PROSPECTUS SUMMARY

Our Company

We are a leading global provider of aviation services to a diverse mix of commercial and government customers. We currently operate a diverse fleet of 90 rotary-wing and fixed wing aircraft, including a fleet of 20 heavy-lift Erickson S-64 Aircranes, or Aircranes. Our fleet supports a wide and worldwide variety of government and commercial customers, across a broad range of aerial services, including critical supply and logistics for deployed military forces, humanitarian relief, firefighting, timber harvesting, infrastructure construction, and crewing. We also maintain a vertical manufacturing capability for the Aircrane, related components, and other aftermarket support and maintenance, repair, and overhaul services for the Aircrane and other aircraft. We typically lease our aircraft to customers for specific missions, with customers generally paying for the aircraft, maintenance, and crewing services, and in some cases, fuel expense. Within our fleet we have 20 Aircranes, a versatile and powerful heavy-lift helicopter that we manufacture in-house. The Aircrane has two models, the S-64E and the S-64F, and our fleet of 20 contains 13 and 7 of each model, respectively, making us the largest operator of Aircranes in the world. The Aircrane has a lift capacity of up to 25,000 pounds and is the only commercial aircraft built specifically as a flying crane, without a fuselage for internal loads. It is also unique in that it is the only commercial heavy-lift helicopter with an additional rear facing cockpit, combining an unobstructed view of the attached load and complete aircraft control for precision lift and load placement capabilities.

We own the Type and Production Certificates for the Aircrane, granting us exclusive design, manufacturing and related rights for the aircraft and original equipment manufacturer components. During the third quarter of 2013, we purchased the Type Certificate for engines used on the Aircrane as well as other aircraft. We also invest in new technologies and proprietary solutions with a goal of increasing our market share and entering new markets. We have remanufactured 36 Aircranes for our own fleet and for our customers in several countries worldwide. To date, we have sold and delivered nine Aircranes. We also offer cost per hour, or CPH, contracts pursuant to which we provide components and expendable supplies for a customer's aircraft at a fixed cost per flight hour. We believe CPH contracts help our customers better predict and manage their maintenance costs. This sector of our business is referred to as Aircraft Manufacturing and Maintenance, Repair, and Overhaul.

During the year ended December 31, 2013, 34.2% of our net revenues were generated in the United States and 65.8% were generated outside of the United States.

We operate under Federal Aviation Administration Part 135, U.S. Air Carrier, and hold Commercial Airlift Review Board authority to operate both fixed wing and rotary wing aircraft for the United States Department of Defense, or DoD. The acquisition of Evergreen Helicopters, Inc., or EHI, from Evergreen International Aviation, Inc., or EIA, brought us the experience of working with the DoD for over 50 years, and we are currently participating in operations on six continents and in two oceans. We refer to this acquisition as the Evergreen Acquisition. We have the capability of deploying aircraft to support external load operations, passenger and cargo transportation, combination loads, low cost/low altitude airdrops, short takeoff and landing, and MEDEVAC/CASEVAC. Our aircraft can be equipped with Supplemental Type Certificated Night Vision Goggles, Ballistic Protection, and roller systems.

We are headquartered at 5550 SW Macadam Avenue, Suite 200, Portland, Oregon 97239 and our phone number is (503) 505-5800. Our website address is www.ericksonaviation.com. The information on, or accessible through, our website is not a part of this prospectus and shall not be deemed to be incorporated into this prospectus or the registration statement of which it forms a part.

RISK FACTORS

An investment in our common stock involves a significant degree of risk, including the risks described in this prospectus. You should carefully consider the risks described below, together with the information under the heading Risk Factors contained in our Annual Report on Form 10-K for the fiscal year ended December 31, 2013, which is incorporated herein by reference, and under similar headings in our subsequently filed quarterly reports on Form 10-Q and annual reports on Form 10-K, as well as the other risks and uncertainties described or incorporated by reference in any applicable prospectus supplement and the other information in this prospectus before making an investment in our common stock. If any of the risks described below actually occurs, our business, financial condition or results of operations could be materially and adversely affected. The risks and uncertainties described below are not the only risks facing our company. Additional risks and uncertainties not currently known to us or those we currently view to be immaterial may also materially and adversely affect our business, financial condition or results of operations. In such a case, the trading price of our common stock could decline and you could lose all or part of your investment. See the sections entitled Where You Can Find More Information and Information Incorporated by Reference in this prospectus. This prospectus also contains forward-looking statements that involve risks and uncertainties. See Forward-Looking Statements. Our actual results could differ materially and adversely from those anticipated in these forward-looking statements as a result of certain factors, including the risks facing our company described below and elsewhere in this prospectus.

