Our customers include many of the world's largest banks, broker-dealers, investment banks, trading firms, hedge funds, governments and investment firms.

We have offices in over 35 major markets, including New York and London, as well as in Atlanta, Beijing, Boston, Chicago, Copenhagen, Dubai, Hong Kong, Houston, Istanbul, Johannesburg, Los Angeles, Mexico City, Miami, Moscow, Nyon, Paris, Rio de Janeiro, São Paulo, Seoul, Singapore, Sydney, Tokyo, Toronto, Washington, D.C. and Zurich.

As of December 31, 2011, we had 2,147 brokers and salespeople across approximately 290 desks and products (more than quadruple the number we had in October 2004). In 2011, we processed approximately 27.3 million transactions, totaling almost \$194.1 trillion notional on our hybrid and fully electronic platforms.

Our Organizational Structure

On April 1, 2008, BGC Partners OldCo and eSpeed merged to form BGC Partners. Immediately prior to the merger, pursuant to a separation agreement, Cantor transferred certain assets and liabilities to BGC Partners OldCo and/or its subsidiaries.

We are a holding company, and our businesses are operated through two operating partnerships: BGC U.S., which holds our U.S. businesses, and BGC Global, which holds our non-U.S. businesses. In connection with the separation, Maxcor Financial Group Inc. was contributed to BGC Partners OldCo in exchange for BGC Partners OldCo units that became shares of our common stock in the merger, and certain businesses were contributed to the OpCos in exchange for limited partnership interests of the OpCos. In connection with the merger, eSpeed contributed certain businesses to the OpCos in exchange for limited partnership interests of the OpCos.

The limited partnership interests of the OpCos are held by us and BGC Holdings, and the limited partnership interests of BGC Holdings are currently held by Cantor, the founding/working partners and holders of limited partnership units. We hold the BGC Holdings general partnership interest and the BGC Holdings special voting

limited partnership interest, which entitle us to remove and appoint the general partner of BGC Holdings, and serve as the general partner of BGC Holdings, which entitles us to control BGC Holdings. BGC Holdings, in turn, holds the BGC U.S. general partnership interest and the BGC U.S. special voting limited partnership interest, which entitle the holder thereof to remove and appoint the general partner of BGC U.S., and the BGC Global general partnership interest and the BGC Global special voting limited partnership interest, which entitle the holder thereof to remove and appoint the general partner of BGC Global, and serves as the general partner of BGC U.S. and BGC Global, all of which entitle BGC Holdings (and thereby us) to control each of BGC U.S. and BGC Global. BGC Holdings holds its BGC Global general partnership interest through a company incorporated in the Cayman Islands, BGC Global Holdings GP Limited.

The following diagram illustrates our ownership structure as of February 21, 2012. The following diagram does not reflect the various subsidiaries of us, BGC U.S., BGC Global, BGC Holdings or Cantor, or, to the extent applicable, outstanding RSUs.

* Shares of our Class B common stock are convertible into shares of our Class A common stock at any time in the discretion of the holder on a one-for-one basis. Accordingly, if Cantor converted all of its Class B common stock into Class A common stock, Cantor would hold 29.0% of the voting power, and the public stockholders would hold 71.0% of the voting power (and the indirect economic interests in BGC U.S. and BGC Global would remain unchanged). The diagram reflects (i) 750,000 shares of Class A common stock that we donated to The Cantor Fitzgerald Relief Fund on February 3, 2012, (ii) 1,292,678 shares of Class A common stock that Cantor distributed to its partners on February 14, 2012 in payment of previous quarterly partnership distributions, of which 1,248,665 shares are included in this prospectus supplement (but excluding 1,928,103 deferred distribution shares that remain to be distributed by Cantor to such partners) and (iii) an aggregate of 721,679 distribution rights shares that Cantor has distributed since September 2011, including 498,960 shares of Class A common stock that Cantor distributed on February 14, 2012, to certain current and former partners of Cantor pursuant to distribution rights that were granted by Cantor to such partners on April 1, 2008, which shares are included in this prospectus supplement (but excluding 15,545,606 distribution rights shares that remain to be distributed by Cantor to such partners). The diagram does not reflect Cantor's economic interest in the 8.75% convertible notes or the 22,508,095 shares of Class A common stock acquirable by Cantor upon conversion thereof. If Cantor converted all of the 8.75% convertible notes into shares of Class A common stock, Cantor would hold 79.5% of the voting power, and the public stockholders would hold 20.5% of the voting power (and Cantor's indirect economic interests in each of BGC U.S. and BGC Global would be 39.2%). Further, the diagram does not reflect (i) 10,000,000 shares of Class A common stock that may be sold under the February 2012 sales agreement, pursuant to our shelf Registration Statement on Form S-3 (333-176523), (ii) 2,052,690 shares of Class A common stock remaining to be sold under the September 2011 sales agreement, pursuant to our shelf Registration Statement on Form S-3 (333-176523), (iii) 9,972,201 shares of Class A common stock that remain available to be sold pursuant to the BGC Partners, Inc. Dividend Reinvestment and Stock Purchase Plan under our shelf Registration Statement on Form S-3 (Registration No. 333-173109), (iv) 19,661,274 shares of Class A common stock that may be sold under our acquisition shelf Registration Statement on Form S-4 (Registration No. 333-169232), or (v) 16,260,160 shares of Class A common stock that may be issued upon conversion of the 4.50% convertible notes. For purposes of the diagram and this paragraph, Cantor's percentage ownership also includes CFGM's percentage ownership.

