EXPONENT, INC.

PROXY STATEMENT

FOR THE

2006 ANNUAL MEETING OF STOCKHOLDERS

ABOUT THE MEETING

General

The enclosed proxy is solicited on behalf of the Board of Directors of Exponent, Inc., a Delaware corporation. The Annual Meeting of Stockholders will be held at the Company's principal executive offices, 149 Commonwealth Drive, Menlo Park, California 94025, on Wednesday, May 24, 2006 at 9:30 a.m. local time. The telephone number for this location is (650) 326-9400.

What is the Purpose of the Annual Meeting?

At the Company's Annual Meeting, stockholders will act upon matters outlined in the accompanying notice of the meeting and transact such other business that may properly come before the meeting.

Who is Entitled to Vote?

Only stockholders of record at the close of business on the Record Date, April 7, 2006, receive notice of the Annual Meeting and are entitled to vote at the Annual Meeting. Each outstanding share entitles its holder to cast one vote on each matter to be voted upon.

Please note that if you hold your shares in street name, that is, through a broker or other nominee, you will need to bring a copy of a brokerage statement reflecting your stock ownership on the Record Date. If you do not vote your proxy, your brokerage firm may either vote your shares on routine matters, such as election of directors and the ratification of the Company's independent registered public accounting firm, or leave your shares without a vote. Brokers do not have the discretion to vote on the amendment of the Company's Certificate of Incorporation. We encourage you to provide instructions to your brokerage firm by voting your proxy. This ensures your shares will be voted at the meeting.

The proxy solicitation materials will be mailed on or about April 27, 2006, together with the Company's Annual Report for the period ended December 30, 2005, to all stockholders entitled to vote at the meeting.

How Do I Vote?

You have four ways to vote. You may return the proxy card by mail, vote by telephone, vote via the internet, or vote in person. To vote by mail, you must sign your proxy card and send it in the enclosed prepaid, addressed envelope. If you mark your voting instructions on the proxy card, your shares will be voted as you instruct. If you return a signed card but do not provide voting instructions, your shares will be voted as recommended by the Board of Directors:

- for the seven named nominees;
- for the ratification of the appointment of KPMG LLP, as the Company's independent registered public accounting firm;

Edgar Filing: EXPONENT INC - Form DEF 14A

- for the amendment of the Company's Certificate of Incorporation to increase the number of authorized shares of common stock to 100,000,000 and to increase the number of authorized shares of preferred stock to 5,000,000; and
- for the amendment of the Company's Certificate of Incorporation to effect a two-for-one stock split.

Table of Contents

If you choose to vote by telephone or via the internet, please review the back of the proxy card for instructions on how to do so. You do not need to mail in your proxy card if you vote by telephone or via the internet. Some brokers may not provide telephone or internet voting.

If you choose to vote in person, you will have an opportunity to do so at the Annual Meeting. You may either bring your proxy card to the Annual Meeting, or if you do not bring your proxy card, the Company will pass out written ballots to anyone who was a stockholder as of the Record Date.

What if I Change My Mind After I Return My Proxy Card?

You may revoke your proxy and change your vote at any time before the polls close at the Annual Meeting. You may do this by signing another proxy with a later date, voting by telephone or via the internet, or by voting in person at the Annual Meeting. Your proxy with the latest date is counted.

What Does it Mean if I Receive More than One Proxy Card?

It means you have multiple accounts with the transfer agent and/or with brokers. Please provide voting instructions for all proxy cards you receive.

What Constitutes a Quorum?

The presence, in person or by properly executed proxy, of the holders of a majority of the shares of common stock outstanding as of the Record Date constitutes a quorum at the Annual Meeting. Shares that voted For, Against, or Withheld on the proposals are treated as being present at the meeting for purposes of establishing a quorum and are deemed to be votes cast at the Annual Meeting with respect to the proposals. Abstentions and broker non-votes will be included for purposes of determining whether a quorum of shares is present at the Annual Meeting. However, abstentions and broker non-votes will not be included in the tabulation of the voting results on the election of directors or on issues requiring approval of a majority of the votes duly cast. Signed, unmarked proxy cards are voted as recommended by the Board of Directors. A plurality of the votes duly cast is required for the election of directors. The affirmative vote of a majority of the votes duly cast is required for the ratification of the appointment of the independent registered public accounting firm. The amendment to the Company's certificate of incorporation to increase the number of authorized shares of capital stock must be approved by the vote of a majority of the shares of the Company's common stock. The amendment to the Company's certificate of incorporation to effect the two-for-one stock split of the Company's common stock must be approved by the vote of a majority of the shares of the Company's common stock.