Risks Related to Our Common Stock

Existing stockholders exert significant influence over us. Their interests may not coincide with yours, and they may make decisions with which you may disagree.

As of April 25, 2014, entities affiliated with ZM Equity Partners, LLC who are also Selling Stockholders beneficially owned approximately 54.6% of our outstanding common stock, and two of our directors will continue to be managing directors of Centre Lane Partners LLC, an affiliate of ZM Equity Partners, LLC. As a result, these Selling Stockholders and their affiliates, acting individually or together, could exert significant influence over all matters requiring stockholder approval, including the election of directors and approval of significant corporate transactions. These Selling Stockholders and their affiliates may take action by written consent without a meeting of stockholders until such time as these Selling Stockholders and their affiliates no longer own at least 30% of our common stock. In addition, this concentration of ownership may delay or prevent a change in control of our Company and make some transactions more difficult or impossible without the support of these Selling Stockholders and their affiliates. The interests of these Selling Stockholders and their affiliates may not always coincide with our interests as a company or the interest of other stockholders. Accordingly, these Selling Stockholders and their affiliates could cause us to enter into transactions or agreements that you would not approve or make decisions with which you may disagree.

If securities or industry analysts do not publish research or publish inaccurate or unfavorable research about our business, our stock price and trading volume could decline.

The trading market for our common stock depends in part on the research and reports that we expect securities or industry analysts to publish about us or our business. If one or more of the analysts who cover us downgrade our stock or publish inaccurate or unfavorable research about our business, our stock price would likely decline. If one or more of these analysts cease coverage of us or fail to publish reports on us regularly, demand for our stock could decrease, which might cause our stock price and trading volume to decline.

Future issuance of our common stock could dilute the interests of existing stockholders.

We may issue additional shares of our common stock in the future. The issuance of a substantial amount of common stock could have the effect of substantially diluting the interests of our current stockholders. In addition, the sale of a substantial amount of common stock in the public market, either in the initial issuance or in a

Table of Contents

subsequent resale by the target company in an acquisition which received such common stock as consideration or by investors who acquired such common stock in a private placement could have an adverse affect on the market price of our common stock.

We do not intend to pay dividends for the foreseeable future, and you must rely on increases in the market price of our common stock for returns on equity investment.

For the foreseeable future, we intend to retain any earnings to finance the development and expansion of our business, and we do not anticipate paying any cash dividends on our common stock. Accordingly, investors must be prepared to rely on sales of their common stock after price appreciation to earn an investment return, which may never occur. Investors seeking cash dividends should not purchase our common stock. Any determination to pay dividends in the future will be made at the discretion of our board of directors and will depend on our results of operations, financial condition, contractual restrictions, restrictions imposed by applicable law and other factors our board of directors deems relevant.

Provisions in our charter documents and Delaware law could discourage takeover attempts and lead to management entrenchment.

Our third amended and restated certificate of incorporation and bylaws contain provisions that could have the effect of delaying or preventing changes in control or changes in our management without the consent of our board of directors. These provisions include:

a classified board of directors with three-year staggered terms, which may delay the ability of stockholders to change the membership of a majority of our board of directors;

no cumulative voting in the election of directors, which limits the ability of minority stockholders to elect director candidates;

the exclusive right of our board of directors to elect a director to fill a vacancy created by the expansion of the board of directors or the resignation, death, or removal of a director, which prevents stockholders from being able to fill vacancies on our board of directors;

