Why is this proxy statement being sent to me?

We sent you these proxy materials because our Board of Directors is soliciting your proxy to vote your shares at the Annual Meeting. This proxy statement summarizes the information you need to vote at the Annual Meeting. On March 18, 2005, we began mailing these proxy materials to all of our holders of record of each class of Class A and Class B common stock, as of the close of business on February 28, 2005.

How do I vote?

You may vote by proxy or in person at the Annual Meeting. If you want to vote by proxy, please complete, sign and date the enclosed proxy card and return it in the enclosed postage-prepaid envelope. You may also cast your vote by telephone by calling the number on your proxy card or electronically over the Internet by going to the Web site designated on your proxy card. If you plan to attend the meeting and vote in person, we will give you a ballot when you arrive.

If your shares are held in the name of a bank, broker or other holder of record, you will receive instructions from the holder of record that you must follow in order for your shares to be voted. Telephone and internet voting also will be offered to shareholders owning shares through certain banks and brokers. If your shares are not registered in your own name and you plan to vote your shares in person at the Annual Meeting, you must contact your broker or agent to obtain a broker's proxy card and bring it to the Annual Meeting in order to vote.

If you vote by proxy, the individuals named on the proxy card (your proxies) will vote your shares in the manner you indicate. You may specify whether your shares should be voted for all, some or none of the nominees for Equity Director and, if applicable, Class B directors or Class B Nominating Committee members, and whether your shares should be voted for or against the approval of the 2005 Director Stock Plan, the approval of the Employee Stock Purchase Plan and the ratification of our independent registered public accounting firm.

Your vote is important. Whether or not you plan to attend the Annual Meeting, we urge you to vote your shares by returning the enclosed proxy card in the accompanying envelope or casting your vote by telephone or over the Internet. Voting by proxy will not affect your right to attend the meeting and vote your shares in person. You can save us the expense of a second mailing by voting promptly.

Edgar Filing: CHICAGO MERCANTILE EXCHANGE HOLDINGS INC - Form DEF 14A

Our proxy tabulator, Computershare Investor Services, must receive any proxy that will not be delivered in person at the Annual Meeting by noon, Central Time, on Wednesday, April 27, 2005 in order for your vote to be counted. In addition, if you wish to vote by telephone or over the Internet, you may vote until 1:00 a.m. on Wednesday, April 27, 2005.

What if I return my proxy card but do not provide voting instructions?

If you sign, date and return the proxy card without indicating your instructions on how to vote your shares, the proxies will vote your shares as follows:

FOR the election of the seven nominees for Equity Directors;

ABSTAIN from voting for Class B directors, if applicable;

ABSTAIN from voting for Class B Nominating Committee members, if applicable;

FOR the approval of the CME Holdings 2005 Director Stock Plan;

FOR the approval of the CME Holdings Employee Stock Purchase Plan; and

FOR the ratification of our Audit Committee's appointment of Ernst & Young LLP as our independent registered public accounting firm for the 2005 fiscal year.

If any other matter is presented at the Annual Meeting, your proxies will vote in accordance with their best judgment. At the time this proxy statement went to press, we knew of no matters to be addressed at the Annual Meeting beyond those described in this proxy statement.

Can I change my mind after I vote?

Yes, if you attend the Annual Meeting, you may change your vote at any time before the voting closes at the meeting. If you give a proxy, you may revoke it at any time before it is exercised. You may revoke your proxy in the following ways:

You may sign and deliver another proxy with a later date;

You may vote by telephone or over the Internet at a later date; or

You may attend the meeting and vote in person.

Your most recent vote is the one that is counted. Simply attending the Annual Meeting will not automatically revoke your proxy. You must vote in person at the meeting in order to revoke your proxy. If you do not attend the Annual Meeting, your vote or revocation must be received by our proxy tabulator, Computershare Investor Services, by noon, Central Time, on April 27, 2005 to be effective. If you wish to vote by telephone or over the Internet, your vote must be made before 1:00 a.m. on Wednesday, April 27, 2005.

Is my vote confidential?

All proxies, ballots and tabulations that identify the vote of a particular shareholder will be kept confidential, except as necessary to allow the inspectors of election to certify the voting results or to meet legal requirements. Representatives of Computershare Investor Services, our transfer agent, will act as the inspectors of election and will count the votes.

Comments written on proxy cards or ballots may be provided by Computershare to our Corporate Secretary, Kathleen M. Cronin, with the name and address of the shareholder. Each comment will be provided without reference to the vote of the shareholder, unless the vote is mentioned in the comment or unless disclosure of the vote is necessary in order to understand the comment. At our request, the inspectors of election may provide us with a list of shareholders who have not voted and periodic status reports on the aggregate vote. These status reports may include breakdowns of vote totals by different types of shareholders, although it is expected that we will not be able to determine how individual shareholders voted.

How many votes must be present to hold the Annual Meeting?

Your shares will be counted as present at the Annual Meeting if you attend the meeting and vote in person, if you properly return a proxy card or if you vote by telephone or over the Internet. In order for us to conduct the meeting, shareholders possessing at least one-third of the votes entitled to be cast on each proposal as of February 28, 2005, must be present. This is referred to as a quorum.

Proxies marked withhold or abstain and broker non-votes are counted as present for establishing a quorum. A broker non-vote occurs when a broker does not vote on some matter on the proxy card because the broker does not have discretionary voting power for that particular item under the rules of the New York Stock Exchange (the NYSE) and has not received instructions from the beneficial owner. To ensure that there will be a quorum for each of the proposals to be voted on, please vote before the Annual Meeting, and allow your shares to be represented at the meeting by your proxies. Voting before the Annual Meeting will not prevent you from voting in person at the meeting. If you vote in person at the meeting, your previous vote will be revoked automatically.

How many votes are needed to approve the various proposals?

Each of the proposals presented at the Annual Meeting will be considered separately. Assuming that a quorum is present for the particular proposal, the following votes are required to approve each of the proposals:

Proposal 1: Election of Equity Directors: Seven nominees receiving the highest number of FOR votes from all classes of the Company's Class A and Class B common stock present or represented by proxy at the Annual Meeting voting together as a single class will be elected.

Proposal 2: Election of Each Class B Director: One Class B-1 nominee, one Class B-2 nominee and one Class B-3 nominee receiving the highest number of FOR votes in his or her class from shareholders present or represented by proxy at the Annual Meeting will be elected as a Class B director for that class.

Proposal 3: Election of Each Class B Nominating Committee: Five nominees receiving the highest number of FOR votes in their class from shareholders present or represented by proxy at the Annual Meeting will be elected to the Class B Nominating Committee for that class.

Proposal 4: Approval of the 2005 Director Stock Plan: Must receive a FOR vote from the holders of a majority of the shares of the Company's Class A and Class B common stock present or represented by proxy at the Annual Meeting voting together as a single class.

Proposal 5: Approval of the Employee Stock Purchase Plan: Must receive a FOR vote from the holders of a majority of the shares of the Company's Class A and Class B common stock present or represented by proxy at the Annual Meeting voting together as a single class.

Proposal 6: Ratification of Ernst & Young LLP as our Independent Registered Public Accounting Firm: Must receive a FOR vote from the holders of a majority of the shares of the Company's Class A and Class B common stock present or represented by proxy at the Annual Meeting voting together as a single class.

Edgar Filing: CHICAGO MERCANTILE EXCHANGE HOLDINGS INC - Form DEF 14A

Proxies marked withhold, abstain and broker non-votes will have the same effect as a vote against on all of the proposals, except for the election of the Equity Directors, the Class B directors and the Class B Nominating Committee members.

If you hold your Class A shares through a bank or broker, your broker is permitted to vote such shares on all of the proposals, except for the approval of the 2005 Director Stock Plan and the approval of the Employee Stock Purchase Plan, even if the broker does not receive instructions from you. Your broker is not permitted to vote your Class A shares on the proposals to approve the 2005 Director Stock Plan or the Employee Stock Purchase Plan without receiving instructions from you. We believe these equity compensation plans will further align the interests of our employees and directors with our shareholders. In order to ensure that these equity compensation plans are approved, we urge you to provide your bank or broker with instructions to vote your shares FOR these proposals.

PROPOSAL 1

Election of Equity Directors

Our certificate of incorporation provides that our Board of Directors be composed of 20 members. Our Board of Directors is divided into two classes, Class I and Class II, each of whose members serve for a staggered two-year term. At each Annual Meeting of Shareholders, the term of one class of directors expires, and the shareholders vote at that meeting to elect the directors nominated for that expiring class to hold office for a two-year term.

At this year's Annual Meeting, ten Class II directors will be elected. Seven Equity Directors will be elected by all shareholders voting together as a single class. Additionally, as set forth in Proposal 2, the holders of Class B-1, Class B-2 and Class B-3 shares will elect one director, respectively. Each of the Equity Director nominees presented in this proxy statement is currently a director. If elected, each director's term will last until the 2007 Annual Meeting of Shareholders or until he or she is succeeded by another qualified director who has been elected or appointed by the Board.

Audit Committee Financial Experts

The Board has determined that Messrs. The Board's conclusion that Mr. Chookaszian has each of the attributes of an audit committee financial expert is based on Mr. Chookaszian's service as Chief Financial Officer of CNA, through his supervision of the Chief Financial Officer when he was Chief Executive Officer of CNA, and through his service as a public accountant. CORPORATE GOVERNANCE

We have a long-standing commitment to good corporate governance practices. These practices provide an important framework within which the Board and management can pursue the strategic objectives of the Company and ensure its long-term vitality for the benefit of our shareholders. During the past year, the Board has continued to review its governance practices in light of the Sarbanes-Oxley Act of 2002, new SEC rules and regulations, the listing standards of the NYSE and other best practices. This section describes key corporate governance practices

Edgar Filing: CHICAGO MERCANTILE EXCHANGE HOLDINGS INC - Form DEF 14A

that we have adopted. Complete copies of our corporate governance materials, including our Corporate Governance Principles, Director Independence and Conflict of Interest Policy, Board of Directors Code of Ethics, Independence Standards, Employee Code of Conduct and the charters for all our Board committees, may be found on our Web site www.cme.com in the Investor Relations Corporate Governance Overview section. Copies of these materials are also available to shareholders upon written request to Shareholder Relations and Membership Services, Attention Ms. Beth Hausoul, Chicago Mercantile Exchange Holdings Inc., 20 South Wacker Drive, Chicago, Illinois 60606. Information made available on our Web site does not constitute a part of this document.

