PROSPECTUS

DIVIDEND REINVESTMENT PLAN
500,000 Shares of Common Stock

American National Bankshares Inc.'s Dividend Reinvestment Plan provides holders of its common stock with a convenient way to purchase additional shares of our common stock. By enrolling in the plan, participants can automatically reinvest cash dividends on all of their shares enrolled in the plan as well as make quarterly voluntary cash payments to acquire additional shares under the plan. Participation in the plan is entirely voluntary so that shareholders may join the plan and terminate their participation in the plan at any time. This prospectus updates and replaces our prospectus dated August 20, 1997 with respect to the plan.

We intend to direct the plan administrator to purchase shares of our common stock in the open market at fair market value, in privately negotiated transactions, or directly from us by purchasing authorized but unissued shares at a price based on the average of the closing prices of the shares on the five trading days ending with, and including, the Investment Date (as defined in Question 16 of this prospectus). We will not receive proceeds from sales made in the open market or in privately negotiated transactions. We will receive all of the proceeds in sales of common stock purchased by the plan administrator directly from American. We are authorized to issue up to 500,000 shares of our common stock under the plan. As of May 20, 2011, the closing market price of our common stock was \$20.25. Our common stock is listed on the NASDAQ Global Select Market under the symbol `AMNB`. Cash dividends, if and when declared, will be reinvested under the terms of the plan. Shareholders may participate in the plan with respect to all or a portion of their shares of common stock.

We provide a description of the plan in this prospectus in an easy to understand question and answer format. We encourage you to read it carefully. If you have any additional questions, please call Registrar and Transfer Company, the plan administrator, at (800) 368-5948. We recommend that you retain this prospectus for future reference.

An investment in common stock held in the plan account has the same market risks as an investment in common stock held in certificate form. Participants bear the risk of loss (and receive the benefit of gain) occurring by reason of fluctuations in the market price of the common stock held in the plan account.

These shares are not deposits or savings accounts and are not insured or guaranteed by the Federal Deposit Insurance Corporation or any other governmental agency, and are subject to investment risk, including the possible loss of principal.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved these securities or passed upon the accuracy or adequacy of this prospectus. Any representation to the contrary is a criminal offense.

SUMMARY

American National Bankshares Inc. is a registered bank holding company incorporated under the laws of the Commonwealth of Virginia. Our corporate offices are located at 628 Main Street, Danville, Virginia 24541, and our telephone number is (434) 792-5111.

We have adopted the Dividend Reinvestment Plan to offer our shareholders an opportunity to purchase additional shares of our common stock automatically through the reinvestment of cash dividends. From time to time, we may amend the plan, including increasing the number of shares available under the plan to meet the demands of our shareholders. This prospectus describes our Dividend Reinvestment Plan in effect as of the date of this prospectus. If you do not choose to enroll in the plan, you will continue to receive cash dividend payments from American, if and when cash dividends are declared and paid.

If you are a registered owner of our common stock, you are eligible to enroll in the plan. You may make purchases under the plan with your cash dividends on some or all of the shares of American common stock you own in registered form and through the plan's voluntary cash payment feature. You may enroll in the plan by completing an enrollment form and returning it to:

If you enroll in the plan, the administrator will use the cash dividends on the shares you designate, as well as any voluntary cash payments you make, to purchase additional shares of American common stock. Historically, we pay cash dividends on a quarterly basis. If we do not pay a cash dividend, there will be no investment under the plan, unless you purchase shares through the plan's voluntary cash payment feature. Voluntary cash payment purchases may be made quarterly.

If the plan purchases original issue shares, the purchase price will be based on the average of the closing prices of the shares as quoted on the NASDAQ Global Select Market on the five trading days ending with, and including, the Investment Date (as defined in Question 16, below). If the plan purchases shares in the open market, the purchase price for each share will be the weighted average of prices actually paid for shares for

the relevant purchase date, excluding all fees, brokerage commissions, and expenses. If the plan purchases shares in privately negotiated transactions, the purchase price for each share will be the weighted average of prices actually paid for the shares for the relevant purchase date, excluding all fees, brokerage commissions, and expenses.

