NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

1. General

Fresh Del Monte Produce Inc. (Fresh Del Monte) was incorporated under the laws of the Cayman Islands on August 29, 1996 and is 43.6% owned by IAT Group Inc., which is 100% beneficially owned by members of the Abu-Ghazaleh family. In addition, members of the Abu-Ghazaleh family directly own 8.5% of the outstanding ordinary shares of Fresh Del Monte.

In the opinion of management, the accompanying unaudited consolidated financial statements of Fresh Del Monte and its subsidiaries include all adjustments, consisting of normal recurring adjustments, necessary to present fairly their financial position as of March 30, 2007 and their operating results and cash flows for the three-month period then ended. Interim results are subject to significant seasonal variations and may not be indicative of the results of operations that may be expected for the entire 2007 year.

2. Accounting for Planned Major Maintenance Activities

Effective December 30, 2006, the first day of Fresh Del Monte's 2007 year, Fresh Del Monte adopted Financial Accounting Standard Board (FASB) Staff Position No. AUG AIR-1, Accounting for Planned Major Maintenance Activities (FSP AUG AIR-1), which provides guidance on the accounting for planned major maintenance activities such as vessel dry-dock activities. Previously, Fresh Del Monte accounted for vessel dry-dock activities using the accrue-in-advance method. Fresh Del Monte has adopted the deferral method of accounting for vessel dry-dock activities whereby actual costs incurred are deferred and amortized on a straight-line basis over the period until the next scheduled dry-dock activity.

Fresh Del Monte has applied FSP AUG AIR-1 retrospectively, resulting in the adjustment of 2006 results presented. The impact of this adjustment on the Consolidated Balance Sheets at December 29, 2006 and the Consolidated Statements of Income for the quarter ended March 31, 2006 are as follows:

	As previously reported	Adjustment	As adjusted
As of December 29, 2006:			
Prepaid expenses and other current assets	\$ 49.9	\$ 4.3	\$ 54.2
Total current assets	829.4	4.3	833.7

Retained earnings	612.5	14.6	627.1
Total shareholders' equity	1,011.7	14.6	1,026.3
Total liabilities and shareholders' equity	\$ 2,082.2	\$ 7.4	\$ 2,089.6
For the quarter ended March 31, 2006:			
Cost of products sold	\$ 772.3	\$ (0.3)	\$ 772.0
Net income	\$ 16.2	\$ 0.3	\$ 16.5
Net income per ordinary share - Basic	\$ 0.28	\$	\$ 0.28
Net income per ordinary share - Diluted	\$ 0.28	\$	\$ 0.28

The effects of the adjustments on years prior to 2006 resulted in an adjustment to increase retained earnings as of December 31, 2005, the first day of Fresh Del Monte's 2006 year, of \$14.3 million.

3. Exit Activity

As a result of the decision to exit all production activities in Hawaii in 2006, the Company recorded a net gain of \$2.9 million for the quarter ended March 30, 2007 included under the Exit activity, net caption in the Consolidated Statements of Income. Included in the \$2.9 million is a curtailment gain of \$3.4 million and amortizations of \$1.0 million related to the U.S. based post-retirement healthcare plan as a result of the recognition of a prior service credit due to employee turnover and actuarial gains for the quarter ended March 30, 2007 partially offset by a charge of \$1.6 million for additional one-time termination benefits as a result of legal proceedings and negotiations with the union in Hawaii.

The following represents a summary of 2007 activities related to exit activity reserves (U.S. dollars in millions):

	Exit activity reserve balance at December 29, 2006	Impact to earnings	Cash paid	Exit activity reserve balance at March 30, 2007
One time termination benefits	\$ 13.3	\$ 1.6	\$ (9.6)	\$ 5.3
Contract termination and other exit activity charges	9.0	(0.1)	(1.4)	7.5
	\$ 22.3	\$ 1.5	\$ (11.0)	\$ 12.8

Included in the exit activity reserve balance at December 29, 2006 are one time termination benefits, contract termination costs and other exit activity charges related primarily to (1) the previously announced decision to exit the Hawaiian production operations included in the other fresh produce segment and (2) the closure of the Italian production facility included in the prepared foods segment. Fresh Del Monte expects to make additional payments of approximately \$10.6 million during the remainder of 2007 related to Hawaii and Italy and \$2.2 million during 2008 related to Hawaii in termination benefits and contract obligations.

4. Uncertain Tax Positions

Fresh Del Monte adopted FASB Interpretation No. 48, Accounting for Uncertainty in Income Taxes (FIN 48) effective December 30, 2006, the first day of the 2007 year, which clarifies the accounting for uncertainty in income taxes recognized in a company's financial statements in accordance with Statement of Financial Accounting Standard (SFAS) No. 109, Accounting for Income Taxes, and prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. This interpretation also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure and transition.

As of the date of adoption, the Company had \$11.7 million of unrecognized tax benefits excluding interest and penalties. If recognized, this amount would affect the effective income tax rate. Of this amount, \$9.5 million consists of liabilities related to income tax audits in Germany, South Africa and the United Kingdom. The Company anticipates that the income tax audits mentioned above will be completed during 2007. The tax years 1988-2006 remain subject to examination by taxing authorities throughout the

world in major jurisdictions, such as Brazil, Chile, Costa Rica, Germany, Greece, Guatemala, Italy, Japan, Kenya, Korea, South Africa, United Kingdom and United States.