the ability of our board of directors to determine to issue shares of preferred stock and to determine the price and other terms of those shares, including preferences and voting rights, without stockholder approval, which could be used to significantly dilute the ownership of a hostile acquirer;

from and after such time as entities affiliated with ZM Equity Partners, LLC and their affiliates no longer own at least 30% of our common stock, a prohibition on stockholder action by written consent, which forces stockholder action to be taken at an annual or special meeting of our stockholders;

the requirement that a special meeting of stockholders may be called only by the chairman of our board of directors or our board of directors, which may delay the ability of our stockholders to force consideration of a proposal or to take action, including the removal of directors;

advance notice procedures that stockholders must comply with in order to nominate candidates to our board of directors or to propose matters to be acted upon at a stockholders meeting, which may discourage or deter a potential acquirer from conducting a solicitation of proxies to elect the acquirer's own slate of directors or from otherwise attempting to obtain control of us;

the requirement of a 66^{2/3}% stockholder vote for the alteration, amendment, or repeal of certain provisions of our second amended and restated certificate of incorporation; and

Edgar Filing: ERICKSON INC. - Form S-3

stockholders may remove directors only for cause.

We are also subject to certain anti-takeover provisions under Delaware law. Under Delaware law, a corporation may, in general, only engage in a business combination with any holder of 15% or more of its capital stock if the holder has held the stock for three years, unless, among other possible exceptions, our board of directors has approved the transaction.

All of the shares of common stock offered pursuant to this prospectus were issued to the Selling Stockholders upon conversion of outstanding shares of our Preferred Stock, which converted in accordance with its terms on August 20, 2013 following stockholder approval of the issuance of shares of common stock upon such conversion in accordance with applicable NASDAQ Marketplace Rules.

In addition, the ZM Funds have piggyback registration rights, which means that they have the right to include their shares in any registration that we effect under the Securities Act, other than a registration effected pursuant to an exercise of demand registration rights, subject to specified exceptions. We must pay all expenses, except for underwriters' discounts and commissions, incurred in connection with these piggyback registration rights.

We are unable to estimate the dollar value of registration rights to the holders of these rights. The amount of reimbursable expenses under the registration rights agreement depends on a number of variables, including whether registration rights are exercised incident to a primary offering by us, the form on which we are eligible to register such a transaction, and whether we have a shelf registration in place at the time of a future offering.

PLAN OF DISTRIBUTION

On behalf of the Selling Stockholders, we are registering 3,233,332 shares of our common stock for possible resale by the Selling Stockholders. The Selling Stockholders may be deemed underwriters with respect to these shares. Unless the context otherwise requires, as used in this prospectus, "Selling Stockholders" includes the Selling Stockholders named in the table above and donees, pledgees, transferees or other successors-in-interest selling shares received from the Selling Stockholders as a gift, pledge, partnership distribution or other transfer after the date of this prospectus.

The Selling Stockholders may offer and sell all or a portion of the shares of our common stock covered by this prospectus from time to time, in one or more or any combination of the following transactions:

on the NASDAQ Global Market, in the over-the-counter market or on any other national securities exchange on which our shares are listed or traded;

in a block trade in which a broker-dealer will attempt to sell the offered shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;

through underwriters or dealers directly to investors, including through a specific bidding, auction, or other process;

Table of Contents

to investors through agents;

directly to agents;

to or through brokers or dealers;

to the public through underwriting syndicates led by one or more managing underwriters;

in privately negotiated transactions;

to one or more underwriters acting alone for resale to investors or to the public;

in a registered direct offering; and

any other method permitted pursuant to applicable law.

The Selling Stockholders may sell the shares of our common stock at prices then prevailing or related to the then current market price or at negotiated prices. The offering price of the shares from time to time will be determined by the Selling Stockholders and, at the time of the determination, may be higher or lower than the market price of our common stock on the NASDAQ Global Market or any other exchange or market.

