On July 28, 2009, Virgin Mobile sent the following information to its customer care agents:

**CUSTOMER CARE FAQs**

**WHAT WAS JUST ANNOUNCED ABOUT SPRINT AND VIRGIN MOBILE USA?**

Sprint Nextel and Virgin Mobile USA announced that Sprint Nextel will acquire Virgin Mobile USA later this year. A copy of the press release is available [\[here\]](#) on our website under News Releases in the Corporate Communications area. Virgin Mobile will be brought together with Boost into a new prepaid business unit, combining the strengths of both companies.

However, the deal is not expected to be completed until the fourth quarter of this year. Until the transaction closes, Boost and Virgin Mobile USA will continue to operate independently.

**SO WHAT WILL HAPPEN TO VIRGIN MOBILE CUSTOMERS?**

There will be no impact or interruption in service for our customers. Our first priority is to stay focused on providing great customer service while this transaction is completed. Going forward, we believe our customers will only benefit as we have access to a wider array of devices.

Since our launch in 2002, Virgin Mobile USA has consistently looked for ways to improve its wireless for customers. This merger will allow us to expand our products and services, and provide even more value for our customers.

**WHAT ABOUT VIRGIN MOBILE POSTPAID CUSTOMERS [HELIO OWNERS]?**

Virgin Mobile USA will continue to service its postpaid accounts and handsets as well; these customers will also not be impacted.

**SO NOW I'LL BE ABLE TO USE SPRINT PHONES WITH VIRGIN MOBILE/VIRGIN MOBILE PHONES ON SPRINT PLANS?**

Nothing about the services Virgin Mobile or Sprint offer will change. For now, you'll continue to be able to choose either a Virgin Mobile phone with a Virgin Mobile plan or a Sprint phone with a Sprint plan. Sprint will continue to offer postpaid wireless and Boost Mobile, a division of Sprint, will continue to offer prepaid plans along with Virgin Mobile.

In the future, we expect this transaction to benefit our customers as it will give us access to better handset choices, more robust services and a stronger company overall.

**Safe Harbor**

This report includes forward-looking statements regarding the proposed acquisition and related transactions that are not historical or current facts and deal with potential future circumstances and developments, in particular information regarding the rate of growth in the prepaid wireless segment, expected synergies from the acquisition, and whether and when the transactions contemplated by the merger agreement will be consummated. Forward-looking statements are qualified by the inherent risk and uncertainties surrounding future expectations generally and may materially differ from actual future experience. Risks and uncertainties that could affect forward-looking statements include: the failure to realize synergies as a result of operational efficiencies, streamlined distribution and general and

administrative reductions in the timeframe expected or at all; unexpected costs or liabilities; the result of the review of the proposed transaction by various regulatory agencies, and any conditions imposed in connection with the consummation of the transaction; approval of the transaction agreement by the stockholders of Virgin Mobile and satisfaction of various other conditions to the closing of the transaction contemplated by the transaction agreement; and the risks that are described from time to time in Sprint Nextel's and Virgin Mobile's respective reports filed with the Securities and Exchange Commission (SEC), including the annual report on Form 10-K for the year ended December 31, 2008 and quarterly report on Form 10-Q for the quarter ended March 31, 2009 of each of Sprint Nextel and Virgin Mobile. This report speaks only as of its date and Sprint Nextel and Virgin Mobile disclaim any duty to update the information herein.

**Important Additional Information will be Filed with the SEC**
