FINANCIAL RESULTS

During fiscal year 2014, Visa delivered strong financial performance across our global businesses, a reflection of solid revenue and transaction growth. Net income for fiscal year 2014 was \$5.4 billion or \$8.62 per fully-diluted Class A share, an increase of 9% and 14%, respectively, over the prior year. Excluding the impact of a \$450 million litigation provision associated with the interchange multidistrict litigation and the related tax benefit, adjusted net income for fiscal year 2014 was \$5.7 billion or \$9.07 per fully-diluted Class A share, an increase of 15% and 19%, respectively, over the prior year. For a reconciliation of adjusted results to the most directly comparable measure under U.S. generally accepted accounting principles, see *Item 7 Management's Discussion and Analysis of Financial Condition and Results of Operations* on page 31 of our Annual Report on Form 10-K for the fiscal year ended September 30, 2014.

Table of Contents

PROPOSAL 3 ADVISORY VOTE TO APPROVE THE COMPENSATION PAID TO OUR NAMED EXECUTIVE OFFICERS (PAGE 89)

Holders of our Class A common stock also will be asked to approve, on an advisory basis, the compensation of our named executive officers as described in this proxy statement. Highlights of our compensation practices include:

What We Do:

What We Do Not Do:

Tie Pay to Performance

Provide Gross-ups for Excise Taxes

Conduct an Annual Say-on-Pay Vote

Reprice Stock Options

Employ a Clawback Policy

Enter Into Fixed Term Employment Agreements

Balance Short-Term and Long-Term Incentives

Retain an Independent Compensation Consultant

Utilize Stock Ownership Guidelines

Provide Limited Perquisites and Related Tax Gross-Ups

Have Double-Trigger Severance Arrangements

Mitigate Inappropriate Risk Taking

Prohibit Hedging and Pledging of Company Stock

Our compensation philosophy is to pay for performance. Our named executive officers' core compensation is comprised of a mix of base salary, annual incentive compensation and long-term incentive compensation. To achieve

the goals of our compensation program, the total compensation received by our named executive officers varies based on corporate and individual performance using different measures of performance.

PROPOSAL 4 APPROVAL OF THE VISA INC. EMPLOYEE STOCK PURCHASE PLAN (PAGE 90)

Holders of our Class A common stock also will be asked to approve the Visa Inc. Employee Stock Purchase Plan (the ESPP), which will allow for the issuance of up to 5,000,000 shares of our Class A common stock to eligible employees. If approved, the ESPP will provide our employees with the opportunity to purchase shares through accumulated payroll deductions, or other means determined by the Company, at a discount from the market price. This will facilitate our employees ability to acquire an equity interest in the Company, further aligning their interests with those of our stockholders.

PROPOSAL 5 APPROVAL OF AMENDMENTS TO OUR CERTIFICATE OF INCORPORATION AND BYLAWS TO REMOVE ALL SUPERMAJORITY VOTE REQUIREMENTS AND REPLACE THEM WITH MAJORITY VOTE REQUIREMENTS (PAGE 95)

We are asking our Class A, Class B and Class C common stockholders to approve amendments to our Certificate of Incorporation and our Bylaws to remove all supermajority vote requirements and replace them with majority vote requirements. If the amendments are approved, the supermajority vote requirements in our Certificate of Incorporation and Bylaws applicable to the following actions will be replaced by majority vote requirements: (a) exiting our core payments business; (b) future amendments to sections of our Certificate of Incorporation; (c) approval of exceptions to transfer restrictions; (d) removal of directors from office; and (e) future amendments to the advance notice provisions in the Bylaws.

PROPOSAL 6 RATIFICATION OF THE APPOINTMENT OF KPMG (PAGE 99)

At the Annual Meeting, holders of our Class A common stock will be asked to ratify the Audit and Risk Committee s appointment of KPMG as our independent registered accounting firm for fiscal year 2015. If the ratification of KPMG s appointment is not approved, the Audit and Risk Committee may reconsider the selection of our independent registered public accounting firm for fiscal year 2015.

Stockholders of Record. You are a stockholder of record if, at the close of business on the Record Date, your shares were registered directly in your name with Wells Fargo Shareowner Services, our transfer agent. All Class B and Class C holders are stockholders of record.

If I am unable to attend the Annual Meeting in person, can I listen to the meeting via webcast?

Yes. An audio webcast of the Annual Meeting will be available on the Investor Relations page of our website at <http://investor.visa.com> at 8:30 a.m. Pacific Time on January 28, 2015. Although stockholders accessing the Annual Meeting via the webcast will be able to listen to the meeting, they will not be considered present at the Annual Meeting and will not be able to vote through the webcast or ask questions. An archived copy of the webcast will be available on our website through February 27, 2015. Registration to listen to the webcast will be required.

Why did I receive a notice in the mail regarding the Internet availability of proxy materials instead of a full set of printed proxy materials?

Pursuant to rules adopted by the Securities and Exchange Commission, or the SEC, we are making this proxy statement available to our Class A stockholders electronically via the Internet. On or about December 1, 2014, we will mail the Notice of Internet Availability of Proxy Materials to stockholders of our Class A common stock at the close of business on the Record Date, other than those Class A stockholders who previously requested electronic or paper delivery of communications from us. The Notice contains instructions on how to access an electronic copy of our proxy materials, including this proxy statement and our Annual Report. The Notice also contains instructions on how to request a paper copy of the proxy statement. We believe that this process will allow us to provide you with the information you need in a timely manner, while conserving natural resources and lowering the costs of printing and distributing our proxy materials. Our Class B and Class C stockholders will receive paper copies of the proxy materials.

Can I vote my Class A shares by filling out and returning the Notice of Internet Availability of Proxy Materials?

No. The Notice only identifies the items to be voted on at the Annual Meeting. You cannot vote by marking the Notice and returning it. The Notice provides instructions on how to obtain the full set of proxy materials and cast your vote. For additional information, please see the answer to the next question.

How do I vote my shares and what are the voting deadlines?

Stockholders of Record. If you are a stockholder of record, including Class B and Class C stockholders, there are several ways for you to vote your shares:

By mail. If you received printed proxy materials, you may submit your vote by completing, signing and dating each proxy card received and returning it in the prepaid envelope. Sign your name exactly as it appears on the proxy card. Proxy cards submitted by mail must be received no later than January 27, 2015 to be voted at the Annual Meeting.

By telephone or via the Internet. You may vote your shares by telephone or via the Internet by following the instructions provided in the Notice of Internet Availability of Proxy Materials or on your proxy card. If you vote by telephone or via the Internet, you do not need to return a proxy card by mail. Internet and telephone voting is available 24 hours a day, 7 days a week. Votes submitted by telephone or through the Internet must be received by 11:59 p.m. Eastern Time on January 27, 2015.

In person at the Annual Meeting. You may vote your shares in person at the Annual Meeting. Even if you plan to attend the Annual Meeting in person, we recommend that you also submit your proxy card or vote by telephone or via the Internet by the applicable deadline so that your vote will be counted if you later decide not to attend the meeting.

Beneficial Owners. If you are a beneficial owner of Class A shares, you should receive a Notice of Internet Availability of Proxy Materials or voting instructions from the broker or other nominee holding your shares. You should follow the instructions in the Notice or the voting instructions provided by your broker or nominee in order to instruct your broker or nominee on how to vote your shares. The availability of telephone and Internet voting will depend on the voting process of the broker or nominee. Shares held beneficially may be voted in person at the Annual Meeting only if you obtain a legal proxy from the broker or nominee giving you the right to vote the shares.

Can I revoke or change my vote after I submit my proxy?

Stockholders of Record. If you are a stockholder of record, including holders of Class B and Class C shares, you may revoke your vote before the completion of voting at the Annual Meeting by:

signing and returning a new proxy card with a later date;

submitting a later-dated vote by telephone or via the Internet, since only your latest telephone or Internet vote received by 11:59 p.m. Eastern Time on January 27, 2015 will be counted;

attending the Annual Meeting in person and voting again (your attendance at the Annual Meeting without further action will not revoke your vote); or

delivering a written revocation to our Corporate Secretary at Visa Inc., P.O. Box 8999, San Francisco, CA 94128-8999, before the Annual Meeting.

Beneficial Owners. If you are a beneficial owner of Class A shares, you must follow the instructions provided by the broker or other nominee holding your shares for changing your vote.

What will happen if I do not vote my shares?

Stockholders of Record. If you are the stockholder of record of your shares and you do not vote by proxy card, by telephone, via the Internet or in person at the Annual Meeting, your shares will not be voted at the Annual Meeting.

Beneficial Owners. If you are the beneficial owner of your Class A shares and you do not instruct your broker or other nominee how to vote your shares, your broker or nominee may exercise its discretion to vote on some proposals at the Annual Meeting, but not all. Under the rules of the New York Stock Exchange, or the NYSE, your broker or nominee does not have discretion to vote your shares on non-routine matters such as proposals 1, 2, 3, 4 and 5(a)-(e). However, your broker or nominee does have discretion to vote your shares on routine matters such as proposal 6.

Visa Inc. 2015 Proxy Statement - 17

What if I submit a proxy or voting instructions, but do not specify how my shares are to be voted?

Stockholders of Record. If you are a Class A, Class B or Class C stockholder of record and you submit a proxy card, but you do not provide voting instructions on the card, your shares will be voted:

FOR the election of the eleven directors nominated by our board of directors and named in this proxy statement;

FOR the approval of amendments to our Certificate of Incorporation to facilitate stock splits;

FOR the approval, on an advisory basis, of the compensation paid to our named executive officers;

FOR the approval of our Employee Stock Purchase Plan;

FOR the approval of amendments to our Certificate of Incorporation and Bylaws to remove all supermajority vote requirements and replace them with majority vote requirements (see page 95); and

FOR the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for fiscal year 2015.

Beneficial Owners. If you are a beneficial owner of Class A shares and you do not provide the broker or other nominee that holds your shares with voting instructions, the broker or nominee will determine if it has the discretionary authority to vote on your behalf. Under the NYSE's rules, brokers and nominees have the discretion to vote on routine matters such as proposal 6, but do not have discretion to vote on non-routine matters such as proposals 1, 2, 3, 4 and 5(a)-(e). Therefore, if you do not provide voting instructions to your broker or nominee, your broker or nominee may only vote your shares on proposal 6 and any other routine matters properly presented for a vote at the Annual Meeting.

What is the effect of a broker non-vote?

Brokers or other nominees who hold shares of our Class A common stock for a beneficial owner have the discretion to vote on routine proposals when they have not received voting instructions from the beneficial owner at least ten days prior to the Annual Meeting. A broker non-vote occurs when a broker or other nominee does not receive voting instructions from the beneficial owner and does not have the discretion to direct the voting of the shares.

Broker non-votes will be counted for purposes of calculating whether a quorum is present at the Annual Meeting with respect to all of the proposals to be considered at the Annual Meeting. They also will be counted for purposes of determining the number of votes present in person or represented by proxy and entitled to vote with respect to proposals 2 and 5(a)-(e). However, broker non-votes will not be counted for purposes of determining the number of votes present in person or represented by proxy and entitled to vote with respect to proposals 1, 3, 4 and 6.

How many shares must be present in person or represented by proxy to conduct business at the Annual Meeting?

We need a quorum with respect to each proposal being submitted for stockholder vote. A quorum exists for purposes of proposals 1, 3, 4, 5(d)-(e) and 6 when holders of at least a majority of the outstanding shares of Class A common stock are represented at the Annual Meeting either in person or by proxy. A quorum exists for purposes of proposals 2 and 5(a)-(c) when holders of at least a majority of the outstanding shares of each of the Class A common stock, Class B common stock and Class C common stock are represented at the Annual Meeting either in person or by proxy. As of the close of business on the Record Date, we had _____ shares of Class A common stock, _____ shares of Class B common stock, and _____ shares of Class C common stock outstanding, meaning that, for purposes of proposals 1, 3, 4, 5(d)-(e) and 6, holders of at least _____ shares of Class A common stock must be represented at the Annual Meeting in person or by proxy to have a quorum and, for purposes of proposals 2 and 5(a)-(c), holders of at least _____ shares of Class A common stock, _____ shares of Class B common stock and _____ shares of Class C common stock must be represented at the Annual Meeting in person or by proxy to have a quorum.

Your shares will be counted towards the quorum if you submit your vote by mail, by telephone, or via the Internet or if you vote in person at the Annual Meeting. Abstentions and broker non-votes also will count towards the quorum requirement. If a quorum is not met, holders of a majority of the shares of Class A common stock present at the Annual Meeting may adjourn the meeting to a later date.

Table of Contents**What vote is required to approve each proposal?**

With respect to all proposals, you may vote FOR, AGAINST or ABSTAIN. Brokers or other nominees who do not receive voting instructions from the beneficial owners of Class A shares will only have discretion to vote on proposal 6. The vote required to approve each proposal is set forth below.

What happens if a director nominee does not receive a majority of the votes cast for his or her re-election?

Our Corporate Governance Guidelines require each incumbent director nominee to submit an irrevocable contingent resignation letter prior to the mailing of the proxy statement for an annual meeting at which the nominee's candidacy will be considered. If the nominee does not receive a majority of the votes cast for his or her re-election, meaning that he or she does not have more votes cast FOR than AGAINST his or her re-election, the Nominating and Corporate Governance Committee will recommend to the board of directors that it accept the nominee's contingent resignation, unless the Committee determines that acceptance of the resignation would not be in the best interest of the Company and its stockholders. The board will decide whether to accept or reject the contingent resignation at its next regularly scheduled meeting, but in no event later than 120 days following certification of the election results. The board's decision and its reasons will be promptly disclosed in a periodic or current report filed with the SEC.

Who will count the votes?

Broadridge Financial Solutions, Inc. has been engaged as our independent agent to receive and tabulate stockholder votes. Broadridge will separately tabulate FOR, AGAINST and ABSTAIN votes, and broker non-votes.

We also have retained an independent inspector of election, who will certify the election results and perform any other acts required by the General Corporation Law of the State of Delaware.

What happens if the Annual Meeting is adjourned or postponed?

Your proxy will still be effective and will be voted at the rescheduled or adjourned Annual Meeting. You will still be able to change or revoke your proxy until the rescheduled or adjourned Annual Meeting.

Who is paying for the costs of this proxy solicitation?

We will bear the expense of soliciting proxies. We have retained D. F. King & Co. to solicit proxies for a fee of \$11,000 plus a reasonable amount to cover expenses. Proxies may also be solicited in person, by telephone or electronically by Visa personnel who will not receive additional compensation for such solicitation. Copies of proxy materials and the Annual Report will be supplied to brokers and other nominees for the purpose of soliciting proxies from beneficial owners, and we will reimburse such brokers or other nominees for their reasonable expenses.

How can I find the results of the Annual Meeting?

Preliminary results will be announced at the Annual Meeting. Final results also will be published in a current report on Form 8-K to be filed with the SEC within four business days after the Annual Meeting. If the official results are not available at that time, we will provide preliminary voting results in the Form 8-K and will provide the final results in an amendment to the Form 8-K as soon as they become available.

CORPORATE GOVERNANCE

Our board of directors is responsible for overseeing the business of the Company in order to serve the long-term interests of our stockholders. Members of our board are kept informed of our business through discussions with our Chief Executive Officer, President, Chief Financial Officer, General Counsel, Chief Risk Officer, and other officers and employees, and by reviewing materials provided to them and participating in regular meetings of the board and its committees.

The board of directors regularly monitors our corporate governance policies and profile to ensure we meet or exceed the requirements of applicable laws, regulations and rules, and the NYSE's listing standards. We have instituted a variety of practices to foster and maintain responsible corporate governance, which are described in this section. To learn more about Visa's corporate governance and to view our Corporate Governance Guidelines, Code of Business Conduct and Ethics, Code of Ethics for Senior Financial Officers, and the charters of each of the board's committees, please visit the Investor Relations page of our website at <http://investor.visa.com> under Corporate Governance. Copies of these documents also are available in print free of charge by writing to our Corporate Secretary at Visa Inc., P.O. Box 8999, San Francisco, CA 94128-8999.

Highlights of our Corporate Governance

Board Leadership

We have an independent Chair of the board.

Director Elections

The members of our board are elected annually.

We have a majority vote standard in uncontested elections of directors, which is coupled with a director resignation policy.

Board Composition and Independence

10 of our 11 current board members are independent; our Chief Executive Officer, Mr. Scharf, is the only non-independent member of the board.

The board's committees are comprised of and chaired solely by independent directors.

Directors will not be nominated for re-election to the board after their 75th birthday. The board may waive this requirement on the recommendation of the Nominating and Corporate Governance Committee if a director's continued service is in the best interests of the Company and its stockholders.

Board Committees

There are no term limits for directors.

The standing committees of the board are the Audit and Risk Committee, the Compensation Committee, and the Nominating and Corporate Governance Committee.

Each of the committees has a written charter, which sets forth the roles and responsibilities of the committee and which, along with our Corporate Governance Guidelines, establishes the framework for our corporate governance.

Commencing July 30, 2014, the board will rotate committee chairs at least once every five years unless the board waives this requirement because a chair's continued service is in the best interests of the Company and its stockholders.

**Attendance and
Board Service**

All of our directors attended at least 75% of the meetings of the board and committees of which they were members during fiscal year 2014.

Our independent directors meet regularly in executive session.

We limit the outside board and audit committee service of our directors, and the Nominating and Corporate Governance Committee reviews directors' requests to join publicly-traded company boards to avoid conflicts of interest and ensure directors will devote the time required to effectively serve Visa.

Our board exercises its oversight responsibility both directly and through each of its standing committees, including the Audit and Risk Committee.

Business Conduct: We have a Code of Business Conduct and Ethics, which applies to all directors, officers, employees and contingent staff of the Company. Limitation on Other Board and Audit Committee Service

Our Corporate Governance Guidelines include a policy that our directors will not serve as a member of the board of directors of more than five publicly-traded companies (including the Company's board). Additionally, board members who are chief executive officers of publicly-traded companies are limited to service on no more than two publicly-traded companies in addition to their own (including the Company's board), and board members who serve on the Audit and Risk Committee are limited to service on the audit committee of no more than three publicly-traded companies (including the Company). Exceptions to these limits may be granted by the Nominating and Corporate Governance Committee on a case-by-case basis after taking into consideration the facts and circumstances of the exception request. The Nominating and Corporate Governance Committee and the board determined that these limits are appropriate after assessing the time commitments and other demands associated with effectively serving as a member of the Company's board and Audit and Risk Committee.

The Guidelines provide that prior to accepting an invitation to serve on the board or audit committee of another publicly-traded company, a director should advise the Chair of the board and the Nominating and Corporate Governance Committee of the invitation so that the board, through the Nominating and Corporate Governance Committee, has the opportunity to review the director's ability to continue to fulfill his or her responsibilities as a member of the Company's board or Audit and Risk Committee. When reviewing such a request, the Committee may consider a number of factors, including the director's other time commitments, record of attendance at board and committee meetings, potential conflicts of interest and other legal considerations, and the impact of the proposed directorship or audit committee service on the director's availability.

Board Leadership Structure

Following the retirement of our Executive Chair in April 2013, the board of directors separated the roles of the Chair and Chief Executive Officer. The Nominating and Corporate Governance Committee and the board believe that this leadership structure is the most appropriate one for the Company at this time, by allowing our Chief Executive Officer, Charles W. Scharf, to focus on the day-to-day management of the business and on executing our strategic priorities, while allowing our independent Chair, Robert W. Matschullat, to focus on leading the board, providing advice and counsel to Mr. Scharf, and facilitating the board's independent oversight of management. The Nominating and Corporate Governance Committee will continue to periodically review the board's leadership structure and to exercise its discretion in recommending an appropriate and effective framework on a case-by-case basis, taking into consideration the needs of the board and the Company at such time.

As our independent Chair, Mr. Matschullat's duties and responsibilities include: presiding at meetings of the board and calling, setting the agenda for, and chairing periodic executive sessions of the independent directors; providing feedback to the Chief Executive Officer on corporate policies and strategies; acting as a liaison between the board and the Chief Executive Officer; and facilitating one-on-one communication between directors, committee chairs, the Chief Executive Officer, and other senior managers to keep abreast of their perspectives.

In addition to our independent Chair, the board has three standing committees: the Audit and Risk Committee, chaired by Mary B. Cranston; the Compensation Committee, chaired by William S. Shanahan; and the Nominating and Corporate Governance Committee, chaired by Suzanne Nora Johnson. In their capacities as independent committee chairs, Ms. Cranston, Mr. Shanahan, and Ms. Nora Johnson each have responsibilities that contribute to the board's oversight of management and facilitate communication among the board and the Chief Executive Officer. The roles and responsibilities of the committee chairs and their committees are set forth in the committee charters and in our Corporate Governance Guidelines, which are available on our website at <http://investor.visa.com> under Corporate Governance, and are more fully described in the section entitled *Board Meetings and Committees of the Board*.

The Board of Directors Role in Risk Oversight

Our board of directors recognizes the importance of effective risk oversight in running a successful business and in fulfilling its fiduciary responsibilities to Visa and its stockholders. While the Chief Executive Officer, Chief Risk Officer, and other members of our senior leadership team are responsible for the day-to-day management of risk, our board of directors is responsible for ensuring that an appropriate culture of risk management exists within the Company and for setting the right tone at the top, overseeing our aggregate risk profile, and monitoring how the Company addresses specific risks, such as strategic and competitive risks, financial risks, brand and reputation risks, legal risks, regulatory risks, and operational risks.