DIVIDEND POLICY

Our board of directors has authorized a dividend policy which provides that we expect to pay not less than 75% of our post-tax distributable earnings per fully diluted share as cash dividends to our common stockholders, with the balance of such distributable earnings to be available to repurchase shares of our Class A common stock or purchase BGC Holdings limited partnership interests or other equity interests of our subsidiaries, including from Cantor, our executive officers, other employees, partners and others. Please see below for a detailed definition of post-tax distributable earnings per fully diluted share.

Our board of directors and our audit committee have authorized repurchases of shares of our Class A common stock and purchases of BGC Holdings limited partnership interests or other equity interests of our subsidiaries as part of this policy, including those held by Cantor, our executive officers, other employees, partners and others. On October 26, 2011, the authorization was increased to \$100.0 million. As of February 21, 2012, we had approximately \$72.1 million remaining under this authorization and may continue to actively make repurchases or purchases, or cease to make such repurchases or purchases, from time to time.

We expect to pay such dividends, if and when declared by our board of directors, on a quarterly basis. The dividend to our common stockholders is expected to be calculated based on post-tax distributable earnings allocated to BGC Partners, Inc. and generated over the fiscal quarter ending prior to the record date for the dividend. No assurance can be made, however, that a dividend will be paid each quarter.

The declaration, payment, timing and amount of any future dividends payable by us will be at the sole discretion of our board of directors. We are a holding company, with no direct operations, and therefore we are able to pay dividends only from our available cash on hand and funds received from distributions from BGC U.S. and BGC Global. Our ability to pay dividends may also be limited by regulatory considerations as well as by covenants contained in financing or other agreements. In addition, under Delaware law, dividends may be payable only out of surplus, which is our net assets minus our liabilities and our capital, or, if we have no surplus, out of our net profits for the fiscal year in which the dividend is declared and/or the preceding fiscal year. Accordingly, any unanticipated accounting, tax, regulatory or other charges against net income may adversely affect our ability to declare dividends. While we intend to declare and pay dividends quarterly, there can be no assurance that our board of directors will declare dividends at all or on a regular basis or that the amount of our dividends will not change.

Certain Definitions

Revenues for distributable earnings, pre-tax distributable earnings and post-tax distributable earnings are supplemental measures of operating performance that are used by our management to evaluate the financial performance of us and our subsidiaries. We believe that distributable earnings best reflects the operating earnings generated by us on a consolidated basis and are the earnings which management considers available for distribution to BGC Partners and its common stockholders, as well as to holders of BGC Holdings limited partnership interests, during any period.

As compared with income (loss) from operations before income taxes, net income (loss) for fully diluted shares, and fully diluted earnings (loss) per share, all prepared in accordance with GAAP, distributable earnings calculations primarily exclude certain non-cash compensation and other expenses which generally do not involve the receipt or outlay of cash by us, which do not dilute existing stockholders, and which do not have economic consequences, as described below. In addition, distributable earnings calculations exclude certain gains and charges that management believes do not best reflect our ordinary operating results.

Revenues for distributable earnings are defined as GAAP revenues excluding the impact of our non-cash earnings or losses related to our equity investments, such as in Aqua Securities, L.P. and ELX Futures, L.P., and its holding company general partner, ELX Futures Holdings LLC. Revenues for distributable earnings will also include the collection of receivables which would have been recognized for GAAP other than for the effect of acquisition accounting.

Table of Contents

Pre-tax distributable earnings are defined as GAAP income (loss) from operations before income taxes excluding items that are primarily non-cash, non-dilutive, and non-economic, such as:

Non-cash stock-based equity compensation charges for REUs granted or issued prior to the merger of BGC Partners OldCo with and into eSpeed, as well as post-merger non-cash, non-dilutive equity-based compensation related to partnership unit exchange or conversion;

Allocations of net income to founding/working partner and other limited partnership units, including REUs, RPU, PSUs and PSIs; and

Non-cash asset impairment charges, if any.

Distributable earnings calculations also exclude charges related to purchases, cancellations or redemptions of limited partnership interests and certain one-time or non-recurring items, if any.

Compensation and employee benefits expense for distributable earnings will also include broker commission payouts relating to the aforementioned collection of receivables.

Beginning with the first quarter of 2011, our definition of distributable earnings has been revised to also exclude certain gains and charges with respect to acquisitions, dispositions and resolutions of litigation. This change in the definition of distributable earnings is not reflected in, nor does it affect, our presentation of prior periods. Our management believes that excluding these gains and charges best reflects our operating performance.

Since distributable earnings are calculated on a pre-tax basis, management intends to also report post-tax distributable earnings and post-tax distributable earnings per fully diluted share :

Post-tax distributable earnings are defined as pre-tax distributable earnings adjusted to assume that all pre-tax distributable earnings were taxed at the same effective rate.

Post-tax distributable earnings per fully diluted share are defined as post-tax distributable earnings divided by the weighted-average number of fully diluted shares for the period.