Director Independence

The experience and diversity of our directors has been, and continues to be, critical to our success. Our Corporate Governance Principles require that the Board be comprised of at least a majority of independent directors. For a director to be considered independent under the listing standards of the NYSE, the Board must affirmatively determine that a director has no direct or indirect material relationship with the Company. The Board has adopted categorical independence standards, which are attached to this proxy statement as *Appendix A*, to assist the Board in making its determinations regarding independence. These standards conform to and exceed the independence criteria specified by the NYSE. They specify the criteria by which the independence of our directors will be determined, including relationships and transactions between each director, any member of his or her immediate family, his or her affiliates, charitable organizations with which he or she is affiliated, and us. Our categorical independence standards provide that a director who acts as a floor broker, floor trader, employee or officer of a futures commission merchant, CME clearing member firm or other similarly situated person that intermediates transactions in or otherwise uses CME products and services shall be presumed to be independent, if he or she otherwise satisfies all of our other independence standards.

The Board believes that all of its non-executive directors act independently of, and effectively monitor and oversee the actions of, management. In January 2005, pursuant to the NYSE listing standards, the Board of Directors undertook a review of relationships between our current directors, the Class B nominees that are not currently members of the Board, their immediate family members and the Company. The purpose of this review was to determine whether any of our directors or nominees should not be classified as independent pursuant to the NYSE independence standards. The Board has determined that, except as described below, each of its directors and director nominees is independent as defined by the NYSE and our categorical independence standards. Mr. Donohue, our Chief Executive Officer, was not classified as independent due to his employment with the Company. The Board also determined that Messrs. Duffy and Melamed should not be classified as independent under the NYSE standards due to their contractual relationships with the Company as described below. In order to ensure the continued service of our Chairman, the Compensation Committee recommended and the Board approved a retention payment to Mr. Duffy in an amount equal to his annual stipend. The amount shall become payable if at the end of his current term as Chairman in April 2006 or thereafter, Mr. Duffy is not nominated for reelection to the Board and/or is not reelected to the position of Chairman by the members of the Board notwithstanding Mr. Duffy's ability and willingness to continue his service. In addition, to secure the services of Mr. Melamed following his retirement from the Board, the Company entered into a consulting agreement with Mr. Melamed to become effective upon his retirement. These contractual relationships with Messrs. Duffy and Melamed are described in more detail in the following section entitled *Directors Compensation and Benefits*. Mr. Katler is the Vice President of one of our clearing firms which made payments to the Company in excess of the NYSE payment limitation and, therefore, the Board determined that he should not be classified as independent under the NYSE standards.

Executive Sessions

Our Corporate Governance Principles require the Board to meet in executive session without management or any employee director present at least once every quarter. The Chairman of the Board presides over these sessions.

Annual Assessment of Board and Committee Performance

As provided in our Corporate Governance Principles, the Board annually reviews its own performance, structure and processes in order to assess how effectively it is functioning. The assessment is implemented and administered by the Governance Committee through an annual Board self-evaluation survey. In addition, the Audit, Compensation, Governance and Market Regulation Oversight Committees each conduct an annual self-assessment.

Information Regarding Our Process for Identifying Equity Director Nominees

Our Board seeks directors from diverse professional backgrounds who combine a broad spectrum of experience and expertise with a reputation for integrity. In selecting candidates, the Board endeavors to find individuals of high integrity who have a solid record of accomplishment in their chosen fields and who display the independence of mind and strength of character to effectively represent the best interests of our shareholders. Candidates are selected for their ability to exercise good judgment and to provide practical insights and diverse perspectives. The Nominating Committee, comprised entirely of directors who are independent under NYSE listing standards, reviews the qualifications and backgrounds of potential directors and recommends to the Board the slate of Equity Director nominees to be nominated for election at the Annual Meeting of Shareholders. In evaluating potential director nominees, the Nominating Committee will take into consideration, among other factors, whether the nominee:

has the highest professional and personal ethics and values;

is independent of management under our Independence Standards;

has the relevant expertise and experience required to offer advice and guidance to our Chief Executive Officer;

meets the industry diversity of interest composition requirements set forth in our bylaws;

has the ability to make independent analytical inquiries;

has sufficient time to carry out his or her duties and responsibilities;

is committed to enhancing shareholder value;

would be considered an audit committee financial expert or financially literate, as such terms are defined in applicable rules, regulations and listing standards; and

has an understanding of our business, products, market dynamics and customer base.

The Nominating Committee solicits candidates from its current directors and, if deemed appropriate, retains, for a fee, recruiting professionals to identify and evaluate candidates. The Nominating Committee also considers Equity Director nominees recommended by shareholders if the recommendations are submitted in writing, accompanied by a description of the proposed nominee's qualifications and other relevant biographical information and evidence of consent of the proposed nominee to serve as a director if elected. Recommendations should be addressed to the Nominating Committee, in care of Kathleen M. Cronin, Managing Director, General Counsel and Corporate Secretary, Chicago Mercantile Exchange Holdings Inc., 20 South Wacker Drive, Chicago, Illinois 60606. In considering a shareholder recommendation, the Nominating Committee may seek input from an independent advisor, legal counsel and/or other directors, as appropriate, and will reach a conclusion using its standard criteria. A copy of our Nominating Committee's charter is available on our Web site.

In order to expedite a response to ordinary business matters, the Governance Committee has authorized management to receive, research and respond, if appropriate, on behalf of the Company's directors, including a particular director or its non-executive directors, to any communication regarding a product of the exchange or transactions by a clearing firm or a member of the exchange (an ordinary business matter). Any director may review any such communication or response thereto.

We also maintain a toll-free telephone number (877-338-4545) for receiving complaints regarding accounting, internal control over financial reporting or auditing matters. Concerns relating to our accounting, internal control over financial reporting or auditing matters will be referred to the Chairman of the Audit Committee and will be handled in accordance with the procedures adopted by the Audit Committee.

Attendance at Annual Meetings

We strongly encourage, but do not require, our directors to attend the Annual Meeting. Last year, 17 of our 20 current directors attended the Annual Meeting of Shareholders.

DIRECTORS' COMPENSATION AND BENEFITS

Our directors play a critical role in guiding our strategic direction and overseeing management. Recent developments in corporate governance and financial reporting have resulted in an increased demand for such highly qualified directors. The many responsibilities and risks and the substantial time commitment of being a director require that we provide adequate incentives for our directors' continued performance by paying compensation commensurate with our directors' workload and opportunity costs. In addition, to satisfy our responsibilities as a self-regulatory organization, we have established a number of functional committees of which certain of our directors are members. Our compensation program for our non-executive directors is designed to compensate our directors based on their respective levels of Board participation and responsibilities, including service on Board and functional committees.

Fees and Benefit Plans for Non-Executive Directors

Annual Stipends. Each non-executive director, other than Messrs. Duffy, Melamed and Sandner, receives an annual stipend of \$35,000. In addition, the Chairs of the Audit, Compensation, Governance and Market Regulation Oversight Committees are eligible to receive an additional annual stipend of \$20,000. Mr. Glickman who Chairs both the Compensation and Governance Committees elected to receive only one additional stipend of \$20,000 for his services as Committee Chairman.

Chairman, Chairman Emeritus and Senior Policy Advisor and Special Policy Advisor Annual Stipends. Effective as of January 31, 2005, the annual stipend of our Chairman, Mr. Duffy, increased from \$750,000 to \$950,000. Mr. Duffy does not receive any additional compensation for attending Board or committee meetings. Our Chairman Emeritus and Senior Policy Advisor, Mr. Melamed, and our Special Policy Advisor, Mr. Sandner, each receive an annual stipend of \$200,000. The stipends paid to our Chairman, Chairman Emeritus and Senior Policy Advisor and Special Policy Advisor are paid in respect of the significant time and effort our Chairman and these advisors devote to their work as directors above that demanded of other directors who do not serve in a similar role. The stipends of our Chairman, Chairman Emeritus and Senior Policy Advisor and Special Policy Advisor are subject to the review and approval of the Compensation Committee and the entire Board.

Board Meeting Fees. Non-executive directors, other than Mr. Duffy, receive a meeting attendance fee of \$1,500 for each regular and special meeting of the Board that he or she attends. In 2004, aggregate fees paid to our directors for attending Board meetings were \$375,000.

Committee Meeting Fees. Each non-executive director, other than Mr. Duffy, receives additional fees for attending Board committee meetings and functional committee meetings. The Board committees consist of the following ten committees: Audit; Board Steering; Compensation; Electronic Transition; Executive; Governance; Marketing Regulation Oversight; Marketing and Public Relations Advisory; Nominating and Strategic Implementation. As an exchange, our Board of Directors has also established a number of functional committees, including arbitration, business conduct, market regulation advisory group, membership, probable cause, pit supervision and trading floor operations, which are essential to our effective functioning as a self-regulatory organization. The duties of these functional committees are to conduct investigations and hearings and advise and assist the Board with respect to matters related to CME's self-regulatory responsibilities. Certain members of our Board devote a substantial amount of time to the activities of the functional committees.

For each Board and functional committee meeting, non-executive directors are paid \$1,000 per meeting. The Chairman of each of the Audit, Compensation, Governance and Market Regulation Oversight Committees also receives an additional \$1,000 per meeting for serving as Chair. In the event a special Board committee is established, non-executive directors will also receive a fee of \$1,000 for their attendance at any special Board committee meeting of which they are a member. Fees received by each director for attendance at Board and functional committee meetings are subject to an overall cap of \$100,000 per year. This fee cap was approved by the Compensation Committee and the Board in July 2004 and, therefore, was applied on a pro rata basis in 2004 with a \$50,000 limit on fees paid during the second half of 2004. In 2004, we paid an aggregate of \$587,000 and \$417,000 to our directors for attendance at Board and functional committee meetings, respectively.

Proposed 2005 Stipend. If the proposed 2005 Director Stock Plan is approved by our shareholders at the Annual Meeting, we plan to compensate our non-executive directors with an annual stipend consisting of cash and stock. Consequently, the cash portion of our non-executive directors' annual stipend will be reduced to \$17,500. Additionally, each non-executive director will receive an award of stock equal to the greater of (1) 100 shares or (2) a number of shares with a market value equal to \$17,500. For example, assuming a share price of \$200 per share on the date of grant, each of our non-executive directors would receive an award of 100 shares, with a total aggregate market value as of that date of \$20,000. Messrs. Duffy, Melamed and Sandner will also participate in the 2005 Director Stock Plan on the same terms as all other non-executive directors. All additional amounts owed to such directors will be paid in cash.