FRESH DEL MONTE PRODUCE INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)(Unaudited)

Effective December 30, 2006, Fresh Del Monte changed its accounting policy and began to classify interest and penalties on uncertain tax positions as a component of Provision for income taxes in the Consolidated Statements of Income. Prior to December 29, 2006, interest on tax liabilities was classified as interest expense. The Company recognized interest and penalties of \$2.1 million for the quarter ended March 30, 2007. Accrued interest and penalties related to uncertain tax positions as of March 30, 2007 totaled \$4.7 million.

5. Stock-Based Compensation

Stock-based compensation expense related to stock options for the quarters ended March 30, 2007 and March 31, 2006 included in the determination of income before taxes and net income totaled \$1.5 million or \$0.03 per diluted share and \$1.3 million or \$0.02 per diluted share, respectively, on the straight-line, single award basis and is included in the accompanying Consolidated Statements of Income, in selling, general and administrative expenses. Fresh Del Monte is in a net operating loss position in the relevant jurisdictions. Therefore, for the first quarter of 2007 and 2006, deferred tax assets related to stock-based compensation expense have been fully reserved and there was no reduction in taxes currently payable or related effect on cash flows as the result of excess tax benefits from stock options exercised in the first quarter of 2007 and 2006. The proceeds received from exercise of stock options were \$0.1 million and \$0.3 million for the quarter ended March 30, 2007 and March 31, 2006, respectively.

On February 28, 2007, Fresh Del Monte granted, in equal amounts, stock options from its 1997 Share Incentive Program totaling 37,500 to six non-management members of its Board of Directors. These options vested 100% on the grant date. Based on their grant date fair value of \$3.94 per option, Fresh Del Monte recognized \$0.1 million of stock-based compensation expense related to this grant which is included in the \$1.5 million of total stock-based compensation expense for the first quarter of 2007.

On March 1, 2006, Fresh Del Monte granted, in equal amounts, stock options from its 1999 Share Incentive Program totaling 37,500 to six non-management members of its Board of Directors. These options vested 100% on the grant date. Based on their grant date fair value of \$5.51 per option, Fresh Del Monte recognized \$0.2 million of stock-based compensation expense related to this grant which is included in the \$1.3 million of total stock-based compensation expense for the first quarter of 2006.

7. Long-Term Debt and Capital Lease Obligations

On March 21, 2003, Fresh Del Monte, and certain wholly-owned subsidiaries entered into a \$400.0 million, four-year syndicated revolving credit facility (the "Credit Facility"), with Rabobank Nederland, New York Branch, as administrative agent. On November 9, 2004, the Credit Facility was amended to increase the total revolving commitment to \$600.0 million, to add a term loan commitment of up to \$400.0 million, to extend its maturity to November 10, 2009 and to increase the letter of credit facility to \$100.0 million. On February 14, 2006, the Credit Facility was amended to increase the allowable repurchase by Fresh Del Monte of its common stock in an aggregate amount not to exceed \$300.0 million.

On May 10, 2006, the Credit Facility was amended to permit borrowing under the term loan commitment of up to \$150.0 million. On May 10, 2006, Fresh Del Monte borrowed \$150.0 million of the available \$400.0 term loan commitment and used the proceeds to re-pay a portion of the revolving facility. The term loan is a five-year amortizing loan with quarterly payments of principal and interest. The interest rate on the term loan (7.6250% at March 30, 2007) is based on a spread over London Interbank Offer Rate ("LIBOR"). On December 27, 2006 the Credit Facility was further amended to modify the applicable ratios used to determine margins for advances under the facility and to amend certain financial covenants.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)(Unaudited)

7. Long-Term Debt and Capital Lease Obligations (continued)

The Credit Facility is collateralized directly or indirectly by substantially all of Fresh Del Monte's assets and is guaranteed by certain of Fresh Del Monte's subsidiaries. The Credit Facility permits borrowings with an interest rate, determined by Fresh Del Monte's leverage ratio, based on a spread over LIBOR (7.6224% at March 30, 2007). At March 30, 2007, \$450.5 million was outstanding under the Credit Facility (including the term loan).

The Credit Facility requires Fresh Del Monte to be in compliance with various financial and other covenants and limits the amount of future dividends. As of March 30, 2007, Fresh Del Monte was in compliance with all of the financial and other covenants contained in the Credit Facility.

At March 30, 2007, Fresh Del Monte had \$272.5 million available under committed working capital facilities, primarily all of which is represented by the Credit Facility. The Credit Facility also includes a swing line facility and a letter of credit facility. At March 30, 2007, Fresh Del Monte applied \$25.6 million to the letter of credit facility, comprised primarily of certain contingent obligations and other governmental agencies guarantees combined with guarantees for purchases of raw materials and equipment.

As of March 30, 2007, Fresh Del Monte had \$483.6 million of long-term debt and capital lease obligations, including the current portion, consisting of \$450.5 million outstanding under the Credit Facility (including the term loan), \$20.6 million of capital lease obligations and \$12.5 million of other long-term debt and notes payable.

