The following information has been prepared in compliance with US SEC Regulation S-X, Article 11, Reg. § 11-01(a)(4). The disposal on 21 March 2013 of BP's 50% shareholding in TNK-BP was deemed significant as BP's share of the income from continuing operations before income taxes of such shareholding represented more than 10 per cent of BP's consolidated income for the year ended 31 December 2012.

The disposal of BP's 50% shareholding in TNK-BP does not result in the treatment of such shareholding as a Discontinued operation of BP p.l.c. for accounting purposes.

Sale of BP's Interest in TNK-BP and BP's Investment in Rosneft

On 21 March 2013 BP sold its investment in TNK-BP to Rosneft and acquired an 18.5% stake in Rosneft (the Transaction). Combined with BP's existing 1.25 per cent shareholding, this resulted in BP owning 19.75 per cent of Rosneft.

BP's 19.75% shareholding in Rosneft meets the criteria to be accounted for using the equity method. BP will report its share of Rosneft's production, earnings and reserves.

Cautionary statement

This Report contains certain forward-looking statements, including statements regarding BP's plans to report its share of Rosneft's production, earnings and reserves and other statements which are generally, but not always, identified by the use of words such as "want", "intended to", "expected to", and similar expressions. Forward-looking statements involve risks and uncertainties because they depend on circumstances that will or may occur in the future. Actual results may differ materially from those expressed in such statements, depending on a variety of factors, including changes in accounting rules or guidance applicable to BP's investment in Rosneft, the availability of attractive investment opportunities, general economic conditions, political stability and economic growth in relevant areas of the world, changes in laws and governmental regulations, regulatory or legal actions including the types of enforcement action pursued and the nature of remedies sought, exchange rate fluctuations, natural disasters and adverse weather conditions, changes in public expectations and other changes to business conditions, wars and acts of terrorism or sabotage, and other factors discussed under "Risk factors" in our Annual Report and Form 20-F 2012 (SEC File No. 1-06262) as filed with the US Securities and Exchange Commission.