RISK FACTORS

There are risks and uncertainties involved with an investment in shares of our common stock. See the Risk Factors sections of our annual reports on Form 10-K and quarterly reports on Form 10-Q, which we file with the SEC and incorporate by reference into this prospectus, for a discussion of the factors that should be considered in connection with such an investment.

DESCRIPTION OF THE DIVIDEND REINVESTMENT PLAN

The American National Bankshares Inc. Dividend Reinvestment Plan is as follows. We present the plan in a question and answer format. Shareholders who do not choose to participate in the plan will continue to receive cash dividend payments, if and when cash dividends are declared and paid.

Purpose

1. What is the purpose of the plan?

The plan provides registered shareholders with a convenient and economical method of investing cash dividends and voluntary cash payments to purchase additional shares of our common stock. Participants pay no brokerage commissions or service fees when they acquire additional shares of common stock through the plan.

Advantages

2. What are the advantages of the plan?

Shareholders may:

Reinvest cash dividends and make voluntary cash payments to purchase additional shares of common stock, without paying service fees or brokerage commissions;

Invest the full amount of all cash dividends in shares of common stock including fractional shares, which also earn dividends under the plan;

Avoid safekeeping and record keeping costs through the free custodial and reporting services under the plan; and

Regularly receive a detailed statement of account transactions.

Administration

3. Who administers the plan for participants?

Registrar and Transfer Company is the administrator of the plan and will act as agent for the participants. As agent for the participants, the administrator will:

Edgar Filing: AMERICAN NATIONAL BANKSHARES INC - Form S-3D

Hold shares in the name of its nominee as agent for plan participants;

Keep and maintain records;

Provide detailed statements of account to participants; and

Perform other duties related to the plan.

Any notices, questions, or other communications relating to the plan should include the participant's account number and should be addressed to:

In the event that the administrator resigns or ceases to act as agent for the participants, we will make other arrangements, as we deem appropriate, for the administration of the plan. Furthermore, we may replace the administrator as agent at any time.

Participation

4. Who is eligible to participate?

All registered common stock shareholders are eligible to participate in the plan. Shareholders may participate in the plan with respect to all or any portion of their shares so long as participants enroll at least 10% of their registered common stock. Shareholders will not be eligible to participate in the plan if they reside in a jurisdiction in which it is unlawful or compliance costs under state or local securities or "blue sky" laws are too high for us to permit their participation.

A broker or nominee that is a record owner of common stock may participate in the plan on behalf of one or more beneficial owners of shares in accordance with the rules and regulations established by American. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name. If you own shares that are held beneficially for your account, contact your broker for instructions on how you may enroll these shares in the plan.

5. How does an eligible shareholder become a participant?

All eligible shareholders may join the plan at any time by completing and signing the accompanying enrollment form and returning it to the administrator. Additional enrollment forms may be obtained from us or Registrar and Transfer Company.

6. What does the enrollment form provide?

The enrollment form authorizes the administrator as the shareholder's agent to reinvest cash dividends on some or all shares registered under the plan and to purchase additional shares with voluntary cash payments.

7. When may a shareholder join the plan?

A shareholder may join the plan at any time. If the administrator receives a properly completed enrollment form at least five (5) business days before a dividend record date, the administrator will reinvest the cash dividends payable for the applicable shares owned on that date.

Edgar Filing: AMERICAN NATIONAL BANKSHARES INC - Form S-3D

Historically, we have declared and paid cash dividends on a quarterly basis. We reserve the right to change the dividend record and payment dates.

8. Is partial participation possible under the plan?

Yes. Shareholders may register all or any portion of their shares in the plan so long as they enroll at least 10% of their registered American common stock.

