Report of Independent Registered Public Accounting Firm

To the Participants and Plan Administrator of the CIBC World Markets Incentive Savings Plan for United States Employees

We have audited the accompanying statements of net assets available for benefits of the CIBC World Markets Incentive Savings Plan for United States Employees (the Plan) as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but do not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. Our audits also include examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2009 and 2008, and the changes in net assets available for benefits for the year ended December 31, 2009, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2009 is presented for the purpose of additional analysis and is not required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

CIBC World Markets Incentive Savings Plan for United States Employees

Notes to Financial Statements

December 31, 2009

1. Description of the Plan

The following description of the CIBC World Markets Incentive Savings Plan for United States Employees (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for more complete information. Terms used in this description have the same meaning as in the Plan.

General

The Plan is a defined contribution plan covering substantially all United States employees of Canadian Imperial Bank of Commerce (CIBC), the Plan's sponsor. The U.S. Benefits Committee administers the Plan. Vanguard Fiduciary Trust Company (the Trustee) serves as the trustee of the Plan, and together with several investment managers, manages the Plan's investments. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility and Participation

An Eligible Employee as defined by the Plan is eligible to participate in the Plan on the later of attainment of age 18 or his/her date of hire.

Contributions

A plan participant may contribute between 2% and 50% of their base salary on a before tax or after tax basis, subject to Internal Revenue Service limitations. CIBC matches up to 50% of a participant's contribution up to 6% of the participant's base salary. A discretionary bonus contribution may be determined by CIBC as a fixed percentage of a participant's base salary for the portion of the year a participant was eligible to participate in the Plan. Management has decided there will not be a discretionary bonus contribution for the year ended December 31, 2009.

Table of Contents

CIBC World Markets Incentive Savings Plan for United States Employees

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the Plan earnings and contributions made by the participant and CIBC, and charged with an allocation of Plan losses and any benefit distributions. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. At December 31, 2009, participant forfeitures of \$67,901 were used to offset CIBC contributions to the Plan.

Investments

Participants direct their account balances into various investment options offered by the Plan.

Vesting

Participants employed by CIBC prior to January 2, 1998, who were still employed on January 1, 1999, are fully vested in their accounts including all future contributions to the Plan. Each other participant will have a fully vested non-forfeitable interest in the CIBC matching and discretionary bonus contributions after completing three years of service. Amounts forfeited by participants may be used to reduce CIBC matching or bonus contributions.

Participant Loans

Participants may borrow from their fund accounts up to the lesser of \$50,000 or 50 percent of their vested account balance. The minimum loan amount is \$1,000. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as prescribed in the Plan document.

Payment of Benefits

After attaining 59-1/2 years of age, a participant may withdraw any portion or all of his/her before tax, CIBC matching or discretionary bonus accounts in that order of priority. Prior to attaining age 59-1/2, an employed participant may withdraw any portion or all of his/her after tax savings account plus earnings or rollover account. Prior to attaining age 59-1/2 employed

Table of Contents

CIBC World Markets Incentive Savings Plan for United States Employees

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

participants may not withdraw any amount from his/her before tax, CIBC matching or discretionary contribution accounts unless he/she can establish that financial hardship exists as defined in the Plan document, in which case, a participant may request a distribution of his/her before tax account. Upon termination of employment, a participant (or his/her beneficiary) may receive a distribution of the vested account balance. Lump sum payment will be made on any distributions if the account balance is less than or equal to \$1,000. If the account balance is greater than \$1,000, the participant (or his/her beneficiary) may elect to receive a lump sum distribution or installment payments over a period that does not extend beyond the life expectancy of the participant (or his/her beneficiary).

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) and are presented on the accrual basis of accounting.

New Accounting Pronouncements

The Hierarchy of U.S. Generally Accepted Accounting Principles

The Financial Accounting Standards Board (FASB) has issued *The Hierarchy of Generally Accepted Accounting Principles* which identifies the sources of accounting principles and provides a U.S. GAAP hierarchy for selecting the principles to be used in preparation of financial statements that are present in conformity with U.S. GAAP. The standard is effective for financial statements issued for interim and annual periods ending after September 15, 2009. As the standard is not intended to change or alter existing U.S. GAAP, adoption of this standard did not impact the Plan's financial statements.

Subsequent Events

In May 2009, the FASB issued FASB Statement Number 165, *Subsequent Events*, which was codified into Accounting Standards Codification (ASC) 855, *Subsequent Events*, to provide general standards for accounting for and disclosure of events that occur after the balance sheet date, but before the financial statements are issued or available to be issued. ASC 855 was amended in February 2010. The Plan has adopted ASC 855, as amended.