Our distributable earnings per fully diluted share calculations assume either that:

The fully diluted share count includes the shares related to the dilutive instruments, such as the convertible notes, but excludes the associated interest expense, net of tax, when the impact would be dilutive, or

The fully diluted share count excludes the shares related to the dilutive instruments, but includes the associated interest expense, net of tax.

Each quarter, the dividend to common stockholders is expected to be determined by our board of directors with reference to post-tax distributable earnings per fully diluted share. In addition to the quarterly dividend to our common stockholders, we expect to pay a pro rata distribution of net income to BGC Holdings founding/working partner and other limited partnership units, including REUs, RPU, PSUs and PSIs, and to Cantor for its noncontrolling interest. The amount of all of these payments is expected to be determined using the above definition of pre-tax distributable earnings per share.

Edgar Filing: BGC Partners, Inc. - Form 424B7

Certain employees who are holders of RSUs are granted pro rata payments equivalent to the amount of dividends paid to common stockholders. Under GAAP, a portion of the dividend equivalents on RSUs is required to be taken as a compensation charge in the period paid. However, to the extent that they represent cash payments made from the prior period's distributable earnings, they do not dilute existing stockholders and are therefore excluded from the calculation of distributable earnings.

Distributable earnings is not meant to be an exact measure of cash generated by operations and available for distribution, nor should it be considered in isolation or as an alternative to cash flows from operations or GAAP net income (loss). We view distributable earnings as a metric that is not necessarily indicative of liquidity or the cash available to fund our operations.

Pre- and post-tax distributable earnings are not intended to replace the presentation of our GAAP financial results. However, management believes that they help provide investors with a clearer understanding of our financial performance and offer useful information to both management and investors regarding certain financial and business trends related to our financial condition and results of operations. Management believes that distributable earnings and the GAAP measures of our financial performance should be considered together.

- (1) Cantor has pledged to us, pursuant to a Pledge Agreement, dated as of July 26, 2007, such number of shares of our Class A common stock and our Class B common stock as equals 125% of the principal amount of the loans outstanding on any given date, as security for loans we agreed to make to Cantor from time to time. In September 2008, we were authorized to increase the amount available under the secured loan and Pledge Agreement with Cantor from up to \$100.0 million to all excess cash other than that amount needed for regulatory purposes, and to also accept, as security, pledges of any securities in addition to pledges of Class A common stock and Class B common stock provided for under the original secured loan and Pledge Agreement. As of February 14, 2012, there was no loan amount outstanding, and there were no shares of Class A common stock or Class B common stock pledged under the Pledge Agreement.

DESCRIPTION OF CAPITAL STOCK

The following summary is a description of the material terms of our capital stock. Copies of our certificate of incorporation and bylaws and other documents referred to herein are incorporated by reference as exhibits to the registration statement of which this prospectus supplement forms a part.

Our Capital Stock

The following descriptions of our Class A common stock, Class B common stock, and preferred stock and of the relevant provisions of our certificate of incorporation and bylaws and other documents are summaries thereof and are qualified in their entirety by reference to our certificate of incorporation and bylaws and such other documents, copies of which are incorporated by reference as exhibits to the registration statement of which this prospectus supplement forms a part, and applicable law. Our certificate of incorporation and bylaws are each an amendment and restatement of the eSpeed certificate of incorporation and bylaws.

Our authorized capital stock consists of 600 million shares of common stock, consisting of 500 million shares of our Class A common stock, par value \$0.01 per share, and 100 million shares of our Class B common stock, par value \$0.01 per share, and 50 million shares of preferred stock, par value \$0.01 per share.

Common Stock

As of February 21, 2012, there were 102,026,656 shares of our Class A common stock outstanding and 34,848,107 shares of our Class B common stock outstanding. The holders of Class A common stock are generally entitled to one vote per share on all matters to be voted upon by the stockholders as a group, entitling holders of Class A common stock to approximately 22.6% of our voting power as of such date, and do not have cumulative voting rights. The holders of Class B common stock are generally entitled to ten votes per share on all matters to be voted upon by the stockholders as a group, entitling holders of Class B common stock to 77.4% of our voting power as of such date, and do not have cumulative voting rights. Cantor and CFGM, the managing general partner of Cantor and an entity controlled by our Chairman and Chief Executive Officer, Howard W. Lutnick, are the only holders of Class B common stock. Class B common stock generally votes together with Class A common stock on all matters submitted to the vote of Class A common stockholders.

Each share of our Class A common stock is equivalent to a share of our Class B common stock for purposes of economic rights. Subject to preferences that may be applicable to any outstanding preferred stock, the holders of shares of Class A common stock and Class B common stock are entitled to receive ratably such dividends, if any, as may be declared from time to time by our board of directors out of funds legally available therefor. See Dividend Policy and Price Range of Class A Common Stock. In the event of our liquidation, dissolution or winding up, the holders of shares of Class A common stock and Class B common stock are entitled to share ratably in all assets remaining after payment of liabilities, subject to prior rights of preferred stock, if any, then outstanding.

