INFORMATION CONCERNING SOLICITATION AND VOTING

Record Date and Share Ownership

Stockholders of record at the close of business on March 1, 2005 (the Record Date) are entitled to notice of and to vote at the Annual Meeting. At the Record Date, 46,478,830 shares of AsiaInfo's common stock (Common Stock) were issued and outstanding and held of record by approximately 148 registered stockholders.

Voting, Solicitation and Revocability of Proxy

Registered stockholders can vote by mail, telephone or the Internet. Telephone voting can be accessed by calling the toll-free number (in the United States only) 1-866-593-3363. Internet voting can be accessed by logging on to the following Internet address:

Edgar Filing: ASIAINFO HOLDINGS INC - Form DEF 14A

(<https://www.proxyvotenow.com/asi>). Telephone and Internet voting information is provided on the proxy card. A control number located on the proxy card is designed to verify each stockholder's identity and allow stockholders to vote their shares and confirm that their voting instructions have been properly recorded. If your shares are held in the name of a bank or broker, follow the voting instructions on the form you receive from your bank or broker. The availability of telephone or Internet voting will depend on your bank or broker's voting process.

If you do not choose to vote by telephone or the Internet, you may still return your proxy card, properly signed, and the shares represented will be voted in accordance with your directions. You can specify your choices by marking the appropriate boxes on the proxy card. If your proxy card is signed and returned without specifying choices, the shares will be voted in favor of proposals 1, 2 and 3. If you vote by telephone or the Internet, it is not necessary to return your proxy card.

You may revoke your proxy at any time before it is voted at the Annual Meeting by casting a different vote by telephone or the Internet, by executing a later-voted proxy by mail, by voting by ballot at the Annual Meeting, or by providing written notice of the revocation to Ivy Dong, Legal Counsel of AsiaInfo, at the Company's principal executive offices.

Your vote is important. Accordingly, regardless of whether you plan to attend the Annual Meeting, you are urged to vote by telephone, by the Internet, or by signing and returning the accompanying proxy card. If you do attend, you may vote by ballot at the Annual Meeting, thereby canceling any proxy previously given.

Table of Contents

In the event that any matter not described in this Proxy Statement properly comes before the Annual Meeting, the proxy holders named in the accompanying proxy will vote the shares represented by the proxy in accordance with their best judgment. As of the date of this Proxy Statement, AsiaInfo is not aware of any other matter that might be presented at the Annual Meeting.

Each share of Common Stock outstanding on the Record Date is entitled to one vote. The required quorum for the transaction of business at the Annual Meeting is a majority of the votes eligible to be cast by holders of shares of Common Stock issued and outstanding on the Record Date, present in person or represented by proxy. Stockholders may withhold authority to vote for one or more of the nominees for director and may abstain on one or more of the other matters that may come before the Annual Meeting. The inspector of election appointed for the Annual Meeting will determine the existence of a quorum and will tabulate the votes cast at the Annual Meeting. Broker non-votes will not be counted in determining the number of votes cast with respect to a proposal. For purposes of determining the presence of a quorum, abstentions and broker non-votes will be counted by AsiaInfo as present at the Annual Meeting. Abstentions will also be counted by AsiaInfo in determining the total number of votes cast with respect to a proposal (other than the election of directors). If, however, a quorum shall not be present or represented, the stockholders present in person or represented by proxy shall have the power to adjourn the Annual Meeting from time to time, without notice other than announcement at the Annual Meeting until a quorum shall be present or represented. If a broker indicates on a proxy that such broker does not have discretionary authority to vote on a particular matter, under applicable Delaware law those shares will be counted as present for purposes of determining the presence of a quorum, but will not be counted as votes cast on the matter and will have no effect on the outcome of the vote on such matter.

The cost of soliciting proxies will be borne by AsiaInfo. Proxies may be solicited by certain of AsiaInfo's directors, officers and employees, without additional compensation, in person or by telephone, email or facsimile. In addition, AsiaInfo has retained Morrow & Co., Inc. to assist in such solicitation. The fee to be paid to such firm is not expected to exceed \$12,000 plus reasonable out-of-pocket costs and expenses. In addition, AsiaInfo may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation materials to such beneficial owners.

RATIFICATION OF APPOINTMENT OF
INDEPENDENT AUDITORS**

General

The Board has selected the firm of Deloitte Touche Tohmatsu as AsiaInfo's independent auditors to audit the financial statements of AsiaInfo for the fiscal year ending December 31, 2005, and recommends that stockholders vote for ratification of this appointment. Deloitte Touche Tohmatsu has audited AsiaInfo's financial statements since the Company's inception in 1993.

Stockholder ratification of the selection of Deloitte Touche Tohmatsu as AsiaInfo's independent auditors is not required by AsiaInfo's By-Laws or otherwise. However, the Board is submitting the selection of Deloitte Touche Tohmatsu to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee and the Board will reconsider whether or not to retain that firm. Even if the selection is ratified, the Board in its discretion may direct the appointment of different independent auditors at any time during the year if it determines that such change would be in the best interests of AsiaInfo and its stockholders. Representatives of Deloitte Touche Tohmatsu are expected to be present at the Annual Meeting, will have the opportunity to make a statement if they desire to do so, and will be available to respond to appropriate questions.

PROPOSAL NO. 3:

APPROVAL OF THE 2005 STOCK INCENTIVE PLAN

Background and Purpose of the 2005 Plan

We are asking our stockholders to approve our 2005 Stock Incentive Plan (the "2005 Plan"). The 2005 Plan is intended to better align the interests of participants in the 2005 Plan with all our shareholders and to promote our long-term growth and profitability by providing us with the tools to remain competitive in attracting and retaining employees, directors, officers and consultants. Under the 2005 Plan, we may grant participants restricted stock awards, stock options, or other types of equity incentives.

