**FOR IMMEDIATE RELEASE**

**Matav Board Approves Final Terms of the Merger of the Israeli Cable Operators**

NETANYA, Israel April 30, 2006 Matav-Cable Systems Media Ltd. (NASDAQ & TASE: MATV) today announced that its board of directors has approved the final version of the agreement to be entered into with the Israeli Cable Operators, namely the group led by Golden Channels G.P., and the group led by Tevel International Telecommunications Ltd., for the purchase by Matav, directly or indirectly, of all of the outstanding shares, partners' rights, or assets and liabilities of each of the entities constituting the groups. The agreement has been approved in principle by the other parties which expect to have the agreement formally approved by their applicable governing bodies over the coming days. The merger will be effected retroactively as of January 1, 2006, such that the business operating results of the merged activity commencing as of that date will be attributed to the merged company.

In consideration for the above acquisition, Matav will assume, directly or indirectly, the financial liabilities of the entities constituting the groups as of December 31, 2005 in an aggregate amount of approximately NIS 3 billion, and will issue approximately 45,600,000 shares to the groups' direct or indirect owners, constituting approximately 60% of Matav's outstanding shares following the completion of the transaction. Accordingly the holdings of Matav's existing shareholders will be diluted. The Company expects that the agreement will be executed by all parties in the coming days, following the formal approval of its terms by all of the other parties.

Following the completion of the transaction, the Company's ordinary shares will be held by the direct and indirect owners of the entities constituting the groups, in direct proportion to the number of television subscribers of each of the entities, as of September 30, 2005, based on an attribution of financial debt of NIS 4,037.5 per subscriber.

The largest shareholders of the Company following the closing of the transaction will be the Fishman Group, Yedioth Communications Ltd., Delek Investments and Properties Ltd., and Bank Leumi Le-Israel Ltd.

Since the Company's financial debt, as of December 31, 2005, was lower than NIS 4,037.5 per subscriber, the Company will purchase from Tevel immediately prior to the closing of the transaction, approximately 125,000 of Tevel's television subscribers in consideration for the sum of NIS 6,277.5 per subscriber. The purchase of Tevel subscribers will be entirely funded through bank credit and will be effected retroactively as of January 1, 2006. The prior purchase from Tevel will equalize the level of financial debt per television subscriber among the Company and the other groups. The approximate sum of NIS 3 billion in financial liabilities assumed by the Company as described above, includes the additional debt to be assumed by Matav in order to purchase Tevel's television subscribers.

## Edgar Filing: MATAV CABLE SYSTEMS MEDIA LTD - Form 6-K

The transaction is to be funded by a credit facility which is currently being negotiated by the Company and its banks, in accordance with certain agreed upon principles.

The Company's largest shareholders following the acquisition have agreed to entitle each other to certain rights of first refusal with respect to sales of the Company's ordinary shares for a period of five years following the closing of the transaction.

The completion of the transaction is subject to various conditions precedents, including the completion of due diligence, the execution of a definitive agreement regarding the finance of the merged entity and the receipt of certain third party and regulatory approvals. The completion of the transaction is also subject to the approval of the shareholders of the Company and their approval of certain amendments to the Company's Articles of Association, including with respect to the structure of the Company's board. The transaction is also subject to the completion of certain actions by the parties necessary so that either the Fishman Group or Yedioth Communications Ltd will be the Company's largest shareholder immediately following the closing of the transaction.

There is no assurance that these conditions will be satisfied or that the proposed transaction, or a similar transaction, will be consummated on these or any other terms. The Company is examining the accounting consequences of the transaction in its present format and the accounting treatment for it in the Company's financial statements. The transaction will be accounted for (if and when consummated) on the date upon which all the prerequisites are met.