Shares of our Class A common stock are not subject to any conversion right. Our certificate of incorporation provides that each share of our Class B common stock is convertible at any time, at the option of the holder, into one share of Class A common stock. Each share of Class B common stock will automatically convert into one share of Class A common stock upon any sale, pledge or other transfer, which we refer to as a transfer, whether or not for value, by the initial registered holder, other than any transfer by the initial holder to (1) Cantor, (2) any entity controlled by Cantor or by Mr. Lutnick or (3) Mr. Lutnick, his spouse, his estate, any of his descendants, any of his relatives or any trust established for his benefit or for the benefit of his spouse, any of his descendants or any of his relatives.

Any holder of shares of our Class B common stock may pledge his, her or its shares of Class B common stock, as the case may be, to a pledgee pursuant to a bona fide pledge of the shares as collateral security for indebtedness due to the pledgee so long as the shares are not transferred to or registered in the name of the pledgee. In the event of any pledge of shares of Class B common stock meeting these requirements, the pledged shares will not be converted automatically into shares of our Class A common stock. If the pledged shares of Class B common stock become subject to any foreclosure, realization or other similar action by the pledgee, they will be converted automatically into shares of Class A common stock upon the occurrence of that action. The automatic conversion provisions in our certificate of incorporation may not be amended, altered, changed or repealed without the approval of the holders of a majority of the voting power of all outstanding shares of Class A common stock.

Table of Contents

None of the shares of our Class A common stock or our Class B common stock has any pre-emptive or other subscription rights. There will be no redemption or sinking fund provisions applicable to shares of Class A common stock or Class B common stock. All outstanding shares of Class A common stock and Class B common stock are fully paid and non-assessable.

Preferred Stock

Our board of directors has the authority to cause us to issue preferred stock in one or more classes or series and to fix the designations, powers, preferences and rights, and the qualifications, limitations or restrictions thereof, including dividend rights, dividend rates, terms of redemption, redemption prices, conversion rights and liquidation preferences of the shares constituting any class or series, without further vote or action by the stockholders. The issuance of preferred stock pursuant to such blank check provisions may have the effect of delaying, deferring or preventing a change of control of us without further action by our stockholders and may adversely affect the voting and other rights of the holders of shares of our Class A common stock. At present, we have no plans to issue any preferred stock.

Anti-Takeover Effects of Delaware Law, Our Certificate of Incorporation and Bylaws and the Convertible Notes

Some provisions of the Delaware General Corporation Law, which we refer to as the DGCL, our certificate of incorporation and bylaws and the convertible notes could make the following more difficult:

acquisition of us by means of a tender offer;

acquisition of us by means of a proxy contest or otherwise; or

removal of our incumbent officers and directors.

These provisions, summarized below, may discourage coercive takeover practices and inadequate takeover bids. These provisions may also encourage persons seeking to acquire control of us to first negotiate with our board of directors. We believe that the benefits of increased protection give us the potential ability to negotiate with the proponent of an unfriendly or unsolicited proposal to acquire or restructure us and outweigh the disadvantages of discouraging those proposals because negotiation of them could result in an improvement of their terms.

Delaware Anti-Takeover Law

We are subject to Section 203 of the DGCL. In general, Section 203 of the DGCL prohibits a publicly held Delaware corporation from engaging in a business combination with an interested stockholder for a period of three years following the date the person became an interested stockholder, unless the business combination or the transaction in which the person became an interested stockholder is approved in a prescribed manner. Generally, a business combination includes a merger, asset or stock sale or other transaction resulting in a financial benefit to the interested stockholder. An interested stockholder is a person who, together with affiliates and associates, owns 15% or more of a corporation's outstanding voting stock, or was the owner of 15% or more of a corporation's outstanding voting stock at any time within the prior three years, other than interested stockholders prior to the time our Class A common stock was traded on the Nasdaq Stock Market. The existence of this provision would be expected to have an anti-takeover effect with respect to transactions not approved in advance by our board of directors, including discouraging takeover attempts that might result in a premium over the market price for shares of Class A common stock.

Certificate of Incorporation and Bylaws

Our bylaws provide that special meetings of stockholders may be called only by the Chairman of our board of directors, or in the event the Chairman of our board of directors is unavailable, by the Chief Executive Officer or by the holders of a majority of the voting power of our Class B common stock, which is held by Cantor and CFGM. In addition, as discussed above, our certificate of incorporation permits us to issue blank check preferred stock.

Table of Contents

Our bylaws require advance written notice prior to a meeting of our stockholders of a proposal or director nomination which a stockholder desires to present at such a meeting, which generally must be received by our Secretary not later than 120 days prior to the first anniversary of the date of our proxy statement for the preceding year's annual meeting. Our bylaws provide that all amendments to our bylaws must be approved by either the holders of a majority of the voting power of all of our outstanding capital stock entitled to vote or by a majority of our board of directors.

The Convertible Notes

Pursuant to the terms of the convertible notes, holders of the convertible notes will have the right to require us to repurchase all or a portion of such notes upon the occurrence of a fundamental change (as defined in the respective Indentures governing the convertible notes) at 100% of their principal amount, plus accrued and unpaid interest. In addition, if a make-whole fundamental change occurs (as defined in the respective Indentures) prior to maturity of each of the convertible notes, under certain circumstances we will increase the conversion rate by a number of additional shares of our Class A common stock (as set forth in a table in the respective Indentures) for convertible notes converted in connection with such make-whole fundamental change. The fundamental change purchase rights and the provisions requiring an increase to the conversion rate for conversions in connection with make-whole fundamental changes may in certain circumstances delay or prevent a takeover of us and/or the removal of incumbent management that might otherwise be beneficial to investors.