As of the Record Date, a total of 8,195,596 shares of the Company's common stock, \$.001 par value, were issued and outstanding. For information regarding security ownership by management and by the beneficial owners of more than 5% of the Company's common stock, see Stock Ownership. The closing price of the Company's common stock on the NASDAQ National Market on the Record Date was \$31.00 per share.

Corporate Governance and Nominating Committee

As described in the table above, the Corporate Governance and Nominating Committee of the Board identifies individuals qualified to become Board members, recommends that the Board select the director nominees for the next annual meeting of stockholders, oversees the Board's annual evaluation of its performance and reviews and recommends to the Board compensation for non-employee directors. The committee is also responsible for developing and recommending to the Board a set of corporate governance guidelines applicable to the Company and for periodically reviewing such guidelines. The members of the Corporate Governance and Nominating Committee are all independent directors within the meaning of applicable NASDAQ listing standards. The responsibilities of this committee are set forth in the Corporate Governance and Nominating Committee Charter, which is available on the Company's website at: <http://www.exponent.com/investors/corpgovernance.html>.

The information below describes the criteria and process that the Corporate Governance and Nominating Committee uses to evaluate candidates to the Board of Directors.

Criteria for Nomination to the Board of Directors. The Corporate Governance and Nominating Committee considers the appropriate balance of experience, skills and characteristics required of the Board of Directors, and seeks to insure that at least a majority of the directors are independent under the rules of the NASDAQ National Market, and that members of the Audit Committee meet the financial literacy requirements under the rules of the NASDAQ National Market and at least one of them qualifies as an audit committee financial expert under the rules of the Securities and Exchange Commission (SEC). Nominees for director are recommended to the Board on the basis of the appropriate size, function and needs of the Board, taking into account that the Board as a whole shall have competency in the following areas: (i) industry knowledge; (ii) accounting and finance; (iii) business judgment; (iv) management; (v) leadership; (vi) business strategy; and (vii) corporate governance.

Stockholders' Proposals for Nominees. The Corporate Governance and Nominating Committee will consider written proposals from stockholders for nominees for director. Any such nominations should be submitted to the Corporate Governance and Nominating Committee c/o the Secretary of the Company and should include (at a minimum) the following information: (a) all information relating to such nominee that is required to be disclosed pursuant to Regulation 14A under the Securities Exchange Act of 1934 (including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected); (b) the name(s) and address(es) of the stockholder(s) making the nomination and the number of shares of the Company's common stock which are owned beneficially and of record by such stockholder(s); and (c) appropriate biographical information and a statement as to the qualifications of the nominee, and should be submitted in the time frame described in the Bylaws of the Company and under the caption, "Stockholder Proposals for the 2007 Annual Meeting."

Process for Identifying and Evaluating Nominees. The Corporate Governance and Nominating Committee believes the Company is well served by its current directors, and in the ordinary course re-nominates incumbent directors who continue to be qualified for Board service and are willing to continue as directors. If an incumbent director is not standing for re-election, or if a vacancy on the Board occurs between annual stockholder meetings, the Corporate Governance and Nominating Committee may seek out potential candidates for Board appointment who meet the criteria for selection as a nominee and have the specific qualities or skills being sought. Director candidates are selected based on input from members of the Board, senior management of the Company and, if the Corporate Governance and Nominating Committee deems appropriate, a third-party search firm. The Corporate Governance and Nominating Committee will evaluate each candidate's qualifications and check relevant references. In addition, such candidates will be interviewed by at least one member of the Corporate Governance and Nominating Committee. Candidates meriting serious consideration will meet with all members of the Board. Based on this input, the Corporate Governance and Nominating Committee will evaluate which of the prospective candidates is qualified to serve as a director and whether the committee should recommend to the Board that this candidate be appointed to fill a current vacancy on the Board, or presented for approval of the stockholders, as appropriate.

