**Table of Contents**

**Q. What vote is required to approve each proposal?**

In the election of directors, each nominee must receive more For votes than Against in order to be elected as a director. The proposal to ratify the appointment of KPMG LLP as the Company's independent auditors for 2009 requires approval by the affirmative vote of a majority of votes cast on the proposal. The proposal to approve the 2009 Comprehensive Stock and Cash Incentive Plan requires approval by the affirmative vote of a majority of the votes cast, provided that the total vote cast on the proposal represents over 50% in interest of all securities entitled to vote on the proposal. The proposal to amend the Charter requires approval by the affirmative vote of a majority of votes entitled to be cast on the proposal.

**Q. What constitutes a quorum ?**

A majority of the outstanding shares entitled to vote, present in person or by proxy, constitutes a quorum. We must have a quorum to conduct the meeting. If a quorum is not present or if we decide that more time is necessary for the solicitation of proxies, we may adjourn the annual meeting. We may do this with or without a stockholder vote. If there is a stockholder vote to adjourn, the named proxies will vote all shares of common stock for which they have voting authority in favor of the adjournment.

**Q. How are abstentions and broker non-votes treated?**

Shares of our common stock represented by proxies that are marked abstain, or which constitute broker non-votes, will be counted as present at the meeting for the purpose of determining a quorum. Broker non-votes occur when a nominee holding shares of our common stock for a beneficial owner returns a properly executed proxy but has not received voting instructions from the beneficial owner and such nominee does not possess or does not choose to exercise discretionary authority with respect to such shares.

Abstentions and broker non-votes will have no effect on the results of the vote on the election of directors;

Abstentions and broker non-votes will have no effect on the results of the vote to ratify the appointment of KPMG LLP;

Abstentions and broker non-votes will have the same effect as votes against the proposal to amend the Charter; and

Abstentions will have the same effect as votes against the proposal to approve the 2009 Comprehensive Stock and Cash Incentive Plan, and broker non-votes will have the same effect as votes against the proposal, unless holders of more than 50% in interest of all securities entitled to vote on the proposal cast votes, in which event broker non-votes will not have any effect on the result of the vote.

**Q. How will voting on any other business be conducted?**

Although we do not know of any other business to be considered at the annual meeting other than the proposals described in this proxy statement, if any other business is properly presented at the annual meeting, your signed proxy card gives authority to

**Table of Contents**

Larry K. Harvey and Elizabeth A. Abdoo, or either of them, to vote on such matters in their discretion. Unless otherwise required by our Charter or Bylaws or by applicable Maryland law, any other matter properly presented for a vote at the meeting will require the affirmative vote of a majority of the votes cast.

**Q. Who will count the votes?**

Computershare Trust Company, our transfer agent, will act as the inspectors of election and will tabulate the votes.

**Q. Who pays the cost of this proxy solicitation?**

We bear all expenses incurred in connection with the solicitation of proxies. We have hired the firm of MacKenzie Partners, Inc. to assist in the solicitation of proxies for a fee of \$7,500, plus expenses. We will reimburse brokers, fiduciaries and custodians for their reasonable expenses related to forwarding our proxy materials to those beneficial owners.

**Q. Is this proxy statement the only way that proxies are being solicited?**

No. In addition to mailing these proxy solicitation materials, our officers and employees may solicit proxies by further mailings or personal conversations, or by telephone, facsimile or other electronic means.

**Q. How can I find out the results of the voting at the annual meeting?**

Preliminary voting results will be announced at the annual meeting. Final voting results will be published in our quarterly report on Form 10-Q for our second quarter ending June 19, 2009, which will be filed with the SEC by July 29, 2009.

## THE BOARD OF DIRECTORS AND COMMITTEES OF THE BOARD

### **Corporate Governance**

Our Board of Directors oversees the management of the Company and its business for the benefit of our stockholders in order to enhance stockholder value over the long-term. The Board adopted Corporate Governance Guidelines in 2002. These Guidelines are reviewed annually and periodically amended as the Board enhances the Company's corporate governance practices. The Company's Corporate Governance Guidelines, codes of conduct and other documents describing the Company's corporate governance practices can be accessed in the Investor Relations Corporate Governance section of the Company's website at <http://www.hosthotels.com>. Copies of these documents are also available in print to stockholders upon request.

In recent years, the Board has implemented numerous corporate governance enhancements to further strengthen the Board's capacity to oversee the Company and to serve the long-term interests of all stockholders. For example, in 2006 the Board of Directors approved an amendment to the Company's Bylaws to change the voting standard for the election of directors from a plurality to a majority of all of the votes cast in uncontested elections. Effective with the 2007 annual meeting, all directors have been elected under this standard. In 2004 the Board recommended, and the stockholders approved, an amendment to the Company's Charter declassifying the Board of Directors. Effective with the 2005 annual meeting, all directors have been elected on an annual basis. In addition, the Board determined in November 2008 to allow the expiration of the Company's Stockholder Rights Plan.

The Company invites stockholders and other interested parties to communicate any concerns they may have about the Company directly and confidentially with any of the full Board of Directors, the presiding director or the non-management directors as a group, by writing to the Board of Directors, the Presiding Director or the Non-Management Directors at Host Hotels & Resorts, Inc., 6903 Rockledge Drive, Bethesda, MD 20817, Attn: Secretary. The Secretary will review and forward all stockholder communications to the intended recipient except those unrelated to the duties and responsibilities of the Board, such as junk mail and mass mailings, resumes and other forms of job inquiries, surveys, new business suggestions, business solicitations or advertisements. In addition, material that is hostile, threatening, illegal or similarly unsuitable or outside the scope of Board matters or duplicative of other communications previously forwarded to the recipient will also be excluded. The Secretary shall retain for three years copies of all stockholder communications that are forwarded.

### **Code of Business Conduct and Ethics**

The Board has also adopted a code of business conduct and ethics that applies to all officers and employees of the Company and a code of business conduct and ethics and conflict of interest policy that applies to the Board of Directors. The purpose of these codes of conduct is to promote honest and ethical conduct; to promote full, fair, accurate, timely and understandable disclosure in periodic reports required to be filed by the Company; and to promote compliance with all applicable rules and regulations that apply to the Company and its officers, employees and directors.

**Table of Contents**

**Independence of Directors**

It is the Board's policy that a majority of the directors of the Company be independent. To be considered independent, a director must not have a material relationship with the Company that could interfere with a director's independent judgment. To be considered independent, directors must also be independent within the meaning of the New York Stock Exchange's requirements. To assist the Board in determining whether a director is independent, the Board has adopted standards for independence set forth in the Company's Corporate Governance Guidelines.

Under these standards, a director is not considered independent if, within the past three years:

the director was employed by the Company (except on an interim basis);

an immediate family member of the director was an executive officer of the Company;

the director or an immediate family member was a partner at the Company's internal or external auditors;

the director or an immediate family member was a partner or employee of the Company's internal or external auditors and worked on the Company's audit;

the director or an immediate family member is employed as an executive officer of another company when a present officer of the Company sat on that company's compensation committee;

the director or an immediate family member received, during any 12-month period, more than \$120,000 in compensation from the Company, other than director or committee fees or deferred compensation (provided such compensation is not contingent in any way on continued service);

the director or an immediate family member is an employee of a company that makes payments to or receives payments from the Company for property or services in excess of the greater of \$1 million or 2% of that company's consolidated gross revenue over one fiscal year; or

the director or an immediate family member is an executive officer, director, or trustee of a tax exempt organization to which the Company makes contributions in an amount that, in any single fiscal year, exceeds the greater of \$1 million or 2% of the tax exempt organization's consolidated gross revenues.

In addition, the Board of Directors also considers the following factors, among others, in making its independence determinations:

whether the director, or an organization with which the director is affiliated, has entered into any commercial, consulting, or similar contracts with the Company; and

whether the director receives any compensation or other fees from the Company, other than the fees described under Director Compensation .

Consistent with these considerations, the Board affirmatively determined that five of the Company's seven directors are independent. Messrs. Marriott and Walter are not independent because they are Company employees.

**Table of Contents****Meetings and Committees of the Board**

The Board met five times in 2008. Each director attended at least 75% of the meetings of the Board and of the committees on which the director served. The Company expects directors to attend the annual meeting of stockholders. All directors attended the annual meeting in 2008.

Under our Corporate Governance Guidelines, non-management directors meet in executive session without management and did so regularly in 2008. The purpose of these sessions is to promote open discussions among the non-management directors. The Chair of the Nominating and Corporate Governance Committee is responsible for convening and presiding over regular executive sessions of the non-management directors.

The Board has established three standing committees to assist it in carrying out its responsibilities: the Audit Committee, the Compensation Policy Committee and the Nominating and Corporate Governance Committee. The Board has adopted a written charter for each committee, all of which are available on the Company's website (<http://www.hosthotels.com>). Copies of these charters are also available in print to stockholders upon request. Each committee consists entirely of independent directors in accordance with New York Stock Exchange rules. The Board generally makes committee assignments in May after the annual meeting of stockholders, upon recommendation of the Nominating and Corporate Governance Committee. The Board may from time to time appoint other committees as circumstances warrant. Any new committees will have authority and responsibility as delegated by the Board of Directors.

The Compensation Policy Committee approves any other work that Towers Perrin may do for the Company and its affiliates. In 2008, Towers Perrin performed work for the European joint venture, in which the Company has a 32% interest and acts as general partner. **Board Nominations**

Each year the Nominating and Corporate Governance Committee reviews with the Board of Directors the composition of the Board as a whole and makes a recommendation whether to renominate directors and whether to consider any new persons to be added to the Board of Directors. In assessing qualifications for nominees, the committee expects candidates to meet the qualifications described in the committee's charter and the Company's Corporate Governance Guidelines, including integrity, mature and independent judgment, diverse business experience, familiarity with the issues affecting the Company's business, experience in running a major enterprise and the nominee's stated intent to comply with the Company's Corporate Governance Guidelines. In addition, when considering new Board members, the committee considers whether the candidate would qualify as an independent director under New York Stock Exchange and other applicable regulations.

The Nominating and Corporate Governance Committee will consider any written suggestions of stockholders for director nominees. The recommendation must include the name and address of the candidate, a brief biographical description and a description of the person's qualifications. Recommendations should be mailed to Host Hotels & Resorts, Inc., 6903 Rockledge Drive, Suite 1500, Bethesda, MD 20817, Attn: Secretary. The Nominating and Corporate Governance Committee will evaluate in the same manner candidates suggested in accordance with this policy and those recommended by other sources. The Committee has full discretion in considering all nominations to the Board of Directors. Alternatively, stockholders who would like to nominate a candidate for director (in lieu of making a recommendation to the Nominating and Corporate Governance Committee) must comply with the requirements described in this proxy statement and the Company's Bylaws. See [Stockholder Proposals for our Next Annual Meeting](#).

**Table of Contents****DIRECTOR COMPENSATION****2008 Director Fees**

Directors who are employees receive no additional compensation for serving on the Board or its committees. In 2008, we provided the following annual compensation to directors who are not employees.

<b>Name (1)</b>	<b>Fees Earned or Paid in Cash \$ (2)</b>	<b>Stock Awards \$ (3)</b>	<b>All Other Compensation \$ (4)</b>	<b>Total \$</b>
Robert M. Baylis	88,500	65,000	42,682	196,182

John B. Morse, Jr.	98,000	65,000	13,984	176,984

- (1) Mr. Marriott, Chairman of the Board, and Mr. Walter, President and CEO, are not included in this table because they are employees of the Company and thus receive no compensation for services as directors. The compensation received by Mr. Marriott and Mr. Walter as employees is shown in Executive Officer Compensation.
- (2) Amount reflects an annual retainer of \$65,000 for Board service, attendance fees at committee meetings and the annual stockholders meeting and retainers for committee chairs, as described below.
- (3) Amount reflects annual stock awards under the Non-Employee Directors' Deferred Stock Compensation Plan in value equal to the annual retainer of \$65,000.
- (4) Amount reflects:

Complimentary rooms, food and beverage and other hotel services for directors when they stay at properties owned by us or managed by our major operators as follows: Mr. Baylis, \$25,204; Mr. Golden, \$29,333; Ms. Korologos, \$22,979; Ms. McHale, \$9,635; and Mr. Morse, \$8,083.

Reimbursement for taxes associated with the value of the above benefit as follows: Mr. Baylis, \$17,479; Mr. Golden, \$24,937; Ms. Korologos, \$19,535; Ms. McHale, \$7,710; and Mr. Morse, \$5,901.

**Compensation Philosophy**

Directors are compensated partially in cash and partially in stock to align their interests with those of our stockholders. The components of director compensation are discussed below.

*Cash Compensation*

The Company provides non-employee directors the following cash compensation in addition to reimbursement of customary and usual travel expenses.

retainer of \$65,000 per year (payable monthly);

\$1,500 for each committee meeting attended;

\$1,500 for attendance at the annual meeting of stockholders;

## Table of Contents

\$10,000 per year to the committee chair of the Compensation Policy Committee (Ms. Korologos) and the committee chair of the Nominating and Corporate Governance Committee (Mr. Baylis); and,

\$15,000 per year to the committee chair of the Audit Committee (Mr. Morse).

There are no fees paid for attendance at regularly scheduled Board meetings, however, non-employee directors would receive \$1,500 for attendance at any special meeting, of which there were none in 2008.

### *Stock Compensation Annual Stock Award*

Stock compensation consists of an annual award of common stock equaling the annual retainer fee (\$65,000) in value and credited to each director's deferred stock unit account under the Non-Employee Directors' Deferred Stock Compensation Plan. The annual award is granted under the plan to each director immediately following the annual meeting of stockholders. The number of stock units is calculated by dividing the annual retainer fee by the average of the high and low prices of our common stock on the date of the annual meeting. In 2008, the average of the high and low price of our common stock on May 14, 2008 was \$18.39 and each director was credited with 3,534 stock units.

