Section 1 Registrant's Business and Operations

Item 1.02 Entry into a Materially Definitive Agreement.

The information provided in Item 2.03 below is hereby incorporated herein by reference.

Section 2 Financial Information

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of the Registrant.

On July 28, 2010, Crown Holdings, Inc. (the Company) completed its note offering of 500,000,000 aggregate principal amount 6 7/8% Senior Notes due 2018 (the Offering).

In connection with the Offering, Crown European Holdings SA (the Issuer), a wholly owned subsidiary of the Company, issued 500,000,000 aggregate principal amount of 7 1/8% Senior Notes due 2018 (the Notes). The Notes were sold in a private placement and resold by the initial purchasers to qualified institutional buyers pursuant to Rule 144A of the Securities Act of 1933 (the Securities Act) and to non-U.S. persons pursuant to Regulation S of the Securities Act. The Notes have not been registered under the Securities Act and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements.

The Notes will mature on August 15, 2018 and will accrue interest at a rate of 7 1/8% per year. Interest on the Notes will be payable semi-annually on February 15 and August 15 of each year, beginning on February 15, 2011. The Issuer may redeem some or all of the Notes at any time prior to August 15, 2014 by paying a make-whole premium, plus accrued and unpaid interest, if any, to the redemption date. At any time prior to August 15, 2013, the Issuer may use the net proceeds of certain equity offerings of capital stock of the Company that are contributed to the common equity capital or are used to subscribe for qualified capital stock of the Company to redeem up to 35% of the principal amount of the Notes at a redemption price equal to 107.125% of their principal amount plus accrued and unpaid interest, if any, to the redemption date; provided that at least 65% of the aggregate principal amount of such Notes originally issued remain outstanding immediately after such redemption.

If the Issuer or the Company experiences a change of control, the Issuer may be required to offer to purchase the Notes at a purchase price equal to 101% of the principal amount, plus accrued and unpaid interest, if any, to the repurchase date.

The Notes are senior obligations of the Issuer and will be unconditionally guaranteed on a senior basis by the Company and each of the Company's present and future U.S. subsidiaries that guarantees obligations under the Company's credit facilities and, subject to applicable law, each of the Issuer's subsidiaries that guarantee obligations under the Company's credit facilities.

The Notes have been issued under an indenture with The Bank of New York Mellon, as trustee. The indenture governing the Notes contains covenants that will limit the ability of the Company and the ability of its restricted subsidiaries (including the Issuer) to, among other things: incur additional debt; pay dividends or make other distributions, repurchase capital stock, repurchase subordinated debt and make certain investments; create liens and engage in sale and leaseback transactions; create restrictions on the payment of dividends and other amounts to the Company or the Issuer from restricted subsidiaries; sell assets or merge or consolidate with or into other companies; and engage in transactions with affiliates. If an event of default, as specified in the indenture governing the Notes, shall occur and be continuing, either the trustee or the holders of a specified percentage of the Notes may accelerate the maturity of all the Notes. The covenants, events of default and acceleration rights described in this paragraph are subject to important exceptions and qualifications, which are described in the indenture filed herewith.

The description set forth above is qualified in its entirety by the indenture governing the Notes filed herewith as an exhibit.