Table of Contents

The Company has never received a proposal from a stockholder to nominate a director. Although the Corporate Governance and Nominating Committee has not adopted a formal policy with respect to stockholder nominees, the committee expects that the evaluation process for a stockholder nominee would be similar to the process outlined above.

Board Nominees for the 2006 Annual Meeting. Each of the nominees listed in the proxy statement is a current director standing for re-election.

How to Contact the Board of Directors. Interested parties wishing to contact the non-management directors of the Company may do so by writing to them at the following address: Corporate Secretary, 149 Commonwealth Drive, Menlo Park, CA 94025. All letters received will be categorized and processed by the Company's Corporate Secretary, and then forwarded to the Company's non-management directors.

Code of Business Conduct and Corporate Governance

The Board of Directors has adopted a Code of Business Conduct and Ethics, which applies to all of the Company's employees, officers and members of the Board of Directors. The Company has also adopted a Code of Ethics applicable to its senior financial officers, including its Chief Executive Officer, Chief Financial Officer and Controller. Copies of both documents are available on the Company's website at: <http://www.exponent.com/investors/corpgovernance.html>. The Company intends to disclose any waivers from these codes in a report on Form 8-K filed with the SEC.

Compensation of Directors

Members of the Board of Directors who are employees of the Company do not receive additional compensation for their services as directors of the Company.

Non-employee members of the Board of Directors receive:

- an annual cash retainer of \$24,000;

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The following Report of the Audit Committee of the Board of Directors does not constitute soliciting material and should not be considered filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report by reference therein.

The Audit Committee of the Board of Directors is responsible for general oversight of the Company's financial accounting and reporting process. The committee's primary responsibilities fall into three broad categories:

- first, the committee is charged with monitoring the preparation of quarterly and annual financial reports by the Company's management, including discussions with management and the Company's independent registered public accounting firm about quarterly and annual financial statements and key accounting and reporting matters;
- second, the committee is responsible for matters concerning the relationship between the Company and its independent registered public accounting firm, including their appointment or removal; approving the scope of their audit services and related fees, as well as any other services being provided to the Company; and determining whether the independent registered public accounting firm is independent (based in part on the annual letter provided to the Company pursuant to *Independence Standards Board Standard No. 1*); and
- third, the committee in consultation with management and the independent registered public accounting firm considers the integrity of the Company's financial reporting processes and controls regarding finance, accounting and legal compliance.

The committee's responsibilities are presented in detail in the complete charter of the committee. The charter reflects standards set forth in the applicable SEC regulations and the NASDAQ National Market rules. Audit Committee members are independent as defined by these regulations and rules. The Board of Directors has determined that Mr. Riggins is an audit committee financial expert as such term is defined by these rules and regulations.

The committee has implemented procedures to ensure that during the course of each fiscal year it devotes the attention it considers necessary or appropriate to each of the matters assigned to it under the committee's charter. To carry out its responsibilities, the committee met nine times during fiscal 2005.

In overseeing the preparation of the Company's financial statements, the committee met with both management and the Company's independent registered public accounting firm to review and discuss all quarterly and annual financial statements prior to their issuance and to discuss significant accounting issues. Management advised the committee that all financial statements were prepared in accordance with generally accepted accounting principles, and the committee discussed the statements with both management and the independent registered public accounting firm. The committee's review included discussion with the independent registered public accounting firm of matters required to be discussed pursuant to *Statement on Auditing Standards No. 61 (Communication With Audit Committees)*, which includes:

- methods used to account for significant and unusual transactions;
- the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus;
- the process used by management in formulating particularly sensitive accounting estimates and the basis for independent registered public accounting firm's conclusions regarding the reasonableness of those estimates; and

Edgar Filing: EXPONENT INC - Form DEF 14A

- disagreements with management, if any, over the application of accounting principles, the basis for management's accounting estimates and the disclosures in the financial statements.

