VOTING INFORMATION

Proxy Solicitation. The Board of Directors is furnishing you with this Proxy Statement in connection with the solicitation of your proxy for the Annual Meeting of Stockholders to be held on May 22, 2008 and at any adjournment thereof. This solicitation is being made by mail. The Company may also use its officers and other employees to solicit proxies from stockholders, personally or by telephone, facsimile, letter or electronic mail. The Company will pay all costs associated with the solicitation of proxies. If the Company requests nominees and brokers to solicit their principals and customers for their proxies, it will reimburse the nominees and brokers for their reasonable out-of-pocket expenses.

Annual Meeting of Stockholders. The Annual Meeting of Stockholders will be held on May 22, 2008 at 9:00 a.m. Eastern Daylight Time at the InterContinental The Barclay New York Hotel located at 111 E. 48th Street New York, New York 10017. If you need directions to the Annual Meeting, please contact Julie Creed, VP, Investor Relations at 1-312-496-1200. This Proxy Statement is first being mailed on or about April 21, 2008 to Company stockholders entitled to notice of, and to vote at, the Annual Meeting.

Record Date. Each share of Company common stock that you owned as of April 4, 2008, the record date for the Annual Meeting, entitles you to one vote. On April 4, 2008 there were 17,192,933 shares of Company common stock outstanding.

Quorum. A quorum of stockholders is necessary for the Company to hold a valid meeting. If at least a majority of the Company's common stock is present in person or by proxy, a quorum will exist. The inspector of election appointed for the Annual Meeting will determine whether a quorum is present. Abstentions and broker non-votes are counted as present to establish a quorum. A broker non-vote occurs when a broker or other record holder does not vote on some matters presented at the meeting because the broker or other record holder does not have discretionary voting authority with respect to that matter and has not received voting instructions from the beneficial owner on those matters.

Voting. You may vote on the proposals presented at the Annual Meeting in one of two ways:

By Proxy: You can vote your shares by signing, dating and returning the enclosed Proxy Card. If you do this, the individuals named on the card will vote your shares in the manner you indicate and in their discretion on any other matters that may properly come before the meeting. You may specify on your Proxy Card how you would like your shares voted. If you do not indicate instructions on the card, your shares will be voted *for* the election of each individual nominated for director under Proposal I and *for* the ratification of the Board of Directors' selection of KPMG LLP as the Company's independent registered accounting firm for 2008 under Proposal II; or

In Person: You may come to the Annual Meeting and cast your vote.

If you grant the Company a proxy, you may revoke your proxy at any time before it is exercised by (1) sending notice to the Company Secretary at the Company's principal executive offices in writing; (2) providing to the Company a later-dated proxy; or (3) attending the Annual Meeting in person and voting your shares. Merely attending the Annual Meeting, without further action, will not revoke your proxy.

If your broker holds your shares in its name, the broker is permitted to vote your shares for the election of each nominee for director and for the ratification of the Board of Directors' selection of KPMG LLP, even if the broker does not receive voting instructions from you. If your broker does receive voting instructions from you, it must vote in accordance with these instructions.

The inspector of election appointed for the Annual Meeting will tabulate votes.

Required Vote. Pursuant to the Company's Amended and Restated Bylaws, directors are elected by a plurality vote. This means that with respect to Proposal I, the four (4) director nominees receiving the highest number of votes cast FOR their election will be elected. Proposal II requires the affirmative vote of a majority of those shares present in person or represented by proxy and entitled to vote thereon at the Annual Meeting.

Votes withheld and abstentions are deemed present at the Annual Meeting and are counted for quorum purposes but are not counted for purposes of election of directors (Proposal I) and, with respect to Proposal II, will have the same effect as a vote against the matter.

Majority Vote Policy. The Company's Corporate Governance Guidelines provide that, in any uncontested election, any nominee for Director who does not receive a majority of votes cast FOR his or her election is required to tender his or her resignation promptly following the failure to receive the required vote. The Corporate Governance Guidelines require the Nominating and Board Governance Committee of the Board of Directors to make recommendations to the Board with respect to any such resignation. The Board is required to take action with respect to this recommendation and to disclose its decision-making process. Full details of this policy are set out in the Company's Corporate Governance Guidelines under Practices (Resignation for Majority Withheld Vote), a copy of which is included in the Corporate Governance section of the Company's website at: <http://www.heidrick.com>.

Table of Contents**PROPOSAL I****ELECTION OF CLASS I DIRECTORS**

The Board of Directors currently has nine members, two of whom are Company employees and seven of whom are non-employees.

The Board of Directors is divided into three classes (Classes I, II, and III) for purposes of election. The Company's Amended and Restated Certificate of Incorporation calls for each class to consist, as nearly as possible, of one-third of the total number of directors that make up the Board of Directors. Typically, one class is elected at each Annual Meeting of Stockholders to serve for a three-year term. The Board of Directors recommends that four directors be elected at the Annual Meeting as Class I directors to hold office for a three-year term expiring in 2011. Directors who are not standing for election this year will continue in office for the remainder of their respective terms.

The Board of Directors has recommended and nominated each of the following persons to be reelected to the Board of Directors as Class I directors with terms expiring in 2011: **Messrs. L. Kevin Kelly, Robert E. Knowling, Jr., Gerard R. Roche and V. Paul Unruh.**

The enclosed Proxy will be voted **FOR** the election of each of the four nominees unless it is marked to withhold authority to vote for one or more of the nominees. Proxies cannot be voted for more than four nominees.

If any nominee ceases to be a candidate for election for any reason, the Proxy will be voted for a substitute nominee designated by the Company's Board of Directors. The Board of Directors currently has no reason to believe that any nominee will not remain a candidate for election as a director or will be unwilling to serve as a director if elected.

Below is certain information about each director nominee and each director whose term of office will continue after the Annual Meeting. There are no family relations among any directors, executive officers, or persons nominated to become a director.

CORPORATE GOVERNANCE

Board of Directors and Stockholder Meetings. The Board of Directors met seven times during 2007. Each of the directors attended at least 75 percent of the meetings of the Board and the committees of which he or she was a member. It is the Company's policy to encourage the directors to attend the Annual Meetings of Stockholders unless circumstances impair their ability to do so. Eight of the Company's directors attended the 2007 Annual Meeting of Stockholders.

Director Independence. Each year, the Board of Directors reviews the relationships that each director has with the Company and with other parties. Only those directors who do not have any of the categorical relationships that preclude them from being independent within the meaning of applicable NASDAQ Stock Market, Inc. Marketplace Rules (the "NASDAQ Rules"), and who the Board of Directors affirmatively determines have no relationships that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director, are considered to be independent directors. The Board of Directors has adopted Director Independence Standards to use in evaluating the independence of directors. After a review of the relevant information, the Board of Directors has determined that Richard I. Beattie, Antonio Borges, John A. Fazio, Jill Kanin-Lovers, Gary E. Knell, Robert E. Knowling, Jr. and V. Paul Unruh are independent directors of the Company within the meaning of applicable NASDAQ Rules and the Company's Director Independence Standards. You can access the Director Independence Standards in the Corporate Governance section of the Company's website at: <http://www.heidrick.com>.

Corporate Governance Guidelines. The Board of Directors has adopted corporate governance practices to help it fulfill its responsibilities to the stockholders in overseeing the work of management and the Company's business results. These guidelines are intended to insure that the Board of Directors has the necessary authority and practices in place to review and evaluate the business operations, as needed, and to make decisions that are independent of management. In addition, the guidelines are intended to align the interests of directors and management with those of the Company's stockholders. A copy of the Corporate Governance Guidelines is available in the Corporate Governance section of the Company's website at: <http://www.heidrick.com>.