Directors are also credited with dividend equivalents that are equal in value to the dividends paid on our common stock. The Company will convert the stock units to common stock upon a director's termination of service from the Board, as more fully described below.

### *Stock Ownership Policy*

The Compensation Policy Committee has adopted stock ownership guidelines for non-employee directors that require all forms of equity compensation received from the Company, including the annual stock awards, to be retained by the non-employee director until termination of their service from the Board. Mr. Marriott and Mr. Walter, as employees, are subject to separate stock ownership guidelines applicable to corporate officers.

### *Perquisites*

To encourage our directors to visit and personally evaluate our properties and the managers of our properties, directors receive complimentary rooms, food and beverage and other hotel services when they stay at properties owned by us or managed by our major operators. In addition, directors are reimbursed for taxes associated with the value of this benefit.

### *Non-Employee Directors' Deferred Stock Compensation Plan*

The Non-Employee Directors' Deferred Stock Compensation Plan allows directors to defer receipt of all or part of their annual retainer, meeting fees, and committee chair fees until after their service on the Board has ended. Under this plan, the Company has established a stock unit account for each non-employee director and all deferred fees are credited to this

**Table of Contents**

account as of the date the fee would have been paid. Deferred fees are converted into stock units based on the fair market value of the Company's common stock on the date the fee otherwise would have been paid. Dividends are reinvested in additional stock units and credited to the account in stock units based on the market price of the stock on the date dividends are paid.

The annual stock award made to non-employee directors after the annual meeting is also credited to each director's stock unit account. Dividends on the award are also credited to the account and converted into stock units.

Upon termination of service from the Board, a director's stock unit account is settled by delivering Host common stock equal to the number of stock units. Directors have the option to receive the Host shares as a lump sum or in substantially equal annual installments over a 10 year period.

PROPOSAL ONE  
ELECTION OF DIRECTORS

Our Board of Directors currently consists of seven members. Each director nominee stands for election every year. Biographical information about the nominees is set forth below. Each nominee has consented to serve if elected, but should any director nominee be unavailable to serve (an event which our Board does not now anticipate), the proxies named on your proxy card will vote for a substitute nominee recommended by the Board of Directors, or the Board, on the recommendation of the Nominating and Corporate Governance Committee, may decide to reduce the size of the Board and the number of nominees.

Except in a contested election, each director will be elected only if they receive more votes For than votes Against the director nominee. As set forth in the Company's Corporate Governance Guidelines, any director nominee who is not elected by the vote required and who is an incumbent director must immediately tender his or her resignation to the Board for consideration. The Nominating and Corporate Governance Committee will then make a recommendation to the Board as to whether to accept or reject the tendered resignation, or whether other action is recommended. The Board will act on the tendered resignation within 90 days and will promptly disclose its decision and rationale as to whether to accept the resignation or the reasons for rejecting the resignation. If a director's resignation is accepted by the Board, or if a nominee for director is not elected and is not an incumbent director, the Board may fill the resulting vacancy or decrease the size of the Board.

## PROPOSAL TWO

### RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Audit Committee has unanimously approved and voted to recommend that the stockholders ratify the appointment of KPMG LLP as independent auditors of the Company for 2009. Representatives of KPMG LLP will be present at the annual meeting and will be given the opportunity to make a statement, if they desire to do so, and to respond to questions.

The Board of Directors is asking stockholders to ratify the selection of KPMG LLP as our independent auditor. Although ratification is not required by our Bylaws, the Board is submitting the selection of KPMG LLP to our stockholders for ratification as a matter of good corporate practice. If the selection is not ratified, the Audit Committee will consider whether it is appropriate to select another registered public accounting firm. Even if the selection is ratified, the Audit Committee in its discretion may select a different registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and our stockholders.

**The Board of Directors unanimously recommends a vote FOR ratification of the appointment of KPMG LLP as independent auditors of the Company for 2009.**

## REPORT OF THE AUDIT COMMITTEE

To Our Stockholders:

The Audit Committee serves as the representative of the Board of Directors of Host Hotels & Resorts, Inc. (the Company ) for general oversight of the Company's financial accounting and reporting, systems of internal control and audit processes. Management of the Company has responsibility for preparing the Company's financial statements, as well as for the Company's financial reporting process and internal controls. KPMG LLP, acting as independent auditors, is responsible for performing an independent audit of the Company's financial statements and for expressing an opinion on the conformity of the Company's financial statements with accounting principles generally accepted in the United States. The Audit Committee is responsible for monitoring and overseeing these processes. The Audit Committee members are not professional accountants or auditors, and the Committee's functions are not intended to duplicate or certify the activities of management and the independent auditors. In this context, the Audit Committee has:

reviewed and discussed with management the audited financial statements for the year ended December 31, 2008, including discussions of the quality, not merely the acceptability, of the Company's accounting principles, the reasonableness of significant estimates and judgments, and the clarity of disclosure in the Company's financial statements;

discussed with the Company's internal and independent auditors the overall scope for their respective audits and the results of their examinations, the evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting;

discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, Communication with Audit Committees;

received the written disclosures and the letter from the independent auditors required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence; and

discussed with KPMG LLP their independence from the Company and its management.

In reliance on the reviews, reports and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board of Directors has approved, that the audited financial statements be included in the Company's Annual Report for the year ended December 31, 2008. The Annual Report on Form 10-K was filed with the Securities and Exchange Commission on February 27, 2009.

**Table of Contents****AUDITOR FEES****Principal Accountant Fees and Services**

The Company was billed the following amounts for professional services by KPMG LLP, its independent auditor, for 2008 and 2007:

	<b>2008</b>	<b>2007</b>
Audit fees (annual financial statements, review of quarterly financial statements and Sarbanes-Oxley 404)	\$ 2,036,949	\$ 2,420,228
Audit-related fees (1)	125,654	504,698
Tax fees (2)	25,234	
All other fees		
<b>Total Fees</b>	<b>\$ 2,187,837</b>	<b>\$ 2,924,926</b>

(1) Audit-related fees consisted principally of fees for compliance audits, acquisition and disposition proration audits, audits of financial statements of our employee benefit plan, and consultation on accounting issues.

(2) Tax fees were incurred for services related to our European joint venture, including preparation of corporate income tax returns. The Audit Committee concluded that the provision of these audit-related and tax services is compatible with maintaining the independence of KPMG LLP.

**Pre-Approval Policy for Services of Independent Auditors**

All services performed by KPMG LLP were pre-approved by the Audit Committee in accordance with its 2008 pre-approval policy. The policy describes the audit, audit-related, tax and other services permitted to be performed by the independent auditors, subject to the Audit Committee's prior approval of the services and fees. On an annual basis, the Audit Committee will review and provide pre-approval for certain types of services that may be provided by the independent auditors without obtaining specific pre-approval from the Audit Committee. The Audit Committee has pre-approved certain services (and corresponding cost levels) in conjunction with Committee meetings, typically conducted in February of each year. If a type of service to be provided has not received pre-approval during this annual process, it will require specific pre-approval by the Audit Committee. Any proposed services exceeding pre-approved cost levels or budgeted amounts will also require separate pre-approval by the Committee.

The Audit Committee has designated the Senior Vice President, Controller to monitor the performance of all services provided by the independent auditors and to determine whether such services are in compliance with the pre-approval policy.

**Policy for Hiring Members of the Audit Engagement Team**

The Audit Committee adopted a policy regarding the hiring of audit engagement team members to address the potential for impairment of auditor independence when partners and other members of the audit engagement team accept employment with the Company. Under

**Table of Contents**

the policy, the Company may not hire into a financial oversight role any individuals who were members of the Company's audit engagement team for the prior year. Individuals not subject to the one-year cooling off period include, among others, persons who provided less than 10 hours of audit services and individuals whose employment resulted from an emergency or other unusual situation. In all such cases, the Audit Committee must determine that the relationship is in the best interests of stockholders. In addition, the Company may not appoint a director who is affiliated with or employed by a present or former auditor of the Company until three years after the affiliation or auditing relationship has ended.

**Other Company Accountants and Auditors**

The Company has engaged Ernst & Young LLP for tax consultation and tax compliance services and PricewaterhouseCoopers LLP as its internal auditors. The purpose of the internal audit program is to provide the Audit Committee and Company management with ongoing assessments of the Company's risk management processes and to review the effectiveness and design of internal controls at our properties and the Company's corporate office.

## PROPOSAL THREE

### APPROVAL OF HOST HOTELS & RESORTS 2009

### COMPREHENSIVE STOCK AND CASH INCENTIVE PLAN

The Board is submitting for stockholder approval the Host Hotels & Resorts 2009 Comprehensive Stock and Cash Incentive Plan (the Plan). The Plan was adopted as a means of providing equity compensation to employees and directors in order to maintain competitive compensation practices and to align the interests of our employees and directors with our stockholders. On March 6, 2009, the Compensation Committee (the Committee) approved and adopted the Plan, subject to approval by the Board of Directors and our stockholders. On March 12, 2009, the Board of Directors approved and adopted the Plan, subject to approval by our stockholders. The Plan is intended to replace our 1997 Comprehensive Stock and Cash Incentive Plan (the 1997 Plan), which, as of March 1, 2009, has only 2,420,005 shares (plus any shares returned due to forfeitures) available for future awards. Therefore, unless the Plan is approved we will not be able to continue making equity compensation grants to our employees or directors.

The principal features of the Plan are summarized below, but the summary is qualified in its entirety by reference to the Plan itself, which is included as [Appendix A](#).

The Plan provides for the grant of incentive stock options (ISOs), as defined in Section 422 of the Internal Revenue Code of 1986, as amended (the Code), nonstatutory stock options, restricted stock, restricted stock units, stock appreciation rights (SARs), cash dividend equivalent rights, profits interests in Host Hotels & Resorts, L.P. (partnership units), performance awards and stock payments (collectively referred to as Awards) to our employees and directors.

## **Table of Contents**

If approved by our stockholders, a total of 25 million shares of our common stock will be initially reserved for issuance under the Plan, which represents approximately 4.7% of the Company's outstanding shares as of March 1, 2009. As of March 1, 2009, the Company had 670,550 shares underlying outstanding stock options, with a weighted average exercise price of \$8.21 and a weighted average remaining contractual term of 8.9 years and 2,567,241 shares of outstanding restricted stock.

If the Plan is approved, we will also amend our Non-Employee Director's Deferred Stock Compensation Plan and the 1997 Plan to provide that no future grants will be made under such plans. However, pursuant to the terms of the Non-Employee Director's Deferred Stock Compensation Plan, our five non-employee directors are entitled to receive a grant of restricted stock units after the annual meeting equal in value to their annual cash retainer of \$65,000, with the number of shares to be based on the average of the high and low closing price of the Company's common stock on the New York Stock Exchange on the date of the annual meeting. We intend to make this grant under the 1997 Plan.

Accordingly, we are recommending approval of the Plan in order to continue providing equity-based compensation to our employees and directors.

## **Shares Subject to the Plan**

Under the Plan, the aggregate number of shares of common stock that may be issued is 25,000,000. The Plan provides that to the extent grants are intended to be performance based compensation exempt from the deduction limits of Section 162(m) of the Code, then no more than 2,500,000 shares may be granted as Awards to any one individual during any fiscal year and the maximum dollar value of a cash based performance award determined at the date of grant will not exceed \$10,000,000.

The shares subject to the Plan, the limitations on the number of shares that may be awarded under the Plan, and shares and option prices subject to Awards outstanding under the Plan, will be adjusted as the Plan administrator deems appropriate to reflect stock dividends, stock splits, combinations or exchanges of shares, or merger, consolidation, spin-off, recapitalization or other similar transactions.

Shares subject to Awards that have expired, been forfeited or settled in cash, or otherwise terminated without having been exercised may be subject to new Awards. Shares which are used to pay the exercise price for an Award and shares withheld to pay taxes will count against the number of shares available under the Plan and will not be added back to the number of shares available for grant under the Plan. Shares issued under the Plan may be previously authorized but unissued shares, or reacquired shares bought on the open market or otherwise. Each share subject to a stock appreciation right which is exercised shall be counted as one share issued under the Plan for purposes of counting the number of shares available for grant under the Plan.

On \_\_\_\_\_, 2009, the closing price of a share of common stock on the New York Stock Exchange was [\$ \_\_\_\_\_].

## **Table of Contents**

### **Administration**

Generally, the Committee will administer the Plan. The Committee will consist of at least two members of the Board who are non-employee directors for purposes of Section 16-b of the Securities Exchange Act of 1934, as amended (the Exchange Act ), and independent directors under the rules of the New York Stock Exchange. The Committee has the authority to:

select the individuals who will receive Awards;

determine the type or types of Awards to be granted;

determine the number of Awards to be granted and the number of shares to which the Award relates;

determine the terms and conditions of any Award, including the exercise price and vesting;

determine the terms of settlement of any Award;

prescribe the form of Award agreement;

establish, adopt or revise rules for administration of the Plan;

interpret the terms of the Plan and any Award, and any matters arising under the Plan; and

make all other decisions and determinations as may be necessary or advisable to administer the Plan.

The Committee may delegate its authority to grant or amend Awards with respect to participants other than senior executive officers, employees covered by Section 162(m) of the Code or the officers to whom the authority to grant or amend Awards has been delegated. In addition, the full Board, acting by majority, will conduct the general administration of the Plan with respect to Awards granted to directors.

