PROXY STATEMENT

Our proxy statement contains information relative to our Annual Meeting of Shareholders to be held on Wednesday, May 21, 2014, beginning at 3:00 p.m., Eastern Daylight Time, at Avalon at Buhl Park, located at 1030 Forker Boulevard, Hermitage, Pennsylvania 16148 (our Annual Meeting). This proxy statement also relates to any adjournment or postponement of our Annual Meeting. This proxy statement was prepared under the direction of the F.N.B. Corporation Board of Directors to solicit your proxy for use at the Annual Meeting. On April 2, 2014, we commenced the distribution of our proxy statement and the accompanying proxy card to our shareholders of record as of March 12, 2014. We will bear all costs of preparing and distributing our proxy material to our shareholders. We will, upon request, reimburse brokers, nominees, fiduciaries, custodians and other record holders for their reasonable expenses in forwarding our proxy materials to beneficial owners.

We use the following terms in this proxy statement:

We, us, our, F.N.B., Company, or Corporation mean F.N.B. Corporation;

Board means the F.N.B. Corporation Board of Directors;

FNBPA means First National Bank of Pennsylvania;

FNTC means First National Trust Company;

F.N.B. Capital means F.N.B. Capital Corporation, LLC; and

CEO means Chief Executive Officer.

ABOUT OUR ANNUAL MEETING

What is a Proxy?

Your proxy gives us authority to vote your shares and tells us how to vote your shares at the Annual Meeting or any adjournment. Three of our employees, who are called proxies or proxy holders and are named on the proxy card, will vote your shares at the Annual Meeting according to the instructions you give on the proxy card.

Why are you soliciting a proxy from me?

Our Board of Directors is soliciting your proxy to make sure that your vote is properly submitted and received on time, and to improve the efficiency of the Annual Meeting. We may ask for, or solicit, proxies using several methods.

We may solicit proxies by mail, personal interviews, telephone or fax. We may also use the Internet to solicit proxies. F.N.B. officers or employees may solicit proxies, but will not receive any special compensation for doing so. We have engaged the firm of Regan & Associates, Inc., to assist us with soliciting proxies.

Table of Contents

What will our shareholders vote on at our Annual Meeting?

Our shareholders will act upon the following proposals at our Annual Meeting:

Election of the fifteen (15) nominees for directors named in this proxy statement to serve for a term of one year and until the election of their successors (Proposal 1);

Adoption of an advisory (non-binding) resolution to approve the 2013 compensation of our named executive officers (Proposal 2);

Ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2014 (Proposal 3); and

Any other business that comes before our Annual Meeting in compliance with the advance notice and other applicable provisions of our bylaws (described in the Shareholder Proposals discussion in this Proxy Statement).

VOTING

Who is entitled to vote at our meeting?

Our Board has set March 12, 2014, as the record date for our Annual Meeting. Only holders of our common stock of record at the close of business on the record date are entitled to receive notice of and to vote at our Annual Meeting and any adjournment or postponement of our Annual Meeting. F.N.B. shareholders who plan to attend our Annual Meeting may obtain driving directions to the meeting location by contacting our shareholder services representative at (888) 981-6000 and ask to be connected to extension 4944.

What are the Board's voting recommendations?

The Board recommends that you vote your shares:

For the election of each of the fifteen (15) nominees for election as directors named in this proxy statement for a term of one year and until the election of their successors (Proposal 1);

For adoption of the advisory (non-binding) resolution to approve the 2013 compensation of our named executive officers (Proposal 2); and

For ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for 2014 (Proposal 3).

What vote is required to approve each matter?

Action by the shareholders on each of the proposals presented at our Annual Meeting requires the presence of a quorum at our Annual Meeting, in person or by proxy. Refer to the discussion in our proxy statement under the question, "What is a quorum?"

If you abstain from voting, it will not count as a vote cast. With respect to Proposals 2 and 3, if you desire to abstain, you must check the "Abstain" box on your proxy card, or select the appropriate option when voting by Internet or telephone. If you sign, date and return your proxy card, but do not provide voting instructions, or if you do not provide voting instructions when voting over the Internet, we will vote your shares represented by that proxy as recommended by our Board of Directors and this vote will count as a vote cast.

Edgar Filing: FNB CORP/FL/ - Form DEF 14A

Under Proposal 1, our directors are elected by a plurality of the votes cast in person or by proxy at our Annual Meeting. The fifteen (15) persons nominated for election as a director in accordance with our bylaws who receive the highest number of For votes cast by our shareholders at the Annual Meeting will be elected as

Table of Contents

directors for one year terms. If you properly submit your proxy card and mark *Withhold* authority for any individual nominee or all of the nominees, the proxies will not vote your shares for the nominee or nominees as to which you so indicate, but we will count your shares as present in determining whether a quorum exists. Similarly, broker non-votes will not be counted as votes cast, but we will count those shares as present for purposes of determining whether a quorum exists. Our Articles of Incorporation do not authorize cumulative voting for the election of directors.

For Proposals 2 and 3, the affirmative vote of a majority of the votes cast for each Proposal at the Annual Meeting is required for approval of these Proposals. For Proposal 2, abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of this vote. For Proposal 3, abstentions will not be counted as votes cast and will have no effect on the result of this vote.

Since the broker non-votes will not be counted as votes cast for purposes of Proposals 1 and 2, this means that the broker or bank which holds your shares of F.N.B. stock may not vote your shares regarding these proposals unless you instruct your broker or bank how you want your shares to be voted.

What are the voting rights of our shareholders?

The only class of our securities that is outstanding and entitled to vote at our Annual Meeting is our common stock. As of the March 12, 2014, record date, we had 165,318,427 shares of our common stock outstanding, each entitled to one vote per share with respect to each matter to be voted on at our Annual Meeting.

How do I vote?

You can vote either in person at our Annual Meeting or by proxy whether or not you attend our Annual Meeting. When you or your authorized attorney-in-fact grants us your proxy, you authorize us to vote your shares of our common stock in the manner you specify on your proxy card. Giving a proxy allows your shares to be voted at our Annual Meeting even if you do not attend the Annual Meeting in person. If your shares are in an account at a bank or brokerage firm (that is, in *street name*), you will receive a separate instruction card from your bank or brokerage firm with information about how to give voting instructions.

If you hold your shares directly, to vote by proxy you must do one of the following:

Vote by mail. Complete, sign, date and return the enclosed proxy card in the envelope provided (the envelope requires no postage if mailed in the United States).

Vote at the Annual Meeting. If you are a registered shareholder and attend our Annual Meeting, you may deliver your completed proxy card in person or request a voting ballot to vote in person at the meeting. Even if you returned a proxy to us before our Annual Meeting, you may revoke it and vote in person.

Vote via the Internet. Instructions are provided on your proxy card. If you vote via the Internet, you should not return your proxy card.

Vote by telephone. Instructions are provided on your proxy card. If you vote via telephone, you should not return your proxy card. If you hold your F.N.B. shares in an account at a bank or brokerage firm, and you want to vote in person at our Annual Meeting, you will need to obtain a signed proxy card from the brokerage firm or the bank that holds your F.N.B. stock. If your F.N.B. stock is registered in the name of a bank or brokerage firm, you also may be eligible to vote your shares electronically via the Internet or by telephone. Many banks and brokerage firms participate in programs such as the Broadridge Financial Solutions, Inc. online program. These programs provide eligible shareholders who receive a paper copy of this proxy statement the opportunity to vote via the Internet or by telephone. If your bank or brokerage firm is participating in one of these programs, your proxy card will contain instructions for voting online or by telephone. If your proxy card does not reference Internet or telephone information, please complete and return the proxy card in the enclosed self-addressed, postage-paid envelope.

Table of Contents

Who can attend our Annual Meeting?

All shareholders as of the close of business on March 12, 2014 (the record date), or their duly appointed proxies may attend our Annual Meeting. Even if you currently plan to attend our Annual Meeting, we recommend that you vote by any of the applicable methods described above so that your vote will be counted at our Annual Meeting if you later decide not to attend.

If your shares are held in street name by your bank or brokerage firm, you will need to bring a copy of a brokerage statement reflecting your ownership of F.N.B. stock as of the March 12, 2014, record date, and check in at the registration desk at our Annual Meeting.

What are the requirements for admittance to the Annual Meeting?

Only shareholders as of the record date have a right to attend the Annual Meeting. In order to be admitted to the Annual Meeting, you will need to present a government-issued photo identification (such as a driver's license or passport) and, if you are not a record holder on the company's books, evidence of ownership of our common stock as of the record date (such as a brokerage account statement). If you are representing an entity that is a shareholder, you must also present documentation showing your authority to attend and act on behalf of the entity (such as a power of attorney, written proxy to vote, or letter of authorization on the entity's letterhead). We reserve the right to limit the number of representatives for any entity that may be admitted to the meeting. No cameras, recording equipment, large bags or packages will be permitted in the Annual Meeting. The use of cell phones, smart phones, tablets and other personal communication devices during the Annual Meeting is also prohibited.

What is a quorum?

The presence at our Annual Meeting, in person or by proxy, of the holders of a majority of our outstanding shares of common stock on the record date will constitute a quorum, permitting the conduct of business at our Annual Meeting. If you return a properly completed proxy card, vote via the Internet, vote by telephone or vote in person at our Annual Meeting, you will be considered present for purposes of establishing a quorum. Proxies received, but marked as abstentions, proxies that withhold authority and broker non-votes will be included in the calculation of the number of shares considered to be present for purposes of determining a quorum.

Can I change my vote after I have voted?

You may revoke your proxy and change your vote at any time before it is voted at our Annual Meeting. You may change your vote by delivering a written notice of revocation to our Corporate Secretary at the F.N.B. Shareholder Services address located on the last part of the proxy statement or by signing and returning a new proxy card with a later date or by voting via the Internet or by telephone at a later date, or by attending the Annual Meeting and voting in person. Only your latest instruction will be counted. However, your attendance at our Annual Meeting will not automatically revoke your proxy unless you vote again at our Annual Meeting or specifically request that your prior proxy be revoked by delivering a written notice of revocation prior to our Annual Meeting to our Corporate Secretary at F.N.B. Corporation, One F.N.B. Boulevard, Hermitage, Pennsylvania 16148.

How do I vote if my shares are held in street name?

If you hold your shares in street name in an account at a bank or brokerage firm, we generally cannot mail our proxy materials directly to you. Instead, your bank or brokerage firm will forward our proxy materials to you and tell you how to give them instructions for voting your F.N.B. shares.

How do I vote my 401(k) Plan shares or ESOP Plan shares?

If you participate in the F.N.B. Corporation Progress Savings 401(k) Plan (401(k) Plan) or either the Baltimore County Savings Bank Employee Savings Plan (BCSB 401(k) Plan) or the Baltimore County Savings

Table of Contents

Bank Employee Stock Ownership Plan (BCSB ESOP), which we assumed by virtue of our acquisition of BCSB Bancorp, Inc. (BCSB) on February 15, 2014, you may vote the number of shares of common stock credited to your account as of the record date. You may vote by instructing T. Rowe Price, the trustee of our 401(k) Plan, and Principal Financial Group, trustee of the BCSB 401(k) Plan and BCSB ESOP, pursuant to the proxy card being mailed with this proxy statement to plan participants. The trustee will vote your shares in accordance with your duly executed proxy card, provided that the trustee receives it by 3:00 a.m., Eastern Daylight Time, on Friday, May 16, 2014.

In the case of the 401(k) Plan, the BCSB 401(k) Plan and the BCSB ESOP, if you do not return your proxy card, the shares credited to your plan account will be voted by the trustee in the same proportion that it votes the shares for which it timely received proxy cards.

You may also revoke a previously given proxy card until 3:00 a.m., Eastern Daylight Time, on Friday, May 16, 2014, by filing with the trustee either a written notice of revocation or a properly completed and signed proxy card or Internet or telephone vote having a later date.

How will we conduct the business of our Annual Meeting?

Our bylaws govern the organization and conduct of business at our shareholder meetings. Our bylaws specify that our Board Chairman shall preside at our shareholder meetings. Our Board Chairman, Mr. Stephen J. Gurgovits, will serve as Chair of our Annual Meeting and call the meeting to order. As Chair of our Annual Meeting, Board Chairman Gurgovits will determine, at his discretion, the order of the business to be conducted at our Annual Meeting and the procedure for our Annual Meeting. Board Chairman Gurgovits will announce the opening and closing of the polls for each matter on which our shareholders will vote at our Annual Meeting.

Who can answer my questions?

Should you have questions concerning these proxy materials or our Annual Meeting or should you wish to request additional copies of this proxy statement or proxy card, you may contact Mr. David B. Mogle, who is our Corporate Secretary, at (888) 981-6000.

How can I avoid receiving more than one set of proxy materials in future years?

If two or more registered shareholders live in your household or if a registered shareholder maintains two or more shareholder accounts, you may have received more than one set of our proxy materials. We have made a delivery method for proxy materials called *householding* available to our shareholders. If you consent to *householding*, only one annual report and one proxy statement will be delivered to your address; however, a separate proxy card will be delivered for each account. Please refer to the section titled, *Other Matters – Householding of Proxy Materials* at the end of this proxy statement for more information regarding *householding*.

Is my vote confidential?

We process proxy instructions, ballots and voting tabulations that identify individual shareholders in a manner that protects your voting privacy. We will not disclose your vote either within the Company or to third parties, except:

As necessary to meet applicable legal requirements;

To allow for the tabulation and certification of votes; and

To facilitate a successful proxy solicitation.

Occasionally, shareholders provide written comments on their proxy cards. At our discretion, we may forward your comments to our management or the Board.

Table of Contents

Where can I find the voting results of the Annual Meeting?

We will announce the preliminary voting results at our Annual Meeting. The judges of election will tally the final voting results and we will include the final voting results in a Form 8-K, which we will file with the Securities and Exchange Commission (SEC) by May 28, 2014.

Who is paying for the cost of this proxy solicitation?

The Company is paying the costs of the solicitation of proxies. The Company has retained Regan & Associates, Inc. to assist in obtaining proxies by mail, facsimile or email from registered holders, brokerage firms, bank nominees and other institutions for the Annual Meeting. The estimated cost of such service is \$17,500 including out-of-pocket expenses. Regan & Associates, Inc. may be contacted at (800) 737-3426.

The Company will also reimburse brokerage firms and other persons representing beneficial owners of shares held in street name for their reasonable costs associated with:

Forwarding the Notice of our Annual Meeting to beneficial owners;

Forwarding printed proxy materials by mail to beneficial owners who specifically request them; and

Obtaining beneficial owners' voting instructions.

In addition to soliciting proxies by mail, certain of our directors, officers and regular employees, without additional compensation, may solicit proxies on our behalf personally or by telephone, facsimile or email.

Proposal 1. Election of Directors

General Information Regarding Director Nominees

Our Board determines the number of directors to nominate for election each year. The F.N.B. bylaws provide that our Board shall consist of not fewer than five nor more than 25 persons, the exact number to be determined from time to time by the Board.

Acting on the recommendation of the Nominating and Corporate Governance Committee, our Board fixed the number of directors as of the Annual Meeting date at fifteen (15).

Directors

The Board, acting on the recommendation of the Nominating and Corporate Governance Committee, has nominated for election as directors the persons identified on the table titled, Nominees for Election at Our Annual Meeting. Each nominee is discussed in more detail in the Section titled Biographical Information Concerning Director Nominees of this proxy statement. Each of the Company's nominees will hold office for a one-year term until the next annual meeting of shareholders and the election and qualification of his or her successors. All of our nominees are currently directors.

Identification and Evaluation of Director Candidates

Our Nominating and Corporate Governance Committee identifies potential directors primarily through any of the following processes: (i) recommendations made by current or former Company Directors; (ii) contacts in business, civic, academic and non-profit communities; and (iii) our Company shareholders (see later discussions under Shareholder Proposals).

At least annually, in consultation with the Nominating and Corporate Governance Committee, our Board assesses the skills, qualifications and experience of our Board and decides whether to recommend an incumbent director for re-election. In evaluating existing directors or new candidates (including any candidates who may be

recommended by a shareholder), our Nominating and Corporate Governance Committee and Board assess the needs of the Board and the qualifications of each director candidate. Moreover, in evaluating the suitability of prospective Board members, our Nominating and Corporate Governance Committee and Board take into account many factors detailed in our Company bylaws and Corporate Governance Guidelines, including each director candidate's general understanding of banking, finance and other disciplines relevant to the success of a publicly traded financial services company in today's business and regulatory environment; compatibility with our culture; understanding of our business; educational and professional background; personal accomplishment; adherence to the standards set forth in the F.N.B. Corporate Governance Guidelines and Code of Conduct; and geographic, gender, age, racial, ethnic and other diversity considerations. Please see section titled Biographical Information Concerning Director Nominees for more information on each of our current director nominees. Since the previous Annual Meeting, the F.N.B. Board elected Mr. David L. Motley to the Board. Mr. Motley was identified as a potential director candidate through a rigorous search process conducted by members of our Board and evaluated by our Nominating and Corporate Governance Committee under the above-described suitability criteria. The Nominating and Corporate Governance Committee nominated Mr. Motley for election to the F.N.B. Board on August 15, 2013, and the F.N.B. Board unanimously voted Mr. Motley to the Board on the same day.

