PROXY STATEMENT

for

ANNUAL MEETING OF SHAREHOLDERS

To Be Held on May 5, 2004

GENERAL

The accompanying proxy is solicited on behalf of the Board of Directors of El Paso Electric Company (the "Company") for use at its 2004 Annual Meeting of Shareholders (the "Annual Meeting") to be held on Wednesday, May 5, 2004, at the Company's principal offices, and at any adjournments thereof. The Company's principal offices are located at the Stanton Tower Building, 100 N. Stanton, El Paso, Texas 79901.

The cost of soliciting proxies will be borne by the Company. In addition to the use of the mails, proxies may be solicited by personal interview, telephone, fax, or other electronic means by the directors, officers, employees and agents of the Company. The Company will reimburse brokers, banks and other persons for reasonable expenses in sending proxy materials to beneficial owners. To assist in the distribution of proxy material and solicitation, the Company has engaged Georgeson Shareholder Communications, Inc. for a fee of \$5,000 plus out-of-pocket expenses.

This Proxy Statement and the accompanying form of proxy are first being mailed to shareholders of the Company on or about March 31, 2004.

SHARES OUTSTANDING, VOTING RIGHTS AND REVOCABILITY OF PROXIES

At the close of business on March 8, 2004, the record date for determination of the shareholders entitled to notice of and to vote at the Annual Meeting, the Company had outstanding 47,588,360 shares of its common stock (the "Common Stock").

Each outstanding share of Common Stock is entitled to one vote. The holders of at least a majority of the issued and outstanding shares of Common Stock must be represented in person or by proxy at the Annual Meeting for a quorum to be present and business to be conducted. The vote of a plurality of the votes cast at the meeting is required for the election of each Class II Director.

A shareholder having the right to vote may vote either in person or by proxy executed in writing by the shareholder. A telegram, telex, cablegram or similar transmission by a shareholder or photographic, photostatic, facsimile or similar reproduction of a writing executed by the shareholder, shall be treated as an execution in writing.

A shareholder who signs and returns a proxy may revoke that proxy at any time before the Annual Meeting by filing with the Secretary of the Company an instrument in writing revoking the proxy, delivering a duly executed proxy bearing a later date, or attending the meeting and voting in person. The shares represented by a proxy given and not so revoked will be voted and, where the shareholder specifies a choice with respect to any matter to be acted upon and for which a ballot is provided in the proxy form, the shares will be voted in accordance with the specification so made. If a proxy is returned, but no choice is specified, the shares will be voted FOR the election of the four nominees described below as Class II Directors. If no proxy is returned, the shares represented by such proxy will not be voted.

The election of Class II Directors is the only matter the Board of Directors knows will be presented at the Annual Meeting. If, however, any other matters are properly presented at the Annual Meeting, the proxy holder will have discretionary authority to vote the shares represented by properly executed proxies in accordance with the proxy holder's discretion and judgment as to the best interests of the Company.

Abstentions are included in the determination of the number of shares represented at the Annual Meeting for purposes of determining whether a quorum is present and are counted as a vote AGAINST when determining whether a proposal has been approved. Broker non-votes are not included in the determination of the number of shares represented at the Annual Meeting for purposes of determining whether a quorum is present and are not counted for purposes of determining whether a proposal has been approved.