Non-executive directors may also elect to receive some or all of the cash portion of their annual stipend in shares of stock (up to a maximum of \$17,500). If a director who elected to receive stock in lieu of cash leaves the Board prior to the next Annual Meeting, such director will be responsible for repaying the Company for the amount of the unearned stipend that otherwise would have been paid in cash. Stipends for serving as Committee Chairman and fees for attendance at Board and committee meetings will continue to be paid in cash.

Deferred Compensation. Non-executive directors may defer all or a portion of their annual cash stipend and meeting fees under CME Holdings Directors' Deferred Compensation Plan into one or more investments that the plan offers from time to time. The return on the investments selected by the directors is the only return they will receive on their deferred compensation.

We do not provide any pension, medical benefit or other benefit programs to our non-executive directors.

Expenses

Our directors are reimbursed for travel and entertainment expenses incurred in connection with the performance of their duties as members of our Board of Directors. Our policy is not to permit any personal use of Company chartered aircraft. We pay for parking and cellular phone service for certain of our directors. On occasion, the Chairman will request that a director's spouse accompany him or her in connection with the director's attendance at certain out of town industry conferences. Under such circumstances, we will reimburse

the director for his or her spouse's reasonable travel expenses. We also provide our Chairman with the use of an office at the Company, as well as secretarial support. Mr. Melamed, as our Chairman Emeritus and Senior Policy Advisor, is also entitled to reimbursement of up to \$150,000 annually for non-travel expenses. These expenses relate to his duties as a director and advisor, such as office and secretarial expenses.

Contractual Relationships with our Chairman and our Chairman Emeritus and Senior Policy Advisor

Terrence A. Duffy. In recognition of the duties and responsibilities undertaken by our non-executive Chairman and the full time commitment to the Company required of the role at the expense of other professional opportunities, the Compensation Committee recommended and the Board approved a retention payment to the Chairman in an amount equal to his annual compensation. The amount shall become payable if at the end of his current term as Chairman in April 2006 or thereafter, Mr. Duffy is not nominated for reelection to the Board and/or is not reelected to the position of Chairman by the members of the Board notwithstanding Mr. Duffy's ability and willingness to continue his service. Under such circumstances, Mr. Duffy is required to assist with the transition of responsibilities to the new Chairman. Mr. Duffy shall not be entitled to receive the retention payment if he is removed as Chairman or not reelected because of his breach of fiduciary duty to the shareholders or because of his willful failure to fulfill his duties and obligations as Chairman as determined by a majority of our independent, non-industry directors.

Leo Melamed. On January 31, 2005, in order to secure the continued service of Mr. Melamed, Chairman Emeritus and Senior Policy Advisor, and to secure the benefit of his unique knowledge of the financial services industry in the future, the Compensation Committee recommended and the Board approved a consulting agreement with Mr. Melamed. Under the terms of the consulting agreement, upon his retirement from the Board, Mr. Melamed will provide the Company with consulting services relating to the futures business and industry and related matters within Mr. Melamed's areas of expertise. The agreement has an initial term of five years with automatic one year renewals unless and until terminated by either party upon no less than 90 days notice prior to the end of the current term. For his services, Mr. Melamed will receive during the term of the agreement \$300,000 per annum plus reimbursement for all reasonable and necessary out-of-pocket travel and other expenses incurred as a result of the agreement. The Company will also provide office and secretarial support during the term of the agreement. In addition, without the prior written consent of the Company, Mr. Melamed may not render services to any competitor or otherwise compete with the Company during the term of the agreement and for one year thereafter. The Board believes that it is in the interests of the Company and its shareholders to continue its close association with Mr. Melamed if he chooses to retire from the Board, although he has no current intention to do so.

Employee Directors

Any director who is an employee of the Company receives no compensation for services as a director or for attendance at Board or committee meetings.

PROPOSAL 3**Election of Class B Nominating Committees**

Our bylaws provide that holders of our Class B-1, B-2 and B-3 shares have the right to elect the members of their respective Class B Nominating Committees. The Class B Nominating Committees are not committees of our Board of Directors and serve only to nominate the slate of directors for their respective classes. Each Class B Nominating Committee is composed of five members who serve for a term of one year. The existing Committee members are responsible for selecting 10 candidates to stand for election as members of a particular Class B Nominating Committee. At the Annual Meeting, holders of Class B-1 shares and holders of Class B-2 shares will be asked to vote on the election of five members to their respective Class B Nominating Committees. Since there will not be any director elected by the holders of the Class B-3 shares at the 2006 Annual Meeting of Shareholders, the Nominating Committee for the Class B-3 shares will not be selected until the 2006 Annual Meeting.

PROPOSAL 4

Approval of the Chicago Mercantile Exchange Holdings Inc. 2005 Director Stock Plan

On January 31, 2005, the Compensation Committee recommended and the Board of Directors approved the Chicago Mercantile Exchange Holdings Inc. 2005 Director Stock Plan (the Director Stock Plan), subject to shareholder approval at the Annual Meeting. The purpose of the Director Stock Plan is to provide the Company with an effective means of attracting, retaining, and motivating non-executive directors of the Company and to further align their interests with those of the Company's shareholders by providing for or increasing their stock ownership interests in the Company.

Proposed Awards under the Plan

If the Plan is approved, beginning in May 2005, our non-executive directors will be compensated with an annual stipend consisting of cash and stock. Consequently, the cash portion of the annual stipend of our non-executive directors will be reduced to \$17,500. Additionally, each non-executive director will receive an award of stock equal to the greater of (1) 100 shares or (2) a number of shares with a market value equal to \$17,500. For example, assuming a share price of \$200 per share on the date of grant, each of our non-executive directors would receive an award of 100 shares, with a total aggregate market value of \$20,000. Non-executive directors may also elect to receive some or all of the cash portion of their annual stipend in shares of stock (up to a maximum of \$17,500). If a director who elected to receive stock in lieu of cash leaves the Board prior to the next Annual Meeting, such director will be responsible for repaying the Company for the amount of the unearned stipend that otherwise would have been paid in cash. Messrs. Duffy, Melamed and Sandner will participate in the Director Stock Plan on the same terms as all other non-executive directors. All additional amounts owed to such directors will be paid in cash.

Equity Dilution Relating to the Plan

As of December 31, 2004, our overhang (total equity awards outstanding as a percentage of common shares outstanding) was 6.97%. The issuance of the additional 25,000 shares requested under the Director Stock Plan, together with the issuance of the additional 40,000 shares requested in connection with the Employee Stock Purchase Plan, would result in overhang of 7.14%. For fiscal year 2004, our burn rate (total equity awards granted during fiscal year 2004 as a percentage of common shares outstanding) was 1.04%. Our average burn rate over the past three years was 0.87%.

Description of the Plan

The following summary of the Director Stock Plan is qualified in its entirety by reference to the complete text of the Director Stock Plan, a copy of which is attached to this proxy statement as *Appendix B*.

Key Provisions

Edgar Filing: CHICAGO MERCANTILE EXCHANGE HOLDINGS INC - Form DEF 14A

Plan Term: 10 years

Eligible Participants: Non-executive directors; the Board currently consists of 19 non-executive directors and one executive director.

Shares Authorized: 25,000; such 25,000 represents less than 1% of the Class A common stock outstanding as of December 31, 2004. We believe this authorization will be sufficient to fund awards through 2010. As of February 28, 2005, the closing price of our Class A common stock was \$206.62 per share.

Award Types:

Stock

Restricted Stock

Stock Options

Vesting: Determined by Compensation Committee.

Not Permitted: discount stock options; the Director Stock Plan also does not provide the Compensation Committee with the authority to reprice stock options.

Administration of the Plan

The Director Stock Plan will be administered by the Compensation Committee of the Board of Directors. The Compensation Committee has, among other powers, the exclusive power to interpret and administer the Director Stock Plan and to grant awards under the Director Stock Plan. The Compensation Committee's authority includes determining the types and terms of the awards to be granted and selecting award recipients from among persons eligible to participate in the Director Stock Plan.

Shares Reserved under the Plan

The number of shares of common stock that may be issued or awarded under the Director Stock Plan shall not exceed 25,000, subject to adjustment by the Compensation Committee. The shares issuable under the Director Stock Plan may be drawn from either authorized but previously unissued shares of common stock or from reacquired shares of common stock, including shares purchased by us in the open market and held as treasury shares.

Adjustments

In the event of any merger, reorganization, consolidation, recapitalization, liquidation, stock dividend, split-up, share combination or other similar change in the corporate structure of the Company affecting its common stock, the Compensation Committee may, in its discretion, adjust the number and kind of shares available under the Director Stock Plan and the number and kind of shares subject to awards and the exercise price of outstanding options.

Awards under the Plan

Restricted Stock Awards. The Compensation Committee may award shares of our Class A common stock that are subject to certain restrictions. The Compensation Committee shall fix the restrictions on transfer and forfeiture conditions and the restriction period applicable to each restricted share award. The recipient of a restricted share award will be unable to dispose of the shares prior to the expiration of the restricted period. Unless otherwise provided by the Compensation Committee, the term of restriction for a restricted share award shall be one year. During the period of restriction, the recipient shall be entitled to vote the shares and receive any cash dividends and other distributions on such shares.

Stock Options. The Compensation Committee may grant rights to purchase a specified number of shares of Class A common stock at a specified exercise price and subject to the terms and conditions set forth in the option grant. At the time the option is granted, the Compensation Committee will determine the number of shares subject to the option, the exercise (or purchase) price per share, the period during which the option may be exercised and the restrictions and conditions on and to that exercise. However, the exercise price of each option will be at least equal to the market value of our common stock on the date of grant and no option may be exercised more than three years after termination of a director's service on the Board. Payment of the exercise price of a stock option may be in cash, common stock owned by the participant, other

consideration permitted by the Compensation Committee, withholding shares otherwise issuable with the consent of the Compensation Committee or by a combination of the foregoing.

Other Stock-Based Awards. Under the Director Stock Plan, the Compensation Committee has the right to grant other awards of common stock or awards otherwise based on common stock or in cash in its sole discretion.

Transferability

Except as otherwise authorized by the Compensation Committee, no awards and no shares of common stock that have not been issued or to which any applicable restriction has not lapsed may be sold, assigned, transferred, pledged or otherwise encumbered other than by will or the laws of descent and distribution.

Change of Control

Upon a change of control as defined in the Director Stock Plan, all awards outstanding under the Director Stock Plan will vest, become immediately exercisable or payable or have all restrictions lifted as may apply to the type of award granted.

Termination of Service

Except as otherwise authorized by the Compensation Committee at the time of grant, if a director's service ends for any reason other than death, permanent disability or expiration of service as a director, any unvested portion of an outstanding award will terminate and be forfeited to the Company without consideration. Upon a termination of service due to death, permanent disability or expiration of service as a director, all unvested awards granted under the Director Stock Plan will vest, become immediately exercisable or payable or have all restrictions lifted as may apply to the type of award granted.