The Committee, with the approval of the Board, may also amend the Plan. Amendments to the Plan, however, which (i) increase the number of shares available for issuance under the Plan, (ii) reprice an outstanding option or SAR, (iii) cancel or surrender an option or SAR in exchange for an option or SAR having a lower per share exercise price, (iv) exchange an option or SAR for cash or another Award if the price per share of such option or SAR exceeds the fair market value of our common stock, or (v) otherwise materially change eligibility requirements require approval of the stockholders of the Company.

The Board may exercise the rights and duties of the Committee, except with respect to matters which are required to be determined in the sole discretion of the Committee under Rule 16b-3 of the Exchange Act or Section 162(m) of the

Code.

**Eligibility**

Awards under the Plan may be granted to individuals who are our employees, employees of Host Hotels & Resorts, L.P., our operating partnership, or employees of our subsidiaries and our directors. However, options which are intended to qualify as ISOs may only be

## Table of Contents

granted to employees of the Company and not to employees of the operating partnership. During 2009, we estimate that approximately 215 employees and five directors will be eligible for grants under the Plan.

### **Awards**

The following will briefly describe the principal features of the various Awards that may be granted under the Plan.

*Options.* Options provide for the right to purchase common stock at a specified price, and usually will become exercisable in the discretion of the Committee in one or more installments after the grant date, but generally not earlier than one year from the grant date. The option exercise price may be paid in cash, by check, with shares of common stock which have been held by the option holder for such period of time as may be required by the Committee to avoid adverse accounting consequences, using other property with value equal to the exercise price, through a broker assisted cash-less exercise, or using such other methods as the Committee may approve from time to time. The Committee may at anytime substitute SARs for options granted under the Plan.

Options may be granted for any term specified by the Committee, but such term shall not exceed ten years. Options may not be granted at an exercise price that is less than the fair market value of our common stock on the date of grant. For purposes of the Plan, fair market value is defined as the closing price for our common stock on the New York Stock Exchange on the grant date (or if no sale occurred on such date, then on the first immediately preceding date during which a sale occurred), as reported in the *Wall Street Journal* (or another similar reliable source). Additionally, the Committee may not, without stockholder approval, reprice any options, including the cancellation of options in exchange for options with a lower exercise price.

Options may take two forms, nonstatutory options ( NSOs ) and ISOs.

ISOs will be designed to comply with the provisions of the Code and will be subject to certain restrictions contained in the Code in order to qualify as ISOs. Among such restrictions, ISOs must:

have an exercise price not less than the fair market value of common stock on the date of grant, or if granted to certain individuals who own or are deemed to own at least 10% of the total combined voting power of all of our classes of stock ( 10% shareholders ), then such exercise price may not be less than 110% of the fair market value of common stock on the date of grant;

be granted only to employees of the Company and employees of our subsidiary corporations (ISOs can not be granted to employees of Host Hotels & Resorts, L.P., our operating partnership);

expire within a specified time following the option holder's termination of employment;

be exercised within ten years after the date of grant, or with respect to 10% shareholders, no more than five years after the date of grant; and

**Table of Contents**

not be first exercisable for more than \$100,000 worth of value, determined based on the exercise price. If an Award purported to be an ISO fails to meet the requirements of the Code, then the Award will instead be considered to be a NSO. No ISO may be granted under the Plan after ten years from the date the Plan was originally adopted by the Board.

*Restricted Stock.* A restricted stock award is the grant of shares of common stock at a price determined by the Committee (which price may be zero), is nontransferable and unless otherwise determined by the Committee at the time of award, may be forfeited upon termination of employment or service during a restricted period. The Committee also determines in the Award agreement whether the participant will be entitled to vote the shares of restricted stock and or receive dividends on such shares.

*Stock Appreciation Rights.* SARs provide for the payment to the holder based upon increases in the price of common stock over a set base price. Payment for SARs may be made in cash, common stock or any combination of the two. Similar to options, SARs may not be granted with a base price less than the fair market value of our common stock on the date of grant. Additionally, the Committee may not, without stockholder approval, reprice any SARs, including by the cancellation of SARs in exchange for options or SARs with a lower exercise price. SARs may be granted for any term specified by the Committee, but such term shall not exceed ten years.

*Restricted Stock Units.* Restricted stock units represent the right to receive shares of common stock at a specified date in the future, subject to forfeiture of such right. If the restricted stock unit has not been forfeited, then on the date specified in the restricted stock we shall deliver to the holder of the restricted stock unit, unrestricted shares of common stock which will be freely transferable. The Committee will specify the purchase price, if any, to be paid by the grantee for the common stock.

*Dividend Equivalents.* Dividend equivalents represent the value of the dividends per share of common stock paid by the Company, calculated with reference to the number of shares covered by an Award (other than a dividend equivalent award) held by the participant. Dividend Equivalents will not be granted on options or stock appreciation rights. In addition, no dividend equivalent will be paid unless and until the Award on which the dividend equivalent is granted vests.

*Performance Share Awards.* Performance share awards are denominated in shares of common stock and are linked to satisfaction of performance criteria established by the Committee. If the Committee determines that the Award is intended to meet the requirements of qualified performance based compensation and therefore be deductible under Section 162(m) of the Code, then the performance criteria on which the Award will be based shall be with reference to any one or more of the following: net earnings (either before or after interest, taxes, depreciation and amortization), economic value-added, sales or revenue, net income (either before or after taxes), operating earnings, cash flow (including, but not limited to, operating cash flow and free cash flow), return on capital, return on assets (gross or net), return on stockholders' equity, return on sales, gross or net profit margin, productivity,

expense, margins, operating efficiency, customer satisfaction, working capital, earnings per share, price per share of common stock, market share, earnings as a percentage of average capital, earnings as a multiple of interest expense, business unit economic earnings, total capital invested in assets, funds from operations, total shareholder return, any of which may be measured either in absolute terms, by comparison to comparable performance in an earlier period or periods, or as compared to results of a peer group, industry index, or other company or companies or business units (which we collectively refer to as the Performance Criteria ).

*Performance Stock Units.* Performance stock units are denominated in units equivalent to shares of common stock or units of value, including dollar value of shares of common stock, and are linked to satisfaction of performance criteria established by the Committee, including the Performance Criteria, on a specified date or dates over any period or periods.

*Stock Payments.* Stock payments are payments to participants of bonuses or other compensation and may be made under the Plan in the form of common stock. The number of shares will be determined by the Committee, and may be based upon performance criteria, including the Performance Criteria.

*Performance Awards.* Performance awards are payable in cash and are linked to the satisfaction of performance criteria, including the Performance Criteria, provided that no Performance Award may pay compensation in excess of \$10,000,000 for any fiscal year. The Committee has the authority to reduce the amount otherwise payable under a Performance Award upon attainment of the Performance Criteria.

*Profits Interest Units.* Profit interest units are interests in our operating partnership, Host Hotels & Resorts, L.P., which entitle the participant to any profits earned by the operating partnership after the date of grant, and which may be converted into our common stock under the terms of the partnership agreement.

## **Adjustments Upon Certain Events**

The number and kind of securities subject to an Award, terms and conditions (including performance targets or criteria) and the exercise price or base price of outstanding Awards will be proportionately adjusted as the Committee deems appropriate, in its discretion, to reflect any stock dividends, stock split, combination or exchange of shares, merger, consolidation, spin-off, recapitalization or other distribution (other than normal cash dividends) of Company assets to stockholders, or other similar changes affecting the shares other than an equity restructuring. In the event of any other change in the capitalization of the Company, including an equity restructuring, the Committee will make proportionate and equitable adjustments in the number and class of shares and the per share grant or exercise price for outstanding Awards as the Committee deems appropriate in its discretion to prevent dilution or enlargement of rights. In the event of any pending stock dividend, stock split, combination or exchange of shares, merger, consolidation or other distribution (other than normal cash dividends) of Company assets to stockholders, or any other change affecting the shares or share price of common stock, including an equity restructuring, the Company may in its sole discretion refuse to permit the exercise of any Award for a period of 30 days prior to the consummation of any such transaction.

## **Table of Contents**

### **Awards Not Transferable**

Generally, the Awards may not be pledged, assigned or otherwise transferred other than by will or by laws of descent and distribution or pursuant to beneficiary designation procedures approved by the Committee. The Committee may allow Awards other than ISOs to be transferred for estate or tax planning purposes to members of the holder's family, charitable institutions or trusts for the benefit of family members.

### **Miscellaneous**

As a condition to the issuance or delivery of stock or payment of other compensation pursuant to the exercise or lapse of restrictions on any Award, the Company requires participants to discharge all applicable withholding tax obligations. Shares held by or to be issued to a participant may also be used to discharge tax withholding obligations, subject to the discretion of the Committee to disapprove of such use.

The Plan will expire and no further Awards may be granted after the tenth anniversary of its approval by shareholders. The Plan must be approved by the shareholders within twelve months of the date of its adoption by the Board.

### **Certain U.S. Federal Income Tax Consequences**

The U.S. Federal income tax consequences of the Plan under current income tax law are summarized in the following discussion which deals with the general tax principles applicable to the Plan, and is intended for general information only. In addition, the tax consequences described below may be subject to the limitations of Code Section 162(m), as discussed in further detail below. Alternative minimum tax and other Federal taxes and foreign, state and local income taxes are not discussed, and may vary depending on individual circumstances and from locality to locality.

*Nonqualified Stock Options.* For Federal income tax purposes, the recipient of NSOs granted under the Plan will not have taxable income upon the grant of the option, nor will the Company then be entitled to any deduction. Generally, upon exercise of NSOs the optionee will realize ordinary income, and the Company will be entitled to a deduction, in an amount equal to the difference between the option exercise price and the fair market value of the stock at the date of exercise.

*Incentive Stock Options.* An optionee generally will not recognize taxable income upon either the grant or exercise of an ISO. However, the amount by which the fair market value of the shares at the time of exercise exceeds the exercise price will be an item of tax preference for the optionee. Generally, upon the sale or other taxable disposition of the shares of common stock acquired upon exercise of an ISO, the optionee will recognize income taxable as capital gains in an amount equal to the excess, if any, of the amount realized in such disposition over the option exercise price, provided that no disposition of the shares has taken place within either (a) two years from the date of grant of the ISO or (b) one year from the date of exercise. If the shares of common stock are sold or otherwise disposed of before the end of the one-year and two-year periods specified above, the difference between the Award exercise price and the

**Table of Contents**

fair market value of the shares on the date of exercise generally will be taxable as ordinary income; the balance of the amount realized from such disposition, if any, generally will be taxed as capital gain. If the shares of common stock are disposed of before the expiration of the one-year and two-year periods and the amount realized is less than the fair market value of the shares at the date of exercise, the optionee's ordinary income generally is limited to the excess, if any, of the amount realized in such disposition over the option exercise price paid. The Company (or other employer corporation) generally will be entitled to a tax deduction only to the extent the optionee has ordinary income upon sale or other disposition of the shares of common stock.

*Restricted Stock.* Generally, a participant will not be taxed upon the grant or purchase of restricted stock that is subject to a substantial risk of forfeiture, within the meaning of Section 83 of the Code, until such time as the restricted stock is no longer subject to the substantial risk of forfeiture. At that time, the participant will be taxed on the difference between the fair market value of the common stock and the amount the participant paid, if any, for such restricted stock.

*Stock Appreciation Rights.* No taxable income is generally recognized upon the receipt of a SAR. Upon exercise of a SAR, the cash or the fair market value of the shares received generally will be taxable as ordinary income in the year of such exercise. The Company generally will be entitled to a compensation deduction for the same amount which the recipient recognizes as ordinary income.

*Restricted Stock Units.* A participant will generally not recognize taxable income upon grant of a restricted stock unit. However, when the shares are delivered to the participant, then the value of such shares at that time will be taxable to the participant as ordinary income. Generally the Company will be entitled to a deduction for an amount equal to the amount of ordinary income recognized by the participant.

*Dividend Equivalents.* A participant will recognize taxable ordinary income on dividend equivalents as they are paid and the Company generally will be entitled a corresponding deduction.

*Performance Share Awards and Performance Stock Units.* A participant will recognize taxable ordinary income on the fair market value of the shares or the cash paid on performance share awards and performance stock units when such Awards are delivered or paid and generally the Company will be entitled to a corresponding deduction.

*Stock Payments.* A participant will recognize taxable ordinary income on the fair market value of the stock delivered as payment of bonuses or other compensation under the Plan and generally the Company will be entitled to a corresponding deduction.

*Performance Awards.* A participant will recognize taxable ordinary income on the amount of cash paid under the Performance Award and generally the Company will be entitled to a corresponding deduction.

## **Table of Contents**

*Profits Interest Units.* Generally, a participant will not recognize any taxable income on the grant of a profits interest unit as long as the profits interest units only grant the participant the right to profits accruing after the date of grant and do not provide an interest in any capital of the partnership. The holder of the profits interests unit will be treated as a partner in the operating partnership and will be allocated income and losses each fiscal year.

*Code Section 409A.* Certain Awards under the Plan, depending in part on particular Award terms and conditions, may be considered non-qualified deferred compensation subject to the requirements of Code Section 409A. If the terms of such Awards do not meet the requirements of Code Section 409A, then the violation may result in an additional 20% tax obligation, plus penalties and interest for such participant.

## **Section 162(m)**

Under Code Section 162(m), in general, income tax deductions of publicly-traded companies may be limited to the extent total compensation (including base salary, annual bonus, stock option exercises) for certain executive officers exceeds \$1 million in any one taxable year. Our executives, and all other employees, are employed by Host Hotels & Resorts, L.P., our operating partnership, and not by Host Hotels & Resorts, Inc. As a result, we believe that none of our employees are subject to the \$1 million compensation deduction limit under Section 162(m). We have not, however, requested a ruling from the IRS or an opinion of counsel regarding this issue. This discussion will neither bind the IRS nor preclude the IRS from taking a contrary position.

