B.O.S Better Online Solutions Reports Fourth Quarter and Year 2007

Financial Results

Outlook for 2008 Growth of 123% in Proforma revenues to \$55

million and EBITDA over \$2 million

Rishon Lezion, Israel (PR News WIRE) March 27, 2008 B.O.S. Better Online Solutions Ltd. (BOS or the Company) (NASDAQ: BOSC; TASE: BOSC), a leading provider of comprehensive Mobile and RFID solutions and Supply Chain solutions for the enterprise, reported today its results for the fourth quarter and the year ended December 31, 2007.

Shmuel Koren, BOS President & CEO said: 2007, which was my first year with the Company, was a very intensive year for us, as we focused on building the Company for 2008 and onwards. We consummated two important acquisitions: first of Summit Radio Corp. in the United States, and recently we closed the Dimex acquisition in Israel. In addition, we have upgraded our Research & Development and Sales & Marketing teams, and as a result can now offer more comprehensive solutions, mainly in the field of Mobile & RFID. With these in place, we are, for the first time, providing the market with forecasts relating to our operational business in 2008. I look forward to a challenging and prosperous 2008

Highlights

- u Outlook for 2008 Proforma revenues of \$55 million and EBITDA over \$2 million (giving effect to the acquisitions of Dimex, as if it had occurred on January 1, 2008).
- u Net Loss from continuing operations for the year 2007 was \$8.6 million, \$7.3 million of which resulted from:
 - \$5.6 million loss in BOS's holdings in New World Brands Inc. (OTC:NWBD.OB) and Qualmax Inc. (PINKSHEET:QMXI.PK), due to a decrease in the share price of these companies as of December 31, 2007. The Company received its holdings in New World Brands and Qualmax in the years 2005 and 2006 as consideration for selling its communication division and the results of these companies have no effect on our business or our cash flow planning;
 - \$611 thousands, non cash expenses related to conversion of convertible notes into equity during June 2007;
 - \$1.1 million related to amortizations and options compensation.
- u Record revenues in the fourth quarter of \$7.2 million and record back log of \$12.9 million as of December 31, 2007.
- u Net loss on a non-GAAP basis for the year 2007 was \$1 million and for the fourth quarter of year 2007 was \$671 thousands

Revenues for the fourth quarter of 2007 amounted to \$7.2 million, an 18.7% increase over the revenues in the comparable quarter in 2006. Revenues for the year ended 2007 amounted to \$23.8 million, a 13.6% increase over the revenues in 2006.

Our backlog as of December 31, 2007 amounted to a record number of \$12.9 million, compared to \$6.1 million at the end of 2006.

Gross profit for the fourth quarter of 2007 amounted to \$1.1 million, compared to \$1.3 million in the fourth quarter of 2006. On a non GAAP basis (i.e. excluding amortization of intangible assets and inventory write off), the gross profit of the fourth quarter of 2007 was \$1.46 million compared to \$1.3 million in the fourth quarter of 2006. Gross profit for the year 2007 amounted to \$4.7 million which is the same amount as was in 2006. On a non GAAP basis (i.e. excluding amortization of intangible assets and inventory write off), the gross profit of the year 2007 was

Edgar Filing: BOS BETTER ONLINE SOLUTIONS LTD - Form 6-K

\$5.0 million, compared to \$4.7 million in the year 2006.

Operating loss in the fourth quarter of 2007 amounted to \$1.3 million, compared to operating loss of \$283 thousands in the fourth quarter of 2006. On a non GAAP basis (i.e. excluding amortization of intangible assets and inventory write off and options compensation), the operating loss for the fourth quarter of 2007 was \$640 thousands compared to a loss of \$81 thousands in the fourth quarter of 2006.

The increase in operating loss is attributed mainly to:

(a) Extensive investments in expanding our direct and indirect sales channels worldwide, especially in the Americas. In addition, we made investments in technology to expand our product offerings, mainly by developing an RFID platform that supports a variety of solutions. This combination of investment in sales channels and significantly strengthening our technological offerings is expected to be our growth engine for the year 2008.

(b) As a result of the sharp devaluation of the dollar against the NIS, in the rate of 9.9% during the year 2007, our payroll costs, which are quoted in NIS and translated into dollars for reporting purposes, increased by approximately \$240 thousands in the year 2007 and by \$60 thousand in the fourth quarter of 2007. We are in process of adjusting our pricing model, in order to reduce the effect of the devaluation of the dollar against the NIS on the year 2008 results.

(c) During the year 2007 we explored several merger and acquisition opportunities, which did not mature into a transaction but resulted in an increase in our operating expenses.

Financial expenses in the fourth quarter of 2007 amounted to \$47 thousands, as compared to \$224 thousands in the fourth quarter of 2006. Financial expenses in the year 2007 amounted to \$469 thousands, compared to \$626 thousands in the year 2006. The reduction is related to the conversion of convertible notes in June 2007.

Other expenses in the fourth quarter of 2007 and for the year 2007 include a \$5.6 million loss in BOS's holdings in New World Brands Inc. (OTC:NWBD.OB) and Qualmax Inc. (PINKSHEET:QMXI.PK), due to a decrease in the share price of these companies as of December 31, 2007. The Company received its holdings in New World Brands and Qualmax in the years 2005 and 2006 as consideration for selling its communication division and the results of these companies have no effect on our business or our cash flows planning.