With respect to the Company's independent registered public accounting firm, the committee, among other things, discussed with KPMG LLP matters relating to its independence, including the disclosures made to the committee as required by the *Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees)*.

On the basis of these reviews and discussions, the committee recommended to the Board of Directors that the Board approve the inclusion of the Company's audited financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended December 30, 2005, for filing with the SEC.

PROPOSAL NO. 3

AMENDMENT OF THE COMPANY'S CERTIFICATE OF INCORPORATION

TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF CAPITAL STOCK

Amending the Certificate of Incorporation to Increase the Authorized Number of Shares of Capital Stock

The Restated Certificate of Incorporation of the Company (the "Certificate of Incorporation") currently authorizes an aggregate of 22,000,000 shares of capital stock, consisting of 2,000,000 shares of Preferred Stock (par value \$0.001 per share) and 20,000,000 shares of common stock (par value \$0.001 per share). The Company proposes to amend its Certificate of Incorporation to (i) increase the number of authorized shares of common stock to 100,000,000 and (ii) increase the number of authorized shares of preferred stock to 5,000,000, thus bringing the total number of authorized shares of capital stock for all classes to 105,000,000. The additional shares of common stock for which authorization is sought, a portion of which may be issued through the proposed stock split as described in Proposal No. 4, would be a part of the existing class of common stock and, if and when issued, would have the same rights and privileges as the currently outstanding shares of common stock. This increase would be accomplished by amending paragraph (A) of Article Fourth of the Certificate of Incorporation to read as follows:

(A) This Corporation is authorized to issue two classes of stock, preferred stock and common stock. The authorized number of shares of capital stock is One Hundred and Five Million (105,000,000) shares, of which the authorized number of shares of preferred stock is Five Million (5,000,000) and the authorized number of shares of common stock is One Hundred Million (100,000,000). The stock, whether preferred stock or common stock, shall have a par value of one-tenth of one cent (\$0.001) per share.

Required Vote

The approval of the amendment to the Certificate of Incorporation to increase the number of shares of authorized capital stock will require the vote of a majority of the shares of the Company's common stock issued and outstanding as of the Record Date and entitled to vote at the Annual Meeting.

Purposes and Effects of Proposed Increase in the Number of Authorized Shares of Common Stock

The increase would make additional shares of common stock available for issuance for such purposes as the Company's Board of Directors may determine to be advantageous for the Company, including but not limited to future stock dividends and stock splits, future employee benefit plans and acquisitions and the raising of additional capital. Except with respect to shares that may be issued through means of a stock split, as described in Proposal No. 4, and shares reserved for issuance under the Company's stock plans, as of the date of this Proxy Statement the Board of Directors does not have any agreements, commitments or plans with respect to the issuance of any additional shares of common stock. If the Board of Directors deems it to be in the interests of the Company and its stockholders to issue additional shares of common stock in the future, the Board of Directors generally will not seek further authorization by vote of the Company's stockholders (unless such authorization is otherwise required by law or regulation).

On April 4, 2006, the Board of Directors unanimously approved the proposal to amend the Company's Certificate of Incorporation to increase the number of authorized shares of capital stock and believes that this proposal is in the best interests of the Company's stockholders.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THIS PROPOSAL.

PROPOSAL NO. 4

AMENDMENT OF THE COMPANY'S CERTIFICATE OF INCORPORATION TO EFFECT A TWO-FOR-ONE STOCK SPLIT

Amending the Certificate of Incorporation to Effect a Two-for-One Common Stock Split

The Company proposes to amend its Certificate of Incorporation to effect a two-for-one stock split of the Company's common stock by changing and converting each of the issued and outstanding shares of common stock of the Company to two shares of common stock. This stock split would be accomplished by the addition of the following statement to the end of paragraph (A) of Article Fourth of the Certificate of Incorporation:

Each share of common stock of this Corporation outstanding, and each share of common stock held in this Corporation's treasury, at the close of business on the effective date of this amendment shall be reclassified, converted and changed into two (2) fully paid and nonassessable shares of common stock, \$0.001 par value, of this Corporation.

The approval of the proposal to effect a two-for-one stock split of the Company's common stock is expressly contingent upon the approval of Proposal No. 3, which would amend the Company's certificate of incorporation to authorize a sufficient number of shares of the Company's common stock to accommodate the proposed stock split.