OUR BOARD OF DIRECTORS AND ITS COMMITTEES

Board Leadership Structure, Role in Risk Management and Corporate Governance

Based on an evaluation of its governance needs and the composition, skills and qualifications of the current directors, the Board believes that an appropriate leadership structure should include the following important characteristics: (i) the Board is comprised of a majority of independent directors; (ii) the Board includes a lead independent director with specific duties in the event the Board Chairman does not qualify as independent; and (iii) regular executive sessions at periodic intervals consisting of independent and/or non-management directors (without management present) are conducted regarding significant Board decisions. The Board believes that its current leadership structure includes these three characteristics. The Board also believes that its leadership structure is flexible enough to accommodate different approaches based on an evaluation of relevant facts and circumstances. The Board annually evaluates its structure and this assessment includes an evaluation of the Board, Board committees and individual directors.

Although Mr. Gurgovits was elected our non-executive Board Chairman in January 2012, the Board has decided to designate an independent Lead Director because Mr. Gurgovits does not qualify as independent under the applicable New York Stock Exchange rules by virtue of his prior service as the Corporation's CEO. As provided in the Corporate Governance Guidelines, the independent directors designate the Lead Director for a one-year term. By election of the independent directors of the Board at the re-organizational meetings of the Board, Mr. Campbell has served as the independent Lead Director since January 2012. The duties and responsibilities of the Lead Director are more fully described in our Corporate Governance Guidelines and include, but are not limited to, the following:

Assist the Board in fulfilling its responsibility for reviewing, evaluating and monitoring the Corporation's strategic plan by meeting with the Corporation's CEO to monitor and remain knowledgeable regarding the status of such plan;

When necessary, act as a liaison to and facilitate communications with the Corporation's Chairman, directors and CEO for the purpose of coordinating information flow among the parties with the goal of optimizing the effectiveness of the Corporation's Board and Board Committees;

Serve as a conduit of information and feedback among the Corporation's Chairman, directors and CEO between Board meetings;

Coordinate the review and resolution of conflict of interest issues with respect to members of the Corporation's Board as they may arise; and

Coordinate and develop the agenda for, and preside at, executive session meetings of the Corporation's Board.

The Board oversees the Company's CEO and other senior management in the competent and ethical operation of the Company on a day-to-day basis and ensures that our officers are serving the long-term interests of the shareholders. We expect each director to take a proactive and focused approach to his or her position, and to assist in setting standards to ensure that the Company is committed to business success through the maintenance of high standards of responsibility, fiduciary conduct and ethics, as embodied in our Statement of Directors' Duties and Responsibilities, Code of Ethics, Code of Conduct and Corporate Governance Guidelines. Our Statement of Directors' Duties and Responsibilities describes the legal, regulatory and fiduciary duties which our directors must adhere to in the conduct of their Board responsibilities. Our Code of Conduct applies to all of the Company's employees and directors and our Code of Ethics applies to senior officers and employees. Our Corporate Governance Guidelines outline the key practices and procedures that our Board follows. These codes and standards may be found on our website at www.fnbcorporation.com under the tab, Corporate Structure, and then clicking on the heading, Corporate Governance.

Our Board met 12 times in 2013. Each director attended at least 75% of the aggregate number of meetings of the Board and the respective committees on which such director served. We expect the members of our Board

to attend our Annual Meeting as a matter of policy and, except for Director Motley, who joined our Board in August 2013, all but one of our current Board members attended our 2013 Annual Meeting.

Board Committees

Our Corporation's principal Board committees are its Executive Committee, Audit Committee, Compensation Committee, Nominating and Corporate Governance Committee (Nominating Committee) and Risk Committee (collectively, Standing Committees). The Board has determined that the Chairs of each of the Standing Committees and each of the members of the Standing Committees are independent under the applicable New York Stock Exchange (NYSE) standards and SEC rules except for Mr. Gurgovits and Mr. Delie who are, respectively, Chair and Vice Chair of our Executive Committee and Mr. McCarthy who is Vice Chair of the Risk Committee. We identify the members and chairs of our Board Standing Committees in the table below.

Executive Committee

The Executive Committee, consistent with Florida law and our bylaws, assists the Board by offering an efficient means of considering significant matters and issues including during intervals between regular meetings of our Board. The Executive Committee met 12 times in 2013.

Audit Committee

In accordance with Section 3(a)(58)(A) of the Exchange Act, the Audit Committee is responsible primarily for selecting and overseeing the services performed by our independent registered public accounting firm and internal audit department, evaluating our accounting policies and system of internal controls and reviewing significant financial transactions and compliance matters. In addition, the Audit Committee approves all audit services and permitted non-audit services, as well as all engagement fees and terms related thereto. The Audit Committee met 12 times during 2013. The Board has determined that each member of the Audit Committee, Messrs. Malone, Martz, Stanik and Strimbu, qualifies as being financially literate, and each of these Audit Committee members also qualifies as an audit committee financial expert as defined by the SEC. The determination that each of the Audit Committee members qualifies as an audit committee financial expert included an evaluation of each person's qualifications and other relevant experience under applicable SEC rules.

and definitions, including consideration of each person's work, financial, business and professional experience. (For more detail regarding the business and professional experience and financial background of Messrs. Malone, Martz, Stanik and Strimbu, see Section titled, Biographical Information Concerning Director Nominees.) Each Audit Committee member also meets the additional criteria for independence of audit committee members set forth under the SEC rules, NYSE listing standards and the applicable federal bank regulatory requirements. We refer you to the Report of Audit Committee in this proxy statement.

Compensation Committee

The Compensation Committee (also referred to as the Committee in the Executive Compensation and Other Proxy Disclosure discussion of this proxy statement) is responsible primarily for reviewing the compensation arrangements for our executive officers, including the CEO, administering our equity compensation plans, and reviewing the compensation of the Board. For a description of the Compensation Committee's processes and procedures, including the roles of our executive officers and independent compensation consultants in the Compensation Committee's decision-making process, we refer you to Executive Compensation and Other Proxy Disclosure elsewhere in this proxy statement. The Compensation Committee met 10 times in 2013. The F.N.B. Board has affirmatively determined that each of the Compensation Committee members, Ms. Ellsworth and Messrs. Goldstein, Malone and Strimbu, qualifies under the NYSE and Dodd-Frank compensation committee independence rules and as an outside director for purposes of Section 162(m) of the United States Tax Code.

Nominating Committee

The Nominating Committee assists in the development of standards concerning the qualifications and composition of our Board and conducts succession planning for our Board. In addition, the Nominating Committee recommends director candidates to stand for election to our Board and seeks to promote the best interests of the Company and its shareholders through implementation of prudent and sound corporate governance principles and practices. We refer you to the discussions under Identification and Evaluation of Director Candidates located elsewhere in this proxy statement. The Nominating Committee met 7 times in 2013.

Risk Committee

The Risk Committee's principal responsibility is to assist the Board in the review and oversight of the Company's management of its enterprise-wide risk program (see discussion under Risk Management later in this proxy statement), including establishing, in consultation with senior management, acceptable risk tolerance levels for the Company and reporting this information to the Board. The Risk Committee met 6 times in 2013.

The Audit Committee, Compensation Committee, Executive Committee, Nominating Committee and Risk Committee responsibilities are described more fully in, and these Committees operate under, written charters adopted by the Board. You may review these charters on our website at www.fnbcorporation.com under the tab Corporate Structure by clicking on the heading, Corporate Governance. The principal responsibilities of the Standing Committees described above are qualified by reference to the charters of these committees and relevant sections of our bylaws.

Other Board Committees

In addition to the Standing Committees, the Board established a Pricing Committee in October 2013 to assist the Board in the oversight and evaluation of the Corporation's common and preferred offerings issued on November 1, 2013 (including the over allotment exercised on November 14, 2013). The Pricing Committee may perform other responsibilities as delegated by our Board. The Pricing Committee met 2 times in 2013 and its members are Directors Gurgovits, Delie and Martz.

Code of Conduct / Code of Ethics

The Company has a Code of Conduct that applies to all of the Company's Directors and employees, including its principal executive officer, principal financial officer and principal accounting officer, and a Code of Ethics that applies to the Company's senior officers and employees. You may view copies of our Code of Conduct and Code of Ethics on our website at www.fnbcorporation.com under the tab Corporate Structure, then clicking on the heading Corporate Governance. The Company will disclose any changes in or waivers from its Code of Conduct or Code of Ethics by posting the revised Code(s) or other related information on its website or by filing a Form 8-K. In 2013, other than a waiver granted to permit Mr. Gurgovits to serve on a non-affiliated financial institution's board of directors (not located within the Company's market area), no director or executive officer requested a waiver under either of the Codes.

Risk Management

The Board recognizes that, as a financial institution, the Company takes on a certain amount of risk in every business decision, transaction and activity. The Company's Board and management have identified six major categories of risk: credit risk, market risk, liquidity risk, reputational risk, operational risk and regulatory compliance risk. In its oversight role of the Company's risk management function, the Board is mindful that risk management is not about eliminating risk, but rather is about identifying, accepting and managing risks so as to optimize total shareholder value, while balancing prudent business considerations and safety and soundness.

The Company supports its risk management process through a governance structure involving its Board and senior management. The Board's Risk Committee helps ensure that business decisions in the organization are executed within our desired risk profile. The Risk Committee has the following oversight responsibilities: (i) identification, measurement, assessment and monitoring of enterprise-wide risk across the Company and its subsidiaries; (ii) development of appropriate and meaningful risk metrics to use in connection with the oversight of the Company's businesses and strategies; (iii) review and assessment of Company policies and practices to manage the Company's credit, market, liquidity and operating risk (including technology, operational, compliance and fiduciary risks); and (iv) identification and implementation of risk management best practices. The Risk Committee serves as the primary point of contact between our Board and the FNBPA Risk Management Committee which is the senior management level committee responsible for the bank's risk management.

As noted above, the Company's principal subsidiary, FNBPA, has a Risk Management Committee comprised of senior management. The purpose of this committee is to provide regular oversight of specific areas of risk with respect to the level of risk and risk management structure. The FNBPA Risk Management Committee reports on a regular basis to the Company's Risk Committee regarding the enterprise-wide risk profile of the Company and other significant risk management issues. F.N.B.'s Chief Risk Officer is responsible for the design and implementation of the Company's enterprise-wide risk management strategy and framework and ensures the coordinated and consistent implementation of risk management initiatives and strategies on a day-to-day basis. The Compliance Department, which reports to the Chief Risk Officer, is responsible for developing policies and procedures and monitoring the bank's compliance with applicable laws and regulations. Further, the Company's audit function performs an independent assessment of the Company's internal controls environment and plays an integral role in testing the operation of our internal controls systems and reporting findings to management and the Company's Audit Committee. Both the Company's Risk Committee and Audit Committee regularly report on risk-related matters to the Company's Board. In addition, both the Company's Risk Committee and FNBPA's Risk Management Committee regularly assess the Company's enterprise-wide risk profile and provide guidance on actions needed to address key and emerging risk issues.

The Board believes that the Company's enterprise-wide risk management process is effective since it includes the following material components: (i) enables the Board to assess the quality of the information it receives; (ii) enables the Board to understand the businesses, investments and financial, accounting, regulatory

Table of Contents

and strategic considerations of F.N.B. and its subsidiaries, and the risks that they face; (iii) enables the Board to oversee and assess how senior management evaluates risk; and (iv) enables the Board to assess appropriately the quality of the Company's enterprise-wide risk management process.

Corporate Governance

We have developed and operate under corporate governance principles and practices which are designed to optimize long-term shareholder value, align the interests of our Board and management with those of our shareholders and promote the highest ethical conduct among our directors, management and employees.

Highlights of portions of our Corporate Governance Guidelines, as well as some of our corporate governance policies, practices, procedures and related matters are as follows:

All of our directors are independent under the definition of "independence" established by our Corporate Governance Guidelines and the criteria of the NYSE, with the exception of F.N.B.'s former CEO, Mr. Gurgovits, F.N.B.'s CEO, Mr. Delie, and Mr. McCarthy who was briefly employed by FNBPA in 2012 and was CEO of Parkvale, which was acquired by the Corporation in January 2012.

Shareholders may communicate directly with our Board or any Board Committee or any individual director.

Our Audit, Compensation and Nominating Committees are composed entirely of independent directors.

Each of our Audit, Compensation, Executive, Risk and Nominating Committees has a written charter posted on the Corporation's website at www.fnbcorporation.com that it reviews and reassesses annually.

Audit Committee members cannot serve on more than two other public company audit committees without the approval of our Board.

Our internal auditor, who oversees our internal audit function, reports directly to our Audit Committee.

Our Compensation Committee retains an independent compensation consultant whose sole service to F.N.B. is to provide the Committee with advice and guidance on our executive compensation program.

Our various committee charters contemplate an annual self-evaluation process of our Board, our Audit, Compensation, Executive, Nominating and Risk Committees and our individual directors.

Our Nominating Committee will consider director candidates recommended by shareholders. For details regarding our policy with regard to the consideration of director candidates recommended by our shareholders, we refer to Shareholder Proposals and Identification and Evaluation of Director Candidates elsewhere in this proxy statement and our Corporate Governance Guidelines at our corporate website.

F.N.B. has implemented a director education policy which specifically details the Corporation's expectations concerning ongoing director training and provides meaningful incentives to promote a high level of participation by our directors in relevant director education programs, as more fully described in our Corporate Governance Guidelines.

Our Corporate Governance Guidelines set forth the expectation that directors will attend all shareholder and Board meetings and those committee meetings of which they are a member, and at a minimum, at least 75% of Board and committee meetings in the aggregate.

96% average attendance by directors at Board and committee meetings.

Shareholder voting is confidential.

Our Corporate Governance Guidelines expressly state that we shall consider diversity, among other important factors, in connection with Board composition determinations.

Board and governance policies are disclosed on the Company's website at www.fnbcorporation.com under the tab Corporate Structure.

Our compensation recoupment or clawback policy allows our Board to recoup any excess compensation paid to our NEOs if the Company restates its financial results upon which an award is based due to fraud, intentional misconduct or gross negligence.

Our directors, NEOs (as described in the Executive Compensation and Other Proxy Disclosure sections of this proxy statement) and all other employees are not permitted to engage in hedging strategies using puts, calls or other derivative securities based on the Company's common stock.

The Board recognizes the importance of independent leadership on the Board, as evidenced by its designation of an independent Lead Director.

Appropriate stock ownership policies for our senior management and Board designed to ensure that their interests are meaningfully aligned with shareholders' interests, as more fully detailed under the caption, Director Stock Ownership Requirements of this proxy statement.

Our Board Chairman and CEO positions are held by different persons.

Our Board and its committees may retain their own advisors without management approval and at the Company's expense.

The Board conducted 5 meetings in executive session without management.

We encourage you to visit the Corporate Governance page of our corporate website at www.fnbcorporation.com for additional information about our Board, its committees, our Corporate Governance Guidelines, our Code of Ethics, our Code of Conduct and our Audit, Nominating and Compensation Committee Charters. We also include additional information on these topics in other sections of this proxy statement.

Director Independence

Background. As a company that has securities listed on the NYSE, a majority of the members of our Board must be independent. Under the NYSE's corporate governance standards, no director qualifies as independent unless our Board affirmatively determines that the director has no material relationship with F.N.B. The fact that a director or member of a director's immediate family may have a material relationship with F.N.B. directly, or as a partner, owner, shareholder, or officer of an organization that has a relationship with F.N.B., will not necessarily preclude such director from being nominated for election to our Board. In assessing director independence, the Board must consider all relevant facts and circumstances in determining whether a material relationship exists. This portion of the proxy statement describes the NYSE independence standards for directors and the categorical independence standards that our Board adopted to guide it in evaluating director independence. The types of material relationships that the Board may consider under the NYSE and F.N.B. independence standards include commercial, legal, industrial, banking, business, consulting, accounting, charitable and family relationships.

The New York Stock Exchange's bright-line independence tests. The NYSE established director independence requirements in order to increase the quality of Board oversight at listed companies and to lessen the possibility that damaging conflicts of interests will influence Board decisions.

Some of the relationships that are deemed to automatically impair a director's independence under NYSE's bright-line tests include the following:

a director employed by F.N.B.;

a director's immediate family member is an F.N.B. executive officer;

Edgar Filing: FNB CORP/FL/ - Form DEF 14A

a director's receipt of more than \$120,000 per year in direct compensation from F.N.B.;

a director (or immediate family member) who has been an executive officer of a company where an F.N.B. executive officer serves on that company's compensation committee;

Table of Contents

a director's (or immediate family member's) relationship involving companies that make business-related payments to, or receive business-related payments from, F.N.B. in excess of certain amounts; and

any of the above relationships that existed within the prior three years.

More detail regarding the NYSE's bright-line director independence tests, including the explanatory commentary, may be found at the NYSE's website at www.nyse.com. The NYSE's corporate governance standards do not define every relationship that may be considered by our Board to be material for purposes of determining a director's independence.