Table of Contents

CIBC World Markets Incentive Savings Plan for United States Employees

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Fair Value of Investments

In September 2009, the FASB issued Accounting Standards Update (ASU) 2009-12, *Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. ASU 2009-12 amended ASC 820 to allow entities to use net asset value (NAV) per share (or its equivalent), as a practical expedient, to measure fair value when the investment does not have a readily determinable fair value and the net asset value is calculated in a manner consistent with investment company accounting. The Plan adopted the guidance in ASU 2009-12 for the reporting period ended December 31, 2009 and it did not have a material effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein at the date of the financial statements. Actual results could differ from these estimates.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in value of investment securities will occur in the near term and that such changes would materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value in accordance with ASC 820, *Fair Value Measurements*. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. The Plan's investment in the CIBC Stock Fund is valued at the year-end unit closing price. Participant loans are valued at their outstanding balance, which approximates fair value. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Table of Contents

CIBC World Markets Incentive Savings Plan for United States Employees

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

As required by U.S. GAAP, the statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

The Vanguard Retirement Saving Trust invests in fully benefit-responsive investment contracts. These investment contracts are recorded at fair value (see Note 8); however, since these contracts are fully benefit-responsive, an adjustment is reflected in the statement of Net Assets Available for Benefits to present these investments at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Table of Contents

(*) T. Rowe Price International Funds, Inc.: Emerging Markets Stock Fund	2,879,699	1,449,163
(*) UAM Funds, Inc.: C&B Mid Cap Equity Portfolio		397,537
(*) Vanguard High-Yield Corporate Fund	3,797,599	2,657,578
(*) Vanguard Retirement Savings Trust (**)	1,569,095	1,355,444
(*) Vanguard Target Retirement 2005 Fund	307,994	452,794
(*) Vanguard Target Retirement 2010 Fund	763,420	1,268,930
(*) Vanguard Target Retirement 2015 Fund	2,182,975	2,007,148
(*) Vanguard Target Retirement 2020 Fund	1,520,059	1,219,144
(*) Vanguard Target Retirement 2025 Fund	1,842,159	1,211,513
(*) Vanguard Target Retirement 2030 Fund	1,921,386	1,437,857
(*) Vanguard Target Retirement 2035 Fund	1,659,415	1,608,611
(*) Vanguard Target Retirement 2040 Fund	683,868	485,357
(*) Vanguard Target Retirement 2045 Fund	272,520	264,238
(*) Vanguard Target Retirement 2050 Fund	93,710	86,694
(*) Vanguard Target Retirement Income	282,828	155,841
(*) Participants Loans	929,629	1,160,931
Subtotal	25,519,717	28,061,879
Total investments	\$ 156,353,470	\$ 141,440,293

(*) Permitted party-in-interest

(**)The Plan's investment in the Vanguard Retirement Savings Trust is reported above at contract value. The fair value of the Plan's investment in the Vanguard Retirement Savings Trust was \$1,604,472 and \$1,333,369 at December 31, 2009 and 2008, respectively.

Table of Contents

CIBC World Markets Incentive Savings Plan for United States Employees

Notes to Financial Statements (continued)

3. Investments (continued)

During the year ended December 31, 2009, gains and losses on investments sold as well as appreciation/depreciation in the value of Plan assets held at year end were broken down as follows:

	2009
Registered investment companies	\$ 25,279,115
CIBC Stock Fund	4,340,096
Net realized and unrealized appreciation in fair value of investments	\$ 29,619,211

During the year ended December 31, 2009, interest and dividend income earned on Plan assets were as follows:

	2009
Registered investment companies	\$ 2,824,026
CIBC Stock Fund	574,993
Participant loans	60,663
Total interest and dividend income	\$ 3,459,682

4. Related-Party Transactions

Certain Plan investments are shares of mutual funds managed by the Trustee or its affiliates, therefore, these transactions qualify as permitted party-in-interest transactions.

Certain officers and employees of the Plan's sponsor (who may also be participants in the Plan) perform administrative services related to the Plan's operation, record keeping and financial reporting. The Plan's sponsor pays these individuals' salaries and also pays all other administrative expenses on the Plan's behalf.

The foregoing transactions are not deemed prohibited party-in-interest transactions, because they are covered by statutory and administrative exemptions from the Internal Revenue Code (the "code") and ERISA's rules on prohibited transactions.

Table of Contents

CIBC World Markets Incentive Savings Plan for United States Employees

Notes to Financial Statements (continued)

5. Federal Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated July 19, 2004, stating that the Plan is qualified under Section 401(a) of the Code. Subsequent to this determination by the Internal Revenue Service, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan, as amended, is qualified and the related trust is tax exempt.

6. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2009 and 2008 to the Form 5500:

	December 31	
	2009	2008
Net assets available for benefits per the financial statements	\$ 156,353,470	\$ 141,552,618
Add: Adjustment from fair value to contract value for fully benefit-responsive contracts	35,377	(22,075)
Net assets available for benefits per Form 5500	\$ 156,388,847	\$ 141,530,543

The following is a reconciliation of the change in net assets available for benefits per the financial statements for the year ended December 31, 2009, to the Form 5500:

Net increase in net assets available for benefits per the financial statements	\$ 14,800,852
Net adjustment from fair value to contract value for fully benefit-responsive investment contracts	35,377
Net increase in net assets available for benefits per the Form 5500	\$ 14,836,229

The accompanying financial statements present fully benefit-responsive investment contracts at contract value. The Form 5500 requires fully benefit-responsive investment contracts to be reported at fair value. Therefore, the adjustment from fair value to contract value for fully benefit-responsive investment contracts represents a reconciling item.

Table of Contents

CIBC World Markets Incentive Savings Plan for United States Employees

Notes to Financial Statements (continued)

7. Discontinued Operations

Effective January 1, 2008, CIBC sold the U.S. domestic investment banking, equities, leverage finance and related debt capital markets businesses to Oppenheimer & Co, Inc. The Plan experienced a partial plan termination and participants that were involuntary terminated were fully vested by the Plan.

8. Fair Value Measurements

Under U.S. GAAP, fair value is defined as the price that the Plan would receive to sell an asset or pay to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan categorizes its fair value measurements according to a three-level hierarchy based upon the transparency of the inputs to the valuation of an asset or a liability as of the measurement date. The three levels are defined as follows:

- Level 1 Observable inputs based on quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 Inputs other than quoted prices in active markets for identical assets or liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:
- o Quoted prices for similar assets or liabilities in active markets;
 - o Quoted prices for identical or similar assets or liabilities in inactive markets;
 - o Inputs other than quoted prices that are observable for the asset or liability;
 - o Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 Unobservable inputs that reflect an entity's own assumption about what inputs a market participant would use in pricing the asset or liability based on the best information available in the circumstances.
- The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Table of Contents

CIBC World Markets Incentive Savings Plan for United States Employees

Notes to Financial Statements (continued)

8. Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Common stocks, corporate bonds and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Registered investment companies: Valued at the net asset value (NAV) of shares held by the plan at year end.

Participant loans: Valued at amortized cost, which approximates fair value.

Guaranteed investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, with the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

	Assets at Fair Value as of December 31, 2009			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 114,124,799	\$ 27,193,306		\$ 141,318,105
Common stocks	\$ 12,536,641			12,536,641
Guaranteed investment contracts		1,604,472		1,604,472
Participant loans			\$ 929,629	929,629
Total assets at fair value	\$ 126,661,440	\$ 28,797,778	\$ 929,629	\$ 156,388,847

	Assets at Fair Value as of December 31, 2008			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 105,277,536	\$ 25,654,936		\$ 130,932,472
Common stocks	\$ 7,991,446			7,991,446
Guaranteed investment contracts		1,333,369		1,333,369
Participant loans			\$ 1,160,931	1,160,931
Total assets at fair value	\$ 113,268,982	\$ 26,988,305	\$ 1,160,931	\$ 141,418,218

Table of Contents

CIBC World Markets Incentive Savings Plan for United States Employees

Notes to Financial Statements (continued)

8. Fair Value Measurements (continued)**Level 3 Gains and Losses**

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the years ended December 31, 2009 and December 31, 2008.

Level 3 Assets**Year Ended December 31, 2009**

	Participant loans
Balance, beginning of year	\$ 1,160,931
Realized gains/(losses)	
Unrealized gains/(losses) relating to instruments still held at the reporting date	
Purchases, sales, issuances and settlements (net)	(231,302)
Balance, end of year	\$ 929,629

Level 3 Assets**Year Ended December 31, 2008**

	Participant loans
Balance, beginning of year	\$ 1,663,309
Realized gains/(losses)	
Unrealized gains/(losses) relating to instruments still held at the reporting date	
Purchases, sales, issuances and settlements (net)	(502,378)
Balance, end of year	\$ 1,160,931

9. Subsequent Events

The Plan has evaluated the impact of events that have occurred subsequent to December 31, 2009 through June 25, 2010, the date the financial statements were available for issuance. Based on this evaluation, the Plan has determined no events were required to be recognized or disclosed in the financial statements.