Table of Contents

9. Is the right to participate in the plan transferable?

No. The right to participate in the plan is not transferable. A shareholder participating in the plan continues as a participant until the plan is terminated or the shareholder gives notice of withdrawal or termination to the administrator.

Purchases

10. What is the source for shares of common stock purchased under the plan?

The administrator purchases shares, at our discretion, directly from us (from authorized but unissued shares), in the open market, in privately negotiated transactions, or using a combination of these methods.

11. How many shares of common stock will the administrator purchase for a participant under the plan?

The number of shares purchased depends on:

The amount of cash dividends to be reinvested;

The amount of any voluntary cash payment; and

The applicable purchase price of the common stock.

The administrator will credit each participant's account with that number of shares, including any fractional shares computed to four (4) decimal places, equal to the total amount to be invested divided by the applicable purchase price. All cash dividends on shares held in a participant's account, whether purchased through dividend reinvestment or voluntary cash payment, are automatically reinvested in additional shares of common stock.

12. When will shares of common stock be purchased for a participant under the plan?

The administrator will use cash dividends and voluntary cash payments to purchase common stock as soon as reasonably possible after the applicable dividend payment date, but not more than thirty (30) calendar days after the dividend payment date. If we do not declare cash dividends for a calendar quarter, voluntary cash payments received by the administrator during such calendar quarter will be used by the administrator to purchase common stock no later than the last day of such calendar quarter, or if such day is not a business day on which securities are traded, then the next following business day on which securities are traded.

You will not receive any interest on cash dividends or voluntary cash payments pending the purchase of common stock by the administrator.

13. At what price will shares of common stock be purchased under the plan?

When the administrator purchases shares of common stock from us, the purchase price will be based on the average of the closing prices of the shares as quoted on the NASDAQ Global Select Market on the five trading days ending with, and including the Investment Date (as defined in Question 16, below).

When the administrator purchases shares of common stock in the open market, the purchase price will be the weighted average of the prices actually paid for the shares purchased for the relevant date, excluding all fees, brokerage commissions, and expenses. When the administrator purchases shares of common stock in privately negotiated transactions, the purchase price will be the weighted average of the prices actually paid for the shares for the relevant purchase date, excluding all fees, brokerage commissions, and expenses. Purchases of common stock in the open market or in privately negotiated transactions may occur over one (1) or more trading days.

Table of Contents

Voluntary Cash Payments

14. Who is eligible to make voluntary cash investments?

All shareholders who have enrolled under the plan at least 10% of their registered common stock may also elect to make voluntary cash payments.

15. What are the timing requirements and other limitations on voluntary cash payments?

Once enrolled in the plan, you may make voluntary cash payments to the administrator. These voluntary cash payments must be received at least five (5) business days, but no more than thirty (30) calendar days, prior to the dividend payment date. The administrator will use voluntary cash payments which it holds in collected funds to purchase additional shares of common stock on a quarterly basis. The administrator will use voluntary cash payments to purchase common stock as soon as reasonably possible after the applicable dividend payment date for a particular calendar quarter, but not more than thirty (30) calendar days after the dividend payment date. If we do not declare cash dividends for a calendar quarter, voluntary cash payments received by the administrator during such calendar quarter will be used by the administrator to purchase common stock no later than the last day of such calendar quarter, or if such day is not a business day on which securities are traded, then the next following business day on which securities are traded.

Voluntary cash payments may not be less than \$100 per calendar quarter or total more than \$5,000 in any calendar quarter. Each voluntary cash payment must be a minimum of \$100. You will not earn interest on your voluntary cash payments which are being held in collected funds to purchase additional shares of common stock. We reserve the right, in our sole discretion, to determine whether voluntary cash payments are made on behalf of an eligible participant.