F.N.B. categorical standards of director independence. In addition to the NYSE bright-line independence standards, F.N.B. has adopted categorical independence standards. F.N.B. categorical independence standards are described in its Corporate Governance Guidelines which may be found on our website at www.fnbcorporation.com under the tab Corporate Structure, and then clicking on the heading Corporate Governance. The categorical independence standards define certain ordinary course of business transactions and other relationships that F.N.B.'s Board has concluded would not cause a director to cease to be independent. A summary of F.N.B.'s categorical standards is as follows:

Significant financial relationship whereby a service or product provider which is an affiliated entity of a director or immediate family member has made payments to, or received payments from us, or our affiliates, in an amount that, in any of the last five fiscal years, does not exceed the greater of \$1,000,000 or 2% of such provider's consolidated gross revenue;

Business or financial transactions with an affiliate of F.N.B., provided that such transaction is entered into in the ordinary course of business and on terms substantially similar to those prevailing at the time for comparable transactions for non-affiliated persons of F.N.B. or its affiliates and such transaction conforms with applicable federal regulatory standards, and termination of the business or financial relationship in the ordinary course of business would not reasonably be expected to have a material and adverse effect on the financial condition, results of operations or business of F.N.B. or its affiliate;

A director or immediate family member is associated as a partner or associate of, or of counsel to, a law firm that provides services to F.N.B. or its affiliates and the payments relating to such services do not exceed \$1,000,000 or 2%, whichever is greater, of the law firm's revenues in each of the past five years;

Banking and financial transactions involving directors, their immediate family members or affiliated entities that are done in the ordinary course of business and comply with applicable federal bank regulatory standards unless such transaction is a loan that is disclosed in the most recent federal bank examination as non-accrual, past due, restructured or having significant potential problems; and

Participation by a director, the director's immediate family member or an affiliated entity in financing transactions sponsored by F.N.B. Capital which are made in the ordinary course of business and are made on substantially the same terms as those made available to F.N.B. Capital will not be deemed material for director independence determination purposes unless the director or immediate family member is an officer, director or owner of 10% or more of the business enterprise or the entity to which F.N.B. Capital is furnishing any such financing or equity capital.

In applying the NYSE and F.N.B. categorical independence standards, an immediate family member includes a person's spouse, parents, children, siblings, mothers- and fathers-in-law, sons- and daughters-in-law, brothers- and sisters-in-law, and anyone who resides in such person's home.

All relevant facts and circumstances. Our Corporate Governance Guidelines require that our Board broadly consider all relevant facts and circumstances especially in particular situations not covered by the NYSE bright-line independence standards or our categorical independence standards.

Edgar Filing: FNB CORP/FL/ - Form DEF 14A

As required by the NYSE's corporate governance rules, we will disclose any relationship that a director has with us that is not consistent with either the NYSE bright-line independence standards or our categorical independence standards in this proxy statement.

Director Independence Determinations

On February 19, 2014, our Board, with the assistance of the Nominating Committee, conducted an evaluation of F.N.B. director independence based on the director independence standards set forth in the Company's Corporate Governance Guidelines, the NYSE corporate governance standards and applicable SEC rules and regulations. In connection with this review, our Board evaluated banking, commercial, business, investment, legal, charitable, consulting, familial or other relationships with each director, and us and our affiliates, including those relationships described under the caption Related Persons Transactions in this proxy statement.

Certain directors, their immediate families and their related business interests had transactions with one or more of the Company's subsidiaries and affiliates in the ordinary course of business. These transactions were on substantially the same terms as those prevailing at the time for comparable transactions with unaffiliated persons. No director was involved in a business transaction with F.N.B. in 2013 which exceeded the limits set forth under the NYSE and F.N.B. categorical independence standards. In addition, directors with loans or loan commitments with our subsidiary bank, FNBPA, were in accordance with the federal banking laws and regulations that govern loans to insiders and are discussed under the caption Related Persons Transactions of this proxy statement. To our knowledge, the aggregate grants, donations and contributions made by us or our affiliates to any non-profit or charitable organization for which one of our directors served as an officer or director did not exceed the greater of \$1,000,000 or 2% of such organization's consolidated gross revenues or contributions in 2013. The discussion under the caption Related Persons Transactions of this proxy statement includes certain of the director relationships considered by the Board in making its independence determinations.

There are no immediate family relationships between our directors and executive officers and some of our 3,219 employees other than those described in the Related Persons Transactions discussion in this proxy statement. These employees participate in compensation and incentive plans or arrangements on the same basis as other similarly situated employees.

As a result of this evaluation, our Board affirmatively determined that each of Ms. Ellsworth and Messrs. Campbell, Chiafullo, Goldstein, Martz, Malone, Motley, Rooney, Rose, Stanik, Strimbu and Wahl is an independent director under our director independence standards, the NYSE independence standards and the applicable SEC rules and regulations.

Our Board affirmatively determined that Messrs. Gurgovits (former CEO), Delie (CEO) and McCarthy (former CEO of Parkvale) are not independent under the NYSE corporate governance standards and F.N.B.'s categorical director independence standards by virtue of their former or current employment with the Corporation.

Family Relationships

There are no family relationships among the executive officers and directors of the Company.

Executive Sessions of our Board

William B. Campbell, our independent Lead Director, or another independent director designated by him, presides at each executive session meeting. Our Board conducted 5 executive sessions in 2013, of which one was attended exclusively by independent and non-management directors.

Director Stock Ownership Requirement

Our Board believes that each director's equity ownership in the Corporation should be aligned with the Corporation's shareholders. Accordingly, our Corporate Governance Guidelines require each of our directors to have beneficial ownership of the lesser of 35,000 shares of Corporation common stock (or common stock equivalent) or \$350,000 in value of the Corporation's common stock (or common stock equivalent). The Corporation's director stock ownership requirement is phased in over a five-year period. As of March 1, 2014, each F.N.B. director is in compliance with the stock ownership requirement.

Table of Contents**COMMUNICATIONS WITH OUR BOARD**

Shareholders or other interested parties may send communications to our Board, the independent directors as a group, Board Chairman, any committee Chairmen, and/or any individual director, including our Lead Director, by addressing such communications to the Board, c/o Corporate Secretary, F.N.B. Corporation, One F.N.B. Boulevard, Hermitage, Pennsylvania 16148. The Corporate Secretary, or his designee, will promptly forward all such communications submitted and addressed in this manner to the members of our Board or any designated individual director or directors, as the case may be. Our Corporate Secretary will forward all shareholder communications with the Board or individual directors without prior screening by the Corporate Secretary or any other employee.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 (Exchange Act) requires our executive officers and directors, as well as certain persons who beneficially own 10% or more of our common stock, to file reports of their ownership of our securities, as well as statements of changes in such ownership, with the SEC. To our knowledge, based solely on written representations received from our executive officers and directors and our review of the statements of ownership changes filed by our executive officers and directors with the SEC during 2013, we believe that, except for one delinquent Form 4 filing by Director Stanik, attributable to the fact that his broker failed to make a timely report of a certain F.N.B. stock trade, all other such filings required during 2013 were made on a timely basis. We do not have any shareholders who own 10% or more of our common stock who are required to file reports under Section 16(a) of the Exchange Act.

Security Ownership of Certain Beneficial Owners

We are not aware of any shareholder who was the beneficial owner of more than 5% of our outstanding common stock as of December 31, 2013, except for the entities identified in the table below:

Name and Address	Amount and Nature of Beneficial Ownership(1)	Percent of Outstanding Common Stock Beneficially Owned(2)

The Vanguard Group, Inc. 100 Vanguard Boulevard Malvern, PA 19355	9,567,587(4)	6.02%

(1) Under the regulations of the SEC, a person who has or shares voting or investment power with respect to a security is considered a beneficial owner of the security. Table of Contents**RELATED PERSON TRANSACTIONS**

We have adopted a written policy formalizing the manner in which we review a proposed transaction involving the Company and any of our directors, any director nominees, any executive officers, any 5% or greater shareholder or any immediate family member of the foregoing (related persons) because of the possibility of a conflict of interest. A copy of this Policy with Respect to Related Person Transactions is posted on our website at www.fnbcorporation.com under the tab Corporate Structure, and may be accessed by clicking on the heading Corporate Governance. Under our policy, all proposed related person transactions except for (i) transactions generally available to all employees or shareholders of the Company, and (ii) compensatory transactions consistent with the plans, policies and decisions approved by the Company's Board of Directors or Compensation Committee, must receive the prior approval of the Nominating Committee of our Board before we can take part in the transaction, and if such transaction continues for more than one year, the Nominating Committee and Board must annually approve the transaction. For purposes of this policy, a related person transaction is a transaction, arrangement or relationship, or any series of similar transactions, arrangements or relationships, in which the Company or any of its subsidiaries was, is or will be a participant, and the amount involved exceeds \$120,000, and a related person had, has or will have a direct or indirect material interest. Consistent with the SEC rule, our policy provides that certain transactions, including employment relationships and ordinary course non-preferential transactions, entered into with a related person are not considered to be related person transactions and are not required to be disclosed or approved by the Nominating Committee. The category of related persons generally consists of the Company's Directors, director nominees and executive officers, holders of 5% or more of the Company's common stock, immediate family members of the foregoing persons and any entity owned or controlled by the foregoing persons.

In 2013, some of our directors and executive officers and their associates were customers of, and had transactions with, one or more of the Company's subsidiaries and affiliates in the ordinary course of business on substantially the same terms as those prevailing at the time for comparable transactions with unaffiliated persons (see also our discussion under the title, Director Independence Determinations in this proxy statement). We expect similar transactions to take place in the future. In 2013, each of the Company directors and executive officers had loans or loan commitments with our subsidiary bank, FNBPA, which were made in the ordinary course of business and on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with persons not affiliated with us, and these loans did not involve more than the normal risk of collectability nor did they present other unfavorable features. We determined that these loans and loan commitments were performing in accordance with their contractual terms. In addition, our wealth management affiliate, FNTEC, acts as fiduciary under various employee benefit plans of, and acts as investment manager to, certain customers whose officers and/or directors may also be directors of our Company. We entered into these fiduciary arrangements in the ordinary course on terms substantially similar to those entered into with customers who do not have any affiliation with us.

Mr. Rooney is a co-owner and an executive officer of PSSI, which is an affiliate of PSSI Stadium Corp., to whom FNBPA paid \$123,526 in 2013 in connection with a Heinz Field Suite Licensing Agreement (including costs of event tickets, food and beverages) pursuant to which FNBPA entertains clients at sporting and entertainment events. FNBPA's Heinz Field Licensing Agreement arrangement was originally entered into in 2001, approximately five years prior to when Mr. Rooney joined our Board, and subsequently renewed in 2010. The Company believes that this licensing arrangement offers significant client-relations and marketing opportunities for its sales and business representatives and therefore, intends to continue the arrangement in the future. In addition, Director Rooney is of counsel with the Pittsburgh based law firm, Buchanan Ingersoll & Rooney, P.C. (BIR). In 2013, F.N.B. affiliates paid \$23,369 for legal services rendered by the BIR law firm. We believe the services provided by Mr. Rooney's related interests were negotiated in the ordinary course of business on substantially the same market terms as those prevailing for comparable transactions with unaffiliated persons.

There are no family relationships as defined in the SEC and the NYSE rules between any of our Company executive officers or directors and any other of our Company executive officers or directors.

Director Rose's stepson is an employee of one of our affiliates and he received in 2013, compensation in accordance with F.N.B.'s policies and practices. Mr. Rose's stepson was paid \$76,932 in total compensation in 2013 and participated in our compensation and incentive plans or arrangements on the same basis as other similarly situated employees and health and welfare benefit plans generally available to all salaried employees of F.N.B. and its subsidiaries.

Stephen J. Gurgovits, Jr., the son of Stephen J. Gurgovits, Sr., the Chairman of the Board, was President and CEO of our subsidiary, F.N.B. Capital through July 31, 2013. In 2013, Mr. Gurgovits, Jr. received a base salary of \$135,927; car allowance of \$3,500; performance incentive compensation of \$87,633; and a 401(k) lost match payment of \$16,476. Mr. Gurgovits, Jr.'s performance incentive payments were earned under the F.N.B. Capital Incentive Compensation Program (as was the case for other F.N.B. Capital employees) and are principally attributed to the successful performance and maturation over a number of years of several F.N.B. Capital portfolio investments which paid off during 2013. Pursuant to the terms of the F.N.B. Capital Incentive Compensation Program, Mr. Gurgovits, Jr.'s incentive cash award was contingent upon F.N.B. Capital's achievement of a pre-set cumulative preferred return on equity of 15%, and his 2013 performance incentive payment amount was based on the net proceeds of the investments, as determined under the incentive program. Mr. Gurgovits, Jr. also participated in health and welfare plans generally available to all salaried employees of the Corporation and its subsidiaries. Mr. Gurgovits, Jr.'s compensation was paid in accordance with applicable policies and practices of F.N.B. Capital, which are designed to be competitive with the practices of similarly situated investment and merchant banking firms.

Due to the uncertainty of the regulatory environment, F.N.B. decided to discontinue its merchant banking operations and as a result, Mr. Gurgovits, Jr., along with the other F.N.B. Capital principals, resigned from F.N.B. Capital effective July 31, 2013. Mr. Gurgovits, Jr. and his fellow principals established Tecum Capital Management, Inc. (Tecum) and formed F.N.B. Capital Partners, LP, a Small Business Investment Company licensed by the U.S. Small Business Administration (SBIC Fund). Mr. Gurgovits, Jr. and the other principals are the sole owners of Tecum. In view of the detailed knowledge and experience that the Tecum principals had with respect to the F.N.B. Capital investment portfolio, F.N.B. Capital entered into a shareholder management agreement whereby Tecum will manage the F.N.B. Capital investment portfolio for a quarterly fee based on the amount of assets under management. The economics and terms of the asset management arrangement were agreed to pursuant to an arms-length negotiation between F.N.B. and Tecum. In 2013, F.N.B. Capital made total payments to Tecum of approximately \$183,493 relating to the asset management arrangement.

In addition, as anchor investor, F.N.B.'s total commitment is to invest in the SBIC Fund \$14,700,000, subject to the same material terms and conditions as those of other co-investors in the SBIC Fund. By the end of the first quarter of 2014, it is anticipated that the total commitment of all investors in the SBIC Fund will be \$64,990,000. The SBIC Fund has 61 co-investors, including six bank investors. Directors Goldstein and Rose each have a 1.692% equity investment in the SBIC Fund. Mr. Gurgovits has a 0.846% equity investment in the SBIC Fund. Both Directors Gurgovits and Rose are on the SBIC Fund Board of Advisors and Mr. Gurgovits is on its Investment Committee. Following the SBIC Fund's two capital calls in 2013, F.N.B. funded approximately \$2,508,692 of its total investment commitment to the SBIC Fund.

Compensation Committee Interlocks and Insider Participation

The members of the Compensation Committee (Committee) during 2013 were Mr. Goldstein as Chairman, Ms. Ellsworth, Ms. Hickton and Messrs. Malone and Strimbu. Ms. Hickton resigned from the Board on January 31, 2013. Ms. Ellsworth joined the Board on January 1, 2013, and became a member of the Committee on February 20, 2013. Neither we nor FNBPA has ever employed any member of the Committee. No such member has, during our last fiscal year, any relationship with us requiring disclosure under Item 404 of Regulation S-K or under the Compensation Committee Interlocks disclosure requirements of Item 407(e)(4) of Regulation S-K. We have determined that the Committee members are independent under the NYSE corporate governance standards, and are non-employees under the meaning of Rule 16b-3 under the Exchange Act. Our Board has delegated to the Committee the responsibility of setting the compensation of our directors, CEO, Chief Financial Officer (CFO) and Section 16 officers. The Committee met ten times in 2013.

Authority and Responsibilities

The Committee administers our executive compensation programs, including the oversight of executive compensation policies and decisions, administration of our equity incentive plan and the annual cash incentive award plan applicable to Section 16 officers. The Committee administers and interprets our qualified and non-qualified benefit plans, establishes guidelines, approves participants in the non-qualified plans, approves grants and awards, and exercises other power and authority required and permitted under the plans and its Charter. The Committee also reviews and approves executive officer, including CEO, compensation, including, as applicable, salary, short-term incentive and long-term incentive compensation levels, perquisites and equity compensation. The Committee Charter reflects its responsibilities. The Committee reviews its Charter annually and recommends any proposed changes to the Board. A copy of The Committee Charter is available at our website, www.fnbcorporation.com, under the tab, Corporate Structure, and then clicking on the heading Corporate Governance.

Delegation

From time to time, the Committee may delegate authority to fulfill various functions of administering the Company's plans to our employees. Currently, it delegates administration of our qualified plans to the Pension Committee, a committee of our senior officers who have the appropriate expertise, experience and background in handling defined benefit and defined contribution plans.

Independent Compensation Consultants

The Committee engaged an independent compensation consultant, Pearl Meyer & Partners (PM&P), to assist it in evaluating our compensation practices and to provide advice and ongoing recommendations regarding CEO, NEO and director compensation that are consistent with our business goals and pay philosophy. The Committee selected PM&P for, among other reasons, its reputation for providing comprehensive solutions to complex compensation challenges for various companies and its specific expertise in the financial services industry as it serves as an advisor to hundreds of financial institutions of various size and complexity. PM&P provided market information and analysis as background to decisions regarding total compensation, including base salary and short and long-term incentives, for the CEO, other NEOs and other senior officers and directors. PM&P is not affiliated with us nor did they, or their affiliates, provide any other services or perform other work for us in 2013. The Committee has reviewed all services provided by PM&P in 2013, and has determined that PM&P is independent with respect to SEC standards.