Visa Inc. 2015 Proxy Statement - 23

Table of Contents

The board believes that its current leadership structure facilitates its oversight of risk by combining independent leadership, through the independent Chair of the board, independent board committees, and majority independent board composition, with an experienced Chief Executive Officer who is a member of the board. Mr. Scharf's industry experience and day-to-day management of the Company as our Chief Executive Officer enable him to identify and raise key business risks to the board and focus the board's attention on areas of concern. The independent Chair, independent committee chairs, and the other directors also are experienced professionals or executives, who are very knowledgeable about the Company and who can and do raise issues for board consideration and review. The board believes there is a well-functioning and effective balance between the independent Chair, non-employee board members, the Chief Executive Officer, and other members of management, which enhances the board's risk oversight.

The board of directors exercises its oversight responsibility for risk both directly and through its three standing committees. Throughout the year, the board and each committee spend a portion of their time reviewing and discussing specific risk topics. The full board is kept informed of each committee's risk oversight and related activities through regular oral reports from the committee chairs, and committee meeting minutes are available for review by all directors. On an annual basis, the Chief Risk Officer and other members of senior management report on our top risks and the steps management has taken or will take to mitigate these risks. In addition, at each quarterly meeting the General Counsel updates the board on material legal and regulatory matters, and the board is provided with a written Enterprise Risk Management, or ERM, update twice annually. Written reports also are provided to the board regularly regarding recent business, legal, regulatory, competitive, and other developments impacting the Company.

The Audit and Risk Committee is responsible for reviewing our ERM framework and programs, as well as the framework by which management discusses our risk profile and risk exposures with the full board and its committees. The Audit and Risk Committee meets regularly with our Chief Financial Officer, General Counsel, Chief Risk Officer, Chief Auditor, Chief Compliance Officer, independent auditor, and other members of senior management to discuss our major financial risk exposures, financial reporting, internal controls, credit and liquidity risks, legal and compliance risks, key operational risks, cybersecurity and information security risks and controls, and the ERM framework and programs. Other responsibilities include at least annually reviewing the overall implementation and effectiveness of our compliance and ethics program and our business continuity plan and test results. The Audit and Risk Committee also meets regularly in separate executive session with the Chief Financial Officer, General Counsel, Chief Risk Officer, Chief Auditor, and independent auditor, as well as with committee members only, to facilitate a full and candid discussion of risk and other issues.

The Compensation Committee is responsible for overseeing human capital and compensation risks, including evaluating and assessing risks arising from our compensation policies and practices for all employees and ensuring executive compensation is aligned with performance. The Compensation Committee also is charged with monitoring our incentive and equity-based compensation plans, including employee pension and benefit plans. For additional information regarding the Compensation Committee's review of compensation-related risk, please see the section entitled *Risk Assessment of Compensation Programs*.

The Nominating and Corporate Governance Committee oversees risks related to our overall corporate governance, including board and committee composition, board size and structure, director independence, our corporate governance profile and ratings, and our political participation and contributions. The Committee also is actively engaged in overseeing risks associated with succession planning for the board and management.

Succession Planning

Our board of directors believes that one of its primary responsibilities is to oversee the development and retention of executive talent and to ensure that an appropriate succession plan is in place for our Chief Executive Officer and other

members of management. Each quarter, our Nominating and Corporate Governance Committee meets with our Executive Vice President, Human Resources and other executives to discuss management succession planning and to address potential vacancies in senior leadership. The Committee also annually reviews with the board succession planning for our Chief Executive Officer.

In addition to executive and management succession, the Nominating and Corporate Governance Committee regularly oversees and plans for director succession. In doing so, the Committee takes into consideration the overall needs, composition, and size of the board, as well as the criteria adopted by the board regarding director candidate qualifications, which are described in the section entitled *Corporate Governance – Nomination of Directors*. Individuals identified by the Committee as qualified to become directors are then recommended to the full board for nomination or election.

Table of Contents

Independence of Directors

The NYSE's listing standards and our Corporate Governance Guidelines provide that a majority of our board of directors and every member of the Audit and Risk, Compensation, and Nominating and Corporate Governance committees must be independent. Our Certificate of Incorporation further requires that at least fifty-eight percent (58%) of our board be independent. Under the NYSE's listing standards, our Corporate Governance Guidelines, and our Certificate of Incorporation, no director will be considered to be independent unless and until our board affirmatively determines that such director has no direct or indirect material relationship with Visa or our management. Our board reviews the independence of its members annually and has adopted guidelines to assist it in making its independence determinations. These guidelines are available on the Investor Relations section of our website, or in print free of charge to any stockholder who requests a copy in writing from our Corporate Secretary.

In October 2014, with the assistance of legal counsel, our board conducted its annual review of director independence and affirmatively determined that each of our non-employee directors (Mary B. Cranston, Francisco Javier Fernández-Carbajal, Alfred F. Kelly, Jr., Suzanne Nora Johnson, Robert W. Matschullat, Cathy E. Minehan, David J. Pang, William S. Shanahan, John A. C. Swainson, and Maynard G. Webb, Jr.) are independent as that term is defined in the NYSE's listing standards, our independence guidelines and our Certificate of Incorporation. Prior to his retirement from our board at the January 2014 annual meeting, Gary P. Coughlan, who served as a director for a portion of the year, also was determined to be independent.

In making the determination that the directors listed above are independent, the board considered relevant transactions, relationships and arrangements, including those specified in the NYSE listing standards and our independence guidelines, and determined that these relationships were not material relationships that would impair the director's independence. In this regard, the board considered that certain directors serve as directors of other companies with which the Company engages in ordinary-course-of-business transactions, and that, in accordance with our director independence guidelines, none of these relationships constitute material relationships that would impair the independence of these individuals. Discretionary contributions to certain charitable organizations with which some of our directors are affiliated also were considered, and the board determined that the amounts contributed to each of these charitable organizations in any fiscal year were less than the greater of \$1 million or two percent of the organization's consolidated gross revenues.

The board also considered, for Ms. Cranston (i) her daughter's relationship with one of our employees, Russell Hamilton (who is not an executive officer), as discussed under the heading *Certain Relationships and Related Person Transactions*, and (ii) services provided to the Company by a law firm of which she is a retired senior partner, including that, pursuant to her retirement (which predated our engagement of the law firm), she receives no compensation from the firm, has no capital in the firm, and is no longer a signatory to the firm's partnership agreement. For Messrs. Fernández-Carbajal, Kelly, Swainson, Webb, and Ms. Minehan, the board considered the amounts paid or received by the Company pursuant to ordinary-course-of-business transactions with other entities (which, in any single fiscal year, did not equal or exceed the greater of \$1 million or two percent of the annual consolidated revenues of the other entity), where the director or the director's immediate family member is or was an employee or officer of such entity, or had a direct or indirect ownership interest in such entity.

Certain Relationships and Related Person Transactions

Review, Approval or Ratification of Transactions with Related Persons

The Audit and Risk Committee of the board of directors has adopted a written Statement of Policy with Respect to Related Party Transactions, governing any transaction, arrangement or relationship between the Company and any

related party where the aggregate amount involved will or may be expected to exceed \$120,000 and any related party had, has or will have a direct or indirect material interest. Under the Policy, the Audit and Risk Committee or its management delegate shall review related party transactions and may approve or ratify them only if it is determined that they are in, or not inconsistent with, the best interests of the Company and its stockholders. When reviewing a related party transaction, the Audit and Risk Committee or management delegate may take into consideration all of the relevant facts and circumstances available to it, including (if applicable), but not limited to: (i) the material terms and conditions of the transaction or transactions; (ii) the related party's relationship to Visa; (iii) the related party's interest in the transaction, including their position or relationship with, or ownership of, any entity that is a party to or has an interest in the transaction; (iv) the approximate dollar value of the transaction; (v) the availability from other sources of comparable products or services; and (vi) an assessment of whether the transaction is on terms that are comparable to the terms available to us from an

Table of Contents

unrelated third party. Related party transactions that are approved or ratified by the management delegate must be reported to the Audit and Risk Committee at its next regularly scheduled meeting.

In the event we become aware of a related party transaction that was not previously approved or ratified under the Policy, the Audit and Risk Committee or management delegate shall evaluate all options available, including ratification, revision or termination of the related party transaction. The Policy is intended to augment and work in conjunction with our other policies that include code of conduct and/or conflict of interest provisions, including our Code of Business Conduct and Ethics and Code of Ethics for Senior Financial Officers.

We engage in transactions, arrangements and relationships with many other entities, including financial institutions and professional organizations, in the ordinary course of our business. Some of our directors, executive officers, greater than five percent stockholders and their immediate family members, each a related party under the Policy, may be directors, officers, partners, employees or stockholders of these entities. We carry out transactions with these entities on customary terms, and, in many instances, our directors and executive officers may not be aware of them. To our knowledge, since the beginning of fiscal year 2014, no Related Party has had a material interest in any of our business transactions or relationships other than as described below:

Mary B. Cranston, an independent member of our board of directors, is related to an employee of our subsidiary, Visa U.S.A. Inc. Ms. Cranston's daughter married the employee, Russell Hamilton, in September 2008, after Ms. Cranston joined our board. While Mr. Hamilton is not an executive officer of the Company, his compensation is approximately \$300,000 per year. Accordingly, Mr. Hamilton is both a related party and his employment is a related party transaction for purposes of the Company's Policy. Both the Audit and Risk Committee, with Ms. Cranston abstaining, and the Nominating and Corporate Governance Committee previously reviewed the circumstances surrounding Mr. Hamilton's employment and his relationship to Ms. Cranston and concluded that they are not material. Accordingly, the Audit and Risk Committee, with Ms. Cranston abstaining, approved Mr. Hamilton's continued employment and compensation, and the Nominating and Corporate Governance Committee and the board determined that the relationship would not impede the exercise of independent judgment by Ms. Cranston.

Nomination of Directors

Nomination Process and Stockholder Proposed Candidates

The Nominating and Corporate Governance Committee considers and recommends candidates to the board in accordance with its charter, our Certificate of Incorporation and Bylaws, our Corporate Governance Guidelines, and the criteria adopted by the board regarding director candidate qualifications. Candidates may come to the attention of the Committee from current directors, members of management, a professional search firm or a stockholder.

Stockholders may propose a director candidate to be considered for nomination by the Nominating and Corporate Governance Committee by providing the information specified in our Corporate Governance Guidelines to our Corporate Secretary within the timeframe specified for stockholder nominations of directors in our Bylaws. For additional information regarding the process for proposing director candidates to the Nominating and Corporate Governance Committee, please see our Corporate Governance Guidelines. Stockholders who wish to nominate a person for election as a director at an annual meeting of stockholders must follow the procedure described under the heading *Other Information - Stockholder Nomination of Director Candidates and Other Stockholder Proposals for 2016 Annual Meeting*. For additional information regarding this process, please see our Bylaws. Our Corporate Governance Guidelines and our Bylaws are available on the Investor Relations page of our website at

<http://investor.visa.com> under Corporate Governance.

Criteria for Nomination to the Board of Directors and Diversity

The Nominating and Governance Committee applies the same standards in considering director candidates submitted by stockholders as it does in evaluating other candidates, including incumbent directors. The identification and selection of qualified directors is a complex and subjective process that requires consideration of many intangible factors, and will be significantly influenced by the particular needs of the board from time to time. As a result, there is no specific set of minimum qualifications, qualities or skills that are necessary for a nominee to possess, other than those that are necessary to meet U.S. legal, regulatory and NYSE listing requirements and the provisions of our Certificate of Incorporation, Bylaws,

Corporate Governance Guidelines, and charters of the board's committees. When considering nominees, the Nominating and Corporate Governance Committee may take into consideration many factors, including a candidate's:

record of accomplishment in his or her chosen field;

depth and breadth of experience at an executive, policy-making level in business, payment systems, financial services, academia, law, government, information technology, emerging technology or other areas relevant to the Company's activities;

depth and breadth of experience at an executive, policy-making level at a publicly-listed company or other organization based in a strategic non-U.S. jurisdiction in which the Company operates or seeks to operate;

depth and breadth of experience at an executive, policy-making level at a multinational company or other organization, with significant managerial and operational responsibilities outside of the United States;

experience working as the chief executive officer of a publicly-listed company;

experience serving as a director of a publicly-listed company based in the United States;

experience serving as an executive officer or director of Visa Inc. or any pre-merger Visa entity;

personal and professional ethics, integrity and values;

commitment to enhancing stockholder value;

commitment to engaging with all of the Company's constituencies, including merchants, clients, consumers, stockholders, employees, policy-makers, and the communities in which the Company operates;

ability to exercise good judgment and provide practical insights and diverse perspectives;

absence of real and perceived conflicts of interest;

ability and willingness to devote sufficient time to become knowledgeable about the Company and to effectively carry out the duties and responsibilities of service;

ability to attend all or almost all board of directors meetings in person;

ability to develop a good working relationship with other members of the board of directors; and

ability to contribute to the board of directors working relationship with senior management.

In addition to the above factors, the qualification criteria adopted by the board specify that the Nominating and Corporate Governance Committee should consider the value of diversity on the board when identifying and recommending director nominees. Accordingly, the Committee's evaluation of director nominees includes consideration of their ability to contribute to the diversity of personal and professional experiences, opinions, perspectives and backgrounds on the board. Nominees are not discriminated against on the basis of race, color, religion, sex, ancestry, national origin, sexual orientation, disability or any other basis prescribed by law. The Committee will assess the effectiveness of this approach as part of the board's annual self-evaluation process.

Under the heading *Proposal 1 Election of Directors*, we provide an overview of each nominee's principal occupation, business experience and other directorships of publicly-traded companies, together with the key qualifications, attributes, skills and experience that caused the Committee and the board to determine that the nominee should serve as one of our directors.

Majority Voting Standard and Director Resignation Policy for Director Elections

Our Bylaws and Corporate Governance Guidelines provide for a majority voting standard for uncontested elections of directors. This standard states that in uncontested director elections, a director nominee will be elected only if the number of votes cast FOR the nominee exceeds the number of votes cast AGAINST the nominee. To address the holdover director situation under the Delaware General Corporation Law pursuant to which a director remains on the board of directors until his or her successor is elected and qualified, our Corporate Governance Guidelines require each incumbent nominee to submit an irrevocable contingent resignation letter prior to the mailing of the proxy statement for an annual meeting at which the nominee's candidacy will be considered. If the nominee does not receive more votes cast FOR than AGAINST his or her election, our Nominating and Corporate Governance Committee will recommend to the board that it accept the nominee's contingent resignation, unless it determines that acceptance of the resignation would not be in the best interests of the Company or its stockholders. The board will decide whether to accept or reject the contingent resignation at its next regularly scheduled meeting, but in no event later than 120 days following certification of the election results. The board's decision and its reasons will be promptly disclosed in a periodic or current report filed with the SEC.

Board of Directors and Committee Self-Evaluations

Our board of directors and each of the Nominating and Corporate Governance, Compensation and Audit and Risk committees conduct an annual self-evaluation, which includes a qualitative assessment by each director of the performance of the board and the committee or committees on which the director sits. The board also conducts an annual peer review, which is designed to assess individual director performance. The evaluations and peer review are conducted via oral interviews by a third party legal advisor selected by the board, using as the basis for discussion a list of questions that are provided to each director in advance. The results of the evaluation and any recommendations for improvement are compiled in a confidential written report, which is circulated to all directors and which is discussed with the Nominating and Corporate Governance Committee and the board. The Nominating and Corporate Governance Committee oversees the evaluation process.

Codes of Conduct and Ethics

Our board of directors has adopted a Code of Business Conduct and Ethics, which applies to all directors, officers, employees and contingent staff of the Company. Additionally, the board of directors has adopted a supplemental Code of Ethics for Senior Financial Officers, which applies to our Chief Executive Officer, Chief Financial Officer, General Counsel, and other senior financial officers, whom we refer to collectively as senior officers. These Codes require the senior officers to engage in honest and ethical conduct in performing their duties, provide guidelines for the ethical handling of actual or apparent conflicts of interest between personal and professional relationships, and provide mechanisms to report unethical conduct. Our senior officers will be held accountable for their adherence to the Codes.

A copy of each of the Codes is available on the Investor Relations page of our website at <http://investor.visa.com> under Corporate Governance. If we amend or grant any waiver from a provision of our Codes, we will publicly disclose such amendment or waiver in accordance with and if required by applicable law, including by posting such amendment or waiver on our website at the address above or by filing a current report on Form 8-K with the SEC.

Political Participation, Lobbying and Contributions Policy

In order to provide greater transparency to our stockholders regarding our political giving and to facilitate board-level oversight of our political participation, lobbying and contributions, the Nominating and Corporate Governance Committee of our board of directors has adopted and publicly disclosed a Political Participation, Lobbying, and Contributions Policy. The Policy prohibits our directors, officers and employees from using Company resources to promote their personal political views, causes or candidates, and specifies that the Company will not directly or indirectly reimburse any personal political contributions or expenses. Directors, officers and employees also may not lobby government officials on the Company's behalf absent the pre-approval of the Company's Government Relations department. As such, our lobbying and political spending seek to promote the interests of the Company and its stockholders, and not the personal political preferences of our directors or executives.

Under the Policy, the Nominating and Corporate Governance Committee must pre-approve the use of corporate funds for political contributions, including contributions made to trade associations to support targeted political campaigns and contributions to organizations registered under Section 527 of the U.S. Internal Revenue Code of 1986, as amended (the Internal Revenue Code) to support political activities. The Policy also requires us to prepare and present to the Nominating and Corporate Governance Committee an annual report itemizing our political contributions, and to disclose this report to the public. A copy of the report is available on our website at <http://usa.visa.com/corporate-responsibility> under Operating Responsibly.

In response to stockholder engagement, in April 2013 the Nominating and Corporate Governance Committee approved amendments to the Policy to further require that the Company make reasonable efforts to obtain from U.S. trade associations whose annual membership dues exceed \$25,000 the portion of such dues that are used for political contributions. This information must then be included in the annual contributions report prior to posting on our website. In addition, the Nominating and Corporate Governance Committee approved amendments to the Policy requiring us to prepare and present to the Committee an annual report itemizing our lobbying expenditures, which must include information regarding any memberships in and payments to tax exempt organizations that write and endorse model legislation.

The Nominating and Corporate Governance Committee will continue to review the Policy each year, to determine if further amendments are needed. To obtain a copy of the Policy, and for additional information regarding our political activities, please visit our website at <http://usa.visa.com/corporate-responsibility> under Operating Responsibility.

BOARD MEETINGS AND COMMITTEES OF THE BOARD

Attendance at Board, Committee and Annual Stockholder Meetings

Our board of directors and its committees meet throughout the year on a set schedule, hold special meetings as needed, and act by written consent from time to time. The board of directors met 11 times during fiscal year 2014. Each director attended at least 75% or more of the aggregate of: (i) the total number of meetings of the board and independent directors held during the period in fiscal year 2014 for which he or she served as a director, and (ii) the total number of meetings held by all committees of the board on which such director served during the period in fiscal year 2014 for which he or she served as a committee member. The total number of meetings held by each committee is set forth below, under the heading *Committees of the Board of Directors*.

It is our policy that all members of the board should endeavor to attend annual meetings of stockholders at which directors are elected. Ten of our directors attended the 2014 annual meeting of stockholders.

Table of Contents**Executive Sessions of the Board of Directors**

Table of Contents**COMPENSATION OF NON-EMPLOYEE DIRECTORS**

We compensate non-employee directors for their service on the board in a combination of cash and equity that is commensurate with their role and involvement, and consistent with peer company practices. In setting director compensation, we consider the significant amount of time our directors will expend in fulfilling their duties as well as the skill level required of members of our board. Mr. Scharf, who is our Chief Executive Officer, did not receive additional compensation for his service as a director.

The Compensation Committee, which is comprised solely of independent directors, has the primary responsibility for reviewing and considering any revisions to our director compensation program. In fiscal year 2013, the Compensation Committee undertook its annual review of the type and form of compensation paid to our non-employee directors in connection with their service on the board of directors and its committees. The Compensation Committee considered the results of an independent analysis completed by Frederic W. Cook & Co., the Compensation Committee's independent compensation consultant. As part of this analysis, Cook & Co. reviewed non-employee director compensation trends and data from companies comprising our executive compensation peer group. No changes were made to the annual compensation of our non-employee directors for fiscal year 2014 as a result of the Compensation Committee's review.

Annual Retainers Paid in Cash

Each non-employee director receives an annual cash retainer for his or her service on the board of directors, as well as additional cash retainers if he or she serves as the independent Chair, on a committee or as the chair of a committee. The following table lists the cash retainer amounts in effect during fiscal year 2014.

Type of Retainer	Amount of Retainer
Annual Board Membership	\$100,000
Independent Chair	\$150,000
Audit and Risk Committee Membership	\$10,000
Compensation Committee Membership	\$10,000
Nominating and Corporate Governance Committee Membership	\$5,000
Audit and Risk Committee Chair	\$25,000
	(in addition to member retainer)
Compensation Committee Chair	\$20,000
	(in addition to member retainer)

Nominating and Corporate Governance Committee Chair	\$15,000
-----------------------------------------------------	----------

(in addition to member retainer)

All cash retainers are paid in quarterly installments throughout the year. Directors also are reimbursed for customary expenses incurred while attending meetings of the board of directors and its committees.

Equity Compensation

Each non-employee director also receives an annual equity grant. In fiscal year 2014, a grant with a value of \$175,000 was awarded on November 19, 2013. Grants to all non-employee directors were made in the form of restricted stock units, which vest on the first anniversary of the grant dates but may be accelerated upon completion of service on the board of directors or in other limited circumstances. Beginning with their grants made on November 19, 2014, directors also may elect to defer settlement of all or a portion of their equity grants.