In preparing the 2005 Plan, we have considered the impact of Financial Accounting Standard No. 123 (revised 2004), *Share Based Payment*, or FAS 123(R), which will require us to treat all equity awards as an expense, including stock options and restricted stock, effective June 15, 2005. In the past, we have accounted for the grant of stock options using the intrinsic value method, which has typically resulted in our not recognizing any compensation expenses for stock options granted at or above the fair market value of our Common Stock on the date of grant. In view of the accounting changes required by FAS 123(R), in the future we intend to utilize restricted stock awards as the primary type of equity incentive for our employees. While the 2005 Plan will allow us to grant restricted stock awards, it will also provide the Compensation Committee with discretion to award stock options in circumstances where the Committee determines that stock options would be more appropriate. We believe this approach to compensation will offer a competitive and more stable level of equity-based incentive compensation than we have provided in the past.

The number of shares of Common Stock available for issuance under the 2005 Plan is 600,000 shares, plus any shares that are available for grant under the Company's 2002 Stock Option Plan (the "Prior Plan") or would again become available for grant under the Prior Plan, in accordance with its terms. As of March 15, 2005, approximately 2000 persons were eligible to participate in the 2005 Plan.

A copy of the 2005 Plan, as proposed, is attached to this Proxy Statement as Appendix I and is incorporated herein by reference. The following description of the 2005 Plan is a summary and does not purport to be a complete description. See Appendix I for more detailed information.

Summary of the 2005 Plan

The 2005 Plan provides a means whereby employees, directors, officers, consultants, agents, advisors and independent contractors of the Company may be granted restricted stock awards, stock options, or other types of equity incentives. Subject to adjustment required in the event of any recapitalization of the Company, the numbers of shares available for issuance under the 2005 Plan as proposed will be as described above. Shares subject to awards granted under the 2005 Plan that have lapsed or terminated may again become subject to awards granted under the 2005 Plan.

The Company's Compensation Committee is the plan administrator of the 2005 Plan, and will have discretion over whether and to whom awards will be granted. Subject to the terms of the 2005 Plan, the plan administrator will determine the terms and conditions of awards granted under the 2005 Plan, including the vesting of restricted stock awards and the exercise price of any options granted under the 2005 Plan.

The 2005 Plan provides that the plan administrator must establish an exercise price for incentive stock options, or ISOs, that is not less than the fair market value per share at the date of grant. Each ISO must expire within ten years of the date of grant. However, if ISOs are granted to persons owning more than 10% of the voting stock of the Company, the 2005 Plan and the tax laws pertaining to ISOs provide that the exercise price may not be less than 110% of the fair market value per share at the date of grant. On March 11, 2005, the average of the high and

Table of Contents

low sale prices of the Common Stock was \$4.78 per share, as reported by the Nasdaq National Market. The option exercise price may be paid in cash or by check, by tendering shares of Common Stock that the optionee has owned for at least six months, by a broker-assisted cashless exercise, by any combination of the foregoing, or with such other consideration as the plan administrator may permit. Unless otherwise established by the plan administrator, the term of each option is ten years from the date of grant, except that if ISOs are granted to persons owning more than 10% of the Company's voting stock, the term may not exceed five years.

The plan administrator is authorized to make restricted stock awards on such terms and conditions and subject to such restrictions (whether based on performance standards, periods of service or otherwise), as the plan administrator may determine. Restrictions may include repurchase or forfeiture rights in favor of the Company.

No restricted stock award or option may be transferred by the participant other than by will or the laws of descent or distribution, except for certain transfers that may be permitted by the plan administrator. Unless otherwise established by the plan administrator, an optionee whose relationship with the Company or any related corporation ceases for any reason (other than termination for cause, retirement, death or disability, as such terms are defined in the 2005 Plan) may exercise the option, to the extent vested on the date of termination, in the three-month period following such cessation (unless such options terminate or expire sooner by their terms). In the event the optionee is terminated for cause, the options terminate upon the first notification to the optionee of such termination. In the event the optionee retires, dies or becomes permanently and totally disabled, options vested as of the date of retirement, death or disability may be exercised prior to the earlier of the option's specified expiration date and one year from the date of the optionee's retirement, death or disability.

In the event of a Corporate Transaction (as defined in the 2005 Plan), the plan administrator will determine whether provisions will be made in connection with the Corporate Transaction for the assumption of awards under the 2005 Plan or substitution of appropriate new awards covering the stock of the successor corporation or an affiliate of the successor corporation. If the plan administrator determines that no such assumption or substitution will be made, each outstanding restricted stock award and each outstanding option under the 2005 Plan will automatically accelerate so that it will become 100% vested immediately before the Corporate Transaction.

The 2005 Plan does not have a fixed expiration date. No ISOs may be granted under the 2005 Plan, however, more than ten years after the later of (i) the 2005 Plan's adoption by the Board and (ii) the adoption by the Board of any amendment to the 2005 Plan that constitutes the adoption of a new plan for purposes of Section 422 of the Internal Revenue Code (the "Code").

Federal Income Tax Consequences

The material U.S. federal income tax consequences to the Company and to any person granted a stock award or an option under the 2005 Plan who is subject to taxation in the United States under existing applicable provisions of the Code and underlying Treasury Regulations are substantially as follows. The following summary does not address state, local or foreign tax consequences and it is based on present law and regulations as in effect as of the date hereof.

Nonqualified Stock Options (NSOs). No income will be recognized by an optionee upon the grant of an NSO. Upon the exercise of an NSO, the optionee will recognize taxable ordinary income in an amount equal to the excess of the fair market value at the time of exercise of the shares acquired over the exercise price. Upon a later sale of those shares, the optionee will have capital gain or loss equal to the difference between the amount realized on such sale and the tax basis of the shares sold. Furthermore, this capital gain or loss will be long-term capital gain or loss if the shares are held for more than one year before they are sold. If payment of the option price is made entirely in cash, the tax basis of the shares will be equal to their fair market value on the exercise date (but not less than the exercise price), and the shares' holding period will begin on the

day after the exercise date.

Table of Contents

If the optionee uses already-owned shares to pay the exercise price of an NSO in whole or in part, the transaction will not be considered to be a taxable disposition of the already-owned shares. The optionee's tax basis and holding period of the already-owned shares will be carried over to the equivalent number of shares received upon exercise. The tax basis of the additional shares received upon exercise will be the fair market value of the shares on the exercise date (but not less than the amount of cash, if any, used in payment), and the holding period for such additional shares will begin on the day after the exercise date.

