or units for Class B common shares pursuant to the exchange offer.

None of the board of trustees of the Company, or our Board, acting as our Board or as the general partner of the Operating Partnership, or the exchange agent has made a recommendation as to whether the holders of Class A common shares or OP units should exchange their shares or units for Class B common shares pursuant to the exchange offer. Neither the Company nor the Operating Partnership has retained, and neither intends to retain, any unaffiliated representative to act solely on behalf of the holders of the Class A common shares or OP units for purposes of negotiating the terms of this exchange offer and/or preparing a report concerning the fairness of this exchange offer.

Table of Contents

You may not be able to sell your Class A common shares or OP units in the public market if you do not exchange them for Class B common shares in the exchange offer.

We do not currently anticipate that we will list our Class A common shares or OP units on a national securities exchange and are not under any obligation to do so. Therefore, if you do not exchange your Class A common shares or OP units in the exchange offer, your Class A common shares or OP units will continue to be subject to certain restrictions on transfers, as set forth in the governance documents of the Company and the Operating Partnership and the Securities Act.

FORWARD-LOOKING STATEMENTS

We make statements in this prospectus, and the documents incorporated herein by reference, that are forward-looking statements within the meaning of the federal securities laws. In particular, statements pertaining to our capital resources, portfolio performance and results of operations contain forward-looking statements. Likewise, all of our statements regarding anticipated growth in our funds from operations and anticipated market conditions, demographics and results of operations are forward-looking statements. You can identify forward-looking statements by the use of forward-looking terminology such as “believes,” “expects,” “may,” “will,” “should,” “could,” “would,” “seeks,” “approximately,” “intends,” “plans,” “pro forma,” “estimates” or “anticipates” or the negative of these words and phrases or similar words or phrases which are predictions of or indicate future events or trends and which do not relate solely to historical matters. You can also identify forward-looking statements by discussions of strategy, plans or intentions.

Forward-looking statements involve numerous risks and uncertainties and you should not rely on them as predictions of future events. Forward-looking statements depend on assumptions, data or methods which may be incorrect or imprecise and we may not be able to realize them. We do not guarantee that the transactions and events described will happen as described (or that they will happen at all). The following factors, among others, could cause actual results and future events to differ materially from those set forth or contemplated in the forward-looking statements:

- adverse economic or real estate developments in Texas, Arizona or Illinois;
- general economic conditions, including downturns in the national and local economies;
- market trends;
- projected capital expenditures;
- estimates relating to our ability to make distributions to our shareholders in the future;
- our understanding of our competition and our ability to compete effectively;
- defaults on or non-renewal of leases by tenants;
- increased interest rates and operating costs;
- our failure to obtain necessary outside financing on favorable terms or at all;
- decreased rental rates or increased vacancy rates;
- difficulties in identifying properties to acquire, and in consummating real estate acquisitions, developments, joint ventures and dispositions;
- our failure to successfully operate acquired properties and operations;
- our failure to maintain our status as a REIT;
- government approvals, actions or initiatives, including the need for compliance with environmental requirements;
- environmental uncertainties and risks related to natural disasters;
- loss of services of one or more of our executive officers;
  - lack of or insufficient amounts of insurance;
- financial market fluctuations;
- changes in foreign currency exchange rates;
- changes in real estate and zoning laws or increases in real property tax rates; and
- other factors affecting real estate markets generally.

While forward-looking statements reflect our good faith beliefs, they are not guaranties of future performance. We disclaim any obligation to publicly update or revise any forward-looking statement to reflect changes in underlying assumptions or factors, of new information, data or methods, future events or other changes, even if subsequent events cause us to become aware of new risks or cause our expectations to change regarding the forward-looking matters discussed in this prospectus. For a further discussion of these and other factors that could impact our future results, performance or transactions, see the section above entitled “Risk Factors.”

DISTRIBUTION POLICY

Subsequent to this exchange offer, we intend to continue to declare distributions to holders of our common shares and OP units, payable monthly. U.S. federal income tax law generally requires that a REIT distribute annually to its shareholders at least 90% of its REIT taxable income, without regard to the deduction for dividends paid and excluding net capital gains, and that it pay tax at regular corporate rates on any taxable income that it does not distribute. We generally intend over time to pay dividends in an amount equal to our taxable income. You should read the following discussion and the information set forth in the table and footnotes below together with “Management's Discussion and Analysis of Financial Condition and Results of Operations” and the financial statements and related notes, which are incorporated herein by reference with respect to the Company and included elsewhere in this prospectus with respect to the Operating Partnership.

Any distributions we make will be at the discretion of our Board, and we cannot assure you that our distributions will be made or sustained. The timing and frequency of distributions will be authorized by our Board and declared by us based upon a number of factors, including:

- our funds from operations;
- our debt service requirements;
- our capital expenditure requirements for our properties;
- our taxable income, combined with the annual distribution requirements necessary to maintain REIT qualification;
- requirements of Maryland law;
- our overall financial condition; and
- other factors deemed relevant by our Board.

We declared the following distributions to our Class A and Class B shareholders and holders of OP units with respect to the periods indicated:

Distributions paid with respect to Class A common shares and, since September 2010, with respect to the Class A <sup>(1)</sup> and Class B common shares. Distributions have been adjusted to reflect the 1-for-3 reverse split of our Class A common shares and OP units in August 2010.

Our distribution rate for the year ended December 31, 2010 was approximately 88% of our funds from operations per share. We typically declare our distributions quarterly and pay our distributions in three equal monthly installments. For the fourth quarter of 2011, we declared a distribution per common share and OP unit of \$0.2850, which was paid as follows: \$0.095 on October 7, 2011, \$0.095 on November 8, 2011 and \$0.095 on December 8, 2011.

We cannot assure you that our distributions will be made or sustained. Our actual results of operations may differ materially from our current expectations or past performance. Our actual results of operations will be affected by a number of factors, including, but not limited to, the revenue we receive from our properties, our operating expenses, our ability to attract and retain tenants, interest expense, the ability of our tenants to meet their obligations and unanticipated expenditures. There can be no assurance that we will be able to pay or maintain cash distributions or that distributions will increase over time.

We believe that Funds From Operations, or FFO, is an appropriate supplemental measure of operating performance because it helps our investors compare our operating performance relative to other REITs. The National Association of Real Estate Investment Trusts, or NAREIT, defines FFO as net income (loss) available to common shareholders computed in accordance with generally accepted accounting principles, or GAAP, excluding gains or losses from sales of operating properties and extraordinary items, plus depreciation and amortization of real estate assets, including our share of unconsolidated partnerships and joint ventures. We calculate FFO in a manner consistent with the NAREIT definition. Below is the calculation of FFO and the reconciliation to net income which we believe is the most comparable GAAP financial measure (in thousands):

We believe that FFO is an appropriate supplemental measure of operating performance because it helps compare our operating performance relative to other REITs. NAREIT defines FFO as net income (loss) available to common shareholders computed in accordance with GAAP, excluding gains or losses from sales of operating properties and extraordinary items, plus depreciation and amortization of real estate assets, including our share of unconsolidated partnerships and joint ventures. We calculate FFO in a manner consistent with the NAREIT definition. Below is the calculation of FFO and the reconciliation to net income, which we believe is the most comparable GAAP financial measure (in thousands):

THE EXCHANGE OFFER

Purpose of the Exchange Offer

The purpose of the exchange offer is to exchange Class A common shares and OP units, neither of which are listed on a national securities exchange, on a one-for-one basis for Class B common shares, which are listed on the NYSE Amex, thereby providing liquidity to holders of Class A common shares and OP units.

Terms of the Exchange Offer

We are offering, upon the terms and subject to the conditions described in this prospectus and the accompanying letters of transmittal, to exchange Class B common shares for (i) up to 867,789 Class A common shares of the Company and (ii) up to 453,642 OP units of the Operating Partnership. Holders who validly tender and do not validly withdraw their tendered Class A common shares and OP units prior to 5:00 p.m., New York City time, on the expiration date will receive, for each Class A common share or each OP unit, one Class B common share.

Holdings may tender fewer than all of the Class A common shares and/or OP units held by them, provided that they appropriately indicate this fact on the letter of transmittal tendering the Class A common shares or OP units. For purposes of the exchange offer, we will be deemed to have accepted validly tendered Class A common shares and OP units when, as and if we have given oral or written notice of our acceptance of the tendered shares or units to the exchange agent. The exchange agent will act as agent for the tendering holders of Class A common shares and OP units. If you are the record owner of your Class A common shares or OP units and you tender such interests directly to the exchange agent, you will not be obligated to pay any charges or expenses of the exchange agent or any brokerage commissions.

Generally, the Class B common shares that you receive in the exchange offer will be freely tradable, subject to certain restrictions related to us maintaining our REIT status, unless you are considered an affiliate of ours, as that term is defined under the Securities Act, or you hold Class A common shares or OP units that were previously held by one of our affiliates.

As of November 18, 2011, 2,603,294 Class A common shares and 1,360,927 OP units, not held by the Company, were outstanding. You do not have any appraisal or dissenters' rights under the Company's declaration of trust or the partnership agreement of the Operating Partnership in connection with the exchange offer. We intend to conduct the exchange offer in accordance with the provisions of the applicable requirements of the Securities Act, the Exchange Act and the rules and regulations of the SEC.

None of the Board of the Company, acting as the Board or as the general partner of the Operating Partnership, or the exchange agent has made a recommendation to any holder of Class A common shares or OP units, and each is remaining neutral as to whether you should tender your Class A common shares and/or OP units in the exchange offer. You must make your own investment decision with regards to the exchange offer based upon your own assessment of the market value of the Class B common shares you will receive, your liquidity needs and your investment objectives.

Expiration Date; Extensions; Amendments

The expiration date of the exchange offer will be January 11, 2012 at 5:00 p.m., New York City time, unless we, in our sole and absolute discretion, extend the exchange offer, in which case the expiration date shall be the latest date and time to which the exchange offer is extended.

We expressly reserve the right in our sole and absolute discretion at any time and from time to time, to extend the period of time during which the exchange offer is open, and thereby delay acceptance for exchange of any Class A common shares or OP units, by giving oral or written notice of such extension to the exchange agent.

This prospectus, the letters of transmittal and other relevant materials are being mailed to record holders of Class A common shares and OP units. If we make a material change in the terms of the exchange offer or the information concerning the exchange offer, or if we waive a material condition of the exchange offer, we will extend the exchange offer for a period of five to ten business days consistent with Rule 13e-4 under the Exchange Act. For purposes of the exchange offer, a “business day” means any day other than a Saturday, Sunday or federal holiday, and consists of the time period from 12:01 a.m. through 12:00 midnight, New York City time.

Table of Contents

We also expressly reserve the right (1) to delay acceptance for exchange of any Class A common shares or OP units tendered pursuant to the exchange offer, regardless of whether any such Class A common shares or OP units were previously accepted for exchange, and (2) at any time, or from time to time, to amend the exchange offer in any manner which would not adversely affect the holders of Class A common shares or OP units. Our reservation of the right to delay exchange of Class A common shares or OP units that we have accepted for payment is limited by Rule 13e-4 under the Exchange Act, which requires that a bidder must pay the consideration offered or return the securities deposited by or on behalf of security holders promptly after the termination or withdrawal of any offer. Any extension, delay in payment, or amendment will be followed as promptly as practicable by press release or public announcement thereof, such announcement in the case of an extension to be issued no later than 9:30 a.m., New York City time, on the next business day after the previously scheduled expiration date. Without limiting the manner in which we may choose to make any public announcement, we will have no obligation to publish, advertise or otherwise communicate any such public announcement, other than by issuing a release to the Dow Jones News Service.

Proration; Odd-Lots

If more than 867,789 Class A common shares are tendered, then we will accept such tendered Class A common shares on a pro rata basis in proportion to the number of Class A common shares tendered, except for tenders of odd-lots as described below. If more than 453,642 OP units are tendered, then we will accept such tendered OP units on a pro rata basis in proportion to the number of OP units tendered. We refer to this as “proration.” Proration will occur separately with respect to Class A common shares and OP units and will be based on any oversubscription of either Class A common shares or OP units. Therefore, for example, tenders of Class A common shares may be subject to proration due to an oversubscription, while tenders of OP units may be accepted in full. Proration for each tendering holder will be based on the number of Class A common shares or OP units tendered by that holder in the exchange offer, after adjustment for tenders of odd-lots, and not on such holder's aggregate ownership of Class A common shares or OP units. Any shares or units not accepted for exchange as a result of proration will be credited to the tendering holder's account in book-entry form promptly following the expiration or termination of the exchange offer, as applicable. Once we have determined the number of Class A common shares and OP units validly tendered for exchange, we will announce the final results, including the final proration factor, if any, promptly after the determination is made.

Except as otherwise provided in this section, holders of “odd-lots” (less than 100 Class A common shares and/or less than 100 OP units) who validly tender all of their shares and/or units will not be subject to proration if they so request. If, however, you hold less than 100 Class A common shares and/or less than 100 OP units, but do not tender all of your shares or units, you will be subject to proration to the same extent as holders of more than 100 shares or units (and holders of odd-lots that do not request preferential treatment) if the exchange offer is oversubscribed with respect to either Class A common shares or OP units. Holders of 100 or more Class A common shares are not eligible for this preference with respect to such Class A common shares and will be subject to proration. Likewise, holders of 100 or more OP units are not eligible for this preference with respect to such OP units and will be subject to proration. If you own more than 100 Class A common shares or OP units, but own less than 100 OP units or Class A common shares, respectively, you may request to not be subject to proration with respect to either Class A common shares or OP units, whichever you own less than 100 shares or units. Similarly, if you own less than 100 Class A common shares and less than 100 OP units, you may request to not be subject to proration with respect to both your Class A common shares and OP units.

In order to request preferential treatment, you should check the box entitled “Odd-Lot” on the letter of transmittal. If you do not check the relevant box on the letter of transmittal, we may, in our sole discretion, determine not to subject your shares and/or units to proration if we are otherwise able to confirm that you own an odd-lot and have tendered all of those shares and/or units, but we are under no obligation to do so.

#### Termination of the Exchange Offer

We reserve the right to terminate the exchange offer at any time prior to the completion of the exchange offer if any of the conditions under “Conditions of the Exchange Offer” have not been satisfied, in our sole and absolute discretion, and not accept any Class A common shares or OP units for exchange.