34 - **Visa Inc.** 2015 Proxy Statement

Table of Contents**Stock Ownership Guidelines**

The stock ownership guidelines for our non-employee directors specify that each director should own shares of our common stock equal to five times the annual board membership retainer. Equity interests that count toward the satisfaction of the ownership guidelines include shares owned outright by the director, shares jointly owned, and restricted shares and restricted stock units payable in shares. Directors have five years from the date they become a member of the board to attain these ownership levels. Each non-employee director with at least five years of service currently meets or exceeds the ownership guidelines. We also have an insider trading policy which, among other things, prohibits directors from hedging the economic risk of their stock ownership or pledging their shares.

Charitable Matching Gift Program

Our non-employee directors may participate in our Board Charitable Matching Gift Program. Under this program, Visa will match contributions to eligible non-profit organizations, up to a maximum of \$15,000 per director per calendar year.

(1) Additional information describing these fees is included under the heading *Fees Earned or Paid in Cash* on page 36.

(2) Represents the aggregate grant date fair value of the awards granted to each director computed in accordance with stock-based accounting rules (Financial Standards Accounting Board (FASB) ASC Topic 718). Assumptions used in the calculation of these amounts are included in *Note 16 Share-based Compensation* to our fiscal year 2014 consolidated financial statements, which are included in our Annual Report on Form 10-K filed with the SEC on November 21, 2014. As of September 30, 2014, each non-employee director other than Alfred F. Kelly, Jr. and

Maynard G. Webb, Jr. had 887 unvested shares of restricted stock or restricted stock units outstanding.

- (3) Amounts include the matching contributions we made on behalf of our directors for fiscal year 2014 pursuant to our Board Charitable Matching Gift Program. Because fiscal year 2014 overlaps two calendar years, amounts matched on behalf of Mr. Coughlan and Mr. Matschullat during the fiscal year are greater than \$15,000 even though, for each, their donations were within the \$15,000 per calendar year limit.
- (4) Gary P. Coughlan did not stand for re-election as a member of the board of directors at the Company's 2014 Annual Meeting of Stockholders.
- (5) Alfred F. Kelly, Jr. and Maynard G. Webb, Jr. were elected to the board of directors at the 2014 Annual Meeting on January 29, 2014 and began to serve on Committees of the board in April 2014. Accordingly, the amounts shown reflect pro-rated fees earned for service during the portion of fiscal year 2014 during which they served as a director.
- (6) Also includes Mr. Matschullat's and Mr. Pang's guest's travel expenses of \$16,567 and \$21,908, respectively, related to the 2014 Winter Olympics in Sochi.

PROPOSAL 2 APPROVAL OF AMENDMENTS TO VISA INC.

CERTIFICATE OF INCORPORATION TO FACILITATE STOCK SPLITS

After careful consideration and upon the recommendation of the Nominating and Corporate Governance Committee, our board of directors voted to approve, and to recommend to our stockholders that they approve, amendments to our Fifth Amended and Restated Certificate of Incorporation (our Certificate of Incorporation) in order to provide the Company the flexibility to effect a stock split of our Class A common stock in the future. If approved, the amendments to our Certificate of Incorporation will become effective upon the filing of a certificate of amendment with the Secretary of State of the State of Delaware, which is expected to occur prior to our 2016 Annual Meeting.

Current Treatment of Stock Splits under our Certificate

A stock split is typically effected by distributing shares of a class of common stock to the holders of that class of stock through a stock dividend. Although a stock split would result in an increased number of outstanding shares of the class of stock to be distributed, the stock price of those shares would also be subject to a downward adjustment such that the relative ownership of the outstanding shares that existed prior to the stock split would remain the same after the stock split.

Currently, Article IV, Section 4.9 of our Certificate of Incorporation states that all holders of our Class A common stock, Class B common stock and Class C common stock must participate ratably (on an as-converted basis in the case of the holders of Class B common stock and Class C common stock) in any dividend or distribution paid on the Company's common stock and that no dividend or distribution may be paid on one class of common stock without paying an equivalent dividend on the other classes. Additionally, Article IV, Section 4.14 states that if the Company effects a stock split of any class of common stock, then the conversion rate applicable to each of the Class B common stock and Class C common stock must be adjusted by the split-multiple (for example, if there is a two-for-one split, the conversion rate for each of the Class B common stock and Class C common stock must be multiplied by two).

As a result, if a distribution of shares of Class A common stock were paid to the holders of Class A common stock in connection with a stock split of Class A common stock, the holders of Class B common stock and Class C common stock would receive a distribution of shares of Class B common stock and Class C common stock, respectively. Further, Article IV, Section 4.14 of our Certificate of Incorporation would require that the conversion rate applicable to each of the Class B common stock and the Class C common stock also be adjusted. The issuance of these additional shares of Class B common stock and Class C common stock, coupled with the required adjustment to the applicable conversion rates, would unintentionally result in the holders of the Class B common stock and Class C common stock having ownership percentages after the split that are no longer proportionate to what they had prior to the split.

Rationale for Implementation of Amendments to Facilitate Stock Splits

In determining whether to propose amendments to our Certificate of Incorporation to address this inequitable outcome, the board of directors considered the potential advantages and potential disadvantages of such changes and determined that it is in the best interests of the Company and our stockholders to amend our Certificate of Incorporation. This will provide the Company with the flexibility to effect a stock split of our Class A common stock in the future without causing the unintended consequences discussed above.

Although the board of directors has not made a final determination to effect a stock split of our Class A common stock, it has considered doing so from time to time. Amending our Certificate of Incorporation now will enable the Company to promptly take advantage of market conditions and favorable opportunities to effect a stock split, without the delay and expense associated with the holding of a special meeting of our stockholders to consider the amendments at a later date. As such, the proposed amendments have been prompted by business and financial considerations.

Proposed Implementation of Amendments to Facilitate Stock Splits

Description of Amendments

Several amendments to our Certificate of Incorporation are needed to permit a stock split of our Class A common stock in a manner that preserves the relative ownership percentages of the holders of the Company's common stock. Specifically,

48 - **Visa Inc.** 2015 Proxy Statement

Table of Contents

Article IV, Section 4.9 of our Certificate of Incorporation must be amended to specify that the general rule that distributions must be made to all classes of Company common stock (on an as-converted basis in the case of the holders of Class B common stock and Class C common stock) and that each class is entitled to an equivalent distribution does not apply to a distribution of shares of Class A common stock. Additionally, Article IV, Section 4.9 of our Certificate of Incorporation must be amended to specify that any distribution payable in Class A common stock must be paid without also paying a corresponding distribution to the other classes of common stock, so long as such distributions are only paid in Class A common stock and the conversion rates applicable to the Class B common stock and Class C common stock are proportionately adjusted as provided in Article IV Section 4.14 of our Certificate of Incorporation. Article IV, Section 4.14 of our Certificate of Incorporation also must be amended to clarify that if the shares of Class A common stock are split, the conversion rates applicable to the Class B common stock and Class C common stock must be adjusted as described in Section 4.14.

These amendments are required in order to maintain the relative ownership percentages of the holders of the Company's common stock after a stock split. Additional conforming and clean-up changes also must be made to Article IV, Sections 4.9, 4.13 and 4.23 and to Article XI, Section 11.2 of our Certificate of Incorporation in order to accommodate the stock split changes.

Vote Required to Approve

Under our Certificate of Incorporation, this proposal 2 will be approved if at least a majority of shares of each of the Class A common stock, Class B common stock and Class C common stock, in each case voting separately as a class, are voted in favor of such proposal, with abstentions and broker non-votes having the same effect as votes against the proposal. If this proposal 2 receives the required level of stockholder approval, the amendments described herein will become effective upon the filing of a certificate of amendment with the Secretary of State of the State of Delaware, which is expected to occur prior to our 2016 Annual Meeting. If this proposal 2 does not receive the required level of stockholder approval, the amendments described herein will not be implemented and the provisions of our Certificate of Incorporation affected by these amendments will remain unchanged.

Additional Information

The full text of the revised Article IV, Sections 4.9, 4.13, 4.14 and 4.23 and Article XI, Section 11.2 of our Certificate of Incorporation, in each case marked to show the proposed deletions and insertions, is attached as Appendix A to this proxy statement. The general description of provisions of our Certificate of Incorporation and the proposed amendments to Article IV and Article XI of our Certificate of Incorporation set forth herein are qualified in their entirety by reference to the text of Appendix A.

Tie Pay to Performance. A significant portion of each named executive officer's target annual compensation is tied to corporate and individual performance.

Conduct an Annual Say-on-Pay Vote. We conduct an annual Say-on-Pay advisory vote. At our 2014 annual meeting of stockholders, more than 97% of the votes cast on the Say-on-Pay proposal were in favor of the fiscal year 2013 compensation of our named executive officers. Similarly, at our 2013 annual meeting of stockholders, more than 97% of the votes cast on the Say-on-Pay proposal were in favor of the fiscal year 2012 compensation of our named executive officers.

Employ a Clawback Policy. Our Clawback Policy allows the board of directors to recoup any excess incentive compensation paid to our named executive officers if the financial results on which the awards were based are materially restated due to fraud, intentional misconduct or gross negligence of the executive officer.

Balance Short-Term and Long-Term Incentives. Our annual and long-term plans provide a balance of incentives and include different measures of performance.

Retain an Independent Compensation Consultant. The Compensation Committee engages an independent compensation consultant, who does not provide services to management.

Utilize Stock Ownership Guidelines. We have significant stock ownership guidelines, which require our executive officers and directors to hold a multiple of their annual compensation in equity.

Provide Limited Perquisites and Related Tax Gross-Ups. We provide limited perquisites and no tax gross-ups except on business-related relocation expenses and tax equalization for employees on expatriate assignments, as provided in our relocation and tax equalization policies or in the offer letters for our Chief Executive Officer and President.

Have Double-Trigger Severance Arrangements. Our Executive Severance Plan and equity award agreements require a qualifying termination of employment in addition to a change of control of Visa before change of control benefits or accelerated equity vesting are triggered.

Table of Contents**What We Do (continued):**

Mitigate Inappropriate Risk Taking. We structure our compensation programs so that they minimize inappropriate risk taking by our executive officers and other employees, including using multiple performance metrics and multi-year performance periods and capping our annual incentive plan and performance share awards.

Prohibit Hedging and Pledging. Our insider trading policy prohibits all employees and directors from hedging or pledging the economic interest in the Visa shares they hold.

What We**DO NOT Do:**

Provide Gross-ups for Excise Taxes. Our Executive Severance Plan does not contain a gross-up for excise taxes that may be imposed as a result of severance or other payments deemed made in connection with a change of control.

Reprice Stock Options. Our equity incentive plan prohibits the repricing of stock options and stock appreciation rights without prior stockholder approval.

Enter into Fixed Term Employment Agreements. Employment of our executive officers is at will and may be terminated by either the Company or the employee at any time.

Compensation Philosophy

The key principle of our compensation philosophy is pay for performance. Our incentive compensation programs, therefore, are intended to align our named executive officers' interests with those of our stockholders by rewarding performance that meets or exceeds the goals the Compensation Committee establishes with the objective of increasing stockholder value. Consistent with our pay for performance philosophy, the total compensation received by our named executive officers varies based on corporate and individual performance measured against annual and long-term performance goals. Our named executive officers' annual target compensation is comprised of a mix of base salary, annual incentive compensation, and long-term incentive awards.

Fiscal Year 2014 Financial Highlights

Visa delivered another year of strong financial results in fiscal year 2014. The following table summarizes our key financial results for fiscal years 2014 and 2013. Please see the section entitled *Management's Discussion and Analysis of Financial Condition and Results of Operations* in our Annual Report on Form 10-K for a more detailed discussion of our fiscal year 2014 financial results. In addition, Visa's total shareholder return for fiscal year 2014 reflected a 12.5% increase in shareholder value.

	Fiscal Year 2014	Fiscal Year 2013	Change (%)
Net Revenue Growth, as reported	8%	13%	n/a
Net Income, as adjusted ⁽¹⁾ (in millions)	\$ 5,721	\$ 4,980	15% ⁽²⁾
Earnings Per Share, as adjusted ⁽¹⁾	\$ 9.07	\$ 7.59	19% ⁽²⁾

(1) Fiscal year 2014 adjusted net income and earnings per share reflect as reported results in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), adjusted to exclude the impact of the multidistrict interchange litigation provision and related tax benefit. For supplemental financial data

and corresponding reconciliation to U.S. GAAP, see page 31 of *Item 7 Management's Discussion and Analysis of Financial Condition and Results of Operations* in our Annual Report on Form 10-K for the fiscal year ended September 30, 2014 filed with the SEC on November 21, 2014. Non-GAAP adjusted measures should be viewed in addition to, and not as an alternative for, financial results prepared in accordance with U.S. GAAP. There were no comparable adjustments during fiscal 2013. When making its determination of the net revenue, net income, and earnings per share metrics, which were used as goals for the annual incentive plan and for performance share awards, the Compensation Committee adjusted as reported results for the aforementioned multidistrict interchange litigation provision and related tax benefit, as well as two other items, which are described under the heading *Compensation Discussion and Analysis Corporate Performance Measures and Results for Fiscal Year 2014 and Compensation Discussion and Analysis Long-Term Incentive Awards Granted in Fiscal Year 2014*.

How Fiscal Year 2014 Named Executive Officer Compensation Is Tied to Company Performance

Our corporate performance was a key factor in our fiscal year 2014 named executive officer compensation program:

A significant portion of each named executive officer's target annual compensation is linked to Company performance. For fiscal year 2014, 92% of our Chief Executive Officer's target compensation was performance-based and 86% of the average of our other named executive officers' target compensation was performance-based.

Each named executive officer's performance-based compensation is comprised of an annual cash incentive award and long-term equity-based incentives consisting of performance shares, restricted stock awards/units, and stock options. For the annual cash incentive, the target award is established at the beginning of the fiscal year and the actual award is adjusted based on performance against pre-established goals. Performance shares provide the opportunity for shares to be earned at the end of the three-year performance period if pre-established financial goals are met. Time-based stock options and restricted stock awards/units will provide value based on the Company's stock price performance.

For fiscal year 2014, Net Income and Net Revenue Growth were the key metrics for our annual cash incentive awards. These metrics were adjusted when determining the annual cash incentive awards as described under the heading *Compensation Discussion and Analysis – Corporate Performance Measures and Results for Fiscal Year 2014*. In this proxy statement, we refer to these metrics as Net Income, as VIP adjusted and Net Revenue Growth, as VIP adjusted. Actual performance for Net Income, as VIP adjusted, was above target while Net Revenue Growth, as VIP adjusted, was between threshold and target, which resulted in the corporate performance portion of the annual incentive award paying out at 103.5% of target.

EPS and relative Total Shareholder Return, or TSR, were established as performance metrics for our performance share awards. The final number of shares earned pursuant to a performance share award is dependent on the average EPS over the three separate years applicable to the particular performance share award and the relative TSR for the three-year period. As described under the heading *Compensation Discussion and Analysis – Long-Term Incentive Awards Granted in Fiscal Year 2014*, the Compensation Committee adjusted the fiscal year 2014 EPS when determining applicable performance share results. In this proxy statement, we refer to this metric as EPS, as PS adjusted. Our fiscal year 2014 EPS, as PS adjusted, was above target, resulting in a performance factor of 129.0% for the relevant portion of the award.

The performance shares previously awarded on November 5, 2011 completed their three-year performance period following the 2014 fiscal year-end. Performance shares earned pursuant to this award were based on EPS, as adjusted by the Compensation Committee for fiscal years 2012, 2013 and 2014 and three-year relative TSR (measured against the S&P 500). As described under the heading *Compensation Discussion and Analysis – Determination of Shares Earned for Performance Shares Previously Awarded on November 5, 2011* both metrics were above target and the performance shares earned equated to ___% of the target share award.

Say-on-Pay

Our board of directors, our Compensation Committee and our management value the opinions of our stockholders. As a result of the Company's outreach to stockholders in 2010, the board and Compensation Committee determined that it would be appropriate and consistent with our stockholders' interests to conduct an annual Say-on-Pay vote. At the 2014 annual meeting of stockholders, more than 97% of the votes cast on the Company's annual Say-on-Pay proposal supported our named executive officer compensation program. We believe these results represent strong investor support of our overall compensation philosophy and decisions for fiscal year 2013. Accordingly, the Compensation Committee did not make any changes to our executive compensation program for fiscal year 2014 in response to the outcome of the Say-on-Pay advisory vote at our 2014 annual meeting of stockholders. Nevertheless, the Compensation Committee regularly reviews and adjusts the program to ensure it remains competitive and aligned with our stockholders' interests. For more information regarding our annual Say-on-Pay proposal for fiscal year 2014, see *Proposal 3 – Advisory Vote to Approve the Compensation Paid to our Named Executive Officers*.

Setting Executive Compensation

Our Compensation Committee, which is comprised of five independent directors, is responsible for establishing and reviewing the overall compensation philosophy and program for our named executive officers. Before the end of each fiscal

Table of Contents

year, the Compensation Committee begins its review of our compensation program to determine if our compensation levels are competitive with our peer companies and if any changes should be made to the program for the next fiscal year. At the beginning of each fiscal year, the Compensation Committee determines the principal components of compensation for the named executive officers for that fiscal year and sets the performance goals for each corporate performance-based compensation component. The Chief Executive Officer sets individual performance goals for each of the other named executive officers, which are reviewed by the Compensation Committee. The Compensation Committee then meets regularly throughout the year, with management and in executive session, and reviews the Company's performance to date against the corporate performance goals. As discussed in detail under the heading *Risk Assessment of Compensation Programs*, when establishing the annual compensation program for our named executive officers, the Compensation Committee takes into consideration the potential risks associated with the program and structures it to provide appropriate incentives without encouraging excessive risk taking.

After the end of the fiscal year, the Compensation Committee conducts a multi-part review of executive officer and Company performance for the preceding fiscal year and makes annual compensation determinations. The Compensation Committee's objective is to ensure that the level of compensation is consistent with the level of corporate and individual performance delivered. As part of the annual compensation review process, our Chief Executive Officer reviews the performance of each named executive officer (other than his own performance, which is reviewed by the Compensation Committee) relative to the individual annual performance goals established for the fiscal year. Our Chief Executive Officer then presents his compensation recommendations to the Compensation Committee based on his review. The Compensation Committee exercises discretion in modifying any compensation recommendations relating to named executive officers that were made by our Chief Executive Officer and approves all compensation decisions for our named executive officers. In connection with his own performance review, the Chief Executive Officer prepares a self-assessment, which is presented to and discussed by the Compensation Committee and the full board of directors. When making compensation decisions for our Chief Executive Officer and other named executive officers, the Compensation Committee considers the views of the other independent members of the board of directors.

Our Compensation Committee has the sole authority to retain and replace, as necessary, compensation consultants to provide it with independent advice. The Compensation Committee has engaged Frederic W. Cook & Co., which we refer to as Cook & Co., as its independent consultant to advise it on executive and non-employee director compensation matters. This selection was made without the input or influence of management. Under the terms of its agreement with the Compensation Committee, Cook & Co. will not provide any other services to the Company, unless directed to do so by the Compensation Committee. During fiscal year 2014, Cook & Co. provided no services to the Company other than to advise the Compensation Committee on executive and non-employee director compensation issues. In addition, at the start of fiscal year 2015, the Compensation Committee conducted a formal evaluation of the independence of Cook & Co. and, based on this review, did not identify any conflict of interest raised by the work Cook & Co. performed in fiscal year 2014. When conducting this evaluation, the Compensation Committee took into consideration the factors set forth in Exchange Act Rule 10C-1 and the NYSE's listing standards.

Compensation Philosophy and Objectives

Our Philosophy

A significant percentage of each named executive officer's total compensation is allocated to performance-based compensation consistent with our pay for performance philosophy. Although our Compensation Committee has not adopted any formal guidelines for allocating target annual compensation between cash and non-cash, and between annual and long-term incentive compensation, we maintain compensation plans that tie a substantial portion of our named executive officers' overall target annual compensation to the achievement of our corporate performance goals. The Compensation Committee employs multiple performance measures and strives to award an appropriate mix of annual and long-term equity incentives to avoid overweighting short-term objectives. In addition, the Compensation Committee evaluates the potential risks associated with the performance drivers that it is considering and approves performance drivers that it believes support long-term stockholder value creation, while avoiding excessive risk taking.

As further illustrated in the following charts, approximately 92% of our Chief Executive Officer's fiscal year 2014 target annual compensation was performance-based and approximately 86% of the average of our other named executive officers' fiscal year 2014 target annual compensation was performance-based.

Peer Group

As part of its annual compensation review process, the Compensation Committee reviewed with Cook & Co. an analysis of our fiscal year 2014 executive compensation program, including the aggregate level of total compensation and the combination of elements used to compensate our named executive officers. It then compared the compensation of our named executive officers to the compensation of similarly situated named executive officers of other companies. In particular, the Compensation Committee reviewed compensation levels of our compensation peer group as a reference point of competitive compensation levels. The review was based on public information and data from Towers Watson's 2014 Executive Compensation Survey regarding compensation paid by publicly-traded peer companies of similar size and focus, including financial services, processing/data services and technology companies, which we refer to, collectively, as our compensation peer group.