Incentive Stock Options (ISOs). No income will be recognized by an optionee upon the grant of an ISO. The rules for the tax treatment of an NSO also apply to an ISO that is exercised more than three months after the optionee's termination of employment (or more than 12 months thereafter in the case of disability, as defined in the 2005 Plan). Upon the exercise of an ISO during employment or within three months after the optionee's termination of employment (12 months in the case of permanent and total disability), for regular tax purposes the optionee will recognize no ordinary income at the time of exercise (although the optionee will have income for alternative minimum income tax purposes at that time equal to the excess of the fair market value of the shares over the exercise price). If the acquired shares are sold or exchanged after the later of (i) one year from the date of exercise of the option and (ii) two years from the date of grant of the option, the difference between the amount realized by the optionee on that sale or exchange and the option exercise price will be taxed to the optionee as long-term capital gain or loss. If the shares are disposed of in an arms-length sale before such holding period requirements are satisfied, then the optionee will recognize taxable ordinary income in the year of disposition in an amount equal to the excess of the fair market value of the shares received on the exercise date over the exercise price (or, if less, the excess of the amount realized on the sale of the shares over the exercise price), and the optionee will have short-term or long-term capital gain or loss, as the case may be, in an amount equal to the difference between (i) the amount realized by the optionee upon the disposition of the shares and (ii) the exercise price paid by the optionee increased by the amount of ordinary income, if any, so recognized by the optionee.

Company Deduction. In all the foregoing cases, the Company will be entitled to a deduction at the same time and in the same amount as the participant recognizes ordinary income, subject to certain limitations. Among these limitations is Section 162(m) of the Code. Certain performance-based compensation is not subject to the Section 162(m) limitation on deductibility. Stock options and restricted stock awards can qualify for this performance-based exception if they meet the requirements set forth in Section 162(m) and Treasury Regulations promulgated thereunder. The 2005 Plan has been drafted to allow compliance with those performance-based criteria.

On October 17, 2000, the Compensation Committee of the Board adopted a resolution on severance policy for departing members of AsiaInfo's senior management. In the event that AsiaInfo terminates an employee at the level of 62 grade (vice president) or above without cause, the employee will receive severance pay equal to one month's base salary for each year he or she has been employed by AsiaInfo, or six month's base salary, whichever is greater.

Each of Xingsheng Zhang, Ying Han, Steve Zhang, Chao Wang, and Bing Yu have entered into a non-compete agreement with AsiaInfo, pursuant to which he or she is prevented from engaging in any commercial activity in competition with AsiaInfo for two years (six months in case of Xingsheng Zhang and Chao Wang) after termination of his or her employment. Pension Plans

For the benefit of employees who are citizens or lawful permanent residents of the United States, AsiaInfo has adopted a Simplified Employee Pension Plan (the "Pension Plan"). The Pension Plan covers employees who have worked at AsiaInfo for at least six months. The Company makes monthly contributions under the Pension Plan in amounts equal to 5% of each covered employee's monthly salary. The contributions are deductible by the Company and are not taxable to the employees. Withdrawals are taxable as ordinary income, and withdrawals before age 59 1/2 may be subject to tax penalties.

In 2004, the Company contributed approximately \$16,882.76 to all the employees covered by the Pension Plan. With respect to the Named Executive Officers, AsiaInfo contributed approximately \$5,830.06 and \$6,854.14 on behalf of Steve Zhang and Chao Wang, respectively.

COMPENSATION COMMITTEE REPORT

The Compensation Committee currently consists of Messrs. Mackenzie (Chair), Sun and Weiying Zhang, all of whom are independent directors of AsiaInfo. The Compensation Committee reviews and recommends to the Board the compensation and benefits of all executive officers of AsiaInfo and establishes and reviews general policies relating to compensation and benefits of employees of AsiaInfo. The following is the report of the Compensation Committee describing the compensation policies and rationale applicable to AsiaInfo's executive officers with respect to the compensation paid to such executive officers for the fiscal year ended December 31, 2004. The information contained in this report shall not be deemed to be soliciting material or to be filed with the SEC, nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933, as amended, (the "Securities Act") or the Exchange Act, except to the extent that AsiaInfo specifically incorporates such information by reference in such filing.

Table of Contents

Compensation Philosophy and Review

Our executive compensation program is generally designed to align the interests of our executives with the interests of our stockholders and to reward our executives for achieving corporate and individual objectives. The executive compensation program is also designed to attract and retain the services of qualified executives in the highly competitive information technology software and services marketplaces. Executive compensation currently consists of a base salary, long-term equity incentives, and other compensation and benefit programs generally available to other employees.

Policy Regarding Section 162(m) of the Internal Revenue Code

Section 162(m) of the Internal Revenue Code (the "Code") generally disallows a tax deduction to public companies for compensation in excess of \$1 million paid to the company's Chief Executive Officer or any of the four most highly compensated executive officers. Certain performance-based compensation, however, is exempt from the deduction limit. It is the Compensation Committee's intention that, so long as it is consistent with its overall compensation objectives and philosophy, executive compensation will be deductible for federal income tax purposes. AsiaInfo's stock option plans have been structured so that any taxable compensation derived pursuant to the exercise of options granted under such plans should not be subject to these deductibility limitations. The Compensation Committee has considered the potential impact of Section 162(m) of the Code on the compensation paid to AsiaInfo's executive officers.

Base Salaries

Base salary levels for the President and Chief Executive Officer and other executive officers are intended to compensate executives competitively within the information technology marketplace. Base salaries are determined on an individual basis by evaluating each executive's scope of responsibility, past performance, prior experience and data on prevailing compensation levels in relevant markets for executive talent. The Compensation Committee also takes into account AsiaInfo's financial performance during the previous fiscal year, including revenue growth, net income growth, operational cash flow and Common Stock performance. Base salaries for executives are reviewed annually by the Compensation Committee.