Amendments and Termination

The Board of Directors may at any time terminate, amend or suspend the Director Stock Plan, as it deems advisable, subject to the requirements of applicable law and other regulatory requirements, including those imposed by the NYSE.

New Plan Benefits

The awards to be granted under the Director Stock Plan will be made at the discretion of the Compensation Committee. In addition, awards are dependent upon a number of factors, including the value of our common stock on future dates. As a result, the benefits that might be received by non-executive directors receiving awards under the Director Stock Plan are not determinable. The following table sets forth for illustrative purposes the benefits our non-executive directors as group would have received under the proposed Director Stock Plan had it been in place during the last fiscal year. Only non-executive directors are eligible for participation in the Director Stock Plan.

- (1) The dollar value was calculated based on the closing price of our Class A common stock on April 22, 2004 (the first day following the election of our directors at the 2004 Annual Meeting of Shareholders) of \$117.20.
- (2) Assumes that each non-executive director was entitled to receive an award of stock of 149 shares, which is approximately equal to the greater of (i) 100 shares or (ii) a number of shares with a market value equal to \$17,500. Also assumes that no director elected to receive additional shares in lieu of his or her cash portion of the annual stipend.

Federal Income Tax Consequences

The following is only a brief summary of the effect of U.S. federal income taxation on the award recipient and on CME Holdings of an award of stock, stock options or restricted stock and this summary does not discuss the income tax laws of any other jurisdiction (such as municipality or state) in which the recipient of the award may reside. This summary is based on the tax laws in effect on the date of this proxy statement. Changes to these laws could alter the tax consequences described below.

Shares of Common Stock. Generally, the grantee will recognize ordinary income upon the receipt of shares equal to the value of the stock on the date of grant. CME Holdings will be entitled to a corresponding deduction on its income tax return. Upon the sale of the stock, the participant will have capital gain or loss equal to the difference between the sales proceeds and the value of the stock on the date of grant. The capital gain or loss will be long-term if the participant has held the stock for more than one year and otherwise will be short-term.

Stock Options. Generally, no federal income tax is payable by a participant upon the grant of a non-qualified stock option with an exercise price at least equal to the market value of the underlying stock and no deduction is taken by CME Holdings at the grant date. Under current tax laws, if a participant exercises a non-qualified stock option, he or she will be taxed as ordinary income on the difference between the market value of the shares received at the time of exercise and the option price. CME Holdings will be entitled to a corresponding deduction on its income tax return. Upon the sale of the stock, the participant will have capital gain or loss equal to the difference between the sales proceeds and the value of the stock on the day the stock was exercised. The capital gain or loss will be long-term if the participant has held the stock for more than one year and otherwise will be short-term.

Restricted Stock. Generally, a grant of restricted shares will not result in income for the grantee or in a deduction for CME Holdings for federal tax purposes, assuming the shares transferred are subject to restrictions resulting in a substantial risk of forfeiture. If there are no such restrictions, the grantee will recognize ordinary income upon receipt of the shares. Dividends paid to the grantee while the stock remains subject to restriction will be treated as compensation for federal income tax purposes. At the time the restrictions lapse, the grantee will receive ordinary income, and CME Holdings will be entitled to a deduction measured by the market value of the shares at the time of lapse. When the stock is sold, the participant will have capital gain or loss equal to the sales proceeds less the value of the stock on the vesting date. Any capital gain or loss will be long-term if the participant held the stock for more than one year from the vesting date and otherwise will be short-term.

Vote Required to Approve the Plan

Approval of this proposal requires the affirmative vote of the holders of a majority of the shares of the Company's Class A and Class B common stock present or represented by proxy at the Annual Meeting voting together as a single class.

PROPOSAL 5

Approval of the Chicago Mercantile Exchange Holdings Inc. Employee Stock Purchase Plan

On January 31, 2005, the Compensation Committee recommended and the Board of Directors approved the Chicago Mercantile Exchange Holdings Inc. Employee Stock Purchase Plan (the ESPP), subject to shareholder approval at the Annual Meeting. The purpose of the ESPP is to provide employees of the Company and its subsidiaries added incentive to promote the best interests of CME Holdings by permitting eligible employees to purchase shares of our Class A common stock through payroll deductions. The ESPP is intended to qualify as an employee stock purchase plan under Section 423 of the Internal Revenue Code of 1986, as amended.

Equity Dilution Relating to the Plan

As of December 31, 2004, our overhang (total equity awards outstanding as a percentage of common shares outstanding) was 6.97%. The issuance of the additional 40,000 shares requested under the ESPP, together with the issuance of the additional 25,000 shares requested in connection with the Director Stock Plan, would result in overhang of 7.14%.

Description of ESPP

The following summary of the ESPP is qualified in its entirety by reference to the complete text of the ESPP, a copy of which is attached to this proxy statement as *Appendix C*.

Key Provisions

Plan Term: 10 years

Eligible Participants: All regular employees who customarily work more than five months in any calendar year and for more than 20 hours per week. Pursuant to discretion granted to the Compensation Committee under the ESPP, the Committee has elected to exclude members of our Management Team from participating in the ESPP.

Shares Authorized: 40,000; such 40,000 represents less than 1% of the common stock outstanding as of December 31, 2004. We believe that the authorization of 40,000 will allow us to operate the ESPP through 2009. As of February 28, 2005, the closing price of our common stock was \$206.62 per share.

Purchase Price of Shares: 90% of closing price on the date of purchase.

Holding Period: Six months from date of purchase.

Administration of the Plan

The ESPP will be administered by the Compensation Committee of the Board of Directors. The Committee will have full power and authority to interpret and administer the ESPP, to establish rules and regulations relating to the ESPP and to make all other determinations it deems appropriate for the proper administration of the ESPP.

Shares Reserved under the Plan

The number of shares of common stock available for purchase under the ESPP shall not exceed 40,000, subject to adjustment by the Compensation Committee. The shares available for purchase under the ESPP may be drawn from either authorized but previously unissued shares of common stock or from reacquired shares of common stock, including shares purchased by us in the open market and held as treasury shares.

Adjustments

In the event of any merger, reorganization, consolidation, recapitalization, liquidation, stock dividend, split-up, share combination or other similar change in the corporate structure of the Company affecting its common stock, the Compensation Committee may, in its discretion, adjust the number and kind of shares available under the ESPP.

Eligible Participants

All employees who are regularly scheduled to work at least 20 hours per week and who customarily are employed for more than five months in a calendar year will be eligible to participate in the ESPP, except for certain limitations imposed by Section 423(b) of the Code. Under the Code, no employee is permitted to purchase any shares in the ESPP if such employee, immediately after such purchase, owns shares possessing 5% or more of the total combined voting power of all classes of stock of the Company. In addition, no employee may purchase any shares in the ESPP in excess of \$25,000 (determined at the market value of the shares at the beginning of the offering period) in any one calendar year. Pursuant to authority granted to the Compensation Committee under the terms of the ESPP, the Committee has elected to exclude members of our Management Team from participating in the ESPP. As of December 31, 2004, approximately 1,300 employees would have been eligible to participate in the ESPP.

Participation in the ESPP

The ESPP will allow eligible employees to authorize payroll deductions of up to 10% of their base salary to be applied toward the purchase of shares of common stock at the end of the offering period. The ESPP will be implemented by consecutive offering periods of approximately six months duration. Shares will be purchased at the end of an offering period at a price of 90% of the market value of the common stock as reported on the NYSE.

Deduction Changes and Suspension

Except as otherwise provided by the Committee, a participant may increase or decrease his or her payroll deductions at any time. Participants may withdraw all, but not less than all, of their accumulated payroll contributions at any time prior to the next purchase date. A participant's withdrawal from an offering period will not have any effect upon his or her ability to participate in the following offering period.

Transferability

A participant's rights under the ESPP are not transferable by the participant except by will or the laws of descent and distribution.

Holding Period

A participant may not sell shares acquired in the ESPP until six months after the date of purchase.

Termination of Employment

When a participant terminates employment for any reason, including voluntary termination, retirement or death, the cash amounts credited to such participant's account that have not been used to purchase shares will be returned to the participant or in the case of such participant's death, to the person's designated beneficiary.

Amendments and Termination

The Board of Directors may at any time terminate, amend or suspend the ESPP, as it deems advisable, subject to the requirements of applicable law and other regulatory requirements, including those imposed by the NYSE.

New Plan Benefits

The benefits that might be received by participating employees under the ESPP cannot be determined because the benefits depend upon the degree of participation by employees and the trading price of our common stock in future offering periods. Pursuant to authority granted to the Compensation Committee under the terms of the ESPP, the Committee has elected to exclude members of our Management Team from participating in the ESPP.

Federal Income Tax Consequences

The following is only a brief summary of the effect of U.S. federal income taxation on a participant in the ESPP and on CME Holdings and this summary does not discuss the income tax laws of any other jurisdiction (such as municipality or state) in which the participant may reside. This summary is based on the tax laws in effect on the date of this proxy statement. Changes to these laws could alter the tax consequences described below.

Generally, no tax consequences will arise at the time an employee purchases common stock under the ESPP. If an employee disposes of the common stock purchased under the ESPP less than one year after it was purchased and within two years of the beginning of the applicable offering period, the employee will be deemed to have received compensation taxable as ordinary income in an amount equal to the difference between the amount paid by the employee to purchase the common stock, and its market value as of the date of purchase. The amount of such ordinary income will be added to the employee's cost basis for purposes of determining capital gain or loss upon the disposition of the common stock by the employee.

If an employee does not dispose of the common stock purchased under the ESPP until at least one year after it was purchased and at least two years after the beginning of the applicable offering period, the employee will be deemed to have received compensation taxable as ordinary income in an amount equal to the lesser of (a) the difference between the discounted purchase price of the common stock on the date of purchase and the market value of the common stock at the beginning of the offering period, and (b) the difference between the market value of the shares at the time of the sale and the discounted purchase price. The amount of such ordinary income will be added to the employee's cost basis for purposes of determining capital gain or loss upon the disposition of the common stock by the employee. The Company generally will not be entitled to a deduction with respect to the common stock purchased by an employee, unless the employee disposes of the common stock less than one year after the common stock was purchased by the employee or less than two years after the beginning of the offering period.

Vote Required to Approve the Plan

Approval of this proposal requires the affirmative vote of the holders of a majority of the shares of the Company's Class A and Class B common stock present or represented by proxy at the Annual Meeting voting together as a single class.