The Selling Stockholders have advised us that they have not entered into any agreements, understandings or arrangements with any underwriters or broker-dealers regarding the sale of shares. Upon notification by a Selling Stockholder that it has entered into any material arrangement with an underwriter or broker-dealer for the sale of shares through a block trade, special offering, exchange distribution, secondary distribution or a purchase by an underwriter or broker-dealer, we will file a supplement to this prospectus, if required, pursuant to Rule 424(b) under the Securities Act, disclosing certain material information.

If the Selling Stockholders use underwriters in the sale of shares of our common stock, the securities will be acquired by the underwriters for their own account. The underwriters may then resell the shares in one or more transactions at a fixed public offering price or at varying prices determined at the time of sale or thereafter. The shares may be either offered to the public through underwriting syndicates represented by managing underwriters, or directly by underwriters. The obligations of the underwriters to purchase the shares will be subject to certain conditions. The underwriters will be obligated to purchase all the shares offered if they purchase any securities. The public offering price and any discounts or concessions allowed or re-allowed or paid to dealers may be changed from time to time.

If the Selling Stockholders use dealers in the sale of shares of our common stock, the Selling Stockholders will sell shares to such dealers as principals. The dealers may then resell the shares to the public at varying prices to be determined by such dealers at the time of resale. The Selling Stockholders may solicit offers to purchase the shares directly, and may sell the shares directly to institutional or other investors, who may be deemed underwriters within the meaning of the Securities Act with respect to any resales of those shares. If required, the terms of these sales will be described in the applicable prospectus supplement. If the Selling Stockholders use agents in the sale of shares, unless otherwise indicated in the applicable prospectus supplement, they will use their reasonable best efforts to solicit purchases for the period of their appointment.

The Selling Stockholders may grant underwriters who participate in the distribution of shares of our common stock an option to purchase additional shares to cover overallocments, if any, in connection with the distribution. Any underwriter may engage in overallocation, stabilizing transactions, short covering transactions and penalty bids in accordance with SEC orders, rules and regulations and applicable law. To the extent permitted by applicable law and SEC orders, rules and regulations, an overallocation involves sales in excess of the offering size, which create a short position. Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum. To the extent permitted by applicable law and SEC orders, rules and regulations, short covering transactions involve purchases of the

common stock in the open market after the distribution is completed to cover short positions. Penalty bids permit the underwriters to reclaim a selling concession from a dealer when the common stock originally sold by the dealer is purchased

in a covering transaction to cover short positions. Those activities may cause the price of the common stock to be higher than it would otherwise be. If commenced, the underwriters may discontinue any of the activities at any time.

Any underwriters who are qualified market makers on the NASDAQ Stock Market may engage in passive market making transactions in the common stock on the NASDAQ Stock Market in accordance with Rule 103 of Regulation M, during the business day prior to the pricing of the offering, before the commencement of offers or sales of the common stock. Passive market makers must comply with applicable volume and price limitations and must be identified as passive market makers. In general a passive market maker must display its bid at a price not in excess of the highest independent bid for such security; if all independent bids are lowered below the passive market maker's bid, however, the passive market maker's bid must then be lowered when certain purchase limits are exceeded. We have advised the Selling Stockholders that the anti-manipulation rules of Regulation M may apply to sales of shares in the market and to the activities of the Selling Stockholders and their affiliates. This regulation may limit the timing of purchases and sales of any of the shares of our common stock offered in this prospectus by the Selling Stockholders. The anti-manipulation rules under the Exchange Act may apply to sales of shares in the market and to the activities of the Selling Stockholders and their affiliates. Furthermore, Regulation M may restrict the ability of any person engaged in the distribution of the shares to engage in market-making activities for the particular securities being distributed for a period of up to five business days before the distribution. The restrictions may affect the marketability of the shares and the ability of any person or entity to engage in market-making activities for the shares.

Underwriters, dealers and agents that participate in any distribution of securities may be deemed to be underwriters as defined in the Securities Act. Any discounts, commissions or profit they receive when they resell the securities may be treated as underwriting discounts and commissions under the Securities Act. Only underwriters named in an applicable prospectus supplement are underwriters of the securities offered in the prospectus supplement. The Selling Stockholders may have agreements with underwriters, dealers and agents to indemnify them against certain civil liabilities, including certain liabilities under the Securities Act, or to contribute with respect to payments that they may be required to make.