Long-Term Equity Incentives

AsiaInfo has provided long-term equity incentives to its executive officers and to other employees through the grant of stock options under its stock option plans. The purpose of granting stock options is to create a direct link between compensation and the long-term performance of AsiaInfo. Stock options are generally granted at an exercise price equal to 100% of the fair market of AsiaInfo's Common Stock on the date of grant, have a ten year term and generally vest over a four year period. The primary stock options granted to executive officers are generally in conjunction with the executive officer's acceptance of employment with AsiaInfo. When determining the number of stock options to be awarded to an executive officer, the Compensation Committee considers the executive's current contribution to AsiaInfo's performance, the executive officer's anticipated contribution in meeting AsiaInfo's long-term strategic performance goals, and comparisons to formal and informal surveys of executive stock option grants made by other information technology companies. The Compensation Committee also reviews stock option levels for executive officers at the beginning of each fiscal year in light of long term strategic and performance objectives and each executive's current and anticipated contributions to AsiaInfo's future performance. In 2004, the Compensation Committee recommended (and the full Board granted) stock option grants for the Named Executive Officers representing the right to acquire an aggregate of 730,000 shares of Common Stock. These options vest according to the schedules described in the table detailing the stock options granted to the Named Executive Officers on page 14 of this Proxy Statement.

Table of Contents

In early 2005, the Compensation Committee approved a recommendation from the Company's management to institute a system of restricted stock awards for employees, directors, officers and consultants of the Company, in lieu of utilizing stock options. Accordingly, the AsiaInfo Holdings, Inc. 2005 Stock Incentive Plan, proposed to be approved and ratified at the Annual Meeting, grants the Compensation Committee authority to structure future long-term equity incentives as restricted stock awards, stock options, or other types of equity incentives. More information on the AsiaInfo Holdings, Inc. 2005 Stock Incentive Plan is set forth above in this Proxy Statement under the heading "Proposal No. 3: Approval of the 2005 Stock Incentive Plan."

Other Compensation

AsiaInfo's executive officers are also eligible to participate in benefit programs generally available to other employees. In addition, from time to time, executive officers have received sign-on bonuses or other bonuses based on extraordinary effort.

Chief Executive Officer Compensation

Xingsheng Zhang is AsiaInfo's President and Chief Executive Officer. The Compensation Committee reviews Mr. Zhang's compensation annually using the same criteria and policies as are employed for other executive officers. In 2005, Mr. Zhang's compensation was primarily based on the salary, stock option awards and other benefits he was entitled to receive under the employment agreement he entered into with the Company when he joined the Company in April 2003.

None of these individuals was an officer or employee of AsiaInfo during 2004. AUDIT COMMITTEE REPORT

The Audit Committee reviews the Company's financial reporting process on behalf of the Board and is responsible for the retention of the Company's independent auditors. Management has the primary responsibility for the financial statements and the reporting process. The Company's independent auditors are responsible for expressing an opinion on the conformity of our audited financial statements to generally accepted accounting principles. The Audit Committee currently consists of Messrs. Yungang Lu (Chair), Tao Long and Davin A. Mackenzie, all independent directors.

The Audit Committee has reviewed and discussed the audited financial statements for the fiscal year ended December 31, 2004 with our management, has discussed with our independent auditors the matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards), has received the written disclosures

Table of Contents

required by Independence Standards Board No. 1 (Independence Discussions with Audit Committees), and has discussed with our independent auditors their independence. The Audit Committee has also considered whether the provision of non-audit services by our auditors is compatible with maintaining our auditors' independence. The Board adopted a written charter of the Audit Committee in November 1999. The Board adopted amendments to the charter in March 2003 and in January 2004.

Consistent with SEC policies regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation and overseeing the work of the independent auditors. In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent auditors.

Prior to engagement of the independent auditors for the next year's audit, management submits an aggregate of services expected to be rendered by the independent auditors during that year to the Audit Committee for approval, along with the anticipated fees for those services. Management's report to the Audit Committee categorizes all anticipated fees into one of the following four classifications:

Audit services include fees for audit work performed in the preparation of financial statements, as well as work that generally only the independent auditors can reasonably be expected to provide, including comfort letters, statutory audits, and attestation services and consultation regarding financial accounting and/or reporting standards.

Audit-related services include fees for assurance and related services that are traditionally performed by the independent auditors, including due diligence related to mergers and acquisitions, employee benefit plan audits, and special procedures required to meet certain regulatory requirements.

Tax services include fees for all services performed by the independent auditors' tax personnel except those services specifically related to the audit of the financial statements, and includes fees in the areas of tax compliance, tax planning, and tax advice.

Other Fees include fees associated with services not captured in the other categories. The Company generally does not request such services from the independent auditors.

Prior to engagement, the Audit Committee must pre-approve these services. The fees are budgeted and the Audit Committee requires the independent auditors and management to report actual fees versus the budget periodically throughout the year. During the year, circumstances may arise when it may become necessary to engage the independent auditors for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee requires specific pre-approval before engaging the independent auditor.

The Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.

In 2004, the Audit Committee pre-approved all services provided by our independent auditors.

Transactions with Lenovo Group Limited and its Affiliates

As previously reported in our Form 8-K filed on October 25, 2004, we closed our acquisition of the non-telecommunications related information technology services business of Lenovo Group Limited ("Lenovo") on October 19, 2004. As part of the consideration for the assets we acquired from Lenovo, our subsidiary, Bonson Information Technology Limited ("Bonson") entered into a forward contract with a subsidiary of Lenovo under which Bonson is obligated to deliver shares of our Common Stock having a market value of approximately \$27.1 million on the settlement date. The settlement date may occur, at our discretion, at any time during the twelve-month period following the closing. The forward contract limits Bonson's obligation to deliver shares to not more than 4,498,130 shares, and provides that if the market value of 4,498,130 shares is less than \$27.1 million on the settlement date, Bonson will have the option of paying cash or delivering additional shares of our Common Stock in

Agreements regarding ownership structure of the systems integration business involving state secrets

In connection with the closing of our acquisition of Lenovo's IT services business, we and Lenovo entered into a supplement to the acquisition agreement as of October 1, 2004, which sets forth certain supplemental understandings and agreements regarding the structure of the acquisition and other terms and conditions. Among other things, the supplement sets forth the structure of the acquisition of the part of Lenovo's IT services business that constitutes systems integration involving state secrets under relevant PRC law. Under the supplement, the parties agreed that Legend Holdings Limited (Legend Holdings) the parent of Lenovo Group, would establish a subsidiary in China, Lenovo Security Technologies Ltd. (Lenovo Security). Legend Holdings owns 51% of the equity interest in Lenovo Security, and two of our employees who are PRC citizens, Mr. Bing Yu and Ms. Zheng Wang, hold the remaining equity interest. The purpose of Lenovo Security is to obtain the necessary licenses and qualifications for the systems integration businesses involving state secrets, after which Lenovo Security will be transferred to us (unless it has been transferred earlier, under certain circumstances). Through our wholly-owned subsidiary, Lenovo-AsiaInfo Technologies, Inc. (Lenovo-AsiaInfo) we have entered into a series of contractual arrangements with Lenovo Security and its shareholders under which we enjoy effective control of Lenovo Security and economic benefits substantially similar to equity ownership of Lenovo Security.