9. Contingencies***DBCP Litigation***

Beginning in December 1993, certain of Fresh Del Monte's U.S. subsidiaries were named among the defendants in a number of actions in courts in Texas, Louisiana, Hawaii, California and the Philippines involving allegations by numerous non-U.S. plaintiffs that they were injured as a result of exposure to a nematocide containing the chemical dibromochloropropane (DBCP) during the period from 1965 to 1990.

On February 16, 1999, two of Fresh Del Monte's U.S. subsidiaries were served in the Philippines in an action entitled *Davao Banana Plantation Workers Association of Tiburcia, Inc. v. Shell Oil Co., et al.* The action was brought by the Banana Workers Association (the Association) on behalf of its 34,852 members for injuries they allege to have incurred as a result of DBCP exposure. Approximately 13,000 members of the Association claim employment on a farm that was under contract to one of Fresh Del Monte's subsidiaries at the time of the alleged DBCP use. Fresh Del Monte's subsidiaries filed motions to dismiss and for reconsideration on jurisdictional grounds, which were denied. Accordingly, Fresh Del Monte's subsidiaries answered the complaint denying all of the plaintiff's allegations. Fresh Del Monte's subsidiaries believe substantial defenses exist to the claims asserted by the Association. On October 3, 2002, the Philippine Court of Appeals ruled that the method of service used by the Association to serve the defendants was improper and dismissed the Association's complaint. As a result of this decision, the trial court suspended the proceedings indefinitely. In 2002, the Association filed a motion for reconsideration of the dismissal of its complaint, which remains pending.

9. Contingencies (continued)

In 1997, plaintiffs from Costa Rica and Guatemala named certain of Fresh Del Monte's U.S. subsidiaries in a class action in Hawaii. The action was dismissed by a federal district court on grounds of *forum non conveniens* in favor of the courts of the plaintiffs' home countries and the plaintiffs appealed this decision. As a result of the dismissal of the Hawaiian action, several Costa Rican and Guatemalan individuals filed the same type of actions in those countries. The Guatemalan action was dismissed for plaintiff's failure to prosecute the action. On April 22, 2003, the Supreme Court of the United States affirmed the plaintiffs' appeal of the dismissal, thereby remanding the action to the Hawaiian state court. A status conference was held in Hawaiian state court on June 2, 2006. On September 12, 2006, defendants' motion to transfer venue from the state court in Maui to the state court in Oahu was granted. On April 27, 2007, the Fresh Del Monte U.S. subsidiaries named in the action which do not have ties to Hawaii filed a motion to dismiss for lack of personal jurisdiction.

On June 19, 1995, a group of several thousand plaintiffs in an action entitled *Lucas Pastor Canales Martinez, et al. v. Dow Chemical Co. et al.* sued one of Fresh Del Monte's U.S. subsidiaries along with several other defendants in the District Court for the Parish of St. Charles, Louisiana, asserting injuries due to the alleged exposure to DBCP. The Fresh Del Monte subsidiary answered the complaint and asserted substantial defenses, eventually settling with all but 13 of the *Canales Martinez* plaintiffs in federal court. On October 25, 2001, defendants filed a motion to dismiss the action on grounds of *forum non conveniens* in favor of plaintiffs' home countries. On July 16, 2002, the district court denied that motion and the defendants filed a motion requesting immediate review by the Court of Appeals, which was denied by the district court on August 21, 2002. On August 28, 2002, defendants filed a petition for a writ of mandamus before the Court of Appeals with respect to the district court's denial of defendants' motion to dismiss the action on grounds of *forum non conveniens*. As a result of the Supreme Court's decision in the Hawaiian action, the district court remanded these actions to state court in Louisiana. The plaintiffs have taken no further action.

On November 15, 1999, one of Fresh Del Monte's subsidiaries was served in two actions entitled, *Godoy Rodriguez, et al. v. AMVAC Chemical Corp., et al.* and *Martinez Puerto, et al. v. AMVAC Chemical Corp., et al.*, in the 29th Judicial District Court for the Parish of St. Charles, Louisiana. These actions were removed to federal court, where they have been consolidated. As a result of the Supreme Court's decision in the Hawaiian action, the district court remanded these actions to state court in Louisiana. At this time, it is not known how many of the 2,962 *Godoy Rodriguez* and *Martinez Puerto* plaintiffs are making claims against the Fresh Del Monte subsidiary.

On October 14, 2004, two of Fresh Del Monte's subsidiaries were served with a complaint in an action styled *Angel Abarca, et al. v. Dole Food Co., et al.* filed in the Superior Court of the State of California for the County of Los Angeles on behalf of more than 2,600 Costa Rican banana workers who claim injury from exposure to DBCP. On October 8, 2004 (prior to service on Fresh Del Monte's subsidiaries), a co-defendant removed the action to the United States District Court for the Central District of California. An initial review of the plaintiffs in the *Abarca* action found that a substantial number of the plaintiffs were claimants in prior DBCP actions in Texas and may have participated in the settlement of those actions. On December 9, 2004, plaintiffs' counsel served notices of voluntary dismissal pursuant to Federal Rule 41(a)(1) to all defendants except for The Dow Chemical Co. (Dow). The same day, the District Court granted plaintiffs' motion to remand. Fresh Del Monte, its subsidiaries and the other defendants apart from Dow, jointly moved to quash service before the state court on the grounds that they have been dismissed from the action. The state court denied the motion on September 2, 2005, and the California Court of Appeals subsequently rejected defendants' petition for a writ of mandate.