Director Nominating Procedures. Directors may be nominated by the Board of Directors or by stockholders in accordance with the Company's Amended and Restated Bylaws. The Nominating and Board Governance Committee reviews all proposed nominees for the Board of Directors, including those proposed by stockholders, in accordance with the mandate contained in its charter. This includes a review of the person's occupation, experience, time commitments, financial literacy, independence, judgment, understanding of the Company's business or other related industries, and such other factors as the Nominating and Board Governance Committee determines are relevant in light of the needs of the Board of Directors and the Company. The Nominating and Board Governance Committee selects qualified candidates and reviews its recommendations with the Board of Directors, which determines whether to nominate them for election to the Board of Directors. To date, the Nominating and Board Governance Committee has not paid a fee to any third party to assist in the process of identifying or evaluating director candidates; however, the Nominating and Board Governance Committee has worked with search consultants from the Company to identify director candidates.

Stockholder Recommendations for Nominations. Stockholders who wish to recommend individuals for consideration by the Nominating and Board Governance Committee to be nominees for election to the Board of Directors may do so by notifying the Company's Corporate Secretary. In addition, the Company's Amended and Restated Bylaws permit stockholders to nominate directors at a stockholder meeting. To nominate a director at the 2009 Annual Meeting, a stockholder must notify the Corporate Secretary not less than sixty days, nor more than ninety days, prior to May 22, 2009. Notices should be sent to: Corporate Secretary, Heidrick & Struggles International, Inc., 233 South Wacker Drive, Suite 4200, Chicago, Illinois 60606. In either case, the notice must meet all of the requirements contained in the Company's Amended and Restated Bylaws. The notice must set forth:

(1) the name, age, business address and residence address of the proposed nominee, the class and number of voting shares of the Company's capital stock the nominee beneficially owns and any other

information relating to the nominee that is required to be disclosed in solicitations for proxies for the election of directors pursuant to Section 14 of the Securities Exchange Act of 1934 and the rules and regulations thereunder; and

(2) as to the stockholder proposing such nominee, that stockholder's name and address, the class and number of voting shares of the Company's capital stock the stockholder beneficially owns, a description of all arrangements and understandings between the stockholder and the nominee or any other person (including their names) pursuant to which the nomination is made, a representation that the stockholder intends to appear in person or by proxy at the meeting to nominate the person named in its notice and any other information relating to the stockholder that is required to be disclosed in solicitations for proxies for the election of directors pursuant to Section 14 of the Securities Exchange Act of 1934 and the rules and regulations thereunder.

The notice must also be accompanied by a written consent of the proposed nominee both to being named as a nominee and to serving as a director if elected.

Stockholder Communications. Stockholders may communicate directly with the Board of Directors. All communications should be directed to: Corporate Secretary, Heidrick & Struggles International, Inc., 233 South Wacker Drive, Suite 4200, Chicago, Illinois 60606. Any such communication should prominently indicate on the outside of the envelope that it is intended for the Board of Directors or a particular director. Each communication intended for the Board of Directors or a particular director and received by the Secretary will be forwarded to the specified party following its clearance through normal security procedures.

Code of Ethics. The Board of Directors has adopted a Code of Business Conduct that applies to all of the Company's employees, officers and directors. You can access this Code of Business Conduct in the Corporate Governance section of the Company's website at: <http://www.heidrick.com>.

EthicsLine. The Board of Directors has established the Heidrick & Struggles EthicsLine, a service that provides a mechanism for reporting to the Company alleged breaches of any legal or regulatory obligations, financial fraud, including accounting, internal controls and auditing, or any alleged violation of the Company's Code of Business Conduct or corporate policies.

The EthicsLine is a confidential number, (toll free in the US) available to all Company employees, contractors, vendors, stockholders or other interested parties. Calls are not recorded and callers may remain anonymous. The EthicsLine is operational 24 hours a day, seven days a week and may be reached at 1-800-735-0589 or, if calling from outside the United States, at +1-704-731-7242.

COMMITTEES OF THE BOARD OF DIRECTORS

The Board of Directors has determined that all of the directors who serve on these committees are independent within the meaning of the Company's Director Independence Standards and the applicable NASDAQ Rules, including, in the case of members of the Audit and Finance Committee, the specific independence requirements for audit committees.

The Board of Directors has adopted a charter for each of the three standing committees. You can access these committee charters in the Corporate Governance section of the Company's website at: <http://www.heidrick.com>.

Audit and Finance Committee. The Audit and Finance Committee of the Board of Directors is presently composed of four directors, Messrs. Fazio, Knowling and Unruh and Ms. Kanin-Lovers, each of whom is independent within the meaning of the Company's Director Independence Standards and the applicable

NASDAQ Rules. Mr. Fazio is the Chair of the Audit and Finance Committee. The Board of Directors has determined that Mr. Fazio and Mr. Unruh are audit committee financial experts as defined in the rules and regulations of the Securities and Exchange Commission (the SEC Rules). During 2007, the Audit and Finance Committee met twelve times.

The Audit and Finance Committee recommends to the Board of Directors the appointment of an independent registered public accounting firm annually to audit the Company's books and records; meets with and reviews the activities and the reports of the Company's independent registered public accounting firm; and reports the results of the review to the Board of Directors. The Audit and Finance Committee also periodically reviews the adequacy of the Company's internal controls and pre-approves all services to be provided by the Company's independent registered public accounting firm. These and other aspects of the Audit and Finance Committee's authority are more particularly described in the Audit and Finance Committee Charter.

Nominating and Board Governance Committee. The Nominating and Board Governance Committee consists of three directors, Messrs. Beattie, Borges and Knell, each of whom is independent within the meaning of the Company's Director Independence Standards and the applicable NASDAQ Rules. Mr. Beattie is the Chair of the Nominating and Board Governance Committee. The Nominating and Board Governance Committee makes recommendations to the Board of Directors concerning candidates for nomination to the Board of Directors, the membership on committees of the Board of Directors, compensation of the Board of Directors and other corporate governance matters. The Nominating and Board Governance Committee also reviews and approves related party transactions. These and other aspects of the Nominating and Board Governance Committee's authority are more particularly described in the Nominating and Board Governance Committee Charter. Compensation Committee meetings. The Human Resources and Compensation Committee also meets in executive session as appropriate. The Chair of the Human Resources and Compensation Committee reports the Committee's recommendations on executive compensation to the Board of Directors. The Human Resources and Compensation Committee consists of four independent directors (Messrs. Beattie, Knowling and Borges and Ms. Kanin-Lovers). During 2007, no person who was a member of the Human Resources and Compensation Committee was one of the Company's officers or employees, nor did any of those executive officers serve as a member of the Board of Directors or compensation committee of any entity that has one or more executive officers serving on the Company's Board of Directors or Human Resources and Compensation Committee. From time to time, the Chief Executive Officer, certain other officers and outside consultants may attend meetings of the Human Resources and Compensation Committee, but none of the Company's officers may be present during discussions or deliberations regarding his or her own compensation, nor may they vote on any matters brought before the Human Resources and Compensation Committee.

EXECUTIVE COMPENSATION

Compensation Discussion & Analysis

Our Business

Heidrick & Struggles is a leading provider of executive search and leadership consulting services. The Company helps its clients build leadership teams by facilitating the recruitment, management and deployment of senior executives. Focusing on top-level services offers the Company several advantages, including access to, and influence with, key decision makers, increased potential for recurring search consulting engagements, higher fees per search, and enhanced brand visibility, all of which create added barriers to entry for potential competitors. Working at the top of client organizations also allows the Company to attract and retain high-caliber consultants.

In addition to executive search, the Company provides a range of leadership consulting services to clients. These services include succession planning, top team effectiveness, executive assessment, talent management, executive development and M&A human capital effectiveness.

The Company provides its services to a broad range of clients through the expertise of approximately 400 consultants located in major cities around the world. As such, the executives in the Company need to have the skills and experience to manage and motivate an organization spread over a large number of countries with varying business and regulatory environments. The market for these talented individuals is competitive, and as such, the Company's compensation philosophy is focused on ensuring that the right candidates can be attracted, retained and properly rewarded for their contributions.