The supplement to the acquisition agreement also provides that during the transition period from the date of closing of the acquisition to the earlier of (1) the date when Lenovo Security has received the Information System Integration Qualification from the Ministry of Information Industry of China (which is a prerequisite qualification for the operation of the systems integration businesses involving state secrets) and (2) the date when Lenovo-AsiaInfo acquires all of Legend Holdings' equity interest in Lenovo Security pursuant to the terms of the equity transfer arrangement agreements described below, we will operate the system integration businesses involving state secrets through Lenovo Computer System and Technology Services Co., Ltd. (Lenovo Computer). Lenovo Computer is owned by two subsidiaries of Lenovo: Lenovo Manufacturing Limited, or Lenovo Manufacturing, and Lenovo Beijing Limited, or Lenovo Beijing. We have entered into similar contractual arrangements with Lenovo Computer, Lenovo Manufacturing and Lenovo Beijing to operate and control Lenovo Computer during this transitional period, and to receive economic benefits substantially similar to equity ownership in Lenovo Computer.

The structure of our contractual arrangements with Lenovo Security and Lenovo Computer was developed in order to comply with the current prohibition under PRC laws and regulations on foreign persons or foreign-invested enterprises from engaging in systems integration businesses involving state secrets, and to comply with certain licensing requirements with respect to such business.

For a further description of those laws and regulations, please see the discussion in our annual report on Form 10-K for fiscal year ended December 31, 2004 (the 2004 Form 10-K) in Item 1. Business, under the heading Governmental Regulation. For a discussion of certain risks related to those regulations and our contractual arrangements with Lenovo, please see the discussion in our 2004 Form 10-K in Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operation, under the heading Certain Risks That May Affect Our Operating Results and Our Common Stock.

The Plan Administrator may determine at any time that an Option may not be exercised as to less than any number of shares at any one time for vested shares and any number in its discretion for unvested shares (or the lesser number of remaining shares covered by the Option).

Table of Contents**7.5 PAYMENT OF EXERCISE PRICE**

The exercise price for shares purchased under an Option shall be paid in full to the Company by delivery of consideration equal to the product of the Option exercise price and the number of shares purchased. Such consideration must be paid in cash or by check or, unless the Plan Administrator in its sole discretion determines otherwise, either at the time the Option is granted or at any time before it is exercised, a combination of cash and/or check (if any) and one or both of the following alternative forms: (a) tendering (either actually or, if and so long as the Common Stock is registered under Section 12(b) or 12(g) of the Exchange Act, by attestation) Common Stock already owned by the Participant for at least six months (or any shorter period necessary to avoid a charge to the Company's earnings for financial reporting purposes) having a Fair Market Value on the day prior to the exercise date equal to the aggregate Option exercise price or (b) if and so long as the Common Stock is registered under Section 12(b) or 12(g) of the Exchange Act, delivery of a properly executed exercise notice, together with irrevocable instructions, to (i) a brokerage firm designated by the Company to deliver promptly to the Company the aggregate amount of sale or loan proceeds to pay the Option exercise price and any withholding tax obligations that may arise in connection with the exercise and (ii) the Company to deliver the certificates for such purchased shares directly to such brokerage firm, all in accordance with the regulations of the United States Federal Reserve Board. In addition, the exercise price for shares purchased under an Option may be paid, either singly or in combination with one or more of the alternative forms of payment authorized by this Section 7.5, by (y) a promissory note delivered pursuant to Section 13 or (z) such other consideration as the Plan Administrator may permit.

7.6 POST-TERMINATION EXERCISES

The Plan Administrator shall establish and set forth in each instrument that evidences an Option whether the Option will continue to be exercisable, and the terms and conditions of such exercise, if a Participant ceases to be employed by, or to provide services to, the Company or its Subsidiaries, which provisions may be waived or modified by the Plan Administrator at any time. If not so established in the instrument evidencing the Option, the Option will be exercisable according to the following terms and conditions, which may be waived or modified by the Plan Administrator at any time.

In case of termination of the Participant's employment or services other than by reason of death or Cause, the Option shall be exercisable, to the extent of the number of shares vested at the date of such termination, only (a) within one year if the termination of the Participant's employment or services is coincident with Retirement, Early Retirement at the Company's request or Disability or (b) within three months after the date the Participant ceases to be an employee, director, officer, consultant, agent, advisor or independent contractor of the Company or a Subsidiary if termination of the Participant's employment or services is for any reason other than Retirement, Early Retirement at the Company's request or Disability, but in no event later than the remaining term of the Option. Any Option exercisable at the time of the Participant's death may be exercised, to the extent of the number of shares vested at the date of the Participant's death, by the personal representative of the Participant's estate, the person(s) to whom the Participant's rights under the Option have passed by will or the applicable laws of descent and distribution or the beneficiary designated pursuant to Section 10 at any time or from time to time within one year after the date of death, but in no event later than the remaining term of the Option. Any portion of an Option that is not vested on the date of termination of the Participant's employment or services shall terminate on such date, unless the Plan Administrator determines otherwise. In case of termination of the Participant's employment or services for Cause, the Option shall automatically terminate upon first notification to the Participant of such termination, unless the Plan Administrator determines otherwise. If a Participant's employment or services with the Company are suspended pending an investigation of whether the Participant shall be terminated for Cause, all the Participant's rights under any Option likewise shall be suspended during the period of investigation.