PROPOSAL 1 ELECTION OF CLASS II DIRECTORS

Article III, Section 2 of the Company's Bylaws divides the Board of Directors into three classes, as nearly equal in number as possible, each of which is elected for a three-year term. After the annual meeting of shareholders on May 8, 2003, the Board had thirteen members: Classes II and III contained four members each, and Class I contained five members. There was a vacancy in Class III because of the resignation of James Haines in November 2002. J. Robert Brown joined the Board of Directors in May 2003 as a Class III Director to fill the unexpired term of Mr. Haines. Wilson K. Cadman and James A. Cardwell, both presently Class II Directors, will retire from the Board of Directors on May 5, 2004. Pursuant to the Company's Bylaws, the Board of Directors adopted a resolution on March 11, 2004, reducing the number of directors on the Board from fourteen (14) to twelve (12) members concurrent with the retirement of Messrs. Cadman and Cardwell. As a result, Classes I and III presently contain five directors each, and Class II will contain only two directors after the retirement of Messrs. Cadman and Cardwell. Accordingly, in addition to the incumbent Class II Directors, James W. Cicconi and Patricia Z. Holland-Branch, the Board of Directors is nominating one of its current Class I Directors, George W. Edwards, Jr., and one of its current Class III Directors, J. Robert Brown, to stand for election as Class II Directors at the Annual Meeting for three-year terms expiring at the annual meeting of shareholders in 2007 or until their successors are elected and qualified.

The shares represented by the accompanying proxy will be voted to elect the four nominees as Class II Directors as recommended by the Board of Directors, who are shown

below as nominees for such class, unless authority to do so is withheld. Each nominee has agreed to the nomination and has agreed to serve if elected. Should any nominee become unavailable for election, the proxies will be voted for the election of such other person as the Board of Directors may recommend in place of such nominee.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ELECTION OF MESSRS. BROWN, CICCONI, EDWARDS AND MS. HOLLAND-BRANCH AS CLASS II DIRECTORS.

**DIRECTORS MEETINGS, COMPENSATION, COMMITTEES, INDEPENDENCE
AND CORPORATE GOVERNANCE MATTERS**

Meetings

The Board of Directors held eight meetings during 2003. All incumbent directors attended at least 75% of the total number of meetings of the Board of Directors and the committees on which they served. The Board of Directors held an executive session of non-management directors at four of the eight meetings during 2003. The Chairman of the Board of Directors presides at the executive sessions.

The Company does not have a formal policy regarding director attendance at annual meetings. However, as set forth in the Corporate Governance Guidelines, directors are expected to attend all Board meetings and the meetings of the committees on which they serve and to prepare themselves for these meetings. All members of the Board of Directors attended last year's annual meeting.

Compensation of Directors

The compensation for non-employee members of the Board of Directors during 2003 consisted of the following: (a) \$20,000 for four meetings of the Board of Directors or committees thereof per year and an additional \$1,000 for each meeting beyond four; and (b) in accordance with the terms of the El Paso Electric Company 1999 Long-Term Incentive Plan (the 1999 Plan), 3,500 shares of restricted Common Stock. In addition, the Board of Directors awarded Mr. Edwards, in consideration of his service as Chairman of the Board of Directors during 2003, 12,500 shares of Common Stock that are restricted as to sale until May 21, 2004 in accordance with the terms of the 1999 Plan. Further, the Company has at times called upon directors to attend certain meetings and events on behalf of the Company in their roles as directors for which the Company reimburses them at an hourly rate.

The Nominating and Corporate Governance Committee is presently reviewing director compensation with the assistance of an outside consultant. Subject to adjustment as a result of such review, non-employee directors will receive the same compensation in 2004 as in 2003, as will Mr. Edwards for his service as Chairman of the Board of Directors. Any shares awarded will be subject to restrictions on sale or transfer for one year and, in general, will vest if the director remains continuously in the service of the Company as a non-employee director, or Chairman of the Board in the case of Mr. Edwards, during such period.

Committees

The Board of Directors has the following standing committees: Audit, Civic and Charitable Affairs, Compensation, Executive, Palo Verde Oversight, Environmental, International Business, and Nominating and Corporate Governance.

