PROPOSAL 1

ELECTION OF DIRECTORS

Board of Directors

There are currently five Directors on the Company's Board of Directors and two vacant Board seats, which were created at a meeting of the Board held on March 30, 2005. The Board has nominated John C. Deterding, Laurence S. Geller, Robert P. Bowen, Thomas A. Hassard, Robert J. Watson, Jonathan A. Langer and Robert M. Falzon as Directors to be voted upon at the 2005 Annual Meeting, to serve terms ending at the 2006 Annual Meeting. Messrs. Deterding, Geller, Bowen, Hassard and Watson currently serve as Directors. Messrs. Langer and Falzon have been nominated to fill the two vacant Board seats. The Company does not have a staggered Board of Directors.

This Proxy Statement relates only to the solicitation of proxies from the stockholders with respect to the election of seven Directors to be elected by them and the other matters described herein. The Board of Directors knows of no reason any of Messrs. Deterding, Geller, Bowen, Hassard, Watson, Langer and Falzon might be unavailable to serve as Directors, and each has expressed an intention to serve, if elected. If any of Messrs. Deterding, Geller, Bowen, Hassard, Watson, Langer and Falzon is unable to serve, the shares represented by all valid proxies will be voted for the election of such substitute nominee as the Board of Directors may recommend. Our two largest stockholders, Whitehall and Prudential (as defined below under "Promoters") have agreed to vote all of their shares of capital stock in favor of Mr. Geller's election to the Board of Directors as long as they own any shares of our capital stock and Mr. Geller is nominated as a Director. Mr. Langer was nominated to the Board pursuant to a shareholders agreement between the Company and Whitehall (as defined below under "Promoters"), and Mr. Falzon was nominated in connection with the planned termination of an observer agreement between the Company and Prudential (as defined under "Promoters"), which termination will become effective upon Mr. Falzon's election to the Board (see "Certain Relationships and Related Transactions - Other Transactions"). Other than these agreements with Whitehall and Prudential, there are no other arrangements or understandings between any of the persons nominated to be a director and any other person pursuant to which any of such nominees was selected.

The Board has determined that each of Messrs. Langer and Falzon has an indirect material relationship with the Company principally because: (i) Messrs. Langer and Falzon are directors of our promoter, SHC LLC, with which we have several related-party agreements; and (ii) Messrs. Langer and Falzon are employees of Goldman, Sachs & Co. and Prudential Real Estate Investors, respectively, to which we have paid fees for investment banking or financial advisory services in the past (see "Certain Relationships and Related Transactions - Other Transactions"). Based on this determination, Messrs. Langer and Falzon, if elected, would not be considered independent directors during the one-year term ending at the 2006 Annual Meeting, and will not be compensated for serving on the Board during such term. It is the intention of the Board to add, following the election of Messrs. Langer and Falzon, two additional directors to the Board, each of which shall be independent under the rules of the New York Stock Exchange and Rule 10A-3 under the Securities Exchange Act of 1934.

The election of a Director requires the affirmative vote of a plurality of the shares of Common Stock present in person or represented by proxy at the meeting and entitled to vote; provided that a quorum of at least a majority of the outstanding shares of Common Stock are represented at the meeting. Shares of Common Stock held by stockholders electing to abstain from voting and broker non-votes will be counted towards the presence of a quorum but will not be considered voting. Therefore, abstentions and broker non-votes will have no impact on the election of Directors. Proxies submitted pursuant to this solicitation will be voted for the election of each of Messrs. Deterding, Geller, Bowen, Hassard, Watson, Langer and Falzon as Directors, unless specified otherwise.

Edgar Filing: STRATEGIC HOTEL CAPITAL INC - Form DEF 14A

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE **FOR** THE ELECTION OF JOHN C. DETERDING, LAURENCE S. GELLER, ROBERT P. BOWEN, THOMAS A. HASSARD, ROBERT J. WATSON, JONATHAN A. LANGER AND ROBERT M. FALZON AS DIRECTORS.