However, in the event that some portion of executive compensation would be subject to Section 162(m) we are requesting shareholder approval of the Plan (including the Performance Criteria) in order that Awards granted under the Plan may meet the requirements for performance-based compensation and be exempt from the limitations of Code Section 162(m), if applicable.

## **Tax Treatment of Awards Outside the United States**

The grant and exercise of options and awards under the Plan to recipients outside the United States may be taxed on a different basis. To the extent necessary to avoid adverse tax consequences to employees located outside of the United States or to comply with local law, the Committee may pay Awards in cash or may adopt rules applicable to employees in such foreign jurisdictions to the extent not inconsistent with the Plan.

## **Plan Benefits**

The number of Awards that an employee or director may receive under the Plan is in the discretion of the Committee. However, the Committee intends, upon stockholder approval of the Plan, to grant the Awards listed below under the Plan which would vest in 2010, 2011 and 2012, subject to satisfying vesting conditions. For the executives and the executive group listed below, the awards represent a two-year up-front grant. In keeping with the Company's practice, these are a forward-looking variable pay component. The final number of shares that

would vest depends on the satisfaction of personal performance objectives and Company financial performance measures, and continued employment with the Company.

**Conclusion and Recommendation; Vote Required**

The affirmative vote of a majority of the votes cast on the proposal is required for approval of the Plan, provided that the total vote cast on the proposal represents over 50% in interest of all securities entitled to vote on the proposal.

**The Board of Directors believes that the Plan is advisable and in our best interests and unanimously recommends a vote FOR approval of the Plan.**

**PROPOSAL FOUR**  
**APPROVAL OF AMENDMENT TO OUR CHARTER TO**  
**INCREASE AUTHORIZED CAPITAL STOCK**

The Board of Directors deems advisable and has proposed for stockholder approval an amendment to our Charter to increase our authorized capital stock (as defined in our Charter) from 800,000,000 shares to 1,100,000,000 shares.

**General Information**

Our authorized capital stock currently consists of 800,000,000 shares, of which 750,000,000 shares are classified as common stock and 50,000,000 shares are classified as preferred stock, both classes with \$0.01 par value per share. On March 12, 2009, the Board of Directors adopted a resolution declaring it advisable that our Charter be amended to increase our authorized capital stock from 800,000,000 shares to 1,100,000,000 shares. The full text of the proposed Charter amendment is set forth as Appendix B to this proxy statement.

Assuming stockholder approval of the amendment to our Charter, the aggregate number of shares of capital stock that we will have the authority to issue, at our discretion, is 1,100,000,000, consisting initially of 50,000,000 shares of preferred stock and 1,050,000,000 shares of common stock. As of March 1, 2009, 527,846,554 shares of common stock were outstanding, 59,351,200 shares of common stock were reserved for future issuance upon exchange of the \$1,000,000,000 aggregate principal amount of two series of exchangeable senior debentures of Host Hotels & Resorts, L.P., 14,262,693 shares were reserved for issuance upon redemption of redeemable limited partnership units of Host Hotels & Resorts, L.P., and 6,983,891 shares were available for grant or reserved for issuance upon the vesting of outstanding grants under our existing equity compensation plans. In addition, 25,000,000 shares were contemplated to be reserved pursuant to the 2009 Comprehensive Stock and Cash Incentive Plan, which has been submitted for stockholders approval at this annual meeting. There are currently 4,034,400 shares of preferred stock outstanding.

**Reasons for Increasing Our Authorized Share Capital**

The authorization of additional shares of our common stock will enable us, as the need may arise, to take advantage of market conditions and favorable opportunities involving the issuance of our common stock without the delay and expense associated with the holding of a special meeting of our stockholders. Having such additional shares authorized and available

## **Table of Contents**

for issuance or reservation would provide flexibility to use stock for business and financial purposes in the future. The additional shares may be used for various purposes, including:

expanding our business through acquisitions;

raising capital;

paying dividends in stock or effecting stock splits;

providing equity incentives to employees, officers and directors; and

other general corporate purposes.

Other than as set forth above, we do not currently have specific agreements or plans that would involve the issuance of the additional shares that would be authorized by the amendment to our Charter, although we intend to continue to consider transactions from time to time that could result in such issuances. Acquisitions involving stock issuances above certain thresholds would require stockholder approval under applicable rules of The New York Stock Exchange and in some circumstances Maryland law.

## **Potential Effects of Increasing Our Authorized Capital Stock**

The Board of Directors' approval and recommendation of the proposed amendment has been prompted by business and financial considerations. Enabling the Company to issue more shares than are currently authorized by the Charter will not affect materially any substantive rights, powers or privileges of stockholders. Stockholders are entitled to one vote per share on all matters submitted to stockholders and do not have cumulative voting rights or preemptive rights for the purchase of additional shares of any class of capital stock. The additional shares for which authorization is sought are identical to the shares now authorized.

However, the issuance of additional shares of common stock may, among other things, have a dilutive effect on the earnings per share and on the equity and voting power of existing stockholders and may adversely affect the market price for our common stock. Although we have no present intention of issuing additional shares of common stock for such purposes, the proposed increase in the number of authorized shares of capital stock could enable the Board of Directors to render more difficult or discourage an attempt by another person or entity to obtain control of the Company. However, the amendment is not being advanced as a result of any known effort by any party to accumulate shares of common stock or to obtain control of us and is not part of a plan by the Company to adopt amendments having an anti-takeover effect.

## **Conclusion and Recommendation; Vote Required**

The Board of Directors is submitting and recommending the amendment to the Charter to increase the authorized number of shares of capital stock from 800,000,000 shares to 1,100,000,000 shares.

The approval of the amendment to the Charter requires the affirmative vote of holders of a majority of all the votes entitled to be cast on the proposal at the annual meeting.

**The Board of Directors believes that the proposal is advisable and in our best interests and unanimously recommends a vote FOR approval of the amendment to the Charter to increase the number of authorized shares of capital stock from 800,000,000 to 1,100,000,000 shares.**

## COMPENSATION DISCUSSION AND ANALYSIS

### Overview of Compensation Philosophy and Programs

Our named executive officers for 2008 were:

W. Edward Walter	President and Chief Executive Officer
James F. Risoleo	Executive Vice President, Chief Investment Officer
Minaz B. Abji	Executive Vice President, Asset Management
Elizabeth A. Abdo	Executive Vice President, General Counsel
Larry K. Harvey	Executive Vice President, Chief Financial Officer and Treasurer

The Company has three objectives for executive compensation:

to foster a strong relationship between stockholder value and executive compensation;

to provide annual and long-term incentives that emphasize performance-based compensation; and

to provide overall levels of compensation that attract and retain talented executives.

To achieve these objectives, our executive compensation program consists of *a mix of cash, annual incentive awards and long-term equity*. The Compensation Policy Committee, which consists entirely of independent members of the Board, approves all our compensation policies and programs. The Committee, with the assistance of Towers Perrin, structured the 2006-2008 executive compensation plan (the 2006-2008 Plan) in 2005, and it was approved by the Board of Directors in 2006. Like previous programs, the 2006-2008 Plan was structured based on a three year period, with performance targets for each year established annually. Towers Perrin is retained by, and reports to, the Committee.

### Current Executive Compensation Program

This section gives an overview of the key elements of the 2006-2008 Plan. For a discussion of the Committee's actions and decisions with respect to 2008 compensation, please see 2008 Compensation Actions below.

#### *Key Elements*

The three significant elements of the 2006-2008 Plan are *base salary, annual incentive awards* and *long-term incentive compensation*. Base salary and annual incentive awards are cash-based, while long term incentives consist of restricted stock awards. The Committee does not use a specific formula in determining the mix of compensation, but as an executive's level of responsibility and position increases, a greater portion of his or her total compensation is based less on fixed compensation (salary) and more on variable pay (incentive awards and equity). Only base salary is assured so the majority of overall target compensation is at risk for senior executives. Actual amounts paid depend on the financial performance of the Company,

---

**Table of Contents**

its relative performance to companies in the NAREIT Index, stockholder return and the individual performance of senior executives. We believe that this emphasis on incentive-based compensation is appropriate because senior executives are the persons most able to affect Company performance. Our executive compensation program is designed to reward the named executive officers and other members of senior management for reaching or exceeding financial and operational goals approved by the Committee. Aligning rewards with appropriate decision-making (that is, ensuring that excessive risks that might be detrimental to the Company or its stockholders are not being taken) is part of the discussion of the Committee in its February meeting when it reviews Company and individual performance results for the previous year and reviews and approves prospective goals. We believe that our total rewards, performance measures and stock ownership guidelines do not create an incentive for management to engage in unnecessary and excessive risk taking.

**Base Salary** is set at an annual rate, based on the level of the position within the Company and the individual's performance. Salary is the only component of cash compensation that is assured. Base salaries are typically reviewed by the Committee each year. Adjustments, if any, take into account an individual's performance, responsibilities, experience, internal equity and external market data. Base salary represents between 17%-30% of the named executive officers' total target compensation under the 2006-2008 Plan.

**Annual Incentive Awards** are available to all employees and provide cash awards based on the financial performance of the Company and the personal performance of each employee. The annual incentive awards represent between 15%-24% of the named executive officers' total target compensation under the 2006-2008 Plan. The awards are intended to reward the achievement of the Company's financial objectives through the implementation of its annual business plan and the performance of each executive in fulfilling his or her annual objectives. As described below, 80% of the targeted annual award for the named executive officers depends on Company financial performance.

**Financial performance** is measured by funds from operations per diluted share, as adjusted for certain items ( Adjusted FFO ). The Company uses funds from operations per diluted share in accordance with NAREIT guidelines as a supplemental measure of operating performance in its earnings releases and financial presentations. Adjusted FFO takes into account adjustments reflecting (i) items that are unusual in nature (for example, the income from a large settlement and significant acquisition costs) and (ii) items that are in the long-term interest of the Company but would reduce funds from operations per diluted share in the performance period (such as costs associated with senior notes redemptions, debt prepayments, and preferred stock redemptions) which, if included, would not reflect the recurring funds from operations of the Company. The adjustments are explained in the Company's earnings releases and Forms 10-Q and 10-K in the Schedule of Significant Transactions Affecting Earnings per Share and Funds from Operations per Diluted Share and are reviewed by the Audit Committee.

**Personal performance** is determined after the end of the fiscal year based on the actual performance of individuals against their pre-established personal objectives. These

**Table of Contents**

objectives are prepared by employees and reviewed by their managers. The Committee reviews and approves the individual performance measures for the most senior officers, which are typically tied to achievement of business plan objectives in their areas of responsibility. These goals may include operational, growth and leadership goals for the departments they manage.

The actual amount of the annual incentive award depends on four things:

salary, because the award is paid as a percentage of salary;

whether the level of performance achieved by the Company on the Adjusted FFO measure is at, or between, threshold , target or high with no payment for performance below threshold;

whether personal performance is at, or between, threshold , target or high, with no payment for performance below threshold; and

the relative weighting between financial and personal performance measures. As employees attain more responsibility and a greater role, more of the annual award is weighted toward financial performance in recognition of an individual's growing ability to affect the financial performance of the Company. For example, the named executive officers are weighted (i) 80% on financial performance and (ii) 20% on personal objectives. For senior vice presidents, the criteria are weighted (i) 50% on financial performance and (ii) 50% on such employee's personal objectives.

The chart below shows the performance and total annual bonus that may be earned under the program for the Chief Executive Officer, executive vice presidents and senior vice presidents. No bonus is earned for performance below threshold, and results are interpolated between the levels of threshold, target and high.

***Performance and Total Eligible Payout***

*(as a % of Salary)*

CEO		EVP		SVP	
Performance Level	Total Eligible Payout (% of Salary)	Performance Level	Total Eligible Payout (% of Salary)	Performance Level	Total Eligible Payout (% of Salary)
< Threshold	0	< Threshold	0	< Threshold	0
Threshold	50	Threshold	37.5	Threshold	27.5
Target	100	Target	75	Target	55
High	200	High	150	High	110

**Table of Contents**

The total amount that may be earned annually under the Annual Incentive Awards would be determined as follows:

Measure	Named Executive Officers	Senior Vice Presidents
Financial	a = salary x weighting (80%) x payout level achieved on Adjusted FFO measure	c = salary x weighting (50%) x payout level achieved on Adjusted FFO measure
Personal	b = salary x weighting (20%) x performance level achieved	d = salary x weighting (50%) x performance level achieved
Total Potential	Sum of a+ b	Sum of c + d

**Annual Incentive**

**Long-Term Incentive Compensation** consists of *restricted stock*. We believe that restricted stock creates an incentive for senior executives and other managers to operate the Company in a manner that creates significant long-term value for stockholders. Long term incentives comprise the largest component of senior management's total target compensation representing between 44%-65% of the named executive officers' total target compensation under the 2006-2008 Plan.