Table of Contents

Our Compensation Committee used the criteria set forth in the following table to objectively identify companies for inclusion in our compensation peer group for fiscal year 2014:

Criteria	Rationale
Industry	We compete for talent with companies in: <p style="margin-left: 40px;">the Financial Services industry;</p> <p style="margin-left: 40px;">the Processing/Data Services industry; and</p> <p style="margin-left: 40px;">the Technology industry</p>
Geography	We have extensive global operations so we identify companies as peers that have a broad international presence
Financial Scope	Our named executive officer team should be similar to senior managers at companies that have comparable financial characteristics, including revenues, market capitalization and total assets

Based on these criteria, the Compensation Committee selected the companies listed in the following table as the compensation peer group for fiscal year 2014:

	Financial Services	Processing/Data Services	Technology
Peers	American Express Company	Automatic Data Processing, Inc.	Google Inc.
	Bank of New York Mellon Corporation	CME Group Inc.	Intuit Inc.
	BB&T Corporation	Discover Financial Services	Oracle Corporation
	Capital One Financial Corporation	eBay Inc.	Yahoo! Inc.
	The Charles Schwab Corporation	MasterCard Incorporated	
	Franklin Resources, Inc.		
	PNC Financial Services Group		
	State Street Corporation		
	U.S. Bancorp		

Our compensation peer group was selected from companies with between \$24 billion and \$600 billion in market capitalization and revenues of up to \$60 billion. Although the metrics used to determine our compensation peer group

increased year-over-year, the companies comprising our compensation peer group remained the same.

Competitive Positioning

In order to attract and retain key executives, we target total compensation for our named executive officers, including salary, annual incentive targets and long-term incentive targets, at the 50th percentile of compensation paid to similarly situated executive officers of our compensation peer group. The actual level of our named executive officers' total direct compensation is determined based on both individual and corporate performance and can be above or below the 50th percentile based on such factors as expertise, performance or advancement potential.

Internal Equity and Tally Sheets

As part of its annual compensation review process, the Compensation Committee compares our named executive officers' target annual compensation levels to ensure they are internally equitable. While the internal review is not purely formulaic, the Compensation Committee reviews the ratio of our Chief Executive Officer's total compensation to that of each other executive officer. The resulting ratios are assessed against comparable ratios at companies of similar size. The Compensation Committee also regularly reviews tally sheets for each named executive officer to ensure that it is considering a complete assessment of all compensation and benefits. The tally sheets include each named executive officer's wealth accumulation, which is comprised of the aggregate amount of equity awards and other compensation values accumulated by each named executive officer, and potential payments upon termination or a change of control.

Table of Contents**Summary of Fiscal Year 2014 Base Salary and Incentive Compensation**

In November 2014, the Compensation Committee made its decisions regarding our named executive officers' total direct compensation based on corporate and individual performance for fiscal year 2014. The following table reflects each named executive officer's rate of base salary in effect at the end of fiscal year 2014, the annual cash incentive award earned for performance in fiscal year 2014, and the long-term incentive awards in the form of performance shares, stock option awards, and restricted stock/units made on November 19, 2014. As the long-term incentive awards set forth in the following table were made in fiscal year 2015, they are discussed under the heading *Fiscal Year 2015 Compensation - Long-Term Incentive Compensation* on page 72. The equity awards discussed under the heading *Fiscal Year 2014 Compensation - Long-Term Incentive Compensation* beginning on page 67 refer to the equity awards made on November 19, 2013, during fiscal year 2014.

Fiscal Year 2014 Compensation

Base Salary

The Compensation Committee generally targets the 50th percentile of compensation paid to similarly situated executive officers of our compensation peer group when setting our named executive officers' base salaries, but may set salaries above or below the median amount based on considerations including the expertise, performance or advancement potential of each named executive officer. The base salary levels of our named executive officers typically are considered annually as part of our performance review process, and upon a named executive officer's promotion or other change in job responsibilities.

During its annual review of the base salaries of our named executive officers for fiscal year 2014, the Compensation Committee considered:

market data of our compensation peer group;

an internal review of each named executive officer's compensation, both individually and relative to other named executive officers; and

the individual performance of each named executive officer.

No changes were made to base salaries for fiscal year 2014.

Annual Incentive Plan

During fiscal year 2014, each of our named executive officers was eligible to earn an annual cash incentive award under the Visa Inc. Incentive Plan, which is referred to as the annual incentive plan. Each named executive officer's potential award was expressed as a percentage of his base salary, including threshold, target and maximum percentages. After the end of the fiscal year, the Compensation Committee determined the amount of each named executive officer's actual annual incentive award based upon the achievement of a combination of pre-determined corporate and individual goals.

In November 2013, the Compensation Committee established threshold corporate performance targets under the Visa Inc. Incentive Plan based on Net Income and Net Revenue Growth each as adjusted by the Compensation Committee. Either of these metrics had to be met or exceeded before annual incentive awards would be made to our named executive officers for fiscal year 2014. Once either of the threshold corporate performance targets is met or exceeded, each named executive officer becomes eligible to receive up to his maximum potential annual incentive award. When making final payout determinations the Compensation Committee may exercise negative discretion to award less than the maximum potential award based on the attainment of the pre-determined corporate performance measures and individual performance goals to determine each named executive officer's actual annual incentive award amount. This process is intended to permit the entire amount of the annual incentive award to be considered performance-based and tax deductible under Section 162(m) of the Internal Revenue Code.

For the fiscal year 2014 annual incentive award to our Chief Executive Officer, the Compensation Committee established that, assuming the achievement of at least one of the threshold corporate performance targets, 80% of the

award was dependent on the achievement of corporate performance measures and 20% was dependent on the achievement of individual performance goals. For our other named executive officers, 70% of their annual incentive awards were based on the achievement of corporate performance measures and the remaining 30% was based on achievement of individual performance goals. These weightings reflect that each of the named executive officers shares the primary goals and objectives of the overall Company, while recognizing the importance of motivating the named executive officers to achieve goals that increase the value of the Company but relate solely to the individual's specific area of responsibility. These weightings also allow the Compensation Committee to further differentiate compensation between the named executive officers based on their individual performance.

The threshold corporate performance targets for fiscal year 2014 were Net Income, as VIP adjusted, of \$2,816 million and Net Revenue Growth, as VIP adjusted, of 4.35%. As the threshold corporate performance levels for both metrics were achieved, fiscal year 2014 annual incentive payments were then based on a combination of corporate and individual performance as described below.

Visa Inc. 2015 Proxy Statement - 63

Table of Contents***Corporate Performance Measures and Results for Fiscal Year 2014***

The Compensation Committee approved the following corporate performance targets for fiscal year 2014:

Net Income weighted 60%; and

Net Revenue Growth weighted 40%.

The Compensation Committee selected these performance measures because they are important indicators of increased stockholder value. The Compensation Committee also approved 50%, 100% and 200% payouts as a percentage of each named executive officer's target annual bonus at the threshold, target, and maximum levels of performance, respectively.

The specific performance goals for each of threshold, target, and maximum level achievement, as well as the actual level of performance achieved for fiscal year 2014, are displayed in the following table (in millions, except percentages):

Metric	Weighting	Threshold	Target	Maximum	Result	Payout as % of Target
Net Income, as VIP adjusted	60%	\$ 5,237	\$ 5,631	\$ 6,025	\$ 5,711	120.3%
Net Revenue Growth, as VIP adjusted	40%	6.4%	8.7%	10.3%	7.7%	78.2%
Weighted Result						103.5%

For purposes of the annual incentive plan payout percentage in fiscal year 2014, our Net Income, as VIP adjusted, of \$5,711 million was determined by excluding the aforementioned multidistrict interchange litigation provision and related tax benefit as described in footnote 1 to the table under the heading *Fiscal Year 2014 Financial Highlights* on page 56 from our reported U.S. GAAP Net Income, as well as net income earned by an entity acquired during fiscal year 2014. Interpolating this result between the target (100% payout) and maximum (200% payout) levels resulted in a payout percentage of 120.3% for this measure.

Our actual Net Revenue Growth, as VIP adjusted, of 7.7% for fiscal year 2014 was determined as year-over-year growth in gross operating revenues net of incentives, excluding net revenues earned by an entity the Company acquired during fiscal year 2014. Interpolating this result between the minimum (50% payout) and target (100% payout) levels resulted in a payout percentage of 78.2% for this measure.

Based on our actual results relative to the corporate goals, weighted 60% for Net Income, as VIP adjusted, and 40% for Net Revenue Growth, as VIP adjusted, the Compensation Committee determined that the corporate component of the annual incentive award for each named executive officer would be paid out at 103.5% of target.

Individual Performance Goals and Results for Fiscal Year 2014

The fiscal year 2014 individual goals for each of our named executive officers, other than Mr. Taneja, were set in January 2014. Mr. Taneja’s individual goals were established in April 2014. The Compensation Committee believes that our named executive officers’ performance goals should be consistent with the Company’s strategic objectives and be tied to their areas of responsibility, as appropriate. Individual performance goals for the Chief Executive Officer were established with the oversight of the Compensation Committee. Individual performance goals for the other named executive officers were determined by the Chief Executive Officer and reviewed by the Compensation Committee.

After the end of the fiscal year, the Compensation Committee, based on each named executive officer’s self-assessment and Mr. Scharf’s input, reviewed each named executive officer’s progress against his individual performance goals. Based on this assessment, a named executive officer could receive an award from 0% to 200% of the individual portion of his annual incentive award. When making its award determinations, the Compensation Committee did not assign a specific weighting to any of the individual goals, but instead reviewed each named executive officer’s progress against his individual goals in the aggregate. The following is a summary description of the performance goal results for each of the named executive officers for fiscal year 2014.

Mr. Scharf

Actual Annual Incentive Plan Awards for Fiscal Year 2014

Under our annual incentive plan, the named executive officers' threshold, target and maximum annual incentive opportunities are expressed as a percentage of base salary. When setting these targets, the Compensation Committee considered input from its independent compensation consultant, the position of each named executive officer, the target incentive opportunities of similarly situated executive officers of companies in our compensation peer group, market pay levels, and our performance-based compensation philosophy. The Compensation Committee capped the maximum potential payouts at 200% of each named executive officer's target annual bonus in order to avoid excessive risk taking by our named executive officers. The actual payouts are computed based on the actual individual and corporate performance, as outlined above, under our annual incentive plan for fiscal year 2014. The fiscal year 2014 annual cash incentive awards

Long-Term Incentive Compensation

The Visa Inc. 2007 Equity Incentive Compensation Plan, which we refer to as the equity incentive plan, is intended to promote our long-term success and increase stockholder value by attracting, motivating and retaining our non-employee directors, officers, and employees. Additionally, to better tie our executive officers long-term interests with those of our stockholders, the equity incentive plan does not allow the repricing of stock grants once they are awarded, without prior stockholder approval.

The Compensation Committee administers the equity incentive plan with respect to our named executive officers and determines, in its discretion and in accordance with the terms of the equity incentive plan, the recipients who may be granted awards, the form and amount of awards, the terms and conditions of awards (including vesting and forfeiture conditions), the timing of awards, and the form and content of award agreements.

Long-Term Incentive Awards Granted in Fiscal Year 2014

In determining the types and amounts of equity awards to be granted to our named executive officers in fiscal year 2014, the Compensation Committee considered the practices of companies in our compensation peer group, the actual compensation levels of similarly situated executive officers of companies in our compensation peer group, corporate and individual performance during fiscal year 2013, recommendations from our Chief Executive Officer (for awards to the named executive officers other than himself) and each named executive officer's total compensation. The Compensation Committee also considered the incentives provided by different award types, including increasing stockholder value; avoiding excessive risk taking; and encouraging employee retention.

Visa Inc. 2015 Proxy Statement - 67

Table of Contents

Based on the above considerations, as illustrated below, the Compensation Committee awarded equity to our named executive officers during the first quarter of fiscal year 2014 composed of approximately 25% stock options, 25% restricted stock or restricted stock units, and 50% performance shares. The Committee concluded that this mix represented an appropriate balance between the incentives provided by each of these award types.

The following table displays the total combined value of equity awards approved by the Compensation Committee for our named executive officers in fiscal year 2014, and the award value broken down by component. The equity award made to Mr. Taneja is discussed under the heading *Employment Arrangements and Potential Payments upon Termination or Change of Control – Offer Letters with Charles W. Scharf, Ryan McInerney and Rajat Taneja*.

	Total Combined Value of Equity Awards	Value of Stock Options	Components Value of Restricted Stock/Units	Value of Performance Shares

Charles W. Scharf	5,937,500	1,484,375	1,484,375	2,968,750
Byron Pollitt	3,937,500	984,375	984,375	1,968,750
Ryan McInerney ⁽³⁾	1,562,500	390,625	390,625	781,250
Antonio Lucio	1,125,000	281,250	281,250	562,500

(1) Because he would meet the definition of retirement in the equity grant agreements during the vesting period, Mr. Pollitt received restricted stock units and each of the other named executive officers received restricted stock.

(2) As the aggregate grant date fair values of the performance shares displayed in the *Summary Compensation Table for Fiscal Year 2014* and the *Grants of Plan-Based Awards in Fiscal Year 2014 Table* are computed in accordance with stock-based accounting rules and will be displayed in multiple years, the values in those tables differ from the value displayed in the table above.

(3) Mr. McInerney's equity award was prorated to reflect his partial year of service during fiscal year 2013. The dollar value of the equity awards in the table above were converted to a specific number of options, restricted stock, or restricted stock units on the November 19, 2013 grant date, based on the fair market value of our Class A common stock on that date and the Black-Scholes value of stock options. The value displayed for performance shares reflects the target value of the award. The stock options and restricted stock/units vest in three substantially equal annual installments beginning on the first anniversary of the date of grant.

For the portion of the award granted as performance shares, the target number of shares is determined at the beginning of a three-year performance period and the number of shares earned at the end of the three-year period will range from zero to 200% of the target number of shares depending on our corporate performance, as measured by: (i) the annual EPS goal established for each fiscal year; and (ii) an overall modifier based on Visa's TSR ranked among S&P 500

companies, or TSR Rank, over the three-year performance period. The total number of shares that may be earned at the end of the three-year period is capped at 200% of the target number of shares. The TSR Rank modifier will lower compensation to our named executive officers for periods when our stockholders' value increase is below the median of the companies comprising the

S&P 500 and will enhance our named executive officers' compensation for periods when our stockholders' value increase exceeds the median of the companies comprising the S&P 500.

One-third of the target performance shares awarded on November 19, 2013 were tied to the fiscal year 2014 EPS goal that the Compensation Committee established within the first ninety days of fiscal year 2014. The remaining two-thirds of the target shares awarded are tied to the EPS goals for each of fiscal years 2015 and 2016, which will be set by the Compensation Committee within the first ninety days of the respective fiscal year. The actual EPS result will be used to determine the percentage of target shares credited from each of the three award segments. At the end of fiscal year 2014, the Compensation Committee reviewed our EPS, as PS adjusted, of \$9.05 which was determined by excluding: (i) the multidistrict interchange litigation provision and related tax benefit as described in footnote 1 to the table under the heading *Fiscal Year 2014 Financial Highlights* on page 56 from our reported U.S. GAAP Net Income, (ii) net income earned by an entity the Company acquired during fiscal year 2014; and (iii) the impact of certain share repurchases made during the period. The Compensation Committee determined that the final EPS result, as PS adjusted, of \$9.05 exceeded the target EPS goal of \$8.87 for fiscal year 2014. Interpolating this result between target (100%) and maximum (200%) yielded a result of 129.0% for fiscal year 2014.

At the completion of the entire three-year performance period in November 2016, the shares credited from the three fiscal years will be totaled and the overall number of shares will be modified based on Visa's TSR Rank for the full three-year period. The TSR Rank modifier may increase or decrease the final number of shares earned by a maximum of 25% (see chart below); however, the final number of shares earned at the end of the three year period is capped at 200% of the initial target number.

	Threshold	Target	Maximum
	Performance	Performance	Performance
Modifying Metric	75%	100%	125%

(1) Results between the 25th percentile and the 50th percentile and between the 50th percentile and the 75th percentile are interpolated between 75% and 100% or 100% and 125%, respectively.

The EPS goal for fiscal year 2014 and actual EPS results discussed above also apply to the third portion of the performance shares previously awarded to our named executive officers on November 5, 2011 and the second portion of the performance shares previously awarded to our named executive officers on November 19, 2012 (see illustration below).

Consistent with Financial Standards Accounting Board ASC Topic 718, the value of the performance share awards for fiscal year 2014 included in the "Stock Awards" column of the *Summary Compensation Table for Fiscal Year 2014* represents the

third segment of the award made on November 5, 2011, the second segment of the award made on November 19, 2012 and the first segment of the award made on November 19, 2013.

Determination of Shares Earned for Performance Shares Previously Awarded on November 5, 2011

The performance shares previously awarded to certain of the named executive officers on November 5, 2011 completed their three year performance period following fiscal year 2014. As a result, the final number of shares earned pursuant to those awards based on the Company's actual results over the three year period was determined and certified by the Compensation Committee in November 2014. As illustrated below, based on the annual EPS results for fiscal years 2012, 2013 and 2014, and our TSR Rank over the three-year period, the performance shares earned equated to ____% of the target award established on November 5, 2011.

Fiscal Year 2012 EPS	5.53	5.88	6.23	6.19	188.6% of Target

Based on this Final Payout Result of ____%, on November 30, 2014 Mr. Pollitt and Mr. Lucio earned shares equal to ____% of the target number of shares granted to each of them on November 5, 2011. As a result, Mr. Pollitt earned ___ shares versus his target award of 13,493 shares and Mr. Lucio earned ___ shares versus his target award of 4,655 shares. Mr. Scharf, Mr. McInerney and Mr. Taneja did not receive performance share awards on November 5, 2011.

Other Equity Awards in Fiscal Year 2014

The Compensation Committee may award equity during the fiscal year to attract new executive officers and incent them to join Visa, or to retain or motivate our current executive officers. During fiscal year 2014, the Committee made

special equity awards to Mr. Taneja and Mr. Lucio for this purpose.

In November 2013, Rajat Taneja joined Visa as its Executive Vice President, Technology. Pursuant to the terms of his offer letter, which is described under the heading *Employment Arrangements and Potential Payments upon Termination or Change of Control – Offer Letters with Charles W. Scharf, Ryan McInerney and Rajat Taneja*, on February 4, 2014 Mr. Taneja received a one-time make-whole equity award structured in value and vesting to replicate compensation that he forfeited by leaving his former employer to join Visa. The make-whole equity award had a value of approximately \$11,000,000 comprised of restricted shares with a grant date value of approximately \$8,250,000, which converted into 38,454 shares and stock options with a grant date value of approximately \$2,750,000, which converted into options to purchase 56,806 shares. The shares subject to the make-whole award will vest in three substantially equal annual installments beginning on the first anniversary of the date of grant. Because the grant of the make-whole equity award is a one-time event, it is not considered to be a part of Mr. Taneja's ongoing target annual compensation.

In addition, in April 2014, the Compensation Committee made a retention equity award to Antonio Lucio. The retention equity award was comprised of restricted stock with a value of approximately \$3,300,000, which converted into 16,287 shares. The award will vest on the third anniversary of the date of grant if Mr. Lucio continues to be employed by the Company on such date.

Retirement and Other Benefits

Our benefit program is designed to be competitive and cost-effective. We generally target the median of the market, with flexibility to position above or below the median where local conditions dictate. It is our objective to provide core benefits, including medical, retirement, life insurance, paid time off, and leaves of absence, to all employees and to allow for supplementary non-core benefits to accommodate regulatory, cultural and/or practical differences in the various geographies in which we have operations.

We sponsor a tax-qualified defined benefit pension plan, which we refer to as the retirement plan, and a tax-qualified defined contribution 401(k) plan, which we refer to as the 401k plan, to provide market driven retirement benefits to all eligible employees in the United States. In addition to the tax-qualified retirement plan and the 401k plan, we maintained a non-qualified excess retirement benefit plan and a non-qualified excess 401k plan to make up for the limitations imposed on our tax-qualified plans by the Internal Revenue Code. New contributions to these non-qualified plans ceased effective February 1, 2014. We also sponsor an unfunded non-qualified deferred compensation plan, which we refer to as the deferred compensation plan, which allows executive officers and certain other highly compensated employees to defer a portion of their annual incentive awards and sign-on bonuses to help them with tax planning and to provide competitive benefits. For additional information on these plans, see the sections entitled *Executive Compensation Pension Benefits Table for Fiscal Year 2014* and *Executive Compensation Non-qualified Deferred Compensation for Fiscal Year 2014*.

Perquisites and Other Personal Benefits

We provide limited perquisites and other personal benefits to facilitate the performance of our named executive officers' management responsibilities. For instance, we maintain a Company car and driver that are used primarily by the Chief Executive Officer for both business and personal use, as well as some business and limited personal use by other executive officers. From time to time, our named executive officers also may use the Company's tickets for sporting, cultural or other events for personal use rather than business purposes. If an incremental cost is incurred for such use, it is included in the All Other Compensation column of the *Summary Compensation Table for Fiscal Year 2014* beginning on page 77.

In addition, we have a policy that allows for companion travel on business related flights on our corporate aircraft by the Chief Executive Officer, the President and other key employees, as approved by the Chief Executive Officer. It is our policy that named executive officers are responsible for all income taxes related to their personal usage of the corporate car or aircraft, as well as travel by their companions. Additionally, no named executive officer may use the corporate aircraft for exclusive personal use (not related to business) except under the terms and conditions outlined in the Company's aircraft time sharing agreement with the Chief Executive Officer, or under extraordinary circumstances with the advance approval of the Chief Executive Officer. Any personal use of the aircraft by our Chief Executive Officer pursuant to the aircraft time sharing agreement requires him to reimburse Visa an amount (as determined by the Company) equal to the lesser of: (i) the amount that would, absent reimbursement, be reportable with respect to the Chief Executive Officer in the *Summary Compensation Table* (which we refer to as the SEC Cost), or (ii) the expenses of operating such flight that may be charged pursuant to Federal Aviation Regulation Section 91.501(d) as in effect from time to time (which we refer to as the FAR Expenses). The Chief Executive Officer's personal use of the corporate aircraft is subject to an annual cap of \$500,000, as determined by the Company using the lesser of the SEC Cost and the FAR Expenses. As a result of this arrangement, in fiscal year 2014, the Chief Executive Officer's

personal use of the aircraft did not result in any incremental cost to the Company.