Oversight of Compensation Programs

The Human Resources and Compensation Committee of the Board (the Committee) is responsible for overseeing the Company's executive compensation program. The Company's Chief Executive Officer and Chief Financial Officer, as well as the other executives included in the Summary Compensation Table on page 20, are referred to as the named executive officers throughout this proxy statement. See page 8 of this proxy statement for more information on the role and responsibilities of the Committee with regards to executive compensation and related corporate governance.

Role of Executive Officers in Compensation Decisions

The Committee approves all compensation decisions for the Company's executive officers. The Chief Executive Officer, with the assistance of the Chief Human Resources Officer, annually reviews the performance of each of the executive officers (other than the Chief Executive Officer, whose performance is reviewed by the Committee). The conclusions reached and recommendations based on these reviews, including compensation adjustments, are presented to the Committee for consideration. The Committee can exercise its discretion in modifying any recommended adjustments or awards to executives.

Executive Compensation Philosophy

The Company believes that the executive compensation programs should (i) link pay and performance and (ii) attract, retain, and reward the best talent. To achieve this, the Company's executive compensation philosophy is to provide compensation levels and programs that are:

Competitive with executive recruiting and other consulting firms with which the Company competes for executive talent

Fair and equitable among executives

Directly linked to stockholder value creation and the long-term profitable growth of the Company

Supportive of the Company's key business strategy and objectives to achieve revenue and operating income growth

Reflective of an executive's individual performance and career potential

Designed to facilitate ownership of Company stock

Table of Contents

The Company strives to align executive compensation programs and levels with its objective to attract, retain and reward the best talent needed to maximize stockholder value creation, serve the its clients, and continue on a path of profitable growth.

Setting Executive Compensation

The Committee evaluates the Company’s executive compensation programs in comparison to those of a selected peer group consisting of sixteen similarly-sized professional services companies. The peer group is used to compare total direct compensation and the mix of compensation elements for each named executive officer against peer group positions with similar responsibilities. The peer group is also used to review executive pay programs and practices in general at those companies. The peer group consists of the following companies:

Korn/Ferry International	KForce
Charles River Associates	LECG Corp
Diamond Management & Technology Consultants	Navigant Consulting
First Consulting Group	Resources Connection
FTI Consulting	Sotheby’s Holdings
Gartner	The Advisory Board
Hudson Highland Group	The Corporate Executive Board

Keane Watson Wyatt & Company Holdings

Mercer provides the Committee with an analysis of peer group compensation data to assist the Committee in making informed executive compensation decisions. In setting compensation levels, the Committee often gives more consideration to the peer group companies with which it directly competes for executive talent and stockholder investment. The Committee also relies on its general knowledge of executive compensation levels and practices since most of the Company’s executive search and leadership consulting competitors from which executive talent is often recruited are privately held.

The Company does not set a relative percentile positioning for total direct compensation, or the elements of total direct compensation, as a target for executive pay levels. Rather, it reviews the total direct compensation range for each position and the mix of elements, to ensure that compensation is adequate to attract and retain key executives.

Edgar Filing: HEIDRICK & STRUGGLES INTERNATIONAL INC - Form DEF 14A

To ensure that compensation is linked to performance, the Company's executive compensation program is designed to deliver more than 50% of total direct compensation through variable pay. In fact, the Chief Executive Officer's salary accounted for only 28% of his 2007 target total direct compensation. For the other named executive officers, the management salary accounted for approximately 40% of 2007 target total direct management compensation.

The Company's executive compensation program is also designed to ensure that a large proportion of the executive's compensation is delivered in equity and directly aligned with the interests of its stockholders. In 2007, the Chief Executive Officer received 50% of his target total direct management compensation in the form of equity (the remainder was cash), which compares to approximately 40% for the other named executive officers.

Overview of Executive Compensation Components

Alignment with the Company's executive compensation philosophy is achieved through the three direct compensation components outlined below.

Base Salary. The objective of base salary is to compensate executives for services rendered during the year in the form of fixed cash compensation. Base salary levels are set to reflect the executive's role and responsibilities, value to the Company, experience and performance, internal equity and other relevant criteria.

Annual Incentives. The objective of annual incentives is to motivate and reward executives for achieving specific performance goals over a one-year period. Payment is not guaranteed and levels vary according to Company and individual performance. Annual incentives are payable 80% in cash and 20% in restricted stock units. The primary purpose of the bonus deferral into restricted stock units is to retain top talent and to ensure that the achievement of short-term goals leads to the Company's long-term success.

Long Term Incentives. The objective of long-term incentives is to directly align executives' interests with those of its stockholders and to retain top talent. Long-term incentive awards are made 100% in the form of equity, specifically, stock options and restricted stock units. Equity-based long-term incentives also facilitate ownership of Company stock and thus, the achievement of the stock ownership guidelines adopted by the Committee.

Base Salary

For each executive, base salaries are reviewed against levels for positions with similar responsibilities at the peer companies using comparative data prepared by Mercer. The Committee then gives consideration to individual performance, internal equity, functional expertise, experience and scope of responsibilities in approving any changes to the base salary.

For executives who have dual roles with the Company (management and consultant), the base salary consists of a combination of management salary and consultant salary. In 2007, those executives included Ms. Valerie E. Germain, Mr. David C. Peters and Mr. Charles G. Davis. A management salary is paid to dual-role executives in consideration of their management and policy-making responsibilities within the Company, while a consultant salary is paid in consideration of their consulting presence in the marketplace. A consultant salary is referred to as a Fee and Source of Business (FSOB) salary and is applied against any annual incentive amount earned under the Company's FSOB Bonus Plan. The Company does not reduce the consultant salary if the FSOB incentive amount earned for a fiscal year is less than the FSOB salary paid. The other two named executive officers, Mr. L. Kevin Kelly and Ms. Eileen A. Kamerick, have only management roles and thus are paid only a management salary.

On February 21, 2007, the Committee approved the 2007 base salaries for the executives based on the Chief Executive Officer's recommendations and other considerations. Ms. Germain's salary adjustments were approved by the Committee on September 19, 2007 when she became an executive.

See the Summary Compensation Table on page 20 for more details on base salary levels approved by the Committee in 2007 for the named executive officers.

Annual Incentives

Management Incentive Plan. The Committee approved annual incentive payments for the named executive officers that were provided pursuant to the Management Incentive Plan (MIP) under the Heidrick & Struggles Incentive Plan. The MIP is primarily designed to link an executive's performance to the attainment of

Table of Contents

specific Company financial goals. Each named executive officer has a target incentive opportunity under the MIP equal to 100% of the management salary with the ability to earn up to 150%. Please see the Grants of Plan-Based Awards Table on page 23 for more details on non-equity incentive plan levels approved by the Committee in 2007 for the named executive officers.

On March 16, 2007, the Committee approved a performance-based alignment matrix that blends consolidated net revenue goals with operating income margin goals for the purpose of determining annual incentive payouts. The alignment matrix is designed to primarily emphasize operating income margin performance with limited leverage to recognize net revenue growth performance. In setting goals, the Committee paid particular attention to the budget set for the year, year-over-year growth, stockholder expectations and probability of achievement. The table below outlines the significant year-over-year growth in net revenue and operating income margin that was required to generate payouts under the 2007 alignment matrix.

	Threshold	Target	Maximum	Actual
Financial Performance				
1) Net Revenues				
	\$ 532.5M	\$ 570M	\$ 632.5M	\$ 620M
2) Operating Income Margin	12.3%	13%	16.7%	13.1%
Payout				
(as a % of management salary)	90%	100%	150%	105%

On February 8, 2008, the Company's 2007 net revenues and operating income margin results (excluding the \$1.4M expense associated with the continued and/or accelerated vesting of all outstanding unvested equity awards for retired executives Mr. Thomas J. Friel and Ms. Joie A. Gregor) generated a payout of 105% under the alignment matrix, which the Committee approved. The Committee made no adjustments to the annual incentive payout for the Chief Executive Officer or, based on the Chief Executive Officer's recommendations for his direct reports, for other executives, based on individual performance.