16. How does the voluntary cash payment option work?

To make a voluntary cash payment, a participant encloses a check drawn on a U.S. bank to the plan administrator along with an executed enrollment form (for new participants) or completed payment form (for existing participants) which will accompany each statement of account. Participants make checks drawn on a U.S. bank in U.S. currency payable to Registrar and Transfer Company, Plan Administrator. The check should include the participant's plan account number and taxpayer identification number. Third party checks, checks not drawn on a U.S. bank, or checks sent without an executed enrollment form, payment form, or written instructions will be returned. Do not send cash.

You also can authorize quarterly automatic deductions from your bank account, but each quarterly automatic deduction must be a minimum of \$100 to meet the minimum voluntary cash payment requirement. You can arrange for automatic quarterly deductions by mailing a properly completed enrollment form, which you may request from the administrator or download at www.rtc.com. This feature allows you to make voluntary cash payments without writing a check. If you elect to make ongoing voluntary cash payments by quarterly automatic deduction, you may terminate this election by writing to the administrator or making the appropriate changes online at www.rtc.com. Automatic deductions will be made on the fifth day of the last month of the calendar quarter, or if such day is not a business day on which securities are traded, then the next following business day on which securities are traded.

If any check is returned to the administrator for insufficient funds or for any other reason or if the automatic debit is rejected, the administrator will consider the voluntary cash payment null and void and will immediately remove from the participant's account any shares that were purchased based on that check or debit. The administrator also will be entitled to sell these shares to satisfy any uncollected amounts, including any service fee for the returned or rejected item. If the net proceeds of the sale of these shares are insufficient to satisfy these uncollected monies, the administrator can sell additional shares from the participant's account to satisfy the uncollected balance.

The administrator will apply any voluntary cash payments received to the purchase of shares of common stock on the next upcoming Investment Date, which generally coincides with the quarterly dividend payment date,

Table of Contents

but not more than thirty (30) calendar days after the dividend payment date. If we do not declare cash dividends for a calendar quarter, voluntary cash payments received during such calendar quarter will be used by the administrator to purchase common stock no later than the last day of such calendar quarter, or if such day is not a business day on which securities are traded, then the next following business day on which securities are traded. The date on which the administrator purchases shares of common stock in accordance with the plan is referred to herein as the Investment Date. The price is determined in accordance with the provisions of the plan. Voluntary cash payments made by check or other draft must clear prior to the Investment Date. The plan administrator will promptly send an acknowledgment to participants confirming that the administrator has received the funds in time for investment on a particular Investment Date. A participant may obtain the return of any voluntary cash payment if the plan administrator receives the request for return two (2) business days prior to the Investment Date. We do not pay interest on voluntary cash payments pending the purchase of common stock.

Reports to Participants

17. What kind of reports will be sent to participants in the plan?

Each participant in the plan will receive a statement of account subsequent to each dividend payment date describing cash dividends and any voluntary cash payments received, the number of shares purchased, the price per share, and the total shares accumulated under the plan. These statements will provide a record of the dates and costs of purchases on a quarterly basis. Participants should retain the statements for income tax purposes. Participants will also receive our annual reports to shareholders, notices of shareholder meetings, proxy statements, and Internal Revenue Service information for reporting dividends received and commission expenses paid on their behalf.

Share Certificates; Safekeeping

18. Will the administrator issue certificates for shares of common stock purchased?

Unless requested in writing by a participant, the administrator will not issue certificates for shares of common stock purchased under the plan. The number of shares credited to a participant's account under the plan will be shown on the participant's periodic statement of account. This safekeeping feature protects against loss, theft, or destruction of stock certificates. The administrator will issue certificates for whole shares withdrawn from the plan, for which a service fee may be assessed. All certificates delivered for safekeeping must be enrolled in the plan, and a fee will be assessed for such service. The administrator will cancel certificates delivered for safekeeping and will issue new certificates in the name of the administrator. Upon withdrawal, the plan administrator will cancel the administrator's certificates and issue new certificates in the name of the participant.

