**Item 2.01. Completion of Acquisition or Disposition of Assets**

On July 1, 2008 Neogen Corporation (Neogen) issued a press release announcing that on June 30, 2008 it had purchased a product line used in animal health hygiene applications from DuPont Animal Health Solutions (DuPont). Assets acquired include 14 different product formulations along with manufacturing process know how and associated registration information. Neogen expects to integrate the new products with its Animal Safety division. There was no prior relationship between DuPont and Neogen.

Consideration for the purchase, which was determined through arms length negotiations and subject to certain additional post closing adjustments and accruals for transaction costs, was not immediately disclosed. The source of the consideration was Neogen Corporation cash balances.

As product registrations in each market segment and country or locality are completed Neogen will begin to more actively integrate the products into its existing operations. Until that time, DuPont will continue to provide manufacturing and fulfillment functions for the products. Completion of all registration transfers may take up to 12 months.

A copy of the press release is attached as Exhibit 99.1 to this report.

**ITEM 9.01. Financial Statement and Exhibits**

(a) Financial statements and pro forma financial statements of the businesses acquired are inapplicable and, therefore, have been omitted.

(b) Exhibit 99.1 Press Release dated July 1, 2008 announcing Neogen Corporation's acquisition of product line from DuPont Animal Health Solutions.