Stockholder Communications Policy

The Company has adopted procedures for stockholders to communicate concerns regarding accounting, internal accounting controls or auditing matters to the Audit Committee and other matters to non-management directors or the Board of Directors as a group. The Company's Code of Business Conduct and Ethics requires employees to report such concerns.

Edgar Filing: STRATEGIC HOTEL CAPITAL INC - Form DEF 14A

All such concerns may be communicated to the General Counsel (the Secretary) by written correspondence addressed and mailed to: Strategic Hotel Capital, Inc., 77 West Wacker Drive, Suite 4600, Chicago, IL 60601, Attn. General Counsel.

Employees may communicate concerns regarding questionable accounting or auditing matters to the Secretary on a confidential and anonymous basis. The Secretary will distribute (i) all communications regarding accounting, internal accounting controls or auditing matters to the Audit Committee prior to each meeting of the Audit Committee, (ii) all other communications to non-management directors prior to each executive session of non-management directors and (iii) all communications to the entire Board of Directors prior to the next scheduled

meeting of the Board. If it is unclear whether a communication involves accounting or auditing matters or if it involves both accounting or auditing matters and other matters, the Secretary will direct such communication to both the Audit Committee and non-management directors, with a note to that effect. In each case (and except as the audit Committee or non-management directors may otherwise request), the Secretary will provide original copies or records of all communications. However, depending on the length and number of communications received, the Secretary may provide only a summary of the communications along with the original copy or record of any communications deemed particularly important. The original copies or records of all communications will be available to the addressee upon request. The Secretary will maintain a log of each communication received, the date such communication was distributed to the Audit Committee, non-management directors or Board of Directors (and to which of these it was distributed) and whether it was distributed in summary or original form.

The addressee of the communication will determine whether any action or response is necessary or appropriate in respect of a communication. If so, they will take or direct such action as they deem appropriate. Such action may include engaging outside advisers, for which funding will be available. The determinations in respect of each communication and any further action taken will be recorded in the log maintained by the Secretary. These determinations may be recorded based on standard categories, which may include: the communication is misdirected (such as a communication involving only an employment dispute); no further action required, because the communication can be analyzed on its face; and further action required (with a record of the action taken and its outcome). The Secretary or any other person designated by the Audit Committee or non-management directors will report on the status of any further action directed by the Audit Committee or non-management directors on a quarterly basis.

We have adopted a code of ethics that applies to our directors, officers and employees, including our principal executive officer, principal financial officer, and principal accounting officer and controller. Mr. Mead will also participate in our company's stock incentive plan as follows: (i) in 2005, he will receive restricted stock units with a value of \$400,000 (the grant of \$200,000 of which are subject to meeting certain conditions), subject to vesting over four years; and (ii) in 2006 and thereafter, Mr. Mead will be eligible for an annual restricted stock unit award with a value at grant equal to 100% of his base salary, subject to performance criteria and a four year vesting schedule. Mr. Mead will also be entitled to relocation expenses and to participate in employee benefit plans available to senior executives of our company.

Mr. Mead's employment agreement provides that if Mr. Mead is terminated without cause (defined similarly to the definition in Mr. Geller's agreement as described above) or due to constructive termination (as defined below), he will be entitled to (i) severance pay equal to one times (one and one-half times if the termination is by reason of a change of control (as defined in our 2004 Incentive Plan)) his base salary plus his target bonus of 75% of base salary for such year and (ii) continuation of medical coverage for such severance period. In addition, such termination will cause his restricted stock units granted in 2005 (and all restricted stock units if the termination is by reason of a change of control) to immediately and fully vest.

The employment agreement contains non-compete, confidentiality, non-disparagement and non-solicitation covenants from Mr. Mead. The non-compete covenant applies during the term of the employment agreement and for a period of 12 months after the termination of the agreement for any reason prior to a change of control. The non-solicitation covenant applies during the two-year period after the termination of Mr. Mead's employment with us.