Awards of restricted stock are evidenced by a *restricted stock agreement* between the Company and the executive, a form of which is on file with the SEC. Some key aspects of the awards are:

Awards were made at the start of the three-year period (that is, in early 2006 for the 2006-2008 Plan) with one-third eligible to vest in each year, although the Committee has the discretion to modify awards to reflect additional responsibilities, promotions or superior performance. For a discussion of the Committee's actions, please see 2008 Compensation Actions ;

Cash dividends are accrued on unvested awards and paid only when the restrictions on the awards lapse, that is, the shares vest and are released;

Approximately 14% of the total three-year award is time-based, that is, it will vest if the executive continues employment until year end;

Approximately 86% of the total three-year award is performance-based, that is, vesting depends on satisfying two measures, *Absolute TSR* and *Relative TSR*, which are discussed below;

For those shares that did not vest, there is an opportunity for the unvested shares to be earned and vest at the end of the three-year period based the Company achieving a high cumulative total stockholder return or a high cumulative relative stockholder return, in each case over the three-year period. The price to measure the cumulative stockholder return for the three year period 2006-2008 is \$17.88 per share, based on the average of the high and low price of the Company's common stock for the 60 days prior to December 31, 2005;

**Table of Contents**

**Absolute TSR** means an absolute total stockholder return, which is measured by our share price growth plus dividends paid on our common stock for the applicable year. It is set at three levels threshold, target, and high. Shares vest depending on the return achieved and are interpolated between the vesting percentages, as follows:

<b>Absolute TSR</b>	
Return	Shares Vesting
Less than 7%	0
Threshold = 7%	25%
Target = 10%	50%
High = 15%	100%

**Relative TSR** is a relative stockholder return, which is measured by our total stockholder return relative to companies in the NAREIT Equity Index. It is set at three levels threshold, target and high. Shares vest based on the percentile achieved and are interpolated between the vesting percentages, as follows;

<b>Relative TSR</b>	
Percentile	Shares Vesting
Less than 40 <sup>th</sup> percentile	0
Threshold = 40 <sup>th</sup> percentile	25%
Target = 60 <sup>th</sup> percentile	50%
High = 80 <sup>th</sup> percentile	100%

Shares also vest in the event of an executive's death or disability or, under certain circumstances, under the severance plan. Please see the discussion under "Severance and Change in Control". As described under "Perquisites and Other Personal Benefits," Messrs. Walter and Risoleo agreed to accept proceeds under life insurance policies to offset long-term incentive compensation that would vest in the event of such executive's death.

**Other Benefits and Policies**

While the key elements of executive compensation are base salary, annual incentive awards and long term incentives, the named executive officers are also eligible to participate in the Company's health and welfare programs, our tax-qualified Retirement and Savings Plan (401(k)), and other programs on the same basis as all other employees. This section describes additional benefits and policies that apply only to the named executive officers and other senior executives, which are

perquisites and other personal benefits,

the executive deferred compensation plan,

the severance plan, which also addresses a change in control, and

the stock ownership policy.

***Perquisites and Other Personal Benefits*** for executive officers are very limited and primarily based on our business. These are (1) dining, complimentary rooms and other hotel

---

**Table of Contents**

services when on personal travel at hotels that we own or that are managed by our major operators, (2) financial planning and tax services, and (3) reimbursement for taxes associated with these benefits. We are in the lodging industry, and believe that it is appropriate to encourage our executives to continually enhance their understanding of our properties, the operations of our key managers at our properties and other hotels in the same class as our portfolio. This assists in portfolio development and improvements. In addition, we believe that offering financial planning and tax services represents a minimal cost while ensuring that executives are in compliance with tax requirements. Since we encourage our executives to use these perquisites, we feel that it is appropriate to reimburse them for the taxes incurred upon such benefits.

In connection with long term incentive stock awards under the 2006-2008 Plan, Messrs. Walter and Risoleo each agreed at the Company's request to purchase life insurance policies and to accept the proceeds under these policies, to offset some or all of the long-term incentive stock compensation that would vest and be payable in the event of the executive's death. The proceeds from the life insurance policies would mitigate the effect on the Company's financial statements of the accelerated vesting of large restricted stock awards, which would occur upon an executive's death. The Company reimburses each of the executives for the cost of each policy and the taxes payable as a result of the reimbursement.

***The Executive Deferred Compensation Plan*** allows participants to save for retirement in excess of the limits applicable under our Retirement and Savings Plan. It is not a tax qualified plan. Eligible employees, including the named executive officers, may defer up to 100% of their compensation (including salary and cash bonuses) in excess of the amounts first deferred into the Retirement and Savings Plan. We provide a match of \$.50 for each \$1.00 deferred under the plan, up to a maximum of 6% of the participant's compensation less the amount credited to the Retirement and Savings Plan. In addition, we may make a discretionary matching contribution of up to \$.50 on each \$1.00 up to 6% of the participant's compensation. This is the only non-qualified retirement plan we offer to senior executives. We do not have a pension plan. We do not have a supplemental executive retirement program.

***Severance and Change in Control*** are addressed in a severance plan that was adopted and has been in effect since 2003. The named executive officers as well as other senior executives are covered by the plan, and there are no other agreements or arrangements in place for executives in the U.S.

The Committee and the Board continue to believe that providing properly designed severance benefits promotes stability and continuity of senior management. In addition, the provision of severance upon a change in control aligns the Company's interests with its stockholders by eliminating distractions that arise with the uncertainty of these transactions and avoiding the loss of key members of management. The severance plan requires a double trigger for payment in the context of a change in control, that is, there must be both a change in control and a termination by the Company without cause or by the executive for good reason in the one year period following a change in control. Significantly, the severance plan

## **Table of Contents**

does not provide for tax gross-ups on any payments made in connection with a termination or a change in control. The cost of any excise tax that a member of senior management might incur related to a payment under the plan would be borne by the individual.

The Committee reviewed the severance plan in 2008 in connection with reviewing and approving amendments to comply with the documentary requirements of Section 409A of the Internal Revenue Code. The Committee also reviewed the level of severance pay and benefits an executive receives in determining compensation and considering adjustments, particularly when considering long-term incentive awards which would accelerate and vest in the event of a termination without cause, or upon a change in control coupled with a triggering event. The severance plan, however, did not have an impact on the Committee's determination of compensation in 2008.

For additional information regarding the severance plan, including an estimate of payments the named executive officers would have been entitled to receive on December 31, 2008 upon various termination events, see ***Potential Severance, Change in Control Payments***.

***The Stock Ownership Policy*** ensures that senior executives have a meaningful economic stake in the Company, while allowing for appropriate portfolio diversification. The guidelines provide that, within five years of joining the Company or being promoted to a position in senior management, members of senior management should own stock equal to the following respective multiple of their annual salary rate:

CEO five times annual salary rate;

Executive Vice Presidents three times annual salary rate; and

Senior Vice Presidents two times annual salary rate.

Only certain types of equity are used in determining whether the guidelines are met, including stock owned directly by an employee or as a result of vesting in restricted stock. There are no 10b5-1 selling plans in effect. The Committee reviews stock ownership levels, and at the beginning of 2008, all executives were in compliance with the guidelines. Although no executives sold stock during 2008, ownership levels are currently below the guidelines due to the decline in the Company's stock price.

## **Additional Information**

***Tax and Accounting*** Section 162(m) of the Internal Revenue Code precludes a public corporation from taking a deduction for compensation in excess of \$1 million for its chief executive officer or any of its four other highest paid executive officers, unless such compensation is performance based and certain specific and detailed criteria are satisfied. Our executives, and all other employees, are employed by Host Hotels & Resorts, L.P., our operating partnership, and its subsidiaries, and not by the Company. As a result, we believe that none of our employees are subject to the \$1 million compensation deduction limit under Section 162(m).

However, in the event that some portion of employee compensation is subject to Section 162(m) but fails to be deductible, our taxable income would increase to the extent of

---

**Table of Contents**

the disallowed deduction and we could be required to make additional dividend distributions to our stockholders or to pay tax on the undistributed income provided we have distributed at least 90% of our adjusted taxable income. In such event, the Committee may consider the anticipated tax treatment to the Company and the executive officers in its review and establishment of compensation programs and payments. However, the deductibility of some types of compensation payments can depend upon the timing of an executive's vesting or exercise of previously granted rights. Interpretations of, and changes in, applicable tax laws and regulations as well as other factors beyond the Committee's control also may affect deductibility of compensation. Accordingly, the Committee may determine that it is appropriate to structure compensation packages in a manner that may not be deductible under Section 162(m).

The Company recognizes costs resulting from the equity share-based payment transactions in the financial statements over their vesting periods in accordance with SFAS 123R Share Based Payment (SFAS 123R). All restricted stock awards to senior executives have been classified as liability awards, primarily due to settlement features that allow the recipient to have a percentage of the restricted stock awards withheld to meet tax requirements in excess of the statutory minimum withholding. The Committee makes its assessments on the appropriate value of equity awards for target compensation based on the fair market value of the common stock on the date of grant or a 60 day calendar average of high and low stock price of the Company's common stock on the New York Stock Exchange. These values would not be reflected in the *Summary Compensation Table* because, in accordance with SFAS 123R, liability awards are remeasured to fair value each reporting period and all the restricted stock awarded that had vesting tied to financial performance objectives had a fair value of \$0 at December 31, 2008. The value of all restricted stock awards, less estimated forfeitures, is recognized over the period during which an employee is required to provide service in exchange for the award—the requisite service period (usually the vesting period). No compensation cost is recognized for awards for which employees do not render the requisite service.

**2008 Compensation Actions**

This section discusses the Committee's compensation actions in 2008, which included changes to the compensation of the named executive officers, reviewing the results for 2008 under the 2006-2008 Plan, and overall compensation.

***Compensation of Executives.*** The Board of Directors elected Mr. Walter as President and Chief Executive Officer on October 29, 2007, and Mr. Harvey as Executive Vice President, Chief Financial Officer and Treasurer on November 1, 2007. As discussed in last year's proxy, in light of the changes in the senior management of the Company, the Committee requested that its consultant, Towers Perrin, gather updated market data for officer positions. Last year, we discussed the process and decisions by the Committee in determining the compensation of each of Mr. Walter and Mr. Harvey, effective as of the date each assumed his new position in 2007. In January 2008, the Committee reviewed and made adjustments to the compensation of other senior officers, including Mr. Risoleo, Mr. Abji and Ms. Abdo.

**Table of Contents**

Consistent with the Committee's approach in 2005, Towers Perrin aggregated compensation data from two peer groups. These were (1) 18 size-based real estate companies with a median total capitalization of \$18 billion, and (2) Towers Perrin's general industry database of companies regressed to \$5.5 billion of revenues (in excess of 800 companies). The two peer groups originally used in 2005 were adjusted to reflect the increase in capitalization and revenues in the Company since 2005. The size-based real estate group was chosen because it reflected current proxy data from the real estate industry, companies of comparable size, and in many instances, with a global portfolio. It also reflected executive compensation practices against which the Company competes directly for talent and investment capital. The general industry group was chosen because it presented information from a broader market than the real estate industry and was consistent with the Company's inclusion in the S&P 500 index in 2007. The size-based real estate group from which the data was aggregated included:

Simon Property Group, Inc.	Starwood Hotels & Resorts Worldwide, Inc.
General Growth Properties, Inc.	Kimco Realty Corporation
Vornado Realty Trust	HCP Inc.
Equity Residential	Apartment Investment and Management
ProLogis	Company
Brookfield Properties Corporation	Macerich Company
Public Storage	Avalon Bay Communities
Marriott International, Inc.	Forest City Enterprise Inc.
Boston Properties, Inc.	Developers Diversified Realty Corporation
Duke Realty Corporation	

The Committee reviewed aggregated compensation data in the 25<sup>th</sup>, 50<sup>th</sup>, and 75<sup>th</sup> percentiles for each peer group. The Committee did not adhere to targeting overall compensation to a certain percentile, or a range of percentiles, in each peer group, which it has done previously. This was because each peer group presented key differences from the Company. The size-based real estate group did not reflect factors specific to the hospitality sector, and had data only on proxy-named positions. The general industry group did not provide direct comparables for most REIT positions. Data from both groups did not reflect the experience of a person in a particular position. The Committee, instead, used the collective data, in consultation with Towers Perrin, to inform itself of the current levels of compensation in the market, and considered other factors, such as the credentials, length of service, experience and prior performance of each individual as well as internal equity considerations among the senior management team. The Committee also sought Mr. Walter's input on these factors.

Based on the foregoing, the Committee increased, effective as of January 1, 2008, Mr. Risoleo's base salary from \$450,000 to \$500,000; Mr. Abji's salary from \$390,000 to \$430,000; and Ms. Abdoo's salary from \$350,000 to \$387,500. In addition, the Committee increased the award of restricted stock under the existing grants made under the 2006-2008 Plan for Mr. Risoleo and Mr. Abji. These additional shares would vest subject to the conditions described previously under "Long-Term Incentive Compensation". The target values of the additional awards were \$150,000 for Mr. Risoleo and \$100,000 for Mr. Abji with the number of shares determined based on the average of the high and low price of the Company's common stock for the sixty calendar day prior to January 1, 2008.

**Table of Contents**

In addition, the Committee approved new grants of restricted stock on January 1, 2008 to the senior executive team, including Messrs. Risoleo, Abji and Harvey, and Ms. Abdoo, to reflect the increased responsibility among the senior executive team as a result of the transition in leadership and to enhance the stability of the team during the transition. The grants vested on January 2, 2009, based on continued employment with the Company. At the time of the grant, the shares were valued at \$18.61, which was the average of the high and low of the Company's common stock for the sixty calendar days prior to January 1, 2008. Upon vesting, the value of the shares was \$7.69.

Name	Total Shares	Value based on 60 day average
Mr. Risoleo	8,059	\$ 150,000
Mr. Abji	5,373	100,000
Ms. Abdoo	5,373	100,000
Mr. Harvey	5,373	100,000

**Results for 2008 under the 2006-2008 Plan.** In addition to setting compensation, the Committee reviewed the results on the objectives established for receiving a cash bonus under the Annual Incentive Award Program and the release of restricted stock under the Long-Term Compensation Program.

