Forward Looking Statements Disclaimer Certain statements made in this presentation that are not historical are forward-looking within the meaning of the Private Securities Litigation Reform Act of 1995. The words "estimate", "project", "intend", "expect", "believe" and similar expressions are intended to identify forward-looking statements. These forward-looking statements involve known and unknown risks and uncertainties. Many factors could cause the actual results, performance or achievements of Gilat to be materially different from any future results, performance or achievements that may be expressed or implied by such forward-looking statements, including, among others, changes in general economic and business conditions, inability to maintain market acceptance to Gilat's products, inability to obtain financing and/or timely develop and introduce new technologies, products and applications, rapid changes in the market for Gilat's products, loss of market share and pressure on prices resulting from competition, introduction of competing products by other companies, inability to manage growth and expansion, loss of key OEM partners, inability to attract and retain qualified personnel, inability to protect the Company's proprietary technology and risks associated with Gilat's international operations and its location in Israel. Gilat undertakes no obligation to update or revise any forward-looking statements for any reason. For additional information regarding these and other risks and uncertainties associated with Gilat's business, reference is made to Gilat's reports filed from time to time with the Securities and Exchange Commission.

Unaudited/Non-GAAP Financial Measures This presentation includes financial data that is not audited and financial data that was not prepared in accordance with U.S. Generally Accepted Accounting Principles (GAAP). Non-GAAP financial measures appearing in this presentation consist of GAAP financial measures adjusted to exclude, non cash share-based compensation expenses, impairment of goodwill and long lived assets, amortization of acquired intangible assets, restructuring, trade secrets litigation expenses, tax expenses under amnesty program and other non-recurring expenses and net income or loss from discontinued operations. Gilat believes these non-GAAP financial measures provide consistent and comparable measures to help investors understand Gilat's current and future operating performance. However, our non-GAAP financial measures are not meant to be considered in isolation or as a substitute for comparable GAAP measures, and should be read in conjunction with Gilat's consolidated financial statements prepared in accordance with GAAP. Additionally, these non-GAAP financial measures may differ materially from the non-GAAP financial measures used by other companies.

Rural Broadband

Edgar Filing: GILAT SATELLITE NETWORKS LTD - Form 6-K

RURAL BROADBAND – Delivering Core Infrastructure Supporting Nation Building Growing service revenues Target:Recurring revenues >\$50M / year, profitable, starting 2019 Broadband to unserved & underserved Bridging the digital divide Connecting communities and individuals to the world via broadbandInnovating to deliver affordable Consumer and Enterprise solutions Large governmental projects in Peru and Colombia Peru – FITEL projectsA \$2B+ program to build terrestrial networksacross Peru8 Regional Projects awarded so far - 4 to Gilat (~\$400M)~\$230M construction revenue ~\$170M operational revenue over 10 years

National Broadband Network (NBN) Enterprise project

Edgar Filing: GILAT SATELLITE NETWORKS LTD - Form 6-K

NBN Co and Speedcast Select Gilat for Business and Enterprise Satellite Service in Australia; Valued at Tens of Millions of Dollars February 5, 2018 Gilat to deliver the satellite platform for NBN Co to serve nationwide business in regional and rural Australia

Edgar Filing: GILAT SATELLITE NETWORKS LTD - Form 6-K

NBN - National Broadband Networks AUSTRALIA Established in 2009, government-owned, budget of \$49B
Objective is to extend broadband to rural Australia Launched 2 satellites (Skymuster 1A and 1B) – 135 Gbps over 202
beams in 2016 Active service to approximately 70,000 consumers

Edgar Filing: GILAT SATELLITE NETWORKS LTD - Form 6-K

The Enterprise project Extending broadband connectivity to enterprises and government entities in rural Australia (agriculture businesses, banks, government service offices etc.)Speedcast (Australian service provider) as the prime vendor to provide full managed services, including: installations, maintenance of remote sites, BSS/OSS, program managementPer Speedcast PR - initial deal size of \$107M AUD (\$84M USD) expected to grow up to \$184M AUD (\$140M USD)Gilat as a key supplier, providing: network design, technology, equipment and 10 years of network management (NOC) NBN Speedcast Gilat Other Vendors GILAT IS PART OF THE DIRECT NBN GOVERNANCE.

Why GIAT Solution is based on our cloud-based distributed X-architectureSingle platform for multi-applications, giving satellite operators the flexibility to expand customer-base according to market demand (Enterprise, Cellular Backhaul, Consumer, Mobility)High spectral efficiency (meaning: more capacity per user or more customers on same capacity), enabling satellite operators to better monetize their investment SkyEdge II-c