For purposes of Mr. Mead's employment agreement, Constructive Termination means (i) our company reduces Mr. Mead's salary or bonus opportunity or materially breaches the agreement; (ii) our company materially reduces Mr. Mead's duties or authority, or materially restricts his ability to communicate with our chief executive officer or the board or a committee of the board; (iii) our company relocates its principal offices, or Mr. Mead's principal place of employment, outside the Chicago metropolitan area; or (iv) any successor to our company, or our company itself following a change in control, fails to assume the employment agreement or affirm its obligations hereunder in any material respect.

On December 1, 2004, the board of directors approved a severance program applicable to our employees. Under the severance program, in the event the employment of any full-time employee is terminated by us for any reason, other than good cause based on the employee's performance, we will pay the employee a specified amount of salary, bonus and medical insurance based on such employee's position with the company. Generally, officers with the title of Vice President and more senior officers would be entitled to receive 12-months' pay, director-level employees would be entitled to receive 6 months' pay and manager-level and support-level employees would be entitled to receive 3 months' pay. To the extent an employee has a written agreement with us relating to severance, such employee will be entitled to the greater of the severance provided under the severance program or the severance provided under such employee's written agreement.

2004 Incentive Plan

The purpose of the Strategic Hotel Capital, Inc. 2004 Incentive Plan is to attract, retain and motivate our employees, officers, directors and other persons who provide us with advisory or consulting services by providing them with the opportunity to acquire a proprietary interest in our

company or other incentives and to align their interests and efforts with those of our stockholders and to provide an added incentive to work toward our growth and success.

Table of Contents

Our board of directors has delegated general administrative authority of the 2004 Incentive Plan to the compensation committee. Employees, non-employee directors and other persons who provide us with advisory or consulting services, who we call participants, are eligible to receive awards under the 2004 Incentive Plan, except that only employees are eligible to receive an award of an incentive stock option. The compensation committee selects the participants who are granted any award.

Except as may otherwise be specifically provided in the 2004 Incentive Plan, the compensation committee has the power to determine the terms of awards, including any business criteria to measure performance, the exercise price, the number of shares subject to each award, the exercisability and vesting of the awards and the form of consideration payable upon exercise. Also, the compensation committee may permit the deferral of the receipt or payment of earned awards on such terms as the compensation committee may determine that are consistent with the 2004 Incentive Plan.

The 2004 Incentive Plan permits the grant of all of the types of awards listed below to participants. However, awards to date have consisted, and we currently anticipate that future awards under the 2004 Incentive Plan will consist, primarily of RSUs. The 2004 Incentive Plan permits the issuance of:

restricted stock and RSUs;

nonqualified and incentive stock options to purchase common stock;

stock appreciation rights; and

other stock or cash-based awards.

Restricted stock awards are awards of shares of our common stock that vest in accordance with terms and conditions established by the compensation committee. RSUs are essentially the same as restricted stock except that instead of actual shares, RSUs represent a promise to pay out shares at some future date. RSUs have a tax advantage over restricted stock because the employee is not taxed at the time of vesting, as with restricted stock, but only when the shares of common stock are actually received. The compensation committee may impose whatever conditions to vesting it determines to be appropriate for restricted shares or RSUs. However, unless the compensation committee provides otherwise, it is expected that restricted shares or RSUs will vest with respect to one-fourth of the restricted stock or RSUs on the first anniversary of the date of grant and on each of the following three anniversaries of the date of grant, provided the participant remains in our service. Unless provided otherwise by the compensation committee, the 2004 Incentive Plan or in any relevant employment agreement, it is expected that any unvested restricted shares or RSUs will be forfeited upon termination of service.

Unless otherwise provided by the compensation committee, participants holding restricted stock or RSUs have no voting rights with respect to such restricted stock or RSUs until such time as the underlying shares are issued. Dividends may be accrued with respect to unvested and vested restricted shares or RSUs held by a participant and converted into additional restricted stock or RSUs or distributed in cash. However, should a participant forfeit restricted shares or RSUs prior to vesting, any dividends accrued but unpaid with respect to such unvested restricted stock or RSUs will likewise be forfeited.