Table of Contents

Conditions of the Exchange Offer

This exchange offer is not conditioned on any minimum principal number of Class A common shares or OP units being tendered. Notwithstanding any other provision of the exchange offer, and without prejudice to our other rights, we will not be required to accept for exchange or, subject to any applicable rules of the SEC, exchange any Class B common shares for the Class A common shares or OP units, and we may terminate, extend or amend the exchange offer, if, at the expiration date, any of the following conditions have not been satisfied or, to the extent permitted, waived.

Registration Statement Effectiveness

Consummation of the exchange offer is conditioned upon the registration statement on Form S-4, of which this prospectus is a part, being declared effective by the SEC under the Securities Act and not being subject to any stop order suspending its effectiveness or any proceedings seeking a stop order. We will not waive this condition.

Other Conditions of the Exchange Offer

The exchange offer is also subject to the conditions that, at the time of the expiration date of the exchange offer, none of the following shall have occurred and be continuing which, regardless of the circumstances, makes it impossible or inadvisable to proceed with the exchange offer:

there shall have been instituted, threatened or be pending any action or proceeding before or by any court, governmental, regulatory or administrative agency or instrumentality, or by any other person, in connection with the exchange offer, that is, or is reasonably likely to be, in our reasonable judgment, materially adverse to our business, operations, properties, condition, assets, liabilities or prospects, or which would or might, in our reasonable judgment, prohibit, prevent, restrict or delay consummation of the exchange offer or materially impair the contemplated benefits to us of the exchange offer;

an order, statute, rule, regulation, executive order, stay, decree, judgment or injunction shall have been proposed, enacted, entered, issued, promulgated, enforced or deemed applicable by any court or governmental, regulatory or administrative agency or instrumentality that, in our reasonable judgment, would or would be reasonably likely to prohibit, prevent, restrict or delay consummation of the exchange offer or materially impair the contemplated benefits to us of the exchange offer, or that is, or is reasonably likely to be, materially adverse to our business, operations, properties, condition, assets, liabilities or prospects;

there shall have occurred or be reasonably likely to occur any material adverse change to our business, operations, properties, condition, assets, liabilities, prospects or financial affairs; or

there shall have occurred:

any general suspension of, or limitation on prices for, trading in U.S. securities or financial markets;

- a declaration of a banking moratorium or any suspension of payments in respect to banks in the United States;

any limitation (whether or not mandatory) by any government or governmental, regulatory or administrative authority, agency or instrumentality, domestic or foreign, or other event that, in our reasonable judgment, would or would be reasonably likely to affect the extension of credit by banks or other lending institutions;

any condition or event, or we reasonably expect such condition or event, which we reasonably believe would or would be likely to cause the exchange offer to be taxable to the Company, or the Operating Partnership, or their respective shareholders or partners, except as set forth herein; or

a commencement or significant worsening of a war or armed hostilities or other national or international calamity, including, but not limited to, catastrophic terrorist attacks against the United States or its citizens.

The foregoing conditions are solely for our benefit and we may assert one or more of the conditions regardless of the circumstances giving rise to any such conditions. Except for the registration statement effectiveness condition, we may also, in our sole and absolute discretion, waive these conditions in whole or in part. If any such waiver constitutes a material change to the exchange offer, we will promptly disclose the waiver by means of a prospectus supplement to holders of Class A common shares and OP units, and we will extend the exchange offer for a period of five to ten business days, depending upon the significance of the waiver, if the exchange offer would otherwise expire during the five to ten business day period.

Consequences of Failure to Tender

Holders who do not exchange their Class A common shares or OP units will continue to have the same rights as they are entitled to today under the declaration of trust of the Company or the partnership agreement of the Operating Partnership, respectively.

If you do not exchange your Class A common shares or OP units for Class B common shares, you will continue to be subject to restrictions on transfer applicable to the Class A common shares and OP units. In general, the Class A common shares and OP units may not be offered or sold, unless registered under the Securities Act, except pursuant to an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws. We do not currently plan to register the resale of either the Class A common shares or OP units under the Securities Act, and we do not plan to list either the Class A common shares or the OP units on a national securities exchange.

Procedures for Tendering

The tender of Class A common shares or OP units described below and the acceptance of tendered shares or units by us will constitute a binding agreement between the tendering holder and the Company and/or the Operating Partnership upon the terms and conditions described in this prospectus and in the accompanying letter of transmittal. All Class A common shares or OP units not exchanged for Class B common shares in response to the exchange offer will be returned to the account of the tendering holders promptly after the termination or withdrawal of the exchange offer.

The method of delivery of letters of transmittal and all other required documents is at the election and risk of the holder. If delivery is by mail, it is recommended that registered mail, properly insured, with return receipt requested, be used. Instead of delivery by mail, it is recommended that the holder use an overnight or hand delivery service. In all cases, sufficient time should be allowed to ensure timely delivery.

Each signature on a letter of transmittal or a notice of withdrawal, as the case may be, must be guaranteed, unless the share or units surrendered for exchange with that letter of transmittal are tendered (1) by a registered holder who has not completed the box entitled "Special Issuance Instructions" in the letter of transmittal, or (2) for the account of a financial institution (including most commercial banks, savings and loan associations and brokerage houses) that is a participant in the Security Transfer Agent Medallion Program, the New York Stock Exchange Medallion Signature Guarantee Program or the Stock Exchange Medallion Program, each known as an eligible institution. In the event that a signature on a letter of transmittal or a notice of withdrawal, as the case may be, is required to be guaranteed, the guarantee must be by an eligible institution. If the letter of transmittal is signed by a person other than the registered holder of the shares or units, the shares or units surrendered for exchange must be accompanied by a stock power, in satisfactory form as determined by us in our sole discretion, duly executed by the registered holder, with the signature guaranteed by an eligible institution. The term "registered holder" as used in this paragraph with respect to the shares or units means any person in whose name the shares or units are registered on the books of the registrar for the Company and the Operating Partnership.

All questions as to the validity, form, eligibility (including time of receipt), acceptance and withdrawal of shares or units tendered for exchange will be determined by us in our sole discretion. We and the exchange agent reserve the absolute right to reject any and all shares or units not properly tendered and to reject any share or units the acceptance of which might, in our judgment or in the judgment of the exchange agent or their counsel, be unlawful. We and the exchange agent also reserve the absolute right to waive any defects or irregularities or conditions of the exchange offer (except for the registration statement effectiveness condition) as to particular shares or units either before or after the expiration date (including the right to waive the ineligibility of any holder who seeks to tender in the exchange offer).

## Edgar Filing: Whitestone REIT - Form 424B3

Unless waived, any defects or irregularities in connection with tenders for exchange must be cured within the period of time we determine. We and the exchange agent will use reasonable efforts to give notification of defects or irregularities with respect to tenders for exchange but will not incur any liability for failure to give the notification. We will not deem shares or units tendered until any such irregularities have been cured or waived.

If any letter of transmittal or any other document required by the letter of transmittal is signed by a trustee, executor, corporation or other person acting in a fiduciary or representative capacity, the signatory should so indicate when signing, and, unless waived by us, submit proper evidence of the person's authority to so act, which evidence must be satisfactory to us in our sole discretion.

## Table of Contents

### Acceptance of Class A Common Shares and OP Units for Exchange; Delivery of Class B Common Shares

Upon satisfaction or waiver of all of the conditions to the exchange offer, and assuming we have not previously elected to terminate the exchange offer, we will accept (i) up to 867,789 Class A common shares and (ii) up to 453,642 OP units that are properly tendered and not validly withdrawn prior to 5:00 p.m., New York City time, on the expiration date. We will deliver (or cause to be delivered) the Class B common shares promptly after acceptance of the tendered Class A common shares or OP units. For purposes of the exchange offer, we will be deemed to have accepted validly tendered Class A common shares and OP units, when, as, and if we have given oral or written notice of our acceptance of the tendered shares or units to the exchange agent.

In all cases, the issuance of Class B common shares for Class A common shares and OP units that are accepted for exchange pursuant to the exchange offer will be made only after timely receipt by the exchange agent of the properly completed and duly executed letters of transmittal and all other required documents. We reserve the absolute right to waive any or all defects or irregularities in the tender or conditions of the exchange offer (other than the registration statement effectiveness condition). If any tendered shares or units are not accepted for any reason, those unaccepted shares or units will be returned without expense to the account of the tendering holder thereof promptly after the termination or withdrawal of the exchange offer.

### Withdrawal Rights

Tenders of Class A common shares or OP units may be withdrawn by delivery of a written notice to the exchange agent, at its address listed on the back cover page of this prospectus, at any time prior to 5:00 p.m., New York City time, on the expiration date. Any notice of withdrawal must (1) specify the name of the person having tendered the shares or units to be withdrawn, (2) identify the shares or units to be withdrawn, and (3) be signed by the holder in the same manner as the original signature on the letter of transmittal by which the shares or units were tendered and must be notarized or guaranteed by an eligible institution if the signature on the letter of transmittal was guaranteed. Any questions as to the validity, form and eligibility (including time of receipt) of notices of withdrawal will be determined by us, in our sole and absolute discretion. The shares or units so withdrawn will be deemed not to have been validly tendered for exchange for purposes of the exchange offer. Any shares or units which have been tendered for exchange but which are withdrawn will be returned to the account of the holder without cost to the holder promptly after withdrawal. Properly withdrawn shares or units may be re-tendered by following one of the procedures described under “Procedures for Tendering” at any time on or prior to the expiration date.

### The Exchange Agent

American Stock Transfer and Trust Company, LLC is the exchange agent. All tendered Class A common shares and OP units, executed letters of transmittal and other related documents should be directed to the exchange agent at its address and telephone numbers listed on the back cover of this prospectus. We will pay the exchange agent reasonable and customary compensation for its services in connection with the exchange offer, reimburse it for its reasonable out-of-pocket expenses and indemnify it against certain liabilities and expenses in connection with the exchange offer, including liabilities under federal securities laws.

### Fees and Expenses

We will bear the expenses of soliciting tenders. We have not retained any dealer manager in connection with the exchange offer and will not make any payments to brokers, dealers or others soliciting acceptances of the exchange offer. Additionally, we will pay the exchange agent reasonable and customary fees for its services and will reimburse it for its reasonable out-of-pocket expenses.

We will pay the cash expenses incurred in connection with the exchange offer. These expenses include registration fees, fees and expenses of the exchange agent, accounting and legal fees and printing costs, among others.

#### Accounting Treatment

The Class A common shares acquired by the Company in the exchange offer will be retired and cancelled. The value of the Class A shares received by the Company will be deemed equal to the value of the Class B common shares issued by the Company; therefore no gain or loss will be recognized in the Company's consolidated net income or comprehensive income.

Table of Contents

The OP units acquired by the Company will be recorded as an acquisition of ownership interest in the Operating Partnership by the Company, resulting in an increase in the general partner capital balance and a decrease in the limited partner capital balance. The Company has a controlling interest in the Operating Partnership both before and after the completion of the exchange; therefore the exchange will be accounted for as an equity transaction, with no gain or loss recognized in the Company's consolidated net income or comprehensive income. The carrying amount of the noncontrolling interest will be adjusted to reflect the change in the ownership interest in the subsidiary. Any difference between the fair value of the Class B common shares paid and the amount by which the noncontrolling interest is adjusted will be recognized in equity attributable to the Company.

Appraisal Rights

There are no dissenter's rights or appraisal rights with respect to the exchange offer.

Regulatory Approvals

We may not complete the exchange offer until the registration statement, of which this prospectus is a part, is declared effective by the SEC. We are not aware of any other material regulatory approvals necessary to complete the exchange offer.

BUSINESS AND PROPERTIES

Our Company

We are a fully integrated real estate company that owns and operates commercial properties in culturally diverse markets in major metropolitan areas. Founded in 1998, we are internally managed with a portfolio of commercial properties in Texas, Arizona and Illinois.

In October 2006, our current management team joined the company and adopted a strategic plan to acquire, redevelop, own and operate “Community Centered Properties.” We define Community Centered Properties as visibly located properties in established or developing culturally diverse neighborhoods in our target markets. We market, lease, and manage our centers to match tenants with the shared needs of the surrounding neighborhood. Those needs may include specialty retail, grocery, restaurants, medical, educational and financial services. Our goal is for each property to become a Whitestone-branded business center or retail community that serves a neighboring five-mile radius around our property. We employ and develop a diverse group of seasoned professionals who understand the needs of our multicultural communities and tenants.

Our current portfolio is concentrated in Houston, with additional properties in the Phoenix, Chicago, Dallas and San Antonio metropolitan areas. We believe the management infrastructure and capacity we have built can accommodate substantial growth in those markets. We also believe that those cities have expanding multi-cultural neighborhoods, providing us with excellent opportunities to execute our strategic plan in those markets.

We believe that over the next few years we will have opportunities to acquire quality properties at historically attractive prices. Many of these properties will be distressed due to over-leverage, mismanagement or the lack of liquidity in the financial markets. We have extensive relationships with community banks, attorneys, title companies and others in the real estate industry which we believe will enable us to take advantage of these market opportunities and maintain an active acquisition pipeline.

Our Strengths

We believe a number of factors differentiate us from other commercial real estate owners in our markets, including:

• **Strong Occupancy Upside in Current Portfolio.** As of September 30, 2011, 18 of our 41 properties had significant upside potential in occupancy with occupancy rates lower than 90%. We believe that through our:

• **Community Centered Property operating model,**

• **focus on the fastest growing ethnic groups in our defined markets,**

- **proactive marketing and leasing efforts,**  
**and**

• **proven management team,**

we will be able to increase occupancy in these properties to our individual property occupancy goals of 90% or higher. This occupancy upside potential provides the opportunity to increase property net operating income and funds from

operations through leasing of vacant spaces at these properties. At our current average base rent of approximately \$10 per square foot and a total of approximately 3.4 million leasable square feet, each increase of 1% in occupancy will contribute approximately \$340,000 to our annual funds from operations.

Community Centered Property Investment Focus. We seek to invest in properties that are or can become Community Centered Properties from which our tenants deliver needed services to the surrounding community. We focus on niche properties with smaller rental spaces that present opportunities for attractive returns. We target properties that: (1) typically require relatively low capital investment, are management and leasing intensive and do not draw the interest of larger national real estate companies; (2) can be redeveloped at a low cost utilizing our internal management capabilities; and/or (3) can be Whitestone-branded and re-tenanted, resulting in lower tenant turnover and higher occupancy and rental rates, together with corresponding increases in tenant reimbursement of operating expenses.

## Table of Contents

**Multi-Cultural Community Focus.** Our multi-cultural community focus sets us apart from traditional commercial real estate operators. We value diversity in our team and maintain in-house leasing, property management, marketing, construction and maintenance departments with culturally diverse and multi-lingual associates who understand the particular needs of our tenants and neighborhoods.