In addition, to the extent that Cantor or its affiliates continue to hold the 8.75% convertible notes, these provisions may enhance Cantor's control of us even if Cantor were to reduce its voting power in us by, among other things, converting shares of our Class B common stock held by it into shares of our Class A common stock or selling or distributing shares of Class A common stock.

Corporate Opportunity

Our certificate of incorporation provides that no Cantor Company (as defined below) or any of the representatives (as defined below) of a Cantor Company will owe any fiduciary duty to, nor will any Cantor Company or any of their respective representatives be liable for breach of fiduciary duty to, us or any of our stockholders, including with respect to a corporate opportunity, except as described below. To the extent that any representative of a Cantor Company also serves as our director or officer, such person will owe fiduciary duties to us in his or her capacity as our director or officer. In addition, none of any Cantor Company or any of their respective representatives will owe any duty to refrain from engaging in the same or similar activities or lines of business as us, or doing business with any of our clients or customers.

If a third party presents a corporate opportunity (as defined below) to a person who is a representative of ours and a representative of a Cantor Company expressly and solely in such person's capacity as a representative of us, and such person acts in good faith in a manner consistent with the policy that such corporate opportunity belongs to us, then such person:

will be deemed to have fully satisfied and fulfilled any fiduciary duty that such person has to us as a representative of us with respect to such corporate opportunity;

will not be liable to us or any of our stockholders for breach of fiduciary duty by reason of such person's action or inaction with respect to the corporate opportunity;

will be deemed to have acted in good faith and in a manner that such person reasonably believed to be in, and not opposed to, our best interests; and

will be deemed not to have breached such person's duty of loyalty to us and our stockholders, and not to have derived an improper personal benefit therefrom.

Table of Contents

A Cantor Company may pursue such a corporate opportunity if we decide not to.

If a corporate opportunity is not presented to a person who is both a representative of ours and a representative of a Cantor Company and expressly and solely in such person's capacity as a representative of us, such person will not be obligated to present the corporate opportunity to us or to act as if such corporate opportunity belongs to us, and such person:

will be deemed to have fully satisfied and fulfilled any fiduciary duty that such person has to us as a representative of us with respect to such corporate opportunity;

will not be liable to us or any of our stockholders for breach of fiduciary duty by reason of such person's action or inaction with respect to such corporate opportunity;

will be deemed to have acted in good faith and in a manner that such person reasonably believed to be in, and not opposed to, our best interests; and

will be deemed not to have breached a duty of loyalty to us and our stockholders, and not to have derived an improper personal benefit therefrom.

For purposes of the above:

Cantor Company means Cantor and any of its affiliates (other than, if applicable, the Company and its affiliates);

representatives means, with respect to any person, the directors, officers, employees, general partners or managing member of such person; and

corporate opportunity means any business opportunity that we are financially able to undertake that is, from its nature, in our lines of business, is of practical advantage to us and is one in which we have an interest or a reasonable expectancy, and in which, by embracing the opportunity, the self-interest of a Cantor Company or their respective representatives will be brought into conflict with our self-interest.

Registration Rights

We entered into a registration rights agreement with Cantor dated December 9, 1999 in connection with eSpeed's formation. We also assumed in connection with the merger the obligations of BGC Partners OldCo under its registration rights agreement with Cantor dated March 31, 2008. In connection with the issuance of the 8.75% convertible notes to Cantor, we entered into a registration rights agreement with Cantor dated April 1, 2010 with respect to shares of our Class A common stock acquirable upon conversion of the notes. In addition, pursuant to the capped call transactions that we entered into in connection with the issuance of the 4.50% convertible notes, we have agreed to register under the Securities Act shares of our Class A common stock acquired by the counterparties to the capped call transactions for hedging purposes, if in the good faith reasonable judgment of such counterparties, based upon advice of legal counsel, such shares cannot be sold without registration under the Securities Act. For a description of the foregoing registration rights, see our latest Annual Report on Form 10-K filed with the SEC, and any updates thereto contained in our subsequent Quarterly Reports on Form 10-Q and Current Reports on Form 8-K filed with the SEC, all of which are incorporated by reference herein.

MATERIAL U.S. FEDERAL TAX CONSIDERATIONS

FOR NON-U.S. HOLDERS OF CLASS A COMMON STOCK

The following is a general discussion of material U.S. federal income tax considerations with respect to the acquisition, ownership and disposition of shares of our Class A common stock applicable to non-U.S. holders who acquire such shares in this offering and hold such shares as a capital asset (generally, property held for investment). For purposes of this discussion, a non-U.S. holder means a beneficial owner of shares of Class A common stock (other than an entity or arrangement that is treated as a partnership for U.S. federal income tax purposes) that is not, for U.S. federal income tax purposes, any of the following:

a citizen or resident of the United States;

a corporation created or organized in the United States or under the laws of the United States, any state thereof or the District of Columbia;

an estate, the income of which is includible in gross income for U.S. federal income tax purposes regardless of its source; or

a trust if (a) a court within the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust or (b) such trust has made a valid election to be treated as a U.S. person for U.S. federal income tax purposes.