With respect to employees, unless the Plan Administrator at any time determines otherwise, termination of the Participant's employment or services for purposes of the Plan (including without limitation this Section 7 and Section 14) shall mean any reduction in the Participant's regular hours of employment to less than thirty (30) hours per week. A transfer of employment or services between or among the Company and its Subsidiaries shall

Table of Contents

not be considered a termination of employment or services. The effect of a Company approved leave of absence on the terms and conditions of an Option shall be determined by the Plan Administrator, in its sole discretion.

SECTION 8 INCENTIVE STOCK OPTION LIMITATIONS

To the extent required by Section 422 of the Code, Incentive Stock Options shall be subject to the following additional terms and conditions:

8.1 DOLLAR LIMITATION

To the extent the aggregate Fair Market Value (determined as of the Grant Date) of Common Stock with respect to which Incentive Stock Options are exercisable for the first time during any calendar year (under the Plan and all other stock option plans of the Company) exceeds \$100,000, such portion in excess of \$100,000 shall be subject to delayed exercisability or treated as a Nonqualified Stock Option as set forth by the Plan Administrator in the agreement(s) evidencing the Option. In the event the Participant holds two or more such Options that become exercisable for the first time in the same calendar year, such limitation shall be applied on the basis of the order in which such Options are granted.

8.2 10% STOCKHOLDERS

If an individual owns more than 10% of the total voting power of all classes of the Company's stock, then the exercise price per share of an Incentive Stock Option shall not be less than 110% of the Fair Market Value of the Common Stock on the Grant Date and the Option term shall not exceed five years. The determination of 10% ownership shall be made in accordance with Section 422 of the Code.

8.3 ELIGIBLE EMPLOYEES

Individuals who are not employees of the Company or one of its parent corporations or subsidiary corporations may not be granted Incentive Stock Options. For purposes of this Section 8.3, parent corporation and subsidiary corporation shall have the meanings attributed to those terms for purposes of Section 422 of the Code.

8.4 TERM

The term of an Incentive Stock Option shall not exceed 10 years.

8.5 EXERCISABILITY

To qualify for Incentive Stock Option tax treatment, an Option designated as an Incentive Stock Option must be exercised within three months after termination of employment for reasons other than death, except that, in the case of termination of employment due to Disability, such Option must be exercised within one year after such termination. Disability shall be deemed to have occurred on the first day after the Company

has furnished its opinion of Disability to the Plan Administrator. Employment shall not be deemed to continue beyond the first 90 days of a leave of absence unless the Participant's reemployment rights are guaranteed by statute or contract.

8.6 TAXATION OF INCENTIVE STOCK OPTIONS

In order to obtain certain tax benefits afforded to Incentive Stock Options under Section 422 of the Code, the Participant must hold the shares issued upon the exercise of an Incentive Stock Option for two years after the Grant Date of the Incentive Stock Option and one year from the date of exercise. A Participant may be subject to the alternative minimum tax at the time of exercise of an Incentive Stock Option. Table of Contents

8.7 PROMISSORY NOTES

The amount of any promissory note delivered pursuant to Section 13 in connection with an Incentive Stock Option shall bear interest at a rate specified by the Plan Administrator but in no case less than the rate required to avoid imputation of interest (taking into account any exceptions to the imputed interest rules) for federal income tax purposes.

SECTION 9 RESTRICTED STOCK AWARDS

9.1 GRANT OF STOCK AWARDS

The Plan Administrator is authorized to make Awards of Common Stock or Awards denominated in units of Common Stock on such terms and conditions and subject to such restrictions (which may be based on continuous service with the Company or the achievement of performance goals related to profits or loss, revenue or profit growth or loss reduction, profit or loss related return ratios, other balance sheet or income statement targets or ratios, market share, project completion, operational or productivity efficiency gains, cash flow, share price appreciation or total stockholder return, where such goals may be stated in absolute terms or relative to comparison companies), as the Plan Administrator shall determine, in its sole discretion, which terms, conditions and restrictions shall be set forth in the instrument evidencing the Award. The terms, conditions and restrictions that the Plan Administrator shall have the power to determine shall include, without limitation, the manner in which shares subject to Restricted Stock Awards are held during the periods they are subject to restrictions and the circumstances under which forfeiture of the Restricted Stock Award shall occur by reason of termination of the Participant's employment or service relationship.

9.2 ISSUANCE OF SHARES

Upon the satisfaction of any terms, conditions and restrictions prescribed in respect to a Restricted Stock Award, or upon the Participant's release from any terms, conditions and restrictions of a Restricted Stock Award, as determined by the Plan Administrator, the Company shall release, as soon as practicable, to the Participant or, in the case of the Participant's death, to the personal representative of the Participant's estate or as the appropriate court directs, the appropriate number of shares of Common Stock.

9.3 WAIVER OF RESTRICTIONS

Notwithstanding any other provisions of the Plan, the Plan Administrator may, in its sole discretion, waive the forfeiture period and any other terms, conditions or restrictions on any Restricted Stock Award under such circumstances and subject to such terms and conditions as the Plan Administrator shall deem appropriate; provided, however, that the Plan Administrator may not adjust performance goals for any Restricted Stock Award intended to be exempt under Section 162(m) of the Code for the year in which the Restricted Stock Award is settled in such a manner as would increase the amount otherwise payable to a Participant.

SECTION 10 ASSIGNABILITY

No Awards granted under the Plan or any interest therein may be assigned, pledged or transferred by the Participant other than by will or by the applicable laws of descent and distribution, and, during the Participant's lifetime, such Award may be exercised only by the Participant or a permitted assignee or transferee of the Participant (as provided below). Notwithstanding the foregoing, and to the extent permitted by Section

Edgar Filing: ASIAINFO HOLDINGS INC - Form DEF 14A

422 of the Code, the Plan Administrator, in its sole discretion, may permit such assignment, transfer and exercisability and may permit a Participant to designate a beneficiary who may exercise the Award or receive payment under the Award after the Participant's death; provided, however, that any Award so assigned or transferred shall be subject to all the same terms and conditions contained in the instrument evidencing the Award.

