SECTION 1 - REGISTRANT'S BUSINESS AND OPERATIONS

Item 1.01 Entry into a Material Definitive Agreement.

On October 25, 2011 Uranium Energy Corp. (the "Company"),

Minas Rio Bravo S.A., Compania Minera Rio Verde S.A. and Minas La Roca S.A. (the "Vendors"), and Piedra Rica Mining S.A., the Company's Paraguayan subsidiary (the "Purchaser"), entered into a Property Acquisition Agreement (the "Agreement"), dated effective as of October 14, 2011 and fully executed on October 25, 2011, pursuant to which the Purchaser proposes to acquire, subject to a gross overriding royalty, a 100% legal and beneficial interest in and to a total of six unencumbered prospecting permits covering approximately 740,000 acres located in the area of Coronel Oviedo, Paraguay (collectively, the "Property"; and in the aggregate the "Acquisition").

The Property interests to be acquired are contiguous on the northwest, west and east of the Company's existing 247,000-acre Coronel Oviedo Project in central Paraguay. The proposed Acquisition would increase the Company's total land package held in Paraguay to 987,000 acres.

Pursuant to the terms of the Agreement, the consideration to be paid by the Company to the Vendors for the Property shall consist of:

- (a) a cash payment of U.S. \$7,500;
- (b) the deemed repayment and corresponding relinquishment by the Company and/or the Purchaser of each of those certain promissory notes dated June 10, 2011 (collectively, the "Promissory Notes") from each of the Vendors to the Company and/or the Purchaser with a current principal amount of approximately \$143,833; said Promissory Notes having represented certain regulatory and insurance fees and amounts which had been previously advanced by the Company and/or the Purchaser to the Vendors in order to maintain the various mineral assets that make up the Property prior to the proposed Acquisition; and
- (c) the one-time and aggregate issuance of 100,000 restricted common shares of the Company's common stock (the "Acquisition Shares"), which the parties to the Agreement acknowledge and agree shall be valued at a deemed issuance price of \$3.25 per Acquisition Share.

In addition to the consideration described above, the closing of the Acquisition is subject to standard conditions precedent, which include, without limitation, prior satisfactory due diligence, approval by MOPC (the ministry in Paraguay with jurisdiction over mining) and NYSE Amex approval of the issuance of the Acquisition Shares.

The Company has also agreed to provide the Vendors with a royalty interest in the amount of one and one-half percent (1.5%) of the gross proceeds received by the Company in connection with any uranium which is produced and sold from any of the mineral interests in the Property. The Company also has the exclusive right and option at any time to acquire one-half percent (0.5%) of the aggregate royalty interest for \$500,000 and, in addition, the Vendors have granted the Company a right of first refusal to acquire all or any portion of the remaining one percent (1.0%) royalty interest.
