Report of Independent Registered Public Accounting Firm

To the Administrative Committee of

Flotek Industries, Inc. 401(k) Plan

Houston, Texas

We have audited the accompanying statements of net assets available for benefits of the Flotek Industries, Inc. 401(k) Plan (the Plan ) as of December 31, 2006 and 2005, and the related statement of changes in net assets available for benefits for the year ended December 31, 2006. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2006 and 2005, and the changes in the net assets available for benefits for the year ended December 31, 2006 in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan s management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

FLOTEK INDUSTRIES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

**NOTE A DESCRIPTION OF PLAN**

The following brief description of the Flotek Industries Inc. 401(k) Plan (the Plan ) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan s provisions.

**General**

Effective June 1, 2002, Flotek Industries, Inc. (the Company ) established the Plan, a defined contribution plan, in which participation is voluntary on the part of the employees. Employees are eligible to become a participant in the Plan upon satisfying the age and the service requirements. The employee must attain the age of 18 and complete 6 months of service with the Company.

**Contributions**

A participant may elect to defer a percentage of their compensation during the plan year, which is defined in the plan document and is subject to the limits imposed by the Internal Revenue Code. Contributions can be made on a pre-tax (before federal and state taxes are withheld) basis through payroll deductions. The participant is always fully vested in his or her contributions. The Company permits compensation deferrals of 1% to 20% in increments of 1% each plan year.

Effective September 1, 2006, the Company makes a matching contribution to the Plan in an amount equal to 25% of each participant s salary reduction contribution not to exceed 3%. The Company s matching contributions are made in the same ratio as the participants elective deferrals.

**Vesting**

Participants are vested in their salary reduction contributions, any rollover contributions, and earnings on these amounts. Matching contributions to the Plan, plus any earnings these amounts generate, are 100% vested after six years of service (20% per year after two years of service). Participants hired prior to January 1, 2001 are 100% vested in the matching contributions and the related earnings.

**Investment Elections**

The Plan also allows the participants to (i) change the percentage of pay withheld through payroll deduction by completing and signing a revised Salary Reduction Agreement and returning it to the Company at least 30 days before the change will take effect or lesser number of days if the Company permits, (ii) change investment fund options for future contributions at any time, directly by telephone with Bisys Retirement Services Inc. ( Bisys ), the investment custodian, or via the internet and (iii) discontinue participation in the Plan as of the first day of the plan year or the first day of the seventh month of the plan year. Re-enrollment must occur the first day of the plan year or the first day of the seventh month.

**Withdrawals during Employment**

A participant is eligible to make certain withdrawals while employed. A withdrawal of after-tax contributions requires a withdrawal of a proportionate share of investment earnings thereon, which will be taxable and will include 10 percent early distribution tax if made before age 59-1/2 under current tax laws (unless certain exceptions apply).

**Participant Loans**

A participant can borrow up to 50 percent of his or her vested account balance while in the Plan. The amount borrowed may be from a minimum of \$1,000 to a maximum of \$50,000, but never more than 50 percent of the participant s vested account balance. Only one loan can be outstanding at any one time. A loan must be repaid by payroll deduction over a period not to exceed five years; however, early payoff is permitted. The loan interest rate is the prime rate printed in the Wall Street Journal at the time of the loan. Loans are limited to members who are active employees.

### FLOTEK INDUSTRIES, INC. 401(k) PLAN

#### NOTES TO FINANCIAL STATEMENTS

#### Payments of Benefits

A participant can withdraw the total vested amount in the participant's account as a result of either (i) termination of employment, (ii) retirement at age 65 or (iii) permanent and total disability or death. The full value of the participant's account will be paid and will be subject to income tax when the participant retires or qualifies as permanently and totally disabled, unless an election is made by the participant to rollover the funds as allowed by the Internal Revenue Code. If death occurs before retirement, the full value of the account will be paid to the designated beneficiary. If the value of the participant's account is less than \$5,000, the beneficiary will receive a lump sum payment of the entire amount. If the value of the participant's account is greater than \$5,000, the beneficiary will receive a payout(s) in a form other than a life annuity.

#### Disposition of Forfeitures by Participants

A forfeiture of unvested benefits shall be accounted for in the following manner. Forfeitures will be allocated to each participant's individual account in the ratio which each participant's compensation for the plan year bears to the total compensation of all participants for the plan year.

Forfeitures for the Plan for the year ended December 31, 2006 were not significant to the Plan.

#### Rollover Contributions

Generally, if a participant received a qualified total distribution as defined in the Internal Revenue Code of 1986 as amended, the participant can deposit or rollover those funds into the Plan.

#### Participant Accounts

Each participant's account is credited with the employee's contribution, the Company contributions and the proportionate allocation of the earnings of the Plan, as defined by the Plan.

#### Plan Trustee

Frontier Trust Company ( Frontier ) was appointed trustee and investment custodian of the Plan by a contract dated June 1, 2002. Under the contract Frontier has named Bisys as plan record keeper. Under the agreement, Frontier shall hold all property received, manage the Plan and invest and reinvest Plan assets.
