Item 2.02 Results of Operations and Financial Condition.

Item 7.01 Regulation FD Disclosure.

As previously disclosed, on January 12, 2010, officers of Humana Inc. (the Company) will be meeting with investors and analysts at an industry conference. During the meetings, the Company intends to address its prospects and performance. In addition, the Company expects that gross sales for Medicare Advantage for 2010 and for stand-alone Prescription Drug Plans are expected to be in line with previous projections. The Company is continuing to receive January 2010 disenrollment data for all Medicare plans from the Centers for Medicare and Medicaid Services (CMS), consistent with historical disenrollment reporting patterns from CMS. Initial data indicates slightly lower attrition than previously forecast in the Company's Medicare Advantage program, and somewhat higher attrition than previously forecast in the Company's stand-alone Prescription Drug Plans. The Company anticipates Medicare Advantage program membership additions to be slightly higher than previously expected, while stand-alone Prescription Drug Plan membership is not likely to significantly increase as previously expected.

The Company will not opine on earnings per share (EPS) expectations for 2009 and 2010 at this conference since it is in the process of closing its books for 2009 as well as evaluating the impact of previously disclosed changes to its TRICARE contract for 2010.