Fee and Source of Business Bonus Plan. Executives who have dual roles (management and consultant) participate in the Company's FSOB Bonus Plan in addition to the MIP. The named executive officers who participated in the FSOB Bonus Plan for 2007 were Ms. Germain, Mr. Peters and Mr. Davis. The primary purpose of this incentive plan is to reward revenue generation. The FSOB Bonus Plan is reviewed and amended by the Committee from time to time.

Under the FSOB Bonus Plan, an executive earns revenue credits for both origination (source of business) and execution (fee) services. The FSOB incentive payout is determined by applying the revenue credits earned against a four tier step structure. The incentive amount calculated is net of the FSOB salary. The Committee has the discretion to make adjustments to the calculated FSOB incentive payout based on the Company's financial performance.

On February 8, 2008, the Committee approved the payment of a FSOB incentive for Ms. Germain as calculated under the plan (no adjustment was made at the discretion of the Committee). Ms. Germain was the only named executive officer who received a FSOB incentive payment for 2007.

Non-Consultant Source of Business Plan. Under the Company's Non-Consultant Source of Business (SOB) Bonus Plan, an executive who does not have a consulting role has the opportunity to earn a cash incentive payment for helping the Company win executive search work that otherwise would not have been won. The incentive amount is calculated based on the SOB revenue credits earned. Ms. Kamerick was the only named executive officer to receive an incentive payment under this plan.

Discretionary Bonus Plan. Executives who have dual roles (management and consultant) and have earned an incentive payment under the FSOB Bonus Plan for a particular year are eligible to receive an incentive

Table of Contents

payment under the Company's Discretionary Bonus (DB) Plan. The purpose of this incentive plan is to reward partnership behaviors and Company contributions in key areas beyond individual revenue generation.

The funding of the DB Plan pool is based on a formula and is directly linked to the number of global consultants and the Company's financial performance. On March 16, 2007, the Committee approved an alignment matrix for the DB Plan which blends consolidated net revenue goals with operating income margin goals. The purpose of the alignment matrix is to better align consultants' interests with those of the stockholders by applying a corporate performance factor to the total size of the DB Plan pool. To recognize the Company's strong 2007 financial performance relative to the target goals established under the alignment matrix, the Committee approved a payout of 105% to be applied against the DB Plan pool on February 8, 2008.

The DB Plan pool was distributed to eligible consultants in the following manner:

1. Consultant behaviors were evaluated by other consultants using a scorecard comprised of five categories including firm building, partnership/teamwork, leadership, quality and reaching full potential. The scorecard and the related categories were established and communicated to the consultants at the beginning of the year.
2. Consultant scores were then compared against each other and each consultant was assigned a band (A, B, C, D or E).
3. The DB Plan pool was distributed by country and across bands with consultants in the A band receiving the largest incentive payouts.

Ms. Germain was the only named executive officer who received a payment under the DB Plan in 2007.

Other Bonuses. On February 8, 2008, the Committee approved a discretionary bonus for Mr. Davis to reward him for achieving recognition for the Company as the top search firm in the Asia Pacific region and the successful completion of the Renton James acquisition (i.e., Auckland office).

Payment of Annual Incentives. To further align executives' interests with those of the Company's stockholders and to ensure that the achievement of short-term goals leads to the Company's long-term success, annual incentives for the named executive officers are paid 80% in cash and 20% in restricted stock units (with the exception of any payments made under the Non-Consultant SOB Plan which are all cash). The restricted stock units vest in equal installments over a three-year period beginning on the first anniversary of the date of grant. This vesting schedule reflects the impact that annual performance has on future financial results. On February 8, 2008, the Committee approved the payment of the cash incentives on February 29, 2008 and the payment of the incentives in restricted stock units to be granted on March 6, 2008. The total number of restricted stock units granted was calculated by dividing the amount of the annual incentive to be paid in restricted stock units by the closing stock price on the grant date of \$33.79, plus a 10% premium to reflect the added forfeiture risk of restricted stock units versus cash payable immediately following the fiscal year end.

Long-Term Incentives

The Committee approved long-term incentives for the named executive officers that were provided under the Company's GlobalShare Program. The Company's long-term incentive program is designed to:

Directly align executives' interests with those of the Company's stockholders

Motivate executives to enhance the revenues and profitability of the Company

Facilitate ownership of Company stock and the achievement of stock ownership guidelines

Attract and retain top talent

14

Table of Contents

To accomplish this, the long-term incentive program for executives generally consists of annual grants of nonqualified stock options and restricted stock units based on an equity mix of two stock options for every one restricted stock unit granted.

The Committee approved awards denominated in a fixed number of restricted stock units and stock options based on the Chief Executive Officer's recommendations and other considerations. For each executive, the value of the long-term incentive was reviewed against levels for positions with similar responsibilities at the peer companies using comparative data prepared by Mercer. The named executive officers who received annual grants pursuant to this methodology were Mr. Kelly, Ms. Kamerick and Ms. Germain (upon her appointment to Managing Partner, Strategic Partnerships).

In connection with their appointment to Regional Managing Partner, the Committee approved an award of restricted stock units to be granted to Mr. Peters and Mr. Davis in March 2007. This award was in lieu of the restricted stock units and stock options granted in 2007 to other named executive officers under the annual equity program for executives.

Other awards were made to the executives in March 2007 in addition to the annual grant of equity. Ms. Germain received an award of restricted stock units to recognize her contributions in a consultant role. Mr. Davis received a special award of restricted stock units in recognition of his consistent top performance and contributions in his consultant role. Mr. Peters received an award of stock options to recognize his contributions as Managing Partner, London office (a position he held until October 1, 2006). Stock options were selected to ensure Mr. Peters received a mix of both restricted stock units and stock options consistent with the annual equity program for executives. Please see the Grants of Plan-Based Awards Table on page 23 for more details on equity grants that the Committee approved.

In December 2006 the Committee approved six specific 2007 equity grant dates, which were set outside of trading blackout periods restricting transactions in the Company's stock. No awards of equity were made to any named executive officer other than on those six dates approved. Those dates were:

March 9, 2007

March 30, 2007

May 31, 2007

June 29, 2007

September 28, 2007

December 21, 2007

All equity awards were approved by the Committee in advance of the predetermined grant dates.

Stock Options. Stock options constitute a key element of the Company's long-term incentive strategy in that they deliver value to the executive only when the Company's stock increases. The stock options are nonqualified, have a five-year term and vest in equal installments over a three-year period beginning on the first anniversary of the date of grant. Starting with stock options granted in 2008, the term was increased to 10 years, consistent with the Company's peer companies and to provide the named executive officers with an incentive opportunity that spans a longer time frame than five years.

The exercise price of the stock options was the closing price of the stock on the date of grant. The value of the stock options granted in 2007 was estimated using a Black-Scholes valuation model and specific assumptions including a term of five years, a risk-free interest rate of 4.7%, a three-year monthly stock price volatility of 32% and a dividend yield of 0%.

Table of Contents

Restricted Stock Units. Restricted stock units constitute a key element of the Company's long-term incentive strategy in that they facilitate stock ownership, they support the achievement of the stock ownership guidelines and they help to retain and motivate the executives. The restricted stock units generally vest in equal installments over a three-year period starting on the first anniversary of the date of grant and, upon vesting, convert into shares of Company stock on a one-for-one basis.

The value of the restricted stock units was calculated using the closing price on the date of grant.

In September 2007, the Company announced that its Board of Directors had approved the initiation of a quarterly cash dividend on the Company's shares of common stock. The first quarterly dividend payment was made on November 16, 2007 to stockholders of record on November 2, 2007. In connection with the announcement, and as approved by the Committee on September 19, 2007, all outstanding restricted stock units will be credited with dividend equivalents that are payable in cash following the vesting of the underlying restricted stock units. The primary purpose of crediting dividend equivalents on restricted stock units is to provide the participant with the same economic benefit as stockholders.