This discussion is based upon current provisions of the Internal Revenue Code of 1986, as amended, which we refer to as the Code, Treasury regulations promulgated thereunder, judicial opinions, published positions of the Internal Revenue Service, and other applicable authorities, all of which are subject to change (possibly with retroactive effect). This discussion does not address all aspects of U.S. federal income taxation that may be important to a particular non-U.S. holder in light of that non-U.S. holder's individual circumstances, nor does it address any aspects of U.S. federal estate and gift, state, local, or non-U.S. taxes. This discussion may not apply, in whole or in part, to particular non-U.S. holders in light of their individual circumstances or to holders subject to special treatment under the U.S. federal income tax laws (such as insurance companies, tax-exempt organizations, financial institutions, brokers or dealers in securities, controlled foreign corporations, passive foreign investment companies, non-U.S. holders that hold shares of our Class A common stock as part of a straddle, hedge, conversion transaction or other integrated investment, and certain U.S. expatriates).

If a partnership (or other entity or arrangement treated as a partnership for U.S. federal income tax purposes) holds shares of our Class A common stock, the tax treatment of a partner will generally depend on the status of the partner and the activities of the partnership. Partners of a partnership holding shares of Class A common stock are encouraged to consult their own tax advisors as to the particular U.S. federal income tax consequences applicable to them.

THIS SUMMARY IS FOR GENERAL INFORMATION ONLY AND IS NOT INTENDED TO CONSTITUTE A COMPLETE DESCRIPTION OF ALL TAX CONSEQUENCES FOR NON-U.S. HOLDERS RELATING TO THE ACQUISITION, OWNERSHIP AND DISPOSITION OF SHARES OF OUR CLASS A COMMON STOCK. PROSPECTIVE HOLDERS OF SHARES OF CLASS A COMMON STOCK ARE ENCOURAGED TO CONSULT WITH THEIR OWN TAX ADVISORS REGARDING THE TAX CONSEQUENCES TO THEM (INCLUDING THE APPLICATION AND EFFECT OF ANY STATE, LOCAL AND FOREIGN INCOME AND OTHER TAX LAWS) OF THE ACQUISITION, OWNERSHIP AND DISPOSITION OF SUCH SHARES.

Dividends

In general, any distribution we make to a non-U.S. holder with respect to its shares of our Class A common stock that constitutes a dividend for U.S. federal income tax purposes will be subject to U.S. withholding tax at a rate of 30% of the gross amount, unless the non-U.S. holder is eligible for a reduced rate of withholding tax under an applicable tax treaty and the non-U.S. holder provides proper certification of its eligibility for such reduced rate. A distribution will constitute a dividend for U.S. federal income tax purposes to the extent of our current or accumulated earnings and profits as determined for U.S. federal income tax purposes. To the extent that a distribution exceeds our current or accumulated earnings and profits, the excess will constitute a return of capital that is applied against, and will reduce, the holder's basis in its shares, but not

below zero, and then will be treated as gain from the sale or exchange of such shares.

Table of Contents

Dividends we pay to a non-U.S. holder that are effectively connected with its conduct of a trade or business within the United States (and, if a tax treaty applies, are attributable to a U.S. permanent establishment of such non-U.S. holder) will not be subject to U.S. withholding tax, as described above, if the non-U.S. holder complies with applicable certification and disclosure requirements. Instead, such dividends generally will be subject to U.S. federal income tax on a net income basis in the same manner as if the non-U.S. holder were a resident of the United States. Dividends received by a foreign corporation that are effectively connected with its conduct of trade or business within the United States may be subject to an additional branch profits tax at a rate of 30% (or such lower rate as may be specified by an applicable tax treaty).

Gain on Sale or Other Disposition of Shares of Our Class A Common Stock

In general, a non-U.S. holder will not be subject to U.S. federal income tax on any gain realized upon the sale or other disposition of the non-U.S. holder's shares of our Class A common stock unless:

the gain is effectively connected with a trade or business carried on by the non-U.S. holder within the United States (and, if required by an applicable tax treaty, is attributable to a U.S. permanent establishment of such non-U.S. holder);

the non-U.S. holder is an individual and is present in the United States for 183 days or more in the taxable year of disposition and certain other conditions are met; or

we are or have been a U.S. real property holding corporation, which we refer to as an USRPHC, for U.S. federal income tax purposes at any time within the shorter of the five-year period preceding such disposition or such non-U.S. holder's holding period of the shares. We believe we are not, and do not anticipate becoming, a USRPHC for U.S. federal income tax purposes. If we were or were to become a USRPHC at any time during the applicable period, however, any gain recognized on a sale or other disposition of shares by a non-U.S. holder that did not own (directly, indirectly or constructively) more than 5% of the Class A common stock during the applicable period would not be subject to U.S. federal income tax, provided that Class A common stock is regularly traded on an established securities market (within the meaning of Section 897(c)(3) of the Code).