A stock option is the right to purchase shares of common stock at a fixed exercise price for a fixed period of time. The compensation committee determines the terms of all options granted pursuant to the 2004 Incentive Plan, including their exercise price; provided, however, with the

Edgar Filing: STRATEGIC HOTEL CAPITAL INC - Form DEF 14A

exception of substitute awards (which are awards provided to replace options in place at companies we acquire, as more specifically defined in the 2004 Incentive Plan), the exercise price must be at least equal to the fair market value of our common stock on the date of grant. Unless otherwise provided by the compensation committee, in the event of termination of service due to death or disability, all unvested options will expire and all vested options will remain exercisable until the earlier to occur of the date that is 12 months following such termination or the option's date of expiration. In all other terminations, unless otherwise provided by the compensation committee, all unvested options will expire and all

Table of Contents

vested options will remain exercisable until the earlier to occur of the date that is 90 days after such termination or the option's date of expiration.

An option may never be exercised later than the expiration of its term. The term of an incentive stock option may not exceed ten years, except that with respect to any participant who owns 10% of the voting power of all classes of our outstanding capital stock, the term must not exceed five years and the exercise price must equal at least 110% of the fair market value on the date of grant.

A stock appreciation right is the right to receive the appreciation in the fair market value of common stock between the exercise date and the date of grant for the number of shares of common stock for which the stock appreciation right is exercised. We may pay the appreciation in either cash, in shares of our common stock with equivalent value, or in some combination thereof, as determined by the compensation committee. The compensation committee determines the exercise price of stock appreciation rights, the vesting schedule and other terms and conditions of stock appreciation rights.

The compensation committee has the authority to create stock or cash awards under the 2004 Incentive Plan in addition to those specifically described in the 2004 Incentive Plan. The compensation committee may set such terms and conditions of these awards as it deems appropriate and that are consistent with the terms of the 2004 Incentive Plan.

A total of 3.0 million shares of common stock have been reserved for issuance pursuant to the 2004 Incentive Plan. The number of shares reserved for issuance under the 2004 Incentive Plan has been reduced by the number of shares issued upon the conversion of UARs. In the event that any of the outstanding shares of our common stock are changed into or exchanged for a different number or kind of our shares or securities by reason of a merger, consolidation, recapitalization, reclassification, stock split, stock dividend, combination of shares or the like, the 2004 Incentive Plan's share authorization limits and restrictions will be adjusted proportionately, and the compensation committee may adjust awards to preserve the benefits or potential benefits of outstanding awards. If an outstanding award expires or terminates before the end of the period during which awards may be granted, the unissued, underlying shares will be available for other awards under the 2004 Incentive Plan.

Shares of common stock will not be deemed to be issued under the 2004 Incentive Plan with respect to any portion of an award that is settled in cash. If the exercise or purchase price of an award is paid for through the tender of shares, or withholding obligations are met through the tender or withholding of shares, those shares tendered or withheld will again be available for issuance under the 2004 Incentive Plan. Substitute awards will not count against the share limits described above.

The 2004 Incentive Plan provides that in the event of a change in control of our company, as defined in the 2004 Incentive Plan, all unvested awards will vest as of the date of such change in control. Upon a change in control, the compensation committee may provide for a cash payment to holders of awards in consideration for the cancellation of such awards.

The 2004 Incentive Plan will automatically terminate on the tenth anniversary of its effective date unless terminated sooner pursuant to its terms. In addition, our board or the compensation committee has the authority to amend, suspend or terminate the 2004 Incentive Plan provided it does not adversely affect any award previously granted thereunder.

We expect to pay annual incentive compensation awards under the 2004 Incentive Plan based on target award levels, expressed as a percentage of base salaries, established at the beginning of each annual performance period for participating executives.