Table of Contents

PM&P reported directly to the Chairman of the Committee. In performance of its duties, PM&P interacted with our CEO, CFO, Director of Human Resources, Corporate Counsel and other employees. In addition, PM&P communicated with, took direction from, and regularly interacted with the Chairman of the Committee and other members of the Committee in addition to attending Committee meetings on an as-needed basis.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

Overview

We have designed our compensation programs to link strong corporate performance to increased total compensation. We review our philosophy and our compensation programs annually to ensure that we are being competitive in attracting and retaining the appropriate executive talent, while maintaining good corporate governance practices. While we conduct an annual review, our executive compensation philosophy has remained consistent for several years. In determining executive compensation for 2013, the Committee considered the overwhelming support that the Say-on-Pay proposal received at our May, 2013 Annual Meeting of Shareholders (2013 Annual Meeting) relating to 2012 compensation. Over 95% of the shareholders who voted on our proposal supported our compensation program. As a result, the Committee continued to apply the same effective principles and philosophy it has used in previous years in determining executive compensation and will continue to consider shareholder concerns and future advisory votes. Thus, we will continue to provide an advisory vote to shareholders on an annual basis consistent with the frequency vote supported by the shareholders at our 2011 Annual Meeting of Shareholders. Furthermore, our CEO and CFO will continue to frequently meet with shareholders and prospective investors while our Investor Relations Department will remain continually available to shareholders in order to ensure adequate methods of receipt of shareholder sentiment.

Corporate Performance

We exceeded our financial plan in 2013 despite continued challenges in the financial services industry. The following is a highlight of our performance and strategic accomplishments:

Our long-term total shareholder return remains strong. Our total shareholder return for the four-year period 2010-2013 was 62.55% and placed us in the 75th percentile of regional banks having assets between \$8 and \$25 billion (Regional Peer Group) and is at the 72nd percentile of the top 100 banks and thrifts by market capitalization as of January 2, 2013.

From 2009 through 2013, our market capitalization has increased 155%. This ranks in the 71st percentile of our Regional Peer Group, 86th percentile of Pennsylvania-based banks and 89th percentile of the top 100 banks and thrifts by market capitalization.

Our return on tangible common equity was 16.58% for 2013 which was at the 93rd percentile of our Regional Peer Group.

We continue to return a strong dividend to our shareholders. Our dividend yield, as measured at year-end, since 2005 has been in the top decile and at least the 91st percentile of our Regional Peer Group.

Similarly, our full-year 2013 dividend payout ratio was 60%, and exceeded the 77th percentile of our Regional Peer Group since 2005.

Credit quality trends were favorable throughout 2013 and remain strong.

For 18 consecutive quarters, we achieved organic loan growth at an annualized rate of 5%.

We have achieved 5 years of core operating earnings per share growth.

Table of Contents

We continue to exceed federal bank regulatory agency well-capitalized thresholds. As of December 31, 2013, we had a total risk-based capital ratio of 12.5%, a tier one risk-based capital ratio of 11.1% and a leverage ratio of 8.8%.

In 2013, we successfully completed the acquisition and integration of Annapolis Bancorp, Inc., which introduced us to the Baltimore Metropolitan Statistical Area and will increase our customer base and allow us to realize additional revenue growth and operating efficiencies.

Later in 2013 we announced our acquisition of BCSB Bancorp, Inc., and consummated the transaction February 15, 2014, thereby expanding our market share in the growth market of Baltimore which we expect will help us generate additional revenue growth.

We completed a \$54.4 million common stock offering and a \$106.9 million preferred stock offering in November 2013.

We also completed the acquisition of PVF Capital Corp. in October, 2013, thereby expanding our Ohio presence while opening an office in the downtown Cleveland area.

Corporate Governance Highlights

We maintain important corporate governance policies:

Our directors and all recipients of our Long-Term Incentive Awards, including our NEOs, are currently in compliance with a robust stock ownership policy.

Our no-hedging policy prohibits our directors, NEOs and all employees from engaging in hedging transactions with Company stock.

Our compensation recoupment or clawback policy allows our Board to recoup any excess compensation paid to our NEOs if the Company restates its financial results upon which an award is based due to fraud, intentional misconduct or gross negligence.

Our equity awards reward performance over a four-year time horizon.

We annually conduct a risk assessment of all of our compensation plans and the Committee annually reviews the assessment to ensure the compensation programs discourage inappropriate risk taking.

Summary of Executive Compensation Actions

In 2014, in recognition of our strong annual 2013 performance, we awarded annual bonuses between each NEO's target and maximum amount.

We adopted annual incentive and long-term incentive programs in 2013 that are materially the same as our 2012 compensation programs.

The annual incentive program measures multiple performance areas to reduce unnecessary risk taking. We believe this ensures management will focus on various performance measurements that will generate long-term shareholder value.

We granted Long-Term Incentive Awards at the same level as previous years.

Objectives and Philosophy

We believe our compensation program successfully links the interests of shareholders and management by connecting compensation to both short and long-term performance. We believe we will create long-term shareholder value and attract and retain highly motivated and talented employees through our compensation program. We designed the program to result in an increase in total compensation when we perform above our targets and a decrease in total compensation when our performance falls below our targets. We also consider our

Table of Contents

executives' knowledge and experience as well as competitive and industry pressures when reviewing compensation. As more particularly set forth after the Potential Payments Upon Termination Tables, we annually conduct a robust risk assessment to assist us in evaluating factors in our compensation plans. Based on this review, due to, among other things, the existence of risk mitigating factors, we do not believe our compensation philosophy or program reward unnecessary risk taking.

Elements of Compensation

Overview

We have divided executive compensation into five broad categories: (i) base salary, (ii) short-term annual incentive compensation, (iii) long-term incentive compensation, (iv) retirement and post-employment benefits and (v) other benefits and perquisites. We use incentive programs to reward our NEOs based upon our performance. Overall, the awards under our plans are designed to vary with position and level of responsibility, reflecting the principle that the total compensation opportunity should increase with position and responsibility while the level of our NEO's at-risk compensation increases as his level of responsibility increases.

Benchmarks

We desire our compensation programs to be competitive in the marketplace. Thus, for purposes of 2013 compensation, we compared ourselves against commercial banks with assets approximately one-half to two times our asset size, in the \$6 billion to \$25 billion range, located in the Mid-Atlantic and Midwest Regions (2013 Peer Group) that includes the following financial institutions:

Associated Banc-Corp	Old National Bancorp
Citizens Republic Bancorp, Inc.	Park National Corporation
Commerce Bancshares, Inc.	PrivateBancorp, Inc.
Community Bank System, Inc.	Signature Bank
First Financial Bancorp	Susquehanna Bancshares, Inc.
First Midwest Bancorp, Inc.	TCF Financial Corporation
FirstMerit Corporation	UMB Financial Corporation
Fulton Financial Corporation	United Bankshares, Inc.
MB Financial, Inc.	Valley National Bancorp
National Penn Bancshares, Inc.	Wintrust Financial Corporation

For purposes of comparing base salary, annual incentives, and long-term compensation, the Committee conducts a review of its benchmarks throughout the year with assistance from its independent compensation consultant using a variety of methods such as direct analysis of proxy statements of companies in the peer group, as well as a review of a compilation of survey data of companies of a similar size published by several sources. At the time of setting base salary and making short and long-term compensation awards for 2013 there were the 20 organizations noted above in the 2013 Peer Group. Since our asset size increased from 2012 to 2013, at the time we set the 2013 Peer Group we determined that it was appropriate to change the 2013 Peer Group asset size such that we would be positioned in approximately the 2013 Peer Group median. The number of companies in the 2013 Peer Group decreased slightly from the peer group used in 2012. We compete for talent with the institutions in our peer group, as well as large financial institutions in our geographic markets. We believe the peer group is diverse and provides the necessary depth to be meaningful in setting salary and incentive goals. We believe these companies are an appropriate group against which to benchmark our compensation given their asset

size compared to our existing size and the size to which we seek to grow in the future. Overall, the Committee's intention is to have base compensation near the fiftieth percentile (50%) of compensation paid by similar sized competitors for comparable positions, with an annual bonus and long-term incentive opportunity such that, if an NEO realizes the incentives, at the maximum level, his total compensation will be above the median and in the third quartile. Presently, our NEOs' compensation levels fall below the 50th percentile of the peer group due, in part, to the Company's recent growth exceeding peer group growth over the same time frame. As a result, the Committee intends to carefully monitor the peer group compensation and bring the NEOs' compensation to the mid-point of the peer group over the near term.

The various components of the NEOs' total compensation are detailed below.

Base Salary

Why We Pay this Component

We provide base salary to all salaried employees, including the NEOs, in order to provide each employee with a degree of financial certainty. Competitive base salaries further our compensation program objectives by allowing us to attract and retain talented employees by providing a fixed portion of compensation upon which all employees can rely. Base salary is the only fixed portion of our NEOs' compensation.

How We Determine the Amount

Each year the Committee reviews salaries and determines adjustments to each NEO's base salary based upon an assessment of the NEO's performance versus job responsibilities, including the impact of such performance and contributions on our financial results. We target base salary for NEOs at the median of the peer group. We review base salary annually and adjust it as the Committee deems appropriate. In certain cases, the Committee increases base salary in order to raise the NEO's annual salary to reflect more closely the annual salaries of comparably performing peer group executives.

Typically, we preliminarily review the compensation levels of our NEOs in the last quarter of the year in evaluating the upcoming year, including potential salary adjustments. When we conducted such a review in the late fall of 2013, we noted that Mr. Delie's base salary was below the 25th percentile of the 2014 Peer Group. Mr. Delie provided strong leadership for several years and led the Company to strong performances in 2013 and despite various challenges to earnings resulting from, among other things, government regulations, Mr. Delie effectively led our revenue growth and continued our trend of increasing earnings per share. Therefore, effective January 1, 2014, we increased Mr. Delie's annual base salary to \$770,000 which salary approximates the 35th percentile of the peer group we used for setting 2014 base pay (2014 Peer Group) compensation purposes. We believe that Mr. Delie's total compensation level is competitive with chief executive officers salaries within the financial services industries and the 2014 Peer Group and is consistent with the Company's philosophy.

The 2014 Peer Group consists of financial institutions with assets between \$8 billion and \$25 billion in the Mid Atlantic, Midwest and South² regions. We believe it was appropriate to eliminate banks at the lower asset levels from the 2014 Peer Group due to regulatory considerations. Specifically, banks with assets over \$10 billion are subject to the Durbin Amendment and the challenges it places on earnings. Banks that are half of our asset size do not face such a challenge. However, banks nearing \$10 billion must plan for such asset growth and banks over that level have the same financial challenges as we do. We also added the South region in order to insure a fair number of companies were included in the

² In addition to the states noted above, the 2014 Peer Group included the South region which also includes financial institutions in Florida, Georgia, Louisiana, Missouri, North Carolina, Oklahoma, South Carolina, Tennessee and Texas.

Table of Contents

2014 Peer Group. The total number of companies in the 2014 Peer Group is 24.³ Our asset size after the completion of the BCSB transaction will approximate the 45th percentile of the 2014 Peer Group.

At the same time we reviewed Mr. Delie's compensation, we also reviewed each Section 16 officer's salary to determine where salary and total compensation fell compared to the 2014 Peer Group median and whether it was consistent with our compensation philosophy. Again, the Committee noted that all NEOs' base salaries were below the 35th percentile of the 2014 Peer Group. Accordingly, the Committee determined it appropriate to bring each of the NEOs' salaries to the 50th percentile of the 2014 Peer Group in stages.

Effective January 1, 2014, the Committee increased Mr. Calabrese's annual salary approximately 10% from \$350,000 to \$385,000. Mr. Calabrese, in his role as CFO, led the Company in a successful capital raise and provided valuable leadership to the finance team in a series of acquisitions. We increased Mr. Calabrese's salary in order to recognize his contributions and to bring his salary closer to the market median.

We also increased Mr. Williams' salary approximately 10% from \$350,000 to \$385,000, which, at the time of the increase, approximated the 35th percentile of the 2014 Peer Group. Mr. Williams has continued to lead FNBPA's actions to increase revenue growth while maintaining expense controls despite facing various industry challenges. Similarly, we intend to bring Mr. Williams' salary to the market median in a reasonable timeframe.

Mr. Guerrieri continues to provide key leadership that helps maintain our strong credit quality and he has been instrumental in the Company's evaluation of the credit analytics of merger and acquisition candidates. Mr. Guerrieri's base salary was below the market 35th percentile. Thus, we increased his salary 17% from \$300,000 to \$350,000 to approximate the market 35th percentile.

Mr. Rubritz's base salary for 2013 was approximately the market 25th percentile. Therefore, consistent with our other base salary increases, we increased Mr. Rubritz's base salary to the market 35th percentile and increased it approximately 10% from \$195,000 to \$215,000. Mr. Rubritz continues to provide invaluable leadership in the finance area and, in particular, managing the transition related to acquired entities. Therefore, we believe this increase was warranted.

Relation of Base Salary to Other Components of Compensation

An NEO's base salary is a reference point for the executive's annual incentive opportunities. The Committee determines the level at which each NEO participates in the annual executive incentive compensation program (EIC Plan) under the 2007 Incentive Plan (2007 Plan). This level is typically expressed as a percentage amount. For example, if an NEO participates in the EIC Plan at the 40% level, it means that the NEO's target incentive opportunity is the NEO's base salary multiplied by 40%. In addition, prior to 2007, base salary was the only component of compensation in the formula used to calculate an NEO's pension benefit accrual under the Company's Pension Plan. An NEO may also defer a portion of his or her base salary and bonus into the Company's 401(k) Plan.

Annual Incentive Awards

We intend our EIC Plan to provide additional compensation to our NEOs in the form of performance-based awards that are based on our achievement of certain financial objectives. The EIC Plan is open to each NEO.

Why We Pay this Component

We believe that a significant amount of our NEOs' compensation should be contingent on our performance. Our annual incentive plan focuses on our net income, revenue growth and our efficiency

³ The 2014 Peer Group includes all of the companies in the 2013 Peer Group except First Financial Bancorp, Park National Corporation and Community Bank System, Inc., and also includes Cullen/Frost Bankers, Inc., Hancock Holding Company, Prosperity Bancshares, Inc., BancorpSouth, Inc., IBERIABANK Corporation, International Bancshares Corporation, Texas Capital Bancshares, Inc., and Trustmark Corporation

ratio. We believe a focus on those metrics will increase our earnings per share and total shareholder return which we believe are important to our shareholders. By paying a portion of the NEOs' total compensation in variable incentive pay, we expect to drive our annual performance while increasing long-term shareholder value. Annual incentive compensation assists us in obtaining our objective of rewarding our NEOs for the creation and protection of shareholder value.

How We Determine the Amount

Philosophy

We target short-term, annual incentive compensation of the CEO and the other NEOs such that their compensation is tied directly to our performance. We measure our annual performance against three weighted target goals set by the Board: net income, revenue and efficiency ratio. We believe these performance goals are financial measures that are critical to our growth and profitability, as well as contributors to the long-term creation and preservation of shareholder value. In evaluating performance, the Committee considers in the calculation unusual factors and their resulting effect on our performance, *i.e.* significant merger and acquisition transactions, unusual investment gains or losses, corporate and balance sheet restructuring, significant asset sales and other items it deems appropriate in measuring our performance against the target goal. Additionally, the Committee also gives consideration to peer comparisons, industry challenges, the prevailing economic environment and creation and preservation of long-term shareholder value. We set the target incentive award level for each NEO based upon market-competitive incentive opportunities as provided by PM&P for executives performing similar duties. In 2013, the target incentive opportunity for the chief executive officers of companies in our 2013 Peer Group was 50% to 90% of base salary and market-competitive incentive opportunities for peer group executives comparable to Messrs. Calabrese, Williams and Guerrieri were between 40% and 50% of base salary, and for Mr. Rubritz, 35% to 40% of base salary. The Committee has the sole discretion to determine all annual bonuses for the CEO and other NEOs.

Calculation

Our 2013 performance goals are reflected in the table below.

Performance Goals

Key Performance Measurement	Weight	Threshold	Target	Maximum
Net Income	70%	\$108.1 million	\$120.1 million	\$132.1 million
		(90% Budget)	(Budget)	(110% Budget)
Revenue	20%	\$507.3 million	\$534.0 million	\$560.7 million
		(95% Budget)	(Budget)	(105% Budget)
Efficiency Ratio ¹	10%	61.0%	58.1%	55.0%
		(105% Budget)	(Budget)	(95% Budget)
Total	100%			

¹ A lower efficiency ratio indicates better performance.

We calculate performance for each specific key performance measurement independently to determine the payout for that key performance measurement. The sum of the awards for each key performance measurement determines the total incentive award.

The CEO and other NEOs have an incentive opportunity expressed as a percentage of each of their base salaries, with the possibility of achieving an incentive payout as more particularly set forth in the table below. We interpolate for performance between levels.

The payout potential established for each NEO in 2013 was as follows:

After adjustments for unusual items, we earned \$124.5 million⁴, 103.7% of the target net income goal, had corporate revenue of \$539.8 million, slightly exceeding our goal, and an efficiency ratio of 58.9%, just under our goal. The Committee certified the adjustment to the net income results by approximately \$6.7 million, predominantly due to an exclusion of merger costs of \$5.3 million and one-time charges related to trust preferred debt payoff net of benefits from a capital raise. Based on our results, the formula under our EIC Plan provided for each NEO to receive 128.8% of his target award amount. Based upon our strong results versus our corporate goals and strong results versus our 2013 Peer Group, the Committee determined it appropriate to apply the formula and provide each NEO an annual incentive bonus of 128.8% of the NEO's target as more particularly reflected in the Summary Compensation Table.