19. In whose name will certificates be registered when issued to participants?

Unless the participant directs otherwise, upon withdrawal from the plan, the administrator will issue shares in the name in which the participant maintains the dividend reinvestment account. If a participant requests that a certificate be issued in a different name, the request must bear the participant's own signature. If the account is registered in multiple names, all signatures must appear on the request. Upon a participant's death, the administrator will follow the instructions of the decedent's personal representative upon submission of appropriate proof of authority.

Withdrawal of Shares in Plan Accounts

20. How may participants withdraw shares purchased under the plan?

Participants may withdraw all or any portion of the shares credited to their account by completing the withdrawal notification information set forth on the reverse side of their account statement and specifying the number of shares to be withdrawn. The participant should mail the request for withdrawal to the administrator at the address provided on the account statement. The administrator will issue certificates for whole shares so withdrawn in the name of the participant. If the administrator receives any request for withdrawal of shares credited to a participant's account less than five (5) business days before a dividend record date, the administrator will not effect the withdrawal until after the cash dividends are reinvested and the shares are credited to the participant's account.

Table of Contents

The administrator will effect any other request for withdrawal of a portion of the shares credited to a participant's account upon receipt of the request by the administrator. The administrator will continue to reinvest cash dividends on shares remaining in the participant's account until the participant withdraws all shares in the participant's account.

21. May participants elect to sell withdrawn shares?

Yes. Participants may request that the administrator sell withdrawn shares. If the administrator receives a request to sell shares credited to a participant's account less than five (5) business days before a dividend record date, the administrator will not sell such shares until after the participant's cash dividends for the applicable record date are reinvested and the shares are credited to the participant's account. Participants should specify the number of shares to be sold in their request for withdrawal.

Except as set forth above, the administrator will arrange for the sale of the shares within ten (10) business days after receipt of the notice, and then deliver a check for the net proceeds of the sale to the participant. The proceeds of the sale will be applied first to pay fees, brokerage commissions, applicable withholding taxes and transfer taxes, if any, incurred in connection with the sale. The administrator assesses fees, which may change from time to time, for the sale of shares held under the plan. All persons in whose names the account appears must sign a request for shares to be sold. A Medallion Signature Guarantee is required for a sale of \$10,000 or more. A commercial bank, trust company, securities broker-dealer, credit union, or savings and loan association which is a member of the Medallion Signature Guarantee Program, or other eligible guarantor institution, may guarantee signatures. Verification by a notary public is not sufficient.

Because the administrator will sell shares on behalf of the plan, neither we nor any participant has the authority or power to control the timing or pricing of shares sold or the selection of the broker making the sales, which may include a broker affiliated with the administrator. Therefore, you will not be able to precisely time sales made through the plan and you will bear the market risk associated with the fluctuation of the price of our common stock. It is possible that, after you send in your request to sell shares, the market price of our stock could go up or down before the broker actually sells your shares. Participants will not earn interest on the proceeds of any sale transaction.

Termination of Participation in Dividend Reinvestment Plan

22. How does a participant withdraw from the plan?

Participation in the plan is entirely voluntary. Participants may terminate their participation at any time by sending written notice to the administrator. When a participant terminates from the plan or upon termination of the plan by American, the administrator will deliver to the participant a certificate for the number of whole shares credited to the participant's account and a check representing the value of any fractional shares, less the applicable fees for the sale of the fractional shares, based on the then current market value per share. Thereafter, all dividends will be paid in cash or in stock dividends, if so declared by American, directly to the shareholder who withdraws from the plan. Participants who elect to discontinue participation in the plan are not eligible to make voluntary cash payments.

Any notice of termination received less than five (5) business days prior to a dividend record date will not be effective until the administrator has reinvested the cash dividends and the shares have been credited to the participant's account. A shareholder may elect to re-enroll in the plan at any time.