Table of Contents**SECTION 11 ADJUSTMENTS****11.1 ADJUSTMENT OF SHARES**

In the event that, at any time or from time to time, a stock dividend, stock split, spin-off, combination or exchange of shares, recapitalization, merger, consolidation, distribution to stockholders other than a normal cash dividend, or other change in the Company's corporate or capital structure results in (a) the outstanding shares, or any securities exchanged therefor or received in their place, being exchanged for a different number or class of securities of the Company or of any other corporation or (b) new, different or additional securities of the Company or of any other corporation being received by the holders of shares of Common Stock of the Company, then the Plan Administrator shall make proportional adjustments in (i) the maximum number and kind of securities subject to the Plan as set forth in Sections 4.1(a), (b) and (c); (ii) the maximum number and kind of securities that may be issued as ISOs under the Plan as set forth in Section 4.1(d); (iii) the maximum number and kind of securities that may be made subject to Awards to any individual as set forth in Section 4.2, and (iv) the number and kind of securities that are subject to any outstanding Award and the per share price of such securities, without any change in the aggregate price to be paid therefor. The determination by the Plan Administrator as to the terms of any of the foregoing adjustments shall be conclusive and binding.

11.2 CORPORATE TRANSACTION**11.2.1 Options**

Except as otherwise provided in the instrument that evidences the Option, in the event of a Corporate Transaction, the Plan Administrator shall determine whether provision will be made in connection with the Corporate Transaction for an appropriate assumption of the Options theretofore granted under the Plan (which assumption may be effected by means of a payment to each Participant (by the Company or any other person or entity involved in the Corporate Transaction), in exchange for the cancellation of the Options held by such Participant, of the difference between the then Fair Market Value of the aggregate number of shares of Common Stock then subject to such Options and the aggregate exercise price that would have to be paid to acquire such shares) or for substitution of appropriate new options covering stock of a successor corporation to the Company or stock of an affiliate of such successor corporation. If the Plan Administrator determines that such an assumption or substitution will be made, the Plan Administrator shall give notice of such determination to the Participants, and the provisions of such assumption or substitution, and any adjustments made (i) to the number and kind of shares subject to the outstanding Options (or to the options in substitution therefor), (ii) to the exercise prices, and/or (iii) to the terms and conditions of the stock options, shall be binding on the Participants. Any such determination shall be made in the sole discretion of the Plan Administrator and shall be final, conclusive and binding on all Participants. If the Plan Administrator, in its sole discretion, determines that no such assumption or substitution will be made, the Plan Administrator shall give notice of such determination to the Participants, and each Option that is at the time outstanding shall automatically accelerate so that each such Option shall, immediately prior to the specified effective date for the Corporate Transaction, become 100% vested and exercisable. All such Options shall terminate and cease to remain outstanding immediately following the consummation of the Corporate Transaction, except to the extent assumed by the successor corporation or an affiliate thereof.

11.2.2 Restricted Stock Awards

Except as otherwise provided in the instrument that evidences the Award, in the event of a Corporate Transaction, the vesting of shares subject to Restricted Stock Awards shall accelerate, and the forfeiture provisions to which such shares are subject shall lapse, if and to the same extent that the vesting of outstanding Options accelerates in connection with the Corporate Transaction. If unvested Options are to be assumed, continued or substituted by a successor corporation without acceleration upon the occurrence of a Corporate Transaction, the forfeiture provisions to which such Restricted Stock Awards are subject will continue with respect to shares of the successor corporation that may be issued in exchange for such shares subject to Restricted Stock Awards.

Table of Contents

11.3 FURTHER ADJUSTMENT OF AWARDS

Subject to Section 11.2, the Plan Administrator shall have the discretion, exercisable at any time before a sale, merger, consolidation, reorganization, liquidation or change in control of the Company, as defined by the Plan Administrator, to take such further action as it determines to be necessary or advisable, and fair and equitable to Participants, with respect to Awards. Such authorized action may include (but shall not be limited to) establishing, amending or waiving the type, terms, conditions or duration of, or restrictions on, Awards so as to provide for earlier, later, extended or additional time for exercise and other modifications, and the Plan Administrator may take such actions with respect to all Participants, to certain categories of Participants or only to individual Participants. The Plan Administrator may take such action before or after granting Awards to which the action relates and before or after any public announcement with respect to such sale, merger, consolidation, reorganization, liquidation or change in control that is the reason for such action.

11.4 LIMITATIONS

The grant of Awards will in no way affect the Company's right to adjust, reclassify, reorganize or otherwise change its capital or business structure or to merge, consolidate, dissolve, liquidate or sell or transfer all or any part of its business or assets.

11.5 FRACTIONAL SHARES

In the event of any adjustment in the number of shares covered by any Award, each such Award shall cover only the number of full shares resulting from such adjustment.

SECTION 12 WITHHOLDING

The Company may require the Participant to pay to the Company the amount of any withholding taxes that the Company is required to withhold with respect to the grant, vesting or exercise of any Award. Subject to the Plan and applicable law, the Plan Administrator may, in its sole discretion, permit the Participant to satisfy withholding obligations, in whole or in part, (a) by paying cash, (b) by electing to have the Company withhold shares of Common Stock (up to the minimum required federal withholding rate), or (c) by transferring shares of Common Stock to the Company (already owned by the Participant for the period necessary to avoid a charge to the Company's earnings for financial reporting purposes), in such amounts as are equivalent to the Fair Market Value of the withholding obligation. The Company shall have the right to withhold from any shares of Common Stock issuable pursuant to an Award or from any cash amounts otherwise due or to become due from the Company to the Participant an amount equal to such taxes. The Company may also deduct from any Award any other amounts due from the Participant to the Company or a Subsidiary.

SECTION 13 LOANS, INSTALLMENT PAYMENTS AND LOAN GUARANTEES

To assist a Participant (including a Participant who is an officer or a director of the Company) in acquiring shares of Common Stock pursuant to an Award granted under the Plan, the Plan Administrator, in its sole discretion, may authorize, either at the Grant Date or at any time before the acquisition of Common Stock pursuant to the Award, (a) the extension of a full-recourse loan to the Participant by the Company, (b) the payment by the Participant of the purchase price, if any, of the Common Stock in installments, or (c) the guarantee by the Company of a full-recourse loan obtained by the Participant from a third party. Subject to the foregoing, the terms of any loans, installment payments or loan guarantees, including the interest rate and terms of repayment, will be subject to the Plan Administrator's discretion. The maximum credit

Edgar Filing: ASIAINFO HOLDINGS INC - Form DEF 14A

available is the purchase price, if any, of the Common Stock acquired, plus the maximum federal and state income and employment tax liability that may be incurred in connection with the acquisition.