On June 21, 2007, the holder of our convertible notes converted the entire outstanding principal amount of the notes, of approximately \$ 2.2 million, into BOS Ordinary Shares. As a result of the conversion, the Company recorded a one-time non-cash expense in the second quarter of 2007, in the amount of \$611 thousands.

Loss from continuing operations for the fourth quarter of 2007 amounted to \$6.8 million, compared to loss of \$445 thousands in the fourth quarter of 2006. On a non GAAP basis (i.e. excluding amortization of intangible assets, inventory write off, options compensation, loss related to holdings in New World Brands Inc. and Qualmax Inc., and expenses related to conversion of debt), the operating loss for the fourth quarter of 2007 was \$671 thousands, compared to a loss of \$308 thousands in the fourth quarter of 2006.

Loss from continuing operations for the year 2007 amounted to \$8.6 million, compared to loss of \$1.6 million in the year 2006. On a non GAAP basis (i.e. excluding amortization of intangible assets, inventory write off, options compensation, loss related to holding in New World Brands Inc. and Qualmax Inc. and expenses related to conversion of debt), the loss from continuing operations for year 2007 was \$1.3 million compared to loss of \$723 thousands in year 2006.

On November 21, 2007, we purchased 100% of the outstanding shares of Summit Radio Corp. This acquisition is an important addition to our international activities, especially in the United States. We believe that Summit's business is highly synergistic with the business of our supply-chain division. Summit's reputation, built over 50 years of operations, allows us to expand our supply-chain sales to major international aviation and aerospace manufacturers, as well as offer our RFID and enterprise software solutions to the US market.

On March 12, 2008, we completed the acquisition of the assets and activities of Dimex Systems Ltd. (Dimex). Dimex, Israeli private company incorporated in 1988, is an integrator of AIDC (Automatic Identification and Data Collection) solutions based on RFID and Barcode technology. We have already begun to leverage the substantial synergy between BOS and Dimex and offer integrated solutions that are very well received by the market and are leading us to becoming a significant player in the Mobile & RFID market.

Information with respect to non-GAAP reconciliation to GAAP accompanies the condensed financial statements in this release.

Liquidity and capital resources

Our cash and cash equivalents increased to \$4.3 million as of December 31, 2007, from \$2 million as of December 31, 2006. Shareholders equity increased to \$14.4 million as of December 31, 2007 from \$12.3 million as of December 31, 2006. Our liabilities increased to \$16.7 million as of December 31, 2007 from \$12.2 million as of December 31, 2006.

Edouard Cukierman BOS Chairman of the Board added: With the acquisitions of Summit and of Dimex, and the Company's increasing presence in the RFID market, we look forward to a positive impact on our results in the year 2008.

About BOS

B.O.S Better Online Solutions Ltd. (BOS) was established in 1990.

BOS's operations consist of:

- (i) Fully integrated Mobile and RFID Solutions that combine:
 - (a) Software Applications RFID Server, system management application and data collection tools with seamless interface to business application, and
 - (b) Mobile Infrastructure Automatic identification and data collection equipment based on RFID and barcode technology; and
- (ii) Supply Chain Solutions, reselling electronic systems and components for security, aerospace and network.

BOS is traded on NASDAQ and on the Tel-Aviv Stock Exchange. Our website is www.boscorporate.com.

The forward-looking statements contained herein reflect management's current views with respect to future events and financial performance. These forward-looking statements are subject to certain risks and uncertainties that could cause the actual results to differ materially from those in the forward-looking statements, all of which are difficult to predict and many of which are beyond the control of BOS. These risk factors and uncertainties include, amongst others, the dependency of sales being generated from one or few major customers, the uncertainty of our being able to maintain current gross profit margins, inability to keep up or ahead of technology and to succeed in a highly competitive industry, inability to maintain marketing and distribution arrangements and to expand our overseas markets, uncertainty with respect to the prospects of legal claims against BOS; and additional risks and uncertainties detailed in BOS's periodic reports and registration statements filed with the U.S. Securities Exchange Commission. BOS undertakes no obligation to publicly update or revise any such forward-looking statements to reflect any change in its expectations or in events, conditions or circumstances on which any such statements may be based, or that may affect the likelihood that actual results will differ from those set forth in the forward-looking statements.

Reconciliation of Non-GAAP Financial Measures in Accordance with SEC Regulation G

BOS reports financial results in accordance with U.S. GAAP and herein provides some non-GAAP measures. These non-GAAP measures are not in accordance with, nor are they a substitute for, GAAP measures. These non-GAAP measures are intended to supplement the Company's presentation of its financial results that are prepared in accordance with GAAP. The Company uses the non-GAAP measures presented to evaluate and manage the Company's operations internally. The Company is also providing this information to assist investors in performing additional financial analysis that is consistent with financial models developed by research analysts who follow the Company.

The reconciliation set forth below is provided in accordance with Regulation G and reconciles the non-GAAP financial measures with the most directly comparable GAAP financial measures.