Other Long-Term Incentives. In connection with the execution of a new employment agreement and to recognize her contributions to the Company's future success, Ms. Germain received two special long-term incentive awards. The first award of \$250,000 was made on October 1, 2007 and approved by the Committee on September 19, 2007. This award will vest in equal installments over three years and will be payable in cash starting on the first anniversary of the award date. The second award of \$750,000 was made on January 1, 2008 and approved by the Committee on February 8, 2008. This award will vest in full and be payable in cash on December 31, 2010 if Ms. Germain earns cumulative SOB credits of at least \$6M over the performance period.

Stock Ownership Guidelines. To enhance the alignment of executives' interests with that of stockholders, the Company maintains stock ownership guidelines that were amended by the Committee on May 24, 2007. Each named executive officer has five years to achieve a stock ownership level equal to a multiplier of base salary. The stock ownership guidelines are as follows:

Chief Executive Officer: 3x base salary

Chief Financial Officer & Regional Managing Partners: 2x base salary

Managing Partner, Strategic Partnerships: 1x base salary

In determining compliance with these guidelines, the Company includes both direct stock ownership and restricted stock units.

Perquisites and Other Personal Benefits

The Company provides executives with the same benefits that are provided to all employees, including medical, dental and vision benefits, group term life insurance, and participation in the Company's 401(k) plan (only available to U.S. employees). U.S. executives are also reimbursed for expenses incurred for an annual physical examination and for financial planning services (maximum reimbursement for financial planning is \$1,080 per year or \$3,150 if expenses are incurred for the first time). To provide competitive benefits, as is customary in Europe, Mr. Peters also receives an annual car allowance and the Company makes retirement contributions on his behalf equal to 10% of his consultant salary. Other benefits and allowances may be provided to executives on expatriate assignments. Please see the All Other Compensation Table on page 22 for more details.

Nonqualified Deferred Compensation Plan

Pursuant to the Company's U.S. Employee Deferred Compensation (EDC) Plan, each named executive officer (based in the U.S. only) may defer up to 25% of his or her base salary not to exceed \$500,000 per year

Table of Contents

and/or up to 25% of his or her cash incentive compensation not to exceed \$500,000 per year. The purpose of the EDC Plan is to facilitate future wealth creation and individual financial planning by deferring payments earned today to the future. The Company does not contribute any amounts to the EDC Plan.

A participant completes an election form at the time he or she enrolls in the Company's EDC Plan and chooses from investment funds offered by Vanguard (EDC Plan administrator). The Company does not contribute to the amount deferred nor does it provide above market rates on the investment funds. A participant is not allowed to invest directly in the Company stock fund. Vanguard calculates the earnings for the funds selected for each participant's account. A participant makes distribution elections on the enrollment form and can elect to receive his or her distributions on either a date specified in the future (as long as it is at least three years from the effective date that contributions begin) or upon termination. A participant can also elect to receive his or her distributions in either a lump sum or in installments (over five, ten or fifteen years) paid quarterly and/or on a declining balance approach. Mr. Kelly is the only named executive officer who has participated in the EDC Plan and only for calendar year 2006.

Other Executive Compensation Arrangements

The Company also has adopted other executive compensation arrangements to further align executives with the interests of stockholders. Such arrangements include the Company's Change in Control Severance Plan, designed to retain executives in a period of uncertainty, the Company's Severance Pay Plan, designed to provide financial assistance to executives following termination, and employment agreements with each named executive officer. The Company also has entered into a transition and separation agreement with Ms. Kamerick. The material terms and conditions of these agreements are summarized below.

Change in Control Severance Plan. The Company maintains a Change in Control Severance Plan (CIC Plan) for its executives, including the named executive officers. The CIC Plan provides severance benefits to the executive if he or she is terminated by the Company without cause, or if he or she terminates employment with the Company for good reason (as defined in the Plan), within two years of a change in control of the Company (or within six months prior to a change in control of the Company if such termination is effected prior to, but in anticipation of, the change in control). On May 24, 2007, the Committee approved amendments to the CIC Plan. Consistent with market practice, the amended CIC Plan no longer requires the Board to annually approve the participants and benefits available under the CIC Plan. The severance benefits payable to the named executive officers under the amended CIC Plan, as well as other material terms and conditions, are described in detail under the section of the proxy statement entitled Potential Payments Upon Termination or a Change in Control.

The Company believes that the protection and benefits provided by the CIC Plan to its executives are a valuable incentive for attracting and retaining top management, and that in the event of an extraordinary corporate transaction, the CIC Plan could prove crucial to the Company's ability to retain top management through the transaction process. Change in control protection for executives is prevalent in the competitive environment in which the Company operates. The CIC Plan also contains restrictive covenants that prohibit the executives from competing and soliciting clients and employees for a certain period of time following a termination of employment.

Severance Pay Plan. The Company maintains a Severance Pay Plan (the Severance Plan) that provides severance benefits to eligible full-time or part-time employees, including the named executive officers. Benefits are paid to an employee who is involuntarily terminated by the Company for other than cause (as defined in the Plan) and is not offered employment with the Company or a successor to the Company. The severance benefits payable to the named executive officers under the Severance Plan, as well as other material terms and conditions, are described in detail under the section of the proxy statement entitled Potential Payments Upon Termination or a Change in Control.

The agreement contains one-year post-termination non-solicitation and non-competition restrictions.

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code limits the deduction that a publicly held corporation is allowed for compensation paid to the chief executive officer and the other three most highly compensated executive officers other than the chief financial officer. Amounts in excess of \$1 million paid to a covered executive, other than performance-based compensation, cannot be deducted. The Company considers ways to maximize the deductibility of executive compensation but reserves the right to compensate executive officers in a manner commensurate with performance and the competitive environment for executive talent. As a result, some portion of executive compensation paid to an executive officer whose compensation is subject to the deduction limits described above may not be deductible in the United States. The Company has taken appropriate steps, including obtaining stockholder approval, to ensure performance-based awards made pursuant to the GlobalShare Program and Incentive Plan will be fully deductible.

HUMAN RESOURCES AND COMPENSATION COMMITTEE REPORT

The Human Resources and Compensation Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Human Resources and Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement.

- (1) Each date reflects the day the Committee approved the grant date and the amount of each executive's equity award.
- (2) The columns reflect amounts payable under the Management Incentive Plan (MIP) for meeting specified threshold, target and superior levels of performance respectively. The incentive level for achieving threshold performance is equal to 90% of target, while the incentive level for achieving superior performance is equal to a maximum of 150% of target. Ms. Germain was eligible for this bonus target for the last six months of the year as Managing Partner, Strategic Partnerships. The amounts actually paid in cash under the MIP appear in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table on page 20.
- (3) In addition, Ms. Germain, Mr. Peters and Mr. Davis were eligible to participate in the Company's Fee and Source of Business (FSOB) Bonus Plan and the Discretionary Bonus (DB) Plan (please refer to page 13 for more details on this plan). Under the FSOB Plan, individual possible payouts cannot be estimated because the uncapped incentive opportunity is tied to a percentage of the fee and source of business revenue credits earned by a consultant each year. Under the DB Plan, individual possible payouts cannot be estimated because the overall allocation of the pool once funded is discretionary. Also, prior year incentives under both plans are not indicative or representative of amounts to be earned in subsequent years.
- (4) This column reflects grants of RSUs awarded in 2007 under the Company's GlobalShare plan. All the RSUs vest in equal installments over a three-year period starting on the first anniversary of the grant date. In connection with the initiation of a quarterly cash dividend on the Company's shares of common stock in September 2007, all unvested RSUs are credited with dividend equivalents which are payable in cash following the vesting of the related RSUs.
- (5) This column reflects grants of stock options awarded in 2007 under the Company's GlobalShare Program. All the stock options vest in equal installments over a three-year period starting on the first anniversary of the grant date.