Gain that is effectively connected with the conduct of a trade or business in the United States (or so treated) generally will be subject to U.S. federal income tax, net of certain deductions, at regular U.S. federal income tax rates. If the non-U.S. holder is a foreign corporation, the branch profits tax described above also may apply to such effectively connected gain. An individual non-U.S. holder who is subject to U.S. federal income tax because the non-U.S. holder was present in the United States for 183 days or more during the year of sale or other disposition of shares of our Class A common stock will be subject to a flat 30% tax on the gain derived from such sale or other disposition, which may be offset by United States source capital losses.

Backup Withholding, Information Reporting and Other Reporting Requirements

We must report annually to the Internal Revenue Service and to each non-U.S. holder of shares of our Class A common stock the amount of dividends paid to, and the tax withheld with respect to, each non-U.S. holder. These reporting requirements apply regardless of whether withholding was reduced or eliminated by an applicable tax treaty. Copies of this information reporting may also be made available under the provisions of a specific tax treaty or agreement with the tax authorities in the country in which the non-U.S. holder resides or is established.

A non-U.S. holder will generally be subject to backup withholding with respect to dividends paid on its shares of our Class A common stock to such holder unless such holder certifies under penalties of perjury that, among other things, it is a non-U.S. holder (and the payor does not have actual knowledge or reason to know that such holder is a U.S. person as defined under the Code).

Information reporting and backup withholding generally are not required with respect to the amount of any proceeds from the sale or other disposition of shares of our Class A common stock by a non-U.S. holder outside the United States through a foreign office of a foreign broker that does not have certain specified connections to the United States. However, if a non-U.S. holder sells or otherwise disposes of its shares through a U.S. broker or the

Table of Contents

U.S. offices of a foreign broker, the broker will generally be required to report the amount of proceeds paid to the non-U.S. holder to the Internal Revenue Service and also backup withhold on that amount unless such non-U.S. holder provides appropriate certification to the broker of its status as a non-U.S. person or otherwise establishes an exemption (and the payor does not have actual knowledge or reason to know that such holder is a U.S. person as defined under the Code). Information reporting will also apply if a non-U.S. holder sells or otherwise dispose of its shares of Class A common stock through a foreign broker deriving more than a specified percentage of its income from U.S. sources or having certain other connections to the United States, unless such broker has documentary evidence in its records that such non-U.S. holder is a non-U.S. person and certain other conditions are met, or such non-U.S. holder otherwise establishes an exemption (and the payor does not have actual knowledge or reason to know that such holder is a U.S. person as defined under the Code).

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules from a payment to a non-U.S. holder can be credited against the non-U.S. holder's U.S. federal income tax liability, if any, or refunded, provided that the required information is furnished to the Internal Revenue Service in a timely manner. Non-U.S. holders are encouraged to consult their tax advisors regarding the application of the information reporting and backup withholding rules to them.

Legislative Developments Potentially Affecting Taxation of Shares of Our Class A Common Stock Held by or Through Foreign Entities

Legislation enacted by the United States Congress will generally impose a withholding tax of 30% on dividends paid on shares of our Class A common stock and the gross proceeds of a sale or other disposition of such shares paid to a foreign financial institution, unless such institution enters into an agreement with the U.S. government to collect and provide to the U.S. tax authorities substantial information regarding U.S. account holders of such institution (which would include certain equity and debt holders of such institution, as well as certain account holders that are foreign entities with U.S. owners). The legislation will also generally impose a withholding tax of 30% on dividends paid on the shares and the gross proceeds of a sale or other disposition of such shares paid to a non-financial foreign entity unless such entity provides the withholding agent with a certification identifying the direct and indirect U.S. owners of the entity. Under certain circumstances, a non-U.S. holder of shares may be eligible for refunds or credits of such taxes. The legislation will be effective for amounts paid after December 31, 2013. Investors are encouraged to consult with their own tax advisors regarding the possible implications of this legislation on their investment in shares of Class A common stock.

There can be no assurances that any Selling Stockholder will sell any or all of such shares of Class A common stock pursuant to the registration statement.

The Selling Stockholders may offer and sell the shares of our Class A common stock included in this prospectus supplement from time to time directly to purchasers, through underwriters, to dealers, or through agents, at fixed prices, which may be changed, at market prices prevailing at the time of sale, at prices related to the prevailing market prices, or at privately negotiated prices.

The Selling Stockholders may offer and sell some or all of the shares of our Class A common stock included in this prospectus supplement by or through a broker-dealer in one or more, or a combination, of the following methods:

purchases by the broker-dealer as principal, and resale by the broker-dealer for its account;

a block trade in which the broker-dealer may attempt to sell the shares as agent, but may resell all or a portion of the block as principal in order to facilitate the transaction; or

transactions in which the broker-dealer as agent solicits purchasers and ordinary brokerage transactions by the broker-dealer as agent. The Selling Stockholders may enter into hedging, option, loan, pledge, or other types of derivative or monetization transactions with respect to the shares of our Class A common stock included in this prospectus supplement, such as lending or pledging such shares to a broker-dealer, bank, or other third party, which may become a Selling Stockholder and sell such shares under the registration statement.