PROPOSAL 6

Ratification of the Appointment of Our Independent Registered Public Accounting Firm
for the 2005 Fiscal Year

As required by Section 301 of the Sarbanes-Oxley Act of 2002 and the listing standards of the NYSE, our Audit Committee is comprised solely of directors who are independent under the requirements of the SEC and the NYSE and is directly responsible for the appointment, compensation and oversight of our independent registered public accounting firm. The Audit Committee has appointed Ernst & Young LLP to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2005. Ernst & Young LLP served as our independent registered public accounting firm for the fiscal year ended December 31, 2004. Representatives of Ernst & Young LLP will be present at the Annual Meeting, will be available to respond to appropriate questions and may make a statement if they so desire. Although we are not required to seek shareholder approval of this appointment, we believe it to be sound corporate governance to do so. If the appointment of Ernst & Young LLP is not ratified by our shareholders, our Audit Committee will investigate the reasons for the shareholder rejection and will consider appointing a different independent registered public accounting firm.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE 2005 FISCAL YEAR.

Principal Accountant Fees and Services

Fees paid to Ernst & Young LLP for each of the last two fiscal years are listed in the following table.

Year Ended December 31,	Audit Fees	Audit-Related Fees	Tax Fees	All Other Fees
2004	\$ 706,925	\$ 217,750	\$ 150,638	\$ 0
2003	\$ 458,625	\$ 140,800	\$ 128,600	\$ 0

Audit fees include fees for professional services rendered for the audit of our annual financial statements, review of our financial statements included in our Quarterly Reports on Form 10-Q, in connection with Section 404 of Sarbanes-Oxley in 2004 and for other services that are normally provided by our independent registered public accounting firm in connection with statutory and regulatory filings or engagements, including services provided in connection with our secondary public offerings in 2003.

Audit-related fees include fees for assurance and related services that are reasonably related to the performance of the audit and review of our financial statements, other than those services described under Audit Fees. These fees were primarily for services in connection with a review of our technology, security and control environment in 2004, employee benefit plan audits and miscellaneous audit-related consultations.

Edgar Filing: CHICAGO MERCANTILE EXCHANGE HOLDINGS INC - Form DEF 14A

Tax fees consist of services performed by our independent registered public accounting firm's tax division, except those related to the audit, and include fees for tax compliance, tax planning and tax advice. In 2004, \$82,438 of our tax fees were for tax compliance and preparation of tax returns.

There were no fees billed for other services rendered by our independent registered public accounting firm that would be included in all other fees for the years ended December 31, 2004 and 2003.

The Audit Committee has considered whether the provision of non-audit services is compatible with maintaining the registered public accounting firm's independence. All of the services described above were pre-approved by the Audit Committee in accordance with our Audit and Non-Audit Services Policy.

Audit Committee Pre-Approval Policy

The Audit Committee is responsible for the appointment, retention, compensation and oversight of our independent registered public accounting firm. The Audit Committee has adopted policies and procedures for pre-approving all services (audit and non-audit) performed by our independent registered public accounting firm. In accordance with such policies and procedures, the Audit Committee is required to pre-approve all audit and non-audit services to be performed by the independent registered public accounting firm in order to assure that the provision of such services is in accordance with the rules and regulations of the SEC and does not impair the registered public accounting firm's independence. Under the policy, pre-approval is generally provided up to one year and any pre-approval is detailed as to the particular service or category of services and is subject to a specific budget. In addition, the Audit Committee may pre-approve additional services on a case-by-case basis. For each additional proposed service, our independent registered public accounting firm is required to provide detailed back-up documentation at the time of approval and our independent registered public accounting firm and our Chief Financial Officer must attest as to whether, in their view, the request or application is consistent with the SEC's rules on independence. The Audit Committee has delegated specific pre-approval to the Chairperson of the Audit Committee provided the estimated fee of the proposed service does not exceed \$100,000. The Chairperson must report any decisions to the Audit Committee at its next scheduled meeting. Periodically, but not less than quarterly, our Chief Financial Officer will provide the Audit Committee with a report of audit and non-audit services provided and expected to be provided by the independent registered public accounting firm. A copy of our Audit and Non-Audit Services policy is available on our Web site.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee oversees our financial reporting process on behalf of the Board of Directors. The Audit Committee consists of five independent directors as defined in the listing standards of the New York Stock Exchange. Its duties and responsibilities are set forth in the Audit Committee Charter adopted by our Board of Directors, which was reviewed and revised in June 2004 and which is attached to this proxy statement as *Appendix D*. The Board of Directors has determined that Dennis Chookaszian and William P. Miller II meet the SEC's definition of audit committee financial expert.

As set forth in more detail in the Audit Committee Charter, the primary responsibilities of the Audit Committee fall into three broad categories:

to serve as an independent and objective party to monitor our financial reporting process and internal control system;

to provide an open avenue of communication among the independent registered public accounting firm, financial and senior management, the internal audit department and the Board of Directors.

The Audit Committee, during the course of each fiscal year, devotes the attention that it deems necessary and appropriate to each of the matters assigned to it under the Audit Committee Charter. To carry out its responsibilities, the Audit Committee met 16 times during fiscal year 2004 and two times during 2005 in regards to fiscal year 2004.

In the course of fulfilling its responsibilities, the Audit Committee has:

Edgar Filing: CHICAGO MERCANTILE EXCHANGE HOLDINGS INC - Form DEF 14A

reviewed, revised and discussed with management the Audit Committee Charter;

discussed with representatives of the independent registered public accounting firm, Ernst & Young LLP, the matters required to be discussed pursuant to Statement on Auditing Standards No. 61, (Codification of Statements on Auditing Standards, AU §380);

reviewed payments to and pre-approved services of our independent registered public accounting firm in accordance with the Audit and Non-Audit Services Policy; and

considered whether the provision by the independent registered public accounting firm of non-audit services is compatible with maintaining their independence.

Based on the foregoing, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in CME Holdings' Annual Report on Form 10-K for the year ended December 31, 2004, for filing with the Securities and Exchange Commission. The Audit Committee also selected Ernst & Young LLP as the independent registered public accounting firm for fiscal year 2005. The Board is recommending that shareholders ratify that selection at the annual meeting.

Management is responsible for the preparation, presentation and integrity of the financial statements; accounting and financial reporting principles; establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rule 13a-15(e)); establishing and maintaining internal control over financial reporting (as defined in Exchange Act Rule 13a-15(f)); evaluating the effectiveness of the disclosure controls and procedures and the internal control over financial reporting; and evaluating any change in internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, internal control over financial reporting. - (1) The Omnibus Stock Plan is our only equity compensation plan that was in place during 2004. Prior to our reorganization, CME issued options under the Chicago Mercantile Exchange Omnibus Stock Plan, which was not approved by CME shareholders. In connection with our reorganization, CME, as the sole stockholder of CME Holdings, approved the assumption by CME Holdings of the Chicago Mercantile Exchange Omnibus Stock Plan. After the reorganization, the plan was amended and restated as the CME Holdings Amended and Restated Omnibus Stock Plan. Options issued prior to the sole shareholder approval are listed in the table above as being made under an equity compensation plan not approved by security holders, and options issued after such time are listed above as being made under an equity compensation plan approved by security holders.

Employment Agreements

Donohue Employment Agreement. Effective as of January 1, 2004, we entered into an employment agreement with Mr. Donohue to serve as our Chief Executive Officer. Under the agreement, Mr. Donohue will receive a minimum annual base salary of no less than \$700,000. He is also eligible to receive a bonus under our Annual Incentive Plan. The agreement also provides that Mr. Donohue is entitled to insurance, vacation and other employee benefits commensurate with his position in accordance with our policies for executives in effect from time to time. Mr. Donohue's agreement will terminate on December 31, 2006, unless sooner terminated by us or Mr. Donohue. We may terminate Mr. Donohue's employment agreement pursuant to its terms due to Mr. Donohue's death or disability, or with or without cause. In addition, Mr. Donohue may terminate the agreement at any time upon 60 days written notice. If Mr. Donohue's employment is terminated because of his death or disability or by us with or without cause, he or his beneficiary will receive accrued base salary through the date of termination and other employee benefits to which he is entitled at such time in accordance with the terms of our plans and programs. In addition, in the event of a termination with cause by us, Mr. Donohue will forfeit any unvested or unearned compensation or long-term incentives, unless otherwise provided in the employment agreement or specified in the terms of our plans and programs. Mr. Donohue's agreement provides that, in the event of a termination without cause by us, Mr. Donohue shall be entitled to receive a one-time lump sum severance payment equal to two times his base salary as of the date of termination for the remaining term of the agreement, if any, or 24 months, whichever period is shorter.

Other Employment Agreements. We entered into employment agreements with Messrs. Gill and Krause, effective January 1, 2004 and January 1, 2003, respectively. Under these employment agreements, Messrs. Gill and Krause will each receive a minimum annual base salary of no less than \$600,000 and \$250,000, respectively. The executives are also eligible to receive bonuses under our Annual Incentive Plan. The agreements provide that each of the executive officers are entitled to insurance, vacation and other employee benefits commensurate with their position in accordance with our policies for executives in effect from time to time.

Messrs. Gill's and Krause's agreements terminate on December 31, 2007 and December 31, 2005, respectively, unless sooner terminated by us or the executive officer. We may terminate each of the employment agreements pursuant to their terms due to the executive officer's death or disability, or with or without cause. In addition, the executive officer may terminate the agreement at any time upon 60 days written notice. If the executive officer's employment is terminated because of his death or disability or by us with or without cause, he or his beneficiary will receive accrued base salary through the date of termination and other employee benefits to which he is entitled at such time in accordance with the terms of our plans and programs. In addition, in the event of a termination with cause by us, the executive officer will forfeit any unvested or unearned compensation or long-term incentives, unless otherwise provided in the employment agreement or specified in the terms of our plans and programs. Mr. Gill's agreement provides that, in the event of a termination without cause by us, he shall be entitled to receive a one-time lump sum severance payment equal to two times his base salary as of the date of termination for the remaining term of the agreement, if any, or 24 months, whichever period is shorter. Mr. Krause's agreement provides that, in the event of a termination without cause by us, he shall be entitled to receive a one-time lump sum severance payment equal to 24 months base salary.

Benefit Plans

Omnibus Stock Plan

We have adopted the CME Holdings Amended and Restated Omnibus Stock Plan under which awards of incentive stock options, non-qualified stock options, stock appreciation rights, restricted stock and other equity-based awards may be made to our employees and those of our affiliates. A total of approximately 4.0 million shares of our Class A common stock are authorized for issuance under the Plan (subject to adjustment in the event of a merger, reorganization or similar corporate event involving us) of which approximately 2.8 million

are subject to outstanding or exercised options or restricted share awards. The Plan is administered by the Compensation Committee of our Board, which has the responsibility for designating recipients of awards under the Plan, determining the terms and conditions of these awards and interpreting the provisions of the Plan.