Report of the Compensation Committee on Executive Compensation

This report is not deemed to be soliciting material or to be filed with the SEC or subject to the SEC's proxy rules or to the liabilities of Section 18 of the Securities Exchange Act of 1934 (the "1934 Act") and the report shall not be deemed to be incorporated by reference into any prior or subsequent filing by the Company under the Securities Act of 1933 (the "1933 Act") or the 1934 Act.

The Compensation Committee is responsible for reviewing and approving corporate goals and objectives relevant to the compensation of our Chief Executive Officer, evaluating the Chief Executive Officer's performance in light of those goals and objectives and, determining and approving the Chief Executive Officer's compensation level based on this evaluation. The Compensation Committee is also responsible for recommending to the Board of Directors the salaries and other compensation of our other executive officers. Each member of our Compensation Committee is independent under the NYSE listing requirements. The Compensation Committee's function is more fully described in its charter which has been approved by our Board of Directors. The charter can be viewed, together with any future changes that may occur, on our website at www.shci.com.

Executive Compensation Philosophy

As a new public company, we are still in the process of designing and implementing a definitive compensation program. However, our overall compensation philosophy is to reward superior executive performance and to attract and retain executives that will drive our business strategy and operating imperatives. We review and recommend all executive compensation policies, review the performance of senior executives, and evaluate the effectiveness of our executive compensation programs and policies in hiring, motivating, and retaining key employees while creating long-term shareholder value.

The programs and policies are primarily designed to:

Provide executives with compensation balanced between cash and equity with a significant portion of total compensation at risk, tied to performance of our company and the individual executive;

Align executives with shareholders with an equity stake in the company; and

Achieve these goals through salary and bonus, restricted stock units, as long-term incentive awards.

Each component is discussed in greater detail below, as well as other steps used in motivating, rewarding and retaining our key executives.

Compensation Elements for Executive Officers

The basic elements of our compensation program are:

Salary and Bonus. Salary is paid for ongoing performance throughout the year and we generally pay at mid-market levels, as confirmed annually by our compensation consultant. Bonuses are paid in the first quarter of each year for prior year performance and are based upon individual performance goals and the performance of our company on the whole. Bonus awards have historically equaled an amount which achieves a targeted level of competitive total compensation consistent with performance.

Restricted Stock Units (RSUs). Our equity-based compensation component is currently RSUs. Each unit is worth one share of common stock and the awards typically vest ratably over four years. Unless otherwise provided in an employment agreement with an executive, unvested RSUs generally are forfeited when an executive's service with our company is terminated. The market value as of the grant date of RSUs awarded since our initial public offering is also shown in the summary compensation table under the caption Executive Compensation .

Table of Contents

As described above, we are still in the process of designing and implementing a definitive compensation program. To that end, we have retained a compensation consultant to assist us in reviewing our compensation policies and in preparing specific goals and objectives for our executives. We expect that this program will be in effect during 2005.

How Executive Pay Levels are Determined

Executive base salary and target bonus levels last year were determined initially as part of our initial public offering and were based in large part on the pay levels of our executives during the prior year. These, in turn, were based on competitive market assessments undertaken by a compensation consultant. In determining the level of bonus and equity-based compensation to award our executives in 2004, we assessed the nature and scope of the executive officers' responsibilities, their effectiveness in enhancing the long-term interests of our shareholders, their success within applicable practice areas, and their demonstrated focus on promoting the goals of our company. We also retained a compensation consultant to assess our programs and ascertain their relative competitiveness against a select group of companies that are most likely to compete with us for the services of the executive officers. These companies consist primarily of other hospitality companies (mostly REITs) as well as non-hospitality REITs. After analyzing the consultant's findings, we have concluded that our compensation packages are generally competitive with median market practices for most senior executives.