**Proactive Marketing and Leasing.** Our proactive marketing and leasing programs are designed to utilize market research to determine the common and distinctive characteristics and needs of the neighborhood and attract tenants who meet those needs. Our in-depth local knowledge in each of our major markets and in-house research capabilities allow us to quickly access and analyze neighborhood demographics and cultural nuances, market rental trends and valuation metrics. Our streamlined and efficient leasing process allows us to attract tenants and to lease spaces quickly. We typically market and lease our properties to smaller tenants who rent on average less than 3,000 square feet. As of September 30, 2011, our average rent per square foot for our smaller tenants represented a 57% premium over rent paid by our larger tenants, or those tenants leasing more than 3,000 square feet.

**Extensive Pipeline of Acquisition Opportunities Generated through Relationships and Reputation.** Our extensive pipeline of potential acquisitions has been developed over the last several years through our reputation in the markets in which we operate and our relationships with property owners, community banks, attorneys, title companies, and others in the real estate industry. The size of our pipeline of potential properties will allow us to be selective and close quickly on properties as single-asset or multi-asset purchases from various sellers.

**Proven Real Estate and Repositioning Track Record.** Our nine-person senior management team, composed of James C. Mastandrea, John J. Dee, David K. Holeman, Daniel Nixon, Valarie King, Bradford Johnson, Gregory Belsheim, Charles M. Taylor and Anne Gregory, has more than 150 years of collective experience acquiring, developing, redeveloping, owning, managing and operating commercial real estate properties, portfolios and companies. Messrs. Mastandrea, Dee and Nixon each has over 30 years of experience and Mesdames King, Gregory and Messrs. Holeman, Johnson, Taylor and Belsheim each has 17, 3, 5, 29, 14 and 8 years of experience, respectively. Our senior management team has extensive national real estate contacts and investment expertise in our target markets. In particular, our management team has significant expertise in repositioning properties with complex problems. Our team executes a coordinated strategy, utilizing our corporate branding, philosophy and culture, operational systems and experience to renovate and re-tenant properties, with an intention to increase their net operating income and value.

### Our Growth Strategy

Our primary business objective is to increase shareholder value by acquiring, owning and operating Community Centered Properties. The key elements of our strategy include:

#### Strategically Acquiring Properties.

**Seeking High Growth Markets.** We seek to strategically acquire commercial properties in high-growth markets. Our acquisition targets are located in densely populated, culturally diverse neighborhoods, primarily in and around Phoenix, Chicago, Dallas, San Antonio and Houston, five of the top 20 markets in the United States in terms of population growth.

**Diversifying Geographically.** Our current portfolio is concentrated in Houston. We believe that continued geographic diversification in markets where we have substantial knowledge and experience will help offset the economic risk from a single market concentration. We intend to continue to focus our expansion efforts on the Phoenix, Chicago, Dallas and San Antonio markets. We believe our management infrastructure and capacity can accommodate

substantial growth in those markets. We may also pursue opportunities in other Southwestern and Western regions that are consistent with our Community Centered Property strategy.

**Capitalizing on Availability of Distressed Assets.** We believe that during the next few years there will be excellent opportunities in our target markets to acquire quality properties at historically attractive prices. We intend to acquire distressed assets directly from owners or financial institutions holding foreclosed real estate and debt instruments that are either in default or on bank watch lists. Many of these assets may benefit from our corporate strategy and our management team's experience in repositioning distressed properties, portfolios and companies. We have extensive relationships with community banks, attorneys, title companies, and others in the real estate industry with whom we regularly work to identify properties for potential acquisition.

## Table of Contents

**Maximizing Value by Redeveloping and Re-tenanting Existing Properties.** We reposition properties and seek to add value through renovating and re-tenanting our properties to create Whitestone-branded Community Centered Properties. We seek to accomplish this by (1) stabilizing occupancy, with per property occupancy goals of 90% or higher; (2) adding leasable square footage to existing structures; (3) developing and building on excess land; (4) upgrading and renovating existing structures; and (5) investing significant effort in recruiting tenants whose goods and services meet the needs of the surrounding neighborhood.

**Recycling Capital for Greater Returns.** We seek to continually upgrade our portfolio by opportunistically selling properties that do not have the potential to meet our Community Centered Property strategy and redeploying the sale proceeds into properties that better fit our strategy. Some of our properties which were acquired prior to the tenure of our current management team may not fit our Community Centered Property strategy, and we may look for opportunities to dispose of these properties as we continue to execute our strategy.

**Orienting Our Capital Structure for Growth.** We do not have any mortgage debt maturities until October 2013, and we currently have 17 properties that are not mortgaged. We may seek to add mortgage indebtedness to existing and newly acquired unencumbered properties to provide additional capital for acquisitions. As a general policy, we intend to maintain a ratio of total indebtedness to undepreciated book value of real estate assets that is less than 60%. As of September 30, 2011, our ratio of total mortgage indebtedness to undepreciated book value of real estate assets was 42%. Including our cash and investment balances and available amounts under our revolving credit facility, we have approximately \$57 million available for investment in properties.

**Investing in People.** We believe that our people are the heart of our culture, philosophy and strategy. We continually focus on developing associates who are self-disciplined, motivated and display at all times a high degree of character and competence. We provide them with equity incentives to align their interests with those of our shareholders. We also focus on their training and development. Our annual in-house Real Estate Executive Development, or REED, program is designed to provide us with knowledgeable and well-trained associates to meet our strategic goals and provide continuity in our leadership and management. The 12-month REED program promotes in-depth understanding of all aspects of investing in, owning and operating commercial real estate by providing select associates with detailed training from real estate professionals from both within and outside Whitestone.

## Our Acquisition Process

### Commercial Real Estate

We intend to continue acquiring properties that meet or can be repositioned to meet our criteria for Community Centered Properties in our target markets of Phoenix, Chicago, Dallas and San Antonio. We believe that declining commercial real estate prices resulting from banks and other financial institutions and conduit lenders disposing of large numbers of commercial properties acquired between 2005 and 2009, combined with a shortage of affordable mortgage financing forcing distressed property owners to sell, will provide us with excellent opportunities in these markets to acquire quality properties. Once we acquire a property, we seek to reposition the property and add value through renovating and re-tenanting in order to create a Whitestone-branded Community Centered Property. We seek to accomplish this by (1) stabilizing occupancy, with per property occupancy goals of 90% or higher; (2) adding leasable square footage to existing structures; (3) developing and building on excess land; (4) upgrading and renovating existing structures; and (5) investing significant effort in recruiting tenants whose goods and services meet the needs of the surrounding neighborhood.

We believe that over the next few years we will have opportunities to acquire quality properties at historically low prices. Many of these properties will be distressed due to over-leverage, mismanagement or the lack of liquidity in the financial markets. We have extensive relationships with community banks, attorneys, title companies and others in the

real estate industry which we believe will enable us to take advantage of these market opportunities and maintain an active acquisition pipeline.

We target properties from 25,000 to 200,000 square feet in established or developing neighborhoods, generally resulting in acquisitions priced between \$3 million and \$30 million. In our experience, large institutional investors generally do not compete to purchase properties having values under \$30 million, thus limiting competition that would typically inflate the values of acquisition properties. We are not specifically limited by our governance documents, our management policies or the governance documents of our Operating Partnership in the number or size of properties we may acquire or the percentage of our assets that we may invest in a single property. The number and mix of properties we acquire will depend on real estate and market conditions existing at the time we acquire properties and the availability of debt and equity capital.

## Table of Contents

We have developed extensive research capabilities and utilize proprietary asset management and modeling tools that we believe help us to identify favorable property acquisitions, forecast growth and make estimates, at the time of the acquisition of a property, relating to disposition timing and sales price to maximize our return on investment. Using these tools in concert with our overall strategies, including individual market monitoring and ongoing analysis of macro- and micro-regional economic cycles, we expect to be better able to identify favorable acquisition targets. We believe our experience and investment discipline will enable us to maximize current returns and distributions to investors and maintain higher relative portfolio property values.

### Commercial Mortgage Loans

We believe a significant opportunity currently exists to acquire distressed loans on quality commercial real estate at historically attractive prices with the intent to acquire the underlying property through foreclosure or deed in lieu of foreclosure within a short period of time. The global liquidity crisis has led to a repricing of risk, more dramatic and severe than other recent periods of distress. The market is demanding the continued de-leveraging of balance sheets of financial institutions in the face of rising loan maturities. We believe that unlike the Resolution Trust Corporation crisis of 1990 to 1992, distress today is affecting much higher quality assets where opportunities are created by excessive leverage and distressed sellers. Given the low interest rate environment, we believe many of these assets cover debt service, but the likelihood that they can be refinanced at maturity is in doubt. In light of this, we anticipate attractive investment opportunities in acquiring performing and non-performing loans from banks, investment banks or any other forced sellers due to margin calls, redemptions, capital adequacy concerns or capital requirements during the next year or two. We believe that our market knowledge, real estate expertise, geographic coverage and ability to complete transactions quickly will enable us to succeed in these acquisitions. When we purchase debt, we intend to underwrite the underlying real estate in the same manner and method as we use to underwrite direct real estate acquisitions with a view toward ultimately acquiring the real estate securing the purchased debt.

### Our Disposition Strategy

We seek to continually upgrade our asset base by opportunistically selling properties that do not have the potential to meet our Community Centered Property strategy and redeploying the sale proceeds into properties that fit our strategy. Some of our properties were acquired prior to the tenure of our current management team and may not fit our Community Centered Property strategy, and we will look for opportunities to dispose of these properties as we continue to execute our strategy. A property may be sold before the end of the expected holding period if, in our judgment, the value of the property has reached its peak or may decline substantially or an opportunity has arisen to acquire other properties. We generally intend to hold our investments long-term; however, economic or market conditions may influence us to hold our investments for shorter periods of time.

The determination of whether a particular property should be sold or otherwise disposed of will be made after consideration of relevant factors, including prevailing economic conditions, with a view to achieving maximum capital appreciation. We cannot assure you that this objective will be realized. The selling price of a leased property will be determined in large part by the amount of net operating income of the property.

### Development and Construction of Properties

We do not currently intend to engage in the acquisition of raw land for development or the acquisition of existing improved property for “tear-downs” and rebuilding. However, we intend to engage in selective redevelopment of existing improved properties where such redevelopment will reposition the property and/or increase its earning capacity and long-term returns on invested capital. We reposition properties and add value through renovating and re-tenanting to create Whitestone-branded Community Centered Properties. We seek to accomplish this by (1) stabilizing occupancy, with per property occupancy goals of 90% or higher; (2) adding leasable square footage to

existing structures; (3) developing and building on excess land; (4) upgrading and renovating existing structures; and (5) investing significant effort in recruiting tenants whose goods and services meet the needs of the surrounding neighborhood.

#### Property Management, Leasing and Marketing

We manage and lease what we own and retain the decision making authority and strategic planning responsibility for our properties. Our management team directly oversees our property portfolio and seeks to increase our operating cash flow through aggressive oversight of our leasing, property management and asset management functions. Our property management functions include the oversight of all day-to-day operations of our properties as well as the coordination and oversight of tenant improvements and building services. Property managers are required to communicate either in-person or via telephone with each tenant twice per quarter and more frequently for larger tenants on a property and for tenants close to a renewal period or at risk of default.

Table of Contents

Our current management team has implemented a number of operating strategies and reporting systems, which have been developed over their careers. Once we acquire a property we seek to aggressively manage the property in accordance with a strategic plan developed during pre-acquisition due diligence. Depending on the property, the strategic plan may seek to add value either through active property leasing efforts, investment in targeted capital improvement projects or the repositioning or redevelopment of certain properties. We intend to increase cash flows through cost efficient property operations and leasing strategies designed to capture market rental growth from the renewal of below-market leases at higher rates and/or recruitment of quality new tenants. We believe we have maintained both rigorous lessee underwriting and strong tenant relationships.

In implementing our Community Centered Property strategy, we strive to market, lease, and manage our centers to match tenants with the shared needs of the surrounding neighborhood. Those needs may include specialty retail, grocery, restaurants, medical, educational and financial services. Our goal is for each property to become a Whitestone-branded Community Centered Property that serves a neighboring five-mile radius around our property. We employ and develop a diverse group of seasoned professionals who understand the needs of our multicultural communities and tenants.

Marketing is an integral part of our leasing strategy. We deploy a multi-prong marketing effort as it focuses on mailings including post cards, e-mail distributions and door-to-door marketing for potential tenants in neighboring buildings. In addition, we outsource certain marketing functions for further penetration of the potential tenant market. We hold training seminars for our marketing employees and leasing agents specifically oriented towards the marketing process and other leasing principals.

We utilize large, conspicuous signage to advertise the availability of space at our vacant properties. We also actively communicate with tenant representatives in our markets in order to keep them continuously informed of our inventory of available space. We also utilize direct mail and telephone "cold calls" to find prospective tenants. Once a prospective tenant becomes interested in leasing from us, we provide our leasing agents with autonomy, within set parameters, to negotiate leases in order to fill vacant space. Leasing agents are allowed to use concessions to attract new tenants.

Our properties are marketed to smaller tenants, who rent on average less than 3,000 square feet. As of September 30, 2011, 603 of our 850 tenants were smaller tenants (representing approximately 71% of our tenant base), and we have tailored our management and leasing approach to deal with the unique needs of these types and size tenants. For example, we have implemented a streamlined lease approval process, and we allow our trained representatives to make independent leasing decisions. Many competing properties often face a substantially more bureaucratic approval process, which could potentially inhibit a property from being fully leased. Our ability to act quickly allows us to capture those tenants that are unable or unwilling to wait a substantial period of time for a lease to be approved. We are able to examine the credit of a potential tenant during the lease negotiation process and quickly finalize the terms of the lease. Smaller tenants generally pay us a premium per square foot to occupy smaller spaces. As of September 30, 2011, this premium averaged 57% over what larger tenants pay on an average per square foot in our current portfolio.