The Plan contains a change of control provision. A change of control generally occurs under the Plan upon the occurrence of the following events:

any person acquires more than 50% of our then outstanding shares of Class A common stock or more than 50% of the combined voting power of the then outstanding shares of common stock;

individuals who comprised our Board on February 7, 2000 (generally including any person becoming a director who was nominated or approved by those persons) cease to constitute at least a majority of our Board;

a reorganization, merger, consolidation, or sale of all or substantially all of our assets under circumstances where (i) our shareholders prior to the transaction own less than 50% of the then outstanding shares or less than 50% of the combined voting power of the surviving or resulting corporation, (ii) the members of our Board immediately prior to the transaction do not constitute a majority of the Board of Directors of the resulting or surviving corporation or (iii) an individual or entity acquires 50% or more of the common stock or combined voting power of the surviving or resulting entity; or

the approval by our shareholders of a complete liquidation or dissolution of CME Holdings.

The Plan generally provides that, in the event of a change in control as a result of which our shareholders receive registered common stock, all unvested options issued under the Plan shall become vested and exercisable, restrictions shall lapse with respect to any restricted stock issued under the Plan and performance goals applicable to outstanding awards shall be deemed to have been achieved. If the consideration to be received by our shareholders pursuant to the change in control is not registered common stock, outstanding awards will be cancelled in exchange for a cash payment equal to the value of such award (as defined in the Plan).

Pension Plan

We maintain a non-contributory defined benefit cash balance pension plan for eligible employees. To be eligible, an employee must have completed a continuous 12-month period of employment with us and have reached the age of 21. Effective January 15, 1995, the pension plan was amended to provide for an age-based contribution to a cash balance account, and to include cash bonuses in the definition of earnings. Our funding goal is to have the pension plan 100% funded on a projected benefit obligation basis, while also satisfying any minimum required and maximum deductible contribution requirements. Participants become vested in their accounts after five years of service. An individual pension account is maintained for each plan participant. During employment, each individual pension account is credited with an amount equal to an age-based percentage of that individual's earnings plus the greater of 4% or the December yield on one-year Treasury constant maturities. The pension account is portable, and vested balances may be paid out when participants end their employment with us. Alternatively, a participant may elect to receive the balance in the account in the form of one of various monthly annuities. The following is the schedule of the employer contributions based on age:

The Named Executive Officers have projected annual retirement benefits under the qualified pension plan, based on accumulated balances as of December 31, 2004, a future annual interest credit rate of 4% and future service to age 65 at salary levels as of December 31, 2004, as follows: Mr. Donohue, \$69,105; Mr. Gill, \$65,795; Ms. Taylor \$64,675; Mr. Krause \$38,642 and Mr. Chadid \$62,346. The foregoing benefits do not take into account any reduction for Social Security or other offset amounts. In addition, we contribute an amount each year under a non-qualified supplemental pension plan for officers who are subject to statutory limits on the amount of compensation that can be covered under our qualified cash balance pension plan, based on the same schedule of employer contributions previously described. The contributions made under the supplemental pension plan for each of our Named Executive Officers in respect of 2004 are included in the Summary Compensation Table. The amount of return on accumulated balances in this non-qualified defined contribution plan is based on the particular individual's investment decisions and, therefore, there is no guarantee of a minimum rate of return.

Deferred Compensation Plan

Eligible officers of the Company, including the Named Executive Officers, may also participate in our Deferred Compensation Plan. Under the terms of the plan, eligible officers may defer a portion of their annual base pay and bonus into one or more investments that the plan offers from time to time. The return on the investments selected by the officers is the only return they will receive on their deferred compensation.

Supplemental Executive Retirement Plan

We also maintain a non-qualified defined contribution Supplemental Executive Retirement Plan for senior officers, including the Named Executive Officers. Under the terms of this plan, we make an annual contribution of a percentage of salary and bonus for eligible employees. Beginning in 2003, the contribution rate was 3%, representing a decrease from the 8% contribution rate in previous years. As of 2003, contributions will vest at one time once five years of service are attained. Previously, contributions began vesting after three years and became fully vested after five years. Participants in the plan elect to apply their contributions to one or more investments offered by the plan. The return on the investments selected by the officers is the only return they will receive on the contributions made under this plan. The contributions made under the Supplemental Executive Retirement Plan for each of our Named Executive Officers in respect of 2004 are shown in the Summary Compensation Table.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee is comprised of five independent directors. The primary responsibilities of the Compensation Committee are to review, recommend and approve compensation arrangements for senior management, to adopt compensation plans in which senior management is eligible to participate and to oversee matters relating to employee compensation, employee benefit plans and employee incentive programs. A complete description of the Committee's responsibilities may be found in its charter, a copy of which may be found on our Web site. There were nine meetings of the Committee in 2004.

Compensation Philosophy and Objectives

The Compensation Committee applies a consistent philosophy to compensation for all employees. This philosophy is based on the premise that our achievements result from the coordinated efforts of all employees working toward our business objectives. The goal of our executive compensation policies is to ensure that an appropriate relationship exists between pay, our financial performance and the creation of shareholder value. When reviewing and approving compensation, or making recommendations regarding compensation to the Board, the Compensation Committee considers:

Alignment between pay and performance. It is the Committee's underlying principle that compensation should have a direct relationship with sustained shareholder value, our business and financial objectives and an employee's performance.

Ability to attract and retain talented and qualified employees. The Committee's objective is to attract and retain highly qualified employees in a manner which provides incentives to create shareholder value.

Balance between rewarding short- and long-term performance. The Committee's goal is a compensation program that provides an appropriate mix of fixed and variable pay, balances annual pay and individual and company performance with long-term stock price performance, and encourages executive retention.

The Compensation Committee's primary mission is to structure and administer a range of compensation programs designed to enable us to attract and retain executive talent in a highly competitive marketplace. To help it fulfill this mission, the Compensation Committee periodically evaluates the competitiveness of our executive compensation programs, using information drawn from a variety of sources, such as reputable published survey data on other financial and service institutions, information supplied by executive compensation consultants and its own experience in recruiting and retaining top executives. Each year, the Committee reviews management's recommendations for new staff officers, as well as compensation and benefit plan modifications and the funding of those plans. The Committee approves the annual total cash compensation of each of the Named Executive Officers, including the Chief Executive Officer, and the Company's other senior executive officers and determined that it was reasonable. Once approved, base salary adjustments are made and bonus awards are paid in the first quarter of the year.

During 2004 and early 2005, the Compensation Committee discussed executive compensation at a number of meetings. There are three primary components of executive compensation: base salary, annual bonuses, and long-term equity compensation, each of which is intended to complement the other and, taken together, to satisfy our compensation philosophy and objectives. The Committee's policies with respect to each of these components, including the basis for the compensation awarded to our Chief Executive Officer, are discussed below.

Base Salary

The Committee uses base salary to reward executives competitively with the level of salary relative to each position's duties and level of responsibility. It is generally the Committee's practice to target base pay ranges around the 50th percentile of the relevant market data. Base salaries are reviewed annually to determine if such

salaries fall within a competitive range. Individual salaries set within a competitive range are also based upon an evaluation of other factors, such as individual past and current performance, potential with the Company, level and scope of responsibility, and internal equity. While executive base salaries are evaluated annually, we typically adjust salaries for those at more senior levels less frequently. For 2005, the Committee approved base salary increases for three senior executives.

The base salary of each Named Executive Officer in 2004 is set forth in the Summary Compensation Table on page 39.

Annual Bonuses

Annual bonuses are designed to reward short-term or annual achievements and reflect both Company and individual performance. Bonus awards to our officers are granted under the Company's Annual Incentive Plan, approved by our shareholders in April 2003. The purpose of the Annual Incentive Plan is to align the interests of our management with those of our shareholders by encouraging management to achieve goals intended to increase long-term shareholder value.

Through this program, a substantial portion of executive pay is variable based on Company and individual performance. Individual target levels are established as a percentage of base earnings and vary by level of executive. For the executive group, bonus compensation is structured to be a relatively larger proportion of the target total cash compensation as the level of responsibility increases. Base pay represents 57% of target total cash compensation at the senior executive level and 71% to 77% for all other officers.

Pursuant to the Plan, the Committee determines the criteria and objectives that must be met during the applicable performance period in order to earn an award under the Plan. The Company uses cash earnings as the metric used in determining performance against pre-established cash earnings goals for the year. For 2004, CME exceeded the maximum cash earnings target and thus the bonus pool was funded approximately at the maximum level.

The Annual Incentive Plan is funded in the following manner based on our achievement of cash earnings:

	<u>Threshold</u>	<u>Target</u>	<u>Maximum</u>
Actual Cash Earnings	80% of cash earnings target	100% of cash earnings target	120% of cash earnings target
Funding of Plan	50% of target bonus pool	100% of target bonus pool	150% of target bonus pool

The funding of the target bonus pool is interpolated for performance falling between the designated target levels. If the Company does not achieve 80% of targeted cash earnings, the bonus pool is not funded (other than for non-exempt employees, who may receive a bonus under our discretionary bonus program).

Individual performance is also considered in determining the amount of his or her bonus. The impact made on meeting or exceeding the goals of the Company's business plan is a key consideration in determining individual bonuses. This discretionary component enables the Committee and the CEO to award the annual bonus based on each officer's performance and the contribution to the Company during the fiscal year.

Edgar Filing: CHICAGO MERCANTILE EXCHANGE HOLDINGS INC - Form DEF 14A

The bonus pool and the actual bonus awards for 2004 reflect the fact that the Company exceeded its cash earnings target. At its January meeting, the Committee approved individual executive bonuses to reflect these efforts and achievements.

The bonuses awarded to each Named Executive Officer for 2004 are set forth in the Summary Compensation Table on page 39.

Long-Term Equity Compensation

The goal of our long-term, equity-based compensation is to align the interests of employees with shareholder interests, to encourage employees to work with a long-term view of our performance and to reinforce their long-term affiliation with the Company. The Company provides long-term incentive awards through its Omnibus Stock Plan, which is administered by the Committee.