Relation of Annual Incentives to Other Components of Compensation

As noted above under the Base Salary discussion, annual incentive compensation is directly related to base compensation. An NEO may also defer a portion of his bonus into the Company's 401(k) Plan. Previously, we used any cash bonus paid to any participant in the defined benefit plan, including NEOs, in calculating each participant's retirement benefit. Since 2011, we have not made any additional accruals for any participant in the defined benefit plan.

Long-Term Awards

We awarded service-based and performance-based restricted stock awards to our NEOs under our 2007 Plan as more particularly stated in the Grants of Plan-Based Awards table. The restricted stock awards reward NEOs based on the Company's achievement of certain financial objectives, in the case of performance-based awards, and assist us in the retention of our key executives. The 2007 Plan is open to each NEO and all other salaried personnel selected by our CEO and the Committee for participation.

Why We Pay this Component

We believe providing performance and service-based restricted stock awards is an effective means to promote long-term stock ownership by NEOs, and rewards management for creating long-term shareholder value. We also believe that placing a significant portion of an executive's compensation in stock causes executives to focus on long-term performance resulting in risk mitigation and clearly aligns management and shareholder interests. Based upon various factors, including our commitment to our shareholders to be a value oriented, high-dividend paying company, we currently do not award stock options. We believe continuing our compensation practice of relying on granting equity-based awards as restricted stock and restricted stock units will best align our long-term financial performance goals and objectives with our shareholders interests, and thus will be mutually beneficial while at the same time mitigating risk.

⁴ A reconciliation of reported net income to adjusted net income amounts is as follows (the amount represents the after tax amount in millions of dollars):

Net Income	After Tax Adjustments	Amount
As reported		\$ 117.8
	Merger-related costs	5.3
	Debt payoff, net	1.4
As adjusted		\$ 124.5

Table of Contents

How We Determine the Amount

We establish a target award level for each NEO based upon the executive officer's level of responsibility, and set the levels such that the award amount increases as the officer's level of responsibility in the organization increases. At the time of granting the awards, the Committee sets the award amount for each participant level in a manner designed to provide competitive long-term compensation based on data provided by PM&P as market-competitive incentive opportunities for executives performing similar duties. We split the award into two components, one-third as a service-based award that vests in full at the end of three years (Service-Based Awards) and two-thirds as a performance-based award that vests in full at the end of four years, provided we meet certain performance requirements set forth in the awards (Performance-Based Awards). We believe this allocation of equity awards is appropriate since the Service-Based Awards reward NEOs for loyalty to us, encourage stock ownership and help us retain our key executives. The Performance-Based Awards help drive our performance while creating shareholder value by linking the shareholders' interests and the NEOs' interests in long-term success. The Service-Based Awards were granted in restricted stock and the Performance-Based Awards in restricted stock units. The NEO will forfeit both types of awards if the NEO terminates employment before the cliff vesting date, other than as a result of retirement, death or disability. The Committee used survey data from PM&P when positioning the target long-term incentive compensation such that an award when realized by the NEO at target, as a percent of salary, would approximate the market median. The Committee also considered the accounting impact on earnings and recommendations of the CEO with respect to all NEOs other than himself when making the awards.

Our performance-based restricted stock unit awards are designed to align management's long-term incentive compensation with our annual total shareholder return objective. In order to qualify for vesting of the awards we granted in 2013, each NEO must meet two criteria. The NEO must remain continuously employed by us from the date of the award to the vesting date and our return on average tangible equity during the performance period must equal or exceed the 25th percentile performance of peer financial institutions. If the NEOs do not meet the criteria, the awards will not vest and the NEOs will not receive any shares or payment. If the NEOs meet the criteria, the number of performance-based restricted stock units that vest is contingent upon the degree of our achievement of certain performance levels compared to a group of peer financial institutions. Our performance levels are based on our earnings per share growth (75% weighting) and dividend payout ratio (25% weighting) during a four-year performance period versus a group of all financial institutions throughout the United States that, at the time we granted the awards, had assets between \$8 billion and \$25 billion (the LTIP Performance Group⁵). We believe the size of the LTIP Performance Group (32) is large enough to reduce potential volatility that may result when peer financial institutions are acquired during the four-year performance period and therefore, are unavailable for measurement comparison purposes. We expect the LTIP Performance Group to provide a meaningful comparison based upon our current asset size and anticipated growth over the award performance period. We target earnings per share

⁵ As noted above, in relation to the 2014 Peer Group, we believed it appropriate to exclude financial institutions that did not have assets approaching \$10 billion due to the challenges experienced only by larger institutions as a result of the Durbin Amendment. We expanded the geography to the entire United States to ensure that there were enough remaining comparative institutions at the end of the performance period. The LTIP Performance Group includes the following financial institutions: Associated Banc-Corp, Astoria Financial Corp., BancorpSouth, Inc., BankUnited, Inc., CapitalSource, Inc., Capitol Federal Financial, Inc., Cathay General Bancorp, Commerce Bancshares, Inc., Cullen/Frost Bankers, Inc., East West Bancorp, Inc., FirstMerit Corp., Flagstar Bancorp, Inc., Fulton Financial Corp., Hancock Holding Co., IBERIABANK Corp., MB Financial, Inc., National Penn Bancshares, Inc., Old National Bancorp, PrivateBancorp, Inc., Prosperity Bancshares, Inc., Sterling Financial Corp., Susquehanna Bancshares, Inc., SVB Financial Group, Texas Capital Bancshares, Inc., Trustmark Corp., UMB Financial Corp., Umpqua Holdings Corp., United Bankshares, Inc., Valley National Bancorp, Washington Federal, Inc., Webster Financial Corp. and Wintrust Financial Corp.

Table of Contents

performance in the 50th percentile of the LTIP Performance Group, with threshold performance at the 35th percentile and a maximum payout for performance at or above the 75th percentile.

The Service-Based Awards and Performance-Based Awards granted in 2013 are described in the Summary Compensation Table below. In 2014, the Performance-Based Awards for the performance period from 2010-2013 vested between the target and maximum level for all NEOs. The shares that vested are more particularly detailed in the 2013 Outstanding Equity Awards at Fiscal Year-End table.

Relation of Long-Term Incentive to other Components of Compensation

Long-term incentive compensation earned by the NEOs is a component of total compensation and is benchmarked against our Company's 2013 Peer Group and survey data provided by our independent compensation consultant. It does not impact any other component of the NEOs compensation or benefits. However, the program is designed to increase the NEOs' overall compensation in alignment with an increase in shareholder value such that achievement of the performance goals will result in increased compensation.

Management Stock Ownership Policy

We maintain a Management Stock Ownership Policy that requires the CEO, the other NEOs and all other participants in the long-term incentive plan, the 2007 Plan, and any successor plan to have varying levels of stock ownership based upon the officer's participation level in the plan. The policy requires participants to hold the lesser of a specific share amount or a number of shares equal to a specific dollar threshold that is a multiple of the participant's salary. We believe that this policy aligns management and shareholder interests and acts as a risk mitigant because our NEOs have a significant long-term stake in our success. Under our policy, acceptable forms of stock ownership include:

shares owned individually and by immediate family;

long-term stock awards, including all restricted stock and unit awards;

shares held in the 401(k) Plan; and

vested stock options.

Specific ownership guidelines for the NEOs are as follows:

Named Executive Officer	Share Value	Number of Shares
Vincent J. Delie, Jr.	5 x salary	250,000
Vincent J. Calabrese, Jr.	3 x salary	60,000
John C. Williams, Jr.	3 x salary	60,000
Gary L. Guerrieri	3 x salary	60,000
Timothy G. Rubritz	3 x salary	20,000

We annually review progress toward achieving the ownership guidelines. Our NEOs are required to reach the stock ownership guidelines within five years after the later of any of the following events: commencement of participation in the long-term incentive portion of the 2007 Plan; promotion to a higher participation level; or, our increasing a participant's ownership requirement. If an NEO does not hold the required share amount after the five-year period, the NEO will receive any future incentive awards as stock, in lieu of cash, that the participant must hold until he or she reaches the applicable required ownership level. All of our NEOs currently meet the required stock ownership levels based on prior policies and are within the time period allotted to achieve the level required under our current stock ownership guidelines.

Retirement and Other Post-Employment Benefits

All employees are eligible to participate in a 401(k) retirement savings plan (401(k) Plan). All salaried employees hired before January 1, 2008, except employees of First National Insurance Agency, LLC (FNIA), participated in our defined benefit pension plan, the Retirement Income Plan (RIP), through December 31, 2010. At that time, we froze each participant s accrued benefit amount and ceased future accruals.

Why We Pay these Benefits to Executives

In general, we have designed our retirement plans to provide NEOs and other employees with financial security after retirement. We provide matching contributions and an automatic contribution under the 401(k) Plan for all employees, including the NEOs. Previously, we offered a defined benefit pension plan, the RIP. We detail its benefits to employees more particularly in the narrative accompanying the Pension Benefits table. Additionally, due to Code limits on the amount of compensation that may be recognized for tax-qualified retirement plans, certain NEOs were unable to make the full amount of contributions to the 401(k) Plan and the amount of their total pay that is included in the calculation of their pension benefit is limited. Therefore, we offered the F.N.B. Corporation ERISA Excess Retirement Plan and continue to offer the F.N.B. Corporation ERISA Excess Lost Match Plan to allow any affected employee, including the NEO s, to receive the full benefit intended by the qualified retirement plans. In 2010, we amended these plans consistent with the amendments to the RIP.

In addition to those plans, we previously provided to some senior executives, including Mr. Guerrieri, a supplemental executive retirement plan, called the Basic Retirement Plan (BRP), which is designed to supplement the benefits provided by the RIP and the ERISA Excess Retirement Plan. The purpose of the BRP was to insure a minimum level of retirement income for the NEOs and other senior officers who participated in the plan. We closed the BRP to new participants and ceased future accruals for all participants, effective December 31, 2008. We believe post-retirement compensation is necessary to attract and retain talented executives and that our post-retirement benefits are competitive in the industry and provide NEOs with appropriate retirement benefits.

We provide severance and change in control payments through employment contracts that provide additional security for our NEOs. We determined that the continued retention of the services of our NEOs on a long-term basis fosters stability of senior management through retention of well-qualified officers. The Potential Payments Upon Termination or Change in Control tables and accompanying narrative detail the NEOs employment contracts.

How We Determine the Amount to Pay

The RIP benefit is determined by a precise formula set forth in the plan document and explained in the narrative accompanying the Pension Benefits table. The ERISA Excess Lost Match Plan and ERISA Excess Retirement Plan benefit formulas are based upon the specific opportunity or the amount lost by the participant due to Code limits and are more fully detailed in the Pension Benefits table and narrative. The benefit under the BRP is a monthly benefit equal to a target benefit percentage based on years of service at retirement and a designated tier as determined by the Committee and detailed in the narrative accompanying the Pension Benefits table. We do not grant extra years of credited service under any of our qualified or non-qualified plans. The termination and change in control benefits for NEOs were set by contract and are described more fully in the Potential Payments Upon Termination or Change in Control tables and in the narrative accompanying the Summary Compensation Table.

Relation of these Benefits to Other Components of Compensation

Retirement benefits are directly linked to the amount of the NEO s total pay, which includes base salary and annual incentive compensation. Similarly, while the NEO s termination benefits are determined under their respective employment agreements, generally, termination benefits are a product of base compensation and in the case of Messrs. Delie, Calabrese and Williams, their annual bonus, if any.

Table of Contents

Other Benefits and Perquisites

The NEOs participate in a wide array of benefit plans that are generally available to all employees of the Company, including the RIP⁶ and the 401(k) Plan. Benefits primarily consist of participation in the Company's defined benefit, defined contribution and health and welfare benefit plans. In addition, some of the NEOs receive perquisites in the form of club membership dues, a company car and other perquisites more particularly detailed as part of the Summary Compensation Table and accompanying narrative. We provide club membership dues to certain NEOs in order to provide them with the ability to entertain customers, potential customers and various business contacts, which is an integral part of our industry. Similarly, we provide certain NEOs a company car for purposes of appropriate transportation for entertainment of customers, vendors and business contacts and traveling between our facilities. It is the Committee's policy that it will not include tax gross-ups in any new or amended employment agreements.

Tax and Accounting Treatment of Compensation

Section 162(m) of the Code limits the deductibility of compensation in excess of one million dollars paid to the CEO and the three most highly compensated executive officers other than the CFO, unless such compensation qualifies as performance-based compensation. We intend for Performance-Based Awards of restricted stock and restricted stock units and annual incentive compensation granted under our 2007 Plan to meet the performance-based compensation exception to the annual one million dollar limitation. While we are cognizant of the tax deduction limitations applicable to our compensation program for NEOs, we may set compensation levels outside the deduction limitations if we deem the amount of compensation appropriate. The committee has the discretion to establish the compensation paid, or intended to be paid or awarded to the NEOs, as the Committee may determine it is in our and our shareholders best interest. This is an important feature of our compensation practices because it provides the Committee with sufficient flexibility to respond to specific situations we encounter.

In addition, Section 409A of the Code provides for an additional tax on executives with respect to various features of deferred compensation arrangements. We have made the appropriate changes to our non-qualified retirement plans and employment agreements to help ensure compliance with Code Section 409A and that there are no adverse effects on us or our executive officers as a result of Section 409A. We do not expect these changes to have a material tax or financial effect on us.

As discussed above, we have calculated and discussed with the Committee the tax impact to us and the executives of each of our cash and equity compensation awards and agreements. We also calculate and monitor the accounting expense related to equity-based compensation using the guidance of ASC (Accounting Standards Codification) Topic 718, *Compensation - Stock Compensation*.

⁶ As noted in the Retirement and Other Post-Employment Benefits section, we closed the RIP to employees hired after December 31, 2007, and froze all benefits for all participants effective December 31, 2010.

- (1) Mr. Guerrieri was an executive officer from 2010-2013; however, he was not a named executive officer in 2011.
- (2) Mr. Rubritz became a named executive officer in 2012; therefore, we have not reported his 2011 compensation.
- (3) Payments under the Company's annual incentive plan for 2013 are reported in the Non-Equity Incentive Plan Compensation column instead of in the Bonus column, in accordance with SEC requirements.
- (4) The restricted stock award amounts shown in this table represent the dollar amount of awards granted during the fiscal year determined pursuant to ASC Topic 718. Assumptions used in the calculation of this amount are included in Note 15 to the Company's audited financial statements for the fiscal year ended December 31, 2013, included in the Company's Annual Report on Form 10-K filed with the SEC on February 28, 2014. The restricted stock awards granted under the 2007 Plan vest either after (i) the NEO's continued employment with the Company or one of its affiliates for three years or (ii) the Company's achievement of performance goals and the NEO's continued employment with the Company or one of its affiliates for four years. Beginning in 2008, we issued Performance-Based Awards in restricted stock units. The restricted stock units earn dividend equivalents, which are subject to the same restrictions and vesting schedule as the underlying restricted stock units. The amounts reflected in the table assume that each NEO will perform the requisite service and we will achieve the required performance goals at target levels. The following table provides additional information regarding the Performance-Based Awards granted during

Table of Contents

2013. The target amounts have been included in the above table and are reflected below for comparative purposes:

	At Target (\$)	At Maximum (\$)
Mr. Delie	325,010	568,768
Mr. Calabrese	86,676	151,683
Mr. Williams	86,676	151,683
Mr. Guerrieri	86,676	151,683
Mr. Rubritz	43,344	75,852

All restricted stock earns cash dividends that are reinvested into additional shares of our common stock under the F.N.B. Corporation Dividend Reinvestment and Direct Stock Purchase Plan (DRP). These reinvested shares are subject to the same restrictions and vesting schedule as the underlying restricted stock. The amount for Mr. Delie also includes stock awards valued at \$39,848 for service as a director in 2013 that vested immediately upon grant. (See the narrative under Executive Directors in the section of this proxy statement discussing Director Compensation.)

- (5) Amount earned by the NEO as an annual incentive bonus under our EIC Plan, based upon the Company's performance. The EIC Plan is discussed in further detail in the Compensation Discussion and Analysis under the heading Annual Incentive Awards.
- (6) The amounts in this column reflect the actuarial change in the present value of the NEOs' benefit under all our pension plans determined using interest rate and mortality rate assumptions consistent with those used in our financial statements and include amounts that the NEO may not currently be entitled to receive because such amounts are not vested. Our pension plans are described in the narrative accompanying the Pension Benefits table. Note that the change in value for Messrs. Delie, Calabrese and Guerrieri was actually a decrease of \$17,859, \$9,025 and \$72,649, respectively. However, based on the SEC's interpretive guidance, the amount shown in the Summary Compensation Table should not be less than \$0. Therefore, the amount shown above for Messrs. Delie, Calabrese and Guerrieri is \$0. We do not pay or provide above-market interest under Non-Qualified Deferred Compensation Plans.
- (7) Amounts in this column are explained in the Other Compensation Table and the Perquisites Table that follow the Summary Compensation Table.

Other Compensation Table

The following table reflects the items included in the All Other Compensation column of the Summary Compensation Table shown above.

- (1) This amount reflects Company contributions during the year to the ERISA Excess Lost Match Plan as more fully described in the narrative accompanying the Non-Qualified Deferred Compensation table.