Required Vote

The approval of the amendment to the Certificate of Incorporation to effect the stock split will require the vote of a majority of the shares of the Company's common stock issued and outstanding as of the Record Date and entitled to vote at the Annual Meeting.

Purposes and Effects of Proposed Two-for-One Common Stock Split

The Board of Directors anticipates that the increase in the number of outstanding shares of common stock of the Company resulting from a two-for-one stock split will increase liquidity in the trading of the Company's common stock. The common stock is listed for trading on the Nasdaq Stock Market, and the Company will apply for listing of the additional shares of common stock to be issued in the event the proposed stock split is approved. If the proposed amendment is adopted, each stockholder of record at the close of business on May 24, 2006 would be the record owner of, and entitled to receive, a certificate or certificates representing one additional share of common stock, par value \$0.001 per share, for each share of common stock then owned of record by such stockholder. Certificates representing shares of common stock should be retained by each stockholder and should not be returned to the Company or to its transfer agent. It will not be necessary to submit outstanding certificates for exchange. In addition, appropriate adjustments will be made to the Company's stock plans.

The Company is of the opinion that the proposed stock split would result in no gain or loss or realization of taxable income to owners of common stock under existing United States federal income tax laws. The cost basis for tax purposes of each new share and each retained share of common stock would be equal to one-half of the cost basis for tax purposes of the corresponding share immediately preceding the stock split. In addition, the holding period for the additional shares issued pursuant to the stock split would be deemed to be the same as the holding period for the original share of common stock. The laws of jurisdictions other than the United States may impose income taxes on the issuance of the additional shares and stockholders are urged to consult their tax advisors.

If stockholders dispose of their shares after the stock split, they may pay higher brokerage commissions on the same relative interest in the Company because that interest is represented by a greater number of shares. Stockholders may wish to consult their brokers to ascertain the brokerage commission that would be charged for

disposing of the greater number of shares. If the proposed amendment is adopted, the stockholders' equity accounts of the Company will increase because the par value of a share of common stock after the split will remain unchanged at \$0.001 per share, while the number of shares issued and outstanding will double.

On April 4, 2006, the Board of Directors unanimously approved the proposal to amend the Company's Certificate of Incorporation to effect a two-for-one stock split and believes that this proposal is in the best interests of the Company's stockholders.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THIS PROPOSAL.

REPORT OF THE HUMAN RESOURCES COMMITTEE OF THE BOARD OF DIRECTORS

The Human Resources Committee of the Board of Directors establishes the general compensation policies for all employees and oversees the specific compensation plans for officers of the Company, including the President and CEO. The Committee is composed of the five non-employee directors. No executive officers of the Company are included on the Human Resources Committee.

What is the Company's Philosophy of Executive Compensation?

The Company strives to compensate its executives competitively with executives and private consultants throughout the industry and geographies in which we operate. Compensation of the Company's officers, including the President and CEO, is based on the performance of the Company, the individual achievements of the officer and the competitive environment. Individual performance assessments are based on both objective and subjective appraisals of financial performance, professional accomplishments and leadership that meet the level of excellence demanded by the Company.

The Company's compensation program for executives consists of three elements:

- base salary;
- bonus based on performance; and
- stock option and restricted stock unit awards.

What is the Company's Process for Determining Executive Compensation?

The responsibility for determining the compensation of the Company's Executive Officers has been delegated by the Board of Directors to the Human Resources Committee. Executive Officers prepare a written assessment of their performance on an annual basis. The Human Resources Committee reviews the written assessment and discusses the performance of the President and CEO, Michael R. Gaulke and the Chairman Emeritus, Roger L. McCarthy, Ph.D. in executive session. In evaluating each individual the committee considers that individual's performance as well as the performance of the Company. The results of this evaluation are discussed with each Executive Officer and are the basis for determining compensation.

For the other Executive Officers, the President and CEO reviews the written assessments and evaluates their performance. The President and CEO presents his evaluation and compensation recommendations to the Human Resources Committee for review and approval. The Human Resources Committee approves the compensation for all Executive Officers.