Edgar Filing: HEIDRICK & STRUGGLES INTERNATIONAL INC - Form DEF 14A

- (6) This column reflects the grant date fair value of RSUs and stock options calculated in accordance with FAS 123(R). The fair value of the stock options was estimated on the date of grant using the Black-Scholes valuation model and specific assumptions (expected life of 3.3 years, risk-free interest rate of 4.7%, expected volatility of 31.7% and expected dividend yield of 0%).
- (7) These RSUs reflect the deferred portion of all the 2006 annual incentives paid in March 2007 (20% mandatory deferral). The total number of RSUs granted is equal to the amounts deferred plus a 10% premium divided by the closing share price on the date of grant.
- (8) The amounts reflect a sign-on award of RSUs and stock options in connection with Mr. Kelly's appointment to Chief Executive Officer and his execution of a new employment agreement.

Table of Contents

- (9) The amounts represent the long-term incentive component of each executive's total compensation package. Each executive received a mix of stock options and RSUs using a 2:1 share ratio approach. For Ms. Germain, the amounts were pro-rated to reflect a partial year in her management role.
- (10) This amount reflects an RSU award made under the Company's Above and Beyond RSU pool. An aggregate pool of Above and Beyond RSUs was approved by the Committee on February 21, 2007. The purpose of this pool is to recognize employees that have made above and beyond contributions that are integral to the Company's future success. This award was made to Ms. Germain while she was in a consultant role only.
- (11) The amounts reflect an RSU award made in connection with each executive's respective appointment to Regional Managing Partner on October 1, 2006.
- (12) The stock option grant reflects Mr. Peters' above and beyond contributions in his prior role as Managing Partner, London. Stock options were selected since Mr. Peters received only RSUs at the beginning of 2007 and the Company's equity strategy for executives is to grant a mix of both RSUs and stock options.
- (13) This RSU award reflects a special award in recognition of Mr. Davis' consistent top performance and contributions in his consultant capacity.
- (14) Where applicable, amounts have been converted from British Pounds Sterling (GBP) to U.S. dollars based on the average of the monthly average currency rates of 1 GBP to U.S. \$2.00.
- (15) Where applicable, amounts have been converted from Australian Dollars (AUD) to U.S. dollars based on the average of the monthly average currency rates of 1 AUD to U.S. \$0.84.

POTENTIAL PAYMENTS UPON TERMINATION OR A CHANGE IN CONTROL

The Company provides certain benefits to eligible employees upon certain types of termination of employment, including a termination of employment following a change in control of the Company. These benefits are in addition to the benefits to which the employee would be entitled upon a termination of employment generally (i.e., vested retirement benefits accrued as of the date of termination, equity-based awards that are vested as of the date of termination, and the right to continue medical coverage pursuant to COBRA). These incremental benefits as they pertain to the named executive officers are described below.

Change in Control Severance Plan

The Company maintains a Change in Control Severance Plan (CIC Plan). On May 24, 2007, the Committee approved amendments to the CIC Plan. All named executive officers are participants under the CIC Plan. A participant under the CIC Plan is defined as an officer subject to Section 16 of the Securities and Exchange Act. of 1934. The CIC Plan provides severance benefits to the executive if he or she is terminated by

Table of Contents

the Company without cause, or if the executive terminates his or her employment with the Company for good reason, within two years of a change in control of the Company (or within six months prior to a change in control of the Company if such termination is effected prior to, but in anticipation of, the change in control).

The following benefits are to be provided under the CIC Plan to a participant upon a qualifying termination of employment:

Salary and other compensation earned but not paid as of the termination date, including any unpaid bonus and earned but unused vacation time;

A prorated bonus payment equal to the greater of the executive's annual target bonus under the MIP as of the date immediately prior to the change in control or the average of the annual bonuses paid under the MIP with respect to the three calendar years preceding the change in control (the "bonus amount");

A lump sum payment equal to the sum of the participant's base salary and bonus amount multiplied by a factor of:

2.5 for the Chief Executive Officer;

2.0 for any participant in a Tier I position, which includes the Chief Financial Officer and the Regional Managing Partners;

1.0 for any participant in a Tier II position, which includes the Managing Partner, Strategic Partnerships.

For the Chief Executive Officer and Participants in a Tier I position, a gross-up payment equal to any excise tax arising under Section 280G of the Internal Revenue Code of 1986 ("Code"), plus any taxes, interest or penalties arising as a result of the receipt of the gross-up payment. No gross-up payment will be made if three times the "base amount" is less than 10% of the "parachute payment" as defined by Section 280G(b)(3) of the Code. In this instance, the parachute payment will be reduced under the CIC Plan to ensure there is no excise tax liability;

Immediate vesting of all outstanding unexercisable stock options and RSUs granted under the Company's GlobalShare Program;

Continuation of health, dental and/or vision benefits for one year with the same terms in effect immediately prior to the termination date;

Reimbursement of reasonable legal fees incurred by the participant in enforcing in good faith his or her rights under the CIC Plan (unless the executive was terminated for cause).

The CIC Plan contains restrictive covenants that prohibit the executive, for a period of time, from working on the accounts of certain clients, with respect to which he or she had significant involvement, providing services to competitors, or soliciting or hiring employees or employee candidates of the Company. In order to receive benefits under the CIC Plan, the executive must waive his or her right to receive any severance benefits he or she is entitled to receive under any other Company severance plan or employment agreement to which the Company is a party.

For purposes of the CIC Plan:

compensation within seven days of the due date for such payment; (iii) a change by 50 miles or more of the executive's principal work location; (iv) a substantial change in the executive's required business travel; (v) the Company's failure to continue substantially similar benefits under its welfare and fringe benefit plans, its taking any action that adversely affects or reduces the executive's benefits under such plans, or its failure to provide the executive with his or her accrued vacation days in accordance with the Company's policy in effect immediately prior to the change in control; (vi) the failure to provide the executive with the bonus and long term incentive opportunity available immediately prior to the change in control; (vii) a material increase in the executive's working hours; or (viii) the failure of any successor to the Company to assume the obligations under the CIC Plan;

Change in control means (i) a person's acquisition of more than 30% of the voting power of the Company's outstanding securities; (ii) during any 24 month period, the incumbent board members, and generally any new directors elected by at least $\frac{2}{3}$ of the incumbent or previously approved board members, cease to constitute a majority of the board; (iii) a merger or consolidation of the Company (other than a merger or consolidation that (A) results in the Company's outstanding voting securities continuing to represent more than $66\frac{2}{3}\%$ of the combined voting power of the outstanding securities immediately after the transaction, or (B) after which no person holds 30% or more of the combined voting power of the outstanding securities immediately after the transaction); (iv) a complete liquidation, or a sale of substantially all of the assets, of the Company; or (v) any other event that the Board determines to be a change in control. Severance Pay Plan

The Company maintains the Severance Pay Plan (the "Severance Plan") that provides severance benefits to employees with the Company. Benefits are available to an eligible employee who is involuntarily terminated by the Company for other than cause (as defined in the Plan) and is not offered employment with the Company. Benefits are not available if the termination is due to voluntary resignation, leave of absence, retirement, death or disability. If the termination is due to the employee's transfer to an unaffiliated business, the sale of the stock or assets of the Company or the outsourcing of a division, department, business unit or function, severance benefits will be provided only if the employee has not been offered employment with the successor entity. An employee's receipt of severance benefits in excess of two weeks of pay is conditioned on his or her execution of a release. The severance benefit is equal to the sum of the participant's base salary and target bonus amount multiplied by a factor of:

1.0 for any participant in a Tier I position, which includes the Chief Executive Officer, Chief Financial Officer and the Regional Managing Partners;

0.5 for any participant in a Tier II position, which includes the Managing Partner, Strategic Partnerships.

The severance payments in any event are limited to an amount equal to two times the participant's annual compensation as defined in the applicable Department of Labor regulations. The severance benefits will be paid to the participant in a lump sum following the termination date. However, the payment may be delayed by six months to avoid any penalties imposed under Code Section 409A on the participant. In addition, participants who elect continued health care pursuant to COBRA will pay premiums at active employee rates.

