The Career Restricted Stock Units will be paid out in shares of Issuer common stock at the time of retirement based upon the Reporting Person's/grantee's attained age and years of continuous service at the time of retirement. To receive any payout under the Career Shares Program, grantees must be at least years 55 years old and must have been continually employed by the Issuer for a minimum of 10 years.

In the event of grantee's death or permanent disability, or following a change in control of Issuer, the grantee will be deemed to have attained age 55 and the Career Restricted Stock Units will immediately vest and convert into shares of Issuer common stock based on the grantee's years of continuous service through the date of death, termination resulting from permanent disability or the change in control, as applicable.
