FOR IMMEDIATE RELEASE

**Q1/2006: ANOTHER RECORD**  
**QUARTER FOR SILICOM**

***9 Consecutive Quarter of Rising Revenues;  
New Records for Sales, Operating Income and Net Income***

**KFAR SAVA, Israel April 24, 2006 Silicom Ltd. (NASDAQ and TASE: SILC)** today reported record financial results for the first quarter ended March 31, 2006.

Revenues for the first quarter of 2006 were \$3,287,000, an increase of 44% compared with \$2,280,000 for the first quarter of 2005, and an increase of 5% compared with \$3,126,000 for the fourth quarter of 2005. These are the highest quarterly sales in Silicom's history and the Company's ninth consecutive quarter of rising revenues.

Net income for the quarter was a record \$548,000, or \$0.11 per share (basic and diluted), more than triple the net income of \$150,000, or \$0.04 per share (basic and diluted), recorded in the first quarter of 2005, and an increase of 16% compared with \$473,000, or \$0.11 per share (basic and diluted) for the fourth quarter of 2005.

The Company's cash and cash equivalents at the end of the quarter totaled \$7.8 million compared to \$1.8 million (net) at the end of the fourth quarter of 2005 reflecting the contribution of the public offering completed in January 2006 and the quarter's positive cash flow.

Commenting on the results, Shaiké Orbach, President and CEO, said, "We are proud to kick off 2006 with the strongest quarter in our history, setting new records for our revenues, operating profit and net income. These satisfying results reflect the contribution of a growing platform of repeat sales and a flow of new Design Wins, together with a steady level of expenses. During the quarter, we recorded strategic Design Wins with two new customers, a major manufacturer of traffic management/load balancing appliances and an industry-leading provider of Internet security appliances. Also during the quarter we dual-listed the Company on the Tel Aviv Stock Exchange and completed a \$6 million public offering, moves that have increased the liquidity of our share and increased our working capital.

Taken as a whole, with strong cash reserves, a growing range of superb products, an expanded foundation of about 35 Design Wins and a strong presence in the security, storage, load balancing, traffic management and other industries, we believe that we are well positioned to achieve new records in our 2006 revenues and net income.