During 2003 the Audit Committee was composed of directors Yamarone (Chairman), Parks, Cicconi, Siegel and Brown. The Audit Committee, which held twelve meetings in 2003, is responsible for appointing the independent auditors of the Company, reviewing all recommendations of the Company's independent auditors and the Company's internal auditors, reviewing and approving non-audit services performed by accountants and other consultants retained by the Company, reviewing the Company's periodic reports filed with the Securities and Exchange Commission (SEC) and otherwise overseeing the Company's financial reporting. The Audit Committee also determines whether management has established a system to promote the accuracy and completeness of the Company's financial statements and other publicly disclosed information and during 2003 reviewed and approved the charter of the Disclosure Committee pursuant to the requirement of the Sarbanes-Oxley Act. The roles and responsibilities of the Audit Committee are described in detail in a written charter adopted by the Board of Directors. The Board of Directors has determined that each member of the Audit Committee meets the experience and independence requirements of the New York Stock Exchange (NYSE) rules and Rule 10A-3(b)(1)(ii) under the Securities Exchange Act of 1934, as amended (the Act). No member of the Audit Committee serves on the audit committee of more than three public companies. The Board of Directors has determined that two audit committee financial experts, Messrs. Yamarone and Parks, serve on the Audit Committee and both are independent directors. Certain additional information concerning the composition and role of the Audit Committee is set forth under the caption Audit Committee Report which appears below in this Proxy Statement.

During 2003 the Civic and Charitable Affairs Committee was composed of directors Cardwell (Chairman), Holland-Branch, Guzman and Brown. The Civic and Charitable Affairs Committee, which held three meetings in 2003, is responsible for setting policy and reviewing an annual budget for civic and charitable contributions by the Company in the communities it serves.

During 2003 the Compensation Committee was composed of directors Heitz, Cadman, Cicconi and Yamarone. Mr. Heitz served as Chairman for a portion of the year and was succeeded by Mr. Cicconi following Mr. Heitz's resignation as Chairman. The Board of Directors has determined that each member of this committee is independent under the rules of the NYSE. The Compensation Committee, which held two meetings in 2003, is responsible for evaluating and approving the compensation of executive officers. It also reviews and approves recommended Company-wide increases for employees, as well as approving the adoption of contracts with union employees. The Compensation Committee is also responsible for evaluating, adopting and administering benefit plan programs. The roles and responsibilities of the Compensation Committee are described in detail in a written charter adopted by the Board of Directors. Certain additional information concerning the composition and role of the Compensation Committee is set forth under the caption Compensation Committee Report which appears below in this Proxy Statement.

During 2003 the Executive Committee was composed of directors Siegel (Chairman), Harris, Parks, Hedrick and Wertheimer. The Executive Committee, which held eleven meetings in 2003, is the administrative and policy-making committee of the Board of Directors,

and may exercise all powers of the Board of Directors (except as prohibited by the Texas Business Corporation Act) between meetings. In addition, the Executive Committee's responsibilities include analyzing and making recommendations to the Board of Directors regarding the maximization of shareholder value.

During 2003 the Palo Verde Oversight Committee was composed of directors Cadman, (Chairman), Guzman, Holland-Branch and Cardwell. The Palo Verde Oversight Committee, which held four meetings in 2003, is responsible for reviewing and assessing the activities and operations of the Palo Verde Nuclear Generating Station in which the Company is a participant.

During 2003 the Environmental Committee was composed of directors Cardwell (Chairman), Harris, Wertheimer and Heitz. The Environmental Committee, which held two meetings in 2003, is responsible for overseeing the affairs and operations of the Company to determine whether the Company has operated Company facilities in compliance with applicable environmental laws and regulations, and identifying existing and potential environmental issues facing the Company under federal, state and local law.

During 2003 the International Business Committee was composed of directors Holland-Branch (Chairman), Cardwell, Guzman and Wertheimer. The International Business Committee, which held three meetings in 2003, is responsible for assisting management in formulating a business development strategy for Mexico and evaluating business opportunities in Mexico.

During 2003 the Nominating and Corporate Governance Committee was composed of directors Harris (Chairman), Cadman, Siegel and Wertheimer. The Board of Directors has determined that each member of this committee is independent under the rules of the NYSE. The Nominating and Corporate Governance Committee, which held six meetings in 2003, is responsible for identifying qualified individuals to serve as members of the Board of Directors, recommending directors for appointment to Board of Directors committees, evaluating Board of Directors performance, and overseeing and setting compensation for the members of the Board of Directors. The roles and responsibilities of the Nominating and Corporate Governance Committee are described in detail in a written charter adopted by the Board of Directors. The Nominating and Corporate Governance Committee is presently assisting the Board of Directors and each of the Board committees in conducting a self-evaluation to assess their effectiveness.