**Annual Incentive Award Program.** As previously described, the annual incentive award for the named executive officers is based 80% on the financial performance of the Company, which is measured by Adjusted FFO, and 20% on personal performance on objectives approved by the Committee.

**Adjusted FFO.** The Adjusted FFO measure for 2008 was derived from the Company's business plan and budget for 2008. The process for review and approval of the business plan began with Board discussions and meetings on the Company's strategic plan in November 2007. The business plan and budget were then reviewed and approved by the Board of Directors in February 2008. The target Adjusted FFO measure of \$1.92 was the Company's approved budget objective for 2008. The threshold Adjusted FFO was set at 10% below target, or \$1.73 and high was set at 10% above target, or \$2.11. At its meeting in February 2009, the Committee reviewed the Company's results. The results were finalized at a joint meeting of the Board and the Audit Committee which reviewed management's implementation of the Company's 2008 business plan and approved the year-end financial results for 2008. The Company's Adjusted FFO results for 2008 were as follows:

	Threshold	Target	High	2008 Actual Results
Adjusted FFO per share	\$1.73	\$1.92	\$2.11	\$1.74 (between Threshold and Target)

**Table of Contents**

The named executive officers, as well as all employees of the Company, received a cash bonus based on these results. The chart below shows the target bonus that each executive was eligible to receive and the actual amount received on this portion of the annual incentive award.

Name	Eligible Target Award on Financial Measure	2008 Actual Award on Financial Measure
Mr. Walter	\$ 600,000	\$ 315,750
Mr. Risoleo	300,000	157,900
Mr. Abji	258,000	135,794
Ms. Abdoo	232,500	122,373
Mr. Harvey	210,000	110,530

*Personal Performance.* The Committee also reviewed the results on personal performance measures for the named executive officers, which accounts for 20% of the annual incentive award at the target level. These measures are weighted and are designed to be attainable at the target level of performance. Each executive and member of senior management shared two objectives, which were tied to building stronger departmental and organizational teams and working to develop and implement enhanced succession plans. Other objectives varied with the position but were tied to each department's business plan. Mr. Walter's objectives primarily involved implementing the 2008 business plan and enhancing relationships with joint venture partners and communications with the Company stockholders. Mr. Risoleo's objectives were to implement the Company's joint venture plans in Asia and Europe, implement the acquisition and disposition program and lead the effort to expand the portfolio in emerging markets. Mr. Abji's objectives related to improving RevPAR and margin performance, assisting the brand reinvention efforts and maximizing food and beverage revenues at the hotels. Ms. Abdoo's objectives were tied to supporting the international growth efforts, enhancing corporate governance and compliance. Mr. Harvey's personal objectives were to implement the finance plan, support the joint venture expansion and formalize the reporting and tracking of the international businesses. The results on personal performance objectives for each of the named executive officers were above target. The chart below shows the target bonus that each executive was eligible to receive and the actual amount received on this portion of the annual incentive award.

Name	Eligible Target Award on Personal Measure	Actual Award on Personal Measure
Mr. Walter	\$ 150,000	\$ 151,875
Mr. Risoleo	75,000	92,250
Mr. Abji	64,500	67,725
Ms. Abdoo	58,125	71,203
Mr. Harvey	52,500	63,000

**Long-Term Incentive Compensation.** As previously described, the final one-third of the upfront grant of restricted stock under the 2006-2008 Plan was eligible to vest in 2008. Vesting depended on the level of performance on two financial measures, Absolute TSR and Relative TSR, and on continued employment.

**Absolute TSR.** The Committee assessed the performance on the Absolute TSR measure and Relative TSR measure at its February 2009 meeting. The starting price for the Absolute TSR was \$18.61, based on the average of the high and low price of our common stock for the 60 day period ending December 31, 2007. The chart below shows the Absolute TSR measures at threshold, target and high, and the 2008 results:

Starting Price \$18.61	Threshold	Target	High	2008 Results
<b>Absolute TSR Measures</b>	7% return = \$19.91	10% return = 20.47	15% return = \$21.40	<b>\$8.09</b>
<b>Below Threshold</b>				

The ending price in 2008 was \$8.09, which represented the average of the high and low price of our common stock for the 60-day period ending December 31, 2008 of \$7.44 plus \$0.65 of dividends paid in 2008. The price of \$8.09 represented performance below threshold. As a result, no shares were released under the 2006-2008 Plan based on Absolute TSR. The chart below shows the shares eligible for release in 2008 based on the Absolute TSR measure and the forfeitures in 2008.

Name	Eligible 2008 Absolute TSR Shares	2008 Absolute TSR Shares Released	Total Absolute TSR Shares Forfeited 2008
Mr. Walter	111,804	0	111,804
Mr. Risoleo	61,098	0	61,098
Mr. Abji	29,931	0	29,931
Ms. Abdo	20,449	0	20,449
Mr. Harvey	22,083	0	22,083

**Table of Contents**

**Relative TSR.** The Committee also reviewed the results on the Relative TSR measure, which were prepared by its consultant, Towers Perrin. As previously explained, Relative TSR represents a cumulative return for one year (from year-end 2007 to year end 2008) reflecting price appreciation and dividend payments and is measured against the NAREIT Equity Index, with threshold equal to the 40<sup>th</sup> percentile, target equal to the 60<sup>th</sup> percentile and high equal to the 80<sup>th</sup> percentile. The Company ranked 82nd out of 114 companies in the NAREIT Equity Index for a percentile rank of 28%. The Relative TSR measure represented performance below threshold. As a result, no shares were released under the 2006-2008 Plan based on Relative TSR. The chart below shows the shares eligible for release in 2008 based on the Relative TSR measure and the forfeitures in 2008.

Name	Eligible 2008 Relative TSR Shares	2008 Relative TSR Shares Released	Total Relative TSR Shares Forfeited 2008
Mr. Walter	111,804	0	111,804
Mr. Risoleo	61,098	0	61,098
Mr. Abji	29,931	0	29,931
Ms. Abdoo	20,449	0	20,449
Mr. Harvey	22,083	0	22,083

**Continued Employment.** The named executive officers did receive those shares of restricted stock under the 2006-2008 Plan which were time-based. These shares vested on December 31, 2008 based on continued employment with the Company and were released on February 5, 2009. The chart below shows the shares that were released.

Name	Eligible 2008 Time Based Share	Total 2008 Time Based Shares Released
Mr. Walter	37,282	37,282
Mr. Risoleo	20,369	20,369
Mr. Abji	9,978	9,978
Ms. Abdoo	6,816	6,816
Mr. Harvey	7,366	7,366

**Other Arrangements.** The named executive officers also received 25% of the restricted stock under the 2005 Shareholder Value Award, which was an award of restricted stock made to senior executives, including Mr. Walter, Mr. Risoleo, Mr. Abji, Ms. Abdoo and Mr. Harvey, under the 2003-2005 compensation program in recognition of the significant stockholder return over stated performance objectives achieved by the Company for the period 2003-2005. These shares vested on February 9, 2008 based on continued employment with the Company and were released on February 11, 2008. The shares released were as follows: Mr. Walter, 25,000 shares; Mr. Risoleo, 18,750 shares; Mr. Abji, 12,500 shares; Ms. Abdoo, 12,500 shares; and Mr. Harvey, 9,375 shares.

**Summary.** Year-end 2008 marked the end of the three-year compensation program. In each of those three years, 2006, 2007 and 2008, compensation for each of the named executive

**Table of Contents**

officers declined. This is primarily due to the structure and design of the program, which had the largest component of executives' compensation in restricted stock awards with vesting conditions tied to achievement of financial measures. As economic conditions deteriorated in 2008, the measures established earlier in the year were not attainable. As a result, in 2008, as in 2007, executives vested in approximately 14% of the eligible shares. These were the portion of the 2006-2008 awards that vested based on continued employment with the Company. All shares under the award that were tied to financial performance measures were forfeited. The chart below shows the shares eligible to vest in 2008, the amount vested and the total forfeited:

**2008 Restricted Stock**

Mr. Walter	<b>111,804</b>	111,804	<b>37,282</b>	260,890	<b>37,282</b>	<b>223,608</b>
Mr. Risoleo	<b>61,098</b>	61,098	<b>20,369</b>	142,565	<b>20,369</b>	<b>122,196</b>

Ms. Abdoo	<b>20,449</b>	20,449	<b>6,816</b>	47,714	<b>6,816</b>	<b>40,898</b>
Mr. Harvey	<b>22,083</b>	22,083	<b>7,366</b>	51,532	<b>7,366</b>	<b>44,166</b>

In addition, the annual incentive award for executives declined significantly in 2008 from the prior two years as a result of the program design. Approximately 80% of the target award is tied to meeting an Adjusted FFO measure, and while members of senior management implemented the Company's business plan, the global economic downturn presented a very difficult operating environment resulting in threshold performance. The chart below shows the annual cash award received as compared to the target award opportunity for 2008.

Still, the emphasis on the business plan and achievement of individual objectives tied to that plan positioned the Company to navigate the current economic challenges through the development of a more diversified global platform and an emphasis on financial discipline with a reduction in overall leverage and strengthened balance sheet.

- (1) Salary is established at an annual rate, determined on the basis of a 52-week year, and is paid bi-weekly. The amount listed in the salary column includes amounts deferred at the election of the named executive officer under our Executive Deferred Compensation Plan in any such year. Mr. Walter was promoted to President and Chief Executive Officer on October 29, 2007. Mr. Harvey was promoted to Executive Vice President, Chief Financial Officer and Treasurer on November 1, 2007.

- (2) These amounts reflect the restricted stock expense recorded by the Company in its financial statements for each named executive officer. All our restricted stock awards are considered liability awards. The amounts include the following:

Shares granted under our 2006-2008 Plan for which the stock award compensation represents the fair value of the restricted stock awards that vested as of December 31, 2008. For 2008, the per share fair value of the 2006-2008 Plan awards that vested was \$7.57, which represents our closing stock price at December 31, 2008.

---

**Table of Contents**

We have also included compensation for the fair value of shares granted under the 2005 Shareholder Value Award, which was an award of restricted stock made to senior executives, including Mr. Walter, Mr. Risoleo, Mr. Abji, Ms. Abdoo and Mr. Harvey, under the 2003-2005 compensation program in recognition of the significant stockholder return over stated performance objectives achieved by the Company for the period 2003-2005. The awards were time vested over four years (2006-2009) based on continued employment. During 2008, the compensation includes the recognized expense for the shares that vested on February 9, 2008 but were released on February 11, 2008 for the period from January 1 through February 11, 2008. The expense was based on the closing price of the shares on February 11, 2008 of \$16.53 (as February 9, 2008 fell on a Saturday). The compensation also includes a portion of the shares that vest between February 10, 2008 and February 9, 2009. The amount includes the expense recognized from February 10, 2008 through December 31, 2008, and is based on a fair value of \$7.57, which represents our closing stock price at December 31, 2008.

We have also included compensation expense for the fair value of shares under the market adjustment award that was made to Messrs. Risoleo, Abji and Harvey and Ms. Abdoo on January 1, 2008 and which vested on January 2, 2009. For 2008, the per share fair value of the awards that vested was \$7.57, which represents our closing stock price at December 31, 2008.

- (3) These amounts reflect the annual incentive awards paid to each named executive officer, or deferred under the Executive Deferred Compensation Plan.
- (4) All Other Compensation consists of Company contributions to the Retirement and Savings Plan and the Executive Deferred Compensation Plan, perquisites and other personal benefits and tax reimbursements as follows:

Matching contributions of \$6,900 made under the Retirement and Savings Plan to each of Mr. Marriott, Mr. Walter, Mr. Risoleo, Mr. Abji, Ms. Abdoo and Mr. Harvey.

Matching contributions made under the Executive Deferred Compensation Plan as follows: Mr. Marriott, \$16,725; Mr. Walter, \$38,271; Mr. Risoleo, \$25,373; Mr. Abji, \$20,860; Ms. Abdoo, \$18,336 and Mr. Harvey, \$12,165.

Premiums associated with life insurance policies for Messrs. Walter and Risoleo. In connection with the long-term stock awards granted under the 2006-2008 executive compensation program, Messrs. Walter and Risoleo each agreed to purchase life insurance policies and to accept proceeds under these policies which would offset long-term incentive stock compensation that would vest and would be payable in the event of the executive's death. The Company annually reimburses each executive for the cost of each policy and the taxes payable as a result of this reimbursement. In 2008, the total amounts reimbursed, excluding taxes, were: Mr. Walter, \$12,161; and Mr. Risoleo, \$7,395.

In 2008, these perquisites consisted of financial planning and tax services, dining, complimentary rooms and other hotel services when on personal travel at hotels owned by us or managed by our major operators. (1) As described under Annual Incentive Awards in the Compensation Discussion and Analysis ( CD&A ), these are amounts that may be earned in 2008 based on the financial performance of the Company, which is measured by Adjusted FFO, and on the personal performance by each executive on objectives approved by the Committee. The actual amounts earned by the named executive officers in 2008 are reflected in the Summary Compensation Table under the column Non-Equity Incentive Plan Compensation and are described in the CD&A under Results for 2008 under the 2006-2008 Plan Annual Incentive Award Program.