We carefully monitor our property expenses and manage how we incur and bill expenses to our tenants. Because a significant amount of our leases are triple net leases, which means that the tenant is responsible for paying the cost of all maintenance and minor repairs, property taxes and insurance relating to its leased space, most operating expenses, such as insurance, taxes and common area maintenance, are reimbursed to us by our tenants. We also use gross leases and full service leases, which vary from our triple net leases. A gross lease typically includes the base or first year's property operating expenses, taxes and insurance in the rent. Any increases in the property operating expenses, taxes or insurance over the base year are generally reimbursed by the tenant. The cost of common area maintenance is also reimbursed by the tenant, as are utilities and other premises-specific costs. In a full service lease, all expenses, with

the occasional exception of electricity and other utility costs, are included in the rent, Any increases in the expenses over the base year are generally reimbursed by the tenant. We have implemented collection and billing policies to assure we are collecting all expense reimbursements, and we plan our incurrence of such expenses so as to maximize recoverability in any given year, while minimizing the added cost to our tenants.

Leasing for our portfolio is generally performed internally and is a key component to our success. Members of our leasing team have developed strong relationships with the local tenant community in the respective markets. We aggressively seek to renegotiate and extend any existing leases that are below market at market rates. Although we maintain ongoing dialogue with our tenants, we will generally raise the issue of renewal 12 months prior to lease renewal often providing concessions for early renewal. We also aggressively pursue new tenants for any vacant space. As necessary, we will use third-party leasing agents in attracting tenants. Our use of third party brokerage firms is based on their demonstrated track record and knowledge of the sub-markets in which our properties are located.

## Terms of Leases and Tenant Creditworthiness

We typically lease our properties to a wide variety of tenants on a triple net basis. The terms and conditions of any lease that we enter into with our tenants may vary substantially from those we describe in this prospectus. Our leases range from terms of month-to-month to over 15 years with renewal options. However, we expect that a majority of our leases will be leases customarily used between landlords and tenants in the geographic area where the property is located and require the tenant to pay a pro rata share of building expenses, including real estate taxes and insurance. Under such typical leases, the landlord is directly responsible for all real estate taxes, sales and use taxes, special assessments, utilities, insurance and building repairs, and other building operation and management costs.

We execute new tenant leases and tenant lease renewals, expansions and extensions with terms that are dictated by the current sub-market conditions and the verifiable creditworthiness of each particular tenant. We use a number of industry credit rating services to determine the creditworthiness of potential tenants and any personal guarantor or corporate guarantor of each potential tenant. The reports produced by these services are compared to the relevant financial data collected from these parties before consummating a lease transaction. Relevant financial data from potential tenants and guarantors include income statements and balance sheets for the current year and for prior periods, net worth or cash flow statements of guarantors and other information we deem relevant. We have established leasing guidelines to use in evaluating prospective tenants and proposed lease terms and conditions.

## Our Properties

As of September 30, 2011, we owned 41 commercial properties, including

- 30 properties in Houston, Texas;
- 7 properties in Phoenix, Arizona;
- two properties in Dallas, Texas;
- one property in Windcrest, Texas, a suburb of San Antonio; and
- one property in Buffalo Grove, Illinois, a suburb of Chicago.

Our tenants consist of national, regional and local businesses. Our properties generally attract a mix of tenants who provide basic staples, convenience items and services tailored to the specific cultures, needs and preferences of the surrounding community. These types of tenants are the core of our strategy of creating Whitestone-branded Community Centered Properties. We also believe daily sales of these basic items are less sensitive to fluctuations in the business cycle than higher priced retail items. Our largest tenant represented 1.7% of annualized rental revenues for the nine months ended September 30, 2011.

We directly manage the operations and leasing of our properties. Substantially all of our revenues consist of base rents received under leases that generally have terms that range from less than one year to 15 years. The following table summarizes certain information relating to our properties as of September 30, 2011:

Calculated as the tenant's actual September 30, 2011 base rent (defined as cash base rents including abatements) multiplied by 12. Excludes vacant space as of September 30, 2011. Because annualized base rental revenue is not

- (1) derived from historical results that were accounted for in accordance with generally accepted accounting principles, historical results differ from the annualized amounts. Total abatements for leases in effect as of September 30, 2011 equaled approximately \$74,000 for the month ended September 30, 2011.
- (2) Calculated as annualized base rent divided by net rentable square feet leased as of September 30, 2011. Excludes vacant space as of September 30, 2011.
- Represents (i) the contractual base rent for leases in place as of September 30, 2011, calculated on a straight-line
- (3) basis to reflect changes in rental rates throughout the lease term and amortize free rent periods and abatements, but without regard to tenant improvement allowances and leasing commissions, divided by (ii) square footage under commenced leases of September 30, 2011.

## Lease Expirations

Our leases range from terms of less than one year to over 15 years with renewal options. As a result of the length of our average lease term, we have, on average, leases for approximately 10% to 20% of our gross leasable area expiring on an annual basis. The following table sets forth a summary schedule of the lease expirations for the leases in place as of September 30, 2011 over the next ten years. Unless otherwise provided, the information set forth in the table assumes that tenants exercise no renewal options or early termination rights.

## Significant Properties

Uptown Tower, Dallas, Texas. Uptown Tower accounted for 8.5% of our total undepreciated real estate assets as of September 30, 2011 and 11.7% of our total revenue for the nine months ended September 30, 2011. The Uptown Tower office property, which was built in 1982, consists of 253,981 rentable square feet located in the Uptown area of Dallas, Texas. We acquired the property in 2005. The average office space is approximately 2,800 square feet, and the typical tenants include professional services and non-profit organizations. As of September 30, 2011, the building was 84% leased to 76 tenants. Typical lease terms are generally gross lease where the tenant pays a monthly base rent and a reimbursement of operating expenses above its base year. These expense reimbursements include, but are not limited to, property taxes, insurance, security, utilities, landscaping and other common area maintenance items. Generally leased space has a term ranging from less than one year to over 15 years. The federal income tax basis for the Uptown Tower property is \$19,265,933 as of December 31, 2010.

No tenant occupied 10% or more of the property's rentable square footage as of September 30, 2011.

The following table sets forth the occupancy rate and average annual rent per leased rentable square foot for the Uptown Tower property at the end of the years ended December 31, 2006 through 2010 and the nine months ended September 30, 2011.

	Occupancy Rate	Average Annual Base Rent per Leased Square Foot <sup>(1)</sup>	Average Net Effective Annual Base Rent per Leased Square Foot <sup>(2)</sup>

space as of September 30, 2011.

- Represents (i) the contractual base rent for leases in place as of the dates indicated above, calculated on a straight line basis to reflect changes in rental rates throughout the lease term and amortize free rent periods and abatements, but without regard to tenant improvement allowances and leasing commissions divided by (ii) square footage under commenced leases as of the same date.

Depreciation on the Uptown Tower property is taken on a straight line basis over 6 to 39 years for book purposes, resulting in a depreciation rate of approximately 3% per year.

We hold fee simple title to this property, which is subject to a mortgage loan, collateralized by this property and two others. The loan, which has a principal balance, as of September 30, 2011, of approximately \$23.7 million, requires monthly interest-only payments for the first twelve months and has a 25 year amortization thereafter, bears interest at a fixed rate of 6.56% and matures on October 1, 2013. While prepayment of the loan is not restricted, prepayments are subject to a penalty provision. The outstanding balance at the time of maturity will be approximately \$22.8 million.

The property is held primarily for its income producing capabilities. Uptown Tower directly competes with other office buildings in the North Central Expressway corridor. There are no current plans for renovating this property. We believe the property to be adequately covered by insurance.

Real estate taxes for 2010 on the Uptown Tower property were \$365,000, and the current real property tax rate with respect to the property is 2.66% of the assessed value.

## Indebtedness

As a general policy, we limit our total indebtedness to 60% of the undepreciated book value of our real estate assets as of the date of any borrowing. The Board may, at any time, waive or change our borrowing policy. Moreover, the terms of certain mortgage loans and other credit facilities to which we may be a party may be more restrictive than our Board's policy. As of September 30, 2011, our total indebtedness was approximately 42% of the undepreciated book value of our real estate assets, and we were in compliance with all financial covenants in all loan documents to which we are a party.

### Competition

All of our properties are located in areas that include competing properties. The amount of competition in a particular area could impact our ability to acquire additional real estate, sell current real estate, lease space and the amount of rent we are able to charge. We may be competing with owners, including but not limited to, other REITs, insurance companies and pension funds, with access to greater resources than those available to us.

Many of our competitors have greater financial and other resources than we do and may have more operating experience. Generally, there are other neighborhood and community retail centers within relatively close proximity to each of our properties. There is, however, no dominant competitor in the Houston, Dallas, San Antonio, Phoenix or Chicago metropolitan areas. Our retail tenants face increasing competition from outlet malls, internet discount shopping clubs, catalog companies, direct mail and telemarketing.

### Insurance

We believe that we have adequate property and liability insurance with reputable, commercially rated companies. We also believe that our insurance policies contain commercially reasonable deductibles and limits, adequate to cover our properties. We expect to maintain this type of insurance coverage and to obtain similar coverage with respect to any additional properties we acquire in the near future. Further, we have title insurance relating to our properties in an aggregate amount that we believe to be adequate.

### Employees

As of September 30, 2011 we had 61 full-time employees.

Legal Proceedings

From time to time, we may be party to a variety of legal proceedings arising in the ordinary course of our business. We are not a party to any material litigation or legal proceedings or, to the best of our knowledge, any threatened litigation or legal proceedings that, in the opinion of management, individually or in the aggregate, would have a material adverse effect on our results of operations or financial condition.

### Regulation

#### Environmental Regulations

Our properties, as well as any other properties that we may acquire in the future, are subject to various federal, state and local laws, ordinances and regulations. They include, among other things, zoning regulations, land use controls, environmental controls relating to air and water quality, noise pollution and indirect environmental impacts such as increased motor vehicle activity. We believe that we have all permits and approvals necessary under current law to operate our properties.

All real property and the operations conducted on real property are subject to federal, state and local laws and regulations relating to environmental protection and human health and safety. These laws and regulations generally govern air and water quality, noise pollution and indirect environmental impacts such as increased motor vehicle activity, wastewater discharges, air emissions, the operation and removal of underground and above-ground storage tanks, the use, storage, treatment, transportation and disposal of solid and hazardous materials, and the remediation of contamination associated with disposals. Under these laws and regulations, a current or previous owner or operator of real property may be liable for the cost of removal or remediation of hazardous or toxic substances on, under or in such property. Some of these laws and regulations may impose joint and several liability on tenants, owners or operators for the costs of investigation or remediation of contaminated properties, regardless of fault or the legality of the original disposal and whether or not the owner or operator knew of, or was responsible for, the presence of such hazardous or toxic substances.

Environmental laws also may impose restrictions on the manner in which property may be used or businesses may be operated, and these restrictions may require substantial expenditures. Environmental laws provide for sanctions in the event of noncompliance and may be enforced by governmental agencies or, in certain circumstances, by private parties. Certain environmental laws and common law principles could be used to impose liability for release of and exposure to hazardous substances, including asbestos-containing materials into the air, and third parties may seek recovery from owners or operators of real properties for personal injury or property damage associated with exposure to released hazardous substances. Additionally, concern about indoor exposure to mold has been increasing as exposure to mold may cause a variety of adverse health effects and symptoms, including allergic or other reactions. As a result, the presence of a significant amount of mold at any of our properties could require us to undertake a costly remediation program to contain or remove the mold from the affected property, and could expose us to liability from our tenants, their employees and others. The cost of defending against claims of liability, of compliance with environmental regulatory requirements, of remediating any contaminated property, or of paying personal injury claims could materially adversely affect our business, assets or results of operations and, consequently, amounts available for payments of distributions to our shareholders. In addition, the presence of these substances, or the failure to properly remediate these substances, may adversely affect our ability to sell or rent such property or to use the property as collateral for future borrowing.

Some of these laws and regulations have been amended so as to require compliance with new or more stringent standards as of future dates. Compliance with new or more stringent laws or regulations or stricter interpretation of existing laws may require material expenditures by us. We cannot assure you that future laws, ordinances or regulations will not impose any material environmental liability, or that the current environmental condition of our properties will not be affected by the operations of the tenants, by the existing condition of the land, by operations in the vicinity of the properties, such as the presence of underground storage tanks, or by the activities of unrelated third parties. In addition, there are various local, state and federal fire, health, life-safety and similar regulations that we may be required to comply with, and which may subject us to liability in the form of fines or damages for noncompliance.

We will not purchase any property unless we are generally satisfied with the environmental status of the property. We may obtain a Phase I environmental site assessment, which includes a visual survey of the building and the property in an attempt to identify areas of potential environmental concerns, visually observing neighboring properties to assess surface conditions or activities that may have an adverse environmental impact on the property, and contacting local governmental agency personnel and performing a regulatory agency file search in an attempt to determine any known environmental concerns in the immediate vicinity of the property. A Phase I environmental site assessment does not generally include any sampling or testing of soil, groundwater or building materials from the property. Certain properties that we have acquired contain, or contained, dry-cleaning establishments utilizing solvents. Where believed to be warranted, samplings of building materials or subsurface investigations were undertaken with respect to these and other properties. To date, the costs associated with these investigations and any subsequent remedial measures taken have not been material to us.

We believe that our properties are in compliance in all material respects with all federal, state and local ordinances and

Table of Contents

regulations regarding the handling, discharge and emission of hazardous or toxic substances. During the re-financing of twenty-one of our properties in late 2008 and early 2009, Phase I environmental site assessments were completed at those properties. These assessments revealed that five of the twenty-one properties currently or previously had a dry cleaning facility as a tenant. Since release of chlorinated solvents can occur as a result of dry cleaning operations, a Phase II subsurface investigation was conducted at the five identified properties, and all such investigations revealed the presence of chlorinated solvents. Based on the findings of the Phase II subsurface investigations, we promptly applied for entry into the Texas Commission on Environmental Quality Dry Cleaner Remediation Program, or DCRP, for four of the identified properties and were accepted. We conducted subsequent testing on the fifth property and believe no further action is necessary at this time with respect to this property. Upon entry, and continued good standing with the DCRP, the DCRP administers the Dry Cleaning Remediation fund to assist with remediation of contamination caused by dry cleaning solvents. The response actions associated with the ongoing investigation and subsequent remediation, if necessary, have not been determined at this time. However, we believe that the costs of such response actions will be immaterial, and therefore no liability has been recorded to our financial statements. We have not been notified by any governmental authority, and are not otherwise aware, other than the five identified properties described above, of any material noncompliance, liability or claim relating to hazardous or toxic substances in connection with any of our present or former properties. We have not recorded in our financial statements any material liability in connection with environmental matters. Nevertheless, it is possible that the environmental assessments conducted thus far and currently available to us do not reveal all potential environmental liabilities. It is also possible that subsequent investigations will identify material contamination or other adverse conditions, that adverse environmental conditions have arisen subsequent to the performance of the environmental assessments, or that there are material environmental liabilities of which management is unaware.