Federal Income Tax Information

23. What are the federal income tax consequences of participation in the plan?

This section discusses the federal income tax information connected with the plan, based on current federal tax laws applicable to United States citizens or residents. If federal tax laws change in the future, the following may change and no longer apply. State, local, foreign, and other tax provisions vary and are not covered in this

Table of Contents

summary. In any event, you should consult your tax advisor about your particular transactions, especially if you may be covered by other tax rules.

For federal income tax purposes, a participant in the plan will be treated as having received, on the dividend payment date, the full amount of dividends allocable to the participant, regardless of whether the dividends are actually paid in cash, withheld for the payment of taxes, or invested in additional shares of common stock pursuant to the plan. Additionally, the participant will be deemed to have received taxable income in the amount of commissions and other brokerage expenses paid in purchasing shares on the participant's behalf. The per share tax basis of shares acquired for a participant under the plan will be the price per share reported on the periodic statement of account supplied to each participant after each applicable Investment Date, adjusted to include the amount of commissions and other brokerage expenses paid on behalf of the participant, as reported in the Internal Revenue Service information referred to in Question No. 17 above.

The holding period for shares acquired pursuant to the plan will begin on the day after the date the shares are acquired for a participant's account. When a participant is subject to federal income tax withholding on dividends, and when a foreign participant's taxable income under the plan is subject to federal income tax withholding, dividends will be reinvested net of the amount of tax withheld under applicable law.

While the matter is not free from doubt, we intend to take the position that the administrative expenses of the plan, which are to be paid by us, are not constructive dividends to plan participants. For tax reporting purposes, each participant will receive from Registrar and Transfer Company a Form 1099-DIV (mailed on or before January 31 of the following year), which will show the total dividend income to the participant.

We believe that participants will not realize any taxable income upon receipt of certificates for whole shares held in their plan account, either upon the withdrawal of shares from the plan or upon termination of participation in the plan. A participant who sells or exchanges shares previously received from the plan, or who directs the administrator to sell his or her plan shares, may, however, recognize gain or loss. The amount of the gain or loss will be the difference between the amount you receive for your whole or fractional shares and your tax basis in the shares.

Dividends reinvested under the plan by corporate shareholders may be eligible for the dividends-received deduction.

The above summary may not apply to certain participants in the plan, such as tax-exempt entities, tax-deferred entities (e.g., IRAs), and foreign shareholders. Participants should consult their own tax advisors to determine particular tax consequences, including state tax consequences, which may result from participation in the plan, and any subsequent disposal of shares acquired pursuant to the plan.

Other Information

24. What happens if we declare a stock dividend or effect a stock split?

The administrator will add any shares issued in connection with a stock dividend or stock split on common stock held under the plan to the participant's account. Stock dividends or split shares distributed on shares held directly by a participant will be mailed to the participant in the same manner as to shareholders who do not participate in the plan.

25. If we have a rights offering, how will a participant's entitlement be computed?

A rights offering is when a corporation issues rights to its existing shareholders to buy a proportional number of additional shares at a given price. A participant's entitlement in a rights offering is based upon his or her total holdings, including the shares held in the participant's plan account, in the same manner as dividends are computed currently. We will issue rights certificates for the number of whole shares only, and will sell rights based on the fractional shares held in a participant's account. The administrator will mail the proceeds of the sale of fractional certificates, less commissions and taxes, if any, directly to the participant.

Table of Contents

26. How are shares in a participant's account voted at a meeting of the shareholders?

If, on a record date for a meeting of shareholders, there are shares in a participant's account, the administrator will send proxy materials for the meeting to the participant. A participant is entitled to vote all shares of common stock credited to his or her account.