CEO Employment Agreement

Under his employment agreement, the Chief Executive Officer is also entitled to severance benefits if he resigns for good reason or he is terminated without cause (as defined in his agreement). His severance benefit is also equal to 1.5 times the sum of base salary and target bonus and is in lieu of any benefit payable under the Severance Plan.

Bonus and Restricted Stock Unit Retirement Policy

The Company maintains a Bonus and Restricted Stock Unit Retirement Policy (Retirement Policy) which was amended and approved by the Committee on September 19, 2007 to include annual incentives (formerly the Restricted Stock Unit Retirement Policy). Under the Retirement Policy, an employee is eligible for retirement if all three of the following criteria have been met:

Age 55 or older on the date of retirement;

Combined age and years of service add up to at least 70 on the date of retirement; and

Notification of retirement is made no later than October 15th of the fiscal year before the year of actual retirement. The Retirement Policy allows for the continued vesting of RSUs and the payment of the annual incentive, if any, even if the employee retired prior to the actual date of payment. The employee is also eligible for an annual incentive in the year following retirement.

None of the named executive officers qualified for retirement under the Retirement Policy on December 31, 2007.

2007 GlobalShare Program

All employees are eligible to receive awards under the Company s 2007 GlobalShare Program (consists of the successor to the 1998 GlobalShare Program I and II, which were merged, amended and restated effective May 24, 2007 pursuant to stockholder approval).

Upon the occurrence of a change in control, the Program provides the following benefits to employees who have received awards under the Plan:

Immediate vesting of all outstanding unexercisable stock options; and

Immediate vesting of all outstanding RSUs.

For purposes of the Program, the definition of a change in control is the same as included in the Company s CIC Plan (see pages 28-30 for more details).

All agreements with respect to awards of stock options and RSUs granted under the 2007 GlobalShare Program provide for immediate vesting of all outstanding awards in the event of a termination by reason of death or disability as defined under the Program.

DIRECTOR COMPENSATION

The Company provides compensation to non-employee directors that is competitive with other similarly-sized publicly traded companies in order to attract and retain the most qualified directors. Compensation is paid in a mix of cash and equity to ensure directors are aligned with the interests of the stockholders and the long-term strategy of the Company. Additional compensation is also provided to a director who serves as chair of the Board of Directors or a Board Committee to reflect the additional time requirements, additional risk and skill-level required to fulfill this role.

On May 24, 2007, the Nominating and Board Governance Committee of the Board of Directors reviewed and recommended to the Board who unanimously approved changes to the annual director compensation program. The changes are effective May 24, 2007 and are described below. The Company does not provide any compensation to directors who are also employees of the Company for their service as directors.

Cash Compensation. Each director receives an annual cash retainer of \$50,000 which was increased to \$75,000 effective May 24, 2007. All cash retainers are payable on a quarterly basis.

The Audit and Finance Committee Chair receives an additional cash retainer of \$25,000. Effective May 24, 2007, the Audit and Finance Committee Chair retainer was increased to \$30,000 and an additional cash retainer of \$10,000 was initiated for each member of the Audit and Finance Committee. The Human Resources and Compensation Committee Chair receives an additional cash retainer of \$10,000 which was increased to \$15,000 effective May 24, 2007. The Nominating and Board Governance Committee Chair continues to receive an additional cash retainer of \$10,000.

On May 24, 2007, Mr. Beattie was elected to Non-Executive Chair of the Board of Directors. In that capacity, he will receive an additional cash retainer of \$100,000.

In addition, the Company reimburses the directors for any out-of-pocket expenses associated with their service as directors.

Equity Compensation. Each director receives an annual equity retainer of \$75,000 (\$50,000 in 2006) payable in the form of RSUs awarded as of the date of the Company's annual meeting of stockholders. The RSUs vest and are payable on the date a director ceases to serve on the Board. A director may also elect to receive shares of common stock in lieu of the RSUs described above. For a director who joins the Board after the Company's annual meeting of stockholders, a pro-rata equity award will be made on the date of his/her appointment to the Board. The Company no longer grants awards of stock options to its directors.

Non-Employee Directors Voluntary Deferred Compensation Plan. Pursuant to the Company's Non-Employee Directors Voluntary Deferred Compensation (VDC) Plan, the directors may defer up to 100% of their cash compensation per year. To enroll in the Company's VDC plan, a director needs to complete an election form in a timely manner and choose from investment funds offered by Vanguard (VDC Plan administrator). A participant is not allowed to invest directly in Company stock. Vanguard calculates the earnings for the funds selected for each director's account. The election remains in effect for all subsequent years until a director makes a different election. The distributions are payable in a lump sum on the date a director ceases to serve on the Board.

Stock Ownership Guidelines. Consistent with emerging best practices, the Company adopted stock ownership guidelines for the directors on May 24, 2007. Each director has three years to maintain a stock ownership level equal to three times the annual cash retainer (\$225,000 in 2007). Stock included for determining the satisfaction of the guidelines includes direct stock ownership and RSUs.

Director Summary Compensation Table. The table below summarizes the compensation paid by the Company to non-employee directors for the fiscal year ended December 31, 2007.

(1) L. Kevin Kelly, the Company's Chief Executive Officer, Thomas J. Friel, the Company's Former Chairman of the Board (retired as Chairman and director at the Company's annual meeting of stockholders on May 24, 2007) and Gerard Roche, the Company's Senior Chairman, are not included in this table as they are/were employees of the Company and thus received no compensation for their service as directors. The compensation received by Mr. Kelly as an employee of the Company is shown in the Summary Compensation Table on page 20. The compensation received by Mr. Friel and Mr. Roche as employees is discussed in the Related Person Transaction section on page 43. Mr. Knell was elected to the Company's Board of Directors on September 19, 2007. Mr. Yearley passed away on October 7, 2007.

(2) The amounts reflect the cash compensation earned by each director in 2007 and include amounts deferred at the director's election.

(3) The amounts reflect the expense recognized for financial reporting purposes with respect to 2007 in accordance with FAS 123(R) for RSUs and common stock granted under the 2007 GlobalShare Program.

(4) There were no stock options granted to directors in 2007.

(5) The fees earned were all deferred pursuant to the Company's VDC Plan.

(6) Mr. Beattie earned an additional cash retainer of \$10,000 as Chair of the Nominating and Board Governance Committee. In connection with Mr. Beattie's election to Non-Executive Chair of the Board of Directors on May 24, 2007, he also earned an additional cash retainer of \$60,439.

(7) Mr. Fazio earned an additional cash retainer of \$28,022 as Chair of the Audit and Finance Committee and \$6,044 as a member of that Committee.

(8) Ms. Kanin-Lovers earned an additional cash retainer of \$13,022 as Chair of the Human Resources and Compensation Committee. She also earned an additional cash retainer of \$6,044 as a member of the Audit and Finance Committee.

(9) For Mr. Knell and Mr. Yearley, the annual cash retainer was pro-rated to reflect the number of days each served as a director during 2007.

(10) Mr. Knowling Jr. and Mr. Unruh each earned an additional cash retainer of \$6,044 as members of the Audit and Finance Committee.

(11) The amounts reflect two awards of stock.

- a. The first award is equal to the annual equity retainer of \$75,000 granted on May 24, 2007 (the date of the Annual Meeting of Stockholders).
- b. On May 30, 2006, an award with a value of \$25,000 was made to each director. However, that award did not reflect the increase in the annual equity retainer of \$25,000 (for a total of \$50,000) that was approved by the Board of Directors on December 14, 2005. To make-up for the \$25,000 increase, a second award was made on June 28, 2007 to keep the director in the same financial position as if the grant had been made on May 30, 2006.

(12) The amounts reflect two awards of RSUs with the same value as the two awards of stock described in footnote (11).

(13) The amount reflects a pro rata amount of the annual equity retainer based on the number of months serving as a director until the next Annual Meeting of Stockholders in May 2008.