Americans with Disabilities Act of 1990

Under the Americans with Disabilities Act, or ADA, all places of public accommodation are required to meet certain federal requirements related to access and use by disabled persons. Our properties must comply with the ADA to the extent that they are considered “public accommodations” as defined by the ADA. The ADA may require removal of structural barriers to access by persons with disabilities in public areas of our properties where such removal is readily achievable. We believe that our properties are in substantial compliance with the ADA and that we will not be required to make substantial capital expenditures to address the requirements of the ADA. In addition, we will continue to assess our compliance with the ADA and to make alterations to our properties as required.

POLICIES WITH RESPECT TO CERTAIN ACTIVITIES

Our Board reviews our investment policies periodically to determine that the policies we follow are in the best interest of our shareholders. We acquire assets primarily for income and growth (value appreciation). The methods of implementing our investment policies also may vary as new investment techniques are developed. The methods of implementing our investment objectives and policies, except as otherwise provided in the organizational documents, may be altered by our Board without shareholder approval.

Investments in Real Estate and Interests in Real Estate

Commercial Real Estate

We intend to continue acquiring properties that meet or can be repositioned to meet our criteria for Community Centered Properties in our target markets of Phoenix, Chicago, Dallas and San Antonio. We believe that declining commercial real estate prices resulting from banks and other financial institutions and conduit lenders disposing of large numbers of commercial properties acquired between 2005 and 2010, combined with a shortage of affordable mortgage financing forcing distressed property owners to sell, will provide us with excellent opportunities in these markets to acquire quality properties. Once we acquire a property, we seek to reposition the property and add value through renovating and re-tenanting in order to create a Whitestone-branded Community Centered Property. We seek to accomplish this by (1) stabilizing occupancy, with per property occupancy goals of 90% or higher; (2) adding leasable square footage to existing structures; (3) developing and building on excess land; (4) upgrading and renovating existing structures; and (5) investing significant effort in recruiting tenants whose goods and services meet the needs of the surrounding neighborhood.

We have extensive relationships with community banks, attorneys, title companies and others in the real estate industry with whom we regularly work to identify properties for potential acquisition. Due to the size and depth of our target markets, we believe we can continue our selective acquisition strategy in the future.

We target properties from 25,000 to 200,000 square feet in established or developing neighborhoods. In our experience, large institutional investors generally do not compete to purchase these types of properties, thus limiting competition that would typically inflate the values of acquisition properties. We are not specifically limited by our governance documents, our management policies or the governance documents of our Operating Partnership in the number or size of properties we may acquire or the percentage of our assets that we may invest in a single property. The number and mix of properties we acquire will depend on real estate and market conditions existing at the time we acquire properties and the availability of debt and equity capital.

We have the capability to use OP units or common shares as currency along with a combination of cash and debt as consideration for our acquisitions. Our umbrella partnership real estate investment trust, or UPREIT, structure is attractive to potential sellers because in addition to allowing sellers to defer taxable gains related to the sale of the property, it gives the seller an interest in a larger, more diversified pool of assets. It is possible that, in making future acquisitions in return for OP units, we may agree to restrictions on our ability, for a specified period of time following the acquisition, to dispose of the acquired properties in a taxable transaction.

Currently all of our properties are owned by our Operating Partnership or a wholly owned subsidiary of our Operating Partnership in fee simple title. We expect to continue to pursue our investment objectives through the direct ownership of properties. However, in the future, we may also participate with other entities (including non-affiliated entities) in property ownership through joint ventures, limited liability companies, partnerships, co-tenancies or other types of common ownership. We may also consider entering into joint ventures with institutional partners to acquire properties in the future. Joint ventures generally entail the acquisition of properties in conjunction with an equity partner who, in

most cases, provides the majority of the equity needed for the acquisition. We only anticipate using joint ventures for transactions in certain situations, such as where the property would be disproportionately larger than the other properties in our portfolio or would otherwise have a significantly higher risk profile than our other properties. We presently have no agreements to own any properties jointly with another entity or entities.

In addition, we may purchase properties and lease them back to the sellers of such properties. While we will use our best efforts to structure any such sale-leaseback transaction such that the lease will be characterized as a “true lease” so that we will be treated as the owner of the property for federal income tax purposes, we cannot assure you that the Internal Revenue Service, or the IRS, will not challenge such characterization.

## Table of Contents

In the event that any such sale-leaseback transaction is recharacterized as a financing transaction for federal income tax purposes, deductions for depreciation and cost recovery relating to such property would be disallowed.

Although we currently intend to continue acquiring Community Centered Properties in the Phoenix, Chicago, Dallas, and San Antonio metropolitan areas, our future acquisition or redevelopment activities are not limited to any geographic area or to a specified property use. We may invest in any geographic area and we may invest in other commercial properties, such as manufacturing, warehouse and distribution facilities, in order to reduce overall portfolio risk, enhance overall portfolio returns, or respond to changes in the real estate market if our management determines that it would be advantageous to do so.

We have developed extensive research capabilities and utilize proprietary asset management and modeling tools that our management believes help it to identify favorable property acquisitions, forecast growth and make estimates at the time of the acquisition of a property, relating to disposition timing and sales price to maximize our return on investment. Using these tools in concert with our overall strategies, including individual market monitoring and ongoing analysis of macro- and micro-regional economic cycles, we expect to be better able to identify favorable acquisition targets. We believe our experience and investment discipline will enable us to maximize current returns and distributions to investors and maintain higher relative portfolio property values. We intend to execute timely dispositions at appropriate sales prices to enhance capital gains distributable to our investors.

When identifying particular properties as potential acquisitions, we consider relevant real estate property and financial factors, including:

- the location of the property and visibility to high traffic areas;
- the physical condition;
- the property's historical operating use and any potential liabilities;
- impediments to value identified from surveys, environmental reports, title reports and policies and similar materials;
- current and pro forma financial information to determine a property's income-producing history and capacity, based on rent rolls and lease expiration format;
- the “repositioning” prospects for transforming the property to a Whitestone-branded Community Centered Property;
- the potential prospects for sale of the property when the transformed value is realized;
- market demographics and trends, along with unique needs within a community; and
- income tax considerations.

Our obligation to purchase any property will generally be conditioned upon completion of due diligence including, but not limited to, where appropriate: plans and specifications; environmental reports; surveys; evidence of marketable title subject to such liens and encumbrances as are acceptable to us; financial statements and other data covering recent operations of properties having operating histories; and title and liability insurance policies.

We will not purchase any property unless we are generally satisfied with the environmental status of the property. We may obtain a Phase I environmental site assessment, which includes a visual survey of the building and the property in an attempt to identify areas of potential environmental concerns, visually observing neighboring properties to assess

surface conditions or activities that may have an adverse environmental impact on the property, and contacting local governmental agency personnel and performing a regulatory agency file search in an attempt to determine any known environmental concerns in the immediate vicinity of the property. A Phase I environmental site assessment does not generally include any sampling or testing of soil, groundwater or building materials from the property.

In purchasing, leasing and developing properties, we will be subject to risks generally incident to the ownership of real estate. See “Risk Factors - Risks Associated with Real Estate,” which is incorporated herein by reference to the Company's Annual Report on Form 10-K for the year ended December 31, 2010.

As a general policy, we intend to maintain a ratio of total indebtedness to undepreciated book value of real estate assets that is less than 60%, with flexibility to add higher leverage on a property-by-property basis where appropriate.

## Table of Contents

### Commercial Mortgage Loans

Over the next few years, we anticipate a significant opportunity to acquire distressed loans on quality commercial real estate at historically attractive prices with the intent to acquire the underlying property through foreclosure or deed in lieu of foreclosure within a short period of time. The global liquidity crisis has led to a repricing of risk, more dramatic and severe than other recent periods of distress. The market is demanding the continued de-leveraging of balance sheets of financial institutions in the face of rising loan maturities. We believe that unlike the Resolution Trust Corporation crisis of 1990 to 1992, distress today is affecting much higher quality assets where opportunities are created by excessive leverage and distressed sellers. Given the low interest rate environment, we believe many of these assets cover debt service, but the likelihood that they can be refinanced at maturity is in doubt. In light of this, we anticipate attractive investment opportunities in acquiring performing and non-performing loans from banks, investment banks or any other forced sellers due to margin calls, redemptions, capital adequacy concerns or capital requirements during the next year or two. We believe that our market knowledge, real estate expertise, geographic coverage and ability to complete transactions quickly will enable us to succeed in these acquisitions. When we purchase debt, we intend to underwrite the underlying real estate in the same manner and method as we use to underwrite direct real estate acquisitions with a view toward ultimately acquiring the real estate securing the purchased debt.

We will only make loans to other entities or other persons if they meet our underwriting and due diligence requirements. We will seek to obtain a customary lender's title insurance policy or commitment as to the priority of the mortgage or condition of the title.

As a general rule, we will not make mortgage loans if our total indebtedness would exceed 60% of the undepreciated book value of our real estate assets, unless we find substantial justification due to the presence of other underwriting criteria. We may find such justification in connection with the purchase of mortgage loans in cases in which we believe there is a high probability of our foreclosure upon the property in order to acquire the underlying assets and in which the cost of the mortgage loan investment does not exceed the appraised value of the underlying property.

In evaluating prospective mortgage loan investments, our management will consider factors such as the following:

- the ratio of the amount of the investment in the loan to the value of the property by which it is secured;
- the property's potential for capital appreciation;
- expected levels of rental and occupancy rates;
- current and projected cash flow of the property;
- potential for rental increases;
- the degree of liquidity of the investment;
- geographic location of the property;
- the condition and use of the property;
- the property's income-producing capacity;
- the quality, experience and creditworthiness of the borrower;
- general economic conditions in the area where the property is located;
- potential impact on our REIT qualification; and
- any other factors that our management believes are relevant.

We may purchase existing loans that were originated by other lenders. Our management will evaluate all potential mortgage loan investments to determine if the security for the loan and the loan-to-value ratio meets our investment criteria and objectives. We will inspect the property during the loan approval process. Most loans which we will consider for investment would provide for monthly payments of interest and some may also provide for principal

amortization, although many loans of the nature which we will consider provide for payments of interest only and a payment of principal in full at the end of the loan term.

We do not have any policies directing the portion of our assets that may be invested in construction loans, loans secured by leasehold interests and second and wraparound mortgage loans. However, we recognize that these types of loans are riskier than first deeds of trust or first priority mortgages on income-producing, fee-simple properties, and expect to seek to minimize the amount of these types of loans in our portfolio, to the extent that we make or invest in mortgage loans. Our management will evaluate the fact that these types of loans are riskier in determining the rate of interest on the loans.

## Table of Contents

Our mortgage loan investments may be subject to regulation by federal, state and local authorities and subject to various laws and judicial and administrative decisions imposing various requirements and restrictions, including among other things, regulating credit granting activities, establishing maximum interest rates and finance charges, requiring disclosures to customers, governing secured transactions and setting collection, repossession and claims handling procedures and other trade practices. In addition, certain states have enacted legislation requiring the licensing of mortgage bankers or other lenders and these requirements may affect our ability to effectuate our proposed investments in mortgage loans. Commencement of operations in these or other jurisdictions may be dependent upon a finding of our financial responsibility, character and fitness. We may determine not to make mortgage loans in any jurisdiction in which the regulatory authority believes that we have not complied in all material respects with applicable requirements.

### Other Securities

While we intend to invest in commercial real estate, through acquisitions of properties and commercial mortgage loans, with the intent to own the assets, we may invest in other real estate related assets such as common and preferred stocks of public or private real estate companies.

Our management will have substantial discretion with respect to the selection of specific investments in other real estate related assets. Neither our governance documents nor the governance documents of our Operating Partnership place any limit or restriction on:

- the percentage of our assets that may be invested in any type of mortgage or in any single mortgage; or
- the types of properties subject to mortgages in which we may invest.

### Our Disposition Strategy

Our general policy is to acquire properties primarily for generation of current income and long-term value appreciation. However, we seek to continually upgrade our asset base by opportunistically selling properties that do not have the potential to meet our Community Centered Property strategy and redeploying the sale proceeds into properties that fit our strategy. Some of our properties were acquired prior to our current management team's employment with the Company and may not fit our Community Centered Property strategy. In such event, we will look for opportunities to dispose of these properties as we continue to execute our strategy. A property may be sold before the end of the expected holding period if, in our judgment, the value of the property has reached its peak or might decline substantially or an opportunity has arisen to acquire other properties. We generally intend to hold our investments long-term; however, economic or market conditions may influence us to hold our investments for different periods of time.

The determination of whether a particular property should be sold or otherwise disposed of will be made after consideration of relevant factors, including prevailing economic conditions, with a view to achieving maximum capital appreciation. We cannot assure you that this objective will be realized. The selling price of a leased property will be determined in large part by the amount of net operating income of the property.

### Development and Construction of Properties

We do not currently intend to engage in the acquisition of raw land for development or the acquisition of existing improved property for “tear-downs” and rebuilding. However, we intend to engage in selective redevelopment of existing improved properties where such redevelopment will reposition the property and/or increase its earning capacity and long-term returns on invested capital. We reposition properties and add value through renovating and

re-tenanting to create Whitestone-branded Community Centered Properties. We seek to accomplish this by (1) stabilizing occupancy, with per property occupancy goals of 90% or higher; (2) adding leasable square footage to existing structures; (3) developing and building on excess land; (4) upgrading and renovating existing structures; and (5) investing significant effort in recruiting tenants whose goods and services meet the needs of the surrounding neighborhood.

#### Borrowing Policies

As of September 30, 2011, 17 of our 41 properties were not subject to mortgages. If we acquire a property for cash in the future, we will most likely fund a portion of the purchase price with debt. By operating and acquiring on a leveraged basis, we will have more funds available for investment in properties. We expect that initially we will purchase assets with cash, and subsequently obtain debt financing. This will allow us to make more investments than would otherwise be possible, resulting in

## Table of Contents

a more diversified portfolio of assets and higher returns. However, this also subjects us to risks associated with borrowing. For example, our ability to increase our diversification through borrowing could be adversely impacted if banks and other lending institutions reduce the amount of funds available for loans secured by real estate. See “Risk Factors - Risks Associated with Our Indebtedness and Financing,” which is incorporated herein by reference to the Company's annual report on Form 10-K for the year ended December 31, 2010. When interest rates on mortgage loans are high or financing is otherwise unavailable on a timely basis, we may purchase certain properties for cash with the intention of obtaining a mortgage loan for a portion of the purchase price at a later time.