Table of Contents**Perquisites Table**

The NEOs receive various perquisites provided by or paid for by us pursuant to our policies or individual agreements with the executive. SEC rules require disclosure of the perquisites and other personal benefits, securities or property for an NEO unless the amount of that type of compensation is less than \$10,000 in the aggregate.

The following table reflects the perquisites included in the All Other Compensation column of the Summary Compensation Table shown above:

(1) The valuation of the company provided automobiles was calculated as our current year depreciation expense for the automobile plus all costs incurred related to the automobile (including, but not limited to, the cost of insurance, gas, car washes, repairs, registration and inspection fees), less our mileage reimbursement allowance for business miles driven by employees who use their own automobile for business purposes.

(2) The amount reported as Other represents Company paid parking fees for Mr. Williams.

The foregoing Summary Compensation Table and its sub-tables do not include certain fringe benefits generally made available on a non-discriminatory basis to all of our salaried employees such as group health insurance, dental insurance, vision insurance, life insurance, accidental death and dismemberment insurance and long-term disability insurance, which we consider to be ordinary and incidental business costs and expenses.

In 2010, the Committee made a policy decision that we will not provide tax gross-ups in any new or amended employment agreements.

Mr. Delie became CEO in 2012 and entered into his employment agreement with us and FNBPA on December 15, 2010. Mr. Delie's contract has an initial term of three years and, unless sooner terminated, automatically extends for one year on the anniversary of the commencement date. Either party may terminate the automatic renewal provision by providing the other party with 30 days advance written notice of non-renewal prior to the anniversary of the commencement date. Currently, Mr. Delie's employment agreement runs through December 2016. Under the terms of the agreement, Mr. Delie is entitled to receive a base salary that may be increased from time to time as determined by the Committee. Additionally, Mr. Delie is eligible to participate in our annual incentive compensation plan at a target award level of 75% of his base salary in 2014; this was an increase from the 2013 target of 60%. Thus, he has the possibility of achieving a bonus between 0% and 150% of his base salary. The severance and change in control provisions of Mr. Delie's employment agreement are described below under Potential Payments Upon Termination or Change in Control.

Mr. Calabrese serves as our CFO and entered into the employment agreement, the amounts for which are detailed in the Summary Compensation Table, with FNBPA on February 21, 2013. The initial term of the agreement was for two years, and automatically extends for a one-year period on each anniversary of its commencement date unless sooner terminated. Either party may terminate the automatic renewal of the

Table of Contents

agreement by providing the other with 60 days advance written notice of non-renewal. Mr. Calabrese's contract runs through February 2016. Under the terms of the agreement, Mr. Calabrese receives a base salary that may be increased from time to time as determined by the Committee. Additionally, Mr. Calabrese is eligible to participate in our annual incentive compensation and bonus plans at the discretion of the Committee with a target award level of 50% of base salary for 2014; this is an increase from the 40% target for 2013. Thus, he has the possibility of achieving a bonus between 0% and 100% of his base salary. The severance and change in control provisions of Mr. Calabrese's employment agreement are described in the narrative accompanying the Potential Payments Upon Termination or Change in Control tables.

Mr. Williams is the President of FNBPA and entered into an employment agreement on February 21, 2013. The initial term of the agreement was two years and automatically extends for one year on its anniversary, unless sooner terminated. Either party may terminate the automatic renewal with 60-days advance notice of non-renewal. Therefore, the agreement currently extends to February 2016. Mr. Williams received a base salary that may be increased from time to time as determined by the Committee. Additionally, Mr. Williams is eligible to participate in our annual incentive compensation and bonus plans at the discretion of the Committee with a target award level of 50% of base salary for 2014; this is an increase from the 40% target for 2013. Thus, he has the possibility of achieving a bonus between 0% and 100% of his base salary. The severance and change in control provisions of Mr. Williams' employment agreement are described in the narrative accompanying the Potential Payments Upon Termination or Change in Control tables.

Mr. Guerrieri serves as our Chief Credit Officer. He entered into an employment contract with FNBPA on January 25, 2002. Mr. Guerrieri's contract had an initial term of two years and automatically extends for a one year period on the anniversary of its commencement date, unless either party terminates the contract sooner. Either party may terminate the automatic renewal of the agreement by providing the other 60 days advance written notice of non-renewal. Mr. Guerrieri's contract runs through January 2016. Under the terms of the agreement, Mr. Guerrieri receives a base salary, as reflected in the Summary Compensation Table that may be increased from time to time as determined by the Committee. Mr. Guerrieri is also eligible to participate in our annual incentive compensation and bonus plans at the Committee's discretion. Mr. Guerrieri's target award level for annual incentive compensation is 50% of his base salary for 2014; this is an increase from the 40% target for 2013. Thus, he has the possibility of achieving a bonus between 0% and 100% of his base salary. The severance and change in control provisions of Mr. Guerrieri's employment agreement are described in the narrative accompanying the Potential Payments Upon Termination or Change in Control tables. In December 2008, and December 2012, we amended Mr. Guerrieri's contract in order to ensure compliance with and clarify certain points related to Code Section 409A.

Mr. Rubritz is our Corporate Controller and entered into an employment contract with FNBPA on December 22, 2009. His contract had an initial term of two years and automatically extends for a one-year period on the anniversary of its commencement date, unless either party terminates the contract sooner. Either we or Mr. Rubritz may terminate the automatic renewal of the contract by providing the other 60 days advance written notice of non-renewal. Currently, Mr. Rubritz's contract runs through December 2015. Under the terms of the contract, Mr. Rubritz receives a base salary, as reflected in the Summary Compensation Table that may be increased from time to time as determined by the Committee. He is also eligible to participate in our annual incentive compensation and bonus plans at the Committee's discretion. Mr. Rubritz's target award level for annual incentive compensation is 35% of his base salary for 2014; this is an increase from the 30% target for 2013. Thus, he has the possibility of achieving incentive compensation between 0% and 70% of his base salary. The severance and change in control provisions of Mr. Rubritz's employment agreement are described in the narrative accompanying the Potential Payments Upon Termination or Change in Control tables. In December 2012, we amended Mr. Rubritz's contract in order to clarify certain points related to Code Section 409A.

- (1) The amounts shown represent the threshold, target and maximum amounts to be earned by the NEO under the annual incentive compensation program based upon our performance during 2013. The amounts actually earned for 2013 were above the target and are reflected in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table.
- (2) The amounts shown represent the threshold, target and maximum amounts that could be earned by the NEO under performance-based restricted stock awards granted March 20, 2013, based upon the Company's performance during the four-year performance period commencing January 1, 2013, and ending December 31, 2016, provided the NEO remains continuously employed through the March 1, 2017, vesting date. As of December 31, 2013, we believe that it is probable that we will achieve the performance conditions between the threshold and the target level. If we meet the performance conditions, and the NEO terminates service prior to the vesting date, the program may provide partial vesting depending on the reason for termination as more particularly detailed in the Potential Payments Upon Termination or Change in Control tables. In 2013, the awards were in restricted stock units as more particularly described in the Long-Term Awards Section above.
- (3) The amount shown represents the number of shares of service-based restricted stock granted March 20, 2013, which will vest if the NEO remains continuously employed until the January 16, 2016, vesting date.
- (4) The amount shown represents the grant date fair value as determined under ASC Topic 718 of all service-based restricted stock awards, and all performance-based restricted stock awards, assuming payout at target levels, granted in 2013.

Participants who terminate service prior to year end are not eligible for annual incentive compensation under the program. In the event of death, disability or retirement (i.e., age 55 with five years of service) during the year or before we make payment of the annual incentive award amount, the Committee may approve a discretionary pro-rata award. The program provides for payment in the case of a change in control as more particularly detailed in the Potential Payments Upon Termination or Change in Control tables.

The NEO has full voting rights with respect to the restricted shares. In addition, the NEO has full cash and stock dividend rights with respect to the restricted shares; provided that (i) all such dividends shall be credited to the NEO's account in the DRP and, in the case of cash dividends, used to purchase shares pursuant to the DRP; and (ii) all shares credited to the NEO's account as a result of such cash or stock dividends shall be subject to the same restrictions and risk of forfeiture as the underlying restricted shares. We issue Performance-Based Awards in the form of restricted stock units that earn dividend equivalents, which are subject to the same restrictions and vesting schedule as the underlying restricted stock units. The program allows for accelerated or pro-rated vesting of the restricted stock units in the case of death, disability, retirement, or

change in control as more particularly detailed in the Potential Payments Upon Termination or Change in Control tables.

- (1) All awards were made under the 2007 Plan (referred to as the Incentive Plan).
- (2) Options may be granted under the Incentive Plan with up to a ten-year expiration date and with a strike price of no less than 100% of the closing sales price of our common stock on the NYSE on the business day preceding the award date. Options cannot be transferred or assigned by a participant under the Incentive Plan, other than by will or pursuant to the laws of succession. We have not issued stock options for any year reported in the Summary Compensation Table.
- (3) Stock Awards are shares of common stock awarded under the Incentive Plan subject to a restriction period and/or satisfaction of one or more performance-based criteria, as determined by the Committee. Unless otherwise determined by the Committee, if a participant terminates employment with us or our subsidiaries for a reason other than retirement, disability, death or change in control, as detailed in the Potential Payments Upon Termination or Change in Control tables, before the expiration of the applicable restriction period, the participant will forfeit any restricted shares or units that are still subject to a restriction. When restricted stock or units vest, the participant recognizes ordinary income on the then market value of the shares, and we receive a tax deduction in that same amount.

Table of Contents

- (4) Restricted stock shares in this column consist of all service-based restricted shares outstanding and performance-based restricted stock units that will vest if the NEO remains employed on the vesting date because we already have met the performance thresholds. These restricted stock units and shares, as applicable, vested or are scheduled to vest as follows:

Vesting Date	Mr. Delie	Mr. Calabrese	Mr. Williams	Mr. Guerrieri	Mr. Rubritz
January 16, 2014	22,129	4,848	4,848	4,848	2,424

January 16, 2016	26,146	3,806	3,806	3,806	1,903

- (5) Restricted stock shares in this column are reported assuming that the Company will achieve its performance goals at maximum for the 2010 Performance-Based Awards, assuming that the Company will achieve its performance goals between target and maximum for the 2011 and 2012 Performance-Based Awards and assuming that the Company will achieve its performance goals between threshold and target for the 2013 Performance-Based Awards. Based on these assumptions, these restricted stock units are scheduled to vest as follows:

Vesting Date	Mr. Delie	Mr. Calabrese	Mr. Williams	Mr. Guerrieri	Mr. Rubritz
March 1, 2015	27,580	13,039	13,039	13,039	6,520

- (1) Messrs. Calabrese and Delie do not participate in the BRP.
- (2) Messrs. Williams and Rubritz do not participate in the RIP, BRP or the Excess Plan as we froze those plans to new participants before Mr. Williams and Mr. Rubritz commenced employment with us.
- (3) Our pension plans do not provide credit for additional years of service to any of the NEOs.
- (4) For the RIP, the Excess Plan and the BRP, the present value of accumulated benefits reflected above was determined using the same assumptions as used for the December 31, 2013, financial statement disclosures, except assuming retirement at the normal retirement age, 65. We have assumed a discount rate of 4.75% for the RIP and 4.20% for the BRP and the Excess Plan and used the RP-2000 Projected to 2021 Mortality table (gender distinct) for post-retirement mortality.

The following is a summary of our qualified and non-qualified plans mentioned in the Pension Benefits table:

Retirement Income Plan

Until 2008, the RIP, a traditional defined benefit plan qualified under the Code and subject to the Employee Retirement Income Security Act of 1974, as amended (ERISA), was available to all salaried employees, except FNIA employees. In 2007, we closed the RIP to employees who commenced employment with us or our affiliates on or after January 1, 2008, and in 2010, we froze the plan and we have not made accruals for participants after December 31, 2010. The RIP provides for benefit payments in the form of a lifetime annuity with five years guaranteed and provides the participant with the ability to select from several choices for the form of the annuity. The election that the participant chooses may affect the amount of the annual benefit as reflected in the 2013 Pension Benefits table. Effective January 1, 2007, we amended the plan such that the benefit is calculated in two pieces. First, for the period worked by a participant prior to January 1, 2007, (Pre-2007 Benefit) the annual annuity benefit is payable without reduction to participants with five years of service who retire after age 62 and is calculated by multiplying each participant's final average base salary by 1.2% plus, if appropriate, 0.5% of the participant's final average base salary that is in excess of covered compensation (as defined in Section 401(1)(5)(E) of the Code), with the sum being multiplied by the participant's years of credited

Edgar Filing: FNB CORP/FL/ - Form DEF 14A

service, not to exceed 25 years including service through December 31, 2006. A participant's final average base salary is calculated using the highest 60 consecutive months of base salary, not including incentive compensation, within the last 120 months of the participant's service with us or our affiliates prior to January 1, 2007. The Pre-2007 Benefit was frozen as of December 31, 2006. Beginning in 2007, we calculated each participant's benefit by adding the Pre-2007 Benefit to the benefit determined under the post-2007 formula detailed below. For 2007 through 2010 (Post-2007 Benefit), we calculated each participant's annual retirement benefit by taking the participant's total pay earned from January 1, 2007, through December 31, 2010, and multiplying it by 1%. The benefit earned after 2007 is payable without reduction to participants who retire on or

Table of Contents

after age 65. The RIP provides for cliff vesting after five years of employment. The RIP provides for an early commencement reduction factor that decreases as the participant's age approaches the normal retirement age of 62 for the Pre-2007 Benefit and 65 for the Post-2007 Benefit. The early reduction factor is multiplied by the participant's benefit as determined by the RIP to arrive at the reduced benefit.

ERISA Excess Retirement Plan

The Excess Plan is a non-qualified plan under ERISA and was available to all participants of the RIP until December 31, 2010, when we ceased all future accruals. The Excess Plan provides retirement benefits equal to the difference, if any, between the maximum benefit allowable under the Code and the amount that would be provided under the RIP formula if the Code did not impose limits on the amount of compensation included for purposes of calculating a qualified plan benefit. The Excess Plan provides the full amount of benefit that would have been paid under the formula of the RIP but for the Code limits, reduced by the amount of benefit that is actually provided by the RIP. The participant's rights to benefits under the Excess Plan cliff vest at 100% if the participant terminates service due to death, after a change in control (as defined in the Excess Plan), or upon retirement on or after reaching age 55 with five years of service. Benefits are payable either in an annuity or a lump sum depending upon the reason for termination, with payments commencing the first day of the month following six months after the participant separates from service.

Basic Retirement Plan

The BRP is a separate supplemental executive retirement benefit plan, applicable to some of our NEOs who were designated by the Committee. Effective December 31, 2008, we amended the BRP such that there will not be any new participants in the plan and no additional accruals for existing participants. Officers participating in the BRP receive a benefit based on a target benefit percentage that is based on the officer's years of service at retirement. The target percentages are based upon the tier assigned to the participant by the Committee. The tier percentages are as follows: Tier 1, 3.00% for each of the first ten years of employment, plus 1.50% for each of the next ten years of employment, plus 0.75% for each of the next ten years of employment; Tier 2, 3.50% for each of the first ten years of employment, plus 2.00% for each of the next ten years of employment, plus 0.75% for each of the next ten years of employment.

When a participant retires, the benefit under the BRP is a monthly benefit equal to the participant's aggregate target benefit percentage multiplied by the participant's highest average monthly cash compensation including bonuses during five consecutive calendar years within the last ten calendar years of employment before 2009. This monthly benefit is reduced by the monthly benefit the participant receives from the Social Security Administration, the RIP, the Excess Plan, and the annuity equivalent of the automatic contributions paid to participants under the 401(k) and Lost Match Plans.

The participant's rights to benefits under the BRP vest at 100% if the participant terminates service due to death, disability, after a change in control (as defined in the BRP), or normal retirement (age 65). The BRP contains a provision for reducing the basic benefit if the participant retires prior to normal retirement but on or after early retirement (age 55 with five years of service). A participant forfeits benefits in the event we terminate the participant's employment for cause or a participant voluntarily terminates employment prior to early retirement.

Table of Contents**2013 Non-Qualified Deferred Compensation**

The following table contains information concerning the non-qualified deferred compensation plan account balances for each NEO for 2013. All contributions are under the ERISA Excess Lost Match Plan as described below.

Name	Executive Contributions in Last FY (\$)	Company Contributions in Last FY (\$)(1)	Aggregate Earnings in Last FY (\$)(2)	Aggregate Withdrawals/ Distributions (\$)	Aggregate Balance at Last FYE (\$)(3)

Gary L. Guerrieri	22,994	14,388	245	0	37,627
Timothy G. Rubritz	0	590	0	0	590

(1) Note that the amount of our contributions is also included in the All Other Compensation column of the Summary Compensation Table. These contributions are not in addition to the amount reported there.

(2) This plan does not provide for above-market interest.

(3) Our contributions during each fiscal year have historically been reported in the Summary Compensation Table for each year in which the NEO was considered such, and aggregate earnings during the fiscal year have been historically excluded from the Summary Compensation Table. Additionally, the amounts reflected represent the NEO's entire balance under this plan which is fully vested.

