Settlement Period: The closing will occur on February 11, 2013, which will be the ninth business day after the date of this pricing term sheet (T+9). Rule 15c6-1 under the Securities Exchange Act of 1934 generally requires that securities trades in the secondary market settle in three business days, unless the parties to a trade expressly agree otherwise. Accordingly, purchasers who wish to trade the notes on the date of this term sheet or the next five succeeding business days will be required, by virtue of the fact that the notes initially will settle in T+9, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement. Purchasers of the notes who wish to make such trades should consult their own advisor.