As a general policy we intend to maintain a ratio of total indebtedness to undepreciated book value of our real estate assets that is less than 60%. Additionally, we have entered into a revolving credit facility which is subject to our 60% leverage policy. As of September 30, 2011, our ratio of total indebtedness to undepreciated book value of our assets was 42%. Additionally, we have entered into a revolving credit facility which is subject to our 60% leverage policy. We cannot, however, assure you that we will be able to continue to achieve this objective.

By operating on a leveraged basis, we expect that we will have more funds available for investment in properties and other investments. This will allow us to make more investments than would otherwise be possible, resulting in a more diversified portfolio. Although we expect our liability for the repayment of indebtedness to be limited to the value of the property securing the liability and the rents or profits derived therefrom, our use of leveraging increases the risk of default on the mortgage payments and a resulting foreclosure of a particular property. See “Risk Factors - Risks Associated with Real Estate,” which is incorporated herein by reference to the Company's annual report on Form 10-K for the year ended December 31, 2010. To the extent that we do not obtain mortgage loans on our properties, our ability to acquire additional properties will be restricted. We will use our best efforts to obtain financing on the most favorable terms available to us. Lenders may have recourse to assets not securing the repayment of the indebtedness.

We may reevaluate and change our debt policy in the future without a shareholder vote. Factors that we would consider when reevaluating or changing our debt policy include, but are not limited to, then-current economic conditions, the relative cost of debt and equity capital, any acquisition opportunities, the ability of our properties to generate sufficient cash flow to cover debt service requirements, the appreciation of the market value of the property and other similar factors. Further, we may increase or decrease our ratio of debt to undepreciated book value of our real estate assets in connection with any change of policy.

We may refinance properties during the term of a loan in limited circumstances, such as when a decline in interest rates makes it beneficial to prepay an existing mortgage, when an existing mortgage matures or if an attractive investment becomes available and the proceeds from the refinancing can be used to purchase such investment. The benefits of the refinancing may include an increased cash flow resulting from reduced debt service requirements, an increase in dividend distributions from proceeds of the refinancing, and an increase in property ownership if refinancing proceeds are reinvested in real estate.

## Securities of or Interests in Persons Primarily Engaged in Real Estate Activities and Other Issuers

We may acquire securities of entities engaged in real estate activities or securities of other issuers, including for the purpose of exercising control over such entities and investing in other companies or funds owning securities. However, all acquisitions of securities of such entities will be subject to the percentage ownership limitations and gross income tests necessary for REIT qualification. We refer you to the “Material U.S. Federal Income Tax Considerations - Asset Tests” and the “Material U.S. Federal Income Tax Considerations - Gross Income Tests” sections of this prospectus for a discussion of these tests. We may acquire all or substantially all of the securities or assets of REITs or similar entities where such investments would be consistent with our investment policies. We anticipate that we will only acquire securities or other interests in issuers engaged in commercial real estate activities involving retail, office or mixed retail-office properties. We may also invest in entities owning undeveloped acreage. Neither our

governance documents nor the governance documents of our Operating Partnership place any limit or restriction on the percentage of our assets that may be invested in securities of or interests in other issuers.

#### Equity Capital Policies

In the event that our Board determines to raise additional equity capital, it has the authority, without shareholder approval, to issue additional common shares or preferred shares of beneficial interest. Additionally, our Board could cause our Operating Partnership to issue OP units which are convertible into our Class A common shares. Subject to limitations contained in our organizational and governance documents and those of our Operating Partnership, our Board could issue, or cause to be issued, such securities in any manner (and on such terms and for such consideration) it deems appropriate, including in exchange for real estate.

## Table of Contents

We have issued securities in exchange for real estate and we expect to continue to do so in the future. Existing shareholders have no preemptive right to purchase such shares in any offering, and any such offering might cause a dilution of a shareholder's initial investment.

### Other Policies and Investments

We continually review our investment activity to attempt to ensure that we do not come within the application of the Investment Company Act of 1940, as amended, or the Investment Company Act. Among other things, the Board monitors, and will continue to monitor, the proportion of our portfolio that is placed in various investments so that we do not come within the definition of an “investment company” under the Investment Company Act. We generally do not intend to:

- invest in the securities of other issuers for the purpose of exercising control over an issuer (except as described above);
- underwrite securities of other issuers; or
- actively trade in loans or other investments.

Subject to certain restrictions we are subject to in order to qualify to be taxed as a REIT, we may make investments other than as previously described, although we do not currently intend to do so. We have authority to purchase or otherwise reacquire our common shares or any of our other securities. We have no present intention of repurchasing any of our common shares, and we would only take such action in conformity with applicable federal and state laws and the requirements for qualifying as a REIT under the Code.

Other than as disclosed elsewhere in this document relative to transactions with related parties, we have not made any material loans to third parties and we have no present intention to do so. However, we may in the future make loans to third parties, including, without limitation, loans to joint ventures in which we participate. We have not engaged in the trading, underwriting or agency distribution or sale of securities of other issuers, and we do not intend to do so in the future.

We are subject to the full information reporting requirements of the Exchange Act. Pursuant to these requirements, we file periodic reports, proxy statements and other information, including certified financial statements, with the SEC. See “Where You Can Find More Information.”

CERTAIN PROVISIONS OF MARYLAND LAW AND OF OUR DECLARATION OF TRUST AND BYLAWS

The following summary of certain provisions of Maryland law and of our declaration of trust and bylaws does not purport to be complete and is subject to and qualified in its entirety by reference to Maryland law and our declaration of trust and bylaws, copies of which are exhibits to the registration statement of which this prospectus is a part. See “Where You Can Find More Information.”

General

We are organized as a real estate investment trust under the laws of the state of Maryland. We have a perpetual duration. Our declaration of trust permits us to be terminated upon the affirmative vote of the holders of a majority of the outstanding shares entitled to vote and the approval of a majority of the entire Board. Our bylaws require us to conduct annual meetings of our shareholders for the purpose of electing trustees, each of whom will serve for a three-year term, and to transact any other business as may properly come before the shareholders.

Our Board of Trustees

Our declaration of trust provides that the number of our trustees may be determined pursuant to our bylaws and our bylaws provide that such number may be established, increased or decreased by the Board but may not be fewer than one or more than fifteen. Our Board is divided into three classes, with each trustee holding office for three years and until his successor is duly elected and qualifies. Any vacancy may be filled only by the affirmative vote of a majority of the remaining trustees in office, even if the remaining trustees do not constitute a quorum, and any trustee elected to fill a vacancy will serve for the remainder of the full term of the trusteeship in which the vacancy occurred.

The Board is responsible for the management of our business and affairs. We currently have a total of five members on our Board. Of our five current trustees, four are considered independent trustees. Each trustee will serve until the annual meeting of shareholders at which his three-year term ends and until his successor has been duly elected and qualifies. Although the number of trustees may be increased or decreased, a decrease will not have the effect of shortening the term of any incumbent trustee. Any trustee may resign at any time and may be removed for cause by the shareholders upon the affirmative vote of not less than two-thirds of the shares then outstanding and entitled to vote generally in the election of trustees.

Our trustees must perform their duties in good faith and in a manner reasonably believed to be in our best interests. Further, trustees must act with such care as an ordinarily prudent person in a like position would use under similar circumstances, including exercising reasonable inquiry, when taking actions.

Removal of Trustees

Our declaration of trust provides that a trustee may be removed only for cause upon the affirmative vote of not less than two-thirds of the shares then outstanding and entitled to vote generally in the election of trustees. This provision, when coupled with the exclusive power of our Board to fill vacancies on the Board, precludes shareholders from (1) removing incumbent trustees except for cause upon a substantial affirmative vote and (2) filling the vacancies created by such removal with their own nominees.

Business Combinations

Under Maryland law, “business combinations” between a Maryland real estate investment trust and an interested shareholder or an affiliate of an interested shareholder are prohibited for five years after the most recent date on which the interested shareholder becomes an interested shareholder. These business combinations include a merger, consolidation, share exchange, or, in circumstances specified in the statute, an asset transfer or issuance or reclassification of equity securities. An interested shareholder is defined as:

## Table of Contents

any person who beneficially owns ten percent or more of the voting power of the trust's voting shares; or an affiliate or associate of the trust who, at any time within the two-year period prior to the date in question, was the beneficial owner of ten percent or more of the voting power of the then outstanding shares of the trust.

A person is not an interested shareholder under the statute if the board of trustees of the trust approved in advance the transaction by which he otherwise would have become an interested shareholder. However, in approving a transaction, the board may provide that its approval is subject to compliance, at or after the time of approval, with any terms and conditions determined by the Board.

After the five-year prohibition, any business combination between a Maryland real estate investment trust and an interested shareholder generally must be recommended by the board of trustees of the trust and approved by the affirmative vote of at least:

80% of the votes entitled to be cast by holders of outstanding voting shares of the trust; and two-thirds of the votes entitled to be cast by holders of voting shares of the trust other than shares held by the interested shareholder with whom or with whose affiliate the business combination is to be effected or held by an affiliate or associate of the interested shareholder.

These super-majority vote requirements do not apply if the trust's common shareholders receive a minimum price, as defined under Maryland law, for their shares in the form of cash or other consideration in the same form as previously paid by the interested shareholder for its shares.

The statute permits various exemptions from its provisions, including business combinations that are exempted by the board of trustees of the trust before the time that the interested shareholder becomes an interested shareholder. Pursuant to the statute, our Board has exempted any business combination involving any person. Consequently, the five-year prohibition and the super-majority vote requirements will not apply to business combinations between us and any person. As a result, any person may be able to enter into business combinations with us that may not be in the best interest of our shareholders, without compliance with the super-majority vote requirements and the other provisions of the statute.

Should our Board later resolve to opt back into these provisions, the business combination statute may discourage others from trying to acquire control of us and increase the difficulty of consummating any offer.

## Control Share Acquisitions

Maryland law provides that control shares of a Maryland real estate investment trust acquired in a control share acquisition have no voting rights except to the extent approved by a vote of two-thirds of the votes entitled to be cast on the matter. Shares owned by the acquiror, by officers or by employees who are trustees of the trust are excluded from shares entitled to vote on the matter. Control shares are voting shares which, if aggregated with all other shares owned by the acquiror or in respect of which the acquiror is able to exercise or direct the exercise of voting power (except solely by virtue of a revocable proxy), would entitle the acquiror to exercise voting power in electing trustees within one of the following ranges of voting power:

- one-tenth or more but less than one-third,
- one-third or more but less than a majority, or
- a majority or more of all voting power.

Control shares do not include shares the acquiring person is then entitled to vote as a result of having previously obtained shareholder approval. A control share acquisition means the acquisition of issued and outstanding control

shares, subject to certain exceptions.

A person who has made or proposes to make a control share acquisition may compel the Board of the trust to call a special meeting of shareholders to be held within 50 days of demand to consider the voting rights of the shares. The right to compel the calling of a special meeting is subject to the satisfaction of certain conditions, including an undertaking to pay the expenses of the meeting. If no request for a meeting is made, the trust may itself present the question at any shareholders' meeting.

## Table of Contents

If voting rights are not approved at the meeting or if the acquiring person does not deliver an acquiring person statement as required by the statute, then the trust may redeem for fair value any or all of the control shares, except those for which voting rights have previously been approved. The right of the trust to redeem control shares is subject to certain conditions and limitations. Fair value is determined, without regard to the absence of voting rights for the control shares, as of the date of the last control share acquisition by the acquiror or of any meeting of shareholders at which the voting rights of the shares are considered and not approved. If voting rights for control shares are approved at a shareholders meeting and the acquiror becomes entitled to vote a majority of the shares entitled to vote, all other shareholders may exercise appraisal rights. The fair value of the shares as determined for purposes of appraisal rights may not be less than the highest price per share paid by the acquiror in the control share acquisition.

The control share acquisition statute does not apply (a) to shares acquired in a merger, consolidation or share exchange if the trust is a party to the transaction, or (b) to acquisitions approved or exempted by the declaration of trust or bylaws of the trust.

The control share acquisition statute may discourage others from trying to acquire control of us and increase the difficulty of consummating any offer.

### Subtitle 8

Subtitle 8 of Title 3 of the Maryland General Corporation Law permits a Maryland real estate investment trust with a class of equity securities registered under the Exchange Act and at least three independent trustees to elect to be subject, by provision in its declaration of trust or bylaws or a resolution of its Board and notwithstanding any contrary provision in the declaration of trust or bylaws, to any or all of five provisions:

- a classified board,
- two-thirds vote requirement for removing a trustee,
- a requirement that the number of trustees be fixed only by vote of the trustees,
- a requirement that a vacancy on the board be filled only by the remaining trustees and for the remainder of the full term of the class in which the vacancy occurred until a successor is elected and qualifies, and
- a majority requirement for the calling of a special meeting of shareholders.

Our bylaws already provide that, except as may be provided by our Board in setting the terms of any class or series of preferred shares, any vacancy on the Board may be filled only by a majority of the remaining trustees, even if the remaining trustees do not constitute a quorum, and any trustee elected to fill a vacancy will serve for the remainder of the full term of the trusteeship in which the vacancy occurred and until a successor is elected and qualifies. Pursuant to Subtitle 8, we have elected to be subject to the remaining provisions described above.

### Amendments to Our Declaration of Trust and Bylaws

Our declaration of trust may be amended by a majority of the trustees, without any action by the shareholders (i) to qualify as a REIT under the Code or under the Maryland REIT Law, (ii) in any respect in which the charter of a corporation may be amended under Maryland General Corporation Law, and (iii) as otherwise provided in our declaration of trust. All other amendments must be declared advisable by our Board and approved by the affirmative vote of holders of a majority of all shares entitled to vote on the matter, except that any amendment to the provisions of our declaration of trust addressing the removal of trustees and certain amendments to our declaration of trust must be approved by the affirmative vote of holders of two-thirds of all shares entitled to vote on the matter. Our Board has the exclusive power to adopt, amend and repeal any provision of our bylaws or to make new bylaws.