(2) At Threshold, Target and Maximum, reflects the additional shares awarded for 2008 under the 2006-2008 Plan to Messrs. Walter and Harvey in connection with Mr. Walter's promotion to President and Chief Executive Officer and Mr. Harvey's promotion to Executive Vice President, Chief Financial Officer and Treasurer, and to Mr. Risoleo and Mr. Abji in connection with a review of compensation for senior management. As described in the CD&A under Long-Term Incentive Compensation these shares, which were made under the terms of the previous 2006-2008 awards to each executive, would vest based on the Company's performance in 2008 on an Absolute TSR measure and Relative TSR measure. These additional shares were granted on January 1, 2008, based on the average of the high and low price of the Company's common stock for the 60 calendar days preceding January 1, 2008, which was \$18.61. At Threshold performance, a total of twenty-five percent (25%) of shares granted would be earned; at Target performance, a total of fifty percent (50%) of shares granted would be earned; and at Maximum performance, one hundred percent (100%) of shares granted would be earned. Dividends accrued on invested share, but are not paid unless the shares vest and are released. As described in the CD&A under Results for 2008 under the 2006-2008

Company through December 31, 2008. These additional shares were part of the grant described above, and were awarded as follows: Mr. Walter, 11,764; Mr. Risoleo, 2,017; Mr. Abji, 1,344; and Mr. Harvey, 3,755. In addition, this column shows the market adjustment award made on January 1, 2008 to Messrs. Risoleo, Abji, Harvey and Ms. Abdo. The shares were granted on January 1, 2008 based on the average of the high and low price of the Company's common stock for the 60 calendar days preceding January 1, 2008, which was \$18.61 and would vest on January 2, 2009 based on continued employment. The shares awarded were as follows: Mr. Risoleo, 8,059; Mr. Abji, 5,373; Mr. Harvey, 5,373; and Ms. Abdo, 5,373. As described in the CD&A, the grants were made to reflect the increased responsibility among the senior executive team as a result of the transition in leadership and to enhance the stability of the team during the transition in leadership of the Company.

- (4) This column shows the fair value of restricted stock awards under the 2006-2008 Plan at the grant date, January 1, 2008, and the market adjustment award at the grant date, January 1, 2008. For the shares that vest based on market performance under the 2006-2008 Plan, the fair value on the grant date was calculated using a simulation or Monte Carlo method. These shares are considered liability awards under SFAS 123R, therefore, they are revalued quarterly based on the fair value on the balance sheet date. For the purposes of the simulation, we assumed a volatility of 24.8%, which was calculated based on the volatility of our stock price over the three years ended January 1, 2008, a risk-free interest rate of 3.07%, which reflects the January 1, 2008 yield on a 3-year Treasury bond, and a stock beta of 0.987 compared to the REIT composite index based on three years of historical price data for the period ended January 1, 2008. The weighted average fair value of the shares that vest based on the Absolute TSR measure was \$5.73 at January 1, 2008, and the weighted average value of the shares that would vest based on Relative TSR performance was \$7.79 on January 1, 2008. None of these shares were earned during 2008 and, therefore, we did not record any compensation expense related to these shares during 2008.

Fair value for the additional shares granted under the 2006-2008 Plan that would vest based on continued employment, as well as the market adjustment award, which vested based on continued employment, was \$17.28 on January 2, 2008. The fair value of these shares on December 31, 2008 was \$7.57, which was used to calculate the related expense for 2008.

**Table of Contents****Nonqualified Deferred Compensation**

The following table summarizes the named executive officers' compensation under the Executive Deferred Compensation Plan. The aggregate balance shown includes amounts earned prior to 2008 and voluntarily deferred. This is the only non-qualified retirement plan offered to senior executives. The Company does not have a pension plan and does not have a supplemental executive retirement program.

Larry K. Harvey	22,628	12,165	4,440	0	169,556

(1) Amounts reflect vested Executive Deferred Compensation Plan values as of December 31, 2008.

Under the Executive Deferred Compensation Plan, participants may defer any portion of their base salary or any amounts awarded under the annual incentive award. The Company matches \$.50 of each \$1.00 deferred, up to a maximum of 6% of the participant's compensation less the amount credited to the Retirement and Savings Plan. The Company may provide a discretionary matching contribution of up to \$.50 on each \$1.00 deferred up to 6% of the participant's compensation. The Company did not make a discretionary matching contribution in 2008.

Participants fully vest in Company contributions after five years of continued employment. The vesting schedule is 25% vesting after two years; 50% vesting after three years; 75% vesting after four years and 100% vesting after five years or more. Company contributions are fully vested (100%) for distributions related to normal retirement, death, disability and change of control.

The plan offers automatic lump sum distributions upon death or disability. The participant may elect to receive lump sum or installment distributions upon separation from service, or with respect to his or her deferrals only (no Company contributions) on such other dates certain that a participant may elect. Such elections are made at the time the participant elects to defer compensation for a year. However, key employee distributions payable upon separation from service will be delayed for six months. Participants may also elect to receive a lump sum distribution of their account in the event of change of control. Plan assets are held in a rabbi trust.

**Potential Severance, Change in Control Payments**

**Severance**

The Company does not have any employment agreements with U.S. based employees. The Company has, however, had a severance plan for senior executives in effect since 2003, which provides for benefits in the event of a senior executive's death or disability, or where a senior executive leaves the Company under the following circumstances:

As a result of a termination without cause. Cause is defined broadly to include failure to perform assigned duties in a reasonable manner, or as a result of incompetence or neglect; engaging in any act of dishonesty or bad faith with respect to the Company or its affairs; committing any act that reflects unfavorably on the executive or the Company; or engaging in any other conduct that in the reasonable judgment of the Board justifies termination;

Through a voluntary termination because of a material diminution in authority, duties or responsibilities;

Through a voluntary termination because of a material diminution in an executive's overall compensation opportunity; or

Through a voluntary termination because of a material change in the geographic location at which an executive is required to perform his duties for the Company.

The key elements of severance are as follows:

Upon death or disability, an executive would receive a prorated annual incentive bonus at the target level through the month of death or disability and all long-term incentive stock compensation vests. In addition, the executive would be entitled to benefits under our life insurance and disability plans that are applicable to all employees.

An executive terminated for the reasons explained, would receive a payment equal to a multiple of base salary and average bonus over the prior three year period. For example:

Mr. Walter, as president and chief executive officer, would be entitled to receive a payment equal to 2x his current base salary and 2x his average annual incentive bonus over the prior three year period.

All other executives covered by the plan would be entitled to receive a payment equal to 1x his or her current base salary and 1x his or her average annual incentive bonus over the prior three year period.

In addition, one year of the executive's long-term incentive stock award would accelerate and vest at the target level, and we would pay for the continuation of the executive's health and welfare benefits for 18 months or until the executive is re-employed, whichever period is shorter.

An executive terminated for cause is not entitled to any benefits under the severance plan.

**Table of Contents**

The table below quantifies the compensation that would become payable to a senior executive under these circumstances, assuming that such executive terminated employment with the Company on December 31, 2008. The compensation and benefits are in addition to benefits available generally to all employees, such as distributions under the Company's Retirement and Savings Plan and accrued vacation pay. All severance is contingent on the execution of a release in favor of the Company and a one year non-compete and non-solicitation agreement.

**Change-In-Control**

The severance plan also provides for certain payments in the event that there is both a change in control of the Company *and* the occurrence of any of the following events in the year immediately following the change in control:

A termination of the executive without cause, as defined above;

A voluntary termination because of a material diminution in authority, duties or responsibilities;

or

A voluntary termination because of a material change in the geographic location at which an executive is required to perform his duties for the Company.

The table below quantifies the compensation that would become payable to a senior executive under these circumstances assuming that a change in control occurred and such executive terminated employment with the Company on December 31, 2008. The compensation and benefits are in addition to benefits available generally to all employees, such as distributions under the Company's Retirement and Savings Plan and accrued vacation pay. The Company does not provide any consideration for excise taxes that the named executive officers might incur as a result of these payments. The cost of any tax would be borne by the executive.

## SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Federal securities laws require directors, executive officers, and owners of more than ten percent of our common stock to file reports with the SEC and with the New York Stock Exchange. These reports relate to the number of shares of our common stock that each of those persons beneficially owns, and any changes in their ownership. Based solely upon a review of copies of the forms furnished to the Company, we believe all persons required to file such forms have done so during 2008, except as noted below.

Due to an administrative oversight on the part of the Company, Pamela K. Wagoner, Senior Vice President, Human Resources, did not timely report the purchase of shares through the Company's Employee Stock Purchase Plan. The purchase occurred on September 30, 2008 and this oversight was corrected by a filing on February 13, 2009. Also, due to an administrative oversight on the part of the Company, Brian G. Macnamara, Senior Vice President - Controller, did not timely report the acquisition of shares resulting from a broker dividend reinvestment program for the fourth quarter 2007 dividend. The acquisition occurred on January 16, 2008 and this oversight was corrected by a filing on March 3, 2008.

## CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

### **Policy on Transactions and Arrangements with Related Persons**

In 2007 the Nominating and Corporate Governance Committee recommended, and the Board of Directors adopted, a policy with respect to related person transactions. The policy applies to any transaction, or series of transactions in which the Company, its subsidiaries or affiliates is or will be a participant, the amount involved exceeds \$100,000, and in which any related person has or will have a direct or indirect material interest. A related person for purposes of the policy includes:

any Company officer, senior manager, or director;

an owner of 5% or more of Company stock;

any immediate family member of any person listed above; or

any firm in which any of the foregoing persons is employed or is a principal in which such person has a 5% or greater interest.

Under the policy, the legal department will determine whether a transaction meets the requirements of a related person transaction. If so, the transaction will be reviewed by the Board of Directors, if it is part of a transaction which itself would require Board approval, or the Audit Committee will review the transaction at its next meeting in all other circumstances. In those instances in which the legal department, in consultation with the Chief Executive Officer, determines that it is not practicable or desirable for the Company to wait until the next Audit Committee meeting, then the transaction will be reviewed by the Chair of the Audit Committee. Based on its consideration of all the relevant facts and circumstances, each of the Board, Audit Committee or Chair will decide whether to approve the transaction.

As adopted, the policy has standing pre-approvals for transactions that meet specific criteria or are not considered related person transactions by the SEC. Pre-approved transactions include:

any transaction with another company at which a related person's only relationship is as an employee (other than an executive officer), director or beneficial owner of less than 10% of that company's shares, if the aggregate amount involved does not exceed the greater of \$1,000,000, or 2 percent of that company's total annual revenues;

any charitable contribution, grant or endowment by the Company to a charitable organization, foundation or university at which a related person's only relationship is as an employee (other than an executive officer) or a director, which has been approved pursuant to the Company's Charitable Contribution Policy if the aggregate

amount involved does not exceed the greater of \$1,000,000, or 2 percent of that charitable organization's total annual receipts;

any transaction involving a related person where the rates or charges involved are determined by competitive bids involving third parties who are not related persons; and

management agreements and franchise agreements entered into with Marriott International, Inc. and certain of its subsidiaries to manage Marriott and Ritz-Carlton hotels owned or leased by the Company or its subsidiaries, including modifications and amendments to existing agreements, if such agreements, amendments or modifications are on terms and conditions substantially consistent with the Company's then current agreements with Marriott International or other major third party operators.

### **Related Person Transactions**

Prior to October 8, 1993, we and Marriott International, Inc. were operated as a single consolidated company. On October 8, 1993, in connection with the issuance of a special dividend, the consolidated company's businesses were split between Host Marriott Corporation (renamed Host Hotels & Resorts, Inc.) and Marriott International. Thereafter, we retained the lodging real estate business and the airport/toll road concessions business, while Marriott International took the lodging and service management businesses. On December 29, 1995, we distributed the airport/toll road concessions business to our stockholders.

Our ongoing relationships with Marriott International can be divided into three general categories:

distribution agreement and the related agreements stemming from our separation into two companies;

lodging management and franchise agreements relating to our properties; and

acquisition financing and joint ventures.

As of January 31, 2009, Richard E. Marriott, the Chairman of our Board, beneficially owned approximately 13.7% of the outstanding shares of common stock of Marriott International. Mr. Marriott's brother, J.W. Marriott, Jr., serves as Chairman of the Board and Chief Executive Officer of Marriott International. By reason of Richard E. Marriott's ownership of such shares, and his brother's position at Marriott International, transactions between Marriott International and our Company are considered related person transactions within the meaning of our policy described above. A summary of our ongoing relationships with Marriott International is provided below.

#### *Distribution Agreement and Related Agreements*

In connection with the separation of our business from that of Marriott International, we entered into a distribution agreement with Marriott International that allocated the assumption of liabilities and cross-indemnities so that each company shouldered the financial and legal responsibility for its respective businesses. This distribution agreement has been amended from time to time. We also entered into other agreements with Marriott International in connection with the business separation which govern aspects of our ongoing relationships. These other agreements include:

#### *Tax Sharing Agreement*

We entered into a tax sharing agreement with Marriott International that allocates the parties' rights and obligations with respect to: (1) deficiencies and refunds of federal, state and

other income or franchise taxes relating to our businesses for tax years prior to the separation; and (2) certain of our tax attributes after the separation. We have agreed to cooperate with each other and to share information in preparing tax returns and in dealing with other tax matters.

### *Administrative Services Agreements and Office Space Lease*

We entered into agreements with Marriott International pursuant to which Marriott International provided certain continuing administrative services for us and our subsidiaries and by which we subleased office space from Marriott International. These services and the sublease were provided on market terms and conditions. In August 2002, we terminated the sublease and related administrative services agreements when we relocated to our current office space, although we continue to lease from Marriott International approximately 2,400 square feet of office space. In 2008, we paid Marriott International approximately \$98,097 in rental fees for this office space. In addition, we paid Marriott International \$100,000 in ground rent in connection with property at the Desert Springs, a JW Marriott Resort.