The Omnibus Stock Plan gives the Compensation Committee the flexibility to grant various types of equity vehicles, such as stock options, restricted stock and performance units. The types of awards granted each year reflect both the specific objectives intended, such as aligning employees' interests with shareholders' interests, and competitive practice. Currently, the two vehicles in use at the senior executive level are stock options and restricted stock. All other officers typically receive equity grants solely in the form of stock options. The Company grants stock options with an exercise price equal to the market value of the Company's stock at the time of grant. Typically, options expire ten years from the date of grant and vest 20% per year over a five year period. Restricted stock generally vests 20% per year over a five year period as well. We believe this vesting schedule helps to retain the knowledge and skills of our officers over time by reducing turnover.

Executives receive competitive long-term incentive awards as part of their annual compensation package through the CME Equity Program. Target equity grant levels are established as a percentage of base pay and vary by level of executive. In 2004, the Committee approved equity grants for all executives, subject to the terms and provisions of the Omnibus Stock Plan.

The equity grants awarded to each Named Executive Officer in 2004 can be found in the Summary Compensation Table on page 39.

Deferred Compensation

All executive officers are eligible to participate in a non-qualified deferred compensation program, whereby they can elect to defer up to 20% of base salary and up to 20% of annual bonus into designated investment options of their choice. The return on the selected investments is the only return executive officers will receive on their deferred compensation. In addition, the Company provides a Supplemental Executive Retirement Plan (SERP) to the Named Executive Officers and other senior management, whereby the Company contributes 3% of base salary and bonus annually under the SERP. This SERP allows us to maintain a competitive retirement program for executives.

Chief Executive Officer Compensation

In November 2003, we entered into an employment agreement with Mr. Donohue to serve as our Chief Executive Officer, effective January 1, 2004 through December 31, 2006, subject to renewal by mutual agreement of the parties. The agreement provides for a minimum base salary of \$700,000 per year. Mr. Donohue is eligible for an annual incentive bonus under the Company's Annual Incentive Plan and may participate in the CME Equity Program. Mr. Donohue is also entitled to participate in other benefit plans generally available to the Company's executives.

The Committee followed the same philosophy and policies described above in determining compensation for Mr. Donohue during 2004. Mr. Donohue received an annual base salary of \$700,000 in 2004. In addition, in consideration of Mr. Donohue's leadership and other factors evaluated in a qualitative and quantitative review of his performance and the fact that the Company exceeded its cash earnings target, the Committee approved a bonus of \$1,058,381 for Mr. Donohue for the 2004 performance year.

Limit on Tax-Deductible Compensation

Section 162(m) of the Internal Revenue Code imposes a \$1.0 million limit on the deduction that the Company may claim in any tax year with respect to compensation paid to the Chief Executive Officer and certain other senior executive officers. Certain types of performance-based compensation are exempted from this \$1.0 million limit. Performance-based compensation can include income from stock options, restricted stock, and certain formula driven compensation that meets the IRS requirements. In 2003, the shareholders approved the Annual Incentive Plan, which provides that amounts payable to the Chief Executive Officer and certain other senior executive officers will not be subject to the deduction limitations of Section 162(m); provided certain pre-established goals are met. We reserve the authority, however, to authorize payments that may not be deductible if we believe that it is in the best interests of the Company and its shareholders.

We believe that the compensation programs of the Company are designed and administered in a manner consistent with the executive compensation philosophy and objectives. The programs continue to focus on aligning executive pay with performance, attracting and retaining qualified employees and maintaining a balance between rewarding short- and long-term company performance. We regularly review these programs to ensure they achieve our objectives and are competitive with the marketplace.

Also, householding will not in any way affect dividend check mailings.

If you are eligible for householding, but you and other shareholders of record with whom you share an address currently receive multiple copies of the proxy statement and/or Annual Report to Shareholders, or if you hold stock in more than one account, and in either case you wish to receive only a single copy of each of these documents for your household, please contact our transfer agent, Computershare as previously indicated.

PROXY SOLICITATION

We will pay the costs of soliciting proxies. In addition to mailing proxy solicitation material, our directors and employees also may solicit proxies in person, by telephone or by other electronic means of communication. We will not compensate these directors and employees additionally for this solicitation, but we may reimburse them for any out-of-pocket expenses that they incur in the process of soliciting the proxies. We will arrange for brokers and other custodians, nominees and fiduciaries to forward the solicitation materials to their beneficial owners, and we will reimburse them for any out-of-pocket expenses that they reasonably incur in the process of forwarding the materials. We

APPENDIX B

CHICAGO MERCANTILE EXCHANGE HOLDINGS INC.

2005 DIRECTOR STOCK PLAN

1. **Purpose.** The purpose of the Chicago Mercantile Exchange Holdings Inc. 2005 Director Stock Plan (the *Plan*) is to provide Chicago Mercantile Exchange Holdings Inc. (the *Company*) with an effective means of attracting, retaining, and motivating non-employee directors of the Company and to further align their interests with those of the Company's shareholders by providing for or increasing their stock ownership interests in the Company.
2. **Eligibility.** Any director of the Company who is not an employee of the Company (*Eligible Director*) is eligible to participate in the Plan.
3. **Administration.** The Plan shall be administered by a Committee (the *Committee*) of the Board of Directors of the Company (the *Board*) comprised solely of independent directors. Initially, the Committee responsible for the administration of the Plan shall be the Compensation Committee. Except as otherwise expressly provided in the Plan, the Committee shall have full power and authority to interpret and administer the Plan, to determine the Eligible Directors to receive awards and the amounts, types and terms of the awards, to adopt, amend, and rescind rules and regulations, and to establish terms and conditions, not inconsistent with the provisions of the Plan, for the administration and implementation of the Plan, provided, however, that the Committee may not (subject to Section 8 hereof), after the date of any award, make any changes that would adversely affect the rights of a recipient under such award without the consent of the recipient. The determination of the Committee on all matters shall be final and conclusive and binding on the Company and all Eligible Directors and other interested parties.
4. **Awards.** Awards may be made by the Committee in such amounts as it shall determine in cash, in unrestricted shares of Class A common stock of the Company (*Common Stock*), in options to purchase shares of Common Stock of the Company (*Options*), or in shares of Common Stock subject to certain restrictions (*Restricted Stock*), or any combination thereof. There shall be 25,000 shares of Common Stock available for issuance in connection with awards under the Plan. If any award under the Plan shall expire, terminate, or be canceled for any reason without having been vested or exercised in full, the corresponding number of shares which were reserved for issuance in connection therewith shall again be available for the purposes of the Plan. Shares available under the Plan may be authorized and unissued shares or may be treasury shares.
5. **Restricted Stock Grants.** Awards of Restricted Stock may be granted by the Committee to Eligible Directors subject to such restrictions on transfer and forfeiture conditions as the Committee may deem appropriate. Shares subject to a grant of Restricted Stock may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated during the applicable period of restriction. Each grant of Restricted Stock shall be evidenced by a Restricted Stock agreement that shall specify the number of shares granted, the period of restriction applicable to the grant of Restricted Stock and such other terms and conditions as the Committee, in its sole discretion, shall determine. Unless otherwise provided in a Restricted Stock agreement, the period of restriction applicable to each grant of Restricted Stock shall be one (1) year. Unless the Committee determines otherwise, shares of Restricted Stock shall be held by the Company as escrow agent during the applicable period of restriction, together with stock powers or other instruments of assignment (including a power of attorney), each endorsed in blank with a guarantee of signature if deemed necessary or appropriate by the Committee, which would permit transfer to the Company of all or a portion of the Restricted Stock in the event such Restricted Stock is forfeited in whole or in part. The Committee may, in its discretion, legend the certificates representing Restricted Stock during the applicable period of restriction to give appropriate notice of such restrictions. For example, the Committee may determine that some or all certificates representing shares of Restricted Stock shall bear the following legend:

The sale or other transfer of the shares of stock represented by this certificate, whether voluntary, involuntary, or by operation of law, is subject to certain restrictions on transfer as set forth in the

Chicago Mercantile Exchange Holdings Inc., 2005 Director Stock Plan (the Plan), and in a restricted stock agreement. A copy of the Plan and such restricted stock agreement may be obtained from the Secretary of Chicago Mercantile Exchange Holdings Inc.

During any applicable period of restriction, Eligible Directors holding Restricted Stock may exercise full voting rights with respect to such Restricted Stock and shall be entitled to receive all dividends and other distributions paid with respect to such Restricted Stock, unless otherwise provided in the applicable Restricted Stock agreement.

6. Stock Option Awards.

- a. **Type of Options.** Any Options granted under the Plan shall be in the form of Options which do not qualify as incentive stock options under Section 422 of the Internal Revenue Code.
 - b. **Purchase Price.** The purchase price of the Common Stock under each Option shall be determined by the Committee, but shall not be less than 100 percent of the fair market value of the Common Stock on the date of the award of the Option. Fair market value for purposes of the Plan means the closing transaction price of the Common Stock on the New York Stock Exchange on the date as of which such value is being determined.
 - c. **Terms and Conditions.** The Committee shall establish (i) the term of each Option, (ii) the terms and conditions upon which, and the times when, each Option shall be exercised, and (iii) the terms and conditions under which Options may be exercised after termination as an Eligible Director for any reason for periods not to exceed three (3) years after such termination.
 - d. **Purchase by Cash or Stock.** The purchase price of shares purchased upon the exercise of any Option shall be paid (i) in full in cash, (ii) in whole or in part (in combination with cash) in full shares of Common Stock owned by the Eligible Director and valued at its fair market value on the date of exercise, or (iii) by any other means which the Committee, in its sole discretion, determines to provide legal consideration for the purchase price of the shares, all pursuant to procedures approved by the Committee consistent with the purposes of the Plan.
 - e. **Transferability.** Options shall not be transferable other than by will or pursuant to the laws of descent and distribution. During the lifetime of the person to whom an Option has been awarded, it may be exercisable only by such person or one acting in his or her stead or in a representative capacity. Upon or after the death of the person to whom an Option is awarded, an Option may be exercised by the Eligible Director's legatee or legatees under his last will, or by the Option holder's personal representative or distributee's executive, administrator, or personal representative or designee in accordance with the terms of the Option.
- 7. Termination of Service.** Unless otherwise provided by the Committee at the time of grant, if a director's service ends for any reason other than by death, permanent disability (as determined by the Board) or expiration of his or her term of service as a director, any unvested portion of an award granted hereunder shall immediately terminate and be forfeited to the Company without consideration. Upon a termination of service due to death, permanent disability or expiration of term of service as a director, all unvested awards granted hereunder shall immediately become fully vested.
- 8. Adjustments and Reorganizations.** In the event of any merger, reorganization, consolidation, recapitalization, liquidation, stock dividend, split-up, share combination, or other similar change in the corporate structure of the Company affecting the Common Stock, the Committee may adjust the number, class, type and series of securities available under the Plan, the number, class, type and series of securities or other property subject to outstanding awards under the Plan, in such manner as the Committee in its sole

discretion shall determine to be appropriate to prevent the dilution or diminution of outstanding awards under the Plan. Notwithstanding anything in this Plan to the contrary, all awards outstanding hereunder shall become fully vested upon the occurrence of a change in control. Change of control shall have the meaning set forth in the Company's Amended and Restated Omnibus Stock Plan, as in effect on the effective date of this Plan.