Meetings and Special Voting Requirements

An annual meeting of our shareholders will be held each year. Special meetings of shareholders may be called by the chairman of the Board, a majority of our trustees, our chief executive officer or our president and must be called by or at the direction of the chairman of the Board upon the written request of shareholders entitled to cast at least a majority of the votes entitled to be cast on any matter that may properly be considered at a meeting of shareholders. Upon receipt of such written

## Table of Contents

request and other required information, the chairman of the Board will inform the requesting shareholders of the estimated cost of preparing and mailing a notice, payment for which must be received prior to the mailing of any notice. Our Board must designate a date for the special meeting within ten days of receiving the request, or if it does not, the date will be the 90th day after the record date, and the record date, unless otherwise set by our Board within 30 days of receiving the request, will be the 30th day after the date of delivery of the request. The presence, either in person or by proxy, of shareholders entitled to cast a majority of all votes entitled to be cast will constitute a quorum at any meeting of shareholders. Generally, the affirmative vote of a majority of the votes cast at a meeting at which a quorum is present is sufficient to take shareholder action, except that the approval of shareholders entitled to cast at least two-thirds of the votes entitled to be cast is required remove a trustee or to amend the declaration of trust provisions addressing the removal of trustees and the vote required for certain amendments to our declaration of trust and the affirmative vote of shareholders entitled to cast at least a majority of the votes entitled to be cast is required for:

- any other amendment of our declaration of trust, except that our Board may amend our declaration of trust without shareholder approval to increase or decrease the aggregate number of our shares or the number of our shares of any class or series that we have the authority to issue, to qualify as a REIT under the Code or the Maryland REIT Law or in any respect in which the charter of a Maryland corporation may be amended without stockholder approval;
- any merger, consolidation or sale or other disposition of all or substantially all of our assets (which also requires the approval of our Board); and
- our termination (which also must be approved by action of our Board).

### Advance Notice of Trustee Nominations and New Business

Our bylaws provide that with respect to an annual meeting of shareholders, nominations of individuals for election to our Board and the proposal of business to be considered by shareholders may be made only (i) pursuant to our notice of the meeting, (ii) by or at the direction of the Board or (iii) by a shareholder who is a shareholder of record both at the time of giving the advance notice required by our bylaws and at the time of the meeting, who is entitled to vote at the meeting in the election of each individual so nominated or on any such other business and who has complied with the advance notice procedures of the bylaws. With respect to special meetings of shareholders, only the business specified in our notice of the meeting may be brought before the meeting. Nominations of individuals for election to the Board at a special meeting may be made only (i) by or at the direction of the Board, or (ii) provided that the meeting has been called in accordance with our bylaws for the purpose of electing trustees, by a shareholder who is a shareholder of record both at the time of giving the advance notice required by our bylaws and at the time of the meeting, who is entitled to vote at the meeting in the election of each individual so nominated and who has complied with the advance notice provisions of the bylaws.

### Anti-Takeover Effect of Certain Provisions of Maryland Law and our Declaration of Trust and Bylaws

The business combination provisions of Maryland law (if our Board opts back into them), the control share acquisition provisions of Maryland law, the classification of our Board, the two-thirds vote and cause requirements for removing a trustee, the restrictions on transfer and ownership of shares in our declaration of trust, and the advance notice provisions of our bylaws could delay, defer or prevent a transaction or a change in control that might involve a premium price for our common shares or otherwise be in the best interest of our shareholders.

### Ownership Limit

Our declaration of trust provides that no person or entity may beneficially own, or be deemed to own by virtue of the applicable constructive ownership provisions of the Code, more than 9.8% (by value or by number of shares, whichever is more restrictive) of our outstanding common shares or more than 9.8% (by value or by number of shares,

whichever is more restrictive) of the outstanding shares of any class or series of our preferred shares. We refer to these restrictions as the “ownership limits.” For a fuller description of this restriction and the constructive ownership rules, see “Description of Securities - Restrictions on Ownership and Transfer.”

#### Limited Liability and Indemnification of Trustees, Officers, Employees and Other Agents

Maryland law permits us to include in our declaration of trust a provision limiting the liability of our trustees and officers to us and our shareholders for money damages, except for liability resulting from (a) actual receipt of an improper benefit or profit in money, property or services or (b) active and deliberate dishonesty established by a final judgment and that

## Table of Contents

is material to the cause of action. Our declaration of trust contains a provision that eliminates trustees' and officers' liability to the maximum extent permitted by Maryland law.

Maryland law permits a Maryland real estate investment trust to indemnify and advance expenses to its trustees, officers, employees and agents to the same extent as permitted for directors and officers of Maryland corporations. Maryland law permits a corporation to indemnify its present and former directors and officers, among others, against judgments, penalties, fines, settlements and reasonable expenses actually incurred by them in connection with any proceeding to which they may be made or threatened to be made a party by reason of their service in those or other capacities unless it is established that:

- the act or omission of the director or officer was material to the matter giving rise to the proceeding and (i) was committed in bad faith or (ii) was the result of active and deliberate dishonesty;
- the director or officer actually received an improper personal benefit in money, property or services; or
- in the case of any criminal proceeding, the director or officer had reasonable cause to believe that the act or omission was unlawful.

However, a Maryland corporation may not indemnify for an adverse judgment in a suit by or in the right of the corporation or for a judgment of liability on the basis that personal benefit was improperly received, unless in either case a court orders indemnification and then only for expenses. In addition, Maryland law permits a corporation to advance reasonable expenses to a director or officer upon the corporation's receipt of:

- a written affirmation by the director or officer of his good faith belief that he has met the standard of conduct necessary for indemnification by the corporation; and
- a written undertaking by him on his behalf to repay the amount paid or reimbursed by the corporation if it is ultimately determined that the standard of conduct was not met.

Our declaration of trust authorizes our company, to the maximum extent permitted by Maryland law, to obligate itself to indemnify any present or former trustee or officer or any individual who, while a trustee or officer and at our request, serves or has served another real estate investment trust, corporation, partnership, joint venture, trust, employee benefit plan or other enterprise as a trustee, director, officer, partner, employee or agent, against any claim or liability arising from that status and to pay or reimburse their reasonable expenses in advance of final disposition of a proceeding. Our bylaws obligate us to provide such indemnification and advance of expenses. Our declaration of trust and bylaws also permit us to indemnify and advance expenses to any person who served our predecessor in any of the capacities described above and any employee or agent of us or our predecessor.

If our Operating Partnership liquidates, debts and other obligations must be satisfied before the partners may receive any distributions. Any distributions to partners then will be made to partners in accordance with their respective positive capital account balances.

## Term

The partnership will continue until December 31, 2046, or until sooner dissolved upon:

- the sale of all or substantially all the assets of the partnership;
- the agreement of those partners holding at least 67% of the OP units; or
- the bankruptcy of us or the partnership.

## Indemnification and Limitation of Liability

Our Operating Partnership shall indemnify us and our trustees and officers from any liability, loss, cost or damage incurred by us and our trustees and officers by reason of anything done or refrained from in connection with our

Operating Partnership, except for any liability, loss, cost or damage incurred as a result of fraud, willful misconduct or gross negligence. In addition, the partnership agreement expressly limits our liability by providing that we shall not be liable or accountable to our Operating Partnership for anything in the absence of fraud, willful misconduct, or gross negligence and breaches of the partnership agreement, and we shall not be liable to our Operating Partnership for money damages except (1) for active and deliberate dishonesty established by a final judgment, order or decree of a court of competent jurisdiction, or (2) if the indemnified party received an improper personal benefit in money, property or services.

THE OPERATING PARTNERSHIP AGREEMENT

The material terms and provisions of the partnership agreement of Whitestone REIT Operating Partnership, L.P. which we refer to as the “partnership agreement” are summarized below. For more detail, you should refer to the partnership agreement itself a copy of which is filed as an exhibit to the registration statement of which this prospectus is a part. For purposes of this section, references to “we,” “our,” “us” and “our company” refer to Whitestone REIT.

General

Our Operating Partnership was formed in December 1998 to acquire, own and operate properties on our behalf. As a result of this structure, we are considered to be an umbrella partnership real estate investment trust, or UPREIT. An UPREIT is a structure REITs often use to acquire real property from owners on a tax deferred basis (the sellers can generally accept partnership units and defer taxable gain otherwise required to be recognized by them upon the disposition of their properties). Such owners may also desire to achieve diversity in their investment and other benefits afforded to shareholders in a REIT. For purposes of satisfying the asset and income tests for qualification as a REIT for tax purposes, the REIT's proportionate share of the assets and income of our Operating Partnership will be deemed to be assets and income of the REIT.

Substantially all of our assets are currently held by our Operating Partnership and we expect that additional investments will also be held in this manner. We are the sole general partner of our Operating Partnership.

Management of Our Operating Partnership

As our Operating Partnership's sole general partner, we generally have complete and exclusive discretion to manage and control our Operating Partnership's business and to make all decisions affecting its assets. This authority generally includes, among other things, the authority to:

- operate our business;
- prepare applications for rezoning and objections to rezoning of other property;
- improve, renovate and perform construction activities with regard to the properties owned by the Operating Partnership;
- procure and maintain insurance;
- acquire and own real, personal and mixed property of the Operating Partnership in the name of the Operating Partnership or in the name of a nominee;
- negotiate, execute and deliver agreements on behalf of and in the name of the Operating Partnership;
- borrow money on a secured or unsecured basis;
- coordinate all accounting and clerical functions of the Operating Partnership;
- acquire any assets, and encumber, sell, assign, transfer, ground lease or otherwise dispose of any or all of the assets of the Operating Partnership, or any part thereof or interest therein including, without limitation, by way of any OP unit dividend, split, recapitalization, merger, consolidation, combination, exchange of OP units or other similar Operating Partnership organizational change; and
- organize one or more partnerships, corporations, limited liability companies or other business entities which are controlled, directly or indirectly, by the Operating Partnership.

Our Operating Partnership will pay all the administrative and operating costs and expenses it incurs in acquiring and operating real properties. Our Operating Partnership also will pay all of our administrative costs and expenses and such expenses will be treated as expenses of our Operating Partnership. Such expenses will include:

- all expenses relating to our formation and continuity of existence;

Edgar Filing: Whitestone REIT - Form 424B3

- all expenses relating to the public offering and registration of our securities;
- all expenses associated with the preparation and filing of our periodic reports under federal, state or local laws or regulations;
- all expenses associated with our compliance with applicable laws, rules and regulations;
- and
- all of our other operating or administrative costs incurred in the ordinary course of business.

The only costs and expenses we may incur for which we will not be reimbursed by our Operating Partnership will be costs

## Table of Contents

and expenses relating to properties we may own outside of our Operating Partnership. We will pay the expenses relating to such properties directly.

### Transferability of Interests

We are generally not allowed to withdraw as the general partner of our Operating Partnership or transfer our general partnership interest in our Operating Partnership (except to an affiliate of ours) without the consent of limited partners holding not less than a majority of the issued and outstanding OP units held by all limited partners. The principal exception to this is if we transfer our general partnership interest in connection with a recapitalization of our Operating Partnership and either (1) such recapitalization has been approved by the consent of limited partners holding not less than a majority of the issued and outstanding OP units held by all limited partners or (2) an appropriate adjustment to the number of units held by each limited partner is made in accordance with the terms of the partnership agreement. The limited partners have no right to remove us as general partner.

### Capital Contributions

We have made certain capital contributions to our Operating Partnership. If our Operating Partnership requires additional funds at any time in excess of capital contributions made by us or from borrowing, we may borrow funds from a financial institution or other lender and lend or contribute such funds to our Operating Partnership.

### Amendment to the Partnership Agreement

By its execution of the partnership agreement, each limited partner grants to us the power to amend the partnership agreement other than any amendment:

- to enlarge the obligation of any partner to make contributions to the capital of our Operating Partnership, which requires our consent and the consent of any partner affected by such amendment;
- to modify the allocation of profits or losses or distributions among partners except as may be otherwise permitted under the partnership agreement, which requires our consent and the consent of the holders of not less than 67% of the issued and outstanding OP units held by all limited partners;
- to amend the transferability provisions contained in the partnership agreement, the provision regarding the limitations on the power and authority of the general partner and certain provisions regarding the organization and name of our Operating Partnership, which requires our consent and the consent of the holders of not less than 67% of the issued and outstanding OP units held by all limited partners; or
- the amendment provisions contained in the partnership agreement, which requires our consent and the consent of all of the limited partners.

### Redemption Rights

The limited partners of our Operating Partnership have the right to cause our Operating Partnership to redeem all or a portion of their OP units for cash equal to the value of an equivalent number of our Class A common shares, or, at our option, we may issue one of our Class A common shares for each OP unit redeemed. These exchange rights may not be exercised, however, if and to the extent that the delivery of shares upon such exercise would:

- result in our shares being beneficially owned by fewer than 100 persons;
- result in any person owning more than 9.8% by value or number of shares, whichever is more restrictive, of our outstanding Class A common shares (unless exempted by our Board);
- result in us being “closely held” within the meaning of Section 856(h) of the Code or otherwise cause us to fail to qualify as a REIT under the Code (including by causing us to own 10% or more of the ownership interests in a tenant

within the meaning of Section 856(d) (2)(B) of the Code);

- cause the acquisition of our shares to be “integrated” with any other distribution of interests in us for purposes of complying with the registration provisions of the Securities Act; or
- cause the Operating Partnership to be terminated as a partnership under Section 708 of the Code.

### Issuance of Additional Units, Common Shares or Convertible Securities

We, as the general partner, may cause our Operating Partnership to issue additional units as follows:

- to us upon our issuance of additional common shares and the contribution of the net proceeds thereof as a capital contribution to the partnership;
- upon exercise of conversion rights to holders of preference units that are convertible into OP units;
- to us or limited partners holding OP units if and to the extent of such partner's participation in any reinvestment program as defined in the partnership agreement;
- preference units to us upon our issuance of debt or equity securities other than common shares and the contribution of the net proceeds thereof as a capital contribution to the partnership; and
- at our discretion, OP units or preference units to existing or newly admitted partners in exchange for the contribution by a partner of capital contributions to the partnership.

### Allocations of Net Income and Net Losses to Partners

The partnership agreement provides that taxable income is allocated to the partners of our Operating Partnership in accordance with their relative percentage interests. Subject to compliance with the provisions of Sections 704(b) and 704(c) of the Code and corresponding Treasury Regulations, the effect of these allocations will be that a holder of one OP unit will be allocated taxable income for each taxable year in an amount equal to the amount of taxable income to be recognized by a holder of one of our common shares. Losses, if any, will generally be allocated among the partners in accordance with their respective percentage interests in our Operating Partnership. Losses cannot be passed through to our shareholders.

### Operations and Distributions

The partnership agreement provides that, so long as we remain qualified as a REIT, our Operating Partnership is to be operated in a manner that will enable us to satisfy the requirements for being classified as a REIT for federal income tax purposes. As the sole general partner of our Operating Partnership, we are also empowered to take steps to ensure that our Operating Partnership will not be classified as a "publicly traded partnership" for purposes of Section 7704 of the Code. Classification as a publicly traded partnership could result in our Operating Partnership being taxed as a corporation, rather than as a partnership.