Please refer to the *All Other Compensation Table* beginning on page 77 for additional information about the other limited perquisites and personal benefits provided to our named executive officers during fiscal year 2014.

Severance

We believe that it is appropriate to provide severance to an executive officer in certain circumstances. Please see the section entitled *Employment Arrangements and Potential Payments upon Termination or Change of Control Executive Severance Plan* for additional information.

Fiscal Year 2015 Compensation**Long-Term Incentive Compensation**

On November 10, 2014, the Compensation Committee approved the annual equity awards for our named executive officers to be granted on November 19, 2014, using a combination of 25% stock options, 25% restricted stock or restricted stock units, and 50% performance shares. These are the same three equity vehicles and percentages used in prior years.

For the performance shares awarded on November 19, 2014, the actual number of shares earned will be determined based on:

the annual EPS goal established for each of the three fiscal years in the performance period; and

an overall modifier based on our TSR Rank over the three-year performance period.

Consistent with prior fiscal years, the total combined value of each equity award was approved by the Compensation Committee after considering the practices of companies in our compensation peer group, the actual compensation levels of similarly situated executive officers of companies in our compensation peer group, corporate and individual performance during fiscal year 2014, recommendations from our Chief Executive Officer (for awards to the named executive officers other than himself) and each named executive officer's total compensation. The table below displays the total dollar value of the grants approved in November 2014 as well as the dollar value of each component.

	Total Value of Equity Awards (\$)	Value of Stock Options (\$)	Components Value of Restricted Stock/Units (\$)⁽¹⁾	Value of Performance Shares (\$)
Charles W. Scharf	9,000,000	2,250,000	2,250,000	4,500,000

Antonio Lucio	1,183,000	295,750	295,750	591,500

(1)

Because he would meet the definition of retirement in the equity grant agreements during the vesting period, Mr. Pollitt received restricted stock units and each of the other named executive officers received restricted stock.

(2) Mr. Taneja's equity award was prorated to reflect his partial year of service during fiscal year 2014.

Other Equity Grant Practices and Policies

Stock Grant Practices

The Compensation Committee has adopted an equity grant policy with respect to equity awards, which contains procedures to prevent stock option backdating or other grant timing issues. Under the equity grant policy, the Compensation Committee approves annual grants to executive officers and other members of the executive committee at a meeting to occur during the quarter following each fiscal year end. The board of directors delegated the authority to Mr. Scharf as the sole member of the stock committee to make annual awards to employees who are not members of the executive committee. The grant date for annual awards to all employees and non-employee directors has been established as November 19 of each year.

In addition to the annual grants, stock awards may be granted at other times during the year to new hires, employees receiving promotions, and in other special circumstances. The equity grant policy provides that only the Compensation

Table of Contents

Committee may make such off-cycle grants to named executive officers and other members of management's executive committee. The Compensation Committee has delegated the authority to the stock committee to make off-cycle grants to other employees, subject to guidelines established by the Compensation Committee. Any off-cycle awards approved by the stock committee or the Compensation Committee must be granted on the fourth business day after we publicly announce our earnings or on such other date determined by the stock committee, Compensation Committee or the board of directors.

For all newly issued stock option awards, the exercise price of the stock option award will be the closing price of our Class A common stock on the NYSE on the date of the grant. If the grant date for the annual awards falls on a weekend, the exercise price of stock option awards will be the closing price of our Class A common stock on the NYSE on the last trading day preceding the date of grant.

Stock Ownership Guidelines

In February 2008, the Compensation Committee established stock ownership guidelines for our executive officers pursuant to which they are expected to hold a minimum number of shares of our Class A common stock equal to a specified multiple of their annual base salaries. The guidelines for our named executive officers are as follows:

Officer	Stock Ownership Guidelines
Charles W. Scharf	6 x base salary
Byron Pollitt	4 x base salary
Ryan McInerney	4 x base salary
Rajat Taneja	4 x base salary
Antonio Lucio	3 x base salary

Equity interests that count toward the satisfaction of the ownership guidelines include shares owned outright by the named executive officer, shares jointly owned, restricted stock, and restricted stock units payable in shares. Newly hired or promoted executives have five years from the date of the commencement of their appointment to attain these ownership levels. Each named executive officer currently meets or exceeds the applicable guideline set forth in the table above. If an executive officer does not meet the applicable guideline by the end of the five-year period, the executive officer is required to hold a minimum of 50% of the net shares resulting from any future vesting of restricted stock, restricted stock units, performance shares, or exercise of stock options until the guideline is met. These guidelines reinforce the importance of aligning the interests of our executive officers with the interests of our stockholders and encourage our executive officers to consider the long-term perspective when managing the Company.

Additionally, we have instituted stock ownership guidelines for our non-employee directors. For information regarding these guidelines, see the section entitled *Compensation of Non-Employee Directors*.

Hedging and Pledging Prohibition

As part of our insider trading policy, all employees, including our named executive officers, and non-employee directors are prohibited from engaging in short sales of our securities, establishing margin accounts, or otherwise pledging or engaging in hedging transactions involving our securities.

Policy Regarding Clawback of Incentive Compensation

We have a Clawback Policy pursuant to which named executive officers and other key executive officers will be required to return incentive compensation paid to them if the financial results upon which the awards were based are materially restated due to fraud, intentional misconduct, or gross negligence of the executive officer.

The Clawback Policy permits the board of directors to determine in its discretion if it will seek to recover applicable compensation, taking into account the following considerations as it deems appropriate:

Whether the amount of any bonus or equity compensation paid or awarded during the covered time period, based on the achievement of specific performance targets, would have been reduced based on the restated financial results;

Visa Inc. 2015 Proxy Statement - 73

Table of Contents

The likelihood of success of recouping the compensation under governing law relative to the effort involved;

Whether the recoupment may prejudice Visa's interest in any related proceeding or investigation;

Whether the expense required to recoup the compensation is likely to exceed the amount to be recovered;

The passage of time since the occurrence of the misconduct;

Any pending legal action related to the misconduct;

The tax consequences to the affected individual; and

Any other factors the board of directors may deem appropriate under the circumstances.

Under the Clawback Policy, we can require reimbursement of all or a portion of any bonus, incentive payment, equity based award (including performance shares, restricted stock or restricted stock units and outstanding stock options), or other compensation to the fullest extent permitted by law. Recoupment or reimbursement may include compensation paid or awarded during the period covered by the restatement and applies to compensation awarded in periods occurring subsequent to the adoption of the Clawback Policy.

We believe our Clawback Policy is sufficiently broad to reduce the potential risk that an executive officer would intentionally misstate results in order to benefit under an incentive program and provides a right of recovery in the event that an executive officer took actions that, in hindsight, should not have been rewarded. In addition, appropriate language regarding the policy has been included in applicable documents and award agreements and our executive officers are required to acknowledge in writing that compensation we have awarded to them may be subject to reimbursement, clawback or forfeiture pursuant to the terms of the policy and/or applicable law.

Tax Implications Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code limits our ability to deduct for tax purposes compensation in excess of \$1,000,000 that is paid to our principal executive officer or any one of our three highest paid executive officers, other than our principal executive officer or principal financial officer, who are employed by us on the last day of our taxable year unless, in general, the compensation is paid pursuant to a plan that has been approved by our stockholders and is performance-related and non-discretionary. The Compensation Committee will review and consider the deductibility of executive compensation under Section 162(m) and may authorize certain payments in excess of the \$1,000,000 limitation. The Compensation Committee believes that it needs to balance the benefits of designing awards that are tax-deductible with the need to design awards that attract, retain and reward executives responsible for our success.

In addition, Section 274(e) of the Internal Revenue Code limits the amount that companies can deduct for the personal use of corporate aircraft to the amount recognized as income by the executives that used the aircraft. For fiscal year 2014, the total amount of our disallowed tax deduction resulting from the personal use of the corporate aircraft by our named executive officers and any guests was approximately \$1,066,000.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

None of the members of the Compensation Committee (William S. Shanahan, Alfred F. Kelly, Jr., Suzanne Nora Johnson, David J. Pang and John A. C. Swainson) is or has ever been one of our officers or employees. In addition, during the last fiscal year, none of our executive officers served as a member of the board of directors or the compensation committee of any other entity that has one or more executive officers serving on our board of directors or Compensation Committee.

RISK ASSESSMENT OF COMPENSATION PROGRAMS

The Compensation Committee annually considers potential risks when reviewing and approving our compensation programs. We have designed our compensation programs, including our incentive compensation plans, with specific features to address potential risks while rewarding employees for achieving long-term financial and strategic objectives through prudent business judgment and appropriate risk taking. The following elements have been incorporated in our compensation programs for executive officers:

A Balanced Mix of Compensation Components The target compensation mix for our executive officers is composed of salary, annual cash incentives and long-term equity incentives, representing a mix that is not overly weighted toward short-term cash incentives.

Multiple Performance Factors Our incentive compensation plans use both Company-wide metrics and individual performance goals, which encourage focus on the achievement of objectives for the overall benefit of the Company. The annual cash incentive is dependent on multiple performance metrics including Net Income and Net Revenue Growth, both as adjusted for unusual or non-recurring items, as well as individual goals related to specific strategic or operational objectives.

Long-term Incentives Our long-term incentives are equity-based and generally have a three-year vesting schedule to complement our annual cash based incentives.

Capped Incentive Awards Annual incentive awards and performance share awards are capped at 200% of target.

Stock Ownership Guidelines Our guidelines call for significant share ownership, which aligns the interests of our executive officers with the long-term interests of our stockholders.

Clawback Policy Our Clawback Policy authorizes the board of directors to recoup past incentive compensation in the event of a material restatement of the Company's financial results due to fraud, intentional misconduct or gross negligence of the executive officer.

Additionally, the Compensation Committee annually considers an assessment of compensation-related risks for all of our employees. Based on this assessment, the Compensation Committee concluded that our compensation programs do not create risks that are reasonably likely to have a material adverse effect on Visa. In making this determination, the Compensation Committee reviewed the key design elements of our compensation programs in relation to industry best practices as presented by Cook & Co., as well as the means by which any potential risks may be mitigated, such as through our internal controls and oversight by management and the board of directors. In addition, management completed an inventory of incentive programs below the executive level and reviewed the design of these incentives both internally and with Cook & Co. to conclude that such programs do not encourage excessive risk-taking.

The following table shows the present value of accumulated benefits payable to our named executive officers, including the number of years of service credited to each executive, under the Visa Retirement Plan and the Visa Excess Retirement Benefit Plan. (1) Benefit accruals under the Visa Excess Retirement Benefit Plan were discontinued effective as of February 1, 2014.

Visa Retirement Plan

Under the Visa Retirement Plan, our U.S.-based employees, including our named executive officers, generally earn the right to receive certain benefits:

upon retirement at the normal retirement age of 65;

upon early retirement at or after age 55 (or at or after age 50 if hired prior to October 1, 2002) and having completed at least ten years of service with us; or

upon an earlier termination of employment, but solely if the employee is vested at that time.

Benefits under the Visa Retirement Plan are based on a cash balance benefit accrual formula. Under the formula, 6% of an employee's eligible monthly pay will be credited each month to the employee's notional cash balance account, along with interest each month on the account balance at an annualized rate equal to the 30-year U.S. Treasury Bond average annual interest rate for November of the previous calendar year. Accrued benefits under the Visa Retirement

Plan become fully vested and nonforfeitable after three years of service.

Prior to January 1, 2011, retirement benefits were calculated as the product of 1.25% times the employee's years of service multiplied by the employee's monthly final average earnings for the last 60 consecutive months before retirement (or, for employees hired prior to October 1, 2002, the product of 46.25% times the employee's years of service divided by 25 years, multiplied by the employee's monthly final average earnings for the 36 highest consecutive months in the last 60 months before retirement). Eligible earnings include salary, overtime, shift differentials, special and merit awards and short-term cash incentive awards. The formula below provides an illustration of how the retirement benefits are calculated.

For employees hired on or before September 30, 2002

	Completed years of service, including		Monthly final average earnings for
	partial year		the 36 highest consecutive months
46.25%	based on completed months	X	in the last 60 months before
X	25 years		retirement

Table of Contents**For employees hired after September 30, 2002**

1.25%	X	Completed years of service, including partial year based on completed months (up to 35 full years)	X	Monthly final average earnings for the last 60 consecutive months before retirement
-------	---	-----------------------------------------------------------------------------------------------------------------	---	-------------------------------------------------------------------------------------------

If an employee retires early, that is, between the ages of 55 and 64 (or between the ages of 50 and 61 if hired prior to October 1, 2002), and has completed at least ten years of service with the Company, the amount of that employee's benefits is reduced for each complete year that the employee begins receiving early retirement benefits before the age of 65 (or before the age of 62 if hired prior to October 1, 2002). If an employee retires prior to becoming eligible for early or normal retirement, the amount of his benefits is actuarially reduced and is generally not as large as if the employee had continued employment until his early or normal retirement date.

The Visa Retirement Plan began transitioning to cash balance benefits effective January 1, 2008 and completed the transition effective January 1, 2011. The change to a cash balance benefit formula took effect immediately for employees hired or rehired after December 31, 2007. However, for employees hired before January 1, 2008 (and not rehired thereafter), the applicable Visa Retirement Plan benefit formula described above was grandfathered for a three-year period and grandfathered employees continued to accrue benefits under that benefit formula. Their accrued benefits at December 31, 2010 (the last day of the grandfathered period) or the date they terminated employment, if earlier, were preserved. Because we completed the conversion to a cash balance plan formula beginning on January 1, 2011, all future benefit accruals will be under the cash balance benefit formula.

Visa Excess Retirement Benefit Plan

Prior to February 1, 2014, we also provided for benefit accruals under an excess retirement benefit plan. To the extent that an employee's annual retirement income benefit under the Visa Retirement Plan exceeds the limitations imposed by the Internal Revenue Code, such excess benefit is paid from our non-qualified, unfunded, noncontributory Visa Excess Retirement Benefit Plan. The vesting provisions of, and formula used to calculate the benefit payable pursuant to, the Visa Excess Retirement Benefit Plan are generally the same as those of the Visa Retirement Plan described above, except that benefits are calculated without regard to the Internal Revenue Code tax-qualified plan limits and then offset for benefits paid under the qualified plan. Effective February 1, 2014, we discontinued benefit accruals under the Visa Excess Retirement Benefit Plan.

Non-qualified Deferred Compensation for Fiscal Year 2014**Visa Deferred Compensation Plan**

Under the terms of the Visa Deferred Compensation Plan, eligible participants are able to defer up to 100% of their cash incentive awards or sign-on bonuses, if they submit a qualified deferral election. Benefits under the Visa Deferred Compensation Plan will be paid based on one of the following three distribution dates or events previously elected by the participant: (i) immediately upon, or up to five years following, retirement; (ii) immediately upon, or in the January following, termination; or (iii) if specifically elected by the participant, in January in a specified year while actively employed. However, upon a showing of financial hardship and receipt of approval from the plan administrator, a plan participant may be allowed to access funds in his deferred compensation account earlier than his existing distribution election(s). Benefits can be received either as a lump sum payment or in annual installments,

except in the case of pre-retirement termination, in which case the participant must receive the benefit in a lump sum. Participants are always fully vested in their deferrals under the Visa Deferred Compensation Plan. Upon termination of the Visa Deferred Compensation Plan within 12 months of a change of control, participants' benefits under the Visa Deferred Compensation Plan will be paid immediately in a lump sum.

Visa 401k Plan and Visa Excess 401k Plan

The Visa 401k Plan is a tax-qualified 401(k) retirement savings plan pursuant to which all of our U.S.-based employees, including our named executive officers, are able to contribute up to 50%, or 13% for highly compensated employees, of their salary up to the limit prescribed by the Internal Revenue Code to the Visa 401k Plan on a pre-tax basis. Employees also

Table of Contents

have the option of contributing on an after-tax basis from 1% up to 50%, or 13% for highly compensated employees, of salary or a combination of pre-tax and after tax contributions that do not exceed 50%, or 13% for highly compensated employees, of salary. All contributions are subject to the Internal Revenue Code limits. If an employee reaches the statutory pre-tax contribution limit during the calendar year, an employee may continue to make contributions to the Visa 401k Plan on an after-tax basis, subject to any applicable statutory limits.

During fiscal year 2014, we contributed a matching amount equal to 200% of the first 3% of pay that was contributed by employees to the Visa 401k Plan. All employee and matching contributions to the Visa 401k Plan are fully vested upon contribution.

Prior to February 1, 2014, we also provided for a contribution in an excess 401k plan. Because the Internal Revenue Code limits the maximum amount a company and an employee can contribute to an employee's 401(k) plan account each year, we continued to provide the matching contribution, after the applicable Internal Revenue Code limits are reached, to the Visa Excess 401k Plan, which is a non-qualified noncontributory retirement savings plan. Employees are eligible to participate in the Visa Excess 401k Plan if their salaries are greater than the Internal Revenue Code pay cap or if the total of their contributions and our matching contributions to the Visa 401k Plan exceed the Internal Revenue Code benefit limit. The features of the Visa Excess 401k Plan are generally the same as under the Visa 401k Plan, except that benefits cannot be rolled over to an IRA or another employer's qualified plan. Effective February 1, 2014, we discontinued any future contributions to the Visa Excess 401k Plan.

The following table provides information about each of our named executive officer's contributions, earnings, distributions, and balances under the Visa Deferred Compensation Plan and the Visa Excess 401k Plan in fiscal year 2014.

Employment Arrangements and Potential Payments upon Termination or Change of Control

The following discussion relates only to the employment arrangements with our named executive officers that were in effect during fiscal year 2014. We do not have employment agreements with our named executive officers.

Offer Letters with Charles W. Scharf, Ryan McInerney and Rajat Taneja

We executed offer letters with each of Mr. Scharf, Mr. McInerney and Mr. Taneja in connection with their employment by Visa. Each of these offer letters was the result of negotiations with the Company, during which the Compensation Committee consulted with Cook & Co., its independent compensation consultant, and legal counsel with expertise in executive compensation matters. In connection with the negotiation of the offer letters the Compensation Committee also reviewed relevant market data, the compensation levels of our other executive officers, and the terms of each executive's compensation arrangements with his previous employer, including the value each would forfeit with such employer by agreeing to join Visa.

Charles W. Scharf

On October 23, 2012, we executed an offer letter with Charles W. Scharf under which he became our Chief Executive Officer on November 1, 2012. In connection with his appointment and under the terms of his offer letter, Mr. Scharf received a one-time make-whole equity award consisting of restricted stock and stock options that were structured in value, form and timing to replicate compensation that he forfeited by leaving his former employer to join Visa. A portion of Mr. Scharf's make-whole equity award vested immediately on the date of grant. The unvested remainder of the make-whole award vests in three substantially equal annual installments beginning on the first anniversary of the date of grant, assuming Mr. Scharf's continued employment by the Company through each such date.

In November 2012, we also entered into an aircraft time-sharing agreement with Mr. Scharf, which governs Mr. Scharf's personal use of the Company's aircraft during his employment and requires his reimbursement to the Company for the

Table of Contents

incremental operating costs of any such use. Please see the section entitled *Compensation Discussion and Analysis Perquisites and Other Personal Benefits* on page 71 for additional information regarding this agreement.

Ryan McInerney

On May 20, 2013, we executed an offer letter with Ryan McInerney under which he became our President on June 3, 2013. In connection with his appointment and under the terms of his offer letter, Mr. McInerney received a one-time make-whole equity award consisting of restricted stock and stock options that were structured in value, form and timing to replicate compensation that he forfeited by leaving his former employer to join Visa. The shares subject to the make-whole award vest in three substantially equal installments on each of the three anniversaries of the date of grant. Mr. McInerney also received a one-time sign-on bonus that was payable 50% in cash shortly after his commencement of employment with the Company, and 50% in restricted stock that vests in full on the third anniversary of the date of grant, assuming Mr. McInerney's continued employment by the Company through such date.

Rajat Taneja

On November 6, 2013, we executed an offer letter with Rajat Taneja under which he became our Executive Vice President, Technology on November 25, 2013. Pursuant to the terms of his offer letter, Mr. Taneja receives an annual base salary of \$750,000 and was eligible to participate in our annual incentive plan for fiscal year 2014, with a target bonus of 125% of his base salary and a maximum bonus opportunity of 250% of his base salary. Mr. Taneja also was eligible to receive a long-term incentive award with an annual target value equal to \$4,562,500.

As negotiated as part of the offer letter, in order to compensate him for forfeited incentives from his prior employer, Mr. Taneja was entitled to receive a one-time cash sign-on bonus of \$2,000,000. Mr. Taneja also received a one-time make-whole equity award structured in value and vesting to replicate compensation that he forfeited by leaving his former employer to join Visa. The make-whole award was comprised of restricted stock with a grant date value of approximately \$8,250,000, which converted into 38,454 shares, and stock options with a grant date value of approximately \$2,750,000, which converted into options to purchase 56,806 shares. The shares subject to the make-whole award will vest in three substantially equal annual installments beginning on the first anniversary of the date of grant. Because the grant of the make-whole equity award and the sign-on bonus are one-time events, they are not considered to be a part of Mr. Taneja's ongoing target annual compensation.