Basis for Chief Executive Officer Compensation

For 2004, we paid Mr. Geller \$415,385 in salary as required under the terms of his employment contract. We also paid him a cash bonus of \$1,000,000 and, in addition to RSUs granted in connection with our initial public offering, granted Mr. Geller a discretionary award of 50,474 (\$800,000) RSUs that vest in equal installments over four years, subject to acceleration under certain conditions. We considered this level of compensation appropriate for the following reasons:

the successful completion of our initial public offering;

his continued performance in providing the vision and strategic direction of our company; and

achieving total shareholder return of 21%.

Tax Deductibility under Section 162(m)

Section 162(m) of the Internal Revenue Code imposes a limitation on the deductibility of non-performance-based compensation in excess of \$1 million paid to certain senior executives. We believe that we should be able to continue to manage the executive compensation program for these officers so as to preserve the related federal income tax deductions, although individual exceptions may occur.

The foregoing report on executive compensation for 2004 is provided by the following, who constituted the Compensation Committee at the end of 2004:

Certain Relationships and Related Transactions

Formation and Structuring Transactions

In connection with our initial public offering in June 2004, our operating partnership, Strategic Hotel Funding, L.L.C., agreed to issue a total of 39,640,000 membership units that are exchangeable for shares of our common stock. These membership units were allocated as follows:

20,240,000 membership units were issued to us in exchange for the contribution of the net proceeds of the initial public offering;

14,005,300 membership units (with a value of approximately \$196.1 million) were issued to SHC LLC in consideration for its contribution of 12 of the 14 properties we held upon completion of our initial public offering;

5,106,600 membership units (with a value of approximately \$71.5 million) were issued to SHC LP in consideration for its contribution of the Marriott Lincolnshire Resort and Hyatt Regency New Orleans; and

the remaining 288,100 membership units were either issued with respect to restricted stock units granted to our directors, officers and employees, or reserved for issuance to a minority interest holder in a subsidiary partnership.

None of the 14 properties we held upon completion of our initial public offering were acquired within the last two years.

Also in connection with the our initial public offering, SHC LLC agreed to distribute the membership units that it received from our operating partnership to its equity owners, including Whitehall and Prudential, on a pro rata basis. Whitehall and Prudential agreed to exchange all the membership units they receive in this distribution for shares of our common stock. The following shows the amount of equity interests in us and SHC LLC received by certain persons in connection with our initial public offering including amounts distributed following the redemption as a result of the conversion by such person of convertible debentures of SHC LLC in September 2004:

Whitehall received a total of 5,552,854 membership units, which it exchanged for 5,552,854 shares of our common stock (with a value of approximately \$77.3 million based on the initial public offering price);

Prudential received a total 4,272,847 membership units, which it exchanged for 4,272,847 shares of our common stock (with a value of approximately \$59.8 million based on the initial public offering price);

Mr. Geller received 51,623 membership units in our operating partnership (with a value of approximately \$0.7 million based on the initial public offering price), which are exchangeable for unregistered shares of our common stock beginning in June 2005;

The other equity owners of SHC LLC received approximately 4,157,971 membership units in our operating partnership (with a value of approximately \$58.2 million based on the initial public offering price), which are exchangeable for shares of our common stock beginning in June 2005;

Edgar Filing: STRATEGIC HOTEL CAPITAL INC - Form DEF 14A

Out of the proceeds of the initial public offering, our operating partnership repaid approximately \$28.6 million of a loan payable to SHC LP. This loan was extended by SHC LP to a subsidiary in connection with its acquisition of the Hyatt Regency New Orleans, which SHC LP contributed to SHC Funding, subject to the loan. In accordance with the policy of distributing available cash to equity owners, SHC LP distributed approximately \$28.6 million to SHC LLC, and SHC LLC in turn used that \$28.6 million for general corporate purposes and did not distribute it to its equity owners;

SHC LLC became the general partner of SHC LP and Strategic Hotel Capital Limited Partnership II;

Table of Contents

Prior to the initial public offering, our operating partnership distributed available cash in the amount of approximately \$149.3 million to SHC LLC, and SHC LLC use that cash in part to redeem approximately \$100.1 million of outstanding convertible debentures of SHC LLC and Class C units of SHC LP and Strategic Hotel Capital Limited Partnership II at par plus accrued interest and distributed approximately \$30 million, to its equity owners, including Mr. Geller, Whitehall and Prudential; and