On April 25, 2005, two of Fresh Del Monte's subsidiaries were served with a complaint styled *Juan Jose Abrego, et al. v. Dole Food Company, et al.* filed in the Superior Court of the State of California for the County of Los Angeles on behalf of 955 Guatemalan residents who claim injury from exposure to DBCP. An initial review of the plaintiffs in the *Abrego* action found that a substantial number of the plaintiffs released their claims with prejudice as part of the December 1998 settlement with Fresh Del Monte's subsidiaries as well as in prior settlement with other defendants. On May 13, 2005, co-defendant Dow removed the action to the United States District Court for the Central District of California. Plaintiffs filed a motion to remand on June 15, 2005, which Dow opposed. On October 6, 2005, the District Court remanded the action to the state court of California. Dow appealed the remand order to the U.S. Court of Appeals for the Ninth Circuit, which remains pending.

On April 25, 2005, two of Fresh Del Monte's subsidiaries were served in a complaint styled *Antonio Abrego, et al. v. Dole Food Company, et al.* filed in the Superior Court of California for the County of Los Angeles on behalf of 612 Panamanian residents who claim injury from exposure to DBCP. On May 6, 2005, plaintiffs amended the complaint to add an additional 548 plaintiffs, for a total of 1,160. Fresh Del Monte and its subsidiaries have never owned, managed or otherwise been involved with any banana growing operations in Panama. On May 13, 2005, co-defendant Dow removed the action to the United States District Court for the Central District of California. On June 10, 2005, the Court directed Dow to show cause in writing as to why the amount in controversy requirement had been sufficiently met to invoke federal jurisdiction, which Dow subsequently filed on June 17, 2005. On October 11, 2005, the District Court remanded the action to the state court of California.

On April 25, 2005, two of Fresh Del Monte's subsidiaries were served with a complaint styled *Miguel Jose Acosta et al. v. Dole Food Company, et al.* filed in the Superior Court of the State of California for the County of Los Angeles on behalf of 633 Honduran residents who claim exposure to DBCP. Fresh Del Monte and its subsidiaries have never owned, managed or otherwise been involved with any banana growing operations in Honduras. The complaint was subsequently amended to add an additional 469 plaintiffs (for a total of 1,102), and re-styled *Prospero Aceituno Linares, et al. v. Dole Food Company, et al.* On May 13, 2005, co-defendant Dow removed the action to the United States District Court for the Central District of California. The District Court sua sponte remanded the action on May 16, 2005.

The state court in the *Abarca* action has found all four of the above California actions to be related and has transferred all four actions to the California state court department normally responsible for hearing complex litigations.

Former Shareholders Litigation

On December 30, 2002, Fresh Del Monte was served with a complaint filed on December 18, 2002 in the Circuit Court of the 11th Judicial Circuit in and for Miami-Dade County, Florida by seven Mexican individuals and corporations, who claim to have been former indirect shareholders of Fresh Del Monte's predecessor. In addition to being filed against Fresh Del Monte, the complaint was also filed against certain of its current and former directors, officers and shareholders and that of its predecessor (the Florida Complaint).

The Florida Complaint alleges that instead of proceeding with a prospective buyer who offered superior terms, the former chairman of Fresh Del Monte's predecessor and majority shareholder, agreed to sell Fresh Del Monte's predecessor to its current majority shareholder at a below market price as the result of commercial bribes allegedly paid by Fresh Del Monte's current majority shareholder and chief executive officer to Fresh Del Monte's predecessor's former chairman. On February 20, 2003, Fresh Del Monte filed a motion to dismiss the Florida Complaint and the oral argument was heard on June 19, 2003. On July 22, 2003, the court granted in part and denied in part Fresh Del Monte's motion to dismiss the Florida Complaint, dismissing two of the 11 counts. Mediation of the Florida Complaint occurred on September 9, 2005, but was unsuccessful. The trial in the case commenced on October 30, 2006. On November 17, 2006, the jury rendered a verdict in favor of Fresh Del Monte, which the court followed with a final judgment in favor of Fresh Del Monte on December 20, 2006. Plaintiffs filed a notice of appeal on January 19, 2007.

Class Action Litigation

a. Pineapple Class Actions

On April 16, 2004, four fruit wholesalers filed a consolidated complaint against two of Fresh Del Monte's subsidiaries in the United States District Court for the Southern District of New York. The plaintiffs claim to have purchased Del Monte Gold® pineapples from Fresh Del Monte's subsidiaries. This consolidated action is brought as a putative class action on behalf of all direct purchasers of Del Monte Gold® pineapples from March 1, 1996 through the present. The court directed the plaintiffs to file a new consolidated complaint, which was filed on August 2, 2004 and consists of the four fruit wholesalers and two individual consumers who had filed their complaints in the federal court for the Southern District of New York. In addition to these six actions, other class actions against Fresh Del Monte were transferred to the United States District Court for the Southern District of New York by the Judicial Panel on Multidistrict Litigation (JPML) and then remanded as described below. The new consolidated complaint alleges claims for: (i) monopolization and attempted monopolization; (ii) restraint of trade; (iii) unfair and deceptive trade practices; and (iv) unjust enrichment. On May 27, 2005, Fresh Del Monte filed a motion to dismiss the indirect and direct purchasers' claims for unjust enrichment which remains pending.