Pursuant to the terms of their offer letters, each of Mr. Scharf, Mr. McInerney and Mr. Taneja are also eligible to participate in the Visa Inc. Executive Severance Plan, the terms of which are discussed below.

Executive Severance Plan

We believe that it is appropriate to provide severance pay to an executive officer whose employment is involuntarily terminated by us without cause, and, in some cases, voluntarily terminated by the executive for good reason (each as defined in the Executive Severance Plan), to provide transition income replacement that will allow the executive to focus on our business priorities. Our Executive Severance Plan provides for severance pay to our executive officers under certain circumstances. We believe the level of severance provided by this Plan is consistent with the practices of our compensation peer group and is necessary to attract and retain key employees.

Our named executive officers are participants in the Executive Severance Plan, which provides for lump sum severance of two times base salary plus target annual incentive awards, and a prorated bonus for any partial performance period under the annual incentive plan. The Executive Severance Plan does not provide for any gross-ups for excise taxes imposed as a result of severance or other payments deemed made in connection with a change of

control.

Equity Incentive Awards

Pursuant to the terms of certain award agreements under the Visa Inc. 2007 Equity Incentive Compensation Plan, if the employment of a named executive officer is involuntarily terminated by us without cause at any time or voluntarily terminated by the named executive officer for good reason within two years following a change of control (as such terms are defined in the plan or applicable award agreement), then the unvested portion of any equity incentive award will become fully vested (and at target levels, with respect to performance shares).

Table of Contents**Quantification of Termination Payments and Benefits**

The following tables reflect the amount of compensation that would be paid to each of our named executive officers in the event of a termination of the executive officer's employment under various scenarios. The amounts shown assume that such termination was effective as of September 30, 2014 and include estimates of the amounts that would be paid to each executive officer upon such executive officer's termination. The tables only include additional benefits that result from the termination and do not include any amounts or benefits earned, vested, accrued or owing under any plan for any other reason. Please see the *Grants of Plan-Based Awards in Fiscal Year 2014 Table*, the *Pension Benefits Table for Fiscal Year 2014*, and the section entitled *Non-qualified Deferred Compensation for Fiscal Year 2014* for additional information. Payments that would be made over a period of time have been estimated as the lump sum present value using 120% of the applicable federal rate. The actual amounts to be paid can only be determined at the time of such executive officer's separation from Visa.

The Say-on-Pay vote is advisory, and therefore not binding on the Company, the Compensation Committee, or our board of directors. Our board of directors and the Compensation Committee value the views of our Class A stockholders, and will therefore review and consider the voting results for this proposal when evaluating our executive compensation programs.

PROPOSAL 4 APPROVAL OF VISA INC. EMPLOYEE STOCK PURCHASE PLAN

We are asking our Class A stockholders to approve the Visa Inc. Employee Stock Purchase Plan (the ESPP) which will provide for the issuance of up to 5,000,000 shares of our Class A common stock to eligible employees. The ESPP will provide our employees with the opportunity to purchase shares through accumulated payroll deductions, or other means determined by the Company, at a discount from the market price, thereby providing employees with the ability to acquire an equity interest in the Company. This will incentivize our employees and further align their interests with those of our stockholders. The board of directors, on the recommendation of the Compensation Committee, approved the ESPP on October 22, 2014, subject to stockholder approval at the 2015 Annual Meeting. If approved by our Class A stockholders, the ESPP will become effective on January 28, 2015.

Summary of ESPP

The following is a summary of the material features of the ESPP and does not describe of all the ESPP's provisions. We urge you to read the complete text of the ESPP that is included as Appendix B to this proxy statement. Capitalized terms used in this summary that are not otherwise defined have the meanings given in the ESPP.

Administration

The ESPP is administered by the Compensation Committee of the board of directors. In its capacity as the Plan Administrator, the Compensation Committee has full authority to adopt administrative rules and procedures and to interpret the provisions of the ESPP. All costs and expenses incurred in the administration of the ESPP are paid by the Company.

Shares Subject to the ESPP

The ESPP authorizes the issuance of a total of 5,000,000 shares of our Class A common stock, which represents an overhang of approximately % based on the number of outstanding common shares as of December 1, 2014. The overhang is calculated as the total of (i) shares available for issuance under the ESPP, divided by (ii) the total number of shares of Class A common stock outstanding and shares available for issuance under the ESPP. The shares to be issued under the ESPP will be made available from authorized but unissued shares of our Class A common stock. Any shares issued under the ESPP will reduce, on a share-for-share basis, the number of shares available for issuance under the ESPP. In the event of any change to our outstanding Class A common stock, such as a recapitalization, stock split or similar event, appropriate adjustments will be made to the ESPP and to each outstanding Purchase Right (defined below).

Depending on the assumptions used, we expect that 5,000,000 shares will satisfy our equity needs under the ESPP for at least 10 years. When considering the number of shares to approve for the ESPP, the Compensation Committee reviewed, among other things, the potential dilution to our current stockholders as measured by overhang and the projected share usage over the expected life of the ESPP.

Purchase Rights, Offering Periods and Purchase Dates

The ESPP operates by offering eligible employees the right to use accumulated payroll deductions, or contributions made through other means, to purchase shares of our Class A common stock (referred to as a Purchase Right) through a series of successive or overlapping offering periods (each referred to as an Offering Period). Although the maximum

duration of an Offering Period may be up to 27 months under the ESPP, with multiple Purchase Dates therein, we plan to operate the ESPP using a single Purchase Date at the end of each six-month Offering Period. The Compensation Committee initially has determined that each Offering Period will be six months commencing on the first day of February and August each year with Purchase Dates occurring on the following first day of August and February each year. If the Offering Date or Purchase Date falls on a day on which our Class A common stock is not publicly traded, then the applicable date shall be the immediately preceding date on which our shares are publicly traded. If the ESPP is approved at the Annual Meeting, for administrative purposes, the initial Offering Period will be truncated and commence on February 27, 2015 and end on July 31, 2015. The second Offering Period will begin on July 31, 2015 and end approximately six months later.

Eligibility and Participation

The ESPP is broad-based and does not provide for discretionary grants. Eligible employees of the Company and its designated subsidiaries may participate in the ESPP. The Plan Administrator, however, may limit eligibility to participate in any Offering Period to those employees who customarily work for more than 20 hours per week or for more than five months per calendar year. Employees outside of the United States may be subject to similar eligibility restrictions, unless prohibited by the laws of the jurisdiction in which they are employed. As of December 1, 2014, we estimate that approximately _____ employees will be eligible to participate in the ESPP, excluding our executive officers who the Compensation Committee has determined will not be eligible to participate.

In order to participate in the ESPP, an employee who is eligible at the beginning of the Offering Period will submit an enrollment form authorizing payroll deductions of up to a maximum of 10% of his or her eligible earnings in any multiple of 1%. We refer to employees who have enrolled in the ESPP as Participants. A Participant's accumulated deductions will be used each Purchase Date to buy whole shares of Class A common stock at the applicable Purchase Price (defined below). For purposes of the ESPP, eligible earnings generally include base salary, incentive bonuses, commissions, overtime pay, shift premiums and other similar compensation payable in cash. In certain non-U.S. jurisdictions where payroll deductions are prohibited by law, Participants may be permitted to make other approved contributions prior to a Purchase Date. Employees may join an Offering Period only at the beginning of that Offering Period; they are not allowed to join once an Offering Period has commenced. A Participant may generally withdraw from the ESPP during an Offering Period, and his or her accumulated payroll deductions will be refunded and not used to purchase shares.

Purchase Price

The Purchase Price of the shares of Class A common stock acquired on each Purchase Date may be no less than 85% of the lower of (i) the last sale price per share on the first day of the Offering Period; or (ii) the last sale price per share on the Purchase Date at the end of the related six month Offering Period. The Purchase Price for the initial Offering Period is expected to be 85% of the last sale price per share of Class A common stock on the Purchase Date. The last sale price on any relevant date under the ESPP will be the last sale price per share on such date on the NYSE.

Special Limitations

The ESPP imposes certain limitations upon an employee's right to acquire Class A common stock, including the following:

Employees who own stock (including shares that may be purchased at the end of an ongoing Offering Period) possessing 5% or more of the total combined voting power or value of all classes of our stock or the stock of any of our affiliates may not participate in the ESPP;

A Participant may not be granted Purchase Rights of more than \$25,000 worth of Class A common stock (valued at the beginning of the Offering Period) for each calendar year in which such Purchase Rights are outstanding;

No Participant may purchase more than the fixed number of shares established by the Compensation Committee prior to the beginning of an Offering Period; and

Participants may be required to retain and not sell shares for a designated period of time after the Purchase Date.

Termination of Employment

If a Participant's employment is terminated for any reason, he or she is no longer eligible to participate in the ESPP. Any payroll deductions that the Participant made for the Offering Period in which his or her employment ends will be refunded and will not be used to purchase shares.

Special Provisions for Foreign Subsidiaries

The Plan Administrator may establish sub-plans of the ESPP that are intended to provide employees of our foreign subsidiaries with the opportunity to participate in the ESPP in a manner that is intended to qualify under Section 423 of the Internal Revenue Code. The Plan Administrator also may authorize the establishment of sub-plans and addenda to facilitate participation in the ESPP by eligible employees residing outside the United States in a manner that does not comply with Section 423, if necessary or desirable to achieve tax, securities law or other objectives or as necessary to comply with local laws, regulations or rules. As a result, there may be one or more concurrent offerings with different terms operating under the ESPP.

Table of Contents

Stockholder Rights

A Participant will not have stockholder rights with respect to the shares covered by his or her Purchase Right until the shares are actually purchased on the Participant's behalf. No adjustment will be made for dividends, distributions or other rights for which the record date is prior to the Purchase Date.

Assignability

No Purchase Rights will be assignable or transferable by the Participant, except by will or the laws of inheritance following a Participant's death.

Change in Control

In the event the Company is acquired by merger or sale of all or substantially all of the Company's assets or outstanding voting stock, all outstanding Purchase Rights will automatically be exercised immediately prior to the effective date of such acquisition. The Purchase Price generally will be equal to 85% of the last sale price per share immediately prior to the effective date of such acquisition. In addition, in accordance with the principles of Section 423, the Plan Administrator may create special offering periods or special purchase dates for individuals who become employees in connection with the acquisition of another company or cease to be employees in connection with the disposition of any portion of the Company or its subsidiaries.

Share Proration

Should the total number of shares of Class A common stock to be purchased pursuant to outstanding Purchase Rights on any particular date exceed the number of shares available for issuance under the ESPP at that time, the Plan Administrator will make a pro-rata allocation of the available shares on a uniform and nondiscriminatory basis. Any accumulated payroll deductions in excess of the aggregate Purchase Price payable for the shares allocated to a Participant will be refunded.

Amendment and Termination

The Plan Administrator may at any time amend, modify or suspend the ESPP. However, the Plan Administrator may not, without stockholder approval: (i) increase the number of shares issuable under the ESPP; (ii) alter the purchase price formula so as to reduce the purchase price; or (iii) modify the requirements for eligibility to participate in the ESPP.

Term

The ESPP will terminate upon the earlier of: (i) the termination of the ESPP by the Plan Administrator; or (ii) the date on which no more shares are available for issuance.

U.S. Federal Income Tax Consequences

The following is a summary of the principal United States federal income taxation consequences to Visa and those Participants subject to U.S. taxation with respect to participation in the ESPP. This summary is not intended to be exhaustive and does not discuss the income tax laws of any city, state, or foreign jurisdiction in which a Participant may reside.

The ESPP is intended to qualify as an employee stock purchase plan within the meaning of Section 423. Under such an arrangement, no taxable income will be recognized by a Participant, and no deductions will be allowable to the Company, upon either the grant or the exercise of the Purchase Rights. Taxable income will not be recognized until: (i) there is a sale or other disposition of the shares acquired under the ESPP; or (ii) the Participant dies while still owning the purchased shares.

If a Participant sells or otherwise disposes of the purchased shares within two years after the beginning of the Offering Period in which such shares were acquired or within one year after the Purchase Date, the Participant will recognize ordinary income in the year of sale or disposition equal to the amount by which the last sale price of the shares on the Purchase Date exceeded the Purchase Price paid for those shares, and the Company will be entitled to an income tax

92 - **Visa Inc.** 2015 Proxy Statement

Table of Contents

deduction, for the taxable year in which such disposition occurs, equal in amount to such excess. The Participant also will recognize a capital gain to the extent the amount realized upon the sale of the shares exceeds the sum of the aggregate Purchase Price for those shares and the ordinary income recognized in connection with their acquisition.

If a Participant sells or otherwise disposes of the purchased shares more than two years after the beginning of the Offering Period in which such shares were acquired and more than one year after the Purchase Date, the Participant will recognize ordinary income in the year of sale or disposition equal to the lower of: (i) the amount by which the last sale price of the shares on the sale or disposition date exceeded the Purchase Price paid for those shares; or (ii) 15% of the last sale price on the first day of the Offering Period. Any additional gain upon the disposition will be taxed as a long-term capital gain. The Company will not be entitled to an income tax deduction with respect to such disposition.

If a Participant still owns the purchased shares at the time of death, his or her estate will recognize ordinary income in the year of death equal to the lower of: (i) the amount by which the last sale price of the shares on the date of death exceeds the Purchase Price; or (ii) 15% of the last sale price of the shares on the first day of the Offering Period in which those shares were acquired.

Non-U.S. Income Tax Consequences

The income taxation consequences to the Participants and the Company and its subsidiaries with respect to participation in the ESPP vary by country. Generally, Participants are subject to taxation at the time of purchase. The employing subsidiary may be entitled to a deduction in the tax year in which a Participant recognizes taxable income, provided the subsidiary reimburses the Company for the cost of the benefit conferred under the ESPP.

New Plan Benefits

The benefits to be received by our employees as a result of the adoption of the ESPP are not determinable, since the amounts of future purchases by Participants are based on elective Participant contributions. No Purchase Rights have been granted, and no shares have been issued, with respect to the 5,000,000 shares of Class A common stock reserved for issuance pursuant to the ESPP.

**PROPOSAL 5 APPROVAL OF AMENDMENTS TO
VISA INC. CERTIFICATE OF INCORPORATION AND BYLAWS TO REMOVE
ALL SUPERMAJORITY VOTE REQUIREMENTS AND
REPLACE THEM WITH MAJORITY VOTE REQUIREMENTS**

After careful consideration and upon the recommendation of the Nominating and Corporate Governance Committee, our board of directors voted to approve, and to recommend to our stockholders that they approve, amendments to our Fifth Amended and Restated Certificate of Incorporation (the Certificate of Incorporation) and our Amended and Restated By-Laws (the Bylaws) to remove all supermajority vote requirements and replace them with majority vote requirements. If approved, the amendments to our Certificate of Incorporation will become effective upon the filing of a certificate of amendment with the Secretary of State of the State of Delaware, which is expected to occur prior to our 2016 Annual Meeting. The amendment to our Bylaws will become effective upon stockholder approval.

Current Supermajority Vote Requirements

Our Certificate of Incorporation and our Bylaws currently contain the following supermajority vote requirements:

- a) *Exit Core Payments Business:* Article IV, Section 4.7(b) of our Certificate of Incorporation provides that the affirmative vote of the holders of at least eighty percent (80%) of the voting power of the common stock of all classes and series, voting together as a single class, is required to authorize the Company to exit its core payments business (i.e., to no longer operate a consumer debit/credit payments business);
- b) *Future Amendments to Sections of the Certificate:* Article X, Section 10.1(b) of our Certificate of Incorporation provides that no amendments may be made to Sections 4.24, 4.26, 4.27 or 10.1 of the Certificate of Incorporation (and in each case any related term defined in Section 11.2 of our Certificate of Incorporation), and no provision that is inconsistent with any such provisions may be adopted, without the affirmative vote of the holders of at least two-thirds (2/3) of the voting power of the outstanding shares of each of the Class A common stock, the Class B common stock and the Class C common stock, each voting together as a single class of common stock;
- c) *Approval of Exceptions to Transfer Restrictions:* Article IV, Sections 4.25(b) and 4.25(c) of our Certificate of Incorporation provide that the approval of at least seventy-five percent (75%) of the independent directors of the Company is required to approve certain exceptions to the transfer limitations imposed by Section 4.25 of our Certificate of Incorporation on holders of Class B common stock and Class C common stock;
- d) *Removal of Directors from Office:* Article V, Section 5.3 of our Certificate of Incorporation provides that our directors may only be removed by the affirmative vote of at least eighty percent (80%) in voting power of all of the then outstanding shares of stock of the Company entitled to vote at an election of directors, voting

together as a single class; and

- e) *Future Amendments to the Advance Notice Provision in the Bylaws:* Article II, Section 2.5(d) of our Bylaws provides that the advance notice provisions for stockholders contained in Section 2.5 of our Bylaws may only be amended by the affirmative vote of the holders of not less than sixty-six and two-thirds percent (66-2/3%) of the outstanding shares of common stock of the Company entitled to vote thereon.

Rationale for Removing Supermajority Vote Requirements

As a part of an ongoing review of our corporate governance and based on stockholder input, our board of directors determined that it is in the best interests of the Company and our stockholders to replace the supermajority vote requirements in our Certificate of Incorporation and Bylaws, as described above, with a majority vote standard.

The board of directors recognizes that supermajority vote requirements are intended to protect against self-interested action by large stockholders by requiring broad stockholder support for certain types of transactions or governance changes. The board also recognizes that many investors and others have begun to view supermajority voting provisions as conflicting with principles of good corporate governance. For example, some stockholders and commentators argue that

Table of Contents

supermajority vote requirements should be eliminated due to a perception that they could limit the board's accountability to stockholders or stockholder participation in a company's corporate governance.

After considering the advantages and disadvantages of maintaining the supermajority vote requirements in our Certificate of Incorporation and Bylaws, and upon the recommendation of the Nominating and Corporate Governance Committee, the board of directors adopted resolutions setting forth the proposed amendments to remove supermajority vote requirements from our Certificate of Incorporation and Bylaws, declared such amendments advisable, and resolved to submit the amendments to the Company's stockholders for consideration. It is important to note that if the proposed amendments are approved, they will make it easier for one or more stockholders to remove directors or effect business or other corporate governance changes in the future, as described below.

Proposed Amendments to Remove Supermajority Vote Requirements

The board has adopted and is submitting for stockholder approval four amendments to our Certificate of Incorporation and one amendment to our Bylaws (collectively, the Proposed Amendments), which eliminate the supermajority vote provisions contained therein and replace them with a majority vote standard. The Company is proposing these amendments for the reasons described above and does not otherwise have any current plans or proposal to take or propose any of the corporate actions described below that currently require a supermajority vote. Each of the five Proposed Amendments will be voted on separately and the effectiveness of any Proposed Amendment is not conditioned on the approval of any other Proposed Amendment. The Proposed Amendments are as follows:

Proposal 5(a): Removal of Supermajority Vote Requirement for Exiting Core Payments Business

Description of Amendment

Currently, Article IV, Section 4.7(b) of our Certificate of Incorporation states that in order for the Company to exit its core payments business (i.e., no longer operate a consumer debit/credit payments business) such action must be approved by at least eighty percent (80%) of the voting power of the common stock of all classes and series, voting together as a single class. This proposal 5(a) requests that stockholders approve an amendment to the supermajority vote requirement in Article IV, Section 4.7(b) that replaces the reference to eighty percent (80%) with a majority. If approved, stockholders would be able to authorize the Company to exit its core payments business by the affirmative vote of the holders of at least a majority of the voting power of the common stock of all classes and series, voting together as a single class.

Vote Required to Approve

Under the existing supermajority vote requirements in our Certificate of Incorporation, this proposal 5(a) will be approved if at least eighty percent (80%) of the outstanding shares of Class A common stock, Class B common stock and Class C common stock, voting together as a single class (with Class B common stock and Class C common stock voting on an as-converted to Class A common stock basis) are voted in favor of such proposal, with abstentions and broker non-votes having the same effect as votes AGAINST the proposal.

Proposal 5(b): Removal of Supermajority Vote Requirement for Future Amendments to Certain Sections of our Certificate of Incorporation

Description of Amendment

Currently, Article X, Section 10.1(b) of our Certificate of Incorporation states that the Company cannot amend, alter, repeal or modify Sections 4.24 (relating to limitations on the beneficial ownership of Class A common stock), 4.26 (relating to the sale of Loss Shares), 4.27 (relating to provisions that are no longer applicable), and 10.1 (relating to amendments to our Certificate of Incorporation) of our Certificate of Incorporation (and, in each case, any related term defined in Section 11.2 of our Certificate of Incorporation), and no provision that is inconsistent with any such provisions may be adopted, whether by means of formal amendment thereto or by means of any merger, consolidation, amalgamation, other business combination or otherwise, unless that action is approved by the affirmative vote of the holders of at least two-thirds (2/3) of the voting power of the outstanding shares of each of the Class A common stock, the Class B common stock and the Class C common stock, each voting together as a single class. This proposal 5(b) requests that stockholders approve an

96 - **Visa Inc.** 2015 Proxy Statement

Table of Contents

amendment to the supermajority vote requirement in Article X, Section 10.1(b) of our Certificate to replace the reference to two-thirds (2/3) with a majority. If approved, stockholders would be able to approve amendments to Sections 4.24 (relating to limitations on the beneficial ownership of Class A common stock), 4.26 (relating to the sale of Loss Shares), 4.27 (relating to provisions that are no longer applicable), or 10.1 (relating to amendments to our Certificate of Incorporation) of our Certificate of Incorporation (or, in each case, any related term defined in Section 11.2 of our Certificate of Incorporation), or adopt a provision that is inconsistent with such provisions, by the affirmative vote of the holders of at least a majority of the voting power of the outstanding shares of each of the Class A common stock, the Class B common stock and the Class C common stock, each voting together as a single class. In addition, this proposal 5(b) includes two non-substantive corrections to the text of Section 10.1(b) of our Certificate of Incorporation.