Whitehall, Prudential and Laurence Geller received the following as a result of the transactions entered into in connection with our initial public offering:

| | <u>Whitehall</u> | <u>Prudential</u> | <u>Laurence Geller</u> |
|--|------------------|-------------------|----------------------------|
| Cash (in millions) | \$ 11.3 | \$ 8.7 | \$ 0.1 |
| Shares of our common stock/membership units in our operating partnership | 5,522,854 | 4,272,847 | 51,623 |

For purposes of determining the number of membership units that we delivered in exchange for the 14 properties we held upon completion of our initial public offering, we did not obtain any third-party appraisals of the properties or any other independent third-party valuations or fairness opinions. The properties contributed by affiliated entities were valued based on several factors, including estimates of business potential and earnings prospects relative to other properties held by SHC Funding. No single factor was given greater weight than any other. As a result, the consideration given by us in such transactions may have exceeded the fair market value of the properties. Further, because the number of membership units received by affiliated entities contributing properties to us was fixed.

Asset Management Agreement for Distributed Properties

On June 29, 2004, our domestic taxable REIT subsidiary, or TRS, entered into an asset management agreement with Strategic Hotel Capital, L.L.C., or SHC LLC, our founder and accounting predecessor, under which our domestic TRS asset manages seven certain properties. Our services include implementing our standard asset management procedures, providing financial and accounting reporting and reviewing hotel operating statements. The asset management agreement has an initial term of five years but may be terminated at the sole discretion of SHC LLC after two years upon 90 days prior written notice or, as it relates to a particular property, upon the sale of such property.

Under the asset management agreement, our domestic TRS receives an initial base fee of \$5.0 million per year, subject to reduction as SHC LLC sells the seven properties, for providing asset management services to SHC LLC with respect to the properties. Under a corporate services agreement, our operating partnership's officers and employees will serve as officers and employees of our domestic TRS and perform the services that the domestic TRS is obligated to provide under the asset management agreement. The domestic TRS will reimburse our operating partnership for a pro rata portion of its overhead costs up to a maximum of 90% of the fees received by the domestic TRS under the asset management agreement.

Cross-Indemnification Agreement with SHC LLC

On June 29, 2004, we entered into an indemnification agreement with SHC LLC that governs certain indemnification obligations between us and SHC LLC. SHC LLC has guaranteed various of our obligations, including certain payment obligations of ours and our obligations under several management agreements that our subsidiaries have entered into with hotel operating companies. Under the indemnification agreement, we agree to indemnify SHC LLC for any loss it suffers under any of these guarantees. The indemnification agreement also governs the indemnity between us and SHC LLC related to any contingent obligations, including litigation of claims against us related to the Distributed Properties or against

SHC LLC related to our properties.

Registration Rights

Demand Registration. Prior to the first anniversary of our initial public offering and for such additional period during which we fail to file or maintain a shelf registration statement, each of Whitehall and Prudential has the right, subject to certain limitations, on two separate occasions, to request that we effect a registration of our shares owned by the requesting party. We may postpone the initial filing of that registration for up to 90 days if that filing would jeopardize a material financing, acquisition or similar transaction. Upon receipt of a request to register shares, we and each non-requesting party will have a 30-day option to acquire the shares sought to be registered at the then fair market value thereof, subject to the right of the requesting party to withdraw its request for registration. If we are obligated to pursue a registration, we may be obligated to include shares of holders exercising piggy-back registration rights.

Shelf Registration. Beginning on the first anniversary of our initial public offering, we are required to use our reasonable efforts to file and maintain a registration statement for the resale of shares owned by certain of our institutional stockholders, subject to certain limitations. Each stockholder eligible to have shares registered under the shelf registration statement will be entitled to resell shares pursuant to that registration statement, subject to availability. We may postpone, on one occasion only as to each shelf registration to which a party is entitled, each filing of a registration statement and each proposed sale under a shelf registration for up to 90 days if such registration would adversely affect a material financing, acquisition or similar transaction.

