MATTEL NOMINATES DEAN A. SCARBOROUGH TO ITS BOARD OF DIRECTORS

EL SEGUNDO, Calif., March 30, 2007 Mattel, Inc. [NYSE:MAT] announced the nomination of Dean A. Scarborough, president and chief executive officer of Avery Dennison Corporation, for election as a new member of the Mattel Board of Directors. Scarborough's election will be voted upon at the company's Annual Meeting of Stockholders on Friday, May 18, 2007.

Dean's more than 20 year career with Avery Dennison has afforded him a diverse range of business experiences, including his tenure working in international markets, which will translate well to Board-level decisions for Mattel, said Robert A. Eckert, Mattel's chairman and chief executive officer. On behalf of the Mattel Board, we look forward to welcoming Dean to Mattel and having the benefit of his candor, global insights and strategic thinking.

Scarborough joined Avery Dennison in 1984 and served in increasingly responsible positions in the label and tag converting business. In 1990, he was promoted to vice president and general manager, Fasson Roll North America. Five years later, Scarborough moved to the Netherlands and managed the Roll Materials Europe operation. He returned to the U.S. in 1997, when he was appointed group vice president, Fasson Roll North America and Roll Materials Europe. He was promoted to group vice president, Roll Materials Worldwide two years later and, in 2000, was elected president and chief operating officer. He was elected to his current position in 2005.

A native of Cleveland, Scarborough graduated from Hiram College in Hiram, Ohio, in 1977 with a Bachelor of Arts degree and received his master's degree in Business Administration from the University of Chicago in 1979. He serves as a member of the Board of Directors for the Los Angeles World Affairs Council and is a member of the boards of trustees of the Pasadena Art Center College of Design and Hiram College.