The amounts reflected in the Non-Qualified Deferred Compensation table were contributed to accounts for the NEOs under the ERISA Excess Lost Match Plan. The ERISA Excess Lost Match Plan provides for Company contributions, equal to the difference, if any, between the maximum benefit allowable under the Code and the amount that would be provided under the 401(k) Plan if the IRS did not impose contribution or pay limitations. Under the ERISA Excess Lost Match Plan, the amount credited to the participant's account accrues interest at the rate set by FNBPA as its highest interest rate on the first day of the year on the longest term IRA account that it offers. The benefit is then paid as a single lump sum on the first of the month following six months after the participant terminates employment.

We also maintain a deferred compensation plan known as the F.N.B. Corporation Non-Qualified Deferred Compensation Plan (the "Deferred Compensation Plan"). The Committee may select a group of management employees to participate in the plan. The Deferred Compensation Plan provides participants the ability to defer into the plan a portion of his or her annual cash compensation, including 50% of base salary and 100% of any annual incentive compensation he or she would otherwise receive to help postpone and minimize taxes while accumulating capital on a pre-tax basis until termination of employment. A participant may elect to defer his or her compensation into a fixed interest rate option, with the interest rate determined by the Committee. Currently, there are no participants in the Deferred Compensation Plan.

Potential Payments Upon Termination or Change in Control

Our current NEOs are each a party to an employment agreement that provides for certain salary and benefits upon termination of employment under various scenarios. The agreements are all described more fully in the narrative and tables below. The tables below set forth the estimated current value of benefits that could be paid to each of our NEOs upon various termination events. The actual amounts paid upon any of these termination events will only be known at the time that the benefits become payable. The tables reflect the amounts that could be payable under the various arrangements if the event in question occurred as of December 31, 2013. The

Table of Contents

NEOs' employment agreements do not provide for any additional payments or benefits in the event of a voluntary termination of employment by the executive without good reason or an involuntary termination by us for cause. Under those scenarios, the NEOs are only entitled to their accrued and unpaid obligations, such as salary, unused vacation, and vested benefits. The following tables contain common information about our qualified and non-qualified plans and policies, as well as assumptions used by us in arriving at the amounts contained in the tables. To the extent the information is common it is contained in the endnotes to the Potential Payments Upon Termination or Change in Control tables and is indicated by letters.

- (1) In the event that we terminate Mr. Delie's employment without cause, or if he terminates his employment for good reason, he is entitled to base salary continuation and a bonus payment for three years. In the event of a change in control resulting in his termination, he is entitled to three times his base salary plus a bonus amount payable immediately as a lump sum. The bonus amount is calculated by taking the average of the annual amounts paid, whether paid in cash, company stock or other form, to Mr. Delie as a bonus for the last three completed fiscal years. In the event of disability, he is entitled to the amount set forth in our Officers' Disability salary continuation program. In the case of termination for any other reason, Mr. Delie is not entitled to any additional amounts.
- (2) Based on Mr. Delie's age and length of service, he is not eligible for retirement; therefore, in the case of retirement, no benefit is immediately payable.
- (3) In the event that we terminate Mr. Delie's employment without cause, or if he terminates his employment for good reason, he is entitled to continue to participate in our group health plan on the same terms and at the same cost as active employees for 36 months or until he first becomes eligible for coverage under any

Table of Contents

group health plan of another employer. In the case of termination for any other reason, Mr. Delie is not entitled to any additional amounts.

- (4) Mr. Delie is 100% vested in his benefit under this plan.
- (5) Based on Mr. Delie's age and length of service, he is 0% vested in his benefit under this plan, but will become 100% vested in this plan in the event of death, disability or upon a change in control.

- (6) Mr. Delie is 100% vested in his benefit under this plan. The amounts reflected represent the cash value of Mr. Delie's account balance under this plan as of December 31, 2013. Upon termination of employment for any reason, Mr. Delie is entitled to receive a lump sum distribution of his entire account balance under this plan on the first of the month following six months from his termination of employment. In the case of a change in control that does not result in termination, no benefit is immediately payable.

Mr. Delie's employment agreement does not provide for any additional benefits, other than the payment of accrued and unpaid obligations existing at the time of a voluntary termination of employment by Mr. Delie without good reason or by us for cause. Mr. Delie's agreement allows him to terminate the agreement for good reason and obtain the same termination benefits as if he was terminated by the Company for a reason other than cause. Under the terms of his agreement, good reason exists if Mr. Delie experiences any of the following: reduction in base salary, unless the reduction is less than 10% and part of an overall reduction; a material diminution in compensation and benefits unless part of an overall reduction; a material diminution of his authority, duties and responsibilities; a change of material duties that are inconsistent with the position; a material diminution of the budget over which he maintains control; relocation of his office more than 50 miles from both Pittsburgh and Hermitage, Pennsylvania; or there occurs material diminution of the duties of his supervisor or a material breach of the agreement by us. Mr. Delie's contract does not provide a gross-up under Section 280G of the Code.

For purposes of Mr. Delie's and all other NEO's employment agreements, "change in control" means any merger or consolidation with another corporation, and as a result of such merger or consolidation, our shareholders as of the day preceding such transaction will own less than 51% of the outstanding voting securities of the surviving corporation, or in the event that there is (in a single transaction or series of related transactions) a sale or exchange of 80% or more of our common stock for securities of another entity in which our shareholders will own less than 51% of such entity's outstanding voting securities, or in the event of the sale of a substantial portion of our assets (including the capital stock we own in our subsidiaries) to an unrelated third party.

- (4) Mr. Guerrieri is 100% vested in his benefit under this plan.

(5) Based on Mr. Guerrieri's age and length of service, he is 0% vested in his benefit under this plan, but will become 100% vested in this plan in the event of death, disability or upon a change in control.

(6) Mr. Guerrieri is 100% vested in his benefit under this plan. The amounts reflected represent the cash value of Mr. Guerrieri's account balance under this plan as of December 31, 2013. In the case of a change in control that does not result in termination, no benefit is immediately payable.

Mr. Guerrieri's employment agreement provides that Mr. Guerrieri may voluntarily terminate his employment after a change of control and receive a bonus payment payable in three installments equal to his Base Amount as defined in the Code. His contract does not provide for a gross-up under Section 280G of the Code. It was our intention when structuring the amendment to his agreement that any payments will comply with Code Section 409A. He is not entitled to any additional benefits other than accrued and unpaid obligations under a termination of employment voluntarily by Mr. Guerrieri or by the Company for cause. Mr. Guerrieri's agreement provides for a reduction of certain amounts in the above tables after the first 12 months of payments if Mr. Guerrieri obtains new employment. Mr. Guerrieri's employment agreement provides that upon a change in control, if the acquiring company terminates Mr. Guerrieri's employment, Mr. Guerrieri may obtain employment with a competitive enterprise, which new employment would otherwise be restricted by the employment agreement, provided Mr. Guerrieri releases the acquiring company from any payment obligations under the terms of the employment agreement. In the case of termination for any other reason, Mr. Rubritz is not entitled to any additional amounts.

(4) Mr. Rubritz is 100% vested in his benefit under this plan.

(5) Mr. Rubritz does not participate in this plan.

(6) Mr. Rubritz is 100% vested in his benefit under this plan. The amounts reflected represent the cash value of Mr. Rubritz's account balance under this plan as of December 31, 2013. Upon termination of employment for any reason, Mr. Rubritz is entitled to receive a lump sum distribution of his entire account balance under this plan on the first of the month following six months from his termination of employment. In the case of a change in control that does not result in termination, no benefit is immediately payable.

Mr. Rubritz's contract does not provide for any additional benefits other than payment of accrued and unpaid obligations existing at the time of a voluntary termination of employment by Mr. Rubritz or by the Company for cause. Mr. Rubritz's contract calls for a reduction of certain payments in the above tables after the first 12 months of payments if Mr. Rubritz obtains new employment. Mr. Rubritz is not entitled to any type of gross-up under Section 280G of the Code. Change in control has the same definition as noted for Mr. Delie.

Endnotes to All Potential Payments Upon Termination or Change in Control Tables:

(a) The amounts reflected in the Executive Incentive Compensation row represent the payout earned under the annual incentive portion of the 2007 Plan. We make the payout in a lump sum 45 days after the end of the year provided the participant is still employed by us on December 31st. For purposes of this table, in the event of death, disability or retirement, the Committee may approve a pro-rated award. The amount in the table is based on the assumption that the Committee would approve the award. Since the table assumes termination of employment as of December 31, 2013, pro-ration is not necessary. In the case of a change in control, the participant is entitled to receive a pro-rated award based on the date of termination not less than his targeted award. Therefore, the amount shown in the case of a change in control is based on the amount the NEO earned for 2013, not the NEO's targeted award. In the event we terminate any of the NEOs with cause, we do not owe the NEO any additional amount.

(b) The amounts reflected represent the taxable income realized by the NEOs under each potential termination scenario based on the terms of the 2007 Plan. Under the 2007 Plan, both service-based and performance-based outstanding restricted stock awards will become 100% vested at target levels in the event of the death of the participant or upon a change in control. Under the 2007 Plan, a change in control occurs when there is a merger or other consolidation which results in a 50% or greater change in the ownership of the common stock of the resulting company. In the event a current NEO becomes disabled or terminates employment due to normal retirement, all service-based restricted stock awards, excluding the discretionary awards granted in December 2012, will become 100% vested, except that if the NEO retires in the same calendar year as we granted the award, the number of shares that shall vest will be pro-rated for the period worked. If an NEO terminates employment due to early retirement, all service-based awards of restricted stock, excluding the discretionary award granted in December 2012, will be pro-rated for the period worked. In the event an NEO terminates employment due to retirement or disability and we achieve the performance objectives, the performance-based shares will vest on the vesting date except, that in the case of disability or early retirement and retirement in the calendar year that we granted the awards, the shares will vest on the vesting date in a pro-rated amount based on the period worked.

Table of Contents

For purposes of these tables, we have assumed that the performance-based shares for the awards granted in 2010 will vest at the maximum level, that the awards granted in 2011 and 2012 will vest between the target and maximum levels and the awards granted in 2013 will vest between the threshold and target levels, in the case of disability or retirement. The NEOs will forfeit all unvested awards if we terminate them without cause or if they terminate their employment for any other reason.

(c) Upon termination for any reason, the NEOs are entitled to an immediate lump sum payment of earned but unused vacation days. In the case of a Change in Control – No Termination, the NEOs would still be employed and would therefore be entitled to carry over the earned but unused vacation days for use in 2014.

(d) The amounts reflected represent the dollar amount of our matching contributions into the 401(k) Plan as of December 31, 2013. Distributions from the 401(k) Plan are in the form of a single lump sum payment and are made as soon as administratively possible after termination of employment. In the case of a change in control that does not result in termination, the NEO would still be employed, thus no benefit is immediately payable.

(e) The present values reflected above for the RIP were determined using the following assumptions: benefit payments paid as a monthly annuity commencing at age 65, except in the case of disability where payments would commence at age 65 once long-term disability benefits cease; an interest rate of 4.75%; no pre-retirement mortality; and post-retirement mortality from the RP-2000 Projected to 2021 Mortality table (gender specific). The present values for Retirement, Change in Control – Termination, Good Reason or Involuntary Not for Cause Termination, and Disability were calculated based on a five-year certain and continuous annuity option. The present value for Death was calculated based on a 100% joint and survivor annuity option and assumes that the NEO and his spouse are the same age. In addition, the death benefit is assumed to commence immediately if the NEO is over age 55 or otherwise at age 55. In the case of a change in control that does not result in termination, no benefit is immediately payable. Note that we have shown the present value of the benefit available for consistency with the 2013 Pension Benefits table. However, the participant is only entitled to a lump sum distribution if the lump sum benefit under the RIP is less than \$30,000.

(f) The present values reflected above for the Excess Plan and BRP were determined using the following assumptions: benefit payment paid as a monthly annuity commencing at age 65, except in the case of disability where payments would commence at age 65 once long-term disability benefits cease, and in the case of termination following a change in control where the payment would be in the form of an immediate lump sum; an interest rate of 4.20% for annuity payments and the IRS mandated segment rates for distributions in 2014 for the lump sum payment triggered due to Change in Control – Termination; no pre-retirement mortality; and post-retirement mortality from the RP-2000 Projected to 2021 Mortality table (gender specific) for annuity payments and the IRS mandated mortality for the lump sum payment due upon Change in Control – Termination. The present values for Retirement, Involuntary Not for Cause Termination, and Disability were calculated based on a five-year certain and continuous annuity option. The present value for Death was calculated based on a 100% joint and survivor annuity option and assumes that the NEO and his spouse are the same age. In addition, the death benefit is assumed to commence immediately if the NEO is over age 55 or otherwise at age 55. Note that we have shown the present value of the benefit available for consistency with the 2013 Pension Benefits table. The participant is not entitled to a lump sum payment unless there is a change in control.

Compensation Risk Assessment

We conducted a risk assessment of our compensation programs for the purpose of determining inherent risks in the overall compensation program. Our Chief Risk Officer conducted the assessment with the assistance of the Director of Human Resources, the Compensation and Benefits Accounting Manager and Corporate Counsel. Our Chief Risk Officer reviewed each compensation plan to identify any plan features that could lead an employee to take unnecessary and excessive risks that could threaten our value. He conducted a business unit review and a review of employee incentive plans and executive incentive plans, including company-wide benefit plans. He used a decision tree analysis to determine if the business unit compensation practices or the

Table of Contents

compensation plans fostered risk-taking and if so, conducted further analysis to determine if there were compensating controls or mitigants to limit the risk. Our review of the executive incentive plans considered design features including: pay profiles, performance metrics, performance goals, payout curves, equity incentives, stock ownership requirements, performance appraisal management, and our recoupment policy. Our Chief Risk Officer reviewed the executive incentive plans for design features that may have the potential to encourage excessive risk-taking. Specifically, he reviewed the compensation program for the following features, among others: pay profiles that provide for low salaries and high annual incentives; the use of performance metrics that do not benefit the Company over the long term; plan goals and payouts that did not consider the impact of decisions; steep payout curves where a very high threshold level of performance is required to achieve a threshold level of incentive payout; and an over emphasis on the use of equity and long-term incentives paid in cash.

Similarly, in the review of employee compensation plans, our Chief Risk Officer used a decision tree analysis that considered whether each plan was incentive based, and if so, whether the incentive was material relative to the participant's total compensation. If the incentive was material, he further reviewed the plan to determine if the plan appeared to foster risk-taking. If the plan fostered risk-taking, he evaluated the plan to determine whether there were compensating controls or mitigants to limit our risk.

Finally, in the business unit compensation review, our Chief Risk Officer assessed whether the business unit generated a materially higher level of risk to us by considering various factors about the plans within each business unit. The factors he considered, among others, included: whether the business unit carried a significant portion of our risk profile; the business unit compensation structure and whether it was different from our other units; the business unit's profitability; whether the employees in the business unit were awarded a short-term bonus while income and risk to us extended over a significantly longer period of time; and whether the compensation expenses comprise a significant percentage of the business unit revenues.

We noted a number of compensation design features that we believe reduce the likelihood of excessive risk-taking. In our compensation programs applicable to our NEOs, the Committee has downward discretion over incentive program payouts; the program provides a balanced mix of cash and equity, and short and long-term incentives, includes multiple meaningful performance metrics, and we maintain a Recoupment Policy that provides for a clawback of payouts under certain circumstances. The employee plans include performance indicators designed to measure quality control standards, compliance results and asset quality. Based upon the risk assessment presented to the Committee, we believe our employee compensation policies and procedures are not reasonably likely to have a material adverse effect on us.

