Group Finance Director Comments on 2010 Performance

At an investor seminar today focused on Barclays Global Retail Banking businesses, Chris Lucas, Group Finance Director, commented on overall Barclays performance in 2010 as follows:

"At a Group level, the trends underlying our performance in Q2 have been similar to Q1 with the following exceptions:

1. As has been widely reported, Investment Banking market conditions in May and June have been softer, in particular reflecting lower levels of capital markets and M&A activity.
2. Whilst impairment trends in our Spanish Retail Banking business continue to improve, conditions in Barclays Corporate in Spain have worsened reflecting continued downward movements in real estate valuations in Spain.
3. Our guidance for impairment overall for Barclays in 2010 remains for an overall improvement over 2009 of between 15 and 20%.
4. Finally, Barclays credit spreads have widened over Q2 and this will result in a not insubstantial own credit gain."