What is the Timing of Compensation Changes?

Performance reviews of officers and employees are typically completed within three months after the close of each year. Hence, compensation changes for 2006 were based on 2005 results. These compensation changes went into effect April 1, 2006. Bonuses based on 2005 performance were paid on March 10, 2006.

What was the Human Resources Committee's Basis for the CEO's Compensation in fiscal 2005?

Significant factors in establishing Mr. Gaulke's compensation were the performance of the Company, including profitability, growth and shareholder value; his leadership and the competitive environment. The factors discussed below in Salaries, Bonuses, and Stock Options and Restricted Stock Unit Awards were applied in establishing Mr. Gaulke's salary, bonus, stock option grants, and restricted stock unit grants.

Mr. Gaulke had a base salary of \$524,992 during fiscal 2005, the same as fiscal 2004. His 2005 base salary did not increase as the Company believes a substantial portion of the CEO's compensation should be in the form of an incentive bonus. Mr. Gaulke's bonus for fiscal 2005 was \$575,000 of which 30%, or \$172,500, was settled with a vested stock unit award. Under this vested stock unit award Mr. Gaulke has the right to receive 5,560 shares of common stock on March 10, 2010.

Mr. Gaulke's long-term incentive compensation for 2005 included the grant of an option on March 1, 2005, to purchase 25,000 shares of common stock at \$24.03 per share. This option vests ratably over a four-year period. Mr. Gaulke was also granted a restricted stock unit award under which he will receive 6,316 shares of common stock on March 11, 2009, provided certain employment conditions are met. This award was valued at \$150,000.

What is the Basis for Determining Executive Compensation?

Salaries. The Company strives to provide base salaries commensurate with comparable executives and private consultants. In consideration of their responsibilities for both managing the Company and/or providing direct consulting services which generate significant Company revenue, the Human Resources Committee believes the officers' salaries are comparable with those earned by executives and consultants of similar background, capability and technical expertise.

Bonuses. For the year ended December 30, 2005, the bonus plan was continued for all employees, including officers. The Company has a bonus pool equal to 33% of pre-tax income before bonuses, stock-based compensation and interest income. Up to 30% of each officer's bonus for the year ended December 30, 2005 was settled in vested stock unit awards. Under these awards each officer has the right to receive shares of the Company's common stock four years from the date of grant. Mr. Gaulke, President and CEO, recommends individual officer bonuses based on the officer's financial performance, professional accomplishments and leadership. The Human Resources Committee reviews and approves the bonuses for each officer and the bonus pool. Additionally, they determine the bonuses for all inside directors, including the President and CEO and the Chairman Emeritus of the Company.

Stock Options and Restricted Stock Unit Awards. The Human Resources Committee believes that stock ownership programs reward officers for maximizing stockholder value and encourage retention of key employees. Fiscal 2005 options were granted at the market price on the date of grant and vest over a four-year period. For the year ended December 30, 2005, up to 30% of each officer's bonus was settled in vested stock unit awards. An equal number of restricted stock unit awards were granted to each officer on March 9, 2006. These restricted stock unit awards vest on March 10, 2010.

Executive Compensation. The Human Resources Committee reviewed the performance of the President and CEO, Michael R. Gaulke and the Chairman Emeritus, Roger L. McCarthy, Ph.D. during 2005. In addition, the Human Resources Committee reviewed and approved the 2005 salary recommendations for all other officers.

How is the Company Addressing Internal Revenue Code Limits on Deductibility of Compensation?

Section 162(m) of the Internal Revenue Code (IRC) generally disallows a tax deduction to public corporations for compensation over \$1,000,000 paid for any fiscal year to the corporation's Chief Executive Officer and four most highly compensated executive officers as of the end of any fiscal year. However, the statute exempts qualifying performance-based compensation from the deduction limit if certain requirements are met. The Committee's policy is to qualify its executive compensation for deductibility under applicable tax laws, where possible. The Company's 1999 Incentive Stock Option Plan enables compensation recognized in connection with the exercise of options to qualify as an exception to the deduction limit. The Committee will continue to evaluate the issues relating to executive compensation and will take appropriate action.