On March 5, 2004, an alleged individual consumer filed a putative class action complaint against Fresh Del Monte's subsidiaries in the state court of Tennessee on behalf of consumers who purchased (other than for resale) Del Monte Gold® pineapples in Tennessee from March 1, 1996 to May 6, 2003. On April 14, 2004, Fresh Del Monte's subsidiaries removed this action to federal court. The plaintiffs filed a motion for remand to state court which was granted by the court on July 7, 2004. This action is pending in a Tennessee state court. On February 18, 2005, Fresh Del Monte's subsidiaries filed a motion to dismiss the complaint. On May 25, 2006, the court granted the motion in part dismissing plaintiffs' claim under the Tennessee Consumer Protection Act.

The plaintiffs filed a motion for remand to the state court of California which was granted by the court on July 8, 2004 in one of the actions and on July 12, 2004 in the other two actions. These actions will now proceed in the state court of California. In one of the three actions, Fresh Del Monte filed a motion to dismiss the plaintiff's complaint which was granted in part and denied in part. On November 9, 2005, the three actions were consolidated under one amended complaint with a single claim for unfair competition in violation of the California Business and Professional Code. Fresh Del Monte filed a motion to dismiss this one remaining claim, which was denied on January 6, 2006. The request for an interlocutory appeal was denied by the appellate court on March 2, 2006.

On April 19, 2004, an alleged individual consumer filed a putative class action complaint against Fresh Del Monte's subsidiaries in the state court of Florida on behalf of Florida residents who purchased (other than for re-sale) Del Monte Gold® pineapples between March 1, 1996 and May 6, 2003. The complaint alleges fraudulent concealment/tolling of statute of limitations, violations of the Florida Deceptive and Unfair Trade Practices Act and unjust enrichment. On May 11, 2004, Fresh Del Monte's subsidiaries removed this action to federal court. The plaintiffs filed a motion for remand to state court and Fresh Del Monte's subsidiaries opposed that motion. The court granted plaintiffs' motion to remand. The case will now proceed in the state court of Florida. On October 27, 2004, Fresh Del Monte filed a motion to dismiss the plaintiffs' complaint, which motion was granted on January 23, 2006 with leave for plaintiffs to amend. Plaintiffs filed an amended complaint on February 13, 2006. On March 10, 2006, Fresh Del Monte's subsidiary filed a motion to dismiss in part the amended complaint. On September 27, 2006, the state court granted the motion and dismissed with prejudice plaintiffs' claims for unjust enrichment and for violation of the Florida Deceptive and Unfair Trade Practices Act relating to pineapples purchased before April 19, 2000, Fresh Del Monte's subsidiary filed an answer to the remaining claims of the amended complaint on October 12, 2006.

common law monopolization and unjust enrichment. On September 13, 2004, Fresh Del Monte's subsidiaries removed this action to federal court. On November 15, 2004, this action was transferred to the United States District Court for the Southern District of New York by the JPML. b. Banana Class Actions

Between July 25, 2005 and August 22, 2005, several plaintiffs served putative class action complaints against Fresh Del Monte, certain subsidiaries and several other corporations all in the United States District Court for the Southern District of Florida on behalf of all direct purchasers of bananas for the period from May 2003 to the present. The complaints allege that the defendants engaged in a continuing agreement, understanding and conspiracy to restrain trade by artificially raising, fixing and maintaining the prices of, and otherwise restricting the sale of, bananas in the United States in violation of Section 1 of the Sherman Act. A similar action was brought by a New York corporation for the period from July 2001 to the present.

Additionally, between October 21, 2005 and November 10, 2005, Arizona, California, Minnesota, New York, Tennessee and Kansas residents filed a putative class action complaint against Fresh Del Monte, one of its subsidiaries and several other corporations in the United States District Court for the Southern District of Florida on behalf of all indirect purchasers of bananas in their respective states for the period from May 2003 to the present. That complaint alleges violations of numerous state antitrust, competition, and unjust enrichment statutes. A similar action was brought by a California resident for the period from July 2001 to the present.

The cases on behalf of the direct purchasers have been consolidated in the U.S. District Court for the Southern District of Florida. The cases on behalf of the indirect purchasers have been assigned to the same judge in the U.S. District Court for the Southern District of Florida.

In the consolidated direct purchaser cases, the court has entered a case management order and a scheduling order under which trial in this matter has been set for the two-week trial period commencing February 4, 2008 and discovery on the merits of the action is scheduled to take place before class certification proceedings.

In the indirect purchaser actions, plaintiffs filed an amended, consolidated complaint on March 3, 2006. Fresh Del Monte filed a motion to dismiss the complaint, which remains pending.

European Union Antitrust Investigation

On June 2, 2005, one of Fresh Del Monte's German subsidiaries was visited by the antitrust authority of the European Union (EU) which is investigating Fresh Del Monte's subsidiary as well as other produce companies for possible violations of the EU's competition laws. Fresh Del Monte's subsidiary received several requests for additional information from the EU antitrust authority

from February 17, 2006 to March 30, 2007 and has responded fully to the requests. Fresh Del Monte and its subsidiary will continue to fully cooperate with the investigation.