Piggy-back Rights. We may grant certain holders of our shares piggy-back registration rights permitting them, subject to availability, to participate in the demand and shelf registrations described above.

Expenses. The person requesting any demand or shelf registration will be responsible for paying all underwriting discounts, commissions or fees, fees of placement agents, expenses of printing and distributing any registration statement and prospectus and the fees and expenses of counsel for the person requesting registration. We are obligated to pay all other fees and expenses, including applicable federal and state filing fees.

Other Transactions

We have entered into employment agreements with certain of our executive officers as described above under **Executive Compensation** **Employment and Severance Agreements** .

We sub-lease our headquarters located at 77 West Wacker Drive, Suite 4600, Chicago, Illinois 60601 from SHC LLC at \$265,000 per year, which is currently less than the amount paid by SHC LLC under its lease. Our sub-lease with SHC LLC expires on October 1, 2007.

In May 1997, in connection with its formation, Strategic Hotel Capital, L.L.C. issued a \$1,060,950 note to an entity controlled by Mr. Geller to acquire purchase rights on potential real estate acquisitions. The note was repaid in full upon maturity in May 2002. The note, which was unsecured, paid an interest rate of 6.65% per annum and called for monthly payments of principal and interest of \$20,833. Under the terms of the note, Mr. Geller had the option to elect periodically to receive warrants to purchase units in our predecessor company in lieu of cash payments of principal and interest due on the note for a succeeding calendar year. Mr. Geller did not exercise this option during the life of the note. We had an uncollateralized receivable from Mr. Geller of approximately \$185,000 as of December 31, 2003. This receivable was forgiven in connection with our initial public offering.

Edgar Filing: STRATEGIC HOTEL CAPITAL INC - Form DEF 14A

During 1999, in connection with converting to a limited liability company, SHC LLC issued to Mr. Geller membership units valued at approximately \$2.1 million as consideration for his minority interest in GH Inn, L.L.C. at cost.

offering of 4,000,000 shares of 8.50% Series A Cumulative Redeemable Preferred Shares, received a portion of the underwriting discount of \$19,835,000 related to our initial public offering. Goldman, Sachs & Co. also received \$2,530,000 in fees for financial advisory services related to the refinancing of the debt during the year ended December 31, 2004. In addition, during the year ended December 31, 2004, Prudential Real Estate Investors, one of our largest shareholders, earned \$1,000,000 for financial advisory services in connection with the our initial public offering. Whitehall is entitled, so long as it beneficially own at least 10% of our shares of common stock, to nominate one person to serve as a Director of the Company; and

we are obligated to use our best efforts to cause the election of Whitehall's nominee to the Board.

The Shareholders Agreement will replace the Observer Agreement between Whitehall and the Company, under which Whitehall was entitled to appoint observers to attend meetings of our Board, effective upon the election of Mr. Langer to our Board at the Annual Meeting, except for the confidentiality obligations set forth therein, which shall survive the replacement.

On April 7, 2005, Prudential and the Company agreed to terminate the Observer Agreement between the parties, under which Prudential was entitled to appoint observers to attend meetings of our Board, effective upon the election of Mr. Falzon to our Board at the Annual Meeting, except for the confidentiality obligations set forth therein, which shall survive the termination.

In September 2004, we entered into a severance agreement with Tanya Geller, the daughter of Laurence Geller, our Chief Executive Officer. Pursuant to the severance agreement, we agreed to pay Ms. Geller approximately \$640,000.

In August 2004, we entered into a Services Agreement with Archon Group, L.P., an affiliate of Goldman Sachs Group, Inc., to provide us with risk management and related services until July 1, 2005. The total amount payable to Archon Group under the agreement is \$75,000, plus reimbursement of out-of-pocket expenses.