The Selling Stockholders may directly make offers to sell the shares of our Class A common stock included in this prospectus supplement to, or solicit offers to purchase the shares of Class A common stock from, purchasers from time to time. If required, the prospectus supplement related to any such offering by the Selling Stockholders will set forth the terms of such offering.

The Selling Stockholders may sell the shares of our Class A common stock included in this prospectus supplement from time to time to one or more underwriters, which would purchase the shares as principal for resale to purchasers, on a firm-commitment or other basis. If the Selling Stockholders sell shares of Class A common stock

to underwriters, they may execute an underwriting agreement with them at the time of sale and will name them in the prospectus supplement related to any such offering. In connection with those sales, underwriters may be deemed to have received compensation from the Selling Stockholders in the form of underwriting discounts or commissions and may also receive commissions from purchasers of the shares of Class A common stock for which they may act as agents. Underwriters may resell shares of Class A common stock to or through dealers, and those dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from purchasers for which they may act as agents. The prospectus supplement related to any such offering will include any required information about underwriting compensation to be paid to underwriters, and any discounts, concessions or commissions underwriters allow to participating dealers, in connection with such offering.

From time to time, the Selling Stockholders may sell the shares of our Class A common stock included in this prospectus supplement to one or more dealers acting as principals. If required, any additional prospectus supplement related to any such offering will name such dealers as Selling Stockholders, and will include information about any compensation paid to the dealers, in such offering. The dealers, which may be deemed to be underwriters as that term is defined in the Securities Act, may then resell the shares to purchasers.

The Selling Stockholders may also designate broker-dealers as agents from time to time to solicit offers from purchasers to purchase the shares of our Class A common stock included in this prospectus supplement, or to sell such shares in ordinary brokerage transactions, on their behalf. If required, any additional prospectus supplement related to any such offering will name such agents, and will include information about any commissions paid to the agents, in such offering. Agents may be deemed to be underwriters as that term is defined in the Securities Act in such offering.

Each of the Selling Stockholders may be deemed to be an underwriter as that term is defined in the Securities Act, and any profit on the sale of shares of our Class A common stock included in this prospectus supplement by such Selling Stockholder may be deemed to be underwriting discounts or commissions under the Securities Act. We have informed the Selling Stockholders that the anti-manipulative provisions of Regulation M promulgated under the Exchange Act may apply to their sales of such shares in the market or otherwise.

In connection with a firm commitment offering, the underwriters may purchase and sell shares of our Class A common stock in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater number of shares of Class A common stock than they are required to purchase in the offering. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or retarding a decline in the market price of Class A common stock while the offering is in progress. The underwriters also may impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount received by it because the underwriters have repurchased shares of Class A common stock sold by or for the account of that underwriter in stabilizing or short-covering transactions. These activities by the underwriters may stabilize, maintain or otherwise affect the market price of Class A common stock. As a result, the price of Class A common stock may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the underwriters at any time. These transactions may be effected on or through the Nasdaq Global Select Market, the existing trading market for Class A common stock, or in the over-the-counter market or otherwise.

The Selling Stockholders or their underwriters, broker-dealers, or agents may make sales of shares of our Class A common stock included in this prospectus supplement that are deemed to be an at-the-market offering as defined in Rule 415 promulgated under the Securities Act, which includes sales of such shares made directly on or through the Nasdaq Global Select Market, the existing trading market for Class A common stock, or in the over-the-counter market or otherwise.

Any underwriters, broker-dealers, or agents offering the shares of our Class A common stock included in this prospectus supplement will not confirm sales to any accounts over which they or their affiliates exercise discretionary authority without the prior approval of the customer.

Underwriters, broker-dealers, agents and other persons may be entitled, under agreements that they may enter into with the Selling Stockholders or the Company, to indemnification by them against certain liabilities, including liabilities under the Securities Act, in connection with an offering of the shares of our Class A common stock included in this prospectus supplement.

We have agreed to pay the expenses of the registration of the shares of our Class A common stock offered and sold by the Selling Stockholders under the registration statement, including, but not limited to, all registration and filing fees and fees and expenses of our counsel and our accountants. The Selling Stockholders will pay any underwriting discounts, commissions and transfer taxes applicable to shares of Class A common stock sold by them.

In return for our agreement to include in the registration statement the shares of our Class A common stock to be offered for sale by the Selling Stockholders and to pay the expenses of the registration of such shares, we may require that the Selling Stockholders be subject to any restrictions on sale imposed by us from time to time, including, without limitation, with respect to blackout periods for sales, volume limitations, manner of sale restrictions or otherwise.

As a result of the requirements of the Financial Industry Regulatory Authority, which we refer to as FINRA, the maximum discount, concession or commission to be received by any FINRA member or independent broker-dealer may not be greater than eight percent (8%) of the gross proceeds received by the Selling Stockholders for the sale of any of the shares of our Class A common stock included in this prospectus supplement.

Any of the shares of our Class A common stock included in this prospectus supplement held by the Selling Stockholders that qualify for sale pursuant to Rule 144 under the Securities Act may be sold under Rule 144 rather than pursuant to the registration statement. If any Selling Stockholder sells pursuant to Rule 144, such Selling Stockholder will not be deemed to be an underwriter as that term is defined in the Securities Act and will not be subject to the prospectus delivery requirements of the Securities Act with respect to such sales.