The partnership agreement provides that our Operating Partnership will distribute cash flow from operations to its partners in accordance with their relative percentage interests on at least an annual basis in amounts we, as general partner, determine. The effect of these distributions will be that a holder of one OP unit will receive the same amount of annual cash flow distributions as the amount of annual distributions paid to the holder of one of our common shares. See "Description of Securities - Distributions."

If our Operating Partnership liquidates, debts and other obligations must be satisfied before the partners may receive any distributions. Any distributions to partners then will be made to partners in accordance with their respective positive capital account balances.

### Term

The partnership will continue until December 31, 2046, or until sooner dissolved upon:

- the sale of all or substantially all the assets of the partnership;
- the agreement of those partners holding at least 67% of the OP units; or

the bankruptcy of us or the partnership.

#### Indemnification and Limitation of Liability

Our Operating Partnership shall indemnify us and our trustees and officers from any liability, loss, cost or damage incurred by us and our trustees and officers by reason of anything done or refrained from in connection with our Operating Partnership, except for any liability, loss, cost or damage incurred as a result of fraud, willful misconduct or gross negligence. In addition, the partnership agreement expressly limits our liability by providing that we shall not be liable or accountable to our Operating Partnership for anything in the absence of fraud, willful misconduct, or gross negligence and breaches of the partnership

agreement, and we shall not be liable to our Operating Partnership for money damages except (1) for active and deliberate dishonesty established by a final judgment, order or decree of a court of competent jurisdiction, or (2) if the indemnified party received an improper personal benefit in money, property or services.

DESCRIPTION OF SECURITIES

The following description of the terms of our shares is not complete, but is a summary. For a complete description, we refer you to the Maryland REIT Law and our governance documents. Our declaration of trust and bylaws are included as exhibits to this registration statement.

General

Our declaration of trust provides that we may issue up to 50,000,000 Class A common shares, \$0.001 par value per share, up to 350,000,000 Class B common shares \$0.001 par value per share, and up to 50,000,000 preferred shares, \$0.001 par value per share. In addition, our Board, without any action by our shareholders, may amend our declaration of trust from time to time to increase or decrease the aggregate number of shares or the number of shares of any class or series that we have authority to issue. As of November 18, 2011, we had 2,603,294 Class A common shares outstanding held by approximately 1,400 shareholders, 8,833,963 Class B common shares outstanding held by a total of approximately 7,000 shareholders and no preferred shares outstanding. Pursuant to Maryland law and our declaration of trust, no shareholder will be liable for any debt, claim, demand, judgment or obligation of any kind of, against or with respect to us by reason of his being a shareholder, nor shall any shareholder be subject to any personal liability whatsoever, in tort, contract or otherwise, to any person in connection with our property or affairs by reason of his being a shareholder.

Common Shares

All of our Class A common shares and the Class B common shares subject to this exchange offer are duly authorized, fully paid and non-assessable. Holders of our common shares are entitled to receive distributions when authorized by our Board and declared by us out of assets legally available for the payment of distributions. Class B common shares are entitled to dividends equal to the dividends paid with respect to Class A common shares. Holders of our common shares are also entitled to share ratably in our assets legally available for distribution to our shareholders in the event of our liquidation, dissolution or winding up, after payment of or adequate provision for all of our known debts and liabilities. All of these rights are subject to the preferential rights of any other class or series of our shares and to the provisions of our declaration of trust regarding restrictions on transfer of our shares.

Subject to the provisions of our declaration of trust regarding restrictions on transfer and ownership of our shares, each outstanding Class A common share entitles the holder to one vote on all matters submitted to a vote of shareholders, including the election of trustees, and each outstanding Class B common share entitles the holder to one vote on all matters submitted to shareholders, including the election of trustees. The Class A and Class B common shareholders vote together as a single class. There is no cumulative voting in the election of trustees, which means that the holders of Class A and Class B common shares entitled to cast a majority of all the votes entitled to be cast can elect all of the trustees then standing for election, and the holders of the remaining shares will not be able to elect any trustees.

Holders of our common shares have no preference, conversion, exchange, sinking fund or redemption rights, have no preemptive rights to subscribe for any of our securities and generally have no appraisal rights unless our Board determines that appraisal rights apply, with respect to all or any classes or series of shares, to one or more transactions occurring after the date of such determination in connection with which shareholders would otherwise be entitled to exercise appraisal rights.

Power to Reclassify Our Shares

Our declaration of trust authorizes our Board to classify and reclassify any of our unissued common shares and preferred shares into other classes or series of shares. Prior to issuance of classified or reclassified shares of each class or series, our Board is required by Maryland law and by our declaration of trust to set, subject to the restrictions on transfer and ownership of shares contained in our declaration of trust, the terms, preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends or other distributions, qualifications and terms or conditions of redemption for each class or series. Thus, our Board could authorize the issuance of common or preferred shares with terms and conditions that could have the effect of delaying, deferring or preventing a transaction or a change in control that might involve a premium price for holders of our common shares or otherwise be in their best interest. No preferred shares are presently outstanding, and we have no present plans to issue any preferred shares.

## Table of Contents

### Power to Issue Additional Common Shares and Preferred Shares

We believe that our Board's power to amend our declaration of trust to increase the aggregate number of shares or the number of shares of any class or series that we have authority to issue, to issue additional common shares or preferred shares, and to classify or reclassify unissued common or preferred shares and thereafter to issue the classified or reclassified shares provides us with increased flexibility in structuring possible future financings and acquisitions and in meeting other needs that might arise. These actions can be taken without shareholder approval, unless shareholder approval is required by applicable law or the rules of any stock exchange or automated quotation system on which our securities may be listed or traded. Although we have no present intention of doing so, we could issue a class or series of shares that could delay, defer or prevent a transaction or a change in control that might involve a premium price for holders of our common shares or otherwise be in their best interest.

### Restrictions on Ownership and Transfer

For us to qualify as a REIT under the Code, our shares must be beneficially owned by 100 or more persons during at least 335 days of a taxable year of twelve months or during a proportionate part of a shorter taxable year. Also, not more than 50% of the value of our outstanding shares may be owned, directly or indirectly, by five or fewer individuals (as defined in the Code to include certain entities such as qualified pension plans) during the last half of a taxable year. These requirements do not apply to the first year for which an election to be a REIT is made.

Our declaration of trust contains restrictions on the number of our shares that a person may own. No person may acquire or hold, directly or indirectly, more than 9.8% (by value or by number of shares, whichever is more restrictive) of our outstanding Class A or Class B common shares or more than 9.8% (by value or by number of shares, whichever is more restrictive) of the outstanding shares of any class or series of our preferred shares.

Our declaration of trust further prohibits (a) any person from owning our shares if that ownership would result in our being "closely held" under Section 856(h) of the Code or otherwise cause us to fail to qualify as a REIT and (b) any person from transferring our shares if the transfer would result in our shares being beneficially owned by fewer than 100 persons. Any person who acquires or intends to acquire any of our shares that may violate any of these restrictions, or who is the intended transferee of our shares that are transferred to the trust for the charitable beneficiary, as described below, is required to give us immediate written notice or, in the case of a proposed or attempted transaction, 15 days prior written notice and provide us with such information as we may request in order to determine the effect of the transfer on our status as a REIT. The above restrictions will not apply if our Board determines that it is no longer in our best interests to continue to qualify as a REIT.

Our Board, in its sole discretion, may exempt, prospectively or retroactively, a person from the 9.8% ownership limits. However, the Board may not exempt a person unless, among other information, such person submits to the Board information satisfactory to the Board, in its reasonable discretion, demonstrating that (i) such person is not an individual, (ii) no individual would be considered to beneficially own shares in excess of the 9.8% ownership limits by reason of the exemption of such person from the 9.8% ownership limits and (iii) the exemption of such person from the 9.8% ownership limits will not cause us to fail to qualify as a REIT. The person also must agree that any violation or attempted violation of these restrictions will result in the automatic transfer of the shares causing the violation to the trust for the charitable beneficiary, as described below. Our Board may require a ruling from the IRS or an opinion of counsel in order to determine or ensure our status as a REIT or that compliance is no longer required for REIT qualification.

Any attempted transfer of our shares that, if effective, would result in our shares being beneficially owned by fewer than 100 persons will be null and void and the proposed transferee will not acquire any rights in the shares. Any attempted transfer of our shares that, if effective, would result in violation of the 9.8% ownership limits discussed

above or in our being “closely held” under Section 856(h) of the Code or otherwise failing to qualify as a REIT will cause the number of shares causing the violation (rounded to the nearest whole share) to be automatically transferred to a trust for the exclusive benefit of one or more charitable beneficiaries, and the proposed transferee will not acquire any rights in the shares. The automatic transfer will be deemed to be effective as of the close of business on the Business Day (as defined in the declaration of trust) prior to the date of the transfer. Shares held in the trust for the charitable beneficiary will be issued and outstanding shares. The proposed transferee will not benefit economically from ownership of any shares held in that trust, will have no rights to dividends or other distributions and no rights to vote or other rights attributable to the shares held in that trust. The trustee of the trust for the charitable beneficiary will have all voting rights and rights to dividends or other distributions with respect to shares held in that trust. These rights will be exercised for the exclusive benefit of the charitable beneficiary. Any dividend or other distribution paid prior to our discovery that the shares have been transferred to the trust for the charitable beneficiary will be paid by the recipient to the trustee upon demand. Any dividend or other distribution authorized but unpaid will be paid when due to the trustee. Any dividend or other distribution paid to the trustee will be held in trust for the charitable beneficiary. Subject to

## Table of Contents

Maryland law, the trustee will have the authority (i) to rescind as void any vote cast by the proposed transferee prior to our discovery that the shares have been transferred to the trust and (ii) to recast the vote in accordance with the desires of the trustee acting for the benefit of the charitable beneficiary. However, if we have already taken irreversible corporate action, then the trustee will not have the authority to rescind and recast the vote.

Within 20 days of receiving notice from us that any of our shares have been transferred to the trust for the charitable beneficiary, the trustee will sell those shares to a person designated by the trustee, whose ownership of the shares will not violate the above ownership limitations. Upon the sale, the interest of the charitable beneficiary in the shares sold will terminate and the trustee will distribute the net proceeds of the sale to the proposed transferee and to the charitable beneficiary as follows. The proposed transferee will receive the lesser of (i) the price paid by the proposed transferee for the shares or, if the proposed transferee did not give value for the shares in connection with the event causing the shares to be held in the trust (e.g., a gift, devise or other similar transaction), the Market Price (as defined in our declaration of trust) of the shares on the day of the event causing the shares to be held in the trust and (ii) the price received by the trustee from the sale or other disposition of the shares. Any net sale proceeds in excess of the amount payable to the proposed transferee will be paid immediately to the charitable beneficiary. If, prior to our discovery that shares have been transferred to the trust, the shares are sold by the proposed transferee, then (i) the shares shall be deemed to have been sold on behalf of the trust and (ii) to the extent that the proposed transferee received an amount for the shares that exceeds the amount he was entitled to receive, the excess shall be paid to the trustee upon demand.

In addition, shares held in the trust for the charitable beneficiary will be deemed to have been offered for sale to us, or our designee, at a price per share equal to the lesser of (i) the price per share in the transaction that resulted in the transfer to the trust (or, in the case of a devise or gift, the Market Price at the time of the devise or gift) and (ii) the Market Price on the date we, or our designee, accept the offer. We will have the right to accept the offer until the trustee has sold the shares. Upon a sale to us, the interest of the charitable beneficiary in the shares sold will terminate and the trustee will distribute the net proceeds of the sale to the proposed transferee.

All certificates evidencing our shares will bear a legend referring to the restrictions described above.

Every owner of more than five percent (or such lower percentage as required by the Code or the regulations promulgated thereunder) of our outstanding shares, within 30 days after the end of each taxable year, is required to give us written notice, stating his or her name and address, the number of shares of each class and series of our shares which he or she beneficially owns and a description of the manner in which the shares are held. Each such owner shall provide us with such additional information as we may request in order to determine the effect, if any, of his or her beneficial ownership on our status as a REIT and to ensure compliance with the ownership limits. In addition, each shareholder shall upon demand be required to provide us with such information as we may request in good faith in order to determine our status as a REIT and to comply with the requirements of any taxing authority or governmental authority or to determine such compliance.

These ownership limits could delay, defer or prevent a transaction or a change in control that might involve a premium price for our common shares or otherwise be in the best interest of the shareholders.

### Transfer Agent and Registrar

The transfer agent and registrar for our common shares is American Stock Transfer and Trust Company, LLC.

### Distributions

Our declaration of trust provides that our Board may authorize and we may declare such dividends or other distributions as our Board, in its discretion, determines. When making a determination of whether to authorize a dividend, the Board will make the determination consistent with its duties under Maryland law. We will not make or pay a dividend, however, when the payment of such dividend would result in us being unable to pay our debts as they become due in the usual course of business or our assets being less than our total liabilities.

We have paid regular distributions to our shareholders. Because all of our operations are performed through our Operating Partnership, our ability to pay distributions depends on our Operating Partnership's ability to make distributions to us and its other partners.

Provided we have sufficient cash flow to pay distributions, we intend to continue to declare distributions to our shareholders on a quarterly basis and to pay the distributions in three equal monthly installments during the following quarter.

Table of Contents

We are required to make distributions sufficient to satisfy the requirements for qualification as a REIT for tax purposes. Generally, income distributed to our shareholders will not be taxable to us under the Code so long as we distribute at least 90% of our taxable income each year. See “Material U.S. Federal Income Tax Considerations - Annual Distribution Requirements.”

Distributions will be authorized at the discretion of our Board, in accordance with our earnings, cash flow and general financial condition. The Board's discretion will be directed, in substantial part, by its obligation to cause us to comply with the REIT requirements. Because we may receive income from interest or rents at various times during our fiscal year, distributions may not reflect our income earned in that particular dividend period but may be made in anticipation of cash flow that we expect to receive during a later period and may be made in advance of actual receipt of funds in an attempt to make distributions relatively uniform. We may borrow money, issue new securities or sell assets in order to make dividend distributions. Our Board, in its discretion, may retain any portion of our cash on hand for working capital. We cannot assure you that sufficient cash will be available to pay distributions to you.

The following table summarizes the cash dividends/distributions paid to holders of common shares and holders of OP units for the periods indicated (in thousands, except per share data):