Vote Required to Approve

Under the existing supermajority voting requirements in our Certificate of Incorporation, this proposal 5(b) will be approved if at least two-thirds (2/3) of the outstanding shares of Class A common stock, Class B common stock and Class C common stock, voting together as a single class (with Class B common stock and Class C common stock voting on an as-converted to Class A common stock basis) are voted in favor of such proposal, with abstentions and broker non-votes having the same effect as votes AGAINST the proposal.

Proposal 5(c): Removal of Supermajority Vote Requirement for Approval of Exceptions to Transfer Restrictions***Description of Amendment***

Currently, Article IV, Sections 4.25(b) and 4.25(c) of our Certificate of Incorporation provide that certain exceptions to the transfer restrictions imposed on holders of our Class B common stock and Class C common stock must be approved by at least seventy-five percent (75%) of the Independent Directors (as that term is defined in our Certificate). Specifically, in three situations set forth in Section 4.25(b) and Section 4.25(c) exceptions to the transfer restrictions that do not apply to all holders of Class B common stock or Class C common stock equally on a ratable basis, as the case may be, must be approved by at least seventy-five percent (75%) of the Independent Directors.

This proposal 5(c) requests that stockholders approve an amendment to the supermajority vote requirements in Article IV, Section 4.25 that replaces the three references to seventy-five percent (75%) with a majority. Note, however, that each of these three supermajority votes of the Independent Directors currently is, and if this proposal 5(c) is approved would remain, inoperative. Specifically, (i) the first supermajority vote requirement in Section 4.25(b) is inoperative because the transfer restrictions on the Class C common stock as set forth in Section 4.25(a) expired by the terms of our Certificate of Incorporation, (ii) the second supermajority vote requirement in Section 4.25(b) is inoperative because it applies to exceptions to the transfer restrictions on Class B shares approved after the Escrow Termination Date, but due to the passage of time there will be no restrictions on the Class B shares after the Escrow Termination Date, and (iii) the supermajority vote requirement in Section 4.25(c)(ii) is inoperative because the board did not extend the expiration of the transfer restrictions and no longer has the right to do so. The board opted to change and not eliminate these voting standards at this time, but may do so in the future when proposing broader amendments to our Certificate of Incorporation to eliminate outdated and inoperative provisions.

If this proposal 5(c) is approved, the Certificate of Incorporation would state that the approval of only a majority of the Independent Directors is required to grant certain exceptions to the transfer restrictions described above.

Vote Required to Approve

Under the existing supermajority vote requirements in our Certificate of Incorporation, this proposal 5(c) will be approved if at least a majority of shares of each of the Class A common stock, Class B common stock and Class C common stock, in each case voting separately as a class, are voted in favor of such proposal, with abstentions and broker non-votes having the same effect as votes AGAINST the proposal.

Table of Contents

Proposal 5(d): Removal of Supermajority Vote Requirement for Removal of Directors from Office

Description of Amendment

Currently, Article V, Section 5.3 of our Certificate of Incorporation states that a director can be removed from office only by the affirmative vote of the holders of at least eighty percent (80%) in voting power of all of the then outstanding shares of stock of the Company entitled to vote at an election of directors, voting together as a single class. This proposal 5(d) requests that stockholders approve an amendment to the supermajority vote requirement in Article V, Section 5.3 that replaces the reference to eighty percent (80%) with a majority. If approved, stockholders would be able to remove any director from office by the affirmative vote of the holders of at least a majority of the voting power of all of the then outstanding shares of common stock of the Company entitled to vote at an election of directors, voting together as a single class. Our Class A common stock is the only class entitled to vote at the election of directors under our Certificate of Incorporation.

Vote Required to Approve

Under the existing supermajority vote requirements in our Certificate of Incorporation, this proposal 5(d) will be approved if at least eighty percent (80%) of the outstanding shares of Class A common stock are voted in favor of such proposal, with abstentions and broker non-votes having the same effect as votes AGAINST the proposal.

Proposal 5(e): Removal of Supermajority Vote Requirement for Future Amendments to the Advance Notice Provision in the Bylaws

Description of Amendment

Currently, Article II, Section 2.5(d) of our Bylaws state that the provisions of our Bylaws relating to stockholder advance notice of matters to be voted on by our stockholders may only be repealed or amended by the affirmative vote of the holders of not less than sixty-six and two-thirds percent (66-2/3%) of the outstanding shares of the Company's common stock entitled to vote thereon. This proposal 5(e) requests that stockholders approve an amendment to the supermajority vote requirement in Article II, Section 2.5(d) that replaces the reference to 66-2/3% with a majority. If approved, stockholders would be able to modify the provisions relating to stockholder advance notice by the affirmative vote of the holders of at least a majority of the outstanding shares of the Class A common stock.

Vote Required to Approve

Under the existing supermajority vote requirements in our Bylaws, this proposal 5(e) will be approved by the stockholders if at least sixty-six and two-thirds percent (66-2/3%) of the outstanding shares of Class A common stock are voted in favor of such proposal, with abstentions and broker non-votes having the same effect as votes AGAINST the proposal.

Additional Information

The full text of the Proposed Amendments, in each case marked to show the proposed deletions and insertions, is set forth in [Appendix C](#) to this proxy statement. The general description of provisions of our Certificate of Incorporation and Bylaws and the Proposed Amendments set forth herein are qualified in their entirety by reference to the text of [Appendix C](#).

If any amendment to our Certificate of Incorporation is approved by our stockholders, such amendment will become effective upon the filing of a certificate of amendment with respect to such amendment with the Secretary of State of the State of Delaware, which is expected to occur prior to our 2016 Annual Meeting. If the amendment to Article II, Section 2.5(d) of our Bylaws is approved by our stockholders, it will be effective upon such approval. If any Proposed Amendment does not receive the required level of stockholder approval, it will not be implemented and the Company's current voting requirements relating to such Proposed Amendment will remain in place.

A representative of KPMG will be present at the Annual Meeting and will have the opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions.

Box 8999, San Francisco, CA 94128-8999 by the close of business on the required deadline in order to be considered for inclusion in our proxy materials for the 2016 annual meeting of stockholders. Submission of a proposal before the deadline does not guarantee its inclusion in our proxy materials.

Under our Bylaws, director nominations and other business may be brought before an annual meeting of stockholders only by or at the direction of the board of directors or by a stockholder entitled to vote who has submitted a proposal in accordance with the requirements of our Bylaws as in effect from time to time. Stockholders Sharing the Same Address

The SEC has adopted rules that allow a company to deliver a single proxy statement or annual report to an address shared by two or more of its stockholders. This method of delivery, known as householding, permits us to realize significant cost savings, reduces the amount of duplicate information stockholders receive, and reduces the environmental impact of printing and mailing documents to our stockholders. Under this process, certain stockholders will receive only one copy of our proxy materials and any additional proxy materials that are delivered until such time as one or more of these stockholders notifies us that they want to receive separate copies. Any stockholders who object to or wish to begin householding may contact our Investor Relations Department at (650) 432-7644 or Investor Relations, Visa Inc., P.O. Box 8999, San Francisco, CA 94128-8999. We will send an individual copy of the proxy statement to any stockholder who revokes their consent to householding within 30 days of our receipt of such revocation.

Fiscal Year 2014 Annual Report and SEC Filings

Our financial statements for the fiscal year ended September 30, 2014 are included in our Annual Report on Form 10-K, which we will make available to stockholders at the same time as this proxy statement. Our Annual

Report and this proxy statement are posted on our website at <http://investor.visa.com> and are available from the SEC at its website at www.sec.gov. If you do not have access to the Internet or have not received a copy of our Annual Report, you may request a copy of it or any exhibits thereto without charge by writing to our Corporate Secretary at Visa Inc., P.O. 3.1 Administration by the Board. The Plan shall be administered by the Board. The Board shall have all authority that may be necessary or helpful to enable it to discharge its responsibilities with respect to the Plan. Without limiting the generality of the foregoing sentences of this Section 3, subject to the express provisions of the Plan, the Board shall have full and exclusive discretionary authority to interpret, construe and apply any and all provisions of the Plan and any agreements, forms, and instruments relating to the Plan; prescribe the forms of all agreements, forms, and instruments relating to the Plan; determine eligibility to participate in the Plan; adopt rules and regulations for administering the Plan; adjudicate and determine all disputes arising under or in connection with the Plan; determine whether a particular item is included in Compensation; and make all other determinations deemed necessary or advisable for administering the Plan. Decisions, actions and determinations by the Board with respect to the Plan or any agreement shall be final, conclusive and binding on all parties. Subject to Applicable Laws, rules, and regulations, the Board may, in its discretion, from time to time, delegate all or any part of its responsibilities and powers under the Plan to any employee or group of employees of the Company or any Subsidiary, and revoke any such delegation at any time. Notwithstanding any provision to the contrary in this Plan, the Board may adopt rules or procedures relating to the operation and administration of the Plan to accommodate the specific requirements of local laws and procedures for jurisdictions outside of the United States. Without limiting the generality of the foregoing, the Board is specifically authorized to adopt rules and procedures regarding eligibility to participate, the definition of Compensation, handling of payroll deductions, making of contributions to the Plan (including, without limitation, in forms other than payroll deductions), establishment of bank or trust accounts to hold payroll deductions, payment of interest, conversion of local currency, obligations to pay payroll tax, determination of beneficiary designation requirements, withholding procedures and handling of stock certificates which vary with local requirements, and information to be provided to the Board regarding dispositions of Common Stock that has been acquired pursuant to a Purchase Right.

3.2 Authority of Officers. Any officer of the Company shall have the authority to act on behalf of the Company with respect to any matter, right, obligation, determination or election that is the responsibility of or that is allocated to the Company in this Plan, *provided that* the officer is duly authorized with respect to such matter, right, obligation, determination or election.

SECTION 4

ELIGIBILITY

4.1 General Rule. Except as otherwise provided herein, all Employees shall be eligible to participate in the Plan.

4.2 Exclusions.

(a) Notwithstanding the provisions of Section 4.1, the Board, at its sole discretion, may (but is not required to) exclude from participation (to the extent compliant with the Section 423 of the Code rules regarding equal rights and privileges) in any offering made under the Plan any Employees (i) whose customary employment is twenty (20) hours or less per week, (ii) whose customary employment is for not more than five (5) months in any calendar year, (iii) who have been employed less than two (2) years, or (iv) who are highly compensated employees (within the meaning of Section 414(q) of the Code). With respect to a Non-423 Offering, the Board may limit or expand eligibility further.

(b) Notwithstanding Section 4.1, any Employee who, immediately after a Purchase Right is granted, applying the rules under Sections 423(b)(3) and 424(d) of the Code to determine stock ownership, owns stock possessing five percent

(5%) or more of the total combined voting power or value of all classes of stock of the Company or of any Subsidiary, shall not be entitled to participate in the Plan.

(c) For the avoidance of doubt, any Employee of any Subsidiary which has not been designated by the Board as an Employer hereunder shall be excluded from the Plan.

SECTION 5

STOCK PURCHASES

5.1 Stock to Be Issued. Subject to the provisions of Sections 5.7 and 9.5, the number of shares of Common Stock that may be issued under the Plan shall not exceed 5,000,000 shares. The shares to be delivered to Participants, or their beneficiaries, under the Plan may consist, in whole or in part, of authorized but unissued shares, not reserved for any other

purpose. All of these shares may be issued under the Offerings made under the Plan that comply with the requirements of Section 423 of the Code. Until the shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), a Participant will only have the rights of an unsecured creditor with respect to such shares, and no right to vote or receive dividends or any other rights as a stockholder will exist with respect to such shares.

5.2 Grant of Purchase Rights. Subject to Section 4, the Company shall offer Purchase Rights under the Plan to all Employees. Purchase Rights shall be granted on such dates as shall be determined by the Board. The term of each Purchase Right for a specific Purchase Period shall end on the Purchase Date established by the Board for such Purchase Period prior to the Offering Date of such Purchase Right (or such earlier date determined pursuant to Sections 9.6 or 9.7). Subject to the provisions of Section 5.4, the number of shares of Common Stock subject to a Participant's Purchase Right shall be the lesser of: (i) the quotient of (A) the Total Contributions made by such Participant in accordance with Section 5.4 divided by (B) the Purchase Price for each share of Common Stock purchased pursuant to such Purchase Right; or (ii) the maximum number of shares that is established, and, in the context of an aggregate maximum for all Participants, allocated, by the Board with respect to the Purchase Period prior to the Offering Date. The Board may determine whether and, if so, how fractional shares will be included in the determination of the shares subject to each Purchase Right.

5.3 Participation and Payroll Deductions. An Employee who meets the requirements of Section 4 may participate in the Plan under this Section 5 by completing enrollment in the form or manner prescribed by the Board, and by satisfying such other conditions or restrictions as the Board shall establish in accordance with the Plan. Each Participant shall at the time of such election authorize a payroll deduction from the Participant's Compensation to be made as of any future payroll period. Any election to authorize payroll deductions shall be effective on such date as the Board may determine after the date of completion of enrollment in the manner prescribed by the Board.

5.4 Participant Contributions. Individual bookkeeping accounts shall be established for each Participant (each a Plan Account) to which shall be credited the amount of the Payroll Contributions. Payroll Contributions will be deposited with the general funds of the Company except where the Company in its sole discretion (unless legally required) determines that Payroll Contributions be deposited with a third party or otherwise segregated. The Company may use all Payroll Contributions received or held by it under the Plan for any corporate purpose. An Employee may authorize Payroll Contributions in terms of whole percentages of Compensation (or on such other basis and subject to such limits as the Board may establish), up to a limit the Board may determine. Notwithstanding any provisions of the Plan to the contrary, a Participant shall not be permitted to purchase Common Stock pursuant to Purchase Rights under the Plan and under any other employee stock purchase plan of the Company or any Subsidiary which is intended to qualify under Section 423 of the Code, at a rate which exceeds \$25,000 in Fair Market Value, determined at the time the Purchase Right is granted (or such other amount as may be adjusted from time to time under applicable provisions of the Code), for each calendar year in which any Purchase Right granted to such Employee is outstanding at any time. Except as provided in Section 5.8, if a Participant has a Terminating Event, (i) such Participant may not make further Payroll Contributions, and (ii) his or her outstanding Purchase Rights shall terminate and any amount of cash then credited to his or her Plan Account shall be returned to the Participant or his or her designated beneficiary pursuant to the Plan, as applicable. No interest shall accrue on amounts credited to any Plan Account (unless legally required) or distributed to any Participant or designated beneficiary pursuant to the Plan.

5.5 Exercise of Purchase Rights. Unless a Participant requests a withdrawal of the cash balance in his or her Plan Account thirty (30) days prior to a Purchase Date, on such Purchase Date (or such other period as the Board or its delegate may determine), the cash balance in such Plan Account on such Purchase Date shall be used to exercise the Participant's Purchase Right to the extent that such balance is sufficient to purchase whole shares of Common Stock subject to such Purchase Right at the Purchase Price. No fractional shares will be issued unless specifically provided

for in the Offering. Any Payroll Contributions accumulated in a Participant's Plan Account that are not sufficient to purchase a full share shall be retained in such account for any remaining or subsequent Purchase Period, subject to earlier withdrawal by the Participant as provided in Section 6. Any Payroll Contributions in excess of annual stock purchase limits will be returned to the Participant on the pay date following the Purchase Date without interest. Any other monies remaining in the Plan Account after the Purchase Date shall be returned to the Participant or his or her beneficiary (as applicable) in cash, without interest, within thirty (30) days following the Purchase Date. If the number of shares of Common Stock that Participants become entitled to purchase under the Plan is greater than the shares of Common Stock offered in a particular Purchase Period or remaining available under the Plan, the available shares of Common Stock shall be allocated by the Board among such Participants in such manner as the Board determines is fair and equitable.

5.6 **Purchase Price.** Except as provided in Section 5.8, the Purchase Price per share of Common Stock (the Purchase Price) to be paid by each Participant on each exercise of the Participant's Purchase Right shall be specified by the Board, in its discretion (subject to compliance with Section 423 of the Code for a qualified Offering under Section 423 of the Code), in advance of any Purchase Period; *provided, however*, that the Board shall not specify a Purchase Price that is less than the lesser of (i) eighty-five percent (85%) (or such greater percentage as the Board may authorize uniformly with respect to all affected Participants) of the Fair Market Value of a share of Common Stock on the Offering Date, or (ii) eighty-five percent 85% (or such greater percentage as the Board may authorize uniformly with respect to all affected Participants) of the Fair Market Value of a share of Common Stock on the Purchase Date.

5.7 **Canceled, Terminated or Forfeited Purchase Rights.** Any shares of Common Stock subject to a Purchase Right which for any reason are canceled, terminated or otherwise forfeited without the issuance of any Common Stock shall again be available for Purchase Rights under the Plan.

5.8 **Change in Employment Status Due to Death or Permanent Disability.** Upon a Terminating Event resulting from a Participant's death or permanent disability (as determined by the Board), the Participant's participation in the Plan shall terminate immediately, subject to Applicable Law. In such event, the Participant's Plan Account balance that has not been used to purchase shares shall be paid in accordance with Applicable Laws.

SECTION 6

DEDUCTION CHANGES, WITHDRAWAL DURING EMPLOYMENT AND DISTRIBUTIONS

6.1 **Deduction Changes.** Once a Participant has authorized Payroll Contributions for a Purchase Period, the Participant may change the selected rate of Payroll Contributions by providing notice to the Company of such change (subject to any limitations imposed by the Board for an Offering Period).

6.2 **Withdrawals During Employment.** A Participant may at any time (subject to such notice requirements or other limitations as the Board may prescribe), and for any reason, cease participation in the Plan and withdraw all cash, if any, in his or her Plan Account pursuant to Section 8. The Participant may thereafter recommence participation in any succeeding Offering Period following completion of a new enrollment form or other enrollment method prescribed by the Board pursuant to Section 5.3.

6.3 **Distribution of Payroll Contributions During Employment.** Unless the Board otherwise determines, if a Participant ceases to make Payroll Contributions during an Offering Period at any time prior to a Terminating Event, any cash balance then held in the Participant's Plan Account shall automatically be distributed to such Participant as soon as administratively practicable on the next available pay date after the effective date of such cessation. The Board may decrease a Participant's rate of Payroll Contributions, but not below zero percent, at any time during a Purchase Period to the extent necessary to comply with Section 423(b)(8) of the Code or Section 5.4 of the Plan.

SECTION 7

DELIVERY OF SHARES

As soon as reasonably practicable after each Purchase Date on which a purchase of shares of Common Stock occurs, the Company will arrange the delivery to each Participant of the shares purchased upon exercise of his or her Purchase Right in a form determined by the Company and pursuant to rules established by the Company. The Company may permit or require that shares be deposited directly with a broker designated by the Company or to a designated agent of the Company, and the Company may utilize electronic or automated methods of share transfer. The Company may

require that shares be retained with such broker or agent for a designated period of time and/or may establish other procedures to permit tracking of disqualifying dispositions of such shares. No Participant will have any voting, dividend, or other stockholder rights with respect to shares of Common Stock subject to any Purchase Right granted under the Plan until such shares have been purchased and delivered to the Participant, including to a broker designated by the Company, as provided in this Section 7.

SECTION 8

WITHDRAWALS AND DISTRIBUTIONS UPON TERMINATION

Upon a Terminating Event or termination of the Plan under Section 9.6, all amounts held for the benefit of a Participant shall be distributed to such Participant or his or her beneficiary or estate. Any withdrawal or other distribution shall be made in the form of cash with respect to accumulated Payroll Contributions.

SECTION 9

MISCELLANEOUS PROVISIONS

9.1 **Withholding and Other Obligations.** The Company or a Subsidiary shall have the right and power to deduct from all payments or distributions hereunder, or require a Participant or beneficiary to remit promptly upon notification of the amount due (or indemnify the Company or Subsidiary for any such amounts), or otherwise satisfy by any method as determined by the Company in its sole discretion, an amount (which may, if permitted by the Board, include shares of Common Stock) to satisfy any federal, state, local or foreign taxes or any other tax or social insurance contribution liability or any other required amounts or other obligations required by law with respect to any Purchase Right or shares of Common Stock. The Company may defer delivery of Common Stock until such withholding requirements are satisfied. The Board may, in its discretion, permit a Participant or beneficiary to elect, subject to such conditions as the Board shall impose, to have a number of whole (or, at the discretion of the Board, whole and fractional) shares of Common Stock otherwise issuable under the Plan withheld that, based on their Fair Market Value on the date immediately preceding the Purchase Date, is a sufficient number, but not more than is required, to satisfy the withholding tax obligations. The Company makes no representations or undertakings regarding any taxes, social insurance contributions, or other required amounts in relation to the Plan and does not commit to and is under no obligation to structure the terms or any aspect of the Plan to reduce or eliminate Participant's obligations hereunder or achieve any particular tax result.

9.2 **Rights Not Transferable.** Neither payroll deductions credited to a Participant's account nor any Purchase Right granted under the Plan may be alienated, including but not limited to sold, transferred, pledged, assigned, or otherwise hypothecated, other than by will or by the laws of descent and distribution, and any attempt to alienate in violation of this Section 9.2 shall be null and void. Purchase Rights are exercisable during a Participant's lifetime, barring a Termination Event, only by such Participant.