SECTION 14 REPURCHASE RIGHTS; ESCROW

14.1 REPURCHASE RIGHTS

The Plan Administrator shall have the discretion to authorize the issuance of unvested shares of Common Stock pursuant to the exercise of an Option. In the event of termination of the Participant's employment or services, all shares of Common Stock issued upon exercise of an Option which are unvested at the time of cessation of employment or services shall be subject to repurchase at the exercise price paid for such shares. The terms and conditions upon which such repurchase right shall be exercisable (including the period and procedure for exercise) shall be established by the Plan Administrator and set forth in the agreement evidencing such right.

All of the Company's outstanding repurchase rights under this Section 14.1 are assignable by the Company at any time and shall remain in full force and effect in the event of a Corporate Transaction; provided that if the vesting of Options is accelerated pursuant to Section 11.2, the repurchase rights under this Section 14.1 shall terminate and all shares subject to such terminated rights shall immediately vest in full.

The Plan Administrator shall have the discretionary authority, exercisable either before or after the Participant's cessation of employment or services, to cancel the Company's outstanding repurchase rights with respect to one or more shares purchased or purchasable by the Participant under an Option and thereby accelerate the vesting of such shares in whole or in part at any time.

14.2 ESCROW

To ensure that shares of Common Stock acquired pursuant to an Award that are subject to any repurchase or forfeiture right and/or security for any promissory note will be available for repurchase or forfeiture, the Plan Administrator may require the Participant to deposit the certificate or certificates evidencing such shares with an agent designated by the Plan Administrator under the terms and conditions of escrow and security agreements approved by the Plan Administrator. If the Plan Administrator does not require such deposit as a condition of exercise of an Option or grant of a Stock Award, the Plan Administrator reserves the right at any time to require the Participant to so deposit the certificate or certificates in escrow. The Company shall bear the expenses of the escrow. The Company, at its discretion, may in lieu of issuing a stock certificate for such shares, make a book entry credit in the Company's stock ledger to evidence the issuance of such shares. As soon as practicable after the expiration of any repurchase or forfeiture rights, and after full repayment of any promissory note secured by the shares in escrow, the agent shall deliver to the Participant the shares no longer subject to such restrictions and no longer security for any promissory note.

In the event shares held in escrow are subject to the Company's exercise of a repurchase or forfeiture right, the notices required to be given to the Participant shall be given to the agent and any payment required to be given to the Participant shall be given to the agent. Within 30 days after payment by the Company, the agent shall deliver the shares which the Company has purchased to the Company and shall deliver the payment received from the Company to the Participant.

In the event of any stock dividend, stock split or consolidation of shares or any like capital adjustment of any of the outstanding securities of the Company, any and all new, substituted or additional securities or other property to which the Participant is entitled by reason of ownership of shares acquired upon exercise of an Option or grant of a Stock Award shall be subject to any repurchase or forfeiture rights, and/or security for any promissory note with the same force and effect as the shares subject to such repurchase or forfeiture rights and/or security interest immediately before such event.

SECTION 15 AMENDMENT AND TERMINATION OF PLAN

15.1 AMENDMENT OF PLAN

The Plan may be amended only by the Board in such respects as it shall deem advisable; however, to the extent required for compliance with Section 422 of the Code or any applicable law or regulation, stockholder approval will be required for any amendment that will (a) increase the total number of shares available for

Table of Contents

issuance under the Plan, (b) modify the class of persons eligible to receive Options, or (c) otherwise require stockholder approval under any applicable law or regulation.

15.2 TERMINATION OF PLAN

The Board may suspend or terminate the Plan at any time. The Plan will have no fixed expiration date; provided, however, that no Incentive Stock Options may be granted more than 10 years after the later of (a) the Plan's adoption by the Board and (b) the adoption by the Board of any amendment to the Plan that constitutes the adoption of a new plan for purposes of Section 422 of the Code.

15.3 CONSENT OF PARTICIPANT

The amendment or termination of the Plan shall not, without the consent of the Participant, impair or diminish any rights or obligations under any Award theretofore granted under the Plan.

Any change or adjustment to an outstanding Incentive Stock Option shall not, without the consent of the Participant, be made in a manner so as to constitute a modification that would cause such Incentive Stock Option to fail to continue to qualify as an Incentive Stock Option.

SECTION 16 GENERAL

16.1 EVIDENCE OF AWARDS

Awards granted under the Plan shall be evidenced by a written agreement that shall contain such terms, conditions, limitations and restrictions as the Plan Administrator shall deem advisable and that are not inconsistent with the Plan.

16.2 CONTINUED EMPLOYMENT OR SERVICES; RIGHTS IN AWARDS

None of the Plan, participation in the Plan or any action of the Plan Administrator taken under the Plan shall be construed as giving any person any right to be retained in the employ of the Company or limit the Company's right to terminate the employment or services of any person.

16.3 REGISTRATION

The Company shall be under no obligation to any Participant to register for offering or resale or to qualify for exemption under the Securities Act, or to register or qualify under state securities laws, any shares of Common Stock, security or interest in a security paid or issued under, or created by, the Plan, or to continue in effect any such registrations or qualifications if made.

Edgar Filing: ASIAINFO HOLDINGS INC - Form DEF 14A

The Company may issue certificates for shares with such legends and subject to such restrictions on transfer and stop-transfer instructions as counsel for the Company deems necessary or desirable for compliance by the Company with federal and state securities laws.

Inability of the Company to obtain, from any regulatory body having jurisdiction, the authority deemed by the Company's counsel to be necessary for the lawful issuance and sale of any shares hereunder or the unavailability of an exemption from registration for the issuance and sale of any shares hereunder shall relieve the Company of any liability in respect of the nonissuance or sale of such shares as to which such requisite authority shall not have been obtained.