Independence

In November 2003, the Board of Directors adopted Corporate Governance Guidelines which, among other things, set forth categorical standards to assist the Board of Directors in making determinations of director independence in accordance with the rules of the NYSE. The Board of Directors makes a determination regarding the independence of each director annually based on all relevant facts and circumstances. Although any director who meets the following criteria and the independence criteria of the NYSE shall be presumed to be independent (except for purposes of serving as a member of the Audit Committee which requires that the

director meet additional requirements under SEC Rule 10A-3(b)(1)(ii)), the Board may make an affirmative determination to the contrary based on its review of other factors. The following persons will not be considered to be independent:

- (i) A director who serves as an executive officer or employee of, or beneficially owns more than a 10% equity interest in, any corporation, partnership or other business entity that during the most recently completed fiscal year made payments to the Company or received payments from the Company for goods and services if such payments were more than the greater of 2% of such other entity's gross consolidated revenues for such fiscal year and \$1 million.
- (ii) A director who serves as an executive officer or employee of, or beneficially owns more than a 10% equity interest in, any bank, corporation, partnership or other business entity to which the Company was indebted at the end of its most recently completed fiscal year in an amount more than the greater of 2% of such other entity's total consolidated assets at the end of such fiscal year and \$1 million.
- (iii) A director who is a member or employee of a law firm that has provided services to the Company during the most recently completed fiscal year if the total billings for such services were more than the greater of 2% of the law firm's gross revenues for such fiscal year and \$1 million.
- (iv) A director who is a partner, executive officer or employee of any investment banking firm that has performed services for the Company (other than as a participating underwriter in a syndicate) during the most recently completed fiscal year if the total compensation received for such services was more than the greater of 2% of the investment banking firm's consolidated gross revenues for such fiscal year and \$1 million.

Applying these categorical standards and the independence criteria of the NYSE, the Board of Directors has determined that all of its directors meet the independence requirements of the NYSE except for (i) Gary R. Hedrick who serves as President and Chief Executive Officer of the Company, and (ii) Ramiro Guzman who received consulting fees from the Company for public affairs and marketing services.

In addition, the Board of Directors has determined that all members of the Audit Committee meet the independence requirements set forth in Rule 10A-3(b)(1)(ii) under the Act.

The Company has not made any charitable contributions in excess of the greater of \$1 million or 2% of the charitable organization's consolidated gross revenues within the preceding three years to any charitable organization in which a director of the Company serves as an executive officer.

Consideration of Director Nominees

The Nominating and Corporate Governance Committee will consider nominees for the Board of Directors submitted in writing by a shareholder. A shareholder wishing to nominate one or more individuals to stand for election as a director at an annual or special meeting of the shareholders must provide written notice thereof not less than eighty days in advance of such meeting; provided, however, that in the event that the date of the meeting was not publicly announced by the Corporation more than ninety days prior to the meeting, such notice, to be timely, must be delivered not later than the close of business on the tenth day following the day on which the date of the meeting was publicly announced. A shareholder's notice must set forth (a) the name and address of the shareholder making the nomination; (b) such information regarding the nominee(s) proposed by such shareholder as would be required to be included in a proxy statement filed pursuant to the proxy rules of the SEC had the nominee(s) been nominated by the Board of Directors; (c) a representation of the shareholder as to the number of shares of stock of the Company that are beneficially owned by the shareholder and the shareholder's intent to appear in person or by proxy at the meeting to propose such nomination; and (d) the written consent of the nominee(s) to serve as a member of the Board of Directors if so elected. Any such shareholder notice should be submitted in writing to: Raul A. Carrillo, Jr., Corporate Secretary, El Paso Electric Company, 100 N. Stanton, El Paso, Texas 79901.