9.3 **Participant Interest.** A Participant shall have no interest as a stockholder, including, without limitation, voting or dividend rights, with respect to shares of Common Stock covered by his or her Purchase Right until such Purchase Right has been exercised in accordance with the Plan and shares of Common Stock delivered in accordance with Section 7.

9.4 **Designation of Beneficiary.** Each Participant may file with the designated broker managing the Plan a written designation of a beneficiary, if allowable by the designated broker, who is to receive any shares of Common Stock under the Plan in the event of the Participant's death or permanent disability. Beneficiary designations cannot be made for any cash held in the Participant's Plan Account. Any cash held in the Participant's Plan Account at the time of the Participant's death or permanent disability shall be paid in accordance with Applicable Laws. No beneficiary shall, prior to the death of a Participant by whom the beneficiary has been designated, acquire any interest in the shares held on the Participant's behalf by the designated broker.

9.5 **Adjustments Due to Change in Capitalization.** In the event of any corporate event or transaction (including a change in the shares of Common Stock or the capitalization of the Company), such as a reclassification, recapitalization, merger, consolidation, reorganization (whether or not such reorganization comes within the definition of such term in Section 368 of the Code), issuance of warrants or rights, dividend or other distribution (whether in the form of cash, stock or other property), stock split or reverse stock split, spin-off, split-up, combination or exchange of shares, repurchase of shares, or other like change in corporate structure, partial or complete liquidation of the Company or distribution (other than normal cash dividends) to stockholders of the Company, or any similar corporate event or transaction, (i) the Board shall determine the kind of shares which may be acquired under the Plan after such event, and (ii) the aggregate number of shares of Common Stock available for grant under Section 5.1 or subject to

outstanding Purchase Rights, the maximum number of shares of Common Stock that a Participant may purchase during a Purchase Period and the respective Purchase Right prices applicable to outstanding Purchase Rights shall be appropriately adjusted by the Board as necessary in order to prevent dilution or enlargement of Participant's rights under the Plan, and the determination of the Board shall be final, binding and conclusive. Except as expressly provided herein, no issue by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock subject to a Purchase Right.

9.6 Change of Control. In the event the Company or its stockholders enter into an agreement to dispose of all or substantially all of the assets or outstanding capital stock of the Company by means of a sale, merger or reorganization in which the Company will not be the surviving corporation (other than a reorganization effected primarily to change the state in which the Company is incorporated, a merger or consolidation with a wholly-owned Subsidiary, or any other transaction in which there is no substantial change in the stockholders of the Company or their relative stock holdings, regardless of whether the Company is the surviving corporation) or in the event the Company is liquidated, then all outstanding Purchase

Rights under the Plan shall automatically be exercised immediately prior to the consummation of such sale, merger, reorganization or liquidation (deemed the end of the Purchase Period in such case) by causing all amounts credited to each Participant's Plan Account to be applied to purchase as many shares of Common Stock as possible pursuant to the Participant's Purchase Right at the Purchase Price, subject to the limitations of Sections 4.2, 5.1 and 5.2.

9.7 Amendment or Termination of the Plan. The Board may, at any time, amend, modify, suspend, or terminate the Plan, in whole or in part, without notice to or the consent of any Participant or Employee to the extent permissible under Applicable Law; *provided, however*, that any such amendment which would (i) increase the number of shares available for issuance under the Plan, (ii) lower the minimum Purchase Price under the Plan, (iii) change the individual Purchase Right limits, (iv) change the class of employees eligible to participate in the Plan, or (v) would require stockholder action under any Applicable Law, regulation or rule, shall be subject to the approval of the Company's stockholders; *provided, however*, that the Board shall have discretionary authority to designate, from time to time, without approval of the Company's stockholders, those Subsidiaries that shall constitute an Employer, the employees of which are eligible to participate in the Plan. No amendment, modification, or termination of the Plan shall materially adversely affect the previously accrued rights of any Participant or Employee under the Plan with respect to any Purchase Period then in progress or previously completed without the consent of such Participant or Employee, except that upon a termination of the Plan the Purchase Period may be accelerated to the termination date and any unexercised Purchase Rights may be cancelled or exercised, in the Board's discretion. Upon termination of the Plan, all cash, if any, in the Participants' Plan Accounts shall be distributed to each Participant pursuant to Section 8 as soon as practical thereafter. The Board may at any time terminate a Purchase Period then in progress and provide, in its discretion, that Participants' then outstanding Plan Account cash balances shall be used to purchase shares of Common Stock pursuant to Section 5 or distributed to the applicable Participants pursuant to Section 8. Without stockholder consent and without limiting the foregoing, the Board will be entitled to establish the exchange rate applicable to amounts withheld in a currency other than U.S. dollars, permit payroll withholding in excess of the amount designated by a Participant in order to adjust for delays or mistakes in the Company's processing of properly completed withholding elections, establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of Common Stock for each Participant properly correspond with amounts withheld from the Participant's Compensation, and establish such other limitations or procedures as the Board determines in its sole discretion advisable which are consistent with the Plan and Section 423 of the Code.

9.8 Power to Vary Terms with Respect to Non-U.S. Employees or Adopt Sub-Plans. Notwithstanding any provision of the Plan to the contrary, in order to comply with the laws or regulations in other countries in which the Company and its Subsidiaries operate or have Participants or to otherwise facilitate administration of the Plan, the Board shall have the power and authority at any time to (i) modify the terms and conditions of the Plan as applicable to individuals outside the United States to comply with applicable foreign laws or regulations, tax policy, accounting principles or customs or to facilitate administration of the Plan; (ii) establish sub-plans and modify administrative procedures and other terms and procedures, to the extent such actions may be necessary or advisable (any such sub-plans and/or modifications shall be attached to this Plan as appendices); and (iii) take any action that it deems advisable to obtain approval or comply with any necessary local governmental regulatory exemptions or approvals or Applicable Laws. To the extent any sub-plans are established, the rules of such sub-plans may take precedence over other provisions of this Plan, with the exception of Section 5.1, but unless otherwise superseded by the terms of such sub-plan, the provisions of this Plan shall govern the operation of such sub-plan. Alternatively and in order to comply with the laws of a foreign jurisdiction, the Board shall have the power, in its discretion, to grant Purchase Rights in an Offering under Section 423 to employees of a non-U.S. jurisdiction (without regard to whether they also are citizens of the United States or resident aliens) that provide terms which are less favorable than the terms of Purchase Rights granted under the same Offering to Employees resident in the United States. However, if an Offering under Section 423 is made to employees of a non-U.S. jurisdiction under an Offering designated as being separate from other Offerings,

then those terms do not have to be less favorable; they may be more favorable provided they comply with the requirements under Section 423. Notwithstanding the foregoing, the Board may not take any actions hereunder that would violate the Securities Exchange Act of 1934, as amended, the Code, any securities law or governing statute or any other Applicable Law or cause the Plan not to comply with Section 423 of the Code.

9.9 No Constraint on Corporate Action. Nothing contained in the Plan shall be construed to prevent the Company, any Subsidiary or any other affiliate, from taking any corporate action (including, but not limited to, the Company's right or power to make adjustments, reclassifications, reorganizations or changes of its capital or business structure, or to merge or consolidate, or dissolve, liquidate, sell, or transfer all or any part of its business or assets) which is deemed by it to be appropriate, or in its best interest, whether or not such action would have an adverse effect on this Plan, or any Purchase Rights granted under the Plan. No Participant, Employee, beneficiary, or other person, shall have any claim against the Company, any Subsidiary, or any of its other affiliates, as a result of any such action.

9.10 Conditions Upon Issuance of Shares.

(a) The granting of Purchase Rights and the issuance of shares of Common Stock under the Plan shall be subject to all Applicable Laws, rules, and regulations, and to such approvals by any governmental agencies or national securities exchanges as may be required.

(b) If at any time the Board shall determine, in its discretion, that the listing, registration and/or qualification of shares of Common Stock upon any securities exchange or under any Applicable Laws, or the consent or approval of any governmental regulatory body, is necessary or desirable as a condition of, or in connection with, the sale or purchase of such shares hereunder, the Company shall have no obligation to allow the grant, exercise or payment of any Purchase Right, or to issue or deliver evidence of title for shares issued under the Plan, in whole or in part, unless and until such listing, registration, qualification, consent and/or approval shall have been effected or obtained, or otherwise provided for, free of any conditions not acceptable to the Board.

(c) If at any time counsel to the Company shall be of the opinion that any sale or delivery of shares of Common Stock pursuant to a Purchase Right is or may be in the circumstances unlawful or result in the imposition of excise taxes on the Company or any Subsidiary under the statutes, rules or regulations of any applicable jurisdiction, the Company shall have no obligation to make such sale or delivery, or to make any application or to effect or to maintain any qualification or registration under the Securities Act of 1933, as amended, or otherwise with respect to shares of Common Stock or Purchase Rights, and the right to exercise or payment of any Purchase Right shall be suspended until, in the opinion of such counsel, such sale or delivery shall be lawful or will not result in the imposition of excise taxes on the Company or any Subsidiary.

(d) The Board may require each person receiving shares of Common Stock in connection with any Purchase Right to represent and agree with the Company in writing that such person is acquiring such shares for investment without a view to the distribution thereof, and/or provide such other representations and agreements as the Board may prescribe. The Board, in its absolute discretion, may impose such restrictions on the ownership and transferability of the shares of Common Stock purchasable or otherwise receivable by any person under any Purchase Right as it deems appropriate.

9.11 Participants Deemed to Accept Plan. By accepting any benefit under the Plan, each Participant and each person claiming under or through any such Participant shall be conclusively deemed to have indicated their acceptance and ratification of, and consent to, all of the terms and conditions of the Plan and any action taken under the Plan by the Board in any case in accordance with the terms and conditions of the Plan.

9.12 Rights of Participants.

(a) Rights or Claims. No person shall have any rights or claims under the Plan except in accordance with the provisions of the Plan and any applicable agreement, offering document or sub-plan thereunder. The liability of the Company and any Subsidiary under the Plan is limited to the obligations expressly set forth in the Plan, and no term or provision of the Plan may be construed to impose any further or additional duties, obligations, or costs on the Company, any Subsidiary or any other affiliate thereof or the Board not expressly set forth in the Plan. The grant of a Purchase Right under the Plan shall not confer any rights upon the Employee holding such Purchase Right other than such terms, and subject to such conditions, as are specified in the Plan as being applicable to such type of Purchase Right, or to all Purchase Rights, or as are expressly set forth in any applicable agreement, offering document or sub-plan evidencing such Purchase Right. Without limiting the generality of the foregoing, neither the existence of the Plan nor anything contained in the Plan or in any agreement, offering document or sub-plan thereunder shall be deemed to:

- (i) Give any Employee the right to be retained in the service of the Employer, whether in any particular position, at any particular rate of compensation, for any particular period of time or otherwise;
- (ii) Restrict in any way the right of the Employer to terminate, change or modify any Employee's employment at any time with or without cause, subject to Applicable Law;
- (iii) Constitute a contract of employment between the Employer and any Employee, nor shall it constitute a right to remain in the employ of the Employer;
- (iv) Give any Employee the right to receive any bonus, whether payable in cash or in shares of Common Stock, or in any combination thereof, from the Company and/or a Subsidiary, nor be construed as limiting in any way the right of the Company and/or a Subsidiary to determine, in its sole discretion, whether or not it shall pay any Employee bonuses, and, if so paid, the amount thereof and the manner of such payment; or

(v) Give any Employee any rights whatsoever with respect to a Purchase Right except as specifically provided in the Plan and any applicable agreement, offering document or sub-plan thereunder, or give any Employee any right to receive any additional current or future Purchase Right (or any payment or benefit based on the value of a Purchase Right) under the Plan or otherwise, whether on the basis of employment or termination thereof.

(b) Exercise Rights. Notwithstanding any other provision of the Plan, an Employee's right or entitlement to exercise any Purchase Right shall only result from continued employment with the Employer.

(c) No Effects on Benefits. Compensation received by a Participant under a Purchase Right is not part of such Participant's normal or expected compensation or salary for any purpose, including calculating termination, indemnity, severance, resignation, redundancy, end of service payments, bonuses, long-service awards, pension or retirement benefits or similar payments under any laws, plans, policies, programs, contracts, arrangements or otherwise. No claim or entitlement to compensation or damages arises from the termination of the Plan or diminution in value of any Purchase Right or shares of Common Stock purchased or otherwise received under the Plan.

(d) No Effect on Other Plans. Neither the adoption of the Plan nor anything contained herein shall affect any other compensation or incentive plans or arrangements of the Company or any Subsidiary, or prevent or limit the right of the Company or any Subsidiary to establish any other forms of incentives or compensation for their employees or grant or assume Purchase Rights or other rights otherwise than under the Plan.

9.13 Term of Plan. Following adoption of the Plan by the Board, the Plan shall become effective on the date on which the Plan is approved by the stockholders of the Company who are present and represented at a special or annual meeting of stockholders where a quorum is present, which approval occurs not earlier than one (1) year before, and not later than one (1) year after, the date the Plan is adopted by the Board. The Plan shall terminate on the earlier of (i) the termination of the Plan pursuant to Section 9.7, and (ii) when no more shares are available for issuance pursuant to Purchase Rights under the Plan.

9.14 Governing Law. Except as to matters concerning the issuance of shares of Common Stock or other matters of corporate governance, which shall be determined, and related Plan and Purchase Right provisions, which shall be construed, under the laws of the State of Delaware, the Plan and each offering document shall be governed by the laws of the State of California, excluding any conflicts or choice of law rule or principle that might otherwise refer construction or interpretation of the Plan to the substantive law of another jurisdiction. Participants are deemed to submit to the exclusive jurisdiction and venue of the federal or state courts of the State of California, to resolve any and all issues that may arise out of or relate to the Plan or any related agreement.

9.15 Administration Costs. The Company shall bear all costs and expenses incurred in administering the Plan, including expenses of issuing shares of Common Stock pursuant to Purchase Rights granted hereunder.

9.16 Severability. In the event any provision of the Plan shall be held illegal or invalid for any reason, such illegality or invalidity shall not affect the remaining parts of the Plan, and the Plan shall be construed and enforced as if the illegal or invalid provision had not been included.

9.17 Construction: Headings. Except where otherwise indicated by the context, any masculine term used herein also shall include the feminine; the plural shall include the singular and the singular shall include the plural. The words "Section" and "paragraph" herein shall refer to provisions of the Plan, unless expressly indicated otherwise. The words "include," "includes," and "including" herein shall be deemed to be followed by "without limitation" whether or not they are in fact followed by such words or words of similar import, unless the context otherwise requires. (a) each holder of Class A Common Stock shall be entitled to one vote for each share of Class A Common Stock held of record by such holder on all matters on which stockholders generally are entitled to vote; and

(b) except as otherwise expressly provided herein or as required by applicable law, each holder of Class B Common Stock and each holder of Class C Common Stock shall have no voting power in respect of and shall not be entitled to any votes with respect to the shares of Class B Common Stock or Class C Common Stock (as applicable) held of record by such holder on any matters on which stockholders generally are entitled to vote; provided, however, that, in addition to any other vote required by law, for so long as any shares of Class B Common Stock or Class C Common Stock remain issued and outstanding: (i) the affirmative vote of the holders of a majority of the voting power of the Class B Common Stock and Class C Common Stock, voting together as a single class (in which vote the Class A Common Stock shall not participate) separate from all other classes or series of capital stock of the Corporation, on an as converted basis as described in Section 4.8 hereof, shall be required for the approval of any consolidation, merger, combination or other transaction in which shares of Class A Common Stock are exchanged for, converted into or changed into other stock or securities, or the right to receive cash or other property, unless the shares of Class B Common Stock and Class C Common Stock shall be exchanged for or changed into the same per share amount of stock, securities, cash or any other property, as the case may be, for which or in which each share of Class A Common Stock is exchanged, converted or changed; and (ii) the affirmative vote of the holders of at least ~~eighty percent (80%)~~ a majority of the voting power of the Common Stock of all classes and series, voting together as a single class separate from all other classes or series of capital stock of the Corporation shall be required to authorize the Corporation to exit its core payments business (i.e., to no longer operate a consumer debit/credit payments business).

Proposal 5(b): Removal of Supermajority Voting Requirement for Future Amendments to Certain Sections of our Certificate

Proposed Amendment to Article X, Section 10.1(b):

(b) In addition to any votes required by applicable law, no provision of Sections 4.7, 4.8 and 4.18 and, until the third anniversary of March 25, 2008, Sections 5.1 and 5.2 of this Certificate of Incorporation (or in each case, any related term defined in Section 11.2) may be amended, altered, repealed or otherwise modified, and no provision of this Certificate of Incorporation inconsistent with any such provisions may be adopted, whether by means of formal amendment thereto or by means of any merger, consolidation, amalgamation, other business combination or otherwise, without the affirmative vote of the holders of at least a majority of the voting power of the outstanding shares of each of the Class A Common Stock, the Class B Common Stock and the Class C Common Stock, each

voting separately as a class (and together with no other class), as applicable, if such amendment, alteration, repeal or other modification would adversely affect the powers, preferences or special rights of such class of Common Stock. No provision of Sections 4.24, 4.26, 4.27 or 10.1 (and in each case any related term defined in Section 11.2) ~~of~~ of this Certificate of Incorporation may be amended, altered, repealed or otherwise modified, and no provision of this Certificate of Incorporation inconsistent with any such provisions may be adopted, whether by means of formal amendment thereto or by means of any merger consolidation, amalgamation, other

business combination or otherwise, without the affirmative vote of the holders of at least ~~two-thirds (2/3)~~ a majority of the voting power of the outstanding shares of each of the Class A Common Stock, the Class B Common Stock and the Class C Common Stock, each voting together as a single class of Common Stock. Neither the terms of the Class B Common Stock nor the terms of the Class C Common Stock shall be amended without, in either such case, the affirmative vote of the holders of a majority of the voting power of the Class B Common Stock, voting separately (and together with no other class or series) as a class, and the affirmative votes of a majority of the Class C Common Stock, voting separately (and together with no other class or series) as a class. Without limiting the foregoing, any amendment of any provision of this Certificate of Incorporation that requires the treatment of holders of Class B Common Stock and Class C Common Stock ratably on an ~~as converted~~ basis shall not be effective unless such amendment is approved by the affirmative vote of the holders of a majority of the voting power of each adversely affected class of Common Stock.

Proposal 5(c): Removal of Supermajority Voting Requirement for Approval of Exceptions to Transfer Restrictions
Proposed Amendment to Article IV, Sections 4.25(b) and 4.25(c):

(b) The Board may approve one or more exceptions to the foregoing Transfer restrictions in the case of any proposed Transfer by a holder of Class C Common Stock, in which case such restrictions shall not apply to such Transfer; provided that such exception applies to all holders of Class C Common Stock equally on a ratable basis (or, if such exception does not apply to all holders of Class C Common Stock equally on a ratable basis, if such exception is also approved by at least ~~seventy-five percent (75%)~~ a majority of the Independent Directors) and (B) at any time after the Escrow Termination Date, the Board may approve one or more exceptions to the foregoing Transfer restrictions in the case of any proposed Transfer by a holder of Class B Common Stock, in which case such restrictions shall not apply to such Transfer; provided that such exception applies to all holders of Class B Common Stock and Class C Common Stock equally on a ratable basis (or, if such exception does not apply to all holders of Class B Common Stock and Class C Common Stock equally on a ratable basis, if such exception is also approved by at least ~~seventy-five percent (75%)~~ a majority of the Independent Directors). The provisions of Section 4.24 shall apply to this Section 4.25 mutatis mutandis. Any certificate representing shares of Class B Common Stock or Class C Common Stock shall bear a legend that the shares represented by such certificates are subject to the restrictions on transferability set forth in this Certificate of Incorporation, which legend shall be removed from such certificate upon release from such restrictions. If any shares of Class B Common Stock or Class C Common Stock are not represented by a certificate, the Corporation reserves the right to require that an analogous notification be used in order to reflect on the books and records of the Corporation such restrictions with respect to such shares of Class B Common Stock or Class C Common Stock, as the case may be.

(c) The Board may, by resolution adopted by a majority of the Board, extend the three (3) year component of the Lock-Up Period (i.e., in the case the Class B Common Stock, not including any period by which the Escrow Termination Date exceeds such three (3) year period) with respect to any portion of the outstanding shares of Class B Common Stock and Class C Common Stock for a period of not more than one year after the date on which the Lock-Up Period would otherwise terminate pursuant to Section 4.25(a); provided that (i) contemporaneously with any such extension of the Lock-Up Period with respect to any portion of such shares of Class B Common Stock and Class C Common Stock, the Board has approved one or more reductions to the Lock-Up Period with respect to another portion of such shares of Class B Common Stock and Class C Common Stock, such that at all times the weighted average period of the Lock-Up Period with respect to all outstanding shares of Class B Common Stock and Class C Common Stock is not more than three (3) years and (ii) such extension of the Lock-Up Period applies to all holders of Class B Common Stock and Class C Common Stock equally on a ratable basis (or, if such extension does not apply to all holders of Class B Common Stock and Class C Common Stock equally on a ratable basis, if such extension is also

approved by at least ~~seventy-five percent (75%)~~ a majority of the Independent Directors).

Proposal 5(d): Removal of Supermajority Voting Requirement for Removal of Directors

Proposed Amendment to Article V, Section 5.3:

Subject to the rights of the holders of any series of Preferred Stock then outstanding, unless otherwise restricted by this Certificate of Incorporation, any director may be removed from office at any time, with or without cause, only by the affirmative vote of at least ~~eighty percent (80%)~~ a majority in voting power of all of the then outstanding shares of stock of the Corporation entitled to vote at an election of directors, voting together as a single class.