The Selling Stockholders may authorize underwriters, dealers or agents to solicit offers from certain institutions whereby the institution contractually agrees to purchase the securities from the Selling Stockholders on a future date at a specific price. This type of contract may be made only with institutions that the Selling Stockholders specifically approve. Such institutions could include banks, insurance companies, pension funds, investment companies and educational and charitable institutions. The underwriters, dealers or agents will not be responsible for the validity or performance of these contracts.

Our common stock is listed on the NASDAQ Global Market. It has not presently been established whether the underwriters, if any, of the shares of our common stock will make a market in our common stock. If any such underwriters make a market in our common stock, such market making may be discontinued at any time without notice.

Agents, dealers and underwriters may be entitled to indemnification by us against certain civil liabilities, including liabilities under the Securities Act, or to contribution with respect to payments which the agents, dealers or underwriters may be required to make in respect thereof. Agents, dealers or underwriters may be customers of, engage in transactions with, or perform services for us and our subsidiaries in the ordinary course of business.

The following table lists the costs and expenses payable by the registrant in connection with the sale of the shares of common stock covered by this prospectus, other than any sales commissions or discounts, which expenses will be paid by the Selling Stockholders. All amounts shown are estimates other than the SEC registration fee.

Securities and Exchange Commission registration fee	\$6,710
Accounting fees and expenses	\$15,500
Legal fees and expenses	\$30,000
Miscellaneous Expenses	\$2,790
Total	\$55,000

Item 15. Indemnification of Directors and Officers.

Section 145 of the Delaware General Corporation Law, or the DGCL, authorizes a court to award, or a corporation's board of directors to grant, indemnity to directors and officers in terms sufficiently broad to permit such indemnification under certain circumstances for liabilities, including reimbursement for expenses incurred or, arising under the Securities Act of 1933, as amended. Our second amended and restated certificate of incorporation provides for indemnification of our directors, officers, employees, and other agents to the maximum extent permitted by the DGCL, and our second amended and restated bylaws provide for indemnification of our directors, officers, employees, and other agents to the maximum extent permitted by the DGCL. In addition, we have entered into indemnification agreements with our directors, officers, and some employees containing provisions which are in some respects broader than the specific indemnification provisions contained in the DGCL. The indemnification agreements may require us, among other things, to indemnify our directors against certain liabilities that may arise by reason of their status or service as directors and to advance their expenses incurred as a result of any proceeding against them as to which they could be indemnified. Reference is also made to Section 7 of the underwriting agreement filed as Exhibit 1.1 to our registration statement (filed on April 10, 2012), which provides for indemnification by the underwriter of our officers and directors against certain liabilities.

The indemnification rights set forth above shall not be exclusive of any other right which an indemnified person may have or hereafter acquire under any bylaw, agreement, vote of stockholders or disinterested directors or otherwise, both as to action in such person's official capacity and as to action in another capacity while holding such office, and shall continue as to a person who has ceased to be a director, officer, employee, or agent and shall inure to the benefit of the heirs, executors, and administrators of such person.

We maintain a general liability insurance policy that covers liabilities of directors and officers of our corporation arising out of claims based on acts or omissions in their capacities as directors or officers.

Item 17. Undertakings.

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

i. To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;

ii. To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement;

iii. To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (1)(i), (1)(ii) and (1)(iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act to any purchaser:

i. Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

ii. Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which the prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

Table of Contents

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

- i. Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
- ii. Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
- iii. The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
- iv. Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(6) That, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(7) The undersigned registrant hereby undertakes to supplement the prospectus, after the expiration of the subscription period, to set forth the results of the subscription offer, the transactions by the underwriters during the subscription period, the amount of unsubscribed securities to be purchased by the underwriters, and the terms of any subsequent reoffering thereof. If any public offering by the underwriters is to be made on terms differing from those set forth on the cover page of the prospectus, a post-effective amendment will be filed to set forth the terms of such offering.

(8) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

(9) The undersigned registrant hereby undertakes that:

(i) For purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.

(ii) For the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