In making its recommendations regarding nominees to serve on the Board of Directors, the Nominating and Corporate Governance Committee reviews an individual's qualifications including a determination as to the independence of the candidate based on the independence criteria described above. If the nominee is being evaluated for re-nomination to the Board of Directors, the Committee will assess the prior performance of such director. The Committee will also periodically review the composition of the Board of Directors in light of its current challenges and needs and determine whether it may be appropriate to add or remove individuals after considering issues of judgment, diversity, age, skills, background and experience. No director may serve on the boards of more than three other public companies while serving on the Company's Board of Directors.

The Board of Directors believes that directors should hold meaningful equity ownership positions in the Company. Each director is expected (but not required) to be a beneficial owner of shares of the Company's Common Stock or common stock equivalents with a market value equivalent to at least three year's annual cash retainer fees by the end of his or her second year of service on the Board of Directors. Each director who has served at least two years on the Board of Directors meets this stock ownership guideline.

Corporate Governance Matters

The Board of Directors has adopted a Code of Ethics that applies to all directors, officers and employees of the Company, including the Chief Executive Officer, the Chief Financial and Administrative Officer and the Controller. A current copy of the Code of Ethics may be found on the Company's internet website at www.epelectric.com. Any amendments to, or waivers from, any provision of the Code of Ethics applicable to the Company's Chief

Executive Officer, Chief Financial and Administrative Officer, Controller or persons performing similar functions will be disclosed by posting such information on the Company's internet website at www.epelectric.com within five business days.

The Board of Directors has adopted Corporate Governance Guidelines in compliance with the NYSE rules. A current copy of the guidelines may be found on the Company's internet website at www.epelectric.com.

Current copies of the charters of the Audit, Compensation, and Nominating and Corporate Governance Committees (the Committee Charters) may also be found on the Company's internet website at www.epelectric.com.

Printed copies of the Corporate Governance Guidelines, the Committee Charters and the Code of Ethics are available to any shareholder upon request. Requests for printed copies should be addressed to El Paso Electric Company, 100 N. Stanton, El Paso, Texas 79901, Attention: Office of the Secretary.

Shareholders may correspond directly with non-management directors by writing to James W. Harris, Chairman, Nominating and Corporate Governance Committee, P.O. Box 982, El Paso, Texas 79960.

The compensation covered by the Retirement Income Plan is the annual salary paid to the participant, which is reflected in the column titled Base Salary in the Summary Compensation Table. The estimated credited years of service for each of Messrs. Hedrick, Bassham, Bates, Carrillo and Ms. Knopp at December 31, 2003, was 27, 7, 31, 2, and 16, respectively. The benefits are computed based on straight-life annuity amounts and are not subject to any deduction or offset for social security benefits or other amounts. Pursuant to

applicable federal regulations, for periods after December 31, 1992, the maximum amount of compensation on which the benefits can be based was reduced to \$150,000 per year. The maximum amount of compensation upon which benefits can be based may be adjusted annually in \$10,000 increments, but in no event can such benefits be based on an adjusted maximum compensation in excess of that allowed by the Internal Revenue Service in connection with qualified retirement plans. For the year 2003 the maximum amount of compensation on which benefits may be based is \$200,000. Participants in the Retirement Income Plan will receive the greater of the accrued benefit at December 31, 1992, or the benefits accrued using the compensation limitation.

Employment Agreements and Related Matters

Each Named Executive Officer and certain other officers of the Company have entered into a Change of Control Agreement (the Agreement) requiring such person to remain in the employ of the Company for two years following a change in control. In the event the Named Executive Officer is terminated during such period, other than for cause or certain other reasons, the Agreement provides that such person would receive 2.99 times annual base salary plus bonuses, the actuarial equivalent of vested benefits under the Company's retirement plan calculated with three additional years of service, continuation of welfare benefits for two years and outplacement services for one year.