PROPOSAL II RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

On the recommendation of the Audit and Finance Committee, the Board of Directors has selected KPMG LLP as the Company's independent registered public accounting firm for the current fiscal year ending December 31, 2008, and has further directed that management submit the selection of the independent registered public accounting firm for ratification by the stockholders at the Annual Meeting. KPMG LLP was the independent registered public accounting firm for the Company for the fiscal year ended December 31, 2007, and has been the independent registered public accounting firm for the Company since 2002. We are asking the stockholders to ratify the appointment of KPMG LLP as the Company's independent registered public accounting firm for the fiscal year 2008.

Representatives of KPMG LLP are expected to attend the Annual Meeting. They will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate stockholder questions.

Stockholder ratification of the selection of KPMG LLP as the Company's independent registered public accounting firm is not required by the Company's Amended and Restated Bylaws or other applicable legal requirements. However, the Board of Directors is submitting the selection of KPMG LLP to the stockholders for ratification as a matter of good corporate practice. In the event stockholders fail to ratify the appointment, the Board of Directors may reconsider this appointment. Even if the appointment is ratified, the Board of Directors, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if the Board of Directors determines that such a change would be in the Company's and stockholders' best interests.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE RATIFICATION OF THE SELECTION OF KPMG LLP AS THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM OF THE COMPANY.

REPORT OF THE AUDIT AND FINANCE COMMITTEE OF THE BOARD OF DIRECTORS

The Audit and Finance Committee of the Board of Directors is responsible for providing general oversight of the Company's financial accounting and reporting processes, selection of critical accounting policies, and the Company's system of internal controls. The Audit and Finance Committee is presently comprised of four directors, Messrs. Knowling, Fazio and Unruh and Ms. Kanin-Lovers, each of whom is independent within the meaning of the Company's Director Independence Standards and the applicable NASDAQ Rules. The Board of Directors has determined that John A. Fazio and V. Paul Unruh are audit committee financial experts as defined in the rules and regulations of the SEC Rules. During 2007, the Audit and Finance Committee met twelve times.

As part of its oversight of the Company's financial statements, the Audit and Finance Committee reviews and discusses with both management and its independent registered public accounting firm, KPMG LLP, all annual and quarterly financial statements prior to their issuance. The Audit and Finance Committee reviews key initiatives and programs aimed at strengthening the effectiveness of the Company's disclosure control structures, including its internal controls.

The Audit and Finance Committee has discussed with KPMG LLP the matters required to be discussed pursuant to Statement on Auditing Standards No. 61, as amended (Communication with Audit Committees). The Audit and Finance Committee has also discussed with KPMG LLP matters relating to its independence, including the written disclosures and letter from KPMG LLP to the Audit Committee pursuant to Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as currently in effect.

The Audit and Finance Committee's meetings include, whenever appropriate, executive sessions with KPMG LLP and with the Company's Vice President of Internal Audit, in each case without the presence of management, to raise and discuss any issues they may have about the financial statements and the adequacy and proper functioning of the Company's internal and disclosure control systems and procedures.

In performing these functions, the Audit and Finance Committee acted and continues to act only in an oversight capacity on behalf of the Board of Directors. Management has primary responsibility for the Company's financial statements and the overall reporting process, including its systems of internal and disclosure controls. In its oversight role, the Audit and Finance Committee necessarily relies on the procedures, work and assurances of management. KPMG LLP has audited the annual financial statements prepared by management, expressed an opinion as to whether those financial statements fairly present the Company's financial position, results of operation and cash flows in conformity with generally accepted accounting principles in the U.S., and discussed any issues they believe should be raised with the Audit and Finance Committee.

During 2007, management documented, tested and evaluated the Company's internal controls pursuant to the requirements of the Sarbanes-Oxley Act of 2002. Management and KPMG LLP kept the Audit and Finance Committee apprised of the Company's progress at each regularly scheduled Audit and Finance Committee meeting. Management has provided the Audit and Finance Committee with a report on the effectiveness of its internal controls. The Audit and Finance Committee has reviewed management's assessment of the effectiveness of the Company's internal controls and KPMG LLP's report thereon included in the Annual Report on Form 10-K for the year ended December 31, 2007.

Based on the above mentioned reviews and discussions with management and its independent registered public accounting firm, the undersigned Audit and Finance Committee members recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2007. The Audit and Finance Committee has also recommended that KPMG LLP be selected as the Company's independent registered public accounting firm for 2008.

Table of Contents**AUDIT FEES**

The Audit and Finance Committee has established a policy governing the engagement of the Company's independent auditors for audit and non-audit services. Under this policy, the Audit and Finance Committee is required to pre-approve all audit and non-audit services performed by the Company's independent auditors to assure that the provision of such services does not impair the auditor's independence. The independent auditor may not perform any non-audit service which independent auditors are prohibited from performing under the SEC Rules or the rules of the Public Company Accounting Oversight Board. All non-audit services performed by KPMG LLP in 2007 were pre-approved by the Audit and Finance Committee.

At the beginning of each fiscal year, the Audit and Finance Committee reviews with management and the independent auditor the types of services that are likely to be required throughout the year. For each proposed service, the independent auditor provides documentation regarding the specific services to be provided. At that time, the Audit and Finance Committee pre-approves a list of specific audit related services that may be provided and sets fee limits for each specific service or project. Management is then authorized to engage the independent auditor to perform the pre-approved services as needed throughout the year, subject to providing the Audit and Finance Committee with regular updates. The Audit and Finance Committee must review and approve in advance, on a case-by-case basis, all other projects, services and fees to be performed by or paid to the independent auditor. The Audit and Finance Committee also must approve in advance any fees for pre-approved services that exceed the pre-established limits, as described above.

All services provided by KPMG LLP in 2007 were, and all services to be provided by KPMG LLP in 2008 will be, permissible under applicable laws and regulations.

The table below sets forth the fees billed by KPMG LLP for professional services for the last two fiscal years.

Fee Category	2007	2006
Audit Fees (1)	\$ 1,475,000	\$ 1,831,179

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Various Company policies and procedures, which include the Code of Business Conduct (applicable to all executive officers and non-employee directors) and annual questionnaires completed by all Company directors and executive officers, require disclosure of transactions or relationships that may constitute conflicts of interest or otherwise require disclosure under applicable SEC and NASDAQ Rules. Pursuant to its charter, the Nominating and Board Governance Committee of the Board of Directors in consultation with the Audit and Finance Committee reviews and approves related party transactions. Although the Company's processes vary with the particular transaction or relationship, when such a transaction or relationship is identified, the Nominating and Board Governance Committee evaluates the transaction or relationship and approves or ratifies it (without the vote of any interested person) only if it is judged to be fair and in the best interests of the Company. In addition, it is the practice of the Nominating and Board Governance Committee, although not part of a written policy, to review each of the transactions specifically disclosed as a related person transaction in connection with its review of the proxy statement for the Annual Meeting of Stockholders, to the extent any such transaction has not previously been reviewed, applying the same standard.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires that the Company's officers and directors, and persons who own ten percent (10%) or more of a registered class of the Company's equity securities, file reports of ownership on Form 3 and changes in ownership on Forms 4 or 5 with the Securities and Exchange Commission. These officers, directors and persons holding ten percent (10%) or more of the outstanding shares of Company common stock are also required by the Securities and Exchange Commission rules to furnish the Company with copies of all forms they file.

Based solely on a review of the copies of the forms and written representations from certain reporting persons, the Company believes that, during 2007, all forms required under Section 16(a) applicable to its officers, directors, and persons holding ten percent (10%) or more of the outstanding shares of Company common stock were filed on a timely basis except for: one Form 4 for Mr. Blake, one Form 4 for Mr. Davis, two Forms 4 for Mr. Fazio, one Form 4 for Mr. Kelly, three Forms 4 for Mr. Peters and one Form 3 for Mr. Knell, each of which was filed late.