### *Lodging Management and Franchise Agreements*

Marriott International and certain of its subsidiaries have entered into management agreements with us and certain of our subsidiaries to manage Marriott-and Ritz-Carlton-branded full-service hotels owned or leased by us and our subsidiaries. Marriott International has also entered into a franchise agreement with us and certain of our subsidiaries that allow us to use the Marriott brand, associated trademarks, reservation systems and other related items for one Marriott hotel for which we have entered into an operating agreement with a hotel management company other than Marriott International. In 2008, we and our subsidiaries paid \$179 million in the aggregate in management and franchise fees to Marriott International. The initial term of our management agreements with Marriott International is generally 15 to 20 years with one or more renewal terms. Under each management agreement, Marriott International provides comprehensive management services for the hotels. These agreements typically include the terms described below.

*Operational Services.* Marriott International generally has sole responsibility and exclusive authority for all activities necessary for the day-to-day operation of the hotels, including establishing all room rates, processing reservations, procuring inventories, supplies and services, providing periodic inspection and consultation visits to the hotels by technical and operational experts and promoting and publicizing of the hotels. Marriott International receives compensation in the form of a base management fee which is calculated as a percentage (typically 3%) of annual gross revenues, and an incentive management fee, which is typically calculated as a percentage (generally 20%) of operating profit after we have received a priority return on our investment in the hotel.

*Executive Supervision and Management Services.* Marriott International provides all managerial and other employees for the hotels, reviews the operation and maintenance of the hotels, prepares reports, budgets and projections, provides other administrative and accounting support services to the hotels, such as planning and policy services, financial planning, divisional financial services, product planning and development,

---

**Table of Contents**

employee staffing and training, corporate executive management, and certain in-house legal services. For the majority of our properties managed by Marriott International, we have approval rights over the budget, capital expenditures and other matters.

*Chain Services.* Marriott International furnishes chain services on a centralized basis. Such services include: (1) the development and operation of certain computer systems and reservation services; (2) regional management and administrative services, regional marketing and sales services, regional training services, manpower development and relocation of regional personnel; and (3) such additional central or regional services as may from time to time be more efficiently performed on a regional or group basis rather than at an individual hotel. Costs and expenses incurred in providing these services are generally allocated among all hotels managed by Marriott International or its affiliates that benefit from these services.

*Working Capital and Fixed Asset Supplies.* Our management agreements with Marriott International typically require us to maintain working capital for each hotel and to fund the cost of certain fixed asset supplies (for example, linen, china, glassware, silver and uniforms). We are also responsible for providing funds to meet the cash needs for hotel operations if at any time the funds available from hotel operations are insufficient to meet the financial requirements of the hotels.

*Furniture, Fixtures and Equipment Replacements.* Under our management agreements with Marriott International, we are required to provide all necessary furniture, fixtures and equipment for the operation of the hotels (including funding any required furniture, fixtures and equipment replacements). The management agreements generally provide that, on an annual basis, the manager will prepare a list of furniture, fixtures and equipment to be acquired and certain routine repairs and maintenance to be performed in the next year and an estimate of the funds that are necessary, which is subject to our review and approval. For purposes of funding the furniture, fixtures and equipment replacements, a specified percentage (typically 5%) of the gross revenues of the hotel is deposited by the manager into an escrow account in our name, to which the manager has access. However, for 64 of our Marriott hotels, we have entered into an agreement with Marriott International to allow us to fund such expenditures directly as incurred from one account that we control, subject to maintaining a minimum balance of the greater of \$33.9 million or 30% of total annual specified contributions, rather than escrowing funds at accounts at each hotel.

*Building Alterations, Improvements and Renewals.* Marriott International is required to prepare an annual estimate of the expenditures necessary for major repairs, alterations, improvements, renewals and replacements to the structural, mechanical, electrical, heating, ventilating, air conditioning, plumbing and elevators of each hotel which we review and approve based on their recommendations and our judgment. In addition to the foregoing, the management agreements generally provide that the manager may propose such changes, alterations and improvements to the hotel as are required, in the manager's reasonable judgment, to keep the hotel in a competitive, efficient and economical operating condition consistent with Marriott's brand standards. We generally have approval authority over such changes, alterations and improvements.

## **Table of Contents**

*Sale of the Hotel.* Most of our management agreements with Marriott International limit our ability to sell, lease or otherwise transfer the hotels by requiring that the transferee assume the related management agreements and meet specified other conditions, including the condition that the transferee not be a competitor of Marriott International.

*Service Marks.* During the term of the management agreements, the brand name, service mark, symbols and logos used by the manager may be used in the operation of the hotel. Any right to use the brand name, service marks, logos and symbols and related trademarks at a hotel will terminate with respect to that hotel upon termination of the applicable management or franchise agreement.

*Termination on Sale.* While most of our management agreements with Marriott International are not terminable prior to their full term in connection with the sale of hotels, we have negotiated rights with respect to 21 specified Marriott-branded hotels to terminate management agreements in connection with the sale of these hotels subject to certain limitations (including annual limitations, limitations measured by EBITDA, and limitations requiring that a significant portion of such hotels maintain the Marriott brand affiliation). The described termination rights may be exercised without payment of a termination fee except for one of the specified hotels wherein a termination fee is required if it does not maintain the Marriott brand affiliation.

*Performance Termination.* The majority of our management agreements with Marriott International provide for termination rights in the case of the manager's prolonged failure to meet certain financial performance criteria, generally a set return on the owner's investment. We have agreed in the past, and may agree in the future, to waive certain of these termination rights in exchange for consideration from the hotel manager, which could take the form of cash compensation or amendments to the management agreement. Similarly, the majority of our management agreements condition the manager's right to renew pre-determined extension terms upon satisfaction of certain financial performance criteria.

In addition to our management agreements with Marriott International for our full service hotels, certain of our subsidiaries are partners in a joint venture that owned 115 Courtyard by Marriott lodging properties as of December 31, 2008. These properties are operated by a subsidiary of Marriott International under long-term agreements. In 2008, these properties paid approximately \$33 million in management fees to a subsidiary of Marriott International under those agreements. On March 29, 2005, we sold 85% of our interest in the joint venture to a third party for approximately \$92 million. In conjunction with the sale of our interest, the joint venture was recapitalized and converted to a limited partnership. Post-recapitalization, we own a 3.6% limited partner interest in the newly-formed partnership, which we have the right to cause the partnership to redeem, under certain conditions, through December 2009, subsequent to which the partnership will also have the right to redeem our remaining interest.

### *Acquisition Financing and Joint Venture*

Marriott International has in the past provided financing to us for a portion of the cost of acquiring properties to be operated or franchised by Marriott International. In 2008, Marriott

**Table of Contents**

International did not provide us with any new acquisition financing and we are not currently indebted to Marriott International for any acquisition financing, although it is possible that Marriott International may from time to time provide this type of financing in the future.

Any shares of Common Stock repurchased by the Company under Section 8.4 at the same price paid by the Holder so that such shares are returned to the Company will again be available for Awards. To the extent permitted by applicable law or any exchange rule, shares of Common Stock issued in assumption of, or in substitution for, any outstanding awards of any entity acquired in any form of combination by the Company or any Subsidiary shall not be counted against shares of Common Stock available for grant pursuant to the Plan. The payment of Dividend Equivalents in cash in conjunction with any outstanding Awards shall not be counted against the shares available for issuance under the Plan. Notwithstanding the provisions of this Section 3.1(b), no shares of Common Stock may again be optioned, granted or awarded if such action would cause an Incentive Stock Option to fail to qualify as an incentive stock option under Section 422 of the Code.

3.2 Stock Distributed. Any Common Stock distributed pursuant to an Award may consist, in whole or in part, of authorized and unissued Common Stock, treasury Common Stock or Common Stock purchased on the open market.

3.3 Limitation on Number of Shares Subject to Awards. Notwithstanding any provision in the Plan to the contrary, and subject to Section 12.2, to the extent that any Award granted hereunder is subject to the limitations of Code Section 162(m), then the maximum aggregate number of shares of Common Stock with respect to one or more Awards that may be granted to any one person during any fiscal year shall be 2,500,000 and the maximum aggregate amount of cash that may be paid in cash to any one person during any fiscal year with respect to one or more Awards shall be \$10,000,000, determined based on the value at the time of grant.

**ARTICLE 4.**

4.1 Participation. The Committee may, from time to time, select from among all Eligible Individuals, those to whom an Award shall be granted and shall determine the nature and amount of each Award. No Eligible Individual shall have any right to be granted an Award pursuant to the Plan.

Notwithstanding any other provision of the Plan to the contrary, an Employee shall not be eligible to participate in the Plan and shall cease to be a Participant to the extent that the participation of such Employee would violate the ownership limits set forth in Article VIII of the Host Hotels & Resorts, Inc. Articles of Restatement of Articles of Incorporation.

4.2 Award Agreement. Each Award shall be evidenced by an Award Agreement. Award Agreements evidencing Awards intended to qualify as Performance-Based Compensation

To the extent permitted by applicable law, the Plan and Awards granted or awarded hereunder shall be deemed amended to the extent necessary to conform to such applicable exemptive rule.

4.4 At-Will Employment. Nothing in the Plan or in any Award Agreement hereunder shall confer upon any Holder any right to continue in the employ of, or as a Director or Consultant for, the Company or any Subsidiary, or shall interfere with or restrict in any way the rights of the Company and any Subsidiary, which rights are hereby expressly reserved, to discharge any Holder at any time for any reason whatsoever, with or without cause, except to the extent expressly provided otherwise in a written agreement between the Holder and the Company or any Subsidiary.

4.5 Foreign Holders. Notwithstanding any provision of the Plan to the contrary, in order to comply with the laws in other countries in which the Company and its Subsidiaries operate or have Employees or Directors, or in order to comply with the requirements of any foreign stock exchange, the Committee, in its sole discretion, shall have the power and authority to: (a) determine which Subsidiaries shall be covered by the Plan; (b) determine which Eligible Individuals outside the United States are eligible to participate in the Plan; (c) modify the terms and conditions of any Award granted to Eligible Individuals outside the United States to comply with applicable foreign laws or listing requirements of any such foreign stock exchange; (d) establish subplans and modify exercise procedures and other terms and procedures, to the extent such actions may be necessary or advisable (any such subplans and/or modifications shall be attached to the Plan as appendices); *provided, however*, that no such subplans and/or modifications shall increase the share limitations contained in Sections 3.1 and 3.3; and (e) take any action, before or after an Award is made, that it deems advisable to obtain approval or comply with any necessary local governmental regulatory exemptions or approvals or listing requirements of any such foreign stock exchange. Notwithstanding the foregoing, the Committee may not take any actions hereunder, and no Awards shall be granted, that would violate the Code, the Exchange Act, the Securities Act or any other securities law or governing statute or any other applicable law.

4.6 Stand-Alone and Tandem Awards. Awards granted pursuant to the Plan may, in the sole discretion of the Committee, be granted either alone, in addition to, or in tandem with, any other Award granted pursuant to the Plan. Awards granted in addition to or in tandem with other Awards may be granted either at the same time as or at a different time from the grant of such other Awards.

**PROVISIONS APPLICABLE TO AWARDS INTENDED TO QUALIFY AS PERFORMANCE-BASED COMPENSATION.**

5.1 Purpose. The Committee, in its sole discretion, may determine whether an Award is to qualify as Performance-Based Compensation. If the Committee, in its sole discretion, decides to grant such an Award to an Eligible Individual that is intended to qualify as Performance-Based Compensation, then the provisions of this Article 5 shall control over any contrary provision contained in the Plan. The Committee may in its sole discretion grant Awards to other Eligible Individuals that are based on Performance Criteria or Performance Goals but that do not satisfy the requirements of this Article 5 and that are not intended to qualify as Performance-Based Compensation. Unless otherwise specified by the Committee at the time of grant, the Performance Criteria with respect to an Award intended to be Performance-Based Compensation payable to a Covered Employee shall be determined on the basis of Applicable Accounting Standards.

5.2 Applicability. The grant of an Award to an Eligible Individual for a particular Performance Period shall not require the grant of an Award to such Individual in any subsequent Performance Period and the grant of an Award to any one Eligible Individual shall not require the grant of an Award to any other Eligible Individual in such period or in any other period.

5.3 Types of Awards. Notwithstanding anything in the Plan to the contrary, the Committee may grant any Award to an Eligible Individual intended to qualify as Performance-Based Compensation, including, without limitation, Restricted Stock, the restrictions with respect to which lapse upon the attainment of specified Performance Goals, and any performance or incentive Awards described in Article 9 that vest or become exercisable or payable upon the attainment of one or more specified Performance Goals.

5.4 Procedures with Respect to Performance-Based Awards. Following the completion of each Performance Period, the Committee shall certify in writing whether and the extent to which the applicable Performance Goals have been achieved for such Performance Period. In determining the amount earned under such Awards, the Committee shall have the right to reduce or eliminate (but not to increase) the amount payable at a given level of performance to

5.5 Payment of Performance-Based Awards. Unless otherwise provided in the applicable Award Agreement and only to the extent otherwise permitted by Section 162(m)(4)(C) of the Code, as to an Award that is intended to qualify as Performance-Based Compensation, the Holder must be employed by the Company or a Subsidiary throughout the Performance Period. Furthermore, a Holder shall be eligible to receive payment pursuant to such Awards for a Performance Period only if and to the extent the Performance Goals for such period are achieved.

5.6 Additional Limitations. Notwithstanding any other provision of the Plan, any Award which is granted to an Eligible Individual and is intended to qualify as Performance-Based Compensation shall be subject to any additional limitations set forth in Section 162(m) of the Code or any regulations or rulings issued thereunder that are requirements for qualification as Performance-Based Compensation, and the Plan and the Award Agreement shall be deemed amended to the extent necessary to conform to such requirements.