COMPENSATION COMMITTEE

REPORT ON EXECUTIVE COMPENSATION

General. The Compensation Committee (the Committee) of the Board of Directors is comprised entirely of independent, non-employee directors. The Committee is responsible for reviewing and approving the compensation of all executive officers of the Company, including the Named Executive Officers and for administering the 1996 and the 1999 Plans.

Compensation Philosophy and Programs. The Company desires to attract and retain the required talent necessary to achieve its business strategy and provide maximum shareholder value over the long term. As such, the following compensation philosophy is intended to facilitate the design of programs to accomplish these goals:

Provide competitive total compensation and rewards that attract and retain executive talent with appropriate experience

Motivate and reward executives for achievement of outstanding results

Align shareholder interests with those of executive management

With the help of an independent compensation consulting firm, the Committee regularly compares the salary and incentive opportunities for the executive officers with the compensation provided for similar positions at comparable companies. The firm compares the Company information to data of a similar type obtained from a peer group of utility companies

of approximately the same size as the Company and operating in the same industry (the utility comparator group).

The utility comparator group does not contain every company in the EEI 100 index used to prepare the performance graph that appears later in this Proxy Statement. The Committee believes that the companies with which the Company competes for employees are not necessarily the same as the companies included in that index.

Based on the above parameters, the Committee and Board of Directors continue to believe a total compensation program for executives should primarily be comprised of three elements: base salary, short-term incentives, and long-term incentives.

Base Salary. Base salary levels are targeted at median levels of the utility comparator group. The base salary of each executive is determined by his or her skills, experience, and potential impact on the Company's operations. Base salary adjustments are directly related to the officer's performance and success in achieving specific corporate and individual goals. In addition, the Company's overall financial performance also impacts salary adjustments. The Chief Executive Officer reviews the performance of the other executive officers and makes recommendations to the Committee based on each officer's performance. Based on the information available to it, the Committee believes that the base salaries of the executive officers are generally near the median for comparable electric utilities.

Short-Term Incentives. Each executive officer has a target incentive opportunity if the Company achieves specific annual goals that are established in advance by the Committee and the Board of Directors. Short-term incentive awards to executive officers have historically been paid in restricted Common Stock and vest equally over a four-year period with 20% vesting once the goal is achieved and 20% vesting on each anniversary of such date for the next four years. For the 2003 plan year, short-term incentive awards were to be paid in cash rather than in restricted Common Stock. It is anticipated that the annual performance goals will be stretch goals based on the achievement of corporate objectives that will lead to enhanced shareholder value. In 2003, the performance goals were related to safety, customer satisfaction and earnings per share. If a certain level of earnings per share is not attained, no bonuses will be paid for any of the measures. Due to a shortfall in meeting the pre-established earnings per share goals for 2003, none of the executive officers received bonuses. For the 2004 incentive plan, goals have been established for safety, customer satisfaction and earnings per share. Again, no short-term incentive awards will be granted unless the earnings per share goal is met.

Long-Term Incentives. In 2000, Mr. Bassham was granted a stock option to acquire 25,000 shares of Common Stock. Additionally, in 2001, when they were elected President and Chief Executive Officer, Executive Vice President, Chief Financial and Administrative Officer, and Executive Vice President and Chief Operations Officer, respectively, Messrs. Hedrick, Bassham and Bates were each awarded stock options to acquire shares of Common Stock in the amounts of 250,000, 100,000 and 100,000, respectively. In 2002, Mr. Carrillo was awarded a stock option to acquire 100,000 shares of Common Stock when he was hired.

The options have an exercise price of 100% of the market value of the Common Stock on the date of grant and vest in equal increments over 5 years. The options were designed as both a retention plan as well as a long-term incentive plan. The long-term incentive plan is intended to promote long-term growth and stability and to allow executive officers to acquire the Company's Common Stock and directly align the executive officers' personal interest with that of other shareholders.