9. **Tax Withholding.** The Company shall have the right to (i) make deductions from any settlement of an award under the Plan, including the delivery or vesting of shares, or require shares or cash or both be withheld from any award, in each case in an amount sufficient to satisfy withholding of any federal, state, or local taxes required by law, or (ii) take such other action as may be necessary or appropriate to satisfy any such withholding obligations. The Committee may determine the manner in which such tax withholding may be satisfied, and may permit shares of Common Stock to be used to satisfy required tax withholding based on the fair market value of any such shares of Common Stock, as of the appropriate time of each award.
10. **Expenses.** The expenses of administering the Plan shall be borne by the Company.
11. **Amendments.** The Board shall have complete power and authority to amend the Plan, provided that the Board shall not amend the Plan in any manner that requires shareholder approval under applicable law without such approval. No amendment to the Plan may, without the consent of the individual to whom the award shall theretofore have been awarded, adversely affect the rights of an individual under the award.
12. **Governing Law; Requirements of Law.** The Plan and all awards shall be construed in accordance with and governed by the laws of the State of Delaware, but without regard to its conflict of law provisions. Each award made hereunder shall be subject to the requirement that if at any time the Company determines that the listing, registration or qualification of the Common Stock subject to such award upon any securities exchange or under any law, or the consent or approval of any governmental body, or the taking of any other action is necessary or desirable as a condition of, or in connection with, the exercise or settlement of such award or the delivery of Common Stock thereunder, such award shall not be exercised or settled and such Common Stock shall not be delivered unless such listing, registration, qualification, consent, approval or other action shall have been effected or obtained, free of any conditions not acceptable to the Company.
13. **Effective Date of the Plan.** The Plan shall become effective upon the date upon which it is approved by the Company's stockholders.
14. **Termination.** The Board may terminate the Plan or any part thereof at any time, provided that no termination may, without the consent of the individual to whom any award shall theretofore have been made, adversely affect the rights of an individual under the award. The Plan shall terminate no later than the tenth anniversary of its effective date, unless earlier terminated by the Board.
15. **Other Actions.** Nothing contained in the Plan shall be deemed to preclude other compensation plans which may be in effect from time to time or be construed to limit the authority of the Company to exercise its corporate rights and powers, including, but not by way of limitation, the right of the Company (a) to award options for proper corporate purposes otherwise than under the Plan to an employee or other person, firm, corporation, or association, or (b) to award options to, or assume the option of, any person in connection with the acquisition, by purchase, lease, merger, consolidation, or otherwise, of the business and assets (in whole or in part) of any person, firm, corporation, or association. The grant of an award pursuant to the Plan is no guarantee that an Eligible Director will be re-nominated, reelected or reappointed as a director, and nothing in the Plan shall be construed as conferring upon an Eligible Director the right to continue to be associated with the Company as a director or otherwise.

A Participant may increase or decrease such payroll deduction (including a cessation of payroll deductions) at any time, by filing a new authorization form with his or her Employer. All payroll deductions made by a Participant shall be credited to such Participant's bookkeeping account under the Plan.

b. Notwithstanding the foregoing, to the extent necessary to comply with Section 423(b)(8) of the Code and Section 3.b. hereof, a Participant's payroll deductions shall be decreased to 0% at any time during a Purchase Period. Payroll deductions shall automatically recommence at the rate provided in such Participant's subscription agreement (prior to the reduction) at the start of the first Purchase Period commencing in the following calendar year.

c. A Participant may withdraw from the Plan as provided in Section 9, which will terminate his or her payroll deductions for the Purchase Period in which such withdrawal occurs. b. Upon termination of a Participant's Continuous Status as an Employee during a Purchase Period for any reason, including voluntary termination, retirement or death, the cash amounts credited to such Participant's account that have not been used to purchase Shares shall be returned to such Participant or, in the case of such Participant's death, to the person or persons entitled thereto under Section 13 hereof, and such Participant's option for the Purchase Period in which the termination occurs will be automatically terminated.

11. *Shares.*

Such reserved Shares shall be either authorized and unissued Shares or Shares which have been reacquired by the Company. If the total number of Shares which would otherwise be purchased pursuant to options granted hereunder on an Exercise Date exceeds the number of Shares then available under the Plan (after deduction of all Shares for which options have been exercised or are then outstanding), the Committee shall make a pro rata allocation of the Shares remaining available for option grant in as uniform a manner as shall be practicable and as it shall determine to be equitable and in compliance with the provisions of Section 423 of the Code. In such event, the Committee shall give written notice to each Participant of such reduction of the number of option Shares affected thereby and shall similarly reduce the rate of payroll deductions, if necessary.

b. Shares to be delivered to a Participant under the Plan will be registered in the name of the Participant or, at the election of the Participant, in the name of the Participant and another person as joint tenants with rights of survivorship.

12. *Administration.* The Plan shall be administered by the Committee, and the Committee may select administrator(s) to whom its duties and responsibilities hereunder may be delegated. Except as otherwise provided by the Committee, each Employer shall be charged with all expenses incurred in the administration of the Plan with respect to such Employer's Employees. No member of the Committee shall be personally liable for any action, determination, or interpretation made in good faith with respect to the Plan, and all members of the Committee shall be fully indemnified by the Company with respect to any such action, determination or interpretation. All decisions, determinations and interpretations of the Committee shall be final and binding on all

persons, including the Company, the Participant (or any person claiming any rights under the Plan from or through any Participant) and any shareholder.

13. Designation of Beneficiary.

a. A Participant may file with the Company, on forms supplied by the Company, a written designation of a beneficiary who is to receive any cash remaining in such Participant's account under the Plan in the event of the Participant's death.

b. Such designation of beneficiary may be changed by the Participant at any time by written notice to the Company, on forms supplied by the Company. In the event of the death of a Participant and in the absence of a beneficiary validly designated under the Plan who is living at the time of such Participant's death, the Company shall deliver such cash to the executor or administrator of the estate of the Participant or, if no such executor or administrator has been appointed (to the knowledge of the Company), the Company, in its discretion, may deliver such cash to the spouse or to any one or more dependents or relatives of the Participant in accordance with the applicable laws of descent and distribution, or if no spouse, dependent or relative is known to the Company, then to such other person as the Company may designate.

14. Transferability. Neither cash amounts credited to a Participant's account nor any rights with regard to the exercise of an option or to receive Shares under the Plan may be assigned, transferred, pledged or otherwise disposed of in any way by the Participant (other than by will, the laws of descent and distribution or as provided in Section 13 hereof). Any such attempt at assignment, transfer, pledge or other disposition shall be without effect, except that the Company may treat such act as an election to withdraw funds in accordance with Section 9 hereof.

15. Use of Funds. All payroll deductions received or held by the Company under the Plan may be used by the Company for any corporate purpose, and the Company shall not be obligated to segregate such funds.

16. Reports. Individual accounts will be maintained for each Participant in the Plan. Statements of account will be given to Participants as soon as practicable following each Purchase Period, which statements will set forth the amounts of payroll deductions, the per Share purchase price, the number of Shares purchased and the remaining cash balance, if any.

17. Effect of Certain Changes. In the event of a Change in Capitalization, the Committee shall conclusively determine the appropriate equitable adjustments, if any, to be made under the Plan, including without limitation adjustments to the number of Shares which have been authorized for issuance under the Plan but have not yet been placed under option, as well as the price per Share covered by each option under the Plan which has not yet been exercised.

18. Term of Plan. Subject to the Board's right to discontinue the Plan (and thereby end its Term) pursuant to Section 19 hereof, the Term of the Plan (and its last Purchase Period) shall end on the tenth anniversary of the commencement of the first Purchase Period. Upon any discontinuance of the Plan, unless the Committee shall determine otherwise, any assets remaining in the Participants' accounts under the Plan shall be delivered to the respective Participant (or the Participant's legal representative) as soon as practicable.

19. Amendment to and Discontinuance of Plan. The Board may at any time amend, suspend or discontinue the Plan. Except as provided in Section 17 hereof, no such suspension or discontinuance may adversely affect options previously granted and no amendment may make any change in any option theretofore granted which adversely affects the rights of any Participant which accrued prior to the date of effectiveness of such amendment without the consent of such Participant. No amendment shall be effective unless it receives the requisite approval of the shareholders of the Company if such shareholder approval of such amendment is required to comply with Section 423 of the Code or to comply with any other applicable law, regulation or stock exchange or national or international quotation system rule.

20. Notices. All notices or other communications by a Participant to the Company under or in connection with the Plan shall be deemed to have been duly given when received in the form specified by the Company at the location, or by the person, designated by the Company for the receipt thereof.

21. Regulations and Other Approvals; Governing Law.

a. This Plan and the rights of all persons claiming hereunder shall be construed and determined in accordance with the laws of the State of Delaware without giving effect to the choice of law principles thereof, except to the extent that such law is preempted by federal law.

b. The obligation of the Company to sell or deliver Shares with respect to options granted under the Plan shall be subject to all applicable laws, rules and regulations, including all applicable federal and state securities laws, and the obtaining of all such approvals by governmental agencies as may be deemed necessary or appropriate by the Committee.

22. Withholding of Taxes. If the Participant makes a disposition, within the meaning of Section 424(c) of the Code and regulations promulgated thereunder, of any Share or Shares issued to such Participant pursuant to such Participant's exercise of an option, and such disposition occurs within the two-year period commencing on the applicable Offering Date or within the one-year period commencing on the day after the applicable Exercise Date, such Participant shall, within ten (10) days of such disposition, notify the Company thereof and thereafter immediately deliver to the Company any amount of Federal, state or local income taxes and other amounts which the Company informs the Participant the Company is required to withhold.

23. Employment At-Will and Limitation of Rights. This Plan is strictly a voluntary undertaking on the part of the Company and shall not constitute a contract between the Employer and any person, or consideration for, or an inducement or condition of, the employment of any person. Nothing contained in the Plan shall alter or supersede the employment at-will relationship, or other employment agreement provisions if applicable, between the Employer and its Employees.

24. Effective Date. The Plan shall be effective upon the approval of the Plan by the shareholders of the Company.