Freight Broker Litigation

In September 1997, a freight broker formerly engaged by one of Fresh Del Monte's non-U.S. subsidiaries filed suit against the subsidiary in Guatemala claiming \$1.9 million in damages and in Costa Rica claiming \$1.3 million in damages as indemnification for constructive wrongful termination of the general agency agreement between the broker and the subsidiary. Under the agreement, the broker arranged third party cargo to be booked for carriage on ships owned or chartered by Fresh Del Monte's subsidiary. The Guatemala action has been dismissed for being time barred by the statute of limitations. In the Costa Rica action, Fresh Del Monte's subsidiary filed several motions to dismiss which were denied. The trial of the action has now concluded, and the trial court has entered judgment against Fresh Del Monte in the amount of \$0.8 million plus interest and costs. Fresh Del Monte's subsidiary is appealing this decision. The costs of defense in this action are covered by insurance.

Kunia Well Site

In 1980, elevated levels of certain chemicals were detected in the soil and ground-water at a plantation leased by one of Fresh Del Monte's U.S. subsidiaries in Honolulu, Hawaii (the Kunia Well Site). Shortly thereafter, Fresh Del Monte's subsidiary discontinued the use of the Kunia Well Site and provided an alternate water source to area well users and the subsidiary commenced its own voluntary cleanup operation. In 1993, the Environmental Protection Agency (EPA) identified the Kunia Well Site for potential listing on the National Priorities List (NPL) under the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended. On December 16, 1994, the EPA issued a final rule adding the Kunia Well Site to the NPL. On September 28, 1995, Fresh Del Monte's subsidiary entered into an order (the Order) with the EPA to conduct the remedial investigation and the feasibility study of the Kunia Well Site. Under the terms of the Order, Fresh Del Monte's subsidiary submitted a remedial investigation report in November 1998 and a final draft feasibility study in December 1999 (which was updated from time to time) for review by the EPA. The EPA approved the remedial investigation report in February 1999 and the feasibility study on April 22, 2003.

As a result of communications with the EPA in 2001, Fresh Del Monte recorded a charge of \$15.0 million in the third quarter of 2001 to increase the recorded liability to the estimated expected future cleanup cost for the Kunia Well Site to \$19.1 million. Based on conversations with the EPA in the third quarter of 2002 and consultation with Fresh Del Monte's legal counsel and other experts, Fresh Del Monte recorded a charge of \$7.0 million during the third quarter of 2002 to increase the accrual for the expected future clean-up costs for the Kunia Well Site to \$26.1 million.

On September 25, 2003, the EPA issued the Record of Decision (ROD). The EPA estimates in the ROD that the remediation costs associated with the clean up of the Kunia Well Site will range from \$12.9 million to \$25.4 million and will last approximately 10 years. As of March 30, 2007, there is \$21.5 million included in other noncurrent liabilities and \$0.8 million included in accounts payable and accrued expenses for the Kunia well site clean-up. We expect to expend approximately \$0.8 million in cash per year for the next five years. Certain portions of the EPA's estimates have been discounted using a 5% interest rate. The undiscounted

estimates are between \$14.8 million and \$28.7 million. The undiscounted estimate on which Fresh Del Monte's accrual is based totals \$25.6 million. On January 13, 2004, the EPA deleted a portion of the Kunia Well Site (Northeast section) from the NPL. On May 2, 2005, Fresh Del Monte's subsidiary signed a Consent Decree with the EPA for the performance of the clean up work for the Kunia Well Site. On September 27, 2005, the U.S. District Court for Hawaii approved and entered the Consent Decree. Based on findings from remedial investigations at the Kunia Well Site, Fresh Del Monte's subsidiary continues to evaluate with the EPA the clean up work currently in progress in accordance with the Consent Decree.

Other

In addition to the foregoing, Fresh Del Monte and its subsidiaries are involved from time to time in various claims and legal actions incident to Fresh Del Monte and its subsidiaries' operations, both as plaintiff and defendant. In the opinion of management, after consulting with legal counsel, none of these other claims are currently expected to have a material adverse effect on the results of operations, financial position or cash flows of Fresh Del Monte and its subsidiaries.

Fresh Del Monte and its subsidiaries intend to vigorously defend themselves in all of the above matters. At this time, management is not able to evaluate the likelihood of a favorable or unfavorable outcome in any of the above-described matters. Accordingly, management is not able to estimate the range or amount of loss, if any, from any of the above-described matters and no accruals or expenses have been recorded as of March 30, 2007, except as related to the Kunia Well Site.

13. New Accounting Pronouncements

In September 2006, FASB issued SFAS No. 158, *Employers' Accounting for Defined Benefit Pension and Other Postretirement Plans* (SFAS 158). Effective December 29, 2006, Fresh Del Monte adopted the provisions of SFAS 158 and the resulting adjustments are reflected in the Fresh Del Monte's consolidated balance sheet as of December 29, 2006. SFAS 158's provisions regarding the change in measurement date are effective for year ended December 2008. Fresh Del Monte has determined that the change in measurement date from November 30th to the year end balance sheet date will have an immaterial impact on Fresh Del Monte's consolidated financial statements.