Stock Ownership Guidelines. Recognizing that stock ownership by executive officers and directors can directly correlate to improved performance and enhancement of shareholder value, the Committee established stock ownership guidelines for executive officers and directors. The guidelines suggest that the Chief Executive Officer own Common Stock with a value equal to three times his base salary and that other executive officers and directors own Common Stock with a value equal to two times his or her base salary or annual retainer, respectively. The ownership guidelines were set in 1996 with the intention that they be met within 5 years for directors and executive officers at that time or within 5 years from the date a person becomes a director or executive officer. The stock ownership guidelines have been met by all people for whom the 5-year period is applicable.

Compensation of the Chief Executive Officer. The philosophy of the Committee and the Board of Directors is to directly tie the most significant portion of the Chief Executive Officer's compensation to the Company's success in enhancing shareholder value. The shareholders will benefit through the Chief Executive Officer's leadership in establishing and meeting short-term and medium-term financial and operational goals and his initiative in developing and implementing long-term strategy. At the same time, the Committee strongly believes that the Chief Executive Officer's total compensation should directly reflect increases in the value of the Common Stock.

The above-described philosophy guided the Board of Directors in establishing Mr. Hedrick's compensation. Mr. Hedrick's compensation has the following elements: base salary, annual incentive opportunity, restricted stock and stock options. Mr. Hedrick's base salary is \$425,000 which is the same as that paid to his predecessor and within the range of salaries of CEOs of the utility comparator group. Because the Company did not meet its 2003 or 2002 earnings per share objectives, Mr. Hedrick did not receive a bonus for 2003 or 2002. On November 5, 2001, the Board of Directors granted Mr. Hedrick 50,000 restricted shares of Common Stock and options to acquire 250,000 shares with an exercise price of \$13.59. The restricted shares and options will vest in five equal installments on January 1, 2003 and on each anniversary thereof through January 1, 2007. The amount and total value of these restricted shares of Common Stock and options was determined based on the recommendations of an outside compensation consultant. Mr. Hedrick's total compensation is below the median level of the utility comparator group with which the Company competes for executive talent. The structure of Mr. Hedrick's compensation, in the view of the Board of Directors, aligns his interests with the total return to shareholders.

AUDIT COMMITTEE REPORT

The Audit Committee assists the Board of Directors in reviewing the Company's financial reporting process. In fulfilling its responsibilities, the Audit Committee (1) reviewed and discussed the interim financial information contained in each quarterly earnings announcement with the Company's Chief Financial Officer and independent auditors prior to public release; (2) reviewed and discussed the audited financial information contained in the annual report with the Company's Chief Financial Officer and independent auditors prior to public release; (3) obtained from the independent auditors a formal written statement describing all relationships between the auditors and the Company that might bear on the auditors' independence consistent with Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, discussed with the auditors any relationships that may impact their objectivity and independence, and satisfied itself as to the auditors' independence; (4) discussed with management, the internal auditors and the independent auditors the quality and adequacy of the Company's internal controls and the internal audit function's organization, responsibilities, budget and staffing; and (5) reviewed with both the independent and the internal auditors their audit plans, audit scope, and identification of audit risks.

In addition, the Audit Committee discussed and reviewed with the independent auditors all communications required by generally accepted accounting standards, including those described in Statement on Auditing Standards No. 61, as amended, Communication with Audit Committees and, with and without management present, discussed and reviewed the results of the independent auditors' examination of the financial statements. The Audit Committee also discussed the results of the internal audit examinations.

The Audit Committee reviewed the audited financial statements of the Company as of and for the fiscal year ended December 31, 2003, with management and the independent auditors. Management is responsible for the preparation of the Company's financial statements and the independent auditors are responsible for the examination of those statements.

Based on the above-mentioned review and discussions with management and the independent auditors, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in its Annual Report on Form 10-K for the fiscal year ended December 31, 2003, for filing with the SEC. The Audit Committee also recommended the reappointment of KPMG LLP as the Company's independent auditors, and the Board of Directors concurred in such recommendation.