27. What are the responsibilities and liabilities of American and the administrator?

American and the administrator shall not be liable for any act taken in good faith or for any good faith omission to act, including, without limitation, any claims of liability:

Arising out of a failure to terminate a participant's account upon his or her death; or,

With respect to the prices at which shares of our common stock are purchased or sold,

the times when or the manner in which purchases or sales are made;

the decision whether to purchase shares of common stock on the open market, from American directly, or in privately negotiated transactions;

fluctuations in the market value of the common stock; and

any matters relating to the operation or management of the plan.

We cannot assure that participants will make a profit on, or protect participants against a loss from, the common stock purchased by or for participants under the plan.

All transactions in connection with the plan will be governed by the laws of the Commonwealth of Virginia, and are subject to all applicable federal tax or securities laws.

28. May the plan be amended, modified or discontinued?

Yes. The Board of Directors of American, at its discretion, may amend, modify, suspend, or terminate the plan and will endeavor to notify participants of any amendment, modification, suspension, or termination. We may, for whatever reason, at any time, as we may determine in our sole discretion, terminate a participant's participation in the plan after mailing a notice of intention to terminate to the participant at the participant's address as it appears on the plan administrator's records. In addition, American and the administrator may each adopt reasonable procedures for the administration of the plan. We have the sole authority to interpret the plan in the manner that we deem appropriate in our absolute discretion.

29. Who will bear the costs of the purchases made under the plan?

We will pay all costs of administration of the plan. Participants will incur no brokerage commissions or other fees for purchases of shares under the plan. A participant who requests that the administrator sell shares of common stock held in the plan will pay fees incurred in connection with the sale.

30. May a participant pledge shares purchased under the plan?

No. A participant who wishes to pledge shares credited to a plan account must request the withdrawal of the shares in accordance with the procedures outlined in response to Question No. 20 above.

USE OF PROCEEDS

American does not know the number of shares of common stock that will be purchased from it under the plan or the prices at which such shares will be purchased. To the extent that shares are purchased directly from American, and not in the open market, we intend to add proceeds we receive from the sales to our general funds to be used for general corporate purposes, including, without limitation, investments in and advances to American's subsidiaries. The amounts and timing of the application of proceeds will depend upon the funding requirements of American and its subsidiaries and the availability of other funds. Based on the anticipated growth and the financial needs of American, management anticipates that it, from time to time, will engage in additional financing of a character and in amounts that have yet to be determined.

INDEMNIFICATION OF DIRECTORS AND OFFICERS

Virginia law and our articles of incorporation entitle our directors and officers to indemnification against certain liabilities, except in relation to any action, suit or proceeding in which the director or officer is held liable because of willful misconduct or a knowing violation of the criminal law. We also have directors' and officers' liability insurance, which provides, in general, insurance to our directors and officers against loss by reason of any of their wrongful acts, subject to the terms and conditions of the policy.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers, or persons controlling American pursuant to the foregoing provisions, we have been informed that in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act of 1933 and is therefore unenforceable.

Item 15. Indemnification of Directors and Officers.

The laws of the Commonwealth of Virginia pursuant to which American National Bankshares Inc. (the Company) is incorporated permit it to indemnify its officers and directors against certain liabilities with the approval of its shareholders. The articles of incorporation of the Company, which have been approved by its shareholders, provide for the indemnification of each director and officer (including former directors and officers and each person who may have served at the request of the Company as a director or officer of any other legal entity and, in all such cases, his or her heirs, executors and administrators) against liabilities (including expenses) reasonably incurred by him or her in connection with any actual or threatened action, suit or proceeding to which he or she may be made party by reason of his or her being or having been a director or officer of the Company, except in relation to any action, suit or proceeding in which he or she has been adjudged liable because of willful misconduct or a knowing violation of the criminal law.

The Company has purchased officers and directors liability insurance policies. Within the limits of their coverage, the policies insure (1) the directors and officers of the Company against certain losses resulting from claims against them in their capacities as directors and officers to the extent that such losses are not indemnified by the Company and (2) the Company to the extent that it indemnifies such directors and officers for losses as permitted under the laws of Virginia.
