BOSCOM TO SELL ITS PRINTBOS ACTIVITY

TERADYON, ISRAEL - July 18, 2005 - B.O.S. Better Online Solutions Ltd. ("BOS" or the "Company") (NASDAQ: BOSC, TASE: BOSC), announced today that its wholly-owned subsidiary, BOScom Ltd., has signed an asset purchase agreement with Consist Technologies Ltd. and Consist International Inc. (collectively, "Consist"), for the sale of its PrintBOS activities including all related intellectual property rights, customer and supplier agreements, distribution channels, goodwill and workstations. BOScom shall also transfer employees to Consist. In consideration, BOScom shall receive \$500,000 plus a contingent payment in each of the next three years equal to 6-10% of the future revenues exceeding \$1M per year, that Consist generates from the PrintBOS activities. The closing of the transaction is subject to approval of the Office of the Israeli Chief Scientist.

Adiv Baruch, President and CEO of BOS commented that "in order to continue implementing our strategy, we went through an intensive process to identify a global company with local presence who will have all the available resources required to continue investing and growing the PrintBOS business faster than with the resources that could have been allocated by BOScom for this purpose. Key factors for the transaction were to keep the existing team of employees and the existing distributors for customer satisfaction thus creating a smooth continuation of the product line. Finalizing the transaction with Consist was based on the mutual vision both companies had throughout the process."

Edouard Cukierman, Chairman of the Board, said "the selling of the PrintBOS activities to Consist is one more step of implementing the strategy we announced a while back, of growing through mergers and acquisitions while concentrating on activities that are significant in size and profitable. Our revenues from the PrintBOS activity in the first quarter of 2005 were approximately \$215,000."