In September 2006, the FASB issued SFAS No. 157, *Fair Value Measurements* (SFAS 157). This statement defines fair value, establishes a framework for measuring fair value under the generally accepted accounting principles, and expands disclosures about fair value measurements. SFAS No. 157 is effective for financial statements issued for years beginning after November 15, 2007, and interim periods within those years. The transition adjustment, which is measured as the difference between the carrying amount and the fair value of those financial instruments at the date this statement is initially applied, should be recognized as a cumulative effect adjustment to the opening balance of retained earnings for the year in which this statement is initially applied. The provisions of SFAS No. 157 are effective for Fresh Del Monte beginning January 1, 2008. Fresh Del Monte is currently evaluating the impact of adopting SFAS No. 157 on the consolidated financial statements.

14. Shareholder's Equity

On February 14, 2006, Fresh Del Monte amended its credit agreement to increase the allowable repurchase of its stock in an aggregate amount not to exceed \$300 million. On March 3, 2006, Fresh Del Monte's Board of Directors authorized an initial stock repurchase program of up to \$300 million of the common stock of Fresh Del Monte. During 2006, Fresh Del Monte purchased 341,346 shares of its common stock in open market transactions at an average purchase price of \$16.99 per share under this program. Fresh Del Monte accounts for treasury stock using the cost method. During the first quarter of 2007, no shares were repurchased under this program.

**MANAGEMENT'S DISCUSSION AND ANALYSIS OF
FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

New Accounting Pronouncements

Effective December 30, 2006, the first day of our 2007 year, we adopted Financial Accounting Standard Board (FASB) Staff Position No. AUG AIR-1, Accounting for Planned Major Maintenance Activities (FSP AUG AIR-1), which provides guidance on the accounting for planned major maintenance activities such as vessel dry dock activities. Previously, we accounted for vessel dry-dock activities using the accrue-in-advance method. We have adopted the deferral method of accounting for vessel dry-dock activities whereby actual costs incurred are deferred and amortized on a straight line basis over the period until the next scheduled dry-dock activity.

We have applied FSP AUG AIR-1 retrospectively, resulting in the adjustment of 2006 results presented, which positively impacted cost of products sold, gross profit and operating income for the quarter ended March 31, 2006 by \$0.3 million.

Liquidity and Capital Resources

Net cash provided by (used in) operating activities was \$15.0 million for the first quarter of 2007 as compared to (\$31.9) million for the first quarter of 2006. The increase in cash provided by operating activities was primarily attributable to higher net income, lower seasonal increases in inventory levels and higher accounts payable and accrued expenses partially offset by higher accounts receivables.

Working capital was \$474.1 million at March 30, 2007, compared with \$436.7 million at December 29, 2006. This increase in working capital is primarily attributable to higher seasonal levels of accounts receivables and inventory partially offset by higher accounts payable and accrued expenses.

Net cash used in investing activities for the first quarter of 2007 was \$15.8 million compared with net cash used in investing activities of \$20.1 million for the first quarter of 2006. Net cash used in investing activities for the first quarter of 2007 consisted primarily of capital expenditures of \$22.7 million for the expansion of production facilities in Africa, South America, the Philippines and the Middle East partially offset by proceeds from sales of assets of \$6.9 million. Proceeds from the sale of assets for the first quarter of 2007 consist primarily of sale of properties in South Africa. Net cash used in investing activities for the first quarter of 2006 consisted of capital expenditures for the expansion of production facilities in Africa, South America and the Philippines and distribution centers in Europe and the Middle East partially offset by proceeds from sale of assets.

Net cash provided by financing activities for the first quarter of 2007 was \$5.1 million compared with \$61.0 million for the first quarter of 2006. Net cash provided by financing activities consisted primarily of net proceeds from long-term debt of \$5.0 million. Net cash provided by financing activities for the first quarter of 2006 consisted primarily of net proceeds from long-term debt of \$72.3 million partially offset by \$11.6 million of payments of cash dividends.

On March 21, 2003, Fresh Del Monte, and certain wholly-owned subsidiaries entered into a \$400.0 million, four-year syndicated revolving credit facility, with Rabobank Nederland, New York Branch, as administrative agent. On November 9, 2004, the facility was amended to increase the total revolving commitment to \$600.0 million, to add a term loan commitment of up to \$400.0 million, to extend its maturity to November 10, 2009 and to increase the letter of credit facility to \$100.0 million (collectively, the Credit Facility). On February 14, 2006, the Credit Facility was amended to increase the allowable repurchase by Fresh Del Monte of its stock in an aggregate amount not to exceed \$300.0 million.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF

FINANCIAL CONDITION AND RESULTS OF OPERATIONS (continued)(Unaudited)

On May 10, 2006, the Credit Facility was modified to amend certain financial covenants and Fresh Del Monte borrowed \$150.0 million of the available \$400.0 term loan commitment and used the proceeds to re-pay a portion of the revolving facility. The term loan is a five-year amortizing loan with quarterly payments of principal and interest. The interest rate (7.6250% at March 30, 2007) is based on a spread over London Interbank Offer Rate (LIBOR). On December 27, 2006 the Credit Facility was further amended to modify the applicable ratios used to determine margins for advances under the facility and to amend certain financial covenants.

The Credit Facility is collateralized directly or indirectly by substantially all of Fresh Del Monte's assets and is guaranteed by certain of Fresh Del Monte's subsidiaries. The Credit Facility permits borrowings with an interest rate (7.6224% at March 30, 2007) depending on Fresh Del Monte's leverage ratio, based on a spread over LIBOR. At March 30, 2007, there was \$450.5 million outstanding under the Credit Facility.