Awards granted were valued at \$40,000 rounded up or down to the nearest 100 shares at a price determined in accordance with the 2007 Plan. The shares were issued on May 15, 2013, after our Annual Meeting, with a fair market value of \$11.72 per share. In addition to the award received in May, since the Company elected Ms. Ellsworth and Mr. Stanik as directors effective January 1, 2013, the Company also awarded them 1,500 shares each at the time of their appointment as a director, which represents a pro-rated amount of the \$40,000 annual award based on the length of time remaining in the prior award period, with a fair market value of \$10.62 per share. Mr. Motley was elected a director effective August 15, 2013; therefore, the amount reported for Mr. Motley reflects an award of 2,600 shares, with a market value of \$12.87 per share, which represents a pro-rated amount of the annual award of \$40,000 based on the length of time remaining in the current award period. The stock awarded vests immediately without restriction of any kind.
- (3) Mr. Gurgovits is entitled to pension benefits under the RIP, the Excess Plan and the BRP. During 2013, he received \$89,184 from the RIP; \$123,744 from the Excess Plan and \$312,528 from the BRP. Mr. Gurgovits also has a Deferred Compensation Agreement with FNBPA. The present value of the accumulated benefit under that agreement is calculated in accordance with ASC Topic 715, *Compensation-Retirement Benefits*, assuming an interest rate of 6.20% and assuming that payments will commence on January 1, 2014, and will continue for nine and one-half years. The present value in the amount of \$311,607 is reflected as an accrued liability in the financial statements of FNBPA as of December 31, 2013. During 2013, Mr. McCarthy received a lump-sum distribution in cash and Company stock valued at \$2,244,111 under a non-qualified deferred compensation agreement with a predecessor entity acquired by us. The Director Compensation table above does not include the amounts detailed in this paragraph.
- (4) This column reflects fees earned as a director of FNBPA except for Mr. Rose who earned fees as the Chairman of the Board of F.N.B. Capital. Directors of FNBPA received \$1,500 per meeting for attendance at board meetings and \$300 for other committee meetings, unless the committee participation was only by telephone, in which case the director received \$125.
- (5) The valuation of all perquisites is at our actual cost except for the valuation of the company-provided automobile, which was calculated as our current year depreciation expense for the automobile plus all costs incurred related to the automobile (including, but not limited to, the cost of insurance, gas, car washes, repairs, registration and inspection fees), less our mileage reimbursement allowance for business miles driven by employees who use their own automobile for business purposes. SEC rules require disclosure of the perquisites to any one director unless the amount of perquisites is less than \$10,000 in the aggregate. Mr. Gurgovits received the following perquisites as a result of his First Amended and Restated Consulting Agreement, dated August 19, 2009, with the Company: country club membership and automobile expenses totaling \$15,948 and \$24,467, respectively. The First Amended and Restated Consulting Agreement, as amended, is referred to in this document as the Consulting Agreement.
- (6) The term of the Consulting Agreement with Mr. Gurgovits had a remaining term of 36 months as of December 31, 2013. Under the terms of the Consulting Agreement, Mr. Gurgovits agrees to perform assignments and projects upon which we and FNBPA along with Mr. Gurgovits mutually agree. The Consulting Agreement specifies that we and FNBPA shall pay Mr. Gurgovits an annual consulting fee of \$573,588. Moreover, the Consulting Agreement provides that Mr. Gurgovits is entitled to certain benefits, including automobile expenses, club dues and related benefits. Upon termination of the Consulting Agreement other than for cause, death or good reason, as those terms are defined in the Consulting Agreement, Mr. Gurgovits will be entitled to receive his annual fee for the remainder of the term of the Consulting Agreement. The amount reflected in All Other Compensation above includes the following for Mr. Gurgovits: \$12,000 for fees earned as a director of FNBPA; \$573,588 for fees under his Consulting Agreement; \$9,400 in Company contributions to the 401(k) plan in 2013 related to 2012; and, \$20,227 in Company contributions to the ERISA Excess Lost Match Plan in 2013 related to 2012 as more fully described in the narrative accompanying the Non-qualified Deferred Compensation table.
- (7) Messrs. Gingerich, Radcliffe and Sheetz did not stand for re-election to our Board at our May 15, 2013, Annual Meeting, while Ms. Hickton resigned from the Board effective January 31, 2013.

Executive Director

The Company's Executive Director, Mr. Delie, received compensation for his position with the Company. Such compensation is disclosed in the Summary Compensation Table. Executive directors are entitled to receive an annual common stock award valued at \$40,000 rounded up or down to the nearest 100 shares at a price determined in accordance with the 2007 Plan. As such, we awarded shares to Mr. Delie in May at the same time that we made the stock awards to all other directors. The stock award is also reflected in the Summary Compensation Table.

Table of Contents**Annual Board/Committee Retainer Fees**

We pay our annual director and committee meeting fees on a retainer basis. We annualize the fees and pay them monthly. The annual Board and committee fees are as follows:

	Member Fee (\$)	Chairman Fee (\$)
Board(1)	50,000	12,500
Audit Committee(2)	5,000	15,000
Compensation Committee(2)	5,000	15,000
Executive Committee(2)	7,500	10,000
Nominating Committee(2)	2,500	5,000
Risk Committee(2)	2,500	5,000
Succession Committee(2)	2,500	5,000

(1) The Lead Director is entitled to an additional fee of \$10,000 per year.

(2) Committee chairmen do not receive a member fee in addition to the chairman's fee.

For information regarding the number of full Board and committee meetings held during 2013, see the section titled Our Board of Directors and Its Committees. We reimbursed various directors for amounts the directors expended in traveling to our meetings and determined these amounts were consistent with our guidelines and thus are not included in the Director Compensation table.

Annual Grant of Stock Awards

We awarded each director shares of stock under the Company's 2007 Plan as detailed in the 2013 Director Compensation table and the Executive Director disclosure above. The stock awarded vested immediately without any restrictions. The following table is a detailed accounting of equity incentive awards outstanding as of December 31, 2013. The amount reflected for Mr. Gurgovits was awarded for his service as former CEO of the Company, and the amount reflected for Mr. McCarthy was awarded for his service as an employee, under a stock option plan of a predecessor entity acquired by us.

Name	Options Outstanding (#)	Stock Awards (#)(1)
Stephen J. Gurgovits	0	188,527
Robert J. McCarthy, Jr.	39,204	0

(1) The amount reported for Mr. Gurgovits was calculated consistent with the assumptions used for amounts reported for the NEOs in the 2013 Outstanding Equity Awards at Fiscal Year-End table. Of his amount reported, 127,349 shares or units are deemed to be earned but have not vested, while 61,178 units are deemed unearned. Additionally, during 2013, Mr. Gurgovits acquired 140,979 shares of Company stock upon vesting of restricted stock, with a realized value on the vesting dates of \$1,585,097. The specifics of Mr. Gurgovits' outstanding equity awards are more fully described in the 2012 Outstanding Equity Awards at Fiscal Year-End table included in the Proxy Statement dated April 3, 2013.

Proposal 2. Advisory Resolution on Executive Compensation

In accordance with Section 14A of the Exchange Act, which was adopted under the Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank Act), we are asking shareholders to adopt an advisory resolution approving our executive compensation for our NEOs as reported in this proxy statement.

Table of Contents

We have designed our executive compensation programs to support our long-term success. We believe that our performance-based executive compensation programs provide incentives that are aligned with the best interests of our shareholders and have helped to drive our performance.

In the Compensation Discussion and Analysis, we describe in more detail how our executive compensation policies and procedures operate and are designed to achieve our compensation objectives. Please read it in conjunction with the Summary Compensation Table and related compensation tables and narrative that provide detailed information on the compensation of our NEOs. The Compensation Committee and the Board believe that the policies and procedures as set forth in the Compensation Discussion and Analysis are effective in achieving our goals and that the compensation of our NEOs reported in this proxy statement has supported and contributed to our success.

Why You Should Approve Our Executive Compensation Program

Our compensation philosophy is designed to attract and retain executive talent and emphasizes pay for performance, primarily through the creation of shareholder value. Our compensation program includes base salary, short-term annual incentive compensation, long-term incentive compensation, retirement benefits and perquisites.

We believe our compensation programs and policies are appropriate and effective in implementing our compensation philosophy and in achieving our goals, and are strongly aligned with long-term shareholder interests and worthy of continued shareholder support.

We believe the shareholders should consider the following information in determining whether to approve this proposal:

The Compensation Program is Highly Aligned with Shareholder Value

A significant portion of our NEOs' compensation is directly linked to our performance and the creation of shareholder value because a significant portion of the direct and total compensation is in the form of incentive compensation, including annual incentive compensation and a significant long-term incentive award. Our long-term awards are in the form of restricted stock and restricted stock units and divided into a time vested portion and a performance portion. The performance portion, which is two-thirds of the overall award, only vests at the conclusion of four years if all performance measures are met. We believe these long-term awards motivate our executives to achieve long-term performance and reward them for increases in total shareholder return. Furthermore, we do not award stock options, and only the Compensation Committee may approve equity grants.

Summary of Key Compensation Practices

We seek to align our compensation programs and practices with evolving governance best practices. The Compensation Committee has followed best practices with respect to executive compensation including the following:

Elimination of our supplemental executive retirement plan, effective December 31, 2008;

No tax gross-up payments for executive perquisites;

The Compensation Committee has adopted a policy that it will not approve any employment contracts that contain a tax gross-up;

None of our most recent employment contracts provide for a single trigger parachute payment;

No severance payments for cause terminations or resignations other than for good reason;

No extraordinary relocation benefits;

The short-term incentive plan contains maximum limits;

Table of Contents

We do not grant stock options or allow the re-pricing or exchange of stock options;

Only the Compensation Committee may authorize equity grants;

No payment of dividends on unvested restricted stock or units;

Stock ownership guidelines are in place for our executive officers and directors;

We conduct an annual robust risk assessment of all of our compensation programs, including the executive annual incentive program and long-term incentive program;

We maintain a compensation recoupment or clawback policy; and

We maintain a prohibition on executive officers and directors engaging in hedging transactions using Company common stock or common stock equivalents.

Our Compensation Program Has Appropriate Long-Term Orientation

Our compensation programs and policies have a long-term focus:

We encourage our executives to maintain a long-term focus by using a four-year performance period for long-term Performance-Based Awards;

We require executives to remain employed for three years to receive time vested share awards; and

We have robust stock ownership requirements for executive officers and directors to insure that our executive officers and directors have a substantial personal stake in our long-term success.

Our Compensation Committee Stays Current on Best Practices

We regularly update our Compensation Committee on compensation best practices and trends. In addition, the Compensation Committee engages an independent compensation consultant to provide advice on compensation trends and market information to assist the Compensation Committee in designing our compensation programs and making compensation decisions.

The Compensation Committee directly retained PM&P, an independent compensation consultant that reported directly to the Compensation Committee and performs no other work for us, and had no prior relationship with our CEO or any other NEO. Our directors are elected annually and meet without management present as a Compensation Committee and Board when necessary. The Compensation Committee maintains a charter and reviews its provisions annually. All committee charters and our Code of Conduct are posted on our website.

In accordance with Section 14A of the Exchange Act, which was adopted under the Dodd Frank Act, we are asking shareholders to adopt an advisory resolution approving our executive compensation for NEOs, as reported in this Proxy Statement.

We submitted an advisory resolution to approve 2012 executive compensation to our shareholders at our 2013 Annual Meeting. Shareholders owning more than 95% of the shares for which votes were cast regarding the advisory resolution on executive compensation approved the compensation of our NEOs for fiscal year 2012. Additionally, at our 2011 Annual Meeting, our shareholders supported an annual advisory vote

Edgar Filing: FNB CORP/FL/ - Form DEF 14A

frequency and as a result, the Committee and the Board are again submitting for the vote of shareholders an advisory resolution to approve the 2013 compensation of our NEOs, and will include this shareholder advisory vote annually until we hold the next shareholder vote on how frequently we conduct a say-on-pay vote not later than our 2017 Annual Meeting.

Following the last shareholder vote on executive compensation, the Committee considered the results of the advisory vote in determining compensation policies and decisions. The advisory vote reaffirms our pay-for-

Table of Contents

performance philosophy and the Committee will continue to use this philosophy and past practices in determining future compensation decisions.

We are asking shareholders to approve the following advisory resolution at the 2014 Annual Meeting:

RESOLVED, that the shareholders of F.N.B. Corporation (the Company) approve, on an advisory basis, the compensation of the Company's Named Executive Officers listed in the Summary Compensation Table included in the proxy statement for this meeting, as such compensation is disclosed pursuant to Item 402 of Regulation S-K in this proxy statement under the Section entitled Executive Compensation and Other Proxy Disclosure, including the Compensation Discussion and Analysis, the compensation tables and other narrative and other executive compensation disclosures set forth under that section.

This advisory vote on the compensation of our NEOs, commonly referred to as a "say-on-pay" vote, gives shareholders another mechanism to convey their views about our compensation programs and policies. Although non-binding, the Board and the Compensation Committee will carefully review and consider the voting results when evaluating our executive compensation programs. The Board has determined to provide shareholders with an annual advisory vote on executive compensation at each Annual Meeting of Shareholders. Accordingly, the next annual advisory vote on executive compensation will be provided at our Annual Meeting of Shareholders in 2015.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR PROPOSAL 2 TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS (PROPOSAL 2 ON THE PROXY CARD).

Proposal 3. Proposal to Ratify the Appointment of Ernst & Young LLP as Independent Registered Public Accounting Firm

The Audit Committee selected Ernst & Young LLP as our independent registered public accounting firm to audit the books of the Company and its subsidiaries for the year ending December 31, 2014, to report on our internal controls and our consolidated statement of financial position and related statements of income of us and our subsidiaries, and to perform such other appropriate accounting services as our Board may require. Ernst & Young LLP has advised us that they are independent accountants with respect to us, within the meaning of standards established by the American Institute of Certified Public Accountants, the Public Company Accounting Oversight Board, the Independence Standards Board and federal securities laws administered by the SEC. In the event a majority of the votes cast in person or by proxy do not ratify the appointment of Ernst & Young LLP, we anticipate that we would make no change in our independent registered public accounting firm for the current year because of the difficulty and expense of making any change so long after the beginning of the current year, but that vote would be considered when we consider the appointment of auditors for 2015.

Ernst & Young LLP served as our independent registered public accounting firm for the year ended December 31, 2013. We expect that a representative of Ernst & Young LLP will attend our Annual Meeting, respond to appropriate questions and, if the representative desires, which we do not anticipate, make a statement.

The discussion under the caption "Audit and Non-Audit Fees" describes the aggregate fees for professional services provided by Ernst & Young LLP to us for the calendar years 2012 and 2013.

THE BOARD RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE RATIFICATION OF ERNST & YOUNG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2014 (PROPOSAL 3 ON THE PROXY CARD).

REPORT OF AUDIT COMMITTEE

To Our Shareholders:

The Audit Committee (Committee) oversees the Corporation s financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the system of internal control. In fulfilling its oversight responsibilities, the Committee reviewed and discussed the audited financial statements in the Annual Report with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Committee reviewed and discussed with Ernst & Young LLP, its independent registered public accounting firm, who is responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, the matters we and Ernst & Young LLP must discuss pursuant to Auditing Standard No. 16, Communications with Audit Committees, as adopted by the Public Company Accounting Oversight Board, including Ernst & Young LLP s judgments as to the quality, not just the acceptability, of the Corporation s accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards.

The Committee has discussed with Ernst & Young LLP its independence from management and the Corporation, including the matters in the required written disclosures. The Committee has considered whether the provision of non-audit services by Ernst & Young LLP is compatible with maintaining its independence.

The Committee discussed with the Corporation s internal auditors and Ernst & Young LLP the overall scope and plans for their respective audits. The Committee meets with the internal auditors and Ernst & Young LLP, with and without management present, to discuss the results of their examinations, their evaluations of the Company s internal controls and the overall quality of the Company s financial reporting.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2013 for filing with the Securities and Exchange Commission.

Respectfully submitted,

D. Stephen Martz, Chairman

David J. Malone

John S. Stanik

2012	\$ 1,180,324	\$ 0	\$ 223,348	\$ 1,680

AUDIT AND NON-AUDIT SERVICES PRE-APPROVAL POLICY

The Audit Committee must pre-approve the audit and non-audit services the independent registered public accounting firm will perform in order to assure that the provision of such services does not impair the auditor's independence. The Audit Committee annually reviews and pre-approves the services that the independent registered public accounting firm may provide. The Audit Committee will revise the list of pre-approved services from time to time, based on subsequent determinations. The Audit Committee does not delegate its responsibilities to pre-approve services performed by the independent registered public accounting firm to management, but may delegate pre-approval authority to one or more of its members. The member or members to whom the Audit Committee delegates such authority must report any pre-approval decisions to the Audit Committee at its next scheduled meeting. The Audit Committee annually establishes pre-approval fee levels for all services the independent registered public accounting firm may provide. Any proposed services exceeding these levels require specific pre-approval.

The annual audit services engagement terms and fees are subject to the pre-approval of the Audit Committee. In addition, the Audit Committee may grant pre-approval for other audit services, including statutory audits or financial audits for our subsidiaries or our affiliates and services associated with SEC registration statements, periodic reports and other documents filed with the SEC.

Our Audit Committee must also pre-approve audit-related services. Audit-related services include, among others, due diligence services pertaining to potential business acquisitions/dispositions, accounting consultations related to accounting, financial reporting or disclosure matters not classified as Audit services, assistance with understanding and implementing new accounting and financial reporting guidance from rulemaking authorities, financial audits of employee benefit plans, agreed upon or expanded audit procedures related to accounting and/or billing records required to respond to or comply with financial, accounting or regulatory reporting matters and assistance with internal control reporting requirements. Tax services include tax compliance, tax planning and tax advice services.

Table of Contents

Our Audit Committee may grant pre-approval to those permissible non-audit services classified as All Other services that it believes are routine and recurring services and when such pre-approval would not impair the independence of the independent registered public accounting firms.

OTHER MATTERS

As of April 2, 2014, our Board does not know of any other matter to be presented for consideration at our Annual Meeting other than the matters described above. However, if any other matter is presented in conformance with our bylaws, proxies in the enclosed form returned to us will be voted in accordance with the recommendation of our Board or, in the absence of such a recommendation, in accordance with the judgment of the individuals designated as proxies.

Householding of Proxy Materials

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more shareholders sharing the same address by delivering a single proxy statement addressed to those shareholders. This process, which is commonly referred to as householding, potentially provides extra convenience for shareholders and cost savings for companies. We, and some brokers who household proxy materials, may deliver a single proxy statement to multiple shareholders who share an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker or us that they or we will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, or if you are receiving multiple copies of the proxy statement and wish to receive only one, please notify your broker if your shares are held in a brokerage account or us if you hold registered shares. You can notify us by sending a written request to: F.N.B. Corporation, One F.N.B. Boulevard, Hermitage, Pennsylvania 16148, c/o Shareholder Services or by calling our Transfer Agent representative at 1-800-368-5948. Upon written or oral request to us or our Transfer Agent representative, a separate copy of our proxy statement and annual report will promptly be sent to you.

Electronic Delivery of Proxy Materials

You can also access our proxy statement, Form 10-K for the fiscal year ended December 31, 2013, and our Annual Report to shareholders, via the Internet at <http://www.cfpproxy.com/5710>.