The Credit Facility requires Fresh Del Monte to be in compliance with various financial and other covenants and limits the amount of future dividends and capital expenditures. As of March 30, 2007, Fresh Del Monte was in compliance with all of the financial and other covenants contained in the Credit Facility.

At March 30, 2007, Fresh Del Monte had \$272.5 million available under committed working capital facilities, primarily all of which is represented by the Credit Facility. FINANCIAL CONDITION AND RESULTS OF OPERATIONS (continued)(Unaudited)

Results of Operations

First Quarter 2007 Compared with First Quarter 2006

Net Sales. Net sales for the first quarter of 2007 were \$836.0 million compared with \$840.0 million for the first quarter of 2006. The decrease in net sales of \$4.0 million was attributable to lower net sales of other fresh produce partially offset by higher net sales of bananas, prepared food and other products and services. Net sales of other fresh produce decreased \$18.0 million primarily due to lower net sales of tomatoes and potatoes as a result of the rationalization of the North America tomato and potato program initiated during 2006 combined with lower net sales of non-tropical fruit primarily as a result of inclement weather in Chile. Partially offsetting these decreased net sales of tomatoes, potatoes and non-tropical fruit, were higher net sales of fresh-cut fruit as a result of higher per unit sales prices and higher net sales of melons and gold pineapple that resulted from higher sales volume. Net sales of bananas increased \$8.9 million principally due to higher per unit sales prices and sales volume in North America partially offset by lower sales volume in Europe and Asia. Net sales of prepared food increased by \$4.2 million principally due to higher per unit sales prices of ambient juice combined with increased sales volume as a result of retail promotions. Net sales of the other products and services segment increased by \$0.9 million principally due to higher net sales in the Jordanian poultry operations.

Cost of Product Sold. Cost of products sold was \$736.9 million for the first quarter of 2007 compared with \$772.0 million for the first quarter of 2006, a decrease of \$35.1 million. This decrease in cost of products sold was primarily attributable to reduced sales volume combined with lower fruit cost principally related to the closing of inefficient production facilities, lower ocean freight and inland transportation costs as a result of lower fuel costs and increased efficiency in inland shipping operations.

Gross Profit. Gross profit was \$99.1 million for the first quarter of 2007 compared with \$68.0 million for the first quarter of 2006, an increase of \$31.1 million. The increase in gross profit was attributable to higher gross profit on other fresh produce of \$15.0 million, higher gross profit on bananas of \$11.6 million, higher gross profit on prepared food of \$2.8 million and higher gross profit on other products and services of \$1.7 million. Gross profit on the other fresh produce segment increased principally as a result of higher gross profit on fresh-cut fruit, tomatoes, potatoes and gold pineapples. The improvement in gross profit on fresh-cut fruit, tomatoes and potatoes was principally the result of the rationalization and restructuring initiatives that were started during 2006 which lowered operating costs. The improvement in gross profit on gold pineapple was the result of a slight increase in sales volume combined with improved per unit sales prices in Europe and lower fruit costs related to the 2006 closing of the higher cost Hawaii operations. Gross profit on prepared foods increased principally due to higher per unit selling prices in the U.K. partially offset by \$1.5 million in sales claims related to last year's Kenya pineapple product recall and withdrawal program. Gross profit on other products and services increased due to continued improvements in the Jordanian poultry operations.

Selling, General and Administrative Expenses. Selling, general and administrative expenses decreased \$2.4 million from \$44.6 million in the first quarter of 2006 to \$42.2 million for the first quarter of 2007. The decrease is principally due to lower professional fees.

Exit activity, net. As a result of the decision to exit all production activities in Hawaii in 2006, the Company recorded a net gain of \$2.9 million for the quarter ended March 30, 2007. Included in exit activity, net is a curtailment gain of \$3.4 million and amortizations of \$1.0 million related to the U.S. based post-retirement healthcare plan as a result of the recognition of a prior service

credit due to employee turnover and actuarial gains for the quarter ended March 30, 2007 partially offset by \$1.6 million additional one-time termination benefits as a result of legal proceedings and negotiations with the union in Hawaii.

Operating Income. Operating income for the first quarter of 2007 increased by \$36.4 million to \$59.8 million compared with \$23.4 million for the first quarter of 2006. The increase in operating income was due to higher gross profit, lower selling, general and administrative expenses combined with a net gain on exit activity related to the previously announced shut-down of the Company's Hawaii operations.

Interest Expense. Interest expense increased by \$3.4 million to \$9.2 million for the first quarter of 2007 compared with \$5.8 million for the first quarter of 2006, as a result of higher average debt balances and higher interest rates.

Other Income (Expense), Net. Other income (expense), net, was \$3.9 million for the first quarter of 2007 as compared with \$(0.2) million for the first quarter of 2006, an improvement of \$4.1 million. This improvement in other income (expense), net, is principally attributable to foreign exchange gains and a gain from the sale of property in South Africa during the first quarter of 2007.

Provision for Income Taxes. Provision for income taxes increased from \$1.3 million in the first quarter of 2006 to \$3.1 million in the first quarter of 2007 principally as a result of higher income before provision for income taxes combined with a change in our accounting policy to classify interest and penalties on uncertain tax positions as a component of provision for income taxes.

Seasonality

Interim results are subject to significant variations and may not be indicative of the results of operations that may be expected for the entire 2007 year.
